COMPANY PROFILE

Jubilee General Insurance Company Limited, established in 1953, is one of the most reputed and brightest names in the insurance sector. Sustained growth over sixty years has secured Jubilee General a place among the “Big Three” Pakistani insurers in terms of gross direct premium and financial base. Jubilee General is listed on the Karachi and Lahore Stock Exchanges. Major shareholders include, Aga Khan Hospital and Medical College Foundation, Habib Bank Limited, Aga Khan Fund for Economic Development and Hashoo Group. Jubilee General, with its Head Office in Karachi, has an extensive and dynamic branch network in all major cities and towns of Pakistan that guarantees prompt service at the customer’s doorstep.

Jubilee General is the highest rated general insurance company in Pakistan with an Insurer Financial Strength Rating of “AA +” with “Stable Outlook” assigned by both the rating agencies of Pakistan i.e JCR-VIS and PACRA. The “AA+” with “stable

outlook” takes into account financial strength of the Company as demonstrated by its strong capitalization and liquidity indicators. It also denotes a very strong capacity of the Company to meet policyholder and contract obligations.

Jubilee General has also been accorded the Financial Strength Rating of “B++” (good) and issuer credit rating of “BBB” by A. M. Best which is the highest rating assigned by an International Rating Agency to a General Insurance Company in Pakistan. According to A.M. Best the rating reflects Jubilee General’s strong risk-adjusted capitalisation, solid business profile within Pakistan and good track record of operating performance and has developed good procedures in assessing, measuring and mitigating the key risks associated with the Company’s business. A. M. Best Company is the world’s oldest and most authoritative insurance rating and information source.

During the last eight years Jubilee General has grown at double the industry average growth rate.

In 2003, Jubilee General became the first Pakistani insurance company to acquire a foreign company when it took over the Pakistan operations of Commercial General Union.

The Company prides itself in its long-standing reinsurance arrangements and relationships with internationally renowned reinsurers such as Swiss Re, Lloyds, Hannover Re, Asia Capital Re and Korean Re. The company is also supported by internationally acclaimed reinsurance brokers including AON Group, Willis, Marsh, Howden and UIB.

With a broad spectrum of services available, Jubilee General's client-base comprises prominent national and multinational corporations operating in Pharmaceutical, Chemical, Textile, Cement, Services (Hospitals & Hotels), Oil & Energy, Manufacturing, FMCG, Engineering, Banking and Financial sectors.

At Jubilee General, diversity is maintained through underwriting all classes of general insurance including Fire, Marine, Motor, Engineering, Health and General Accident. Jubilee General not only offers wide risk coverage, but also provides related risk management services delivered by highly qualified and experienced risk managers. Jubilee General has developed unique and innovative insurance solutions to meet the growing consumer financing trends of the economy. From auto financing to personal loans, mortgages to plastic cards, and trade finance to capital investment finance, Jubilee General has the customised solutions to secure entire operations, product range and transactions of all financial institutions. With the stream of upcoming power, engineering and infrastructure development projects on the national level, our Engineering & Bonds Department, comprising of the most experienced engineers in the industry, is geared to provide technical and financial security to this vital sector.

As pioneers in Group Health Insurance, Jubilee General continues to develop new, flexible and customised plans to suit the diverse needs of our many blue chip Pakistani companies and multinational clients. Jubilee General has recently modified its health insurance products with better coverage and scalable limits.

Jubilee General continues to innovate in terms of product development and distribution channels, as well as customer service which is the corner stone of our business philosophy.

In this regards the Company has recently ventured to put up its personal lines products on the internet by virtue of which, Jubilee General has become the first insurer in Pakistan to offer its products online. Already Jubilee General's online portal boasts of a variety of Travel, Home, Personal Accident and Health insurance products. More innovations in this area are expected in the near future.

The true test of the soundness of insurance coverage is the duration of client relationships. This is proven by the fact that many valued clients have been with us for over 40 years. Clients are satisfied knowing that Jubilee General is their best security.

Jubilee General's business philosophy can be summed up as Customer Protection, Customer Satisfaction and Customer Trust. This is acquired largely by the ability to handle claims effectively. The customer focus and pro-active management approach in all areas of business, allows Jubilee General to underwrite and handle claims in an expeditious and efficient manner.

CODE OF CONDUCT

Our Integrity guides our conduct towards our policyholders, colleagues, shareholders and the general public. This principle constitutes the foundation of our code of conduct and ethics as under:

- Compliance with law and the legal system is a fundamental principle for Jubilee. Every employee, agent and director shall obey the laws and regulations of the legal systems in letter and spirit within which he / she acts. Regardless of the sanctions foreseen by the law, any director, employee or an agent guilty of a violation will be liable to disciplinary consequences related to such violation.
- Respect for personal integrity, privacy and personal right of every individual is a fundamental principle. We work together with individuals of various backgrounds, ethnic types, different cultures, gender, religions, ages and disabilities.
- We compete fairly with the quality and the price of our innovative products and services, not by offering improper benefits to others. Employees are not permitted to use their jobs to solicit, to demand, accept, obtain or be promised advantages.
- Jubilee does not make political contributions (donations to politicians, political parties or political organizations). As a responsible member of society and a good corporate citizen, Jubilee makes donations for education, health, and social and humanitarian projects.
- It is Jubilee's objective to conduct business with reputable clients and business partners who are involved in lawful business activities. We do not facilitate money laundering.
- It is the duty of Jubilee employees to make business decisions in the best interest of Jubilee Insurance and not based on their personal interest.
- Jubilee employees are obligated to protect all assets of the Company, including intangible assets and software products, and use these properly only for the benefit of the Company.
- Open and effective communication requires accurate and truthful reporting. Jubilee is required to maintain sound processes and controls so that transactions are executed within approved authorization. Confidentiality is maintained with regard to Jubilee's proprietary information that has not been made known to public.
- Protecting the health and safety of employees in the workplace is a high priority for Jubilee. Jubilee promotes sound environment friendly business practices.

Statement U/S 160(1)(b) of the Companies Ordinance, 1984

This statement sets out the material facts concerning "Special Business" to be transacted at the 61st Annual General Meeting of the Company to be held on Thursday, April 24, 2014.

(i) Increase in the Authorized Capital of the Company - Item # 5

The Company presently has an Authorized Share Capital of Rs. 1,500,000,000 divided into 150,000,000 Ordinary Shares of Rs.10 each of which 136,443,542 Ordinary Shares are fully subscribed issued and paid up.

In order to facilitate future increases in the paid up capital, the Board of Directors of the Company has recommended that the Authorized Share Capital of the Company should be raised from Rs.1,500,000,000 divided into 150,000,000 Ordinary Shares of Rs.10 each to Rs.2,000,000,000 divided into 200,000,000 Ordinary Shares of Rs.10 each by the creation of a further 50,000,000 Ordinary Shares of Rs.10 each. For this purpose the Board of Directors has also recommended that the resolution set forth at item No.5 under the heading of special business of the notice convening the Annual General Meeting of the Company should be passed as a Special Resolution.

(ii) Capitalization out of the Company's unappropriated profit / reserves - Item # 6

The Directors of the Company are of the view that the Company's financial position justifies the capitalization of a sum of Rs. 204,665,310 out of the Company's unappropriated profits/reserves enabling the issuance of 20,466,531 fully paid Bonus Shares of Rs.10 each. These Shares shall be issued to Members whose names appear in the Register of Members at the close of business on April 14, 2014. The Bonus Shares shall be issued in the proportion 15 (Fifteen) Shares for every 100 (Hundred) Shares held by a Member. After the issuance of these Bonus Shares, the paid up capital of the Company would increase from Rs. 1,364,435,420 to Rs. 1,569,100,730.

The Directors of the Company are not directly or indirectly, personally interested in this business except to the extent of their respective shareholding in the Company.

THE DIRECTORS' REPORT

For the year ended December 31 2013

The Directors are pleased to present the Annual Report and the Audited Accounts for the year ended December 31 2013.

