Vision and Mission Statement

Vision

To be a sustainable, growth oriented Company and achieve scale to remain competitive in the barrier free global economy.

Mission

To build the Company on sound financial footings with better productivity, excellence in quality and improved efficiency at lower operating costs by utilizing blend of state of the art technologies.

To accomplish excellent results through increased earnings which can benefit all the stakeholders.

To be a responsible employer and to take care of the employees in their career planning and reward them according to their abilities and performance.

To fulfill general obligations towards the society, being a good corporate citizen.

Chairman's Review

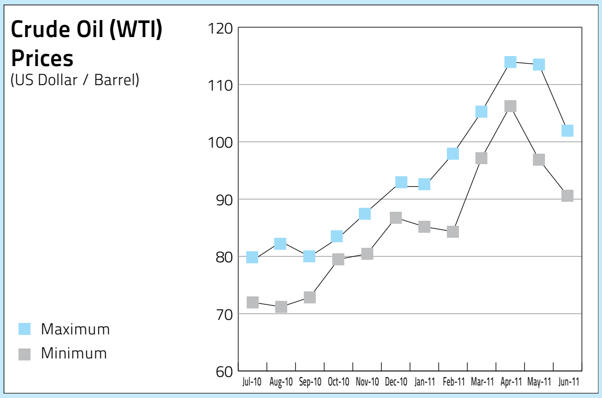
I am pleased to present the review on the performance and financial statements of your Company for the year ended June 30, 2011.

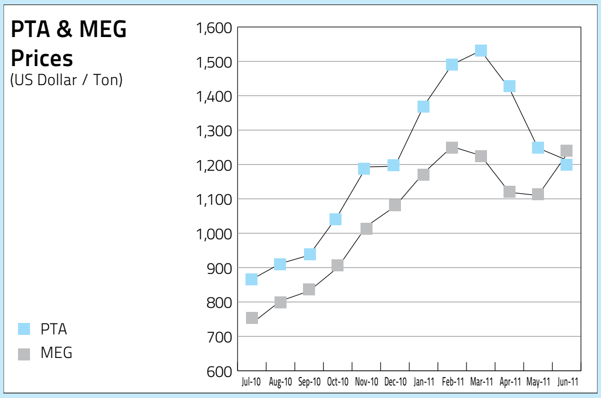
INDUSTRY OVERVIEW

During the financial year under review, there was a growth in demand of textile products in regional markets which resulted in increased production of yarns in the country. Moreover, the rising trend of cotton prices carried over from previous year became more pronounced during the year under review due to substantially lower cotton crop which was caused due to havoc created by flood. Both these factors contributed towards substantial increase in demand of Polyester Staple Fibre (PSF) in domestic market. On the other hand, prices of PTA and MEG started strengthening from start of the year in the wake of rising crude oil prices substantiated by the shortage of Paraxylene, which is the major raw material for production of PTA. PSF prices followed the trend on the back of ever increasing raw materials cost.

With slowdown of economic activity in the region during second quarter of calendar year 2011 and forecast of bumper cotton crop, cotton prices fell sharply thereby affecting the demand of PSF adversely. On the back of these factors, prices of PSF and yarn declined abruptly, resulting in inventory losses during second quarter of calendar year 2011.

During the year, the Federal Board of Revenue levied sales tax on sales of yarn to unregistered customers at the rate of 6% (which was previously 0%) effective from April 01, 2011 and declared all input tax adjustment relating to such sales as inadmissible thus increasing the cost of production of yarn.



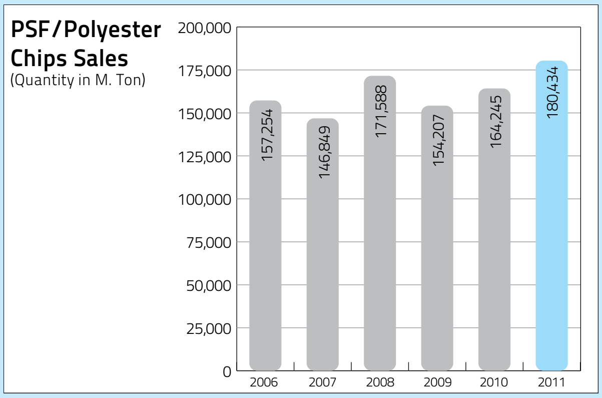


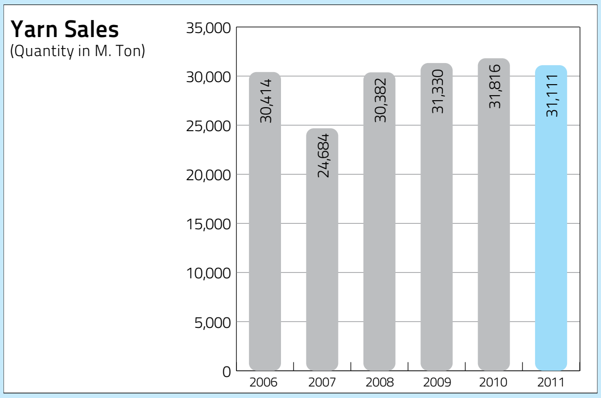
Chairman's Review

MARKETING ACTIVITIES

In the above mentioned market scenario, sales volume of PSF achieved by the polyester plant of your Company increased by 9.8% to 180,434 tons during the year under review as against sales of 164,245 tons during previous year.

