| Profit distribution | - | - | |
| Earnings per Certificate | | | |
| Earnings / (loss) per certificate stood at Rs. | 0.33 | (0.45) | |

Review of Operations

Unprecedented Floods and energy crisis made financial year ended 30th June, 2011 as one of the low performing years for the economy of Pakistan. Inflation and liquidity crunch continued during the year and businesses remained stifled for growth. The Modaraba in view of the situation confined itself to utilize existing resources and not to indulge in expansion through resource mobilization. The Modaraba during the year was able to dispose of certain of its investment properties. The major disposal being Modaraba owned portion of multi storey Shafi mansion was accomplished by the end of the year. The proceeds have partly been used to pay off related mortgage loan and balance funds will be available for deployment in the ensuing period in various conventional activities like morabaha, musharaka, leasing etc. The Modaraba has made capital gain on disposal of these properties; however, due to provisions made against certain finance facilities based on time based criteria under the prudential regulations, the net profit for the year has resulted at Rs. 8.680 million as against a loss of Rs. 11.849 million incurred during last year. The loss incidence in substance has stopped and profitability is expected to continue and grow in the coming years.

DIRECTORS' REPORT

Corporate Governance Compliance

As required by the Code of Corporate Governance, directors are pleased to report that:

- (a) The financial statements prepared by the management of the Modaraba present fairly its true state of affairs, the results of its operations, cash flows and changes in equity.
- (b) Proper books of account of the Modaraba have been maintained.
- (c) Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- (d) International accounting standards, as applicable in Pakistan have been followed in preparation of financial statements.
- (e) The system of internal control is sound and has been effectively implemented and monitored.
- (f) There are no significant doubts upon the Modaraba's ability to continue as a going concern.
- (g) There has been no material departure from the best practices of corporate governance as detailed in the listing regulations of the stock exchanges.
- (h) A statement setting out status of the compliance with the best practices of corporate governance is attached.

Key Operating and Financial Data

A statement summarizing key operating and financial data for the last six years is attached.

Trading in Modaraba Certificates by Directors etc.

None of the directors, chief executive, executives, auditors of the Modaraba or their spouses and minor children carried out any trade in the certificates of the Modaraba..

Board Meetings

During the year under review 6meetings of the Board of Fidelity Capital Management (Pvt.) Limited were held, which were attended by the directors as follows:

| Siyyid Tahir Nawazish 5 Mr. Wasim-ul-Haq Osmani 6 Mr. S.M. Nasim 6 Mr. Shahid Iqbal Chaudhry 5 Mr. Abdul HameedKiyani 6 | Name of Director | Meetings Attended |
|---|---------------------------|-------------------|
| Mr. S.M. Nasim 6 Mr. Shahid Iqbal Chaudhry 5 | Siyyid Tahir Nawazish | 5 |
| Mr. Shahid Iqbal Chaudhry 5 | Mr. Wasim-ul-Haq Osmani | 6 |
| | Mr. S.M. Nasim | 6 |
| Mr. Abdul HameedKiyani 6 | Mr. Shahid Iqbal Chaudhry | 5 |
| | Mr. Abdul HameedKiyani | 6 |

Credit Rating

PACRA has assigned Modaraba's long term rating as "BBB+" and short term rating as "A2". The ratings denote low expectation of credit risk and an adequate capacity for timely payment of financial commitments.

Value of Provident Fund and Gratuity Fund Investment

The Modaraba operates a contributory provident fund for all its permanent employees. Equal monthly contributions are made, both by the Modaraba and the employee to the fund @ 10% of basic salary. The value of its investment as at June 30, 2011 works out to Rs.2,913,243/-

Modaraba also operates an approved funded gratuity scheme for its management staff who complete the qualifying period of service. Provision in the books of account has been made in accordance with actuarial recommendations.

Pattern of Certificateholdings

The pattern of Certificateholdings is annexed to this report.

Auditors

The auditors M/s Riaz Ahmed & Co. Chartered Accountants retire and offer themselves for reappointment for the year 2011-12. The Audit Committee of the Board has recommended the reappointment of the retiring auditors subject to approval of the Registrar Modaraba.

Future Outlook and Strategy

The Pakistan economy despite all the adverse effect of floods, war on terror has shown its resilience in achieving some growth in GDP on the back of higher agricultural output, increase in textile exports and growth in foreign remittances by expatriates. It is expected that better discipline in Government functionaries shall augur well for future economy of Pakistan. The Management of the Modaraba intends to generate further funds by disposing of its remaining investment properties at appropriate time and price. The deployment of sale proceeds from already sold and yet to be sold investment properties shall significantly increase Modaraba profitability in the next year.

Acknowledgement

The Board wishes to place on record its appreciation for the continued support, guidance and necessary measures taken by the Registrar Modaraba, Securities and Exchange Commission of Pakistan, Modaraba Association of Pakistan and other Regulators.

At the same time the Board appreciates the commitment, dedication and hard work put in by the management and staff members of the Modaraba and looks forward to their continued commitment in the coming years.

Finally the Board extends its gratitude and appreciation to the certificateholders who remained committed to the Modaraba.

