#### COMPANY PROFILE

IGI Investment Bank Limited, established in 1990 specializes in providing innovative solutions for a full spectrum of financial products and services designed to meet financial needs of a wide variety of clients, including individuals, small businesses, government organizations and multinational companies across the country.

IGI Investment Bank is licensed by the SECP (Securities and Exchange Commission of Pakistan) to carry out and undertake Investment Finance and Leasing & Lending services as per NBFC Rules and Regulations. Furthermore Pakistan Credit Rating Agency (PACRA) has rated IGI Investment Bank a long-term credit rating of 'A-' and short-term rating of 'A2'.

The Bank is listed on the Karachi, Lahore and Islamabad Stock Exchanges of Pakistan. Operating in Karachi, Lahore and Islamabad. IGI Investment Bank offers and provides both individual investors and corporate clients a diversified range of financial services, which include:

#### Mutual Funds Advisory - Fund Select

Fund Select is an advisory service through which qualified financial advisors help clients build their mutual fund portfolios through customized investment solutions providing ample growth opportunities while considering their risk profile. Fund Select makes mutual fund selection and investment an easy task for the investors as it offers both free-advice and execution.

#### Separately Managed Accounts (SMA)

Under this portfolio management/advisory service, investments of corporations and high net worth individuals (previously called wealth management) alike are customized and managed according to each client's requirements, ensuring maximum returns while minimizing risk. The objective is to provide professional management services and advice to clients on portfolios in sectors where the expertise is lacking.

#### **Certificate of Deposits (COD)**

Our deposit products offer attractive profit rates for varied deposit terms commensurate with the requirement of our clients. The Deposit plans offer a sound mode of investment with the flexibility of investing for as short as 30 days to as long as 3 years along with highly competitive rates and profit payments. Our extensive experience of money market, corporate debt market, and equities market helps us to give best possible returns on clients' investments.

#### Debt Advisory

Information is provided to clients about the latest happenings in the debt and money market to let them take informed decisions on their investments. We also facilitate our clients to explore investment opportunities in these instruments.

#### **Insurance Advisory**

IGI Investment Bank has entered into strategic partnership with leading insurance companies of the country to provide our clients with the most appropriate and customized insurance plans to cater for their future needs.

#### Corporate Finance & Advisory

Corporate Finance & Advisory assists its clients in meeting the challenges of a dynamic market. We provide Arrangement and Advisory Services including Debt and Equity Placements, Corporate Restructuring - Mergers & Acquisitions.

#### Leasing and Lending

IGI Investment Bank has been offering leasing and financing of plant and machinery, equipment and vehicles to a cross section of the economy and clients in major cities of the country.

The Board of Directors of IGI Investment Bank Limited are pleased to present the annual report and audited financial statements for the year ended June 30, 2012 to the Twenty Second Annual General Meeting of the shareholders.

#### **General Overview**

The Year 2011-2012 has been another challenging period for the country. Uncertain political environment, energy crises and security situation exerted significant pressures on the economy. The NBFC sector has continued to face impediments in its business activities due to factors such as overall reluctance of the financial institutions/banks to provide long term borrowing lines, high interest rates and continuous increase in costs of doing business for the industry. The stock market showed considerable improvement in volumes as well as index towards the beginning of the current calendar year with decline in volumes towards the second quarter current calendar year, thus stability of the same and resultant sustainable benefits to investors are yet to be witnessed.

Your company closed the year with an after tax loss of Rs. 222.855 million as at June 30, 2012 as compared to a loss of Rs. 168.995 million in the corresponding period last year. The company has reported an after tax loss of Rs. 82.261 million for the quarter ended June 30, 2012 compared to after tax loss of Rs. 199.520 million in the corresponding period last year. This was due to substantial decrease in income from leasing and lending portfolio because of increase in overdue leases and loans. During the period under review provision against leasing and lending assets has been made as per the applicable regulations after taking the benefit of forced sale value of assets where applicable. Furthermore impairment has been recorded on investment in certain Term Finance Certificates and investment in the wholly owned subsidiary, IGI Finex Securities Limited.

Your company's loss before taxation is Rs. 209.045 million for the year ended June 30, 2012 compared to loss before taxation of Rs. 88.688 million in the previous year. Your Company has been assigned its long term and short term entity ratings at 'A-' and 'A2' respectively by the Pakistan Credit Rating Agency (PACRA).

#### **Financial Summary**

	Rs. in million		
	2012	2011	
Gross Revenue	547.980	933.565	
Loss for the year before taxation	(209.045)	(88.688)	
Taxation – net	(13.810)	(80.307)	
Loss for the year after taxation	(222.855)	(168.995)	
Total Assets	4,284.39	8,721.11	
Loss per Share (In Rupee)	(1.05)	(0.80)	

Our income from fund placements and financing, including lease finance, decreased by Rs. 218.059 million to Rs. 108.346 million and is in line with the strategy of the bank keeping in view the situation prevalent during the year. Our net fund based loss increased by Rs. 111.045 million from last year and stood at Rs. 10.939 million in the current year. The income from investments decreased from Rs. 679.386 million and stood at Rs. 404.215 million during the current year. The revenue generated from fee based lines of business i.e. brokerage, corporate finance & advisory and portfolio management increased from Rs. 26.448 million in last year to Rs. 26.628 million in the current year.

Due to net loss incurred during the current financial year the company will not pay any dividend or issue any bonus shares.

#### **Strategic Investments**

#### **IGI Funds Limited**

IGI Funds Limited is a wholly owned subsidiary of IGI Investment Bank and was established to capitalize on the growth potential of the asset management industry.

On the back of recent initiatives taken by the management in terms of cost rationalization the company's profitability has seen an improvement. It is focusing on increasing its retail client base through employment of various distribution channels; which has resulted in increasing the size of some of the mutual funds under its management.

IGI Funds is committed to provide quality service to institutional and retail clients and maintaining the highest standards of ethical and professional conduct. Although the current challenges in the operating environment and downturn in the capital markets have impeded growth prospects for the overall industry, we believe that IGI Funds is well-placed to withstand these challenges.

#### **Key Financial Data**

	Rs. in million			
	2012	2011		
Gross Revenue	67.635	62.022		
Administrative & other expenses	(50.378)	(46.470)		
Profit before taxation	17.251	15.484		
Profit after taxation	12.338	13.133		
Earning per share	0.53	0.56		

#### Funds under Management

	illion	
Fund	2012	2011
IGI Income Fund	893.44	830.10
IGI Stock Fund	280.66	282.39

IGI Aggressive Income Fund	788	721.73
IGI Capital Protected Fund	276.712	-
Total	5,342.19	5,209.37

#### **IGI Finex Securities**

IGI Finex Securities is a corporate member of the Karachi and Lahore Stock Exchanges and also a member of the National Commodity Exchange.

IGI Finex Securities Limited offers a complete range of brokerage services to its customers, based on integrity, trust and competence and believes in building a strong working relationship with its customers by providing them a comprehensive research based overview of the economy, timely information on matters relating to the capital markets and maintaining a close liaison with them.

During 2011-2012, IGI Finex Securities sustained an after tax loss of Rs.393.3 million consequent to substantial provisioning recorded in its books against doubtful receivables. Keeping in view the same, the main sponsor of the financial group injected a large amount of Rs.650 million in IGI Finex Securities in December, 2011. As at June 30, 2012, this amount is recorded as an advance against issue of non-voting, non-redeemable, non-convertible and non-cumulative preference shares to be issued by IGI Finex Securities to the sponsor after completing all the regulatory formalities.

	Rs. in n	Rs. in million		
	2012	2011		
Gross Revenue	68.898	129.11		
Loss before taxation	(614.589)	(58.530)		
Taxation – net	221.275	19.805		
Loss for the year after taxation	(393.314)	(38.725)		
Total Assets	653.807	1,464.030		
Share Capital and Reserves	486.357	229.672		

Gross revenue of Rs. 68.898 million in these difficult times exhibits the resilience of the systems and the comfort of the clients in the sponsors and the services being provided by the company. Total assets at year end decreased by 55.34% from last year's Rs. 1,464.030 million to Rs. 653.807 million this year. Share capital and reserves have increased by 111.76% from last year's Rs.229.672 million to Rs.486.357 million.

IGI Finex Securities' will retain its basic philosophy and the objectives to be recognized as one of the leading brokerage firms. The overall corporate culture and philosophy of the group will drive the objectives of the company through its client-centric approach, ability to be flexible and innovative, and maintaining the highest level of ethical standards.

Going forward, IGI Finex will continue to strengthen its market presence. The Company has over the past few years introduced a number of new products and services, and with a new top management in control, expects to focus on ensuring a profitable growth during the next financial year.

#### Segments at a glance

#### Cash & Treasury Management

The Treasury at IGI Investment Bank played a vital role in the overall performance. The flagship department contributed 87.17% to the revenues with Rs. 477.695 million being contributed by treasury from a total of Rs. 547.980 million. Below is a glimpse of the income generated by the department

#### Rs. in thousands

Total	477,695
Trading income on PIBs / FIBs / TFCs / Securities	47,237
Dividend on quoted securities and mutual fund units	30,177
Return on bank balances	7,698
Return on reverse repo arrangements	72,984
Return on fund placements	471
Mark up on TFCs	204,605
Profit on PIBs / FIBs /T-BILLs	114,523

The department was successful in mobilizing and retaining lower cost deposits. The deposit base decreased from Rs.3.03 billion as at June 30, 2011 to Rs. 2.60 billion as at June 30, 2012. Your company is continuously rationalizing the deposit rates in line with the prevailing market conditions and the discount rate. Your company is also maintaining the SLR requirements by investing 15% of the deposits in unencumbered Treasury Bills and PIBs.

#### **Investment Advisory**

During the previous year, Fund Select and Wealth Management businesses were merged to form the Investment Advisory business. Currently, the sales and research teams work together to identify clients and develop a portfolio that best meets requirements from a range of product offerings. The department provides a one stop solution to institutional and retail investors alike enabling them to seek in-depth expert advice in a number of asset classes including but not restricted to debt securities, mutual funds, equities, deposit plans, insurance and commodities.

The department has been able to sustain immense competition from other advisory firms and has reported growth over the last year revenues. It has truly emerged as one of the most promised business segments for the bank and has shown the potential to further increase its market share with its innovative business model.

#### **Commercial Financing & Leasing**

The bank's lending and leasing products include direct lease, sale and leaseback, short term loans, and term loans for BMR, acquisition and expansion and project financing.

Presently the team at Corporate Marketing department is focused on recovery efforts to control the default risk in the SME sector. Leasing and Lending was reduced given the economic backdrop in the current year.

#### **Corporate Finance**

The Corporate Finance department was reinitiated in 2004-2005. The department has focused on building a reputation in catering towards advising medium-sized enterprises on meeting their objectives. To further this objective, IGI has partnered with International Executive Service Corps (IESC) in Washington, D.C. to assist companies in Pakistan in seeking loans from the Overseas Private Investment Corporation (OPIC), United States. In 2007, IGI began offering Trustee services for TFC issues. Currently, the Bank is Trustee for twelve TFC issues.

Corporate Finance's future strategy is to leverage the clientele of other IGI Financial Services departments/companies to enhance their own distribution capabilities. The strategy is expected to result in the ability to diversify and increase the existing investor base for capital market issues.

#### Summary of the key operating and financial data

A summary of the key operating and financial data for the last six years appears at the beginning of this annual report.

#### **Credit Rating**

The Pakistan Credit Rating Agency (PACRA) has assigned the long term and short term entity ratings of IGI Investment bank at 'A-' and 'A2' respectively.

Equal monthly contributions are made, both by IGI Investment Bank and the employee, to the fund at 10% of basic salary. Based on latest unaudited financial statements of the provident fund for the year ended June 30, 2012, the investments of the fund amounting to Rs. 16.32 million.

#### **Code of Corporate Governance**

The Board of Directors has adopted the Code of Corporate Governance, as per the listing regulations of the stock exchanges. As required by the Code, it is stated that:

- a. The financial statements, prepared by the management of the company, present its state of affairs fairly, the result of its operations, cash flows and changes in equity.
- b. Proper books of account of the company have been maintained.
- c. Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.

- d. The system of internal control is sound in design and has been effectively implemented and monitored.
- e. International Accounting Standards, as applicable in Pakistan, have been followed in preparation of financial statements and these have been effectively implemented and monitored. Timely corrective action is taken to address any exceptions that are identified.
- f. There are no significant doubts upon the company's ability to continue as a going concern.

#### Future

During the current year, the Bank and Bank Alfalah Limited (BAL) have entered into negotiations for the potential takeover by BAL of the Bank together with its wholly owned subsidiaries. It is proposed that the takeover would be implemented by way of merger in terms of a scheme of amalgamation under section 48 of the Banking Companies Ordinance, 1962. In this respect, BAL has commenced due diligence of the Bank along with its subsidiaries which is currently underway. Subject to the result of the due diligence, applicable consents and regulatory approvals (if required), the parties will enter into a definitive agreement, which will cover the swap ratio of shares/ consideration value as well. Till this definitive agreement is signed, there is no binding commitment on the part of the parties to proceed with the merger. This information has already been communicated to the Stock Exchange(s) on which shares of the Company are listed.

While the aforesaid negotiations are underway, the management will continue to endeavor towards long term shareholder value creation. The sponsor of the Bank is committed to provide continuing financial support to the Bank if and when required, to facilitate your Bank's sustainability, profitability and growth, maintaining of adequate capital as required under NBFC Regulations, 2008 and so that your Bank carries on its affairs in such a way that it continues to be able to meet its financial obligations and realise its assets in the ordinary course of business.

Your Bank will continue to observe its core values of integrity, innovation and fairness, which have always been a hallmark of all Packages group companies.

#### Pattern of shareholding

The pattern of shareholding, disclosing the aggregate number of shares held by various categories of shareholders, appears at the end of this annual report. Trading in the shares of IGI Investment Bank during the year, carried out by the Chief Executive, Directors, Chief Financial Officer, Company Secretary and their spouses and minor children are as follows:

The Board of Directors acknowledges and deeply appreciates the contribution of all the employees towards the achievement of the Company's goals.