The textile plants of your Company achieved sales of 31,111 tons of different counts of blended yarns during the year, as against sales of 31,816 tons of yarns during previous year.

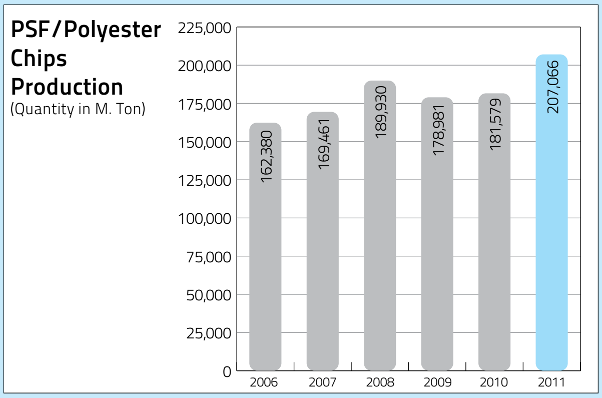




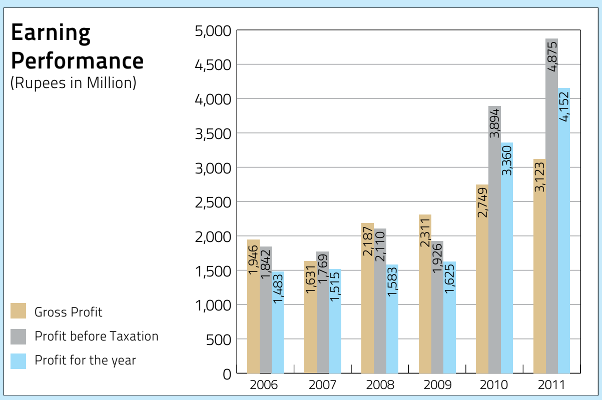
PRODUCTION OPERATIONS

In view of high demand of PSF, the polyester plant of your Company was operated at full capacity, during the year under review, and as a result, it achieved an average capacity utilization of 99% as against 87% during previous year by producing 207,066 tons of PSF / Polyester chips as against 181,579 tons of PSF / Polyester chips during previous year. Out of the above production, 22,041 tons of PSF was consumed by the textile plants of your Company during the year for production of blended yarns as against 21,932 tons consumed during previous year.

At IFL textile plants, 133,440 spindles remained operational during the year and manufactured 31,560 tons of different counts of blended yarns as against 136,305 spindles manufacturing 31,401 tons of yarns during previous year. The number of operational spindles reduced due to closure of Unit I of Textile plant II for modernisation and replacement of equipment.



Chairman's Review



FINANCIAL PERFORMANCE

During the year under review, net sales achieved by your Company increased to Rs. 37,301 million as compared to Rs. 27,124 million during previous year. The gross profit earned during the year increased to Rs. 3,123 million as against Rs. 2,749 million earned during previous year.
The cost of production increased due to high cost of raw materials, fuel and power and inventory losses which affected the gross profit to sales ratio.

After accounting for the proportionate share in profits of Allied Bank Limited, an associated company, amounting to Rs. 3,225 million for the year under review as against Rs. 2,980 million for previous year, your Company earned profit before tax amounting to Rs. 4,875 million during the year as compared to Rs. 3,894 million during previous year. Profit after tax for the year comes to Rs. 4,152 million as compared to Rs. 3,360 million during the previous year.

PROFESSIONALISM AND HUMAN RESOURCES

Your Company has always made efforts to improve the quality of its human capital by hiring qualified professionals, providing them a healthy working environment and making arrangements for their participation in various training courses, conferences and seminars organized in the country and abroad. During the year under review, 42 employees were nominated for attending seminars, workshops, training courses and conferences on accounting and taxation, business workflow technologies, upgradation of software operating systems and Microsoft exchange server, leadership and presentation skills, security solutions and labour laws, which were organized by leading institutions and organizations of the country. Moreover, 4 employees were nominated for participating in Heimtextil held in Germany, 3 for Asia Petrochemical Industry Conference held in Japan and 1 for The Fibres and Raw Materials Conference held in Hong Kong.

Chairman's Review

BALANCING, MODERNISATION, REPLACEMENT AND EXPANSION

POLYESTER STAPLE FIBRE PLANT

Last year, the management of your Company embarked on increasing the capacity of the polyester plant. Implementation of this plan will add 227,500 tons per annum to existing PSF production capacity of 208,600 tons thereby increasing the overall PSF production capacity to 436,100 tons per annum.
In accordance with this decision, during the year under review, your Company signed an agreement with the same supplier of technology who installed the previous polyester plants. This supplier was known as Zimmer AG, Germany and is now known as Lurgi GmbH, Germany.
The letter of credit for import of machinery was opened in December 2010 and first shipment of machinery has already arrived at site.

TEXTILE PLANT

During the year under review, the management of your Company has moved another step forward with the BMR implementation plan of its textile plants by replacing complete back process of Textile plant II – Unit I of the Company with the latest machinery consisting of complete blow room machines, drawing frames, carding machines and roving frames provided by two of the World's leading textile machinery manufacturers i.e. Truetzschler and Oerlikon Schlafhorst, Germany. It has started operation from the last quarter of the year under review.
Implementation of this BMR has resulted in further improvement in quality, efficiency and productivity.