For and on behalf of the Board of Directors

Lahore October 8, 2011 Wasim ul Haq Osmani Chief Executive

STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

The statement is being presented to comply with the Code of Corporate Governance as contained in the listing regulations of Stock Exchanges of Pakistan for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

Fidelity Capital Management (Private) Limited is the Management Company of First Fidelity Leasing Modaraba and is a private limited company. The Code of Corporate Governance is not applicable to the Management Company. However, First Fidelity Leasing Modaraba is listed at all Stock Exchanges, comes under the ambit of the Code. First Fidelity Leasing Modaraba being a Modaraba does not have its own Board. The Board of Directors of the Management Company manages the affairs of the Modaraba.

The Management Company has applied the principles contained in the Code in the following manner:

- The Management Company encourages representation of independent non-executive directors. Board presently comprises five directors two of them are executive directors and three are non-executive directors. The Management Company not being a listed company does not have any minority interest.
- 2. The directors have confirmed that none of them is serving as a director in more than ten listed companies, including the Management Company.
- 3. All the directors of the company are registered as tax payers and none of them has defaulted in payment of any loan to banking company, a DFI or an NBFC or being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
- 4. No casual vacancy occurred in the Board of Management Company during the year.
- The Management Company has prepared a 'Statement of Ethics and Business Practices', which has been signed by all directors and employees of the Management Company and Modaraba.
- 6. The Management Company has developed a vision/mission statement, overall corporate strategy and significant policies of the Modaraba along with the dates on which they were approved or amended has been maintained. The corporate strategy of the Management Company and Modaraba is reviewed and approved by the Board alongwith the annual plan.
- 7. All the powers of the Board have been duly exercised and decisions on material transactions have been taken by Board. The Term of appointment and determination of remuneration and terms and conditions of employment of the CEO and directors are approved by the Board.
- 8. The meetings of the Board were presided over by the Chairman or CEO (in case of absence of Chairman) and the Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working paper were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
- 9. The Management Company arranged orientation course for its directors to apprise them of their duties and responsibilities and to brief them regarding amendments in the Companies Ordinance / Corporate Laws.
- 10. The Board has approved appointments of Chief Financial Officer, Company Secretary and Head of Internal Audit including their remuneration and terms and conditions of employment, as determined by the Chief Executive.

STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

- 11. The report of the directors of the Management Company on the financial statement of the Modaraba of this year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.
- CEO and CFO duly endorsed the financial statements of the Modaraba before approval of the Board.
- 13. The directors, chief executive and executives do not hold any interest in the certificates of the Modaraba other than that disclosed in the pattern of certificateholdings.
- 14. The Management Company has complied with all the corporate and financial reporting requirements of the Code with respect to Modaraba.
- 15. The Board has formed an audit committee, it comprises of three members, of whom, one is executive director, who is the Chairman of the Committee and others are non-executive directors.
- 16. The related party transactions have been placed before the audit committee and approved by the board of directors with necessary justifications for non arm's length transactions and pricing methods for transactions that were made on terms equivalent to those that prevail in the arm's length transactions only if such terms can be substantiated.
- 17. The meetings of the audit committee are held at least once every quarter prior to approval of interim and final results of the Modaraba as required by the Code. The terms of reference of the committee have been formed and advised to the Committee for compliance.
- 18. The Board has set-up an effective internal audit function.
- 19. The statutory auditors of the Modaraba had confirmed that they have been given a satisfactory rating under the quality control review programme of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold certificates of the Modaraba and that the firm and all of its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by Institute of Chartered Accountants of Pakistan.
- 20. The statutory auditors or the person associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 21. We confirm that all other material principles contained in the Code have been complied with.

For and on behalf of the Board of Directors

Lahore October 08, 2011 Wasim ul Haq Osmani Chief Executive

REVIEW REPORT TO THE CERTIFICATE HOLDERS ON STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of Fidelity Capital Management (Private) Limited ("the Management Company") in respect of FIRST FIDELITY LEASING MODARABA ("the Modaraba") for the year ended 30 June 2011 to comply with the Listing Regulations of the respective Stock Exchanges, where the Modaraba is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Management Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Modaraba Management Company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the Modaraba Management Company's personnel and review of various documents prepared by the Modaraba Management Company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Modaraba Management Company's corporate governance procedures and risks.

Further, Listing Regulations of the Karachi, Lahore and Islamabad Stock Exchanges require the Modaraba Management Company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price, recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Modaraba's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Modaraba for the year ended 30 June 2011.

AUDITORS' REPORT TO THE CERTIFICATE HOLDERS

We have audited the annexed balance sheet of First Fidelity Leasing Modaraba ("the modaraba") as at 30 June 2011 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof (hereinafter referred to as the financial statements), for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

These financial statements are the Modaraba Company's (Fidelity Capital Management (Private) Limited) responsibility who is also responsible to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards as applicable in Pakistan and the requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980), and the Modaraba Companies and Modaraba Rules, 1981. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by the Modaraba Company, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that-

- In our opinion, proper books of accounts have been kept by the Modaraba Company in respect of the Modaraba as required by the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980), and the Modaraba Companies and Modaraba Rules, 1981;
- (b) In our opinion:
 - the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980) and the Modaraba Companies and Modaraba Rules, 1981, and are in agreement with the books of accounts and are further in agreement with accounting policies consistently applied;
 - the expenditure incurred during the year was for the purpose of the Modaraba's business; and
 - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects, terms and conditions of the Modaraba:

AUDITORS' REPORT TO THE CERTIFICATE HOLDERS

- (c) In our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan and give the information required by the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980) and the Modaraba Companies and Modaraba Rules, 1981 in the manner so required and respectively give a true and fair view of the state of the Modaraba's affairs as at 30 June 2011 and of the profit, its comprehensive profit, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Director Fidelity Capital Management (Private) Limited

NOTES TO THE ACCOUNTS

FOR THE YEAR ENDED 30 JUNE 2011

1 LEGAL STATUS AND NATURE OF BUSINESS

First Fidelity Leasing Modaraba ("the Modaraba") was formed under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and Rules framed there under and is managed by Fidelity Capital Management (Private) Limited. The registered office of the Modaraba is situated at Ground Floor 90, A-1 Canal Bank, Gulberg-II, Lahore. The Modaraba commenced its business operations from 5 December 1991. The Modaraba is listed on all the stock exchanges in Pakistan.

The Modaraba is a perpetual, multipurpose and multidimensional modaraba and is primarily engaged in the business of ijarah (leasing), musharika and morabaha financing, equity investment, brokerage and other related business. The Modaraba is a corporate member of the Islamabad Stock Exchange (Guarantee) Limited and National Commodity Exchange Limited.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

2.1 Basis of Preparation

a) Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan and the requirements of Modaraba Companies and Modarabas (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981, Prudential Regulations for Modarabas (hereinafter referred to as the relevant laws) and directive issued by Securities and Exchange Commission of Pakistan. Approved accounting standards comprise such International Financial Reporting Standards (IFRS) / International Accounting Standards (IAS) as notified under the provisions of the Companies Ordinance, 1984 and made applicable to Modaraba under the Modaraba Regulations. Wherever, the requirements of relevant laws or directives issued by the SECP differ with the requirements of these standards, the requirements of the relevant laws and the said directives shell prevail.

The SECP has issued directive (vide SRO 431 (IJ/2007 dated 22 May 20 07) that Islamic Financial Accounting Standard 2 shall be followed in preparation of the financial statements by Companies and Modarabas while accounting for ijarah (lease) transactions as defined by the said standard. The Modaraba is in compliance with the requirements of the aforesaid Islamic Financial Accounting Standard 2.

b) Accounting convention

These financial statements have been prepared under the historical cost convention except for certain financial instruments carried at fair value and recognition of certain employee benefits at present value.

c) Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Modaraba's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed

to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Modaraba's financial statements or where judgments were exercised in application of accounting policies are as follows:

a) Useful life and residual value of fixed assets (Note 2.2)

(Notes 2.17 and 2.18)

b) Provision for non-performing receivable

(110163 Z.17 all

c) Defined benefit plans

(Note 2.14)

 Amendments to published approved standards that are effective in current year and are relevant to the Modaraba

The following amendments to published approved standards are mandatory for the Modaraba's accounting periods beginning on or after 01 July 2010:

International Accounting Standard (IAS) 1 (Amendment), 'Presentation of Financial Statements' (effective for annual periods beginning on or after 01 January 2010). The amendment provides clarification that the potential settlement of a liability by the issue of equity is not relevant to its classification as current or non-current. By amending the definition of current liability, the amendment permits a liability to be classified as non-current (provided that the entity has an unconditional right to defer settlement by transfer of cash or other assets for at least 12 months after the accounting period) notwithstanding the fact that the entity could be required by the counterparty to settle in certificates at any time. The application of the amendment does not affect the results or net assets of the Modaraba as it is only concerned with presentation and disclosures.

IAS 7 (Amendment), 'Statement of Cash Flows' (effective for annual periods beginning on or after 01 January 2010). The amendment provides clarification that only expenditure that results in a recognized asset in the balance sheet can be classified as a cash flow from investing activity. The clarification results in an improvement in the alignment of the classification of cash flows from investing activities in the cash flow statement and the presentation of recognized assets in the balance sheet. The application of the amendment does not affect the results or net assets of the Modaraba as it is only concerned with presentation and disclosures.

e) Interpretations and amendments to published approved standards that are effective in current year but not relevant to the Modaraba

There are other new interpretations and amendments to the published approved standards that are mandatory for accounting periods beginning on or after 01 July 2010 but are considered not to be relevant or do not have any significant impact on the Modaraba's financial statements and are therefore not detailed in these financial statements.

Standards and amendments to published approved standards that are not yet effective but relevant to the Modaraba

Following standards and amendments to existing standards have been published and are mandatory for the Modaraba's accounting periods beginning on or after 01 July 2011 or later periods:

IFRS 9 'Financial Instruments' (effective for annual periods beginning on or after 01 January 2013). This standard is the first step in the process to replace IAS 39 'Financial Instruments: Recognition and Measurement'. IFRS 9 introduces new requirements for classifying and measuring financial assets and is likely to affect the Modaraba's accounting for its financial assets.

