## **Corporate Objectives**

"Our vision, mission and strategic objectives define the way we live and work"

## **Business Principles**

Our company follows three fundamental Business Principles: Mutual Benefit, Responsible Product Stewardship and Good Corporate Conduct. Each principle is supported by a series of core beliefs, which are explained below:

## **Mutual Benefit**

The principle of Mutual Benefit is the basis on which we build our relationships with our stakeholders. We are primarily in business to build long term shareholder value and we believe the best way to do this is to understand and take account of the needs and desires of all our stakeholders.

## **Core Beliefs**

- Creating long term shareholder value
- Engaging constructively with our stakeholders
- Creating inspiring working environments for our people
- Adding value to the communities in which we operate
- Ensuring that suppliers and other business partners
  have the opportunity to benefit from their relationship
  with us

## **Responsible Product** Stewardship:

The principle of Responsible Product Stewardship is the basis on which we meet consumer demand for a legal product that, put simply, is a cause of serious diseases. Therefore, our products and brands should be developed, manufactured and marketed in a responsible manner. We aspire to develop tobacco products with critical mass appeal that will, over time, be recognised by scientific and regulatory authorities as posing substantially reduced risks to health.

## **Core Beliefs**

- Provision of accurate, clear health messages about the risks of tobacco consumption
- Reduction of the health impact of tobacco consumption whilst respecting the right of informed adults to choose the products they prefer
- · Continued availability of relevant and meaningful information about our products
- Underage people should not consume tobacco products
- Responsible marketing of our brands and products and directed at adult consumers
- Appropriate taxation of tobacco products and elimination of illicit trade
- Regulation that balances the interests of all sections of society, including tobacco consumers and the tobacco industry
- Approach public smoking in a way that balances the interests of smokers and non-smokers

## **Good Corporate Conduct:**

The principle of Good Corporate Conduct is the basis on which all our businesses should be managed. Business success brings with it an obligation for high standards of behaviour and integrity in everything we do and wherever we operate. These standards should not be compromised for the sake of results.

### Core Reliefs

- Our businesses to uphold high standards of behaviour and integrity
- High standards of corporate social responsibility to be promoted within the tobacco industry
- Universally recognised fundamental human rights to be respected
- Tobacco industry to have a voice in the formation of government policies affecting it
- Achieving world class standards of environmental performance

## **Guiding Principles**

We nurture four guiding principles that represents Strength from Diversity, Open Minded, Freedom through Responsibility, Enterprising Spirit. Our guiding principles describe the organisation we are and the type of organisation we want to be. They represent the common values at the heart of our success.

## **Strength from Diversity**

Strength from Diversity reflects the cultural mix within the Group and a working environment that respects employees' individual differences. It also reflects our vision of harnessing diversity - of people, cultures, viewpoints, brands, markets and ideas – to create opportunities and strengthen performance.

For this reason, we are interested in what will differentiate you from others – what makes you unique.

## **Open Minded**

Open Minded reflects our openness to change, opportunities and new ideas, including ways of addressing regulatory issues and changing social expectations. We seek to listen without prejudice, actively and genuinely considering other viewpoints.

## Freedom through Responsibility

Freedom through Responsibility describes how we make decisions: as close to the consumer as possible. It also affirms our belief that decision-makers should accept responsibility for their own decisions.

## **Enterprising Spirit**

Enterprising Spirit has been a characteristic of our business for more than a century. It is reflected in our ability to grow our business and its value within challenging environments – in the confidence to seek out opportunities for success, to strive for innovation and to accept considered risk-taking as part of doing business.

#### Aslam Khaliq

Chairman and Non-Executive Director

Aslam Khaliq joined Pakistan Tobacco Company in 1967 as an agronomist. During his service he worked in various departments including Product Development and Corporate Planning. Was seconded to BAT, UK during 1988-89 and on his return was appointed as GM, Leaf.

In 1996, he was appointed as the Director Corporate and Regulatory Affairs and became Deputy Managing Director in 2001. On retirement in June 2004, he was invited to become the Chairman of the Board.

He is also member of the boards of Lahore University of Management Sciences (LUMS), OGDCL, NADRA, Pakistan Intellectual Property Rights Organization (PIPRO), Indus Valley School of Arts and Architecture, Jahangir Siddiqui Capital Markets Limited and Honorary Counsel of the Republic of Bulgaria.

#### **Toh Ah Wah**

Managing Director and **Chief Executive** 

William Toh Ah Wah has been Chief **Executive Officer of Pakistan** Tobacco Company since November 2005.

William joined British American Tobacco (BAT) after the merger between British American Tobacco and Rothmans International in November 1999 as the Business Development Director for China. In October 2003 William moved to New Zealand as Managing Director of British American Tobacco, New Zealand.