For & on behalf of the Board

SYED BABAR ALI Chairman TARIQ H. QURAISHI Managing Director and Chief Executive

Date: August 28, 2012

# REVIEW REPORT TO THE SHAREHOLDERS ON THE STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices (the Statement) contained in the Code of Corporate Governance (the Code) for the year ended 30 June 2012 prepared by the Board of Directors of **IGI Investment Bank Limited** (the Bank) to comply with Listing Regulation No. 35 (Chapter XI) of The Karachi Stock Exchange (Guarantee) Limited, Lahore Stock Exchange (Guarantee) Limited and Islamabad Stock Exchange (Guarantee) Limited, where the Bank is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement reflects the status of the Bank's compliance with the provisions of the Code and report if it does not. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Code.

As part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

Further, the Listing Regulations require the Bank to place before the Board of Directors for their consideration and approval, related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the Audit Committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review nothing has come to our attention which causes us to believe that the Statement does not appropriately reflect the Bank's compliance, in all material respects, with the best practices contained in the Code as applicable to the Bank for the year ended 30 June 2012.

We draw your attention to clause 23 of the Statement which mentions certain requirements of the Code in respect of which progress is being made by the Bank to seek compliance by the end of next year.

Our conclusion is not qualified in respect of the above matter.

## STATEMENTS OF COMPLIANCE WITH THE BEST RACTICES OF THE CODE OF CORPORATE GOVERANCE

This statement is being presented to comply with the Code of Corporate Governance (The Code) contained in Regulation No. 35 (Chapter XI) of listing regulations of Karachi, Lahore and Islamabad Stock Exchanges for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

IGI Investment Bank Limited ("IGI Bank") has applied the principles contained in the Code in the following manner:

 IGI Bank will encourage representation of independent non-executive directors and directors representing minority interests on its Board of Directors. At present the Board includes:

Category	Names
Independent Directors	Mr. Arif Faruque, Mr. Farid Khan, Mr. Towfiq H. Chinoy
Executive Directors	Mr. Tariq Hasan Quraishi
Non-Executive Directors	Syed Babar Ali, Mr. Khalid Yacob

The independent directors will meet the criteria of independence under clause (i) b of the Code.

(This requirement will become applicable from the constitution of new Board upon expiry of term of the current Board).

 The Directors have confirmed that none of them is serving as a Director in more than ten listed companies, including IGI Bank

(The requirement of not serving as a director of more than seven listed companies, excluding the listed subsidiaries of listed holding companies, will become applicable from the constitution of new Board upon expiry of term of the current Board).

- 3. All the resident Directors of IGI Bank are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a Development Financial Institution or a Non-Banking Finance Institution or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
- 4. A casual vacancy occurring on the board on December 27, 2011 was filled up by the directors on the same day.
- 5. IGI Bank has prepared a 'Code of Conduct' (the Code) and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
- 6. The Board has developed a statement of main purpose and guiding principles (vision/mission statement), overall corporate strategy and significant policies of IGI Bank. A complete record of particulars of significant policies along with dates on which they were prepared or amended has been maintained.
- 7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the Chief Executive Officer, other executive and non-executive directors, have been taken by the Board/shareholders.
- 8. The meetings of the Board were presided over by the Chairman and, in his absence, by a director elected by the board for this purpose and the Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
- 9. The Board shall arrange training programs for its directors as per the prescribed schedule.
- The Board has approved appointment of CFO, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment.
- 11. The Directors' report for this year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.

## STATEMENTS OF COMPLIANCE WITH THE BEST RACTICES OF THE CODE OF CORPORATE GOVERANCE

- 12. The financial statements of IGI Investment Bank Limited were duly endorsed by Chief Executive Officer and Chief Financial Officer before approval of the Board.
- 13. The Directors, Chief Executive Officer and executives do not hold any interest in the shares of IGI Bank other than those disclosed in the pattern of shareholding.
- 14. The Bank has complied with all the corporate and financial reporting requirements of the Code.
- 15. The Board has formed an Audit Committee. It comprises of three members all of whom are non-executive Directors including an independent director. The Board shall ensure that the Chairman Audit Committee is an independent director for future compliance.
  - (This requirement will become applicable from the constitution of new Board upon expiry of term of the current Board).
- 16. The Board has formed an HR and Remuneration Committee. It comprises four members, of whom three are non executive directors and the chairman of the committee is an Independent Director.
- 17. The meetings of the Audit Committee were held at least once every quarter prior to approval of interim and final results of IGI Bank as required by the Code. The terms of reference of the Committee have been formulated and advised to the Committee for compliance.
- 18. The Board has outsourced its internal audit function to KPMG Taseer Hadi & Co., Chartered Accountants, who are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of IGI Bank.
- 19. The statutory auditors of IGI Bank have confirmed that they have been given a satisfactory rating under the Quality Control Review Program of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of IGI Bank and that the firm and all its partners are in compliance with International Federation of Accountants ("IFAC") guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan.
- 20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 21. The "Closed Period" prior to the announcement of interim/final results, and business decisions, which may materially affect the market price of the IGI Bank's securities, was determined and intimated to Directors, Employees and Stock Exchanges.
- 22. Material/price sensitive information has been disseminated among all market participants at once through Stock Exchanges.
- 23. We confirm that all other material principles enshrined in the Code have been complied with. (Except for the followings, towards which reasonable progress is being made by the company to seek compliance by the end of the next year.)
  - a) Qualification of CFO and Head of Internal Audit

For and on behalf of the Board of Directors

SYED BABAR ALI Chairman TARIQ H. QURAISHI
Managing Director and Chief Executive

Date: August 28, 2012

#### **AUDITORS' REPORT TO THE MEMBERS**

We have audited the annexed balance sheet of IGI Investment Bank Limited (the Bank) as at 30 June 2012 and the related profit and loss account, statement of cash flows and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Bank's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) in our opinion, proper books of account have been kept by the Bank as required by the Companies Ordinance, 1984;
- (b) in our opinion:
  - (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied except for the changes, as stated in note 3.1 with which we concur;
  - (ii) the expenditure incurred during the year was for the purpose of the Bank's business; and
  - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Bank.
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of cash flows and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at 30 June 2012 and of the loss, comprehensive loss, cash flows and changes in equity for the year then ended; and
- (d) in our opinion Zakat deductible at source under the Zakat and Ushr Ordinance, 1980, was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of the Ordinance.

We draw your attention to the following matters:

- (i) note 1.3 to the accompanying financial statements which explains that negotiations are currently underway for a potential takeover of the Bank by an investor by way of a merger in terms of a scheme of amalgamation under Section 48 of the Banking Companies Ordinance, 1962. The said note also discloses the future plans of the Bank (including the availability of financial support by the Sponsor) in the event that the above referred takeover does not materialise.
- (ii) note 11.2 to the accompanying financial statements which states that the management has carried out an assessment of the recoverability of the deferred tax asset on the basis of financial projections for future years, as approved by the Board of Directors of the Bank. These projections take into account various assumptions regarding the future business and economic conditions. A significant change in the assumptions used may impact the value of the deferred tax asset recorded in the financial statements.

Our opinion is not qualified in respect of the above matters.

SYED BABAR ALI Chairman

FOR THE YEAR ENDED JUNE 30, 2012

#### 1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 IGI Investment Bank Limited (the Bank) is a public limited company incorporated in Pakistan on February 07, 1990 under the Companies Ordinance, 1984. The Bank is licensed to carry out investment finance activities and leasing operations as a Non-Banking Finance Company under Section 282C of the Companies Ordinance, 1984, Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and Non-Banking Finance Companies and Notified Entities Regulations 2008 (the NBFC Regulations). The Bank's shares are quoted on the Karachi, Islamabad and Lahore Stock Exchanges. The registered office of the Bank is situated at 5 F.C.C., Syed Maratab Ali Road, Gulberg, Lahore. The principal place of business is situated at 7th Floor, the Forum, Suite No. 701 to 713, G-20, Block-9, Khayaban-e-Jami, Clifton, Karachi.

Based on the financial statements of the Bank for the year ended June 30, 2011, the Pakistan Credit Rating Agency (PACRA) has rated the Bank at 'A-' (long term credit rating) and at 'A2' (short-term credit rating).

- 1.2 These financial statements are the separate financial statements of the Bank. In addition to these financial statements, consolidated financial statements of the Bank and its subsidiary companies, IGI Finex Securities Limited and IGI Funds Limited (the Group), have also been prepared. As required by the International Financial Reporting Standards (IFRSs), segment information is presented only in consolidated financial statements of the Group.
- 1.3 During the current year, the Bank and Bank Alfalah Limited (BAL) entered into negotiations for the potential takeover by BAL of the Bank together with its wholly owned subsidiaries. The takeover is expected to be implemented by way of merger in terms of a scheme of amalgamation under section 48 of the Banking Companies Ordinance, 1962. In this respect, BAL has commenced due diligence of the Bank along with its subsidiaries which is currently underway. Subject to the result of the due diligence, applicable consents and regulatory approvals, if required, the Bank and BAL will enter into a definitive agreement, which will cover the swap ratio of shares / consideration value as well. Till this definite agreement is signed, there is no binding commitment on the part of the parties to proceed with the merger. The above information has also been notified to the respective stock exchanges under the applicable laws and regulations.

In view of the existing financial condition of the Bank at the end of the current year, the sponsor of the Bank has committed to provide continuing financial support to the Bank i.e. in the form of subordinated loan / fresh injection of equity / additional funding or guarantees, so that in the event that the above referred takeover does not materialise, the Bank implements a set of financial projections (as more fully discussed in note 11.2 to these financial statements) encompassing sustainability, profitability and growth while maintaining adequate capital as required under NBFC Regulations, 2008 and carries on its affairs in such a way that it continues to be able to meet its financial obligations and realise its assets in the ordinary course of business.

#### 2. BASIS OF PREPARATION

These financial statements have been prepared under the historical cost convention except for certain investments and derivative financial instruments which are accounted for as stated in notes 4.2 and 4.4 below.

#### 3. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such IFRSs issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of the Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations or the directives issued by SECP differ with the requirements of IFRS, the requirements of the Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP prevail.

The SECP has deferred the applicability of International Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and International Accounting Standard (IAS) 40, 'Investment Property' through Circular No. 19 dated August 13, 2003 for Non-Banking Finance Companies (NBFCs) providing investment finance services, discounting services and housing finance services. In addition, the SECP has also deferred the application of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' through SRO 411(1) / 2008 on such Non-Banking Finance Companies as are engaged in investment finance services, discounting services and housing finance services.

FOR THE YEAR ENDED JUNE 30, 2012

#### 3.1 ACCOUNTING STANDARDS AND INTERPRETATIONS THAT BECAME EFFECTIVE DURING THE YEAR

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year except as described below:

#### 3.1.1 New and amended standards and interpretations

The Bank has adopted the following new and amended IFRS and IFRIC interpretations which became effective during the year:

IAS 24 - Related Party Disclosures (Revised)

IFRIC 14 - Prepayments of a Minimum Funding Requirement (Amendment)

In May 2010, International Accounting Standards Board (IASB) issued amendments to various standards primarily with a view to removing inconsistencies and clarifying wording. These improvements are listed below:

IAS 1 - Presentation of Financial Statements

- Clarification of statement of changes in equity

IAS 34 - Interim Financial Reporting

- Significant events and transactions

IFRIC 13 - Customer Loyalty Programmes

- Fair value of award credits

The adoption of the above standards, amendments interpretations and improvements did not have any material effect on the financial statements of the Bank.

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 4.1 Fixed assets

#### 4.1.1 Property and equipment

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only where it is probable that future economic benefits associated with the asset will flow to the Bank and the cost of the item can be measured reliably. All other maintenance and normal repairs are charged to the profit and loss account as and when incurred.

Depreciation on property and equipment is charged to profit and loss account using the straight line method in accordance with the rates specified in note 7.1 to these financial statements after taking into account residual value, if significant. The residual values and useful lives are reviewed and adjusted prospectively, if appropriate, at each balance sheet date.

Depreciation on all additions to property and equipment is charged from the month in which the asset is available for use, while in case of assets disposed of, no depreciation is charged in the month of disposal.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit and loss account when the asset is derecognised.

FOR THE YEAR ENDED JUNE 30, 2012

#### 4.1.2 Intangible

Intangible assets having a finite useful life are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only where it is probable that the future economic benefits associated with the asset will flow to the Bank and the cost of the item can be measured reliably. Amortisation on intangible assets is charged to profit and loss account using the straight line method in accordance with the rates specified in note 7.2 to these financial statements after taking into account residual amount, if any. The residual values and useful lives are reviewed and adjusted prospectively, if appropriate at each balance sheet date.

Amortisation on all additions to intangible assets having a finite useful life is charged from the month in which the asset is available for use, while in case of assets disposed of, no amortisation is charged in the month of disposal.

Intangible assets having an indefinite useful life are carried at cost less any impairment in value and are not amortised. Intangible assets having an indefinite useful life are reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the profit and loss account when the asset is derecognised.

#### 4.2 Investments

The management of the Bank classifies its investments in the following categories: held-for-trading, available-for-sale and held-to-maturity. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and re-evaluates this classification on a regular basis.

#### (a) Held-for-trading

These investments which are either acquired principally for the purpose of generating profits from short-term fluctuations in market prices, interest rate movements, dealer's margin or are investments included in a portfolio in which a pattern of short-term profit taking exists.

#### (b) Available-for-sale

These are investments other than those in subsidiaries and associates, that do not fall under the categories of held-for-trading and held-to-maturity.

#### (c) Held-to-maturity

These are investments with fixed or determinable payments and fixed maturity that the Bank has the positive intent and ability to hold to maturity.

In accordance with the requirements of SECP, investments in quoted securities (other than those classified as held-to-maturity and investments in subsidiaries and associates) are marked to market, in accordance with the guidelines contained in the State Bank of Pakistan's (SBP) BSD Circular No. 20 dated August 4, 2000 using rates quoted on Reuters, stock exchange quotes and brokers' quotations. Any difference between the carrying amount (representing cost adjusted for amortisation of premium or discount, if any) and market value is taken to the 'surplus / (deficit) on revaluation of investments' account and shown separately in the balance sheet below shareholders' equity. At the time of disposal the respective surplus or deficit is transferred to the profit and loss account.