IFRS 7 (Amendment), 'Financial Instruments: Disclosures' (effective for annual periods beginning on or after 01 July 2011). The new disclosure requirements apply to transfer of financial assets. An entity transfers a financial asset when it transfers the contractual rights to receive cash flows of the asset to another party. These amendments are part of the IASBs comprehensive review of off balance sheet

NOTES TO THE ACCOUNTS

FOR THE YEAR ENDED 30 JUNE 2011

activities. The amendments will promote transparency in the reporting of transfer transactions and improve users' understanding of the risk exposures relating to transfers of financial assets and the effect of those risks on an entity's financial position, particularly those involving securitization of financial asset. The management of the Modaraba is in the process of evaluating the impacts of the aforesaid amendment on the Modaraba's financial statements.

IFRS 13 'Fair Value Measurement' (effective for annual period beginning on or after 01 January 2013). IFRS 13 establishes a single framework for measuring fair value where that is required by other standards. IFRS 13 applies to both financial and non-financial items measured at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The management of the Modaraba is in the process of evaluating the impacts of the aforesaid standard on the Modaraba's financial statements.

IAS 1 (Amendments), 'Presentation of Financial Statements' (effective for annual periods beginning on or after 01 July 2012). It clarifies that an entity will present an analysis of other comprehensive income for each component of equity, either in the statement of changes in equity or in the notes to the financial statements.

There are other amendments resulting from annual improvements project initiated by International Accounting Standards Board in May 2010, specifically in IFRS 7 'Financial Instruments: Disclosures', IAS 1 'Presentation of Financial Statements' and IAS 24 'Related Party Disclosures' that are considered relevant to the Modaraba's financial statements. These amendments are unlikely to have a significant impact on the Modaraba's financial statements and have therefore not been analyzed in detail.

g) Standards, interpretations and amendments to published approved standards that are not yet effective and not considered relevant to the Modaraba

There are other standards, amendments to published approved standards and new interpretations that are mandatory for accounting periods beginning on or after 01 July 2011 but are considered not to be relevant or do not have any significant impact on the Modaraba's financial statements and are therefore not detailed in these financial statements.

2.2 Fixed assets

Assets in own use and depreciation

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation is charged to income using the straight line method after taking into account residual value, if significant, so as to write of the cost of an asset over its estimated useful life at the rates given in Note 15.1.

The assets residual values and useful lives are reviewed at each financial year end, and adjusted if impact on depreciation is significant.

Normal repairs and maintenance are charged to income as and when incurred. Major improvements and modifications are capitalized and the assets so replaced, if any, are retired.

In respect of acquisition and disposal of an asset during the year, depreciation is charged from the month in which assets are put to use upto the month preceding the month of disposal.

Profit or loss on disposal of operating fixed assets represented by the difference between the sale proceeds and the carrying amount of the asset is included in income currently.

liarah asset and depreciation

Assets leased out under ijarah are stated at cost less accumulated depreciation and accumulated impairment losses, if any. These are depreciated (net of residual value) on a straight line basis over the shorter of ijarah (lease) term or assets useful life.

In respect of additions and transfers during the year, depreciation is charged proportionately to the period of ijarah (lease).

2.3 Impairment

The carrying amounts of the Modaraba's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated and impairment loss is recognized.

2.4 Cards and rooms

These are stated at cost less accumulated impairment losses, if any.

2.5 Investment properties

Properties held to earn rentals and for capital appreciation are classified as investment properties. Investment properties are initially measured at cost, being the fair value of the consideration given. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation and accumulated impairment losses, if any, except for land, which is stated at cost. Depreciation is charged by using "Straight line method" so as to write of the cost of an asset over its estimated useful life at the rates given in Note 12.

The assets residual values and useful lives are reviewed at each financial year end, and adjusted if impact on depreciation is significant.

Normal repairs and maintenance are charged to income as and when incurred. Major improvements and modifications are capitalized and the assets so replaced, if any, are retired.

In respect of acquisition and disposal of an asset during the year, depreciation is charged from the month in which assets are put to use upto the month preceding the month of disposal.

Profit or loss on disposal of investment properties represented by the difference between the sale proceeds and the carrying amount of the asset is included in income currently.

2.6 Investments

Classification of an investment is made on the basis of intended purpose for holding such investment. Management determines the appropriate classification of its investments at the time of purchase and reevaluates such designation on regular basis.

Investments are initially measured at fair value plus transaction costs directly attributable to acquisition, except for "Investment at fair value through profit or loss" which is measured initially at fair value.

The Modaraba assess at the end of each reporting period whether there is any objective evidence that investments are impaired. If any such evidence exists, the Modaraba applies the provisions of IAS 39 'Financial Instruments: Recognition and Measurement'.

NOTES TO THE ACCOUNTS

FOR THE YEAR ENDED 30 JUNE 2011

Investment at fair value through profit or loss a)

Investment classified as held-for-trading and those designated as such are included in this category. Investments are classified as held-for-trading if these are acquired for the purpose of selling in the short term. Gains or losses on investments held-for-trading are recognized in profit and loss account.

b) Held to maturity

Investments with fixed or determinable payments and fixed maturity are classified as held-to-maturity when the Modaraba has the positive intention and ability to hold to maturity. Investments intended to be held for an undefined period are not included in this classification. Investments that are intended to be held to maturity are subsequently measured at amortized cost. This cost is computed as the amount initially recognized minus principal repayments, plus or minus the cumulative amortization, using the effective interest method, of any difference between the initially recognized amount and the maturity amount. For investments carried at amortized cost, gains and losses are recognized in profit and loss account when the investments are de-recognized or impaired, as well as through the amortization process.