Before joining BAT, William was the Managing Director of Greater China with Rothmans International, based in Hong Kong.

He began his career with Rothmans, Malaysia as a Management Trainee in 1981. He spent 10.5 years of his career with the company in Malaysia, 5 years as State Sales Manager and 4 years as Marketing Manager before he was seconded overseas for his first posting in China in 1991.

#### **Mobasher Raza**

**Deputy Managing Director** and Finance Director

Mobasher Raza has been with the Company for the last 27 years. He joined the Company as Management Trainee in 1979 and held various key positions in the Finance function within PTC as well as with other Group Companies.

His international assignments include Internal Auditor for British American Tobacco UK, Finance Director Nigerian Tobacco Company Limited and Head of Finance Tvornica duhana Zadar (British American Tobacco subsidiary in Croatia). He returned to PTC in 2002 as Chief Financial Officer and was appointed as Finance Director in 2003. He is currently the Vice Chairman of Cigarette Manufacturers' Association and held the Chairman's office in 2005-06. He is also a member of OICCI Taxation Committee since 2003.

In November 2006, he was appointed as Deputy Managing Director of the Company in addition to his role as Finance Director.

### **Ahmed Zeb**

**Supply Chain Director** 

Ahmed Zeb joined the Company as a Management Trainee in the Production Department in 1976. Having worked in various capacities in the Production Function, which included Factory Manager and Chief Engineer and a cross functional marketing tenure of 2 years, he was seconded to BAT in 1997, in Uganda, he worked as Head of Operations and Projects for the East Africa cluster. Thereafter, he was posted to Sri Lanka (Ceylon Tobacco Company) as Operations Director. He returned to Pakistan Tobacco Company in August 2004 and was appointed as Production Director. He joined the Board in August 2005.

He has gone through an extensive range of International Management and Leadership Development Programmes over his service period.

He assumed the role of Supply Chain Director in year 2006.

#### **Feroze Ahmed**

IT Director

Feroze Ahmed ioined PTC in October 2003 from Reckitt Benckiser plc. UK where he served as the Information Services Director for Eastern Europe, Africa & Middle East, South Asia and East Asia and as a member of the Global IT Leadership team.

His career includes posts of Regional IT Director for Africa & Middle East, East Asia and South Asia based in South Africa, Singapore and Pakistan respectively. He served as a member of the Board of Directors in Reckitt & Colman, South Africa. He is a member of the Institute of Directors (IoD), UK.

In PTC, Feroze joined as the Head of IT in October 2003, was promoted to IT Director in October 2004. He joined the Board of Directors in October 2005. As of January 2007, Feroze has taken over as the Director IT for South Asia.

### Mirza Rehan Baig

Marketing Director

Rehan Baig joined Pakistan Tobacco Company as an International Secondee from Dubai in July 2005 as Head of Brand Marketing. After serving for just over a year, he took over the role of Marketing Director in October 2006.

Rehan began his career with British American Tobacco (BAT) in 2000 as Brand Manager for the countries of the Gulf Cooperation Council based in Dubai. In 2002, Rehan relocated to Beirut as Regional Manager and was later promoted to Head of Trade Marketing and served as a member of the Levant / Yemen Executive Committee. He then moved back to Dubai as a Marketing Development Manager in 2004.

Prior to joining BAT, Rehan had spent over 3 years on the BAT business working for Grey Worldwide advertising and covering the Middle Fast North Africa markets.

### Lt. Gen. (Retd.) Ali Kuli Khan Khattak

Non-Executive Director

Lt. General (Retd.) Ali Kuli Khan hails from Peshawar and belongs to a renowned industrial family. He was educated at Aitichison College Lahore and graduated from the Royal Military Academy Sandhurst in 1964.

He was commissioned in the Pakistan Army in 1964. General Ali and his late father are the only instance in the Pakistan Army where father and son both have risen to the rank of Lieutenant Generals. Important assignments during his brilliant career were Commandant Staff College in Quetta, Chief of General Staff and Director General Military Intelligence.

He also sits on the boards of Bannu Woolen Mills Limited, Janana De Malucho Textile Mills Limited, Liaquat National Hospital, Universal Insurance Company Limited, General Tyre & Rubber Company of Pakistan Limited, Ghandhara Nissan Limited, Ghandhara Industries Limited, Gammon Pakistan Limited.

### **Brendan James Brady**

Non-Executive Director

With over 15 years in the tobacco industry, Brendan has had a variety of roles including regional responsibilities for Asia Pacific, Europe, Africa and Latin America. He has also worked in two operating companies - as Head of Special Public Affairs Projects at Brown & Williamson and CORA Director at British American Tobacco Australasia.

Brendan has also worked for various international tobacco trade associations.