Country Review:

According to the State Bank of Pakistan, the GDP growth rate for the current fiscal year 2013-14 will be in the range of 3 to 4% against the official projection of 4.4%. Once again, Pakistan's economy is expected to under-perform compared to the region. Overall fiscal deficit is estimated to be in the range of 7% of GDP against the budgetary target of 6.3%. The indicated current account deficit of 1 to 2% of GDP are contingent upon a number of inflows including foreign exchange remittances by overseas Pakistanis. Fiscal 2013 was a frustrating year for the economy, with prospects for the current year being equally grim. The low tax to GDP ratio will continue to force the government to rely increasingly on the banking system to fund the budget deficit consequently slowing down credit disbursement to the private sector and badly hurt the real economy which is reeling in the face of acute energy crisis and a poor law and order situation.

Insurance Sector Review:

Gross premium of the non-life insurance sector grew by 5% in 2012 to Rs.44 billion. However, in 2013 the growth in premium is expected to be between 8-10%. Thus after a gap of many years, growth in the non-life insurance market is expected to match rather than lag behind the rate of inflation. The unsatisfactory rate of premium growth will continue to place rate competition especially in Marine and Motor portfolios under further pressure. Floods in August and some major Fire claims are forcing the market to maintain Fire premium rates. The market is keenly awaiting the implementation of new Takaful and Microinsurance Rules for diversification and to increase revenues.

Company Performance:

On the strength of its diversified portfolio, your Company has increased its written premium by 9% to reach Rs.6.60 billion (2012: Rs.6 billion). The net premium revenue has increased more robustly by 14% to Rs.3.5 billion (2012: Rs.3.1 billion). As evident from the numbers summarized below, the pre-tax and after tax profit has also increased on the back of both higher investment and underwriting income:

	2013	2012
	(Rupees in '000)	
		(Restated)
Gross Premium	6,569,306	6,007,908
Net premium Revenue	3,525,777	3,084,738
Underwriting Result	223,275	154,350
Investment Income including		
Capital gain and Rent	980,036	783,011
Profit before tax	1,220,202	946,001
Profit after tax	1,045,315	826,498
Earnings per share of Rs.10 each (Rupees)	7.66	6.06

Fire & Property:

The Fire & Property portfolio contributed 26% of total written premium and grew by 8% to Rs.1.7billion.

The portfolio was affected by flood and some other large claims to post an underwriting loss of Rs.111 million as compared to profit of Rs.2 million in 2012.

Marine, Aviation & Transport:

This portfolio contributes 11% of the total written premium and increased by 12% to Rs.693 million.

This class of business generated an underwriting profit of Rs.60 million which is almost the same as in 2012.

Motor:

The Motor portfolio comprises 14% of our total written premium and increased by 5% to Rs.922 million. Due to various management measures, Motor portfolio yielded a robust underwriting profit of Rs.115 million as compared to Rs.34 million in 2012.

Liability:

The Liability portfolio constitutes 8% of the total written premium at Rs.505 million. It grew robustly by 44% due to enhanced oil/gas exploration activity in the country and yielded an underwriting profit of Rs.46 million (Rs.37 million in 2012).

Accident & Health:

Accident & Health constitutes 12% share in the business mix of the Company. The written premium increased by 14% to Rs.792 million. Due to various underwriting measures and changes in the basis of calculating unearned premium reserve, the underwriting loss has decreased to Rs.49million from Rs.68 million in 2012. The Management is continuing to take measures to make this portfolio profitable.

Miscellaneous:

The Miscellaneous class contributed 30% of total written premium. It increased nominally by 3% to reach Rs.2 billion. Due to prudent underwriting, the profit in this class of business continues to improve and stands at Rs.163 million as against Rs.86 million recorded in 2012.

Investment Income:

The investment income of the Company from all sources including dividends, returns on bank deposits, realized capital gains and income from real estate holdings generated Rs.980million in 2013(Rs.783 million in 2012) a robust increase of 25%.

The investment portfolio as on December 31, 2013 shows an unrealized gain of Rs.3,379 million inclusive of appreciation of Rs.1,648 million in our real estate holdings.

Market Share:

Your Company has been increasing its market share steadily over the years. Our market share which stood at 7.6% in 2005 increased to 13.6% in 2012. We expect a further gain in 2013, which will come to light when industry statistics are compiled by the Insurance Association of Pakistan.

Reinsurance:

Inflows of fresh capital and lower than average catastrophe claims have allowed the international reinsurance market to remain stable in general. However, finding suitable reinsurance arrangements remain a challenge for the Pakistan insurance market due to its lack of economies of scale and also because in recent years it has been prone to catastrophic flood claims. Jubilee General, however, has been able to enhance its reinsurance capacity thereby, providing higher capacity to its clients and to write a larger volume of business.

Product Development:

Your Company has enhanced its reputation as the most innovative general insurer by placing a bouquet of personal products on-line. The Company is developing a host of e-based products and investing in partnerships to reach a wider segment of customers. Simultaneously the Company continues to develop knowledge-based products to stay ahead of competition. We believe in continuous training and re-training of our manpower to ensure responsiveness to the fast changing environment.

The Board of Directors appoints the Chief Executive Officer for the tenure of three years. The Human Resource & Remuneration Committee of the Board sets operational, financial and strategic objectives to evaluate his performance. The same Committee reviews and monitors CEO performance on annual basis.

Statement of Directors Responsibilities:

In compliance with the Corporate and Financial Reporting Framework of the Code of Governance the Directors confirm the following:

- the financial statements, prepared by the management of the Company, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- proper books of accounts of the Company have been maintained.
- appropriate accounting policies have been consistently applied in preparation of Financial Statements and accounting estimates are based on reasonable and prudent judgment.
- International Financial Reporting Standard as applicable in Pakistan have been followed in the preparation of financial statements and any departure there from has been adequately disclosed.
- the system of internal control is sound in design and has been effectively implemented and monitored.
- there are no significant doubts upon the Company's ability to continue as a going concern.
- there is no material departure from the best practices of corporate governance, as detailed in the listing regulations.

Insurer Financial Strength (IFS) Rating

The Directors are pleased to announce that Jubilee General's IFS (Insurers Financial Strength) rating has been affirmed as "AA+" with "Stable Outlook" by both rating agencies of Pakistan i.e. JCR-VIS and Pakistan Credit Rating Agency (PACRA).

The "AA+" with "Stable Outlook" takes into account robust financial strength of Jubilee General as demonstrated by its strong capitalization and liquidity indicators. It also denotes a very strong capacity of the Company to meet policyholder and contract obligations.

A. M. Best have also affirmed Financial Strength Rating of "B++" (Good) and issuer Credit rating of "BBB". According to A. M. Best, Jubilee General has established a solid business profile within Pakistan and has achieved a good level of diversification by line of business.

The above ratings make our Company the highest rated General Insurer of Pakistan.

Liquidity Management:

During the year, an amount of Rs.465 million (2012: Rs.849 million) has been generated from operating activities which are utilized in investment activities and payment of dividend to shareholders. The awards competition is jointly organized by the Institute of Chartered Accountants of Pakistan (ICAP) and Institute of Cost and Management Accountants of Pakistan (ICMAP) for the last 13 years to encourage and recognize excellence in annual corporate reporting as well as to promote corporate accountability and transparency through publication of timely information in a factual and reader friendly manner.

Financial Contribution to the National Exchequer:

The company has contributed Rs.1,170 million (2012: Rs.1,115 million) to the National Exchequer during the year in the form of direct and indirect taxes and other mandatory contributions.

Corporate Social Responsibility:

In 2013, Jubilee General was engaged in education and health initiatives under the ambit of a CSR drive.

With the growing addiction to Chalia and Gutka by the young Pakistanis, which causes mouth cancer, the Company, therefore, embarked on mass awareness campaign in collaboration with Pakistan Medical Association to publicize its hazardous effects. In consultation with Dr Qaiser Sajjad, a doctor, who assisted in developing a public service message and three radio spots were also developed and then aired via popular FM radio channels to reach the target audience.

This awareness campaign was extended to children of NGO - HOPE, and JGI organized "Poster Competition" in the school.

Donations are also made every year by the Company in the health, education and community service sectors. In the year 2013, the Company donated a sum of Rs. 11.57 million (Rs 8.09 million in 2012).

Human Resource Development:

The success of any good organization in this demanding business environment depends on the caliber of its employees. JGI places great emphasis on training and development activities, nurturing the potential of employees by upgrading their knowledge, skills and abilities.

The Company has its in-house training facility, and in addition, employees are also sent to external training courses both locally and internationally. Besides this, JGI also encourages and provides financial assistance to its employees to acquire internationally recognized insurance qualification i.e. ACII from the Chartered Insurance Institute of UK and Post - Graduate Diploma in Insurance from Karachi University.