POWER GENERATION PLANT

The management of your Company has decided to increase the generation capacity of its power generation plant by importing 5 power generating sets fueled by heavy fuel oil having a generation capacity of 5.3 MW each from NIIGATA, Japan who is the supplier of existing power generating sets of the Company.
The letter of credit for import of machinery has been opened in July 2011 and shipment of machinery is expected to start during calendar year 2012.
After installation, these power generating sets will add 26.5 MW to the existing 46.8 MW generation capacity of the power generation plant.

Chairman's Review

FUTURE OUTLOOK

With the quantitative easing in the US economy, interest rates have came down and speculative trading in commodity markets has increased, resulting in a lot of turbulence in international commodity prices, and PSF and its raw materials are no exception. The effect of this turbulence has been and will be observed in the domestic market as well. Cotton prices are now settling downwards after witnessing a sharp decline that continued from last quarter of the year under review in the wake of better cotton crop globally, though it has been affected to some extent domestically by the recent floods. Margins of PSF and yarn will be largely affected by the trend of prices of PSF and yarn and their raw materials internationally. On the other hand, the rate of natural gas has been increased by 13.5% for captive power producers with effect from August 07, 2011. It will result in reduction of profit margins.

Your Company, however, is expected to maintain the high production and sales level and is making all efforts to achieve better margins during next financial year with the help of better inventory management and improved cost control methodologies.

ACKNOWLEDGEMENT

I am thankful to the members of the Board of Directors of the Company, shareholders, bankers, financial institutions, our valued customers and suppliers for their support and assistance. I also thank the executives and employees of the Company for their dedication and hard work and look forward to getting the same cooperation in the future as well.

Shaikh Mukhtar Ahmad
Chairman

Lahore
September 28, 2011

The meeting was also attended by the CFO, Head of Internal Audit and External Auditors as and when it was required.

Code of Corporate Governance

The Directors are pleased to confirm that the Company has made compliance of the provisions set out by the Securities and Exchange Commission of Pakistan through the listing regulation No. 35 of Karachi, Lahore and Islamabad Stock Exchanges as prescribed in the Code of Corporate Governance and there is no material departure from the best practices as detailed in the listing regulations :

1. The financial statements have been prepared by the management in accordance with the requirements of the Companies Ordinance, 1984 (the Ordinance) and the directives issued by the Securities and Exchange Commission of Pakistan.

2. Proper books of accounts of the Company have been maintained as required under the Ordinance.

3. Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates, which are based on reasonable and prudent judgment.

4. Approved Accounting / Financial Reporting Standards have been followed in preparation of financial statements and any departure therefrom has been adequately disclosed in the Notes to the financial statements.

5. The system of internal control and internal audit function is sound in design and has been effectively implemented and monitored.

6. There is no significant doubt upon the Company's ability to continue as a going concern.

7. There has been no material departure from the best practices of corporate governance, as detailed in the listing regulations.

8. Financial highlights for the last 6 years are annexed.

Corporate Social Responsibility

Your Company understands its corporate responsibility towards the society and fulfills its obligation by providing financial support to under privileged members of the society and its deserving employees as well as doing philanthropy work. The Company is also contributing considerable amounts to the National Exchequer, applying solutions for energy conservation and environment protection, providing best quality products and after-sales technical services to its valued customers.

Your Company regularly donates generous amounts to renowned hospitals, trusts and to various institutions constituted for dealing with natural calamities as part of its philanthropic activities.

Your Company is providing healthy, safe and learning work environment to its employees and sends them to attend training courses, seminars, workshops, and conferences both within country and abroad. It lends regular support to the special persons by offering them jobs in departments that suit them best. It also offers apprenticeship to fresh graduates, post graduates and engineers, on regular basis, to elevate their professional and technical skills.

Your Company has also installed an environment friendly gas based power plant with a view to reduce power cost. Moreover, it produces steam as a by-product which is adequate to meet the entire steam requirements of polyester plant of the Company there by resulting in energy conservation.

During the year, your Company contributed a huge amount to the National Exchequer by way of payment of various duties, levies and taxes.

Acknowledgement

The Directors of your Company would like to place on record their deep appreciation for the support of the customers, banks, financial institutions, regulators and shareholders for achieving good results and hope that this cooperation and support will also continue in future.

The Directors of your Company would also like to express their appreciation for the services, loyalty and efforts being continuously rendered by the executives, staff members and workers of the Company and hope that they will continue to do so in future.

On behalf of the Board

Mohammad Naeem Mukhtar
Chief Executive Officer

Statement of Compliance

with Best Practices of the Code of Corporate Governance

This statement is being presented in compliance with the Code of Corporate Governance contained in the Listing Regulations of Stock Exchanges in Pakistan for the purpose of establishing a framework whereby a listed company is managed with best practices for good Corporate Governance.

The Board has applied the principles contained in the Code in the following manner :

1. The Company encourages representation of independent Non-Executive Directors and the Directors representing minority interests on the Board of the Company. However, at present, the Board includes 2 Executive and 5 Non-executive Directors and no Director representing minority interest.

2. The Directors have confirmed that none of them is serving as a Director in more than ten listed companies, including this Company.

3. All the Directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFI.

4. The Company has prepared a 'Statement of Ethics and Business Practices', which has been signed by all the Directors and employees of the Company.

5. No casual vacancy occured in the Board during the year under review.

6. The Board has developed a vision / mission statement for overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies alongwith the dates on which they were approved or amended has been maintained.

7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO and other executive Directors, have been taken by the Board.