Available for sale c)

Investments intended to be held for an indefinite period of time, which may be sold in response to need for liquidity, or changes to interest rates or equity prices are classified as available-for-sale. After initial recognition, investments which are classified as available-for-sale are measured at fair value. For investments that are actively traded in organized capital markets, fair value is determined by reference to stock exchange quoted market bids at the close of business on the balance sheet date. Gains or losses on available-for-sale investments are recognized in other comprehensive income until the investment is sold, de-recognized or is determined to be impaired, at which time the cumulative gain or loss previously reported in statement of other comprehensive income is included in profit and loss account.

2.7 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand and cash with banks in current and saving accounts and short term placements with financial institutions.

2.8 **Financial instruments**

Financial instruments carried on the balance sheet include investments, deposits, ijarah rentals receivable, musharika investment, morabaha investments, loans and advances, other receivables, cash and bank balances, morabaha finance, musharika finances, accrued mark up and other payables etc. Financial assets and liabilities are recognized when the Modaraba becomes a party to the contractual provisions of instrument. Initial recognition is made at fair value plus transaction costs directly attributable to acquisition, except for "financial instrument at fair value through profit or loss" which is measured initially at fair value.

Financial assets are de-recognized when the Modaraba loses control of the contractual rights that comprise the financial asset. The Modaraba loses such control if it realizes the rights to benefits specified in contract, the rights expire or the Modaraba surrenders those rights. Financial liabilities are de-recognized when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on subsequent measurement (except available for sale investments) and de-recognition is charged to the profit or loss currently. The particular measurement methods adopted are disclosed in the individual policy statements associated with each item.

2.9 **Payables**

Liabilities for other amounts payable are initially recognized at fair value, which is normally the transaction cost.

2.10 Offsetting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet if the Modaraba has legally enforceable right to set off the recognized amount and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

2.11 Provisions

Provisions are recorded when the Modaraba has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

2.12 Foreign currencies

These financial statements are presented in Pak Rupees, which is the Modaraba's functional currency. All monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing at the balance sheet date, while the transactions in foreign currency during the year are initially recorded in functional currency at the rates of exchange prevailing at the transaction date. All nonmonetary items are translated into Pak Rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined. Exchange gains and losses are included in the income currently.

2.13 Staff retirement benefits

Employees compensated absences

Employees of Modaraba are entitled to take privileged leave of 30 days every year. Privileged leaves can be accumulated upto a maximum of 90 days. An employee is entitled to encash the accumulated privileged leaves subject to a maximum of 90 days at the time of leaving the service. An employee can encash the unutilized privileged leaves accrued during the year over and above the maximum permissible accumulation at the discretion of the management.

Actuarial valuation was carried out on 30 June 2011 to determine and adjust the liability on the balance sheet date. The actuary, for ascertaining the fair value of liabilities, has adopted the projected unit credit method. Actuarial gains and losses arising at each valuation date are recognized immediately.

Gratuity

The Modaraba operates an approved funded gratuity scheme for its management staff. As per gratuity scheme, employees of the Modaraba are entitled to gratuity equivalent to last drawn salary multiplied by the number of year of service up to the date of leaving the modaraba. Actuarial valuation was carried out on 30 June 2011 to determine and adjust the liability on the balance sheet date. The actuary, for ascertaining the fair value of assets and liabilities, has adopted the projected unit credit method.

The Modaraba recognizes its actuarial gains and losses as income and expense if the net cumulative actuarial gains and losses at the end of previous reporting period exceeded the greater of:

- a) 10% of the present value of the defined benefit obligation at that date (before deducting plan assets);
 and
- b) 10% of the fair value of any plan assets at that date.

Provident fund

The Modaraba operates a recognized provident fund for all its regular employees. Equal monthly contributions are made to the fund both by the Modaraba and the employees at the rate of 10% of the basic salary. The fund is administrated by the Trustees.

NOTES TO THE ACCOUNTS

FOR THE YEAR ENDED 30 JUNE 2011

2.14 Revenue recognition

- ljarah rentals are recognized as income on accrual basis as and when ijarah installment becomes due over the ijarah (lease) period.
- Profit on musharika investment is recognized under the effective markup rate method based on the amount outstanding.
- The deferred morabaha income i.e. the excess of aggregate morabaha instalments over the cost of the asset under morabaha investment is deferred and then amortized over the term of the morabaha, so as to produce a constant rate of return on morabaha investment. Documentation charges, front-end fee and other morabaha income are recognized as income on receipt basis.
- Return on bank deposits and placements are recognized on time proportionate basis.
- Brokerage commission is recognized when such services are provided.
- Dividend income is recognized when the right to receive payment is established.

2.15 Borrowing cost

Borrowing costs on long-term finances are capitalized up to the date of commissioning of respective qualifying assets acquired out of the proceeds of such long-term finances. All other borrowing costs are recognized in profit and loss account.

2.16 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits available, rebates and exemptions, if any. Under clause 100 of Part - I of Second Schedule to the Income Tax Ordinance, 2001, the income of non-trading modarabas is exempt from tax provided that not less than 90% of their profits are distributed to the certificate holders.