Sports Activities:

The Company is also committed towards the development of sports activities and the employees are highly encouraged to engage themselves in organizing and participating both in in-house and Inter-Company sporting competitions. Regular in-house cricket tournaments are organized.

Since Messrs Ernst & Young Ford Rhodes Sidat Hyder were the auditors of the Company for five (5) years, therefore, in compliance with the requirement of Code of Corporate Governance contained in the listing regulations of Karachi Stock Exchange, we have to change the external auditors for the year 2014.

The Audit Committee has suggested to the Board the name of Messrs KPMG Taseer Hadi & Company, Chartered Accountants as the auditors of the Company for the year 2014 and the Board of Directors recommends their appointment subject to the approval of the members in the AGM. Messrs KPMG Taseer Hadi & Company, Chartered Accountants, being eligible, have given their consent to act as auditors.

Future outlook:

While the USA economy is expected to grow 3% or more, the EC zone is struggling with a recession and China's growth has slowed down considerably. As mentioned in the opening section of this report, the Pakistan economy is beset with difficulties. However, the newly elected government is now firmly in saddle but expected to make difficult decisions and structural reforms.

Your Company is capable of meeting the challenges posed by difficult business environment and intends to leverage on its high IFS rating. IT system and product, innovation to achieve improved technical result, enhance our market position and build on our financial strength.

Acknowledgements:

We thank our valued patron clients and shareholders of the Company for their support which has enabled us to progressively increase our market share year after year. We also thank our brokers and reinsurers for their valuable support and would like to record our appreciation for the cooperation of Securities & Exchange Commission of Pakistan. We acknowledge the hard work and dedication of our development officers, staff members and executives without whom we could not have achieved our goals.

On behalf of the Board.

BUSINESS RISK MANAGEMENT

Risk management ensures an integrated pre-emptive approach to mitigate current and emerging business risks. The Board is committed to effectively manage its risk through the formulation of risk management policy and system. The Company continuously monitors and controls risk to the business. The following are the major risks faced by the Company and their Mitigating factors:

Risk	Mitigating factors
<p>Economic and Political Risk Difficult business conditions resulting from economic and political instability may prove to be an impediment in the plans of the Company to achieve its business objectives.</p>	<p>The Company has cautious approach to deal with such risks and develops niche products to maintain and increase its market share without compromising its profitability.</p>
<p>Market Risk The Company faces increased competition from existing players and new entrants including Takaful companies in insurance market.</p>	<p>The Company relies on its personalized service and customized products to retain its customer base and increase its market share.</p>
<p>Insurance Risk The risk under any insurance contract is the possibility that the insured event occurs and the uncertainty in the amount of compensation to the insured. Generally most insurance contracts carry the insurance risk for a period of one year.</p>	<p>The Company's risk exposure is mitigated by employing a comprehensive framework to identify, assess, manage and monitor risk underwritten under the insurance contract. This framework includes implementation of underwriting strategies which aim to ensure that the underwritten risks are well diversified in terms of type and amount of the risk. Adequate reinsurance is arranged to mitigate the effect of the potential loss to the Company from individual to large or catastrophic insured events.</p>
<p>Reinsurance Risk Reinsurance ceded do not relieve the Company from its obligation to the insured and as a result the Company remains liable for the portion of claims reinsured in case of inability of the reinsurer to discharge its obligation.</p>	<p>To minimize its exposure of losses from reinsurer insolvencies, the Company obtains reinsurance from a number of reinsurers, representing first class security and spread over several geographical regions. The Company also ensures that 80% of all reinsurance treaties are backed by atleast "A" rated reinsurers including Pakistan Reinsurance Company Limited and remaining by "BBB" rated.</p>
<p>Reserve Risk The Risk of inadequate reserve to meet future insurance obligations.</p>	<p>The Company has developed a policy to monitor and enhance reserves periodically to control this risk.</p>

Risk	Mitigating factors
<p>Credit Risk The Possibility that the insured may fail to discharged its obligation for payment of premium and cause the Company to incur a financial loss.</p>	<p>The Company attempts to control credit risk by monitoring credit exposures by undertaking transactions with a large number of counter parties in various industries and by continually assessing the credit worthiness of counter parties.</p>
<p>Investment Risk The changes in stock market, and interest rate may affect future cash flows of financial instruments.</p>	<p>The company limits investment risk by maintaining a diversified portfolio and by continuous monitoring of developments in equity, money market fund and term finance certificates (TFCs) markets. COMMENTS ON KEY FINANCIAL DATA

● Performance Ratios

- The overall Combined and Claims Ratios mostly remain in the range of 93 to 95% and 61 to 62% respectively over the years, except for the year 2010 in which these are impacted due to massive flood in the country.
- The Company is able to maintain its expense ratio in the range of 23 to 24% over the period of six years.
- The Company has managed healthy return on equity of over 20% in the last five years after facing huge Stock Market debacle in 2008.
- The Earnings per share has also improved to Rs. 7.66 per share from Rs. 4.81 in 2009.
- The Company's overall distribution to shareholders ranges from 45 to 50% over last six years and dividend yield has also increased to 4.29% in 2013 from 1.53% in 2008.

● Balance Sheet

- The Company's assets have increased by 136% to Rs. 12.8 billion from Rs. 5.4 billion at the end of 2008.
- The total investments of the company has increased to Rs. 8.3 billion (Book Value) as at 31 December, 2013 in comparison to Rs. 3.1 billion (Book Value) as at 31 December, 2008.
- The total equity and technical reserves are at Rs. 10.3 billion as at 31 December, 2013 in comparison to Rs. 4.6 billion as at 31 December, 2008.

● Profit and Loss Account

- The gross premium and net premium have increased by 86% and 61% respectively over the period of six years.
- After the stock market crash in 2008 the company is able to increase its investment income to Rs. 980 million in the year 2013 from Rs. 673 million in 2009.
- The profit before tax reached to Rs. 1.2 billion for the year 2013 in comparison to loss before tax of Rs. 179 million at the end of the year 2008, which shows 780% increase in PBT over the period of six years. This shows steady progress in bottom line over the years.

● Cash Flows

- The operating cash inflow of the company is to Rs. 465 million in the year 2013 in comparison to an operating cash outflow of Rs. 103 million in the year 2008. The healthy generation of cash inflow from operating activities is properly utilized in investment activities and payment of dividend to shareholders.
- Due to consistent policy of increasing paid up share capital by issuing bonus shares, the cash outflow of financing activities has gone up significantly over the years.

QUARTERLY ANALYSIS

Gross Premium

In comparison to same periods last year, growth in the first quarter premium was 9%. The premium for the second quarter was slightly lower; however, in the third quarter the premium of Rs. 2.0 billion was underwritten which shows growth of 31%. As per the past trend the premium for the fourth quarter was less, and the year was ended with the overall growth of 9% in the gross premium underwritten.

Underwriting Results

The underwriting results of all the quarters have remained positive, except the third quarter which is due to flood claims. The significant underwriting profit in the last quarter has increased the year end profit to Rs. 223 million which is due to financial impact of change in accounting estimate of calculating unearned premium of accident and health class and better performance of the company.

Investment Income

An increasing trend of investment income is followed in all the quarters of 2013. The first and second quarters have contributed 22% each and third & fourth quarters have contributed 28% each to the total investment income for the year.

Profit after Tax

The profit after tax in each quarter has remained stable, and has breached Rs. 1.0 billion mark for the year ended.

REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices (the Statement) contained in the Code of Corporate Governance (the Code) for the year ended 31 December 2013 prepared by the Board of Directors of Jubilee General Insurance Company Limited (the Company) to comply with the Listing Regulations of the respective Stock Exchanges, where Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement reflects the status of the Company's compliance with the provisions of the Code and report if it does not. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

Further, the Listing Regulations require the Company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended 31 December 2013.