Unquoted investments, except where an active market exists, are carried at cost less accumulated impairment losses, if any, in accordance with the requirements of the above mentioned circular.

FOR THE YEAR ENDED JUNE 30, 2012

Premiums and discounts on held-to-maturity and available-for-sale investments are amortised using the effective interest rate method and taken to income from investments.

Impairment loss in respect of investments is recognised when there is any objective evidence as a result of one or more events that may have an impact on the estimated future cash flows of the investment. A significant or prolonged decline in the fair value of an investment in equity security below its cost is also an objective evidence of impairment. Provision for impairment in the value of investment, if any, is taken to the profit and loss account. In case of impairment of equity securities (both classified as held-for-trading and available-for-sale), the cumulative loss that has been recognised directly in 'surplus / (deficit) on revaluation of investments' on the balance sheet below equity is removed therefrom and recognised in the profit and loss account. Any subsequent increase in the value of these investments is taken directly to 'surplus / (deficit) on revaluation of investments' account which is shown on the balance sheet below equity. For investments classified as held to maturity, the impairment loss is recognised in the profit and loss account.

Investments are derecognised when the right to receive the cash flows from the investments has expired, realised or transferred and the Bank has transferred substantially all risks and rewards of ownership.

#### (d) Investment in subsidiaries and associates

Investments in subsidiaries and associates are stated at cost less accumulated impairment losses, if any. In arriving at the impairment loss in the value of these investments, consideration is only given if there is a permanent impairment in the value of investments.

#### 4.3 Trade date accounting

All purchases and sales of investments that require delivery within the time frame established by the regulations or market conventions are recognised on the trade date. Trade date is the date on which the Bank commits to purchase or sell the investment.

#### 4.4 Derivative instruments

Derivative instruments held by the Bank generally comprise of future and forward contracts in the capital and money markets. These are stated at fair value at the balance sheet date. The fair value of the derivative is equivalent to the unrealised gain or loss from mark to market the derivative using prevailing market rates. Derivatives with positive market values (unrealised gains) are included in Prepayments and other receivables and derivatives with negative market values (unrealised losses) are included in Trade and other payables in the balance sheet. The resultant gains and losses are included in the 'surplus / (deficit) on revaluation of investments' in accordance with BSD Circular No. 20 dated August 04, 2000 issued by the SBP until the derivatives are settled.

#### 4.5 Securities under repurchase / reverse repurchase agreements

Transactions of repurchase / reverse repurchase of investment securities are entered into at contracted rates for specified periods of time and are accounted for as follows:

#### a) Repurchase agreement

Investments sold with a simultaneous commitment to repurchase at a specified future date (Repo) continue to be recognised in the balance sheet and are measured in accordance with the accounting policies for investments. Amounts received under these agreements are recorded as repurchase agreement borrowings. The difference between sale and repurchase price is accrued as mark-up / interest expense on borrowings over the life of the repo agreement.

FOR THE YEAR ENDED JUNE 30, 2012

#### b) Reverse repurchase agreement

Reverse repurchase investments purchased with a corresponding commitment to resell at a specified future date (Reverse repo) are not recognised in the balance sheet. Amounts paid under these obligations are included in lendings. The difference between purchase and resale price is accrued as return from lendings over the life of the reverse repo agreement.

#### 4.6 Finances

Finances in the form of long-term loans and advances and short-term loans and advances include demand finance, installment finance, inter swift loan and term finance. These are stated at cost less provision for doubtful finance, if any, determined as per the basis of the NBFC Regulations.

#### 4.7 Net investment in finance lease

Leases in which the Bank transfers substantially all the risk and rewards incidental to the ownership of the asset to the lessee are classified as finance lease. A receivable is recognised at an amount equal to the present value of the lease payments, including any guaranteed residual value which are included in the financial statements as 'net investment in finance leases'.

Provision for non-performing leases is made in accordance with the requirements of the NBFC Regulations and is charged to the profit and loss account.

#### 4.8 Provision for bad and doubtful loans and advances / lease losses and write offs

The provision for bad and doubtful loans and advances / lease losses, if any, is made in accordance with the requirements of the NBFC Regulations issued by the SECP.

Loans and advances and outstanding balances in net investment in finance lease are written off when there is no realistic prospect of recovery.

#### 4.9 Taxation

#### Current

Current tax is the expected tax payable on the taxable income for the year using tax rates prescribed by the tax law and after considering tax credits or adjustments available, if any.

#### Deferred

Deferred tax is provided using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of the deferred tax is provided at the tax rates enacted at the balance sheet date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, carry forward unused tax credits and unused tax losses to the extent that it is probable that the deductible temporary differences will reverse in the future and sufficient taxable income will be available against which the deductible temporary differences and unused tax losses can be utilised.

Deferred income tax relating to item recognised directly in equity is recognised in equity and not in profit and loss account.

#### 4.10 Assets acquired in satisfaction of claims

The Bank acquires certain vehicles and assets in settlement of non-performing loans / leases. These are stated at lower of the original cost of the related asset, exposure to the Bank and the net realisable value. The net gains or losses on disposal of these assets is taken to the profit and loss account.

FOR THE YEAR ENDED JUNE 30, 2012

#### 4.11 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. Cash and cash equivalents include cash in hand and balances with banks in current accounts, saving accounts and short-term running finances.

#### 4.12 Impairment

At each balance sheet date, the Bank reviews the carrying amounts of its assets for indications of impairment loss. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. The resulting impairment loss is taken to the profit and loss account except for impairment loss on revalued assets, which is adjusted against related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

#### 4.13 Provisions

Provisions are recognised when the Bank has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made.

#### 4.14 Staff retirement benefits

#### 4.14.1 Defined contribution plan

The Bank operates an approved Provident Fund for its permanent employees. Equal monthly contributions at the rate of 10% of the basic salary are made to the Fund both by the Bank and the employees.

#### 4.14.2 Employees' compensated absences

Employees' entitlement to annual leave is recognised when they accrue to employees. A provision is made for estimated liability for annual leaves as a result of services rendered by the employee against unavailed leaves, as per term of service contract, up to balance sheet date.

#### 4.15 Proposed dividend and transfer between reserves

Dividends declared and transfer between reserves, except appropriations which are required by law, made subsequent to the balance sheet date are considered as non-adjusting events. These are recognised in the financial statements in the period in which such dividends are declared / transfers are made.

#### 4.16 Revenue recognition

#### **Income from finance lease**

Finance method is used in accounting for recognition of income from lease financing. Under this method, the unearned lease income (the excess of aggregate lease rentals and the residual value over the cost of leased asset) is deferred and then taken to profit and loss account over the term of lease period, applying the annuity method so as to produce a constant rate of return on the outstanding balance in net investment in lease. Front-end fees, documentation charges, gains / (losses) on termination of lease contracts and other lease related income are taken to profit and loss account when they are realised.

Unrealised finance income in respect of non-performing lease finance is held in suspense account, where necessary, in accordance with the requirements of the NBFC Regulations issued by the SECP.

#### Income from loans and advances, investments and other sources

Mark-up income / interest on advances and returns on investments are recognised on a time proportion basis using the effective interest method, except that mark-up income / interest / return on non-performing advances and investments is recognised on a receipt basis in accordance with the requirements of the NBFC Regulations issued by the SECP. Interest / return / mark-up on rescheduled / restructured advances and investments is recognised as permitted by the aforementioned regulations, except where, in the opinion of the management, it would not be prudent to do so.

FOR THE YEAR ENDED JUNE 30, 2012

Gains / (losses) arising on sale of investments are included in the profit and loss account in the period in which they arise.

Dividend from equity securities is recognised when the Bank's right to receive the dividend is established.

Commission income and fees are taken to the profit and loss account when the services are provided and when right to receive the fees is established.

Return on bank deposits are recognised on time proportionate basis.

Other income is recognised as and when incurred.

#### 4.17 Foreign currency transactions

Transactions in foreign currencies are accounted for in Pak rupees at the rate of exchange ruling on the date of transactions. Monetary assets and liabilities in foreign currencies are translated into Pak rupees at the rate of exchange prevailing on the balance sheet date. Exchange gain / (loss) is charged to current year's profit and loss account. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of initial transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rate at the date when the fair value was determined.

#### 4.18 Financial instruments

All the financial assets and financial liabilities are recognised at the time when the Bank becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the Bank looses control of the contractual rights that comprise the financial assets. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or expired. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to profit and loss account.

#### 4.19 Offsetting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet if the Bank has a legally enforceable right to set-off the recognised amounts and also intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

#### 5. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of financial statements requires the use of certain critical accounting judgments and estimates, that effect the reported amount of revenue, expenses, assets and liabilities. Estimates and judgments are continually evaluated and are based on historic experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, estimated results may differ from actual. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In the process of applying the Bank's accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

- i) Determination and measurement of useful life and residual value of property and equipment (notes 4.1.1 and 7.1)
- ii) Amortisation of intangible assets (notes 4.1.2 and 7.2)
- iii) Classification and valuation of investments (notes 4.2, 8 and 14)
- iv) Impairment of investments (notes 8.3, 8.6 and 14.5)
- Classification and provision of loans and advances, net investment in finance lease and other receivables (notes 4.8, 9, 10 and 13)
- vi) Provision for taxation and deferred tax (notes 4.9, 11 and 37)

FOR THE YEAR ENDED JUNE 30, 2012

## 6. STANDARDS, INTERPRETATIONS AND AMENDMENTS TO APPROVED ACCOUNTING STANDARDS THAT ARE NOT YET EFFECTIVE

The following revised standards, amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard or interpretation and amendments:

Effective date (annual periods beginning on or after)

#### Standard, interpretation or amendment

IAS 1 – Presentation of Financial Statements – Presentation of items of comprehensive income	July 01, 2012
IAS 12 – Income Taxes (Amendment) - Recovery of Underlying Assets	January 01, 2012
IAS 19 – Employee Benefits – (Amendment)	January 01, 2013
IAS 32 – Offsetting Financial Assets and Financial liabilities – (Amendment)	January 01, 2014
IFRIC 20 – Stripping Costs in the Production Phase of a Surface Mine	January 01, 2013

The Bank expects that the adoption of the above revisions, amendments and interpretations of the standards will not affect the Bank's financial statements in the period of initial application, except for certain additional disclosures.

In addition to the above, the following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.

Effective date (annual periods beginning on or after)

#### Standards

IFRS 10 – Consolidated Financial Statements	January 01, 2013
IFRS 11 – Joint Arrangements	January 01, 2013
IFRS 12 – Disclosure of Interests in Other Entities	January 01, 2013
IFRS 13 – Fair Value Measurement	January 01, 2013

FOR THE YEAR ENDED JUNE 30, 2012

- 7.1.1 Cost and accumulated depreciation at the end of the year include Rs.10.753 million (2011: Rs.3.071 million) in respect of fully depreciated assets still in use.
- 7.1.2 During the year, the Bank reassessed the useful life of its leasehold improvements and furniture and fittings from 5 to 10 years. Had the estimate in respect to the life of the assets not been changed, the loss for the year would have been higher by Rs.3.339 million and carrying amount of fixed assets would have been lower by the same amount.
- 7.1.3 The above represents office premises, transferred in the name of the Bank against partial settlement of loans and advances of Rs.25 million, in accordance with the settlement agreement date October 28, 2011. The fair value of the same amounted to Rs.23 million, which has been arrived at on the basis of valuation carried out by Rizvi Associates (Pvt) Limited. The valuation was arrived at by reference to detailed inspection of the subject property and numerous independent market inquiries from local evaluators in the vicinity and on the basis of present physical condition and location of the property.

<sup>\*</sup> Represents revenue from all sources of activities.

8.3 The Bank has carried out an assessment of impairment in respect of its investment in subsidiary company namely IGI Finex Securities Limited (IGIFSL). The aforementioned assessment has been carried out, under the requirements of International Accounting Standard (IAS) 36 "Impairment of Assets", using the projections of future profitability of IGIFSL which have been approved by the Board of Directors of IGIFSL. As at June 30, 2012, the book value of the subsidiary was below its carrying value. The subsidiary company recorded material provisions against doubtful receivables during the year. In addition, low stock market activity and ongoing economic uncertainty have led to a low brokerage business.

The recoverable amount of the investment in subsidiary company has been determined based on value in use calculations, using cash flow projections based on business plans approved by the senior management of the subsidiary covering a five year period. The pre-tax discount rate applied to cash flow projections is 19.89% (2011: 19.39%) and cashflows beyond the five year period are extrapolated using a terminal growth rate. Based on the above assessment, the management has concluded that the carrying amount of IGIFSL exceeds its recoverable amount. Hence, an impairment of Rs.64.208 million (2011: Rs.4.681 million) has been recorded in the current year's profit and loss account.

9.1	Reconciliation of carrying amounts of loans and advances to Executives			
	Opening balance	1,992	1,869	
	Disbursements during the year	967	490	
	Repayments during the year	(1,969)	(367)	
		990	1,992	

- 9.1.1 Maximum aggregate amount outstanding at any time during the year was Rs.1.434 million (2011: Rs.1.8 million).
- 9.2 These represent loans provided to employees of the Bank for purchase of house, vehicles and for other general purposes. These loans carry mark-up at rate 13.61% (2011: 12.91% to 14.82%) per annum and are repayable on monthly basis over a period ranging from 1 to 2 years (2011: 2 to 20 years).
- 9.3 These loans carry mark-up at rates ranging from 13.82% to 17.50% (2011: 7.5% to 24%) per annum and are repayable over periods ranging from 1 to 7 years (2011: 1 to 5 years) from the date of disbursement. Repayment terms vary from monthly basis to repayments at maturity. These loans are secured against mortgage of properties and hypothecation of vehicles.
- 9.4 Long-term loans include Rs.249.658 million (2011: Rs.162.669 million) relating to loans due from companies, organisations and individuals which have been classified as non-performing as per the requirements of the NBFC Regulations issued by the SECP. The provision held against these loans is as follows:

		2012			2011

- 10.2 The Bank has entered into various lease agreements for period of 1 to 7 years (2011: 1 to 7 years). The rate of return implicit in the leases ranges from 12.00% to 18.00% (2011: 12.00% to 20.00%) per annum. Generally, leased assets are held as securities. In certain instances, the Bank has also obtained additional collateral in the form of personal guarantees.
- 10.3 The direct expenses incurred in relation to lease such as documentation charges, stamp duty etc. are reimbursed to the Bank by the respective lessees and net balance representing excess / short reimbursement, if any, is taken to profit and loss account. However, there are no material initial direct costs associated with lease receivables.