8. The meetings of the Board were presided over by the Chairman and, in his absence, by a Director elected by the Board for this purpose and the Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven days before the Meeting. The minutes of the meetings were appropriately recorded and circulated. The Company Secretary and CFO attended the meetings of the Board of Directors.

9. The Directors are aware of their duties and responsibilities under the relevant laws and regulations and they are regularly appraised with the amendments in the corporate and other laws, if any. Three out of seven Directors have attended and successfully completed all parts of the "Corporate Governance Leadership Skills" programme conducted by the "Pakistan Institute of Corporate Governance".

10. The appointment of Company Secretary, CFO and Head of Internal Audit, including their remuneration and terms and conditions of employment, as recommended by the CEO is approved by the Board.

11. The Directors' report for this year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.

12. The financial statements of the Company were duly endorsed by CEO and CFO before approval of the Board.

13. The Directors, CEO and executives do not hold any interest in the shares of the Company other than that disclosed in the categories of shareholders.

14. The Company has complied with all the corporate and financial reporting requirements of the Code.

15. The Board has formed an Audit Committee. It comprises of two Non-executive Directors and one Executive Director.

16. The meetings of the Audit Committee were held at least once every quarter prior to approval of interim and final results of the Company as required by the Code. The terms of reference of the Committee have been formed and communicated to the Committee for compliance.

17. The Board has set-up an effective internal audit function with employees who are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the Company and they are involved in the internal audit function on a full time basis. The Internal Audit Department reports to the Audit Committee.

18. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the Quality Control Review programme of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan.

19. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.

20. The related party transactions and pricing methods have been placed before the Audit Committee and approved by the Board of Directors. The transactions were made on terms equivalent to those that prevail in arm's length transactions.

21. The Board of Directors confirms that all other material principles contained in the Code have been complied with.

On behalf of the Board of Directors

Review Report to the Members

on Statement of Compliance with Best Practices of Code of Corporate Governance

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance for the year ended June 30, 2011 prepared by the Board of Directors of Ibrahim Fibres Limited (the Company) to comply with the Listing Regulation No. 35 of the Karachi and Lahore Stock Exchanges where the Company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We have not carried out any special review of the internal control system to enable us to express an opinion as to whether the Board's statement on internal control covers all controls and the effectiveness of such internal controls.

Further, Sub - Regulation (xiii a) of Listing Regulations 35 of the Karachi Stock Exchange requires the Company to place before the Board of Directors for their consideration and approval of related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the Audit Committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2011.

Auditors' Report to the Members

We have audited the annexed balance sheet of Ibrahim Fibres Limited as at June 30, 2011 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

(a) in our opinion, proper books of account have been kept by the company as required by the Companies Ordinance, 1984;

(b) in our opinion:

i. the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;

ii. the expenditure incurred during the year was for the purpose of the company's business; and

iii. the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the company;

(c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the company's affairs as at June 30, 2011 and of the profit, its comprehensive income, cash flows and changes in equity for the year then ended; and

(d) in our opinion, Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 was deducted by the Company and deposited in the Central Zakat Fund established under Section 7 of that Ordinance.

Chief Executive Officer

Director

Notes to the Financial Statements

for the year ended June 30, 2011

1. STATUS AND ACTIVITIES

1.1 Ibrahim Fibres Limited (the Company) is incorporated in Pakistan as a public limited company under the Companies Ordinance, 1984 (the Ordinance) and is listed on Karachi and Lahore Stock Exchanges in Pakistan. The principal business of the Company is manufacture and sale of polyester staple fibre and yarn. The registered office of the Company is located at 1 - Ahmad Block, New Garden Town, Lahore. The manufacturing units are located at Faisalabad - Sheikhupura Road, in the Province of Punjab.

1.2 The Company has started implementation of balancing, modernisation and expansion of Polyester plant which will enhance the production capacity by 650 tons per day.

1.3 Pursuant to scheme of arrangement approved by the Honourable Lahore High Court, Lahore, assets, liabilities and reserves of Ibrahim Textile Mills Limited, A.A. Textiles Limited, Zainab Textile Mills Limited and Ibrahim Energy Limited were merged with the assets, liabilities and reserves of the Company with effect from October 01, 2000.

1.4 The financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance

These financial statements have been prepared in accordance with the requirements of the Companies Ordinance, 1984 (the Ordinance) and directives issued by the Securities and Exchange Commission of Pakistan, and approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Accounting Standards (IASs) / International Financial Reporting Standards (IFRSs) as notified under the provisions of the Ordinance. Wherever, the requirements of the Ordinance or directives issued by the Securities and Exchange Commission of Pakistan differ with the requirements of these standards, the requirements of the Ordinance or the requirements of the said directives take precedence.

2.1.1 Standards, amendments to standards and interpretations becoming effective in current period

The following standards, amendments and interpretations have been effective and are mandatory for financial statements for the periods beginning on or after July 01, 2010 and therefore, have been applied in preparing these financial statements :

- IAS 1 (Amendment), 'Presentation of financial statements'. The amendment provides clarification that the potential settlement of a liability by the issue of equity is not relevant to its classification as current or non - current. By amending the definition of current liability, the amendment permits a liability to be classified as non - current (provided that the entity has an unconditional right to defer settlement by transfer of cash or other assets for at least 12 months after the accounting period) notwithstanding the fact that the entity could be required by the counterparty to settle in shares at any time. The application of this amendment does not have any impact on the Company's financial statements.