STATEMENT OF COMPLIANCE WITH
THE CODE OF CORPORATE GOVERNANCE

For the year ended December 31, 2013

This statement is being presented to comply with the Code of Corporate Governance contained in the Regulation No. 35 of listing regulations of Karachi Stock Exchange and SRO 68(I)/2003 dated January 21, 2003 issued by Securities and Exchange Commission of Pakistan for the purpose of establishing a framework of good governance, whereby a listed insurance company is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the Code of Corporate Governance in the following manner:

1. The Company encourages representation of independent non-executive directors including those representing minority interest on its board of directors. At present all the directors on the board are non-executive directors.
2. The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this company (excluding the listed subsidiaries of listed holding companies where applicable).
3. All the resident directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a Banking company, a Development Financial Institution or a Non-Banking Financial Institution and they are not a member of any stock exchange.
4. No casual vacancies occurred in the Board during the year 2013.
5. The Company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the company.
6. The board has developed a vision / mission statement and overall corporate strategy. Significant policies of the Company have been developed and approved by the Board.
7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO and other executive directors, have been taken by the Board.
8. All the meetings of the Board were presided over by the Chairman and the Board met at least once in every quarter. - (ix) statement of investment income

of **Jubilee General Insurance Company Limited** (the Company) as at **31 December 2013** together with the notes forming part thereof, for the year then ended.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with the approved accounting standards as applicable in Pakistan and the requirements of the Insurance Ordinance, 2000 (XXXIX of 2000) and the Companies Ordinance, 1984 (XL VII of 1984). Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies used and significant estimates made by management, as well as, evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion:

- (a) proper books of account have been kept by the Company as required by the Insurance Ordinance, 2000 and the Companies Ordinance, 1984;
- (b) the financial statements together with the notes thereon have been drawn up in conformity with the Insurance Ordinance, 2000 and the Companies Ordinance, 1984, and accurately reflect the books and records of the Company and are further in accordance with accounting policies consistently applied, except for the changes as stated in note 5.1 to the financial statements with which concur;
- (c) the financial statements together with the notes thereon present fairly, in all material respects, the state of the Company's affairs as at **31 December 2013** and of the profit, its comprehensive income, its cash flows and changes in equity for the year then ended in accordance with approved accounting standards as applicable in Pakistan, and give the information required to be disclosed by the Insurance Ordinance, 2000 and the Companies Ordinance, 1984; and
- (d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of the Ordinance.

NOTES TO THE FINANCIAL STATEMENTS

For The Year Ended December 31, 2013

I. STATUS AND NATURE OF BUSINESS

Jubilee General Insurance Company Limited (the Company) is a public limited company incorporated in Pakistan on May 16, 1953. The Company is listed on the Karachi and Lahore Stock Exchanges and is engaged in general insurance business. The registered office of the Company is situated at 2nd Floor, Jubilee Insurance House, I.I. Chundrigar Road, Karachi.

2. BASIS OF PREPARATION

2.1 These financial statements have been prepared on the format of financial statements issued by the Securities and Exchange Commission of Pakistan (SECP) through Securities and Exchange Commission (Insurance) Rules, 2002 [SEC (Insurance) Rules, 2002], vide S.R.O. 938 dated December 12, 2002.

2.2 These financial statements have been prepared under the historical cost convention.

3. STATEMENT OF COMPLIANCE

3.1 These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984, the Insurance Ordinance, 2000 and SEC (Insurance) Rules, 2002. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984, Insurance Ordinance, 2000 and SEC (Insurance) Rules, 2002 shall prevail.

The SECP has allowed the insurance companies to defer the application of International Accounting Standard – 39 (IAS-39) "Financial Instruments: Recognition and Measurement" in respect of valuation of 'available-for-sale investments'. Accordingly, the requirements of IAS-39, to the extent allowed by SECP as aforesaid, have not been considered in the preparation of these financial statements.

3.2 ACCOUNTING STANDARDS NOT YET EFFECTIVE

The following revised standards, amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard:

Standard	Effective date (accounting periods beginning on or after)
IAS 32 – Offsetting Financial Assets and Financial liabilities – (Amendment)	January 01, 2014
IAS 36 – Recoverable Amount for Non-Financial Assets – (Amendment)	January 01, 2014
IAS 39 – Novation of Derivatives and Continuation of Hedge Accounting – (Amendment)	January 01, 2014
IFRIC 21 – Levies	January 01, 2014

The Company expects that the adoption of the above revisions and amendments of the standards will not materially affect the Company's financial statements in the period of initial application.

In addition to the above, the following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.

Standard	IASB Effective date (annual periods beginning on or after)
IFRS 9 – Financial Instruments: Classification and Measurement	January 01, 2015
IFRS 10 – Consolidated Financial Statements	January 01, 2013
IFRS 11 – Joint Arrangements	January 01, 2013
IFRS 12 – Disclosure of Interests in Other Entities	January 01, 2013
IFRS 13 – Fair Value Measurement	January 01, 2013

4. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of financial statements in conformity with the requirements of approved accounting standards as applicable in Pakistan requires management to make judgments / estimates and associated assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The judgments / estimates and associated assumptions are based on historical experience, current trend and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the estimates about carrying values of assets and liabilities that are not readily apparent from other sources.

Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In the process of applying the Company's accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

- (a) classification of insurance contracts (note 5.3);
- (b) provision for unearned premium (note 5.5);
- (c) provision for premium due but unpaid (note 5.6);
- (d) provision for outstanding claims (including IBNR) (note 5.7);
- (e) premium deficiency reserve (note 5.8);
- (f) accounting for employee benefit plans (note 5.9);
- (g) classification of investments (note 5.10);
- (h) determining the residual values and useful lives of fixed assets and investment properties (note 5.11 and 5.12);
- (i) allocation of management expenses (note 5.18);
- (j) recognition of taxation and deferred tax (note 5.19);
- (k) segment reporting (note 5.20);
- (l) impairment (note 5.23); and
- (m) provision for obligations (note 5.24).

4.1 Change in accounting estimate in respect of provision for unearned premium

Upto previous year, the provision for unearned premium of the Accident and Health insurance was calculated by applying twenty fourths method. During the year, the Company reassessed the basis for calculating the unearned premium reserve of Accident and Health insurance and to make it more accurate has applied 365 days method to determine the unearned premium provision liability at year end.

The above change has been accounted for as a change in accounting estimate in accordance with the requirements of International Accounting Standard (IAS-8) "Accounting Policies, Changes in Accounting Estimates and Errors" whereby the effect of this change is recognised prospectively by including the same in determination of profit and loss in the period of change, that is, during the current and future periods.

Had the accounting estimate not been changed, total liabilities and assets would have been higher by Rs.88,108 thousands and Rs.2,826 thousands, respectively, and profit after tax for the year ended December 31, 2013 and equity as at December 31, 2013 would have been lower by Rs.55,183 thousands. The earnings per share for the year ended would have also been lower by Re.0.41 per share.

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year, except as stated in note 5.1 below:

5.1 Change in accounting policy relating to Defined Benefit Plan

Amendments to IAS 19 "Employee Benefits" range from fundamental changes to simple clarification and rewording. The significant changes to IAS 19 include the following:

- For defined benefit plans, the ability to defer recognition of actuarial gains and losses (i.e., the corridor approach) has been removed. As revised, actuarial gains and losses are recognized in other comprehensive income when they occur. Amounts recorded in profit and loss are limited to current and past service costs, gains or losses on settlements, and net interest income (expense). All other changes in the net defined benefit asset (liability) are recognised in other comprehensive income with no subsequent recycling to profit and loss.
- The distinction between short-term and other long-term employee benefits will be based on the expected timing of settlement rather than the employee's entitlement to the benefits.
- Objectives for disclosures of defined benefit plans are explicitly stated in the revised standard, along with new or revised disclosure requirements. These new disclosures include quantitative information regarding the sensitivity of the defined benefit obligation to a reasonably possible change in each significant actuarial assumption.

This change in accounting policy has been accounted for retrospectively as required under International Accounting Standard - 8 'Accounting Policies, Changes in Accounting Estimates and Errors', and the comparative financial statements have been re-stated.

The effects of the retrospective application of the change in accounting policy are as follows:

	2013	2012
	(Rupees in '000)	
(Increase) / decrease in the staff retirement gratuity	(2,408)	2,008
Net (decrease) / increase in equity	<u>(2,408)</u>	<u>2,008</u>
Increase in opening unappropriated profit	2,008	9,961
Decrease in Other Comprehensive Income (OCI)	(4,416)	(7,875)
Decrease in profit and loss account	-	(78)
Net (decrease) / increase in equity	<u>(2,408)</u>	<u>2,008</u>

The cumulative effect of the above change is not considered material. Accordingly, third balance sheet as of January 01, 2012 has not been presented in these financial statements.