		2012			2011		
		Specific	General	Total	Specific	General	Total

	Closing balance	126,071	-	126,071	213,724		213,724

- 10.4.1 Based on the NBFC Regulations, the aggregate net exposure in finance leases which have been placed under non-performing status amounted to Rs.341.786 million (2011: Rs.345.859 million) against which a provision of Rs.126.071 million (2011: Rs.213.724 million) has been made after deducting the value of collateral (i.e. forced sale value) amounting to Rs.115.906 million (2011: Rs.8.234 million). The total income suspended against the non-performing parties amounted to Rs.72.611 million (2011: Rs.66.305 million).
- 10.5 As at June 30, 2012, the Bank's investment in leasing business was less than twenty percent of its assets which is not in accordance with Regulation 13 of the NBFC Regulations which requires that a Non-Banking Finance Company (NBFC) engaged in leasing, investment finance services or housing finance services or any combination thereof, shall invest atleast twenty percent of its assets in each such form of business. In the event that the takeover as referred to in note 1.3 above does not materialise, the Bank will devise a strategy to revive its leasing business as per the guidance provided by and with the approval of the Board of Directors.

FOR THE YEAR ENDED JUNE 30, 2012

10.6 This includes Rs.262.034 million representing overdue lease receivables at the year end against which no provision has been made by the Bank, as the Bank holds equivalent amount of security deposits from the respective lessees.

11. DE	FERRED TAX ASSET - NET	Note	2012 (Rupec	2011 es in '000)
Def	erred tax assets arising in respect of:			
	vision for bad and doubtful loans and advances / ease losses and other receivables		149,617	168,085
	pairment against unlisted term finance certificates and equity securities		104,693	84,601

Def	Ferred tax liabilities arising in respect of:			
A	accelerated tax depreciation		(78,757)	(81,986)
	-	11.2	293,930	302,793

- 11.1 The Bank has an aggregate amount of Rs.876.229 million (2011: Rs.294.022 million) in respect of unabsorbed tax losses as at June 30, 2012. The management of the Bank believes that based on the projections of future taxable profit, it would be able to realise only part of these tax losses in the future. Accordingly, deferred tax asset on unused tax losses at the end of the current year has been restricted to Rs.109.260 million (2011: Rs.102.908 million).
- 11.2 The management of the Bank has prepared financial projections which have been approved by the Board of Directors of the Bank. The said projections involve certain key assumptions underlying the estimation of future taxable profits projected in the plan including injection of fresh equity to meet Minimum Capital Requirement. The determination of future taxable profits is most sensitive to certain key assumptions such as equity injection, cost to income ratio of the Bank, deposit composition, growth of certificates of deposit, advances and leases, investment returns, potential provision against assets etc. A significant change in the key assumptions may have an effect on the realisability of the deferred tax asset. The management believes that it is probable that the Bank will be able to achieve the profits projected in the financial projections and consequently the deferred tax asset accounted for in the financial statements will be fully realised in the future.

## 28. CONTINGENCIES AND COMMITMENTS

#### 28.1 Taxation

(a) The provision for taxation has been computed by the Bank at the rate applicable to a public company. In the original assessments made by the Deputy Commissioner of Inland Revenue (DCIR), the rate for the assessment years 1991-1992 to 2000-2001 applied in computing the tax liability was that applicable to a banking company. However, in the appeals filed against the original assessments, the Commissioner of Inland Revenue (Appeals) [CIR(A)] directed the DCIR to apply the rate applicable to a public company. Subsequent to the order of CIR(A), the Income Tax Department filed appeals before the Appellate Tribunal Inland Revenue (ATIR) against the orders of CIR(A). The ATIR, in its decisions in respect of assessment years 1991-1992 to 1997-1998 held that investment banks are not banking companies and therefore the rate of tax applicable to a public company should be applied while determining the tax liability, whereas the departmental appeals for the remaining years are pending before the ATIR. Subsequent to the decision of ATIR for assessment years 1991-92 to 1997-98, the department had filed appeals against the ATIR orders before the Honourable Lahore High Court which are pending to date.

In respect of the aforementioned matter the Federal Board of Revenue had given its consent to the proposal of Director General, LTU, Lahore to withdraw the appeals relating to the tax status of investment banks.

In the original assessment made by the DCIR for the assessment years 1995-96 to 2000-01, dividend income was taxed by applying the tax rate applicable to the business income of a banking company instead of applying the reduced tax rate of 5% as prescribed by the law. The CIR(A) and the ATIR through their various orders have confirmed that such income is taxable at the reduced rate of 5% in respect of assessment years 1995-96 to 1997-98. However the tax authorities have filed appeals against the orders of ATIR before the Lahore High Court which are pending to date. In similar appeals of other companies, the Lahore High Court has already decided the matter of taxation of dividend income against the taxation authorities.

FOR THE YEAR ENDED JUNE 30, 2012

In addition to the above matters, the taxation authorities have also disallowed certain expenses and made additions to taxable income on account of lease key money, lease rentals, excess perquisites and miscellaneous expenses in respect of various assessment years against which the Bank has filed appeals before the CIR(A). The CIR(A) has deleted the majority of the additions against which the tax authorities have filed appeals before the ATIR which are currently pending.

- (b) The returns for the tax years 2003, 2004, 2005, 2006 and 2007 filed by the Bank were amended by the Taxation Officer who raised a net demand aggregating to Rs.13.319 million by making certain additions. These additions included additions on account of initial depreciation on leased assets, allocation of expenses to dividend and exempt income, loss on maturity/termination of lease, initial depreciation on leased vehicles, inadmissible provision and other miscellaneous items.
  - The Bank filed appeals before the CIR(A) to agitate against the additions made by the Taxation Officer. The CIR(A) while disposing off the appeals, deleted certain additions and allowed certain remand backs aggregating to Rs.627.543 million.
  - However, the CIR(A) confirmed the remaining additions made by the Taxation Officer as enumerated above, against which, the Bank has filed appeals (or is in the process of filing appeals) before the ATIR which are pending adjudication. The Bank is confident that the pending appeals will be decided in favor of the Bank.
- (c) If the pending appeals / matters as referred to in (a) and (b) above are decided against the Bank, an additional provision of Rs.291.925 million (2011: Rs.199.700 million) would be required in the financial statements. Based on the previous decisions, the management is confident that the eventual outcome of the above matters will be decided in favour of the Bank, and hence, no provision has been made in these financial statements.

## 34.1 Defined contribution plan

An amount of Rs.3.112 million (2011: Rs.3.598 million) has been charged during the year in respect of contributory provident fund maintained by the Bank.

## 34.2 Defined benefit plan

Pursuant to a decision taken by the Board of Directors of the Bank in their meeting held on August 26, 2011 to terminate the Fund, the Bank discontinued to contribute into the Fund with effect from May 17, 2011. This amount represents expense recorded by the Bank upon termination of the approved gratuity scheme.

#### 43. DISCRETIONARY AND NON DISCRETIONARY PORTFOLIOS

The Bank is also acting as an Investment Advisor for various clients by providing services such as consultation in investment decisions, to sell, purchase, liquidate and otherwise manage the portfolio of securities. The cost and market value of the underlying investments included in the discretionary and non discretionary portfolios managed by the Bank are as under:

	2012 (Numbe	2011 r)
Equity portfolio Number of clients	3	3
	(Rupees	in '000)
Cost	53,264	132,907
Market value	59,104	135,488
Debt portfolio	(Numb	er)
Number of clients	3	2
	(Rupees	in '000)
Cost	145,098	139,051
Market value	153,147	139,086
Commodities portfolio	(Numb	er)
Number of clients	1	-
	(Rupees	in '000)
Cost	926	-
Market value	828	

- **43.1** In addition to the above portfolios, the Bank has also entered into agreements with certain counterparties to provide them investment advisory services at a fixed fee.
- 43.2 The fee earned on these services during the year amounted to Rs.5.822 million (2011: Rs.7.811 million).

## 44. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Bank's principal financial liabilities, other than derivatives comprise term finances, certificate of deposits, trade and other payables. The main purpose of these financial liabilities is to raise finances for the Bank's operations and to provide guarantee to support its operations. The Bank has lease, loans and advances, lendings, investments, other receivables and cash and short-term deposits that arrive directly from its operations. The Bank also holds available-for-sale investments, held to maturity investments and enters into derivative transactions.

The Bank is exposed to market risk, credit risk and liquidity risk.

The Bank's senior management oversees the management of these risks. The Bank's senior management is supported by a Asset and Liability Committee (ALCO committee) that advises on financial risks and the appropriate financial risk governance framework for the Bank. The ALCO committee provides assurance to the Bank's senior management that the Bank's financial risk-taking activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Bank policies and Bank risk appetite.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarised below.

FOR THE YEAR ENDED JUNE 30, 2012

#### 44.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices. The Bank is exposed to market risk as a result of mismatches or gaps in the amounts of financial assets and financial liabilities that mature or reprice in a given period. The Bank manages this risk by matching the repricing of financial assets and liabilities through risk management strategies.

Market risk mainly comprises of currency risk, interest rate risk and equity price risk.

## 44.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Bank, at present is not exposed to significant currency risk.

#### 44.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market interest rates. The Bank is mainly exposed to mark-up / interest rate risk on its net investment in finance lease, loans and advances, investments, borrowings, certificate of deposits and long-term finance with fixed and floating interest rates. The Bank manages its interest rate risk by having a balance between floating and fixed interest rate financial instruments.

Yield / interest rate sensitivity position for on balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

Exposed to yield / interest rate risk

#### 44.1.3 Equity risk

The Bank's listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Bank manages the equity price risk through diversification and placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Bank's senior management on a regular basis. The Bank's Board of Directors reviews and approves all equity investment decisions.

## 44.2 Credit risk and concentrations of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Bank attempts to control credit risk by monitoring credit exposures, limiting transactions to specific counterparties and continually assessing the credit worthiness of counterparties.

Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of an entity's performance to developments affecting a particular industry.

The Bank follows two sets of guidelines. It has its own operating policy and the management of the Bank also adheres to the regulations issued by the SECP. The operating policy defines the extent of fund and non-fund based exposures with reference to a particular sector or group.

FOR THE YEAR ENDED JUNE 30, 2012

The Bank seeks to manage its credit risk through diversification of financing activities to avoid undue concentrations of credit risk with individuals or groups of customers in specific locations or businesses. It also obtains securities when appropriate. Details of the composition of loans and lease portfolios of the Bank are given below:

	2012		2011	
	(Rupees in '000)	%	(Rupees in '000)	%
Finance and leases

#### 44.3 Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet the commitments associated with financial instruments. To safeguard this risk, the Bank has diversified its funding sources and assets are managed with liquidity in mind, maintaining a healthy balance of cash and cash equivalents and readily marketable securities. The maturity profile of assets and liabilities is monitored to ensure adequate liquidity is maintained. The Bank has the ability to mitigate any short-term liquidity gaps by disposal of short-term investments and the availability of liquid funds at short notice.

The table below summarises the maturity profile of the Bank's assets and liabilities. The contractual maturities of assets and liabilities at the year-end have been determined on the basis of the remaining period at the balance sheet date to the contractual maturity date and do not take account of the effective maturities as indicated by the Bank's history and the availability of liquid funds. Assets and liabilities not having a contractual maturity are assumed to mature on the expected date on which the assets / liabilities will be realised / settled.

FOR THE YEAR ENDED JUNE 30, 2012

#### 45. CAPITAL RISK MANAGEMENT

The objective of managing capital is to safeguard the Bank's ability to continue as a going concern, so that it could continue to provide adequate returns to shareholders by pricing products and services commensurately with the level of risk. It is the policy of the Bank to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The impact of the level of capital on shareholders' return is also recognised and the Bank recognises the need to maintain a balance between the higher returns that might be possible with greater gearing and the advantages and security afforded by a sound capital position.

The Bank manages the structure and makes adjustments to it in the light of changes in economic conditions, the regulatory requirements and payment of dividends or issuance of new shares.

Capital requirements applicable to the Bank are set and regulated by the SECP. These requirements are put in place to ensure sufficient solvency margins. The Bank manages its capital requirements by assessing its capital structure against the required level on a regular basis. The minimum equity requirement as per the NBFC Regulations for the leasing and investment finance companies are as follows:

	Year	Rs. in million
Minimum equity requirement	June 30, 2012	1,200
Minimum equity requirement	June 30, 2013	1,700
	2012	2011
	(Rup	ees in '000)
The Bank's equity comprises the following:	•	
Issued, subscribed and paid-up share capital	2,121,025	2,121,025
Reserves	136,831	136,831
Accumulated loss	(1,007,486)	(784,631)
	1,250,370	1,473,225

No other changes were made in the objectives, policies or processes during the years ended June 30, 2012 and June 30, 2011.

## 46. FAIR VALUE OF FINANCIAL INSTRUMENTS

46.1 As at June 30, 2012, the fair values of all financial instruments are based on the valuation methodology outlined below:

#### (a) Finances and certificates of deposit

For all finances (including leases and certificates of deposit) the fair values have been taken at carrying amounts as these are not considered materially different from their fair values based on the current yields / market rates and repricing profiles of similar finance and deposit portfolios.

## (b) Investments

The fair values of quoted investments are based on quoted market prices. Unquoted investments are carried at cost less accumulated impairment, if any, which approximates their fair value in the absence of an active market.

#### (c) Other financial instruments

The fair values of all other financial instruments are considered to approximate their carrying amounts.

#### 47. DATE OF AUTHORISATION FOR ISSUE

The financial statements were approved by the Board of Directors and authorised for issue on August 28, 2012.

#### 48. GENERAL

Figures have been rounded off to the nearest thousand rupees.