Deferred

Deferred tax is provided, using the balance sheet method, on all temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that the temporary differences will reverse in the future and taxable income will be available against which the temporary differences can be utilized.

2.17 Ijarah rentals and Musharika Investments

Ijarah rentals and Musharika investments are stated net of provision. Provision is recognized for ijarah rentals and Musharika investments in accordance with the time based criteria of the Prudential Regulations for Modarabas issued by the SECP and subjective evaluation of management. Outstanding balances are written of when there is no realistic prospect of recovery.

2.18 Morabaha Investments

Morabaha investments are stated net of provision. Provision is recognized for Morabaha investments in accordance with the time based criteria of the Prudential Regulations for Modarabas issued by the SECP and subjective evaluation of management. Outstanding balances are written of when there is no realistic prospect of recovery.

Morabaha receivable are recorded by the Modaraba at the invoiced amount and disclosed as such in the balance sheet

Purchase and sales under Morabaha and the resultant profit are accounted for on the culmination of Morabaha transaction.

The profit on that portion of sales revenue not due for payment are deferred by accounting for a debit to "Unearned Morabaha Income" account with the corresponding credit to "Deferred Morabaha Income" account and shown in the balance sheet as a liability.

2.19 Profit distribution to certificate holders

Rrofit distribution to certificate holders is recognized as a liability in the period in which such distribution is announced.

- 5.1 These represent receivables against morabaha transactions on deferred payment basis at a profit margin rate ranging from 16.50% to 19% (2010: 16% to 20%) per annum. These are secured against mortgage of properties, pledge and hypothecation of stocks, personal guarantees and demand promissory notes.
- 5.2 This include provision of Rupees 201,564,231 (2010: Rupees 202,857,968) in respect of classified facilities of Erstwhile First Hajveri Modaraba. Certain recovery suits in this respect are pending adjudication in the Lahore High Court and Banking Court, which are likely to be decided in Modaraba's favour, however, due to inadequate securities, chances of any substantial recovery are slim.

- 7.1.1 These comprise of receivables generated as a consequence of carrying on the business by brokerage division.
- 7.2 This represents amount withdrawn by previous management company of First Hajveri Modaraba from time to time during prior years out of Modaraba Fund on account of remuneration in violation of section 18 of Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980. The present management filed civil suit against the company for recovery of the amount which has been returned for want of jurisdiction. The Modaraba has filed an appeal in the Lahore High Court against the decision of the civil court. The appeal has been adjourned with a date in office. The present management came in possession of 2,053,200 certificates of Erstwhile First Hajveri Modaraba subsequently converted into 578,041 certificates of First Fidelity Leasing Modaraba consequent to amalgamation. The present management has prayed to the Court that these certificates be attached and sold for adjustment of claim of the Modaraba. In view of this no provision has been made in these financial statements against this receivable.

INVESTMENT PROPERTIES

Land includes a plot of land measuring 11 kanals and 11 marlas at main canal road near Jallo, Lahore at cost of Rupees 14,312,250 acquired for development of physical infrastructural project. In October 2004 the owner of an adjacent land filed a Pre-emption (Haq Shufa) suit in the Civil Court on the ground that she wanted to build houses on her 19 kanals land and on the land purchased by the Modaraba, for her son and daughters. The plaintiff has shown interest in buying the land at the price the Modaraba had paid for it. The case is malafide and has been filed with the intention to capitalize the increase in prices of land in the area. By virtue of the suit the plaintiff has got stay on the property. Modaraba is defending the suit and management is hopeful that it will be decided in Modaraba's favour. 12.1

Building includes a commercial property of Rupees 50,000,000 comprising of sixth floor with a covered area aggregating 6,475 square feet situated in M.M Towers, Gulberg II, Lahore. Rupees 7,913,750 million represent furniture and fixtures purchased for M.M Tower sixth floor. 12.2

The market value of investment properties is estimated at Rupees 115.430 million (2010: Rupees 216.151 million). The valuation has been carried out by an independent valuers. 12.3

12.4 Detail of investment property disposed of during the year are as follows:

Land and building of Shafi Mansion, Lahore (Note 12.4.2) 76,161,318

12.4.1 Floor in Ghalib Center was sold to Malik M. Afzal Rasool for consideration of Rupees 6 million out of which Rupees 4 million was received and remaining 2 million will be received in two equal installment of Rupees one million each on 12 December 2011 and 12 December 2012. The impact of discounting on deferred receipts is not considered material. 12.4.2 Land and building of Shafi Mansion were sold to Faysal Bank Limited (FBL) for consideration of Rupees 99 Million. FBL retained security deposit of Rupees 19.209 million due to non availability of completion certificate of the building from District Government at the time of sale. Subsequent to balance sheet date completion certificate was provided to FBL and security deposit was released

15.2.1 This represents advance paid to Rehman Construction Company under two Memoranda of Understanding (MOU's) for a project known as "Murree Holiday Resorts" for construction of four villas at a value of Rupees 5 million each and two villas at a value of Rupees 2.5 million each. Land for the villas and additional land was transferred in the name of the Modaraba at the time of advance. The project has been put on hold due to current economic meltdown.

| Number of employees at the year end | 15 | 13 | 28 |
| | | | |

34.1 Certain officers of the modaraba are provided with free maintained vehicles.

35 FINANCIAL RISK MANAGEMENT

The Modaraba has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The Board of Directors of the management company has overall responsibility for the establishment and oversight of the Modaraba's risk management framework.