5.2 Adoption of new and amended International Financial Reporting Standards (IFRSs)

The Company has adopted the following new and amended IFRS and IFRIC interpretations which became effective during the year:

Standard or interpretation

- IAS 1 – Presentation of Financial Statements –
Presentation of items of other comprehensive income (Amendment)
- IAS 19 – Employee Benefits – (Revised)
- IFRS 7 – Financial Instruments: Disclosures – (Amendments)
– Amendments enhancing disclosures about offsetting
of financial assets and financial liabilities
- IFRIC 20 – Stripping Costs in the Production Phase of a Surface Mine

Improvements to Accounting Standards Issued by the IASB

- IAS 1 – Presentation of Financial Statements -
Clarification of the requirements for comparative information
- IAS 16 – Property, Plant and Equipment – Clarification of Servicing Equipment
- IAS 32 – Financial Instruments: Presentation – Tax Effects
of Distribution to Holders of Equity Instruments
- IAS 34 – Interim Financial Reporting – Interim Financial Reporting
and Segment Information for Total Assets and Liabilities

The adoption of the above standards, amendments, interpretations and improvements did not have any material effect on the financial statements, except as disclosed in note 5.1.

5.3 Insurance contracts

Insurance contracts are those contracts under which the Company as insurer has accepted insurance risk from the insurance contract holder (insured) by agreeing to compensate the insured if a specified uncertain future event (the insured event) adversely affects the insured. Once a contract has been classified as an insurance contract, it remains an insurance contract for the remainder of its tenure, even if the insurance risk reduces significantly during this period, unless all rights and obligations are extinguished or expire.

Insurance contracts are classified into following main categories, depending on the nature and duration of risk and whether or not the terms and conditions are fixed

- Fire and property
- Marine, aviation and transport
- Motor
- Liability
- Accident and health
- Miscellaneous

These contracts are normally one year insurance contracts except Marine and some contracts of Fire and property and miscellaneous class. Normally all marine insurance contracts and some fire and property contracts are of three months period. In miscellaneous class, some engineering insurance contracts are of more than one year period, whereas, normally travel insurance contracts expire within one month time.

These contracts are provided to all types of customers based on assessment of insurance risk by the Company. Normally personal insurance contracts e.g. vehicle, travel, personal accident, etc. are provided to individual customers, whereas, insurance contracts of fire and property, marine, aviation and transport, accident and health and other commercial line products are provided to commercial organizations.

Fire and property insurance contracts mainly compensate the Company's customers for damage suffered to their properties or for the value of property lost. Customers who undertake commercial activities on their premises could also receive compensation for the loss of earnings caused by the inability to use the insured properties in their business activities.

Marine Insurance covers the loss or damage of vessels, cargo, terminals, and any transport or property by which cargo is transferred, acquired, or held between the points of origin and final destination.

Motor insurance provides protection against losses incurred as a result of theft, traffic accidents and against third party liability that could be incurred in an accident.

Liability insurance contracts protects the insured against the risk of causing harm to third parties as a result of their legitimate activities. Damages covered include both contractual and non-contractual events.

Accident and health insurance contract mainly compensate Hospitalisation and outpatient medical coverage to the insured.

Other various types of insurance are classified in miscellaneous category which includes mainly engineering, terrorism, personal accident, worker compensation, travel, products of financial institutions, livestock and crop insurance etc.

The Company also accepts insurance risk pertaining to insurance contracts of other insurer as reinsurance inward. The insurance risk involved in these contracts is similar to the contracts undertaken by the company as insurer. All reinsurance inward contracts are facultative (specific risk) acceptance contracts except retrocession business with Pakistan Reinsurance Company Limited (PRCL).

5.4 Reinsurance contracts held

These are contracts entered into by the Company with reinsurers for compensation of losses suffered on insurance contracts issued. These reinsurance contracts include both facultative and treaty arrangement contracts and are classified in same categories of insurance contracts for the purpose of these financial statements. The Company recognizes the entitled benefits under the contracts as various reinsurance assets.

5.5 Provision for unearned premium

The provision for unearned portion of premiums is calculated by applying twenty fourths' method, except Accident and Health Insurance for which unearned premium is calculated by applying 365 days method. As prescribed by SEC (Insurance) Rules, 2002.

The deferred portion of reinsurance premium is recognized as a prepayment. The deferred portion of reinsurance premium ceded is calculated by using twenty fourths' method.

5.6 Receivables and payables related to insurance contracts

Receivables and payables relating to insurance contracts are recognized when due. These include premiums due but unpaid, premium received in advance, premiums due and claims payable to insurance contract holders. These are recognized at cost, which is the fair value of the consideration given less provision for impairment, if any.

If there is an objective evidence that any premium due but unpaid is impaired, the Company reduces the carrying amount of that insurance receivable and recognizes the loss in profit and loss account.

Provision for impairment in premium receivables is estimated on a systematic basis after analysing the receivables as per their ageing.

5.7 Provision for outstanding claims including Incurred But Not Reported (IBNR)

A liability for outstanding claims is recognized in respect of all claims incurred as at the balance sheet date which represents the estimates of the claims intimated or assessed before the end of the accounting year and measured at the undiscounted value of expected future payments. Provision for outstanding claims include amounts in relation to unpaid reported claims, claims incurred but not reported (IBNR) and expected claims settlement costs.

Provision for liability in respect of unpaid reported claims is made on the basis of individual case estimates.

Provision for IBNR is made for the cost of settling claims incurred but not reported at the balance sheet date, on the basis of management's judgment and the Company's prior experience.

The Company takes advice from actuary for the determination of IBNR claims at the year end. The actuary recommends that month wise factor based on an analysis of the past claims reporting pattern be applied to estimation of provision for IBNR. The historic claim lag triangle method is used for determination of month wise factor for each class of business. Accordingly, provision has been made based on IBNR factors applied on incurred claims recommended by the actuary.

Reinsurance recoveries against outstanding claims and salvage recoveries are recognized as an asset and measured at the amount expected to be received.

5.8 Premium deficiency reserve

The Company is required as per SEC (Insurance) Rules, 2002, to maintain a provision in respect of premium deficiency for the class of business where the unearned premium reserve is not adequate to meet the expected future liability, after reinsurance from claims, and other supplementary expenses expected to be incurred after the balance sheet date in respect of the unexpired policies in that class of business at the balance sheet date. The movement in the premium deficiency reserve is recorded as an expense in the profit and loss account.

No provision has been made as the unearned premium reserve for each class of business as at the year end is adequate to meet the expected future liability after reinsurance from claims and other expenses, expected to be incurred after the balance sheet date in respect of policies in force at balance sheet date.

The Company determines adequacy of liability of premium deficiency by carrying out analysis of its loss ratio of expired periods. For this purpose average loss ratio of last three years inclusive of claim settlement cost but excluding major exceptional claims are taken into consideration to determine ultimate loss ratio to be applied on unearned premium. The liability of premium deficiency in relation to Accident and Health insurance is calculated in accordance with the advice of the actuary.

5.9 Employee benefit plans

5.9.1 Defined benefit plan

The Company operates an approved defined gratuity scheme for all its permanent employees who attain the minimum qualification period for entitlement to gratuity. Contributions to the fund are made based on actuarial recommendations. The most recent actuarial valuation was carried out for the year ended December 31, 2013 using the Projected Unit Credit Method.

The Company has adopted IAS 19 (revised) as mentioned in note 5.1. Actuarial gains or losses are recognised in other comprehensive income when they occur. Amounts recorded in profit and loss are limited to current and past service costs, gains or losses on settlements and net interest income (expense). Previously, actuarial gains or losses in excess of 10% of the present value of defined benefit obligation and fair value of plan assets, whichever was higher, were recognized over the expected average remaining working life of the employees in the profit and loss account.

5.9.2 Defined contribution plan

The Company contributes to a provident fund scheme which covers all permanent employees. Equal contributions are made both by the Company and the employees to the fund at the rate of 8.33 percent of basic salary.

5.9.3 Employees' compensated absences

The Company accounts for the liability in respect of eligible employees' compensated absences in the period in which they are earned.