SYED BABAR ALI Chairman

# CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2012

# **AUDITORS' REPORT TO THE MEMBERS**

We have audited the annexed consolidated financial statements comprising consolidated balance sheet of IGI Investment Bank Limited (the Bank) and its subsidiary companies (together referred to as "the Group") as at 30 June 2012 and the related consolidated profit and loss account, consolidated statement of cash flows and consolidated statement of changes in equity together with the notes forming part thereof, for the year then ended. We have also expressed a separate opinion on the financial statements of the Bank. The financial statements of the subsidiaries IGI Funds Limited and IGI Finex Securities Limited were audited by another firm of auditors, whose reports dated August 27, 2012 and August 16, 2012, respectively, included emphasis of matter paragraphs in respect of the matters stated in paragraphs (ii) and (iii) below, which have been furnished to us and our opinion in so far as it relates to the amounts included for such subsidiaries, is based solely on the report of such auditors.

These financial statements are the responsibility of the Bank's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Bank and its subsidiary companies as at 30 June 2012 and the results of their operations, cash flows and changes in equity for the year then ended in accordance with the approved accounting standards as applicable in Pakistan.

We draw your attention to the following matters:

- (i) note 1.1.3 to the accompanying financial statements which explains that negotiations are currently underway for a potential takeover of the Bank by an investor by way of a merger in terms of a scheme of amalgamation under Section 48 of the Banking Companies Ordinance, 1962. The said note also discloses the future plans of the Bank (including the availability of financial support by the Sponsor) in the event that the above referred takeover does not materialise;
- (ii) notes 12.1 and 12.2 to the accompanying financial statements wherein it is disclosed that the management of the Bank and its subsidiary company have carried out assessments of the recoverability of the deferred tax asset on the basis of financial projections for future years, as approved by their respective Board of Directors. The projections take into account various assumptions regarding the future business and economic conditions. A significant change in the assumptions used may impact the value of the deferred tax asset recorded in the financial statements; and
- (iii) note 51 to the accompanying financial statements which describes that a subsidiary has not been able to meet the minimum capital requirement as at 30 June 2012 as required by Non-Banking Finance Companies and Notified Entities Regulations, 2008.

Our opinion is not qualified in respect of the above matters.

Ernst & Young Ford Rhodes Sidat Hyder & Co. Chartered Accountants

Audit Engagement Partner: Shabbir Yunus

# NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2012

#### 1. LEGAL STATUS AND NATURE OF BUSINESS

The Group consists of:

Holding company

IGI Investment Bank Limited

Subsidiary companies Percentage holding

IGI Finex Securities Limited 100% IGI Funds Limited 99.97%

## 1.1 IGI Investment Bank Limited (IGI Bank)

- 1.1.1 IGI Bank is a public limited company incorporated in Pakistan on February 07, 1990 under the Companies Ordinance, 1984. IGI Bank is licensed to carry out investment finance activities and leasing operations as a Non-Banking Finance Company under Section 282C of the Companies Ordinance, 1984, Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and Non-Banking Finance Companies and Notified Entities Regulations 2008 (the NBFC Regulations). IGI Bank's shares are quoted on the Karachi, Islamabad and Lahore Stock Exchanges. The registered office of IGI Bank is situated at 5 F.C.C., Syed Maratab Ali Road, Gulberg, Lahore. The principal place of business is situated at 7th Floor, the Forum, Suite No. 701 to 713, G-20, Block-9, Khayaban-e-Jami, Clifton, Karachi.
- 1.1.2 Based on the financial statements of IGI Bank for the year ended June 30, 2011, the Pakistan Credit Rating Agency (PACRA) has rated the Bank at 'A-' (long-term credit rating) and at 'A2' (short-term credit rating).
- 1.1.3 During the current year, IGI Bank and Bank Alfalah Limited (BAL) entered into negotiations for the potential takeover by BAL of IGI Bank together with its wholly owned subsidiaries. The takeover is expected to be implemented by way of merger in terms of a scheme of amalgamation under section 48 of the Banking Companies Ordinance, 1962. In this respect, BAL has commenced due diligence of the IGI Bank along with its subsidiaries which is currently underway. Subject to the result of the due diligence, applicable consents and regulatory approvals, if required, IGI Bank and BAL will enter into a definitive agreement, which will cover the swap ratio of shares / consideration value as well. Till this definitive agreement is signed, there is no binding commitment on the part of the parties to proceed with the merger. The above information has also been notified to the respective stock exchanges under the applicable laws and regulations.

In view of the existing financial condition of IGI Bank at the end of the current year, the sponsor of IGI Bank has committed to provide continuing financial support to IGI Bank i.e. in the form of subordinated loan / fresh injection of equity / additional funding or guarantees, so that in the event that the above referred takeover does not materialise, IGI Bank implements a set of financial projections (as more fully discussed in note 12.1 to these financial statements) encompassing sustainability, profitability and growth while maintaining adequate capital as required under NBFC Regulations, 2008 and carries on its affairs in such a way that it continues to be able to meet its financial obligations and realise its assets in the ordinary course of business.

# NOTES TO AND FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2012

#### 1.2 IGI Finex Securities Limited (IGI Finex)

IGI Finex was incorporated in Pakistan on June 28, 1994 as a public limited company under the Companies Ordinance, 1984. The registered office of the IGI Finex is situated at Suite No. 701-713, 7th Floor, The Forum, G-20, Khayabane-Jami, Block-9, Clifton, Karachi. IGI Finex is a public unlisted company and a corporate member of the Karachi Stock Exchange (Guarantee) Limited, the Lahore Stock Exchange (Guarantee) Limited and Pakistan Mercantile Exchange Limited (formerly National Commodity Exchange Limited). IGI Finex is a wholly owned subsidiary of IGI Bank.

The principal activities of IGI Finex include shares and commodities brokerage, money market and foreign exchange brokerage and advisory and consulting services. Other activities include investment in securities and reverse repurchase transactions.

## 1.3 IGI Funds Limited (IGI Funds)

IGI Funds was incorporated in Pakistan on January 18, 2006 under the Companies Ordinance, 1984 with the name of "First International Capital Management Limited" as a public limited company. IGI Funds obtained its Certificate of commencement of business on May 12, 2006. The name of IGI Funds was subsequently changed to "IGI Funds Limited" on July 11, 2006. IGI Funds is licensed to carry out Asset Management Services and Investment Advisory Services under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations). The principal activities of IGI Funds are floating and managing mutual funds. The registered office of IGI Funds is situated at 5 F.C.C Ground Floor, Syed Maratib Ali Road, Gulberg, Lahore.

IGI Funds is currently acting as an Asset Management Company for the following Collective Investment Schemes (CIS).

Net asset value

JCR-VIS Credit Rating Company Limited (JCR-VIS) has assigned management quality rating of 'AM2-' (AM-Two Minus) to IGI Funds on February 09, 2011. Subsequent to the year end, the rating has been revised from 'AM2-' (AM-Two Minus) to 'AM3+' (AM-Three Plus) which has been withdrawn. However, the fresh credit rating is being conducted by PACRA which is in process.

## 2. BASIS OF PREPARATION

These financial statements have been prepared under the historical cost convention except for certain investments and derivative financial instruments which are accounted for as stated in notes 3.2 and 3.4 below.

The consolidated financial statements include the financial statements of IGI Investment Bank Limited and its subsidiary companies.

FOR THE YEAR ENDED JUNE 30, 2012

Subsidiaries are entities over which the Group has the power to govern the financial and operating policies accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable are considered when assessing whether the Group controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date when control ceases. The assets and liabilities of subsidiary companies have been consolidated on a line by line basis based on the audited financial statements for the year ended June 30, 2012 and the carrying value of investments held by IGI Bank is eliminated against the subsidiaries' shareholders' equity in these consolidated financial statements. Intra-Group balances and transactions have been eliminated.

Non-controlling interests are that part of the net results of operations and net assets of subsidiary companies attributable to interests which are not owned by the Group.

#### 2.1 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of the Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations or the directives issued by SECP differ with the requirements of IFRS, the requirements of the Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP prevail.

The SECP has deferred the applicability of International Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and International Accounting Standard (IAS) 40, 'Investment Property' through Circular No. 19 dated August 13, 2003 for Non-Banking Finance Companies (NBFCs) providing investment finance services, discounting services and housing finance services. In addition, the SECP has also deferred the application of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' through SRO 411(1) / 2008 on such Non-Banking Finance Companies as are engaged in investment finance services, discounting services and housing finance services.

# 2.2 ACCOUNTING STANDARDS AND INTERPRETATIONS THAT BECAME EFFECTIVE DURING THE YEAR

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year except as described below:

**2.2.1** The Group has adopted the following new and amended IFRS and IFRIC interpretations which became effective during the year:

IAS 24 - Related Party Disclosures (Revised)

IFRIC 14 - Prepayments of a Minimum Funding Requirement (Amendment)

FOR THE YEAR ENDED JUNE 30, 2012

In May 2010, International Accounting Standards Board (IASB) issued amendments to various standards primarily with a view to removing inconsistencies and clarifying wording. These improvements are listed below:

- IAS 1 Presentation of Financial Statements Clarification of statement of changes in equity
- IAS 34 Interim Financial Reporting Significant events and transactions
- IFRIC 13 Customer Loyalty Programmes Fair value of award credits

The adoption of the above standards, amendments interpretations and improvements did not have any material effect on the financial statements of the Group.

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 3.1 Fixed assets

#### 3.1.1 Property and equipment

#### (a) Owned assets

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only where it is probable that future economic benefits associated with the asset will flow to the Group and the cost of the item can be measured reliably. All other maintenance and normal repairs are charged to the profit and loss account as and when incurred.

Depreciation on property and equipment is charged to profit and loss account using the straight line method in accordance with the rates specified in note 6.1 to these financial statements after taking into account residual value, if significant. The residual values and useful lives are reviewed and adjusted prospectively, if appropriate, at each balance sheet date.

Depreciation on all additions to property and equipment is charged from the month in which the asset is available for use, while in case of assets disposed of, no depreciation is charged in the month of disposal.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit and loss account when the asset is derecognised.

Maintenance and normal repairs are charged to profit and loss account as and when incurred.

#### (b) Capital work-in-progress

Capital work-in-progress is stated at cost less impairment in value, if any. It consists of expenditure incurred and advances made in respect of operating fixed assets in the course of their erection, installation and acquisition.

FOR THE YEAR ENDED JUNE 30, 2012

#### (c) Investment property

Property held for long-term rental yields which are not occupied by the company are classified as investment property.

Investment property transferred from owner-occupied properties are recognised at their carrying amount on the date of transfer and subsequently carried at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation is charged to profit and loss account applying the straight-line method in accordance with the rate specified in note 7 to these financial statements. The assets' residual values, useful lives and depreciation method are reviewed and adjusted, if appropriate, at each balance sheet date.

Gains or losses on disposals of investment property are taken to the profit and loss account in the period in which they arise.

Repairs and maintenance are charged to the profit and loss account in the period in which they are incurred.

#### 3.1.2 Intangibles

Intangible assets having a finite useful life are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only where it is probable that the future economic benefits associated with the asset will flow to the Group and the cost of the item can be measured reliably. Amortisation on intangible assets is charged to profit and loss account using the straight line method in accordance with the rates specified in note 6.2 to these financial statements after taking into account residual amount, if any. The residual values and useful lives are reviewed and adjusted prospectively, if appropriate at each balance sheet date.

Amortisation on all additions to intangible assets having a finite useful life is charged from the month in which the asset is available for use, while in case of assets disposed of, no amortisation is charged in the month of disposal.

Intangible assets having an indefinite useful life are carried at cost less any impairment in value and are not amortised. Intangible assets having an indefinite useful life are reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the profit and loss account when the asset is derecognised.

#### 3.2 Investments

The management of the Group classifies its investments in the following categories: held-for-trading, available-for-sale and held-to-maturity. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and re-evaluates this classification on a regular basis.

FOR THE YEAR ENDED JUNE 30, 2012

#### (a) Held-for-trading

These investments which are either acquired principally for the purpose of generating profits from short-term fluctuations in market prices, interest rate movements, dealer's margin or are investments included in a portfolio in which a pattern of short-term profit taking exists.

#### (b) Available-for-sale

These are investments other than those in subsidiaries and associates, that do not fall under the categories of held-for-trading and held-to-maturity.

#### (c) Held to maturity

These are investments with fixed or determinable payments and fixed maturity that the Group has the positive intent and ability to hold to maturity.

In accordance with the requirements of SECP, investments in quoted securities (other than those classified as held to maturity and investments in associates) are marked to market, in accordance with the guidelines contained in the State Bank of Pakistan's (SBP) BSD Circular No. 20 dated August 04, 2000 using rates quoted on Reuters, stock exchange quotes and brokers' quotations. Any difference between the carrying amount (representing cost adjusted for amortisation of premium or discount, if any) and market value is taken to the 'surplus / (deficit) on revaluation of investments' account and shown separately in the balance sheet below shareholders' equity. At the time of disposal the respective surplus or deficit is transferred to the profit and loss account.

Unquoted investments, except where an active market exists, are carried at cost less accumulated impairment losses, if any, in accordance with the requirements of the above mentioned circular.

Premiums and discounts on held to maturity and available-for-sale investments are amortised using the effective interest rate method and taken to income from investments.

Impairment loss in respect of investments is recognised when there is any objective evidence as a result of one or more events that may have an impact on the estimated future cash flows of the investment. A significant or prolonged decline in the fair value of an investment in equity security below its cost is also an objective evidence of impairment. Provision for impairment in the value of investment, if any, is taken to the profit and loss account. In case of impairment of equity securities (both classified as held-for-trading and available-for-sale), the cumulative loss that has been recognised directly in 'surplus / (deficit) on revaluation of investments' on the balance sheet below equity is removed therefrom and recognised in the profit and loss account. Any subsequent increase in the value of these investments is taken directly to 'surplus / (deficit) on revaluation of investments' account which is shown on the balance sheet below equity. For investments classified as held to maturity, the impairment loss is recognised in the profit and loss account.

Investments are derecognised when the right to receive the cash flows from the investments has expired, realised or transferred and the Group has transferred substantially all risks and rewards of ownership.