- IAS 7 (Amendment), 'Statement of cash flows'. The amendment provides clarification that only expenditure that results in a recognized asset in the balance sheet can be classified as a cash flow from investing activity. The clarification results in an improvement in the alignment of the classification of cash flows from investing activities in the cash flow statement and the presentation of recognized assets in the balance sheet. The application of this amendment does not have any impact on the Company's financial statements.

- IAS 17 (Amendment), 'Leases'. Prior to the amendment, IAS 17 generally required a lease of land with an indefinite useful life to be classified as an operating lease, unless title passed at the end of the lease term. The amendment provides clarification that when a lease includes both land and buildings, classification as a finance or operating lease is performed separately in accordance with IAS 17's general principles. A lease newly classified as a finance lease should be recognized retrospectively. The application of this amendment does not have any impact on the Company's financial statements.

- IFRS 5 (Amendment), 'Measurement of non-current assets (or disposal groups) classified as held-for-sale'. The amendment provides clarification that IFRS 5 specifies the disclosures required in respect of non - current assets (or disposal groups) classified as held for sale or discontinued operations. It also clarifies that the general requirement of IAS 1 still apply, particularly paragraph 15 (to achieve a fair presentation) and paragraph 125 (sources of estimation uncertainty) of IAS 1. The application of this amendment does not have any impact on the Company's financial statements.

Notes to the Financial Statements

for the year ended June 30, 2011

2.1.2 Standards, amendments to standards and interpretations becoming effective in current year but not relevant

There are certain new standards, amendments and interpretations that became effective during the year and are mandatory for accounting periods of the Company beginning on or after July 01, 2010 but are considered not to be relevant or have any significant effect on the Company's operations and are, therefore, not disclosed in these financial statements.

2.1.3 Standards, amendments to standards and interpretations becoming effective in future periods

The following amendments and interpretations to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after their respective effective dates :

- IAS 1 (Amendments) clarifies that an entity will present an analysis of other comprehensive income for each component of equity, either in the statement of changes in equity or in the notes to the financial statements. These amendments are effective for accounting periods beginning on or after July 01, 2011. The amendments may result in certain changes in disclosures.

- IFRS 7, 'Disclosures on transfers of financial assets' (Amendments). The new disclosure requirements apply to transferred financial assets. An entity transfers a financial asset when it transfers the contractual rights to receive cash flows of the asset to another party. These amendments are part of the International Accounting Standards Board's (IASB) comprehensive review of off balance sheet activities. The amendments will promote transparency in the reporting of transfer transactions and improve users' understanding of the risk exposures relating to transfers of financial assets and the effect of those risks on an entity's financial position, particularly those involving securitization of financial asset. These amendments are effective for the accounting periods commencing on or after July 01, 2012. It is not expected to have any impact on the Company's financial statements.

- IFRS 7 Financial Instruments: Disclosures (effective for accounting periods beginning on or after July 01, 2011). These amendments add an explicit statement that qualitative disclosure should be made in the context of the quantitative disclosures to better enable users to evaluate an entity's exposure to risks arising from financial instruments. In addition, the IASB amended and removed existing disclosure requirements. The amendments may result in certain changes in disclosures.

- IFRS 9 'Financial instruments' introduces new requirements for the classification and measurement of financial assets and financial liabilities and for their derecognition. While the IASB has prescribed the effective date; period beginning on or after January 01, 2013 with earlier application permitted, the Securities and Exchange Commission of Pakistan and the State Bank of Pakistan have still not notified its effective date for adoption locally. As a result, there will be no impact on the Company's financial statements till application of IFRS 9 is notified.

- IAS 24, 'Related party disclosures' (Revised), issued in November 2009. It supersedes IAS 24, 'Related party disclosures', issued in 2003. IAS 24 (Revised) is mandatory for accounting periods beginning on or after July 01, 2011. The revised standard clarifies and simplifies the definition of a related party and removes the requirement for government-related entities to disclose details of all transactions with the government and other government-related entities. It is not expected to have any impact on the Company's financial statements.

- IFRIC 19, 'Extinguishing financial liabilities with equity instruments', effective for accounting periods beginning on or after July 01, 2011. The interpretation clarifies the accounting by an entity when the terms of a financial liability are renegotiated and result in the entity issuing equity instruments to a creditor of the entity to extinguish all or part of the financial liability (debt for equity swap). It requires a gain or loss to be recognized in profit or loss, which is measured as the difference between the carrying amount of the financial liability and the fair value of the equity instruments issued. If the fair value of the equity instruments issued cannot be reliably measured, the equity instruments should be measured to reflect the fair value of the financial liability extinguished. It is not expected to have any impact on the Company's financial statements.

Notes to the Financial Statements

for the year ended June 30, 2011

2.1.4 Standards, amendments to standards and interpretations becoming effective in future periods but not relevant

There are other amendments to the standards and interpretations that are effective from different future periods but are considered not to be relevant to the Company's operations, therefore, not disclosed in these financial statements.

2.2 Basis of preparation

These financial statements have been prepared under the "historical cost convention" except staff retirement gratuity carried at present value, investment in associate accounted for using the equity method and non - current assets held for sale stated at the lower of carrying amount and fair value less costs to sell.

2.3 Property, plant and equipment

Property, plant and equipment, except freehold land and capital work in progress are stated at cost less accumulated depreciation / amortisation and impairment in value, if any. Freehold land and capital work in progress are stated at cost less impairment in value, if any.