5.10 Investments

5.10.1 Recognition

All investments are initially recognized at cost, being the fair value of the consideration given and include transaction costs, except for investment at fair value through profit or loss in which case transaction costs are charged to the profit and loss account. These are recognized and classified as follows:

- Investment at fair value through profit or loss
- Held to maturity
- Available-for-sale

5.10.2 Measurement

5.10.2.1 Investment at fair value through profit or loss

- Investments which are acquired principally for the purposes of generating profit from short term fluctuation in price or are part of the portfolio in which there is recent actual pattern of short term profit taking are classified as held for trading.
- Investments which are designated at fair value through profit or loss upon initial recognition.

Subsequent to initial recognition, these investments are premeasured at fair value. Gains or losses on investments on remeasurement of these investments are recognised in profit and loss account.

5.10.2.2 Held to maturity

Investments with fixed maturity, where management has both the intent and the ability to hold to maturity, are classified as held to maturity.

Subsequently, these are measured at amortised cost less provision for impairment, if any. Any premium paid or discount availed on acquisition of held to maturity investment is deferred and amortised over the term of investment using the effective yield.

These are reviewed for impairment at year end and any losses arising from impairment in values are charged to the profit and loss account.

5.10.2.3 Available-for-sale

Investments which are intended to be held for an undefined period of time but may be sold in response to the need for liquidity, changes in interest rates, equity prices or exchange rates are classified as available-for-sale.

Quoted

Subsequent to initial recognition at cost, quoted investments are stated at the lower of cost or market value (market value on an individual investment basis being taken as lower if the fall is other than temporary) in accordance with the requirements of the SEC (Insurance) Rules, 2002 vide S.R.O. 938 dated December 2002. The Company uses stock exchange quotations at the balance sheet date to determine the market value.

Had the Company adopted International Accounting Standard (IAS) 39 "Financial Instruments: Recognition and Measurement" in respect of recognition of gain / loss on remeasurement of available-for-sale securities directly into equity, the investments of the Company would have been higher by Rs.1,191,732 thousands and the net equity would have increased by the same amount.

Unquoted

Unquoted investments are recorded at cost less accumulated impairment losses, if any.

5.10.2.4 Investment in associates - equity method

Investments in associates, where the Company has significant influence but not control, are accounted for by using the equity method of accounting. These investments are initially recognised at cost and the carrying amount with investor's share of the profit and loss, distribution received and change in the comprehensive income of the investee at the end of each reporting period. After application of the equity method, the Company determines whether it is necessary to recognize any impairment loss with respect to the Company's net investment in the associate.

5.10.2.5 Date of recognition

Regular way purchases and sales of investments that require delivery within the time frame established by regulations or market convention are recognised at the trade date. Trade date is the date on which the Company commits to purchase or sell the investment.

5.11 Investment property

Investment properties are accounted for under the cost model in accordance with approved International Accounting Standard (IAS) 40, "Investment Property" and S.R.O. 938 issued by the Securities and Exchange Commission of Pakistan.

- Leasehold land is stated at cost.
- Building on leasehold land is depreciated to its estimated salvage value on straight line basis over its useful life, which is estimated to be 40 - 80 years.
- Installations forming a part of building on leasehold land but having separate useful lives are depreciated at the rate of 10 percent under the straight line method.

Depreciation policy, subsequent capital expenditure on existing properties and gains or losses on disposals are accounted for in the same manner as tangible fixed assets.

5.12 Fixed assets

5.12.1 Tangibles

These are stated at cost less accumulated depreciation and impairment loss, if any. Depreciation is charged over the estimated useful life of the asset on a systematic basis to income applying the straight line method at the rates specified in note 22 to the financial statements. The assets' residual values, useful lives and method are reviewed and adjusted if appropriate at each financial year end.

Depreciation on additions is charged from the month the assets are available for use. While on disposal, depreciation is charged up to the month in which the assets are disposed off.

Subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the items will flow to the company and the cost of the item can be measured reliably. Maintenance and normal repairs are charged to profit and loss account currently.

An item of tangible fixed asset is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit and loss account in the year the asset is derecognized.

5.12.2 Intangibles

These are stated at cost less accumulated amortisation and impairment loss. Amortisation is charged over the estimated useful life of the asset on a systematic basis to income applying the straight line method at the rates specified in note 22 to the financial statements.

Amortisation is calculated from the month the assets are available for use. While on disposal, amortisation is charged up to the month in which the assets are disposed off.

Software development costs are only capitalised to the extent that future economic benefits are expected to be derived by the Company.

5.13 Premium income

Premiums including administrative surcharge under a policy are recognised as revenue at the time of issuance of insurance policy.

Revenue from premiums is determined after taking into account the unearned portion of premiums. The unearned portion of premium income is recognised as a liability.

Reinsurance premium is recognised as expense after taking into account the proportion of deferred premium expense which is calculated using twenty fourths method. The deferred portion of premium expense is recognised as a prepayment.

Pakistan Reinsurance Company Limited (PRCL) retrocession business is booked on the basis of PRCL statements.

5.14 Commission

Commission expense incurred in obtaining and recording policies is deferred and recognised as an expense in accordance with pattern of recognition of premium revenue.

Commission and other forms of revenue (apart from recoveries) from reinsurers are deferred and recognised as liability and recognised in the profit and loss account as revenue in accordance with the pattern of recognition of the reinsurance premiums.

5.15 Rental income

Rental income from investment properties is recognised on accrual basis.

5.16 Investment income

- Income from held to maturity investments is recognised on a time proportion basis taking into account the effective yield on the investments. The difference between the redemption value and the purchase price of the held to maturity investments is amortised and taken to the profit and loss account over the term of the investment.
- Dividend income is recognised when the company's right to receive the payment is established.
- Gain / loss on sale of available-for-sale investments is included in income currently.
- Return on fixed income securities classified as available-for-sale is recognised on a time proportion basis taking into account the effective yield on the investments.
- Return on bank deposits is recognised on a time proportion basis taking into account the effective yield.

5.17 Dividend declaration and reserve appropriation

Dividend declaration and reserve appropriation are recognized when approved.

5.18 Expenses of management

Expenses of management have been allocated to various classes of business as deemed equitable by management. Expenses not allocable to the underwriting business are charged under general and administration expenses.

5.19 Taxation

5.19.1 Current

Provision of current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year, if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments finalized during the current year for such years.

5.19.2 Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences at the balance sheet date between the tax bases and carrying amounts of assets and liabilities for financial reporting purposes. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date. Deferred tax is charged or credited in the profit and loss account, except in the case of items credited or charged to equity in which case it is included in equity.

Deferred tax is provided on temporary differences arising on investments in associates stated under equity method of accounting.

5.20 Segment reporting

A business segment is a distinguishable component of the Company that is engaged in providing services that are subject to risks and returns that are different from those of other business segments. The Company accounts for segment reporting of operating results using the classes of business as specified under the Insurance Ordinance, 2000 and the SEC (Insurance) Rules, 2002 as the primary reporting format.

Based on its classification of insurance contracts issued, the Company has six primary business segments for reporting purposes namely fire, marine, motor, accident and health, liability and miscellaneous. The nature and business activities of these segments are disclosed in note 5.3.

Assets and liabilities are allocated to particular segments on the basis of premium earned. Those assets and liabilities which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated corporate assets and liabilities. Depreciation and amortisation are allocated to a particular segment on the basis of premium earned.

5.21 Currency transactions

5.21.1 Functional and presentational currency

The financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency.

5.21.2 Foreign currency translations

Foreign currency transactions during the year are recorded at the exchange rates approximating those ruling on the date of the transaction. Monetary assets and liabilities in foreign currencies are translated at the rates of exchange which approximate those prevailing on the balance sheet date. Gains and losses on translation are taken to income currently. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

5.22 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are only offset and the net amount reported in the balance sheet when there is a legally enforceable right to set off the recognised amount and the Company intends to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

5.23 Impairment

The carrying amount of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment of any asset or group of assets. If such indication exists, the recoverable amount of the asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in profit and loss account. In addition impairment on available-for-sale investments, associates and reinsurance assets are recognised as follows:

Available-for-sale

The Company determines that available-for-sale equity investments are impaired when there has been a significant or prolonged decline in the fair value below its cost. This determination of what is significant or prolonged requires judgment. In making this judgment, the Company evaluates among other factors, the normal volatility in share price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology and operational and financing cash flows.