#### (d) Associates

Investment in associates where the Group has significant influence are accounted for using the equity method of accounting. Under the equity method of accounting, the investment is increased or decreased to recognise the investor's share of post acquisition profits or losses in the profit and loss account and its share of post acquisition movement in reserves is recognised in the reserves. Increase / decrease in share of profit and losses of associates is accounted for in the consolidated profit and loss account.

FOR THE YEAR ENDED JUNE 30, 2012

#### 3.3 Trade date accounting

All purchases and sales of investments that require delivery within the time frame established by the regulations or market conventions are recognised on the trade date. Trade date is the date on which the Group commits to purchase or sell the investment.

#### 3.4 Derivative instruments

Derivative instruments held by the Group generally comprise of future and forward contracts in the capital and money markets. These are stated at fair value at the balance sheet date. The fair value of the derivative is equivalent to the unrealised gain or loss from mark to market the derivative using prevailing market rates. Derivatives with positive market values (unrealised gains) are included in deposit, prepayments and other receivables and derivatives with negative market values (unrealised losses) are included in accrued expenses and other liabilities in the balance sheet. The resultant gains and losses are included in the 'surplus / (deficit) on revaluation of securities' in accordance with BSD Circular No. 20 dated August 04, 2000 issued by the SBP until the derivatives are settled.

#### 3.5 Securities under repurchase / reverse repurchase agreements

Transactions of repurchase / reverse repurchase of investment securities are entered into at contracted rates for specified periods of time and are accounted for as follows:

#### a) Repurchase agreement

Investments sold with a simultaneous commitment to repurchase at a specified future date (Repo) continue to be recognised in the balance sheet and are measured in accordance with the accounting policies for investments. Amounts received under these agreements are recorded as repurchase agreement borrowings. The difference between sale and repurchase price is accrued as mark-up / interest expense on borrowings over the life of the repo agreement.

#### b) Reverse repurchase agreement

Reverse repurchase investments purchased with a corresponding commitment to resell at a specified future date (Reverse repo) are not recognised in the balance sheet. Amounts paid under these obligations are included in lendings. The difference between purchase and resale price is accrued as return from lendings over the life of the reverse repo agreement.

#### 3.6 Finances

Finances in the form of long-term loans and advances and short-term loans and advances include demand finance, installment finance, inter swift loan and term finance. These are stated at cost less provision for doubtful finance, if any, determined as per the basis of NBFC Regulations.

#### 3.7 Net investment in finance lease

Leases in which the Group transfers substantially all the risk and rewards incidental to the ownership of the asset to the lessee are classified as finance lease. A receivable is recognised at an amount equal to the present value of the minimum lease payments, including any guaranteed residual value which are included in the financial statements as 'net investment in finance leases'.

Provision for non-performing leases is made in accordance with the requirements of NBFC Regulations and is charged to the profit and loss account.

FOR THE YEAR ENDED JUNE 30, 2012

#### 3.8 Provision for bad and doubtful loans and advances / lease losses and write offs

The provision for bad and doubtful loans and advances / lease losses, if any, is made in accordance with the requirements of the NBFC Regulations issued by the SECP.

Loans and advances and outstanding balances in net investment in finance lease are written off when there is no realistic prospect of recovery.

#### 3.9 Taxation

#### Current

Current tax is the expected tax payable on the taxable income for the year using tax rates prescribed by the tax law and after considering tax credits or adjustments available, if any.

#### **Deferred**

Deferred tax is provided using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of the deferred tax is provided at the tax rates enacted at the balance sheet date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, carry forward unused tax credits and unused tax losses to the extent that it is probable that the deductible temporary differences will reverse in the future and sufficient taxable income will be available against which the deductible temporary differences and unused tax losses can be utilised.

Deferred income tax relating to item recognised directly in equity is recognised in equity and not in profit and loss account.

#### 3.10 Assets acquired in satisfaction of claims

The Group acquires certain vehicles and assets in settlement of non-performing loans / leases. These are stated at lower of the original cost of the related asset, exposure to the Group and the net realisable value. The net gains or losses on disposal of these assets are taken to the profit and loss account.

#### 3.11 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. Cash and cash equivalents include cash in hand and balances with banks in current accounts, saving accounts and short-term running finances.

#### 3.12 Impairment

At each balance sheet date, the Group reviews the carrying amounts of its assets for indications of impairment loss. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. The resulting impairment loss is taken to the profit and loss account except for impairment loss on revalued assets, which is adjusted against related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

FOR THE YEAR ENDED JUNE 30, 2012

#### 3.13 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made.

#### 3.14 Staff retirement benefits

#### 3.14.1 Defined contribution plan

The Group operates an approved Provident Fund for its permanent employees. Equal monthly contributions at the rate of 10% of the basic salary are made to the Fund both by the Group and the employees.

#### 3.14.2 Employees' compensated absences

Employees' entitlement to annual leave is recognised when they accrue to employees. A provision is made for estimated liability for annual leaves as a result of services rendered by the employee against unavailed leaves, as per term of service contract, up to balance sheet date.

#### 3.15 Proposed dividend and transfer between reserves

Dividends declared and transfer between reserves, except appropriations which are required by law, made subsequent to the balance sheet date are considered as non-adjusting events. These are recognised in the financial statements in the period in which such dividends are declared / transfers are made.

#### 3.16 Revenue recognition

#### Income from finance lease

Finance method is used in accounting for recognition of income from lease financing. Under this method, the unearned lease income (the excess of aggregate lease rentals and the residual value over the cost of leased asset) is deferred and then taken to profit and loss account over the term of lease period, applying the annuity method so as to produce a constant rate of return on the outstanding balance in net investment in lease. Front-end fees, documentation charges, gains / (losses) on termination of lease contracts and other lease related income are taken to profit and loss account when they are realised.

Unrealised finance income in respect of non-performing lease finance is held in suspense account, where necessary, in accordance with the requirements of the NBFC Regulations issued by the SECP.

#### Income from loans and advances, investments and other sources

Mark-up income / interest on advances and returns on investments are recognised on a time proportion basis using the effective interest method, except that mark-up income / interest / return on non-performing advances and investments is recognised on a receipt basis in accordance with the requirements of the NBFC Regulations issued by the SECP. Interest / return / mark-up on rescheduled / restructured advances and investments is recognised as permitted by the aforementioned regulations, except where, in the opinion of the management, it would not be prudent to do so.

Gains / (losses) arising on sale of investments are included in the profit and loss account in the period in which they arise.

FOR THE YEAR ENDED JUNE 30, 2012

Dividend from equity securities is recognised when the Group's right to receive the dividend is established.

Commission income and fees are taken to the profit and loss account when the services are provided and when right to receive the fees is established.

Return on bank deposits are recognised on time proportionate basis.

Remuneration for investment advisory and asset management services are recognised on an accrual basis.

Brokerage, consultancy and advisory fee, commission on foreign exchange dealings and government securities etc. are recognised as and when such services are provided.

Other income is recognised as and when earned.

#### 3.17 Foreign currency transactions

Transactions in foreign currencies are accounted for in Pak rupees at the rate of exchange ruling on the date of transactions. Monetary assets and liabilities in foreign currencies are translated into Pak rupees at the rate of exchange prevailing on the balance sheet date. Exchange gain / (loss) is charged to current year's income. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of initial transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rate at the date when the fair value was determined.

#### 3.18 Operating segment

The Group has structured its key business areas in four segments in a manner that each segment becomes a distinguishable component of the Group that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The business segments within the Group have been categorised into the following classifications of business segments.

#### (a) Business segments

The Group's activities are broadly categorised into four primary business segments namely financing activities, investment activities, brokerage activities and asset management services.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured consistently with operating profit or loss in the financial statements.

### Financing activities

Financing activities include providing long-term and short-term financing facilities to corporate and individual customers including lease financing.

FOR THE YEAR ENDED JUNE 30, 2012

#### **Investment activities**

Investment activities include money market activities, investment in government securities, advisory services, capital market activities and the management of the Group's liquidity.

#### **Brokerage activities**

Brokerage activities include brokerage services offered to retail and institutional clients.

#### Asset management services

Asset management services include the services provided for the management of collective investment schemes.

#### (b) Geographical segments

The operations of the Group are currently based only in Pakistan.

#### 3.19 Financial instruments

All the financial assets and financial liabilities are recognised at the time when the Group becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the Group looses control of the contractual rights that comprise the financial assets. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or expired. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to profit and loss account.

#### 3.20 Offsetting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet if the Group has a legally enforceable right to set-off the recognised amounts and also intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

#### 4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

4.1 The preparation of financial statements requires the use of certain critical accounting judgments and estimates, that effect the reported amount of revenue, expenses, assets and liabilities. Estimates and judgments are continually evaluated and are based on historic experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, estimated results may differ from actual. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

FOR THE YEAR ENDED JUNE 30, 2012

In the process of applying the Group's accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

- i) Determination and measurement of useful life and residual value of property and equipment (notes 3.1.1 and 6.1)
- ii) Amortisation of intangible assets (notes 3.1.2 and 6.2)
- iii) Classification and valuation of investments (notes 3.2, 8 and 16)
- iv) Impairment of investments (notes 8.1, 8.2 and 16.5)
- v) Classification and provision of loans and advances, net investment in finance lease, trade debts interest, markup and profit accrued and other receivables (notes 3.8, 9.4, 11.4, 17, 18 and 19)
- vi) Provision for taxation and deferred tax (notes 3.9, 12 and 43)

# 5. STANDARDS, INTERPRETATIONS AND AMENDMENTS TO APPROVED ACCOUNTING STANDARDS THAT ARE NOT YET EFFECTIVE

The following revised standards, amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard or interpretation and amendments:

Effective date (annual periods beginning on or after)

#### Standard, interpretation or amendment

IAS 1 –	Presentation of Financial Statements – Presentation of items of comprehensive income	July 01, 2012
IAS 12 –	Income Taxes (Amendment) - Recovery of Underlying Assets	January 01, 2012
IAS 19 –	Employee Benefits – (Amendment)	January 01, 2013
IAS 32 –	Offsetting Financial Assets and Financial liabilities – (Amendment)	January 01, 2014
IFRIC 20 -	- Stripping Costs in the Production Phase of a Surface Mine	January 01, 2013

The Group expects that the adoption of the above revisions, amendments and interpretations of the standards will not affect the Group's financial statements in the period of initial application, except for certain additional disclosures.

FOR THE YEAR ENDED JUNE 30, 2012

In addition to the above, the following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.

	Standards			annual periods on or after)			
	IFRS 10 – Consolidated Financial Statements		January	01, 2013			
	IFRS 11 – Joint Arrangements		January	January 01, 2013			
	IFRS 12 – Disclosure of Interests in Other Entities	January 01, 2013					
	IFRS 13 – Fair Value Measurement		January	01, 2013

**<sup>6.1.1</sup>** Cost and accumulated depreciation at the end of the year includes Rs.43.551 million (2011: Rs.31.703 million) in respect of fully depreciated assets still in use.

FOR THE YEAR ENDED JUNE 30, 2012

- **6.1.2** During the year, IGI Bank reassessed the useful life of its leasehold improvements and furniture and fittings from 5 to 10 years. Had the estimate in respect to the life of the assets not been changed, the loss for the year would have been higher by Rs.3.339 million and carrying amount of fixed assets would have been lower by the same amount.
- 6.1.3 The above represents office premises, transferred in the name of IGI Bank against partial settlement of finances of Rs.25 million. The fair value of the same as at June 24, 2011, amounted to Rs.23 million, which has been arrived at on the basis of valuation carried out by Rizvi Associates (Pvt) Limited. The valuation was arrived at by reference to detailed inspection of the subject property and numerous independent market inquiries from local evaluators in the vicinity and on the basis of present physical condition and location of the property.

7.1 Investment property includes property located at 7th Floor, Nacon House, MDM Wafai Road, Karachi given to tenant on rental basis. During the year, management carried out fair value exercise and the fair value of the property on the basis of valuation carried out by Rizvi Associates (Private) Limited as at April 14, 2012 was Rs.11.666 million (2011: Rs.25.149 million). Management believes that the fair value of the property will not be significantly different as at June 30, 2012. The rental income for the year ended June 30, 2012 from this property amounted to Rs.Nil (2011: Rs.1.878 million).

- 9.1.1 Maximum aggregate amount outstanding at the any time during the year was Rs.1.434 million (2011: Rs.1.8 million).
- 9.2 These represent loans provided to employees of the Group for purchase of house, vehicles and for other general purposes. These loans carry mark-up at rate 13.61% (2011: 12.91% to 14.82%) per annum and are repayable on monthly basis over a period ranging from 1 to 2 years (2011: 2 to 20 years).

FOR THE YEAR ENDED JUNE 30, 2012

- 9.3 These loans carry mark-up at rates ranging from 13.82% to 17.50% (2011: 7.5% to 24%) per annum and are repayable over periods ranging from 1 to 7 years (2011: 1 to 5 years) from the date of disbursement. Repayment terms vary from monthly basis to repayments at maturity. These loans are secured against mortgage of properties and hypothecation of vehicles.
- 9.4 Long-term loans include Rs.249.658 million (2011: Rs.162.669 million) relating to loans due from companies, organisations and individuals which have been classified as non-performing as per the requirements of the NBFC Regulations issued by the SECP. The provision held against these loans are as follows:

		2012			2011

- 11.2 The Group has entered into various lease agreements for period of 1 to 7 years (2011: 1 to 7 years). The rate of return implicit in the leases ranges from 12.00% to 18.00% (2011: 12.00% to 20.00%) per annum. Generally, leased assets are held as securities. In certain instances, the Group has also obtained additional collateral in the form of personal guarantees.
- 11.3 The direct expenses incurred in relation to lease such as documentation charges, stamp duty etc. are reimbursed to the Group by the respective lessees and net balance representing excess / short reimbursement, if any, is taken to profit and loss account. However, there are no material initial direct costs associated with lease receivables.