Credit risk 35.1

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Modaraba by failing to discharge an obligation. The risk is generally limited to principal amounts and accrued profit thereon, if any. The Modaraba's policy is to enter into financial contracts in accordance with the internal risk management policies and the requirements of the Prudential Regulations. The carrying amount of the following financial assets represents the maximum credit exposure at the reporting date:

| | 2011 | 2010 |
|--|-------------|-------------|
| | Rupees | Rupees |
| Bank balances | 16,458,801 | 12,919,172 |
| Short term investments | 3,827,142 | 2,523,512 |
| ljarah rentals receivables | 1,085,706 | 6,995,453 |
| Musharika investment | 99,000,000 | 50,000,000 |
| Morabaha investments | 72,692,004 | 61,695,865 |
| Advances, deposits and other receivables | 38,952,400 | 22,641,438 |
| Long term receivables and deposits | 1,695,843 | 40,560,222 |
| | 233,711,896 | 197,335,662 |

35.1.1 Credit quality of banks

The credit quality of the Modaraba's bank balances can be assessed with reference to external credit ratings as follows:

| | | Rating | | | 2010 |
|------------------------|------------|-----------------------------|---------|------------|------------|
| | Short term | Short term Long term Agency | | Rupees | ; |
| NIB Bank Limited | A1+ | AA- | PACRA | 23,739 | 16,726 |
| Samba Bank Limited | A-1 | A+ | JCR-VIS | 2,034,863 | 4,309,656 |
| MCB Bank Limited | A1+ | AA+ | PACRA | 360,980 | 8,573,813 |
| Faysal Bank Limited | A1+ | AA | PACRA | 14,020,697 | - |
| State Bank of Pakistan | - | - | - | 18,522 | 18,977 |
| | | | _ | 16,458,801 | 12,919,172 |

35.1.2 Description of collateral held

The Modaraba's ijarah arrangements (leases) are secured against ijarah assets. In a few ijarah arrangements additional collateral is also obtained in the form of mortgaged property.

Morabaha investments are secured by way of personal guarantees of the directors, pledge and hypothecation of stocks, mortgage of properties and charge on the assets varying from case to case.

Musharika investment is secured by way of personal guarantees, demand promissory note and mortgage of properties.

| Total | 50,000,000 | 50,000,000 | - | | 50,000,000 |

Provisions are recognized by the Modaraba on the basis of time base criteria given under Prudential Regulations for Modarabas and subjective evaluation carried out on an ongoing basis.

35.1.8 Concentration of credit risk

The Modaraba manages credit risk and its concentration through diversification of activities to avoid undue concentration of risks with individuals, groups or specific industry segments. For this purpose, the Modaraba has established exposure limits for individuals and industrial sectors.

Break down of credit risk exposure by class of business as at 30 June 2011 is as follows:

| | ljarah assets | Morabaha investment | Musharika investment | Total | % age |
|------------------------------|------------------|---------------------|----------------------|-------------|--------|
| | | Ru | pees | | |
| Energy, oil and gas | - | - | - | - | 0.00 |
| Transport and communications | - | 10,000,000 | - | 10,000,000 | 6.87 |
| Textiles | 2,833,325 | - | - | 2,833,325 | 1.95 |
| Legal and professional | - | - | - | - | 0.00 |
| Food and beverages | 1,491,799 | - | - | 1,491,799 | 1.03 |
| Construction | 690,000 | 6,726,000 | 50,000,000 | 57,416,000 | 39.47 |
| Individuals | 17,758,222 | 55,966,004 | - | 73,724,226 | 50.68 |
| Total | 22,773,346 | 72,692,004 | 50,000,000 | 145,465,350 | 100.00 |

Break down of credit risk exposure by class of business as at 30 June 2010 is as follows:

| | ljarah assets | Morabaha investment | Musharika investment | Total | % age |
|------------------------------|------------------|---------------------|----------------------|-------------|--------|
| | | | Rupees | | |
| Energy, oil and gas | 2,558,730 | - | - | 2,558,730 | 1.64 |
| Transport and communications | 493,821 | - | - | 493,821 | 0.32 |

| Individuals | 29,984,901 | 61,055,865 | | 91,040,766 | 58.32 |
| Total | 44,408,063 | 61,695,865 | 50,000,000 | 156,103,928 | 100.00 |