Depreciation is charged to income applying the reducing balance method and amortisation is charged on straight line basis over the unexpired period of lease hold rights of land at the rates specified in the property, plant and equipment note.

Depreciation on additions during the year is charged from the month in which an asset is acquired or capitalised, while no depreciation is charged for the month in which the asset is disposed off. The assets' residual values and useful lives are reviewed at each financial year end and adjusted if impact on depreciation is significant.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalised.

Gains and losses on disposal of property, plant and equipment are included in current income.

All costs / expenditure connected with specific assets are collected under capital work in progress. These are carried at cost less impairment in value, if any and are transferred to specific assets as and when assets are available for intended use.

2.4 Intangible assets

These are stated at cost less accumulated amortisation and impairment in value, if any. Intangible assets are amortised over a period of five years using straight line method.

Amortization on additions during the year is charged from the month in which an asset is acquired or capitalised.

All costs / expenditure connected with software implementation are collected in Computer softwares under implementation. These are carried at cost less impairment in value, if any and are transferred to specific assets as and when assets are available for intended use.

2.5 Impairment

The Company assesses at each balance sheet date whether there is any indication that assets except deferred tax assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether these are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their respective recoverable amounts and the resulting impairment loss is recognised in profit and loss account. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use.

Where impairment loss subsequently reverses, the carrying amounts of the assets are increased to the revised recoverable amounts but limited to the carrying amounts that would have been determined had no impairment loss been recognised for the assets in prior years. A reversal of an impairment loss is recognised immediately in profit and loss account.

2.6 Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit and loss account in the period in which these are incurred.

Notes to the Financial Statements

for the year ended June 30, 2011

2.7 Investment in associate

It is accounted for using the equity method and is initially recognised at cost.

2.8 Stores, spare parts and loose tools

These are valued at moving average cost less allowances for obsolete or slow moving items, if any. Items in transit are valued at cost comprising invoice value and other charges incurred thereon.

2.9 Stock in trade

Stock in trade except wastes is valued at lower of cost and net realisable value. Cost is determined as follows :

Raw materials	
In hand	Weighted average cost
In transit	Cost comprising invoice value and other charges incurred thereon
Work in process and Finished goods	Cost is determined on weighted average method and it comprises of cost of direct materials, labour and appropriate manufacturing overheads.

Wastes are valued at net realisable value.

Net realisable value represents the estimated selling price in the ordinary course of business less estimated cost of completion and estimated cost necessary to make the sales.

2.10 Trade debts and other receivables

Trade debts are carried at original invoice amount less an estimate made for doubtful receivables based on review of outstanding amounts at the year end. Balances considered bad are written off when identified. Other receivables are recognised at nominal amount which is fair value of the consideration to be received in future.

2.11 Investment - available for sale

Investment securities intended to be held for an indefinite period of time which may be sold in response to needs for liquidity or changes in interest rates or equity prices are classified as available for sale. These investments are initially recognised at fair value plus transaction cost and subsequently re-measured at fair value. The investments for which quoted market price is not available, are measured at costs as it is not possible to apply any other valuation methodology. Gains and losses arising from re-measurement at fair value are recognised in equity, through statement of comprehensive income, under fair value reserve until sold or otherwise disposed off at which time, the cumulative gain or loss previously recognised in equity is included in profit and loss account. All investments are de-recognised when the rights to receive cash flows from the investments is expired or transferred and the Company has transferred substantially all risks and rewards of ownership.

2.12 Non - current assets held for sale

Non - current assets are classified as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the assets are available for immediate sale in its present condition.

Non - current assets held for sale are measured at the lower of its previous carrying amount and fair value less costs to sell.

Non - current assets held for sale that no longer meet the criteria of classification as held for sale is transferred to non - current assets at the lower of :

- Their carrying amount before the assets were classified as held for sale, adjusted for any depreciation, amortisation or revaluation that would have been recognised had the assets not been classified as held for sale, and
- Their recoverable amount at the date of the subsequent decision not to sell.

Gains and losses on disposal of non - current assets held for sale are included in current income.

2.13 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks and highly liquid short - term investments that are convertible to known amounts of cash and are subject to insignificant risk of change in value.

Notes to the Financial Statements

for the year ended June 30, 2011

2.14 Staff retirement gratuity

The Company operates a defined benefit plan - unfunded gratuity scheme covering all permanent employees. Provision is made annually on the basis of actuarial recommendation to cover the period of service completed by employees using Projected Unit Credit Method. Cumulative unrecognised net actuarial gains and losses that exceed ten percent of present value of defined benefit obligation are amortised over the expected average remaining working lives of participating employees.

The amount recognised in the balance sheet represents the present value of defined benefit obligation as adjusted for unrecognised actuarial gains and losses.

2.15 Trade and other payables

Liabilities for trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Company.

2.16 Provisions

Provisions are recognised when the Company has a legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made to the amount of obligation. However, provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

2.17 Provision for taxation

Current

Provision for current taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credits and tax rebates available under the law.

Deferred

Deferred tax is provided using the liability method for all temporary differences at the balance sheet date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. In this regard, the effects on deferred taxation of the portion of income subject to final tax regime is also considered in accordance with the requirement of Technical Release - 27 of the Institute of Chartered Accountants of Pakistan.