#### 11.4 Provision for lease losses

		2012			2011

Closing balance	126,071		126,071	213,724		213,724

- 11.4.1 Based on the NBFC Regulations, the aggregate net exposure in finance leases which have been placed under non-performing status amounted to Rs.341.786 million (2011: Rs.345.859 million) against which a provision of Rs.126.071 million (2011: Rs.213.724 million) has been made after deducting the value of collateral (i.e. forced sale value) amounting to Rs.115.906 million (2011: Rs.8.234 million). The total income suspended against the non-performing parties amounted to Rs.72.611 million (2011: Rs.66.305 million).
- As at June 30, 2012, IGI Bank's investment in leasing business was less than twenty percent of its assets which is not in accordance with Regulation 13 of the NBFC Regulations which requires that a Non-Banking Finance Company (NBFC) engaged in leasing, investment finance services or housing finance services or any combination thereof, shall invest atleast twenty percent of its assets in each such form of business. In the event that the takeover as referred to in note 1.1.3 above does not materialise, IGI Bank will devise a strategy to revive its leasing business as per the guidance provided by and with the approval of the Board of Directors.
- 11.6 This includes Rs.262.034 million representing overdue lease receivables at the year end against which no provision has been made by the Group as the Group holds equivalent amount of security deposits from the respective lessees.

FOR THE YEAR ENDED JUNE 30, 2012

12.

	Note	2012 (Rupe	2011 es in '000)

Impairment against unlisted term finance certificates and equity securitie	S	104,693	84,601
		744,883	539,279
Deferred tax liabilities arising in respect of:			
Accelerated tax depreciation		(80,452)	(84,097)
-	12.4	664,431	455,182

12.1 IGI Bank has an aggregate amount of Rs.876.229 million (2011: Rs.294.022 million) in respect of unabsorbed tax losses as at June 30, 2012. The management of IGI Bank believes that based on the projections of future taxable profit, it would be able to realise only part of these tax losses in the future. Accordingly, deferred tax asset on unused tax losses at the end of the current year has been restricted to Rs.109.260 million (2011: Rs.102.908 million).

The management of IGI Bank has prepared financial projections which have been approved by the Board of Directors of IGI Bank. The said projections involve certain key assumptions underlying the estimation of future taxable profits projected in the plan including injection of fresh equity to meet Minimum Capital Requirement. The determination of future taxable profits is most sensitive to certain key assumptions such as equity injection, cost to income ratio of IGI Bank, deposit composition, growth of certificates of deposit, advances and leases, investment returns, potential provision against assets etc. A significant change in the key assumptions may have an effect on the realisability of the deferred tax asset. The management believes that it is probable that IGI Bank will be able to achieve the profits projected in the financial projections and consequently the deferred tax asset accounted for in the financial statements will be fully realised in the future.

12.2 IGI Finex has an aggregate amount of Rs.192.407 million (2011: Rs.92.597 million) in respect of unabsorbed tax losses as at June 30, 2012 on which it has recognised deferred tax asset amounting to Rs.67.343 million (2011: Rs.32.409 million) which represents the management's best estimate of the probable tax benefit which is expected to be realised in future tax years.

The management of IGI Finex has prepared financial projections which have been approved by the Board of Directors of IGI Finex. The said projections involve certain key assumptions underlying the estimation of future taxable profits projected and consideration for tax planning opportunities with respect to provision write-offs. The determination of the future taxable profits takes into account various assumptions regarding the future business, economic and market conditions. A significant change in the assumptions used may impact the realisability of the deferred tax asset. The management of IGI Finex believes that it is probable that IGI Finex will be able to achieve the profits projected in the financial projections and consequently the deferred tax asset will be fully realised in the future.

12.3 IGI Funds has an aggregate amount of Rs.137.722 million (2011: Rs.144.872 million) in respect of unabsorbed tax losses as at June 30, 2012 on which the management has recognised deferred tax asset of Rs.48.202 million (2011: Rs.50.705 million). Based on five year projections, the management believes that there would be enough taxable profits against which deferred tax asset created on unused tax losses can be utilised.

	Provision against reverse repurchase receivables		(21,374)	-
		15.1	92,626	114,000

15.1 The balance represents receivable against reverse repurchase transaction of IGI Finex with another brokerage house (customer). The reverse repurchase deals were renewed until last year and mark-up was being accrued at rates ranging from 18% to 19% per annum until June 30, 2011. The customer was unable to settle the balance due to financial difficulties. The balance is secured against shares listed on stock exchange valued at Rs.54.016 million as at June 30, 2012 and ten shops located at Fortress Stadium Lahore valued at Rs.38.610 million. The shops were valued by Ms. Hamid Mukhtar and Co. (Pvt) Limited on February 22, 2012. The shares received as collateral are in the custody of IGI Bank. The management has made a provision of Rs.21.374 million in these financial statements being the difference between the original amount of Rs.114.000 million and security value of Rs.92.626 million. In addition, the management has also made a provision of Rs.12.440 million against accrued mark-up on reverse repurchase transaction (note 19).

The securities received against the receivable balance are in the name of IGI Finex, however, the management considers these securities as collateral against the overdue reverse repurchase receivable and it does not intend to dispose off these assets.

During the year, the Group has not recognised mark-up income on reverse repurchase receivable in these financial statements in accordance with the Group's accounting policy, which requires recognising mark-up income only when it is probable that the economic benefits associated with the transaction will flow to the Group.

FOR THE YEAR ENDED JUNE 30, 2012

17.1.1 As at June 30, 2012, the management of IGI Finex analysed receivable balances and identified few parties the balances of which were overdue and were not considered recoverable. The management has also been charging mark-up on these balances until June 30, 2011. After careful consideration and taking into account the custody value as at June 30, 2012, the management has made a provision against these balances including accrued mark-up thereon (see note 19).

During the year, IGI Finex has not recognised mark-up income on overdue balances in these financial statements in accordance with the Group's accounting policy, which requires recognising mark-up income only when it is probable that the economic benefits associated with the transaction will flow to the Group.

Federal excise duty receivable from customer		1.941	_
Other receivables		25,583	25,583
Receivable from lessees in satisfaction of claims		20,703	20,186
Receivable against settlement of fund placement	18.4	13,750	13,750
		61,977	59,519
Less: Provision for bad and doubtful receivables	18.4 & 18.5	(61,977)	(54,219)
		78,098	162,210

- **18.1** This represents the deposit held against exposures arising out of trading in securities in accordance with the regulations of the Karachi Stock Exchange (Guarantee) Limited. Interest is earned on the deposit at rates as decided by the Exchange.
- 18.2 This includes fees paid in advance to Securities and Exchange Commission of Pakistan (SECP) for the renewal of license to undertake "Investment Advisory Services" and "Asset Management Services" under the NBFC Regulation, 2008 for the period of three years commencing from May 14, 2010.
- 18.3 Included herein (a) a sum of Rs.2.3 million (2011: Rs.2.3 million) representing an amount deposited with Honorable High Court of Sindh (SHC) in respect of assets repossessed and sold subsequently upon termination of lease contract. (b) the formation cost of Rs.1 million (2011: Rs.1.043 million) incurred on account of IGI Pak Brunei Income Plus Fund. The SECP has agreed to adjust the amount being the authorisation fee of the IGI Pak Brunei Income Plus Fund against any other fund to be launched by the Group in the future.
- 18.4 This represents outstanding receivable from Saudi Pak Leasing Company Limited (SPLCL) in accordance with the settlement agreement entered into between IGI Bank and SPLCL in the prior period. This balance is pending settlement through transfer of lease receivables by SPLCL. The said amount has been fully provided for in the current year's financial statements due to low chances of recovery of the remaining balance in the future.

23.	ADVANCE AGAINST ISSUE OF PREFERENCE SHARES	Note	2012 2011 (Rupees in '000)		
	Advance against issue of preference shares	23.1	650,000	-	

23.1 IGI Finex received a subordinated loan of Rs.650 million on December 20, 2011 under a Loan Subordination Agreement (LSA) entered into between IGI Finex and Mr. Syed Babar Ali, Chairman – IGI Bank and a key sponsor of IGI Finex. The loan was interest free and was repayable in five years or upon fulfillment of certain conditions mentioned in LSA as the case may be. Thereafter, on December 27, 2011, IGI Finex entered into a Tripartite Agreement with Mr. Syed Babar Ali and IGI Bank whereby IGI Bank had undertaken to fully settle the loan on behalf of IGI Finex and as a result would have become lender to IGI Finex. The Tripartite Agreement was subject to legal and regulatory approvals and exemptions as would have been required by IGI Bank for the said transaction.

On June 29, 2012, IGI Finex and Mr. Syed Babar Ali entered into a Subscription Agreement whereby IGI Finex and Mr. Syed Babar Ali agreed to supersede the LSA and to convert the subordinated loan into Preference Shares to be issued by IGI Finex to Mr. Syed Babar Ali in terms of this Agreement. Under the agreement it was also mutually decided between Mr. Syed Babar Ali, IGI Finex and IGI Bank that the Tripartite Agreement stands terminated by virtue of execution of Subscription Agreement. The Subscription Agreement provides for issue of 65,000,000 preference shares at the rate of Rs.10 per share and these shares will be non-voting, non-redeemable, non-convertible and non-cumulative. IGI Finex has undertaken to take steps for issuance and allotment of preference shares to Mr. Syed Babar Ali and to complete all requisite formalities in that connection, including, without limitation: (a) increase of the authorised capital, (b) passing of special resolution, (c) amendment of the Articles of Association, and (d) obtaining of all official approvals, in particular, the approval of the SECP.

Since IGI Finex is in the process of completing formalities for issuance of preference shares, the amount has been reported as advance against issue of preference shares.

**32.3** The Workers' Welfare Ordinance, 1971 was amended vide Finance Act, 2008 by virtue of which, IGI Fund is also liable to pay Workers' Welfare Fund at the rate of 2% of accounting profit or declared income as per income tax return, whichever is higher.

#### 33. CONTINGENCIES AND COMMITMENTS

#### 33.1 Taxation

(a) The provision for taxation has been computed by IGI Bank at the rate applicable to a public company. In the original assessments made by the Deputy Commissioner of Inland Revenue (DCIR), the rate for the assessment years 1991-1992 to 2000-2001 applied in computing the tax liability was that applicable to a banking company. However, in the appeals filed against the original assessments, the Commissioner of Inland Revenue (Appeals) [CIR(A)] directed the DCIR to apply the rate applicable to a public company. Subsequent to the order of CIR(A), the Income Tax Department filed appeals before the Appellate Tribunal Inland Revenue (ATIR) against the orders of CIR(A). The ATIR, in its decisions in respect of assessment years 1991-1992 to 1997-1998 held that investment banks are not banking companies and therefore the rate of tax applicable to a public company should be applied while determining the tax liability, whereas the departmental appeals for the remaining years are pending before the ATIR. Subsequent to the decision of ATIR for assessment years 1991-92 to 1997-98, the department had filed appeals against the ATIR orders before the Honourable Lahore High Court which are pending to date.

FOR THE YEAR ENDED JUNE 30, 2012

In respect of the aforementioned matter the Federal Board of Revenue had given its consent to the proposal of Director General, LTU, Lahore to withdraw the appeals relating to the tax status of investment banks.

In the original assessment made by the DCIR for the assessment years 1995-96 to 2000-01, dividend income was taxed by applying the tax rate applicable to the business income of a banking company instead of applying the reduced tax rate of 5% as prescribed by the law. The CIR(A) and the ATIR through their various orders have confirmed that such income is taxable at the reduced rate of 5% in respect of assessment years 1995-96 to 1997-98. However the tax authorities have filed appeals against the orders of ATIR before the Lahore High Court which are pending to date. In similar appeals of other companies, the Lahore High Court has already decided the matter of taxation of dividend income against the taxation authorities.

In addition to the above matters, the taxation authorities have also disallowed certain expenses and made additions to taxable income on account of lease key money, lease rentals, excess perquisites and miscellaneous expenses in respect of various assessment years against which IGI Bank has filed appeals before the CIR(A). The CIR(A) has deleted the majority of the additions against which the tax authorities have filed appeals before the ATIR which are currently pending.

- (b) The returns for the tax years 2003, 2004, 2005, 2006 and 2007 filed by IGI Bank were amended by the Taxation Officer who raised a net demand aggregating to Rs.13.319 million by making certain additions. These additions included additions on account of initial depreciation on leased assets, allocation of expenses to dividend and exempt income, loss on maturity / termination of lease, initial depreciation on leased vehicles, inadmissible provision and other miscellaneous items.
  - IGI Bank filed appeals before the CIR(A) to agitate against the additions made by the Taxation Officer. The CIR(A) while disposing off the appeals, deleted certain additions and allowed certain remand backs aggregating to Rs.627.543 million.
  - However, the CIR(A) confirmed the remaining additions made by the Taxation Officer as enumerated above, against which, IGI Bank has filed appeals (or is in the process of filing appeals) before the ATIR which are pending adjudication. IGI Bank is confident that the pending appeals will be decided in favor of IGI Bank.
- (c) If the pending appeals / matters as referred to in (a) and (b) above are decided against IGI Bank, an additional provision of Rs.291.925 million (2011: Rs.199.700 million) would be required in the financial statements. Based on the previous decisions, the management is confident that the eventual outcome of the above matters will be decided in favour of IGI Bank, and hence, no provision has been made in these financial statements.
- (d) During the year, the Commissioner Inland Revenue, has selected the case of IGI Finex for audit of the tax year 2010 under Section 177 of the Income Tax Ordinance, 2001. The audit proceedings have been initiated by the tax department and proceedings are under process.
- 33.2 During the year, a brokerage house filed a lawsuit against IGI Finex in the High Court of Sindh for recovery of Rs.18.433 million together with mark-up on debit balances outstanding in his books and records on account of various transactions. IGI Finex has, thus far, filed a counter affidavit against the application filed by the complainant to seek an interim order. IGI Finex is yet to file a written statement in this lawsuit. IGI Finex has also filed a lawsuit against the same brokerage house and the ex-official of IGI Finex in the High Court of Sindh to recover the outstanding balance appearing in IGI Finex's books of account before provision. The lawsuits are pending litigations and both the management and legal counsel are of the view that there is a reasonable probability of IGI Finex's success in both lawsuits.