### Fatehali Walimuhammad Vellani

Non-Executive Director

Fatehali Walimuhammad Vellani is the senior partner of the law firm, Vellani & Vellani and has been in practice as an advocate since 1956. He has a B.A. in Economics from the University of Wales (UK) and is a Barrister of the Middle Temple (London).

Vellani is a member of the board of directors in several public listed companies in Pakistan with foreign investment from leading transnational companies abroad.

In Pakistan Tobacco Company Limited Mr. Vellani has remained a member of the Board of Directors since 1973 and is presently chairman of the Audit Committee of the Board and a member of the Board Compensation Committee.

#### Istagbal Mehdi

Non-Executive Director

Istagbal Mehdi is the Managing Director / CEO of Pak Kuwait. Prior to this role, he was the President of Zarai Tragiati Bank of Pakistan.

Mehdi held executive positions in several national organisations like Chief Experts Advisory Cell, Ministry of Industry and Production and Senior Economist, Board of Industrial Management etc. Between 1972-76 he remained Research Fellow at Leeds University, Leeds, UK. He was also Advisor to the World Bank during the period 1969-72.

He is also member of the boards of various companies including Fauii Fertilizer Bin Qasim Ltd, Fauji Fertilizer Company Limited, Meezan Bank Limited, General Tyre & Rubber Company of Pakistan, Pakistan State Oil, Shell Gas, National Commodity Exchange Limited, Al-Meezan Mutual Fund and Pakistan Textile City Limited.

#### **Kunwar Idris**

Non-Executive Director

Kunwar Idris joined the Civil Service of Pakistan in 1957 and retired in 1994. In a career spanning 36 years besides holding administrative posts like Chief Secretary, Home Secretary of Sindh and District Magistrate / Commissioner of Karachi, he was also Secretary to the Government of Pakistan in the Ministries of Petroleum and Production. In the earlier years of his career he was Assistant Commissioner and Political Agent in the North-West Frontier Tribal Areas. He was also Chairman / Chief Executive of Pakistan Automobile Corporation and Bankers Equity during the eighties.

Since retirement from public service, besides Pakistan Tobacco Company Limited, Mr. Idris is associated with the boards of Hinopak Motors, Orix Investment Bank, and Al-Ghazi Tractors - all three have foreign investments. He is also Chairman of Pakistan Automotive Manufacturers Association.

He writes a column for DAWN on Sundays mostly on current affairs.

#### Mueen Afzal

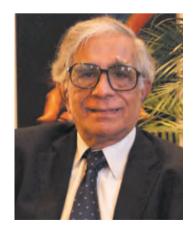

Non-Executive Director

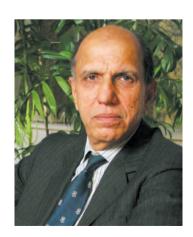

Mueen Afzal graduated with Honours from the Punjab University before going to Oxford University in 1963. He joined the Civil Service in 1964. He served in various prominent positions in Finance and Health ministries with the Provincial and Central Government. He also served as Secretary General, Finance and Economic Affairs with the Government from 1999 to 2002.

He is also on the boards of various reputed organizations / institutions which include Pakistan International Airline (PIA), ICI Pakistan Limited, Murree Brewery Company Limited, Beaconhouse National University Foundation, Al-Shifa Trust, Pakistan Poverty Alleviation Fund, Pakistan Philanthropy Centre, Sanjan Nagar Trust and Azgard Nine (Pvt.) Limited etc.

Mueen Afzal is also the Chairman of Pay and Pension Committee of Government of Pakistan and is a member of advisory board of Pakistan Cricket Board.

- The proxy form shall be witnessed by two persons whose names, addresses and NIC numbers shall ii) be stated on the form.
- iii) Attested copies of NIC or the passport of the beneficial owners and proxy shall be furnished with the proxy form.
- The proxy shall produce his original NIC or original passport at the time of the General Meeting. iv)
- In case of a corporate entity, the Board of Directors' Resolution/Power of Attorney with specimen V) signatures shall be submitted with the proxy form to the Company.
- (4) Shareholders are requested to notify the Company's Share Registrar promptly of changes in their address.

It is with immense pleasure that I present to you the results of 2006. However, before I do that let me take a few moments to take you back some years for perspective.

In 1999, our volume declined drastically to 18.7 billion (a 15% decline over the previous year) and going down. Our Operating Profit was only Rs 344 million, not to mention Profit after Tax registering a loss of Rs 136 million. We had suffered six years of consecutive losses accumulating to Rs 1.6 billion. We had maximized our borrowing limit with no more room for further fundings. It was then that our parent company British American Tobacco (BAT) came to the rescue with an equity injection that not only kept us afloat but sowed the seeds of the revival.

The turnaround by today's Pakistan Tobacco Company (PTC) could possibly be considered for a business school case study. What actually has been that turnaround?