Deferred tax asset is recognised for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the assets are realised or the liabilities are settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date.

Deferred tax is charged or credited to the profit and loss account, except in case of items charged or credited directly to equity in which case it is included in the statement of comprehensive income.

2.18 Dividend and other appropriations

Dividend is recognised as a liability in the period in which it is approved. Appropriations of profits are reflected in the statement of changes in equity in the period in which such appropriations are made.

2.19 Foreign currency translation

All monetary assets and liabilities in foreign currencies are translated into Pak Rupee at the exchange rates prevailing at the balance sheet date, except those covered under forward exchange contracts which are translated at the contracted rates. Transactions in foreign currencies are translated into Pak Rupee at exchange rates prevailing on the date of transaction.

Exchange differences are included in current profit and loss account. All non - monetary items are translated into Pak Rupee at exchange rates prevailing on the date of transaction.

2.20 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument and de-recognised when the Company loses control of the contractual rights that comprise the financial assets and, in case of financial liabilities, when the obligation specified in the contract is discharged, cancelled or expired.

Recognition methods adopted by the Company are disclosed in the individual policy statements associated with each item of financial instruments.

Notes to the Financial Statements

for the year ended June 30, 2011

2.21 Off - setting of financial asset and financial liability

A financial asset and a financial liability is off - set and net amount is reported in the balance sheet, if the Company has a legally enforceable right to set - off the recognised amount and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.22 Related party transactions

Transactions with related parties are carried out at arm's length. Prices for these transactions are determined on the basis of comparable uncontrolled price method, which sets the price by reference to comparable goods and services sold in an economically comparable market to a buyer unrelated to the seller.

2.23 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business.

- Sales are recorded on dispatch of goods.
- Profit on deposits is recognised on time proportionate basis.
- Dividend income on equity investments is recognised when right of receipt is established.

2.24 Critical accounting estimates and judgments

The preparation of financial statements in conformity with IASs / IFRSs requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

Significant areas requiring the use of management estimates in these financial statements relate to the useful life of depreciable assets, provision for doubtful receivables and slow moving inventory, staff retirement gratuity and deferred taxation. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

Actual production		
Polyester Staple Fibre / Polyester Chips	207,066	181,579
Yarn converted into 20/s count (Spindles worked 133,440 (2010 : 136,305))	47,149	48,712

The actual production of Polyester Staple Fibre and Polyester Chips is planned to meet the market demand.

Notes to the Financial Statements

for the year ended June 30, 2011

35. FINANCIAL RISK MANAGEMENT

The Company finances its operations through mix of equity, debt and working capital management with a view to maintaining an appropriate mix between various sources of finance to minimise risk. The Company's activities expose it to a variety of financial risks (credit risk, liquidity risk and market risk). The overall risk management is carried out by the finance department under oversight of the Board of Directors in line with the policies approved by the Board.

	2011 Rupees	2010 Rupees
35.1 FINANCIAL INSTRUMENTS BY CATEGORY		
Financial assets :		
Investment in associate	13,769,491,023	14,318,835,540
Long term loans	20,540,808	25,182,879
Long term deposits	3,573,063	3,746,923
Trade debts	162,236,487	138,789,546
Loans and advances	38,483,102	33,458,933
Other receivables	9,468,280	10,772,599
Cash and bank balances	155,387,775	72,753,720
Non - current assets held for sale	2,240,815,548	364,846,339
	16,399,996,086	14,968,386,479
Financial liabilities :		
Long term financing	2,541,666,666	4,325,000,000
Current portion of long term financing	1,783,333,334	1,686,208,334
Long term murabaha	–	150,000,000
Trade and other payables	2,811,343,960	1,096,833,744
Mark up / interest payable	154,623,130	179,909,644
Short term bank borrowings	703,649,354	1,569,438,291
	7,994,616,444	9,007,390,013

35.1.1 Credit risk and concentration of credit risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counterparties failed completely to perform as contracted. The maximum exposure to credit risk at the reporting date is as follows :

	2011 Rupees	2010 Rupees
Long term loans	20,540,808	25,182,879
Long term deposits	3,573,063	3,746,923
Trade debts	162,236,487	138,789,546
Loans and advances	38,483,102	33,458,933
Other receivables	9,468,280	10,772,599
Bank balances	149,559,792	66,075,441
	383,861,532	278,026,321

Due to Company's long standing relations with counter parties and after giving due consideration to their financial standing, the management does not expect non performance by these counterparties on their obligations to the Company.

For trade debts, credit quality of customers is assessed taking into consideration their financial position and previous dealings and on that basis, individual credit limits are set. Moreover, the management regularly monitors and reviews customers' credit exposure. Accordingly, the Company is not exposed to any significant credit risk.

Notes to the Financial Statements

for the year ended June 30, 2011

The Company's most significant customers are industrial users of polyester staple fibre and yarn. The break-up of amount due from customers is as follows :

	2011 Rupees	2010 Rupees
Industrial users	157,081,219	126,736,726
Wholesalers	5,155,268	12,052,820
	162,236,487	138,789,546
Aging of trade debts as at balance sheet date is as under :		
Not past due	138,441,991	117,759,867
Past due within one year	8,695,046	4,855,727
Past due more than one year	15,099,450	16,173,952
	162,236,487	138,789,546

Based on the past experience and taking into consideration the financial position and previous record of recoveries, the Company believes that trade debts past due do not require any impairment. The credit risk exposure is limited in respect of bank balances as these are placed with the banks having good credit rating from international and local credit rating agencies.