35.	INCOME FROM LOANS AND ADVANCES	Note	2012 (Rupe	2011 es in '000)
	Mark-up / interest on loans and advances Documentation charges and other loan related income		14,915 209 15,124	36,064 666 36,730
36.	INCOME FROM LEASE FINANCE			
	Mark-up on lease finance Front-end fees, documentation charges, other		21,674	72,839
	lease related income and termination losses - net		(1,907) 19,767	4,116 76,955
37.	REMUNERATION FROM FUNDS UNDER MANAGEMENT	- NET		
	Management fee and sales load - net	37.1, 37.2 & 37.3	49,484	44,720

37.1 Management fee for services rendered by IGI Funds has been calculated by applying the management fee rate of 1.25%, 2%, 1.5%, 0.8%, 1% and 1.75% for IGI Income Fund, IGI Stock Fund, IGI Islamic Income Fund, IGI Money Market Fund, IGI Aggressive Income Fund and IGI Capital Protected Fund respectively on the average annual net assets of the respective funds determined on a daily basis in accordance with the provisions of the NBFC Regulations, 2008.

FOR THE YEAR ENDED JUNE 30, 2012

- 37.2 The above amount is stated net of management fee sharing of Rs.14.949 million (2011: Rs.18.482 million) and sales load sharing of Rs.6.793 million (2011: Rs.3.417 million). The sharing of management fee and sales load has been deteremined and recorded as per the agreements. This has been netted off as the management considered that this represents sharing of income on account of the management fee and sales load instead of expenses.
- 37.3 The Funds managed by the Group have not made a provision against WWF on the basis of a clarification issued by the Ministry of Labour and Manpower and based on the advise of legal advisor appointed by the MUFAP. Had the provision of WWF been made by the Funds, the impact of such on the management fee and profit for the year would have reduced by Rs.0.413 million (2011: Rs.0.105 million).

<sup>\*</sup> It includes amount of Rs.0.6 million (2011: Rs.0.6 million) in respect of consultancy fee paid to Mr. Javed Masud, who is a non-executive director. The remaining balance pertains to remuneration paid to Executive Director, a non-executive director.

<sup>\*\*</sup> The number of persons does not include those who resigned during the year but remuneration paid to them is included in the above amounts. During the year ex-CEO was replaced with an existing non-executive director of the Company who has taken charge as the new Chief Executive. The new Chief Executive is not drawing any remuneration from the Company.

FOR THE YEAR ENDED JUNE 30, 2012

46.2.1 The Chief Executive and certain Executives of IGI Finex are provided with free use of Company owned and maintained vehicles.

**46.2.2** No meeting fees were paid to any of the Directors for attending the board meetings.

#### 46.3 IGI Funds

The aggregate amounts charged in the financial statements for the year in respect of remuneration, including all benefits, to the Chief Executive and other Executives of IGI Funds are as follows:

FOR THE YEAR ENDED JUNE 30, 2012

#### 50. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial liabilities, other than derivatives, comprise term finances, certificate of deposits, borrowings, trade and other payables. The main purpose of these financial liabilities is to raise finances for the Group's operations and to provide guarantee to support its operations. The Group has lease, loan, lendings, investments, trade debts, other receivables and cash and short-term deposits that arrive directly from its operations. The Group also holds available-for-sale investments, held to maturity investments and enters into derivative transactions.

The Group is exposed to market risk, credit risk and liquidity risk.

The Group's senior management oversees the management of these risks. The Group's senior management is supported by a Asset and Liability Committee (ALCO committee) that advises on financial risks and the appropriate financial risk governance framework for the Group. The ALCO committee provides assurance to the Group's senior management that the Group's financial risk-taking activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Group policies and Group risk appetite.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarised below.

#### 50.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices. The Group is exposed to market risk as a result of mismatches or gaps in the amounts of financial assets and financial liabilities that mature or reprice in a given period. The Group manages this risk by matching the repricing of financial assets and liabilities through risk management strategies.

Market risk mainly comprises of currency risk, interest rate risk and equity price risk.

#### 50.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group, at present is not exposed to significant currency risk.

#### 50.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market interest rates. The Group is mainly exposed to mark-up / interest rate risk on its loans and advances, net investment in finance lease, lendings, investments, long-term finance, certificates of deposit and borrowings with fixed and floating interest rates. The Group manages its interest rate risk by having a balance between floating and fixed interest rate financial instruments.

FOR THE YEAR ENDED JUNE 30, 2012

Yield / interest rate sensitivity position for on balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

for off-balance sheet instruments is ba	sed on the settleme	ont date.	Exposed	l to yield / market r	ate risk

FOR THE YEAR ENDED JUNE 30, 2012

#### 50.1.3 Equity risk

The Group's listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Group manages the equity price risk through diversification and placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Group's senior management on a regular basis. The Group's Board of Directors reviews and approves all equity investment decisions.

#### 50.2 Credit risk and concentrations of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Group attempts to control credit risk by monitoring credit exposures, limiting transactions to specific counterparties and continually assessing the credit worthiness of counterparties.

Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of an entity's performance to developments affecting a particular industry.

The Group follows two sets of guidelines. It has its own operating policy and the management of the Group also adheres to the regulations issued by the SECP. The operating policy defines the extent of fund and non-fund based exposures with reference to a particular sector or group.

The Group seeks to manage its credit risk through diversification of financing activities to avoid undue concentrations of credit risk with individuals or groups of customers in specific locations or businesses. It also obtains securities when appropriate. Details of the composition of loans and lease portfolios of the Group are given below:

#### 50.3 Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet the commitments associated with financial instruments. To safeguard this risk, the Group has diversified its funding sources and assets are managed with liquidity in mind, maintaining a healthy balance of cash and cash equivalents and readily marketable securities. The maturity profile of assets and liabilities is monitored to ensure adequate liquidity is maintained. The Group has the ability to mitigate any short-term liquidity gaps by disposal of short-term investments and the availability of liquid funds at short notice.

FOR THE YEAR ENDED JUNE 30, 2012

The table below summarises the maturity profile of the Group's assets and liabilities. The contractual maturities of assets and liabilities at the year-end have been determined on the basis of the remaining period at the balance sheet date to the contractual maturity date and do not take account of the effective maturities as indicated by the Group's history and the availability of liquid funds. Assets and liabilities not having a contractual maturity are assumed to mature on the expected date on which the assets / liabilities will be realised / settled.

FOR THE YEAR ENDED JUNE 30, 2012

#### 51. CAPITAL RISK MANAGEMENT

As stated in note 1, the Group comprises of the following companies:

- 1 IGI Bank
- 2. IGI Finex
- 3. IGI Funds

The objective of managing capital and the policies and processes followed for its management relating to each of the above companies is disclosed below:

#### **IGI Bank**

Capital requirements applicable to IGI Bank are set and regulated by the SECP. These requirements are put in place to ensure sufficient solvency margins. IGI Bank manages its capital requirements by assessing its capital structure against the required level on a regular basis. The present issued, subscribed and paid up capital of IGI Bank adequately covers the minimum levels specified by the aforementioned regulations for the year ended June 30, 2012.

#### **IGI Finex**

The primary objective of IGI Finex's capital management is to maintain healthy capital ratios, strong credit rating and optimal capital structures in order to ensure ample availability of finance for its existing and potential investment projects, to maximise shareholder value and reduce the cost of capital.

IGI Finex manages its capital structure and makes adjustment to it, in light of changes in economic conditions. In order to maintain or adjust the capital structure, IGI Finex may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

IGI Finex finances its operations through equity including advance against preference shares, borrowing and management of its working capital with a view to maintain an approximate mix between various sources of finance to minimise risk.

#### **IGI Funds**

IGI Funds' objectives when managing capital are:

- to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for the shareholders and benefits for other stakeholders; and
- to maintain a strong capital base to support the sustained development of its business together with investor, creditor and market confidence and to sustain future development of the business.

As per the Regulation 4 and Schedule 1 of NBFC Regulation, 2008 and SRO 764 of 2009 the minimum equity requirement for asset management services is Rs.150 million and for investment advisory services is Rs.30 million. As at June 30, 2012 IGI Fund's total shareholder's equity is Rs.170.266 million. However to date, no action from authority has been taken.

#### 52. FINANCIAL INSTRUMENTS WITH OFF BALANCE SHEET RISK

(a) IGI Finex purchases and sells securities as either principal or agents on behalf of its customers. If either the customer or a counterparty fails to perform, IGI Finex may be required to discharge the obligation on behalf of the non-performing party. In such circumstances, IGI Finex may sustain a loss if the market value of the security is different from the contracted value of the transaction less any margin deposits that IGI Finex has on hand. Where the customer operates through institutional delivery system, IGI Finex is not exposed to this risk.

The majority of IGI Finex's transactions, and consequently, the concentration of its credit exposure are with the customers and other financial institutions in case of money market brokerage. IGI Finex seeks to control its credit risk through a variety of reporting and controls procedures, including establishing credit limits based upon a review of the counterparties' financial condition. IGI Finex monitors collateral levels on a regular basis and requests changes in collateral level as appropriate or if considered necessary.

FOR THE YEAR ENDED JUNE 30, 2012

(b) IGI Finex enters into security transactions on behalf of its customers involving future settlement. IGI Finex has entered into transactions that gives rise to future settlement, the unsettled amount as on June 30, 2012 of these future transactions is Rs.29.932 million (2011: Rs.247.474 million). Transactions involving future settlement give rise to market risk, which represents the potential loss that can be caused by a change in the market value of a particular financial instrument. The credit risk for these transactions is limited to the unrealised market valuation losses which have been recorded in the statement of accounts of the customers. As explained above, credit risk is controlled through a variety of reporting and controls procedures.

#### 53. FAIR VALUE OF FINANCIAL INSTRUMENTS

53.1 As at June 30, 2012, the fair values of all financial instruments are based on the valuation methodology outlined below:

#### (a) Finances and certificates of deposit

For all finances (including leases, loans and advances and trade debts) the fair values have been taken at carrying amounts as these are not considered materially different from their fair values based on the current yields / market rates and repricing profiles of similar finance and deposit portfolios.

#### (b) Investments

The fair values of quoted investments are based on quoted market prices. Unquoted investments, except where an active market exists, are carried at cost less accumulated impairment, if any, which approximates their fair value in the absence of an active market.

#### (c) Other financial instruments

The fair values of all other financial instruments are considered to approximate their carrying amounts.

**Shares Registrar** 

IGI Investment Bank's shares department is operated by Noble Computer Services (Private) Limited serving 3,797 shareholders. It is managed by a well-experienced team of professionals and is equipped with the necessary infrastructure in terms of computer facilities and comprehensive set of systems and procedures for conducting the Registration function.

The Shares Registrar has online connectivity with Central Depository Company of Pakistan Limited. It undertakes activities pertaining to dematerialization of shares, share transfers, transmissions, issue of duplicate/re-validated dividend warrants, issue of duplicate/ replaced share certificates, change of addresses and other related matters.

For assistance, shareholders may contact either the Registered Office or the Shares Registrar Office.

## INFORMATION FOR SHARE HOLDERS

#### Service Standards

IGI Investment Bank has always endeavored to provide investors with prompt services. Listed below are various investor services and the maximum time limits set internally for their execution:

Service	For request received through post	Over the counter
Transfer of shares	45 Days after receipt	45 Days after receipt
Transmission of shares	45 days after receipt	45 Days after receipt
Issue of duplicate share certificate	45 Days after receipt	45 Days after receipt
Issue of duplicate dividend warrants	20 Days after receipt	20 Days after receipt
Issue of re-validated dividend warrants	10 Days after receipt	10 Days after receipt
Change of address	05 Days after receipt	05 Days after receipt

Well-qualified personnel of the Shares Registrar have been entrusted with the responsibility of ensuring that services are rendered within the set time limits.

#### **Statutory Compliance**

During the year, IGI Investment Bank has complied with all applicable provisions, filed all returns/forms and furnished all the relevant information as required under the Companies Ordinance, 1984 and allied rules, the Securities and Exchange Commission of Pakistan (SECP) Regulations and the listing requirements.

#### **Dematerialization of Shares**

The shares of IGI Investment Bank are under the compulsory dematerialization category. As of date approximately 97% of the equity shares of IGI Investment Bank have been dematerialized by the shareholders. Shareholders holding shares in physical form are requested to dematerialize their holdings at the earliest by approaching the depository participants registered with the CDC.

#### **Book Closure Dates**

The Register of Members and Share Transfer Books of IGI Investment Bank will remain closed from October 11, 2012 to October 18, 2012 (both days inclusive).

### **Annual General Meeting and Voting Rights**

Pursuant to section 158 of the Companies Ordinance, 1984, IGI Investment Bank holds a General Meeting of shareholders at least once a year. Every shareholder has a right to attend the General Meeting. The notice of such Meeting is sent to all the shareholders at least 21 days before the Meeting and also advertised in at least one English and one Urdu newspaper having circulation in Karachi, Lahore and Islamabad.

All shares issued by IGI Investment Bank carry equal voting rights. Generally, matters at the General Meetings are decided by a show of hands in the first instance. Voting by show of hands operates on the principle of "One Member-One Vote". If majority of shareholders raise their hands in favour of a particular resolution, it is taken as passed, unless a poll is demanded.

Since the fundamental voting principle in a company is "One Share-One Vote", voting takes place by a poll, if demanded. On a poll being taken, the decision arrived by poll is final, overruling any decision taken on a show of hands.

# INFORMATION FOR SHARE HOLDERS

#### **Proxies**

Pursuant to Section 161 of the Companies Ordinance, 1984 and according to the Memorandum and Articles of Association of IGI Investment Bank, every shareholder of IGI investment Bank who is entitled to attend and vote at a General Meeting of IGI Investment Bank, can appoint another person as his/her proxy to attend and vote instead of himself/herself. Every notice calling a General Meeting of IGI Investment Bank contains a statement that a shareholder entitled to attend and vote is entitled to appoint a proxy, who needs not be a member of IGI Investment Bank

The instrument appointing a proxy (duly signed by the shareholder appointing that proxy) should be deposited at the office of IGI Investment Bank not less than 48 hours before the meeting.

#### Shareholders' Grievances

IGI Investment Bank received the following correspondence / complaints during the year:

Nature of correspondence / complaint by shareholders	Received during the year	Addressed during the year	Complaints pending as on June 30, 2012
Non-receipt of annual/half-yearly/quarterly reports	0	0	0