Associates

The Company determines that a significant or prolonged decline in the fair value of its investments in associates below their cost is an objective evidence of impairment. The impairment loss is recognized when the carrying value exceeds higher of fair value less cost to sell or value in use.

Reinsurance assets

The Company determines the impairment of the reinsurance assets by looking at objective evidence, as a result of an event that occurred after initial recognition of the reinsurance assets, which indicates that the Company may not be able to recover amount due from reinsurer under the terms of reinsurance contract. In addition the Company also monitors the financial ratings of its reinsurers on each reporting date.

5.24 Provisions

A provision is recognised in the balance sheet when the Company has a legal or constructive obligation as a result of past events, it is probable that an outflow of economic benefits will be required to settle the obligations and a reliable estimate can be made of the amount of the obligation.

5.25 Financial instruments

Financial instruments carried on the balance sheet include cash and bank, loans to employees, premiums due but unpaid, amount due from other insurers / reinsurers, accrued investment income, reinsurance recoveries against outstanding claims, sundry receivables, amount due to other insurers / reinsurers, accrued expenses, other creditors and accruals, deposits and other payables and unclaimed dividends.

All the financial assets and financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument and derecognized when the Company loses control of contractual rights that comprises the financial assets and in the case of financial liabilities when the obligation specified in the contract is discharged, cancelled or expired. At the time of initial recognition all financial assets and financial liabilities are measured at cost, which is the fair value of the consideration given or received for it. Any gain or loss on derecognition of financial assets and financial liabilities is taken to income currently.

This represents special reserve created for meeting catastrophic losses and dividend equalisation in future.

8. TAXATION-PROVISION LESS PAYMENTS

8.1 The Company has filed returns upto tax year 2013. The income tax assessments of the Company have been finalised upto and including assessment year 2002-2003 and tax years 2004, 2008, 2009 and 2010. The returns filed for tax years 2005, 2006, 2007, 2011, 2012 and 2013 are deemed to be orders under the provisions of section 120 of the Income Tax Ordinance, 2001 unless any amendments have been made by the tax authorities.

- 8.2 In the assessment order for the assessment year 2002-2003, made in prior years, certain items have been disallowed and further additional tax has been levied. The appeal against the order filed before the Commissioner of Inland Revenue (Appeals) (CIRA) has been decided mostly in favour of the Company. The Company filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) against the disallowance of certain items amounting to Rs.31,700 thousands. The ATIR has set aside disallowances and referred to Taxation Officer for reassessment proceedings. The tax provision amounting to Rs.11,110 thousands in this respect has been recorded by the Company in prior years.
- 8.3 During prior years, the Taxation Officer had passed an assessment order in respect of tax year 2004 consequent to finalisation of tax audit proceedings wherein the disallowances have been made on account of bad debts written off, amortisation of negative goodwill and allocation of expenses against dividend income. Further, the claim of tax credits has also not been allowed in full. The Company filed an appeal before the CIRA who maintained the order passed by the Taxation Officer except allocation of expenses against dividend income. The ATIR also maintained the order of CIRA. The Company has filed petition with the Honorable High Court of Sindh against the said disallowances. Income tax charge amounting to Rs.54,400 thousands in this respect has been recorded by the Company in prior years.
- 8.4 During prior years, the Taxation Officer had passed an assessment order in respect of tax year 2009 consequent to finalisation of tax audit proceedings in which disallowances have been made on account of bad debts, amortisation of premium, loss on disposal of assets and impairment in the value of investments. This resulted in aggregate tax liability after adjustment of brought forward loss of Rs.43,960 thousands which is already accounted for in prior years. The Company filed an appeal before the CIRA who maintained the disallowances made by the Taxation Officer. The Company's appeal before the ATIR is pending adjudication.
- 8.5 During prior years, the Taxation Officer had passed an assessment order in respect of tax year 2010 in which additions / disallowances were made on account of management expenses, rental income, provision for IBNR, etc. This has resulted in aggregate tax liability of Rs.165,730 thousand. The Company had made provision amounting to Rs.111,440 thousand against the same in prior years. The Company had filed an appeal before the CIRA against additions / disallowances. The CIRA has issued the appeal order by deleting the additions / disallowances made by the Taxation Officer in respect of management expenses and rental income. The CIRA has also set aside additions of provision for IBNR and contribution to provident fund for further verification of the Taxation Officer. This has resulted in a reduced tax liability of Rs.97,740 thousand. The tax department has filed an appeal with ATIR against the order issued by CIRA on certain disallowances which is decided in favour of the Company. The appeal effect order in this respect is still pending.

34. FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

34.1 Financial risk management objectives and policies

The Company is exposed to a variety of financial risks: market risk (comprising currency risk, interest rate risk, and other price risk), liquidity risk and credit risk that could result in a reduction in the Company's net assets or a reduction in the profits available for dividends.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

The Board of Directors has the overall responsibility for the establishment and oversight of the Company's risk management framework. There are Board Committees and Management Committees for developing risk management policies and its monitoring.

34.1.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and other equity prices. The Company manages the market risk by monitoring exposure on marketable securities by following internal risk management policies.

34.1.1.1 Interest rate risk exposure

Interest rate risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market interest rates. The Company invests in securities and has deposits that are subject to interest / mark-up rate risk. The Company limits interest / mark-up rate risk by monitoring changes in interest / mark-up rates in the currencies in which its cash and investments are denominated.

The information about Company's exposure to interest rate risk based on contractual repricing or maturity dates whichever is earlier is as follows:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Company's profit before tax and equity based upon average balances and rates:

	Increase / (decrease) in basis points	Effect on profit before tax	Effect on equity
		(Rupees in '000)	
December 31, 2013	100 (100)	18,735 (18,735)	12,365 (12,365)

34.1.1.2 Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in foreign exchange rates. The Company, at present, is not materially exposed to currency risk as majority of the transactions are carried out in Pak Rupees.

34.1.1.3 Other price risk

Other price risk is the risk that the fair value of future cash flows of financial instruments will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Company's listed securities are susceptible to market price risk arising from uncertainties about the future value of investment securities. The Company limits market risk by maintaining a diversified portfolio and by continuous monitoring of developments in equity, money market fund and term finance certificates (TFCs). In addition, the Company actively monitors the key factors that affect stock, money market and TFCs market.

The following table summarizes the Company's other price risk as of December 31, 2013 and 2012. It shows the effects of an estimated increase of 5% in the market prices as on those dates. A decrease of 5% in the fair values of the quoted securities would affect it in a similar but opposite manner.

	Fair value (Rupees in '000)	Price change	Effect on fair value (Rupees in '000)
December 31, 2013	7,683,020	+5% -5%	384,151 (384,151)
December 31, 2012	5,896,920	+5% -5%	294,846 (294,846)

34.1.2 Liquidity risk

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due under normal circumstances. To guard against the risk, the Company has diversified funding sources and assets are managed with liquidity in mind, maintaining a healthy balance of cash and cash equivalents and readily marketable securities. The maturity profile is monitored to ensure adequate liquidity is maintained.

The table below summarises the maturity profile of the Company's financial liabilities. The contractual maturities of these liabilities at the year end have been determined on the basis of the remaining period at the balance sheet date to the contractual maturity date. Financial liabilities not having a contractual maturity are assumed to mature on the expected date on which these liabilities will be settled.

34.1.3 Credit Risk

Credit risk is the risk, which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures by undertaking transactions with a large number of counter parties in various industries and by continually assessing the credit worthiness of counter parties.

34.1.3.1 Concentration of credit risk and credit exposure of the financial instruments

Concentration of credit risk arises when a number of counter parties have a similar type of business activities. As a result any change in economic, political or other conditions would affect their ability to meet contractual obligations in a similar manner. The Company manages concentration of credit risk through diversification of activities among individuals, groups and industry segment.

The Company is exposed to major credit risk on bank balances and deposits, Term Finance Certificates, premiums receivable from customers and co-insurers; and on commission and claim recoveries from re-insurers.