35.2 Liquidity risk

Liquidity risk is the risk that the Modaraba will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Modaraba could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Modaraba's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or damage to the Modaraba's reputation. The following are the contractual maturities of financial liabilities, including interest payments:

| | | | 201 | 1 | | |
|--|--------------------|------------------------|------------------|-------------------|----------------------|--------------------|
| | Carrying Amount | Contractual cash flows | 6 months or less | 6 to 12 months | 1 year to 2 years | 2 years to 5 years |
| | | | R u p e | e s | | |
| Financial liabilities | | | | | | |
| Musharika finance Markup accrued on musharika | 1,149,000 | 1,156,051 | 1,156,051 | - | - | - |
| finance | 744,125 | 744,125 | 744,125 | - | - | - |
| Creditors, accrued and other liabilities | 16,089,825 | 16,089,825 | 16,089,825 | - | - | - |
| Total | 17,982,950 | 17,990,001 | 17,990,001 | - | | - |
| | | | 201 | | | |
| | Commission | Contractual | | | 1 4 | 2 |
| | Carrying Amount | Contractual cash flows | 6 months or less | 6 to 12 months | 1 year to 2 years | 2 years to 5 years |
| | | | R u p e | | | |
| Financial liabilities | | | | | | |
| Morabaha finance | 50,093,994 | 54,145,148 | 34,885,023 | 13,059,719 | 6,200,406 | - |
| Musharika finance | 5,500,000 | 5,732,821 | 2,515,342 | 3,217,479 | - | - |
| Markup accrued on morabaha and musharika finance | 7,110,399 | 7,110,399 | 7,110,399 | - | - | - |
| Creditors, accrued and other liabilities | 15,473,531 | 15,473,531 | 15,473,531 | | | |
| Total | 78,177,924 | 82,461,899 | 59,984,295 | 16,277,198 | 6,200,406 | - |

35.2.1 The contractual cash flows relating to the above financial liabilities have been determined on the basis of mark-up rates effective as at year end (and includes both principal and profit payable thereon).

35.3

Market risk is the risk that changes in market price such as foreign exchange rates, interest rates and equity prices will effect the Modaraba's income or the value of its holdings of financial instruments.

Currency risk 35.3.1

Currency risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables exist due to transactions in foreign currencies. Currently, the Modaraba do not have any receivables or payables that exist due to transactions in foreign currencies which expose it to currency risk.

35.3.2 Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Modaraba's interest rate risk arises from long term morabaha finance and bank balances in saving accounts. Long term morabaha finance obtained and balances in saving accounts at variable rates expose the Modaraba to cash flow interest rate risk. Musharika finances obtained, musharika and morabaha investments made at fixed rate expose the Modaraba to fair value interest rate risk.

At the balance sheet date the interest rate profile of the Modaraba's interest bearing financial instruments was:

| | 2011 Rupees | 2010 Rupees |
|---------------------------|----------------|----------------|
| Fixed rate instruments | | |
| Financial liabilities | | |
| Musharika finances | 1,149,000 | 5,500,000 |
| Financial assets | | |
| Musharika investment | 99,000,000 | 50,000,000 |
| Morabaha investment | 72,692,004 | 61,695,865 |
| Floating rate instruments | | |
| Financial liabilities | | |
| Morabaha finance | - | 50,093,994 |
| Financial asset | | |
| Bank balances | 16,440,279 | 12,900,195 |
| | | |

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / (decreased) profit for the year by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2010.

| ECT ON | I PROFIT |
|-----------------|-------------------|
| 100 b | ps |
| е | Decrease |
| | |
| 403 | (164,403) |
| - | - |
| ,403 | (164,403) |
| | |
| | |
| FECT O | N LOSS |
| FECT O 100 b | |
| | |
| 100 b | ps |
| 100 b | ps |
| 100 b | ps Decrease |
| | ,403 - ,403 |

The sensitivity analysis prepared is not necessarily indicative of the effects on loss for the year and assets / liabilities of the Modaraba. This analysis is prepared assuming the amounts of liabilities and assets outstanding at balance sheet dates were outstanding for the whole year.

35.3.3 Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Modaraba is not exposed to commodity price risk.

EFFECT ON BROKET

Sensitivity analysis

The table below summarizes the impact of increase / decrease in the Karachi Stock Exchange (KSE) Index on the Modaraba's profit / (loss) after taxation for the year and on other comprehensive income. The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Modaraba's equity instruments moved according to the historical correlation with the index:

| Index | Impact on profit / (loss) after taxation | | Statement of other comprehensive income / equity (Fair value reserve) | |
|-----------------------|--|----------|---|----------|
| | 2011 | 2010 | 2011 | 2010 |
| | | Rupe | 98 | |
| KSE 100 (5% increase) | - | - | 191,357 | 126,176 |
| KSE 100 (5% decrease) | - | (97,516) | (191,357) | (28,660) |

Equity (fair value reserve) would increase / decrease as a result of gains / losses on equity investments classified as available for sale.

35.4 Fair values of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in financial statements approximate their fair values. The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped in to levels 1 to 3 based on the degree to which fair value is observable:

| | Level 1 | Level 2 | Level 3 | Total |
|-------------------------------------|-----------|---------|---------|-----------|
| As at 30 June 2011 | | | | |
| Assets | | | | |
| Available for sale financial assets | 3,827,142 | - | - | 3,827,142 |
| As at 30 June 2010 | | | | |
| Assets | | | | |
| Available for sale financial assets | 2,523,512 | - | - | 2,523,512 |
| | | | | |

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. The quoted market price used for financial instruments held by the Modaraba is the current bid price. These financial instruments are classified under level 1 in above referred table.

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value a financial instrument are observable, those financial instruments are classified under level 2 in above referred table. If one or more of the significant inputs is not based on observable market data, the financial instrument is classified under level 3. The modaraba has no level 2 and level 3 financial instruments as on 30 June 2011.