35.1.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Company's approach to manage liquidity risk is to maintain sufficient level of liquidity by holding highly liquid assets and maintaining adequate reserve borrowing facilities. This includes maintenance of balance sheet liquidity ratios through working capital management. The management believes that the Company is not exposed to any significant liquidity risk. Following are the contractual maturities of financial liabilities including interest payment as at June 30, 2011 and June 30, 2010.

	2011				
	Carrying amount	Contractual cash flows	Six months or less	Six to twelve months	More than one year
	Rupees				
Financial Liabilities

Trade and other payables	1,616,461,813	1,616,461,813	1,616,461,813	–	–
Mark up / interest payable	154,623,130	154,623,130	154,623,130	–	–
Short term bank borrowings	703,649,354	719,317,890	719,317,890	–	–
	6,799,734,297	7,798,640,079	3,687,199,024	1,128,009,846	2,983,431,209

	2010				
	Carrying amount	Contractual cash flows	Six months or less	Six to twelve months	More than one year
	Rupees				
Financial Liabilities					
Long term financing	6,011,208,334	7,650,791,493	1,187,273,311	1,228,993,013	5,234,525,169
Long term murabaha	150,000,000	151,952,877	151,952,877	–	–
Trade and other payables	1,096,833,744	1,096,833,744	1,096,833,744	–	–
Mark up / interest payable	179,909,644	179,909,644	179,909,644	–	–
Short term bank borrowings	1,569,438,291	1,587,157,815	1,587,157,815	–	–
	9,007,390,013	10,666,645,573	4,203,127,391	1,228,993,013	5,234,525,169

Notes to the Financial Statements

for the year ended June 30, 2011

The contractual cash flows relating to mark up have been determined on the basis of markup rates as applicable at June 30, 2011 on long term financing and short term bank borrowings. The Company has liquid assets of Rs. 2,626.932 million (2010 : Rs. 670.987 million) and unavailed short term bank borrowing facilities of Rs. 4,470 million (2010 : Rs. 3,680 million) (Refer Note 15.1) as at June 30, 2011 to minimise the liquidity risk.

35.1.3 Market risk

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising returns.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The effective interest / markup rate for the monetary financial assets and liabilities are mentioned in respective notes to the financial statements.

Majority of interest rate risk arises from long and short term borrowings from banks and deposit accounts with banks. The interest rate profile of the Company's interest bearing financial instruments is presented in relevant notes to the financial statements.

Sensitivity to interest rate risk arises from mismatches of financial assets and financial liabilities that mature or reprice in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted.

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss, therefore a change in interest rates at the reporting date would not affect profit and loss account.

Had the interest rate been increased / decreased by 100 basis points at the reporting date, with all other variables held constant, profit for the year and equity would have been lower / higher by Rs. 55.161 million respectively (2010 : Rs. 56.068 million).

ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument, will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly where receivables and payables exist due to foreign currency transactions. The Company is exposed to currency risk on other payables, debtors and claims receivable denominated in foreign currency. The Company is not significantly exposed to currency risk. The total foreign currency risk exposure on reporting date amounted to Rs. 214.819 million (2010 : Rs. 221.320 million).

Had the Pak Rupee been weakened / strengthened by 5% against the U.S dollar at the reporting date, with all other variables held constant, profit for the year and equity would have been lower / higher by Rs. 10 million respectively (2010 : Rs. 6.697 million).

iii) Equity price risk

Trading and investing in equity securities give rise to equity price risk. Investment in associate is accounted for using the equity method and non - current assets held for sale are accounted for at carrying values and are not directly exposed .

35.2 Fair values of financial instruments

The carrying values of all the financial assets and financial liabilities reported in the financial statements approximate their fair values.

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

Notes to the Financial Statements

for the year ended June 30, 2011

35.3 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares or obtain / repay long term financing from / to financial institutions.

Consistent with others in the industry, the Company manages its capital risk by monitoring its debt levels and liquid assets and keeping in view future investment requirements and expectations of the shareholders. Debt comprises of long term financing and short term bank borrowings as shown in the balance sheet. Total equity comprises of shareholders' equity as shown in the balance sheet under 'share capital and reserves'.

The salient information relating to capital risk management of the Company as at June 30, 2011 and June 30, 2010 was as follows :

	Note	2011 Rupees	2010 Rupees
Debt	15 & 16	5,028,649,354	7,730,646,625
Less : Cash and cash equivalents	12	155,387,775	72,753,720
Net Debt		4,873,261,579	7,657,892,905
Total equity		18,776,061,473	15,238,104,385
Total capital		23,649,323,052	22,895,997,290
Gearing ratio		20.61%	33.45%

36. DATE OF AUTHORISATION FOR ISSUE

The financial statements were authorised for issue as at September 28, 2011 by the Board of Directors of the Company.

37. NON - ADJUSTING EVENTS AFTER THE BALANCE SHEET DATE

The Board of Directors in its meeting held on September 28, 2011 proposed dividend at the rate of Rs. 3 per share amounting to Rs. 931.521 million (2010 : 621.014 million) for the year ended June 30, 2011 subject to the approval of the members at the forthcoming Annual General Meeting to be held on October 26, 2011 and approved transfer of an amount of Rs. 519.000 million (2010 : 30.000 million) to general reserve for the year ended June 30, 2011.