The credit quality of Company's bank balances can be assessed with reference to external credit ratings as follows:

Bank	Rating	Rating agency	2013	2012
			(Rupees in '000)	
Standard Chartered Bank (Pakistan) Limited	AAA	PACRA	463,521	426,611

			<u>990,323</u>	<u>1,253,335</u>

The credit quality of Company's quoted equity securities and mutual funds can be assessed as follows:

Rating	2013	2012
A or above	5,598,355	4,963,169
others	921,841	366,051
	<u>6,520,196</u>	<u>5,329,220</u>

The credit quality of Company's exposure in TFCs can be assessed as follows:

TFCs	Rating	Rating agency	2013	2012
			(Rupees in '000)	
Bank Al-Habib Limited	AA	PACRA	49,870	49,890

The management monitors exposure to credit risk in premium receivable from customers and amount due from Co-insurers through regular review of credit exposure and prudent estimates of provision for doubtful receivables as disclosed in note 17 and 18.

The credit quality of premium receivable from co-insurer, and for commission and claim recoveries from reinsurer can be assessed from external ratings disclosed in note 36.

35. INSURANCE RISK

The risk under any insurance contract is the possibility that the insured event occurs and the uncertainty in the amount of compensation to the insured. Generally, most insurance contracts carry the insurance risk for a period of one year.

The Company accepts insurance through issuance of general insurance contracts. For these general insurance contracts the most significant risks arise from fire, atmospheric disturbance, earthquake, terrorist activities and other catastrophes. For health insurance contracts, significant risks arise from epidemics.

The Company's risk exposure is mitigated by employing a comprehensive framework to identify, assess, manage and monitor risk. This framework includes implementation of underwriting strategies which aim to ensure that the underwritten risks are well diversified in terms of type and amount of the risk. Adequate reinsurance is arranged to mitigate the effect of the potential loss to the Company from individual to large or catastrophic insured events. Further, the Company adopts strict claim review policies including active management and prompt pursuing of the claims, regular detailed review of claim handling procedures and frequent investigation of possible false claims to reduce the insurance risk.

Frequency and severity of claims

Risk associated with general insurance contracts includes the reasonable possibility of significant loss as well as the frequent occurrence of the insured events. This has been managed by having in place underwriting strategy, reinsurance arrangements and proactive claim handling procedures.

The Company's class wise major risk exposure is as follows:

Class	Maximum Gross Risk Exposure	
	2013	2012
	(Rupees in '000)	
Fire and property damage	41,629,992	30,910,457
Marine, aviation and transport	2,554,488	2,978,486
Motor	63,000	39,390
Liability	15,040,000	5,722,617
Accident and health	10,880,745	7,990,484
Miscellaneous	40,905,000	3,678,250

The reinsurance arrangements against major risk exposure include excess of loss, surplus arrangements, stop loss and catastrophic coverage. The objective of having such arrangements is to mitigate adverse impacts of severe losses on Company's net retentions. As the major reinsurance arrangements are on excess of loss basis, therefore the reinsurance coverage against Company's risk exposures is not quantifiable.

Uncertainty in the estimation of future claims payment

Claims on general insurance contracts are payable on a claim occurrence basis. The Company is liable for all insured events that occur during the term of the insurance contract including the event reported after the expiry of the insurance contract term.

An estimated amount of the claim is recorded immediately on the intimation to the Company. The estimation of the amount is based on management judgment or preliminary assessment by the independent surveyor appointed for this purpose. The initial estimates include expected settlement cost of the claims. For the estimation of provision of claims IBNR, the Company follows the recommendation of actuary to apply month wise factor based on analysis of the past claim reporting pattern. For this purpose, the claim lag triangle method is used for each class of business. The month wise factor is applied on claims incurred to determine the amount of claims incurred but not reported.

There are several variable factors which affect the amount and timing of recognized claim liabilities. The Company takes all reasonable measures to mitigate the factors affecting the amount and timing of claim settlements. However, uncertainty prevails with estimated claim liabilities and it is likely that final settlement of these liabilities may be different from initial recognized amount. Similarly, the provision for claims incurred but not reported is based on historic reporting pattern of the claims; hence, actual amount of incurred but not reported claims may differ from the amount estimated.

Key assumptions

The principal assumption underlying the liability estimation of IBNR and Premium Deficiency Reserves is that the Company's future claim development will follow similar historical pattern for occurrence and reporting. The management uses qualitative judgment to assess the extent to which past occurrence and reporting pattern will not apply in future. The judgment includes external factors e.g. treatment of one-off occurrence claims, changes in market factors, economic conditions, etc. The internal factors such as portfolio mix, policy conditions and claim handling procedures are further used in this regard.

The assumed net of reinsurance loss ratios for each class of business for estimation of Premium Deficiency Reserves is as follows:

Class	Assumed net loss ratio	Assumed net loss ratio
	2013	2012
Fire and property damage	46%	48%
Marine, aviation and transport	46%	48%
Motor	59%	62%
Liability	5%	4%
Accident and health	81%	82%
Miscellaneous	61%	69%

Sensitivities

The insurance claim liabilities are sensitive to the incidence of insured events and severity/size of claims. The impact of variation in incidence of insured events on gross claim liabilities, net claim liabilities, profit before tax and equity is as follows:

Average claim cost	Change in assumption	Impact on gross liabilities	Impact on net liabilities	Impact on profit before tax	Impact on equity
(Rupees in '000)					
2013	+ 10%	409,494	215,714	211,484	137,465
2012	+ 10%	284,798	190,118	186,390	121,154

Claims development

The development of claims against insurance contracts issued is not disclosed as uncertainty about the amount and timing of claim settlement is usually resolved within one year.

36. REINSURANCE RISK

Reinsurance ceded does not relieve the Company from its obligation towards policy holders and, as a result, the Company remains liable for the portion of outstanding claims reinsured to the extent that reinsurer fails to meet the obligation under the reinsurance agreements.

To minimise its exposure to significant losses from reinsurer insolvencies, the Company obtains reinsurance rating from a number of reinsurers, who are dispersed over several geographical regions.

An analysis of all reinsurance assets recognised by the rating of the entity from which it is due is as follows:

Rating	Amount due from other insurers / reinsurers	Reinsurance recoveries against outstanding claims	Other reinsurance assets	2013	2012
(Rupees in '000)					
A or above including Pakistan Reinsurance Company Limited	67,974	1,510,337	158,566	1,736,877	977,441
BBB	5,241	70,705	6,609	82,555	92,366
Others	4,807	49,559	388	54,754	31,518
	<u>78,022</u>	<u>1,630,601</u>	<u>165,563</u>	<u>1,874,186</u>	<u>1,101,325</u>

37. CAPITAL MANAGEMENT

The management's policy is to maintain a strong capital base for the confidence of stakeholders and to sustain future development of the business. The management closely monitors the return on capital along with the level of distributions to Ordinary shareholders. The Company meets minimum paid up capital requirements as required by Securities and Exchange Commission of Pakistan.

38. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is an amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, difference may arise between the carrying values and the fair values estimates.

The fair value of all the financial instruments are estimated to be not significantly different from their carrying values except for investments in associate, held to maturity and available-for-sale securities having fair value of Rs,9,025,462 thousands (December 31, 2012: Rs,6,733,090 thousands).

39. EARNINGS PER SHARE - BASIC AND DILUTED

Basic earnings per share are calculated by dividing the net profit for the year by the weighted average number of shares as at the year end as follows:

	2013	2012
	(Rupees in '000)	
	(Restated)	
Profit after tax for the year	<u>1,045,315</u>	<u>826,498</u>
	(Number of shares in '000)	
Weighted average number of shares of Rs.10 each	<u>136,443</u>	<u>136,443</u>
	(Rupees)	
Earnings per share of Rs.10 each - basic and diluted	<u>7.66</u>	<u>6.06</u>

39.1 No figure for diluted earnings per share has been presented as the Company has not issued any instrument which would have an impact on earnings per share when exercised.

39.2 The number of shares for the last year has also been adjusted for the effect of 17,796 thousands bonus shares issued during the current year.

40. SUBSEQUENT EVENT - NON ADJUSTING

The Board of Directors in its meeting held on February 12, 2014 has announced a final cash dividend in respect of the year ended December 31, 2013 of Rs. 3.0 per share of Rs.10 each (30%) [December 31, 2012: Rs.3.0 per share of Rs.10 each (30%)] and bonus shares @ 15% (December 31, 2012: 15%). In addition, the Board of Directors has approved the transfer of Rs.100,000 thousands (December 31, 2012: Rs.100,000 thousands) to special reserve and Rs. 320,000 thousands (December 31, 2012: Rs.230,000 thousands) to general reserve from unappropriated profit. These financial statements do not include the effect of these appropriations which will be accounted for subsequent to the year end.