	Years		Growth	
	2006	1999		
Volume (Billion Sticks)	34.5	18.7	84%	
Operating Profit (Rs in Million)	3,048	344	<b>786</b> %	
Profit After Tax (Rs in Million)	1,905	(136)	1500%	

Coming to this year's performance, 2006 was further proof that the turnaround is sustainable. We achieved record highs in all areas of the business. To highlight a few:

- Growth of 13% in Volume
- Growth of 28% in Operating Profit
- Growth of 15% in the Government revenue
- Growth of 6% in Production

It is noteworthy, that while the total market grew by only 3% in 2006, we grew by a hefty 13%. After having achieved market leadership in 2005, your Company further widened the gap over our nearest competitor by 5.6 ppt (AC Nielson Retail Audit research data), the key drivers of this growth in volume being Gold Flake & Capstan. More on this in the later report.

To service this exceptional growth in volume, our factories played a pivotal role, coming out with flying colors, in not only meeting consumer demands but achieving new heights in productivity and cost savings through the induction of new high speed machines and process efficiency initiatives.

2006 saw the implementation of a number of advertising restrictions and other regulatory issues. Driven by the Framework Convention on Tobacco Control (FCTC), the regulators are pushing for more stringent regulations. PTC as a responsible corporate citizen welcomes the initiatives and fully supports the Government in promulgating sensible regulations. During 2006, we worked proactively with the Government on Public Place Smoking and restriction of advertising. In line with changing expectations of society, the tobacco industry has withdrawn from most forms of product advertisements including sports sponsorships, TV, radio and outdoor hoarding.

It is heartening to note that your Company remains the single largest contributor to the Government's excise & sales tax revenue outside the Oil sector. As a matter of fact this gap has been significantly widened over the last two years, with PTC outperforming its own sector.

Years	Industry Contribution		PTC Contribution		
	Rs in Billion	Growth	Rs in Billion	Growth	
2000	18	12%	10	13%	
2002	21	17%	13	30%	
2004	25	19%	16	23%	
2006	31	24%	22	38%	

(Contribution by PTC and the Industry to the Governtment Exchequer)

We recognize the significant measures and initiatives taken by the Government of Pakistan towards achieving a Level Playing Field, including the minimum price law, third party audits, printing manufacturer's name and the recently promulgated law to introduce CCTV cameras at factories. I believe that stringent regulations have been put in place over the last 2-3 years by the CBR. However, with evasion still hovering at around 20%, we must now create awareness of the laws amongst key stakeholders and ensure effective enforcement by the relevant authorities.

In pursuit of ambitious business results we did not forget our commitment to the community and particularly the responsibility to the victims of the devastating earthquake of that October morning in 2005. Besides our ongoing programs of Afforestation,
Learning Resource Centers, Free Mobile Dispensaries
and Water Filtration Plants, we embarked on an
Earthquake Rehabilitation Programme funded by
donations of your Company, its employees and
companies within the group. Under this programme
we have taken the following initiatives:

- Sponsored CHAL-Centre for Rehabilitation for prosthetic & paraplegic patients in Battagram
- Sponsored a second School for The Citizen's Foundation (TCF); this one specific for the earthquake hit area in Mansehra
- Proposed reconstruction of a Basic Health Unit in Muzaffarabad, AJK through ERRA; and
- Rebuilding the lives of our effected employees
   / farmers by extending physical and material support.

As you will recall we published our first Social Report in January 2005 giving our stakeholders the opportunity to raise expectations from the business, some of which we agreed to address. I am pleased to report that we have just completed our second cycle of dialogue where we reported on our progress against the committed targets. This has been embedded as an on going process whereby we are in touch with our stakeholders as issues arise and seek to resolve all their reasonable expectations.

To receive acknowledgement and recognition from others is a source of great aspiration and pride for us. During the current year we were recognized for;

- Best in Class in terms of Total Supply Chain Costs by the PMG (Performance Measurement Group) Benchmarking Survey
- **BAT Environment Health & Safety Excellence Award** for Community Development
- **Environment Excellence Award** presented by the National Forum for Environment & Health
- Best Annual Corporate Report Award in sector presented by ICAP & ICMAP.

2006 saw a change in the Board namely Fazal Ghaffoor who left us for a new assignment in Iran. I would like to thank Fazal for his contributions and wish him luck with his new assignment.

Our outstanding success in the recent past has been a result of our strong talent base (all be it relatively young), excellent strategies and leading edge processes. More recently, the Asia-Pacific Region of BAT has adopted an "above market" collaboration and initiatives resulting in greater skills and knowledge transfers while reducing duplication and wastage. These synergies have contributed to a large extent in changing how PTC managers are viewing and solving issues.

Business by its nature is cyclical and evolving and we must always be prepared and plan for all contingencies. At PTC, we take our strategic planning process as critical to the sustainability

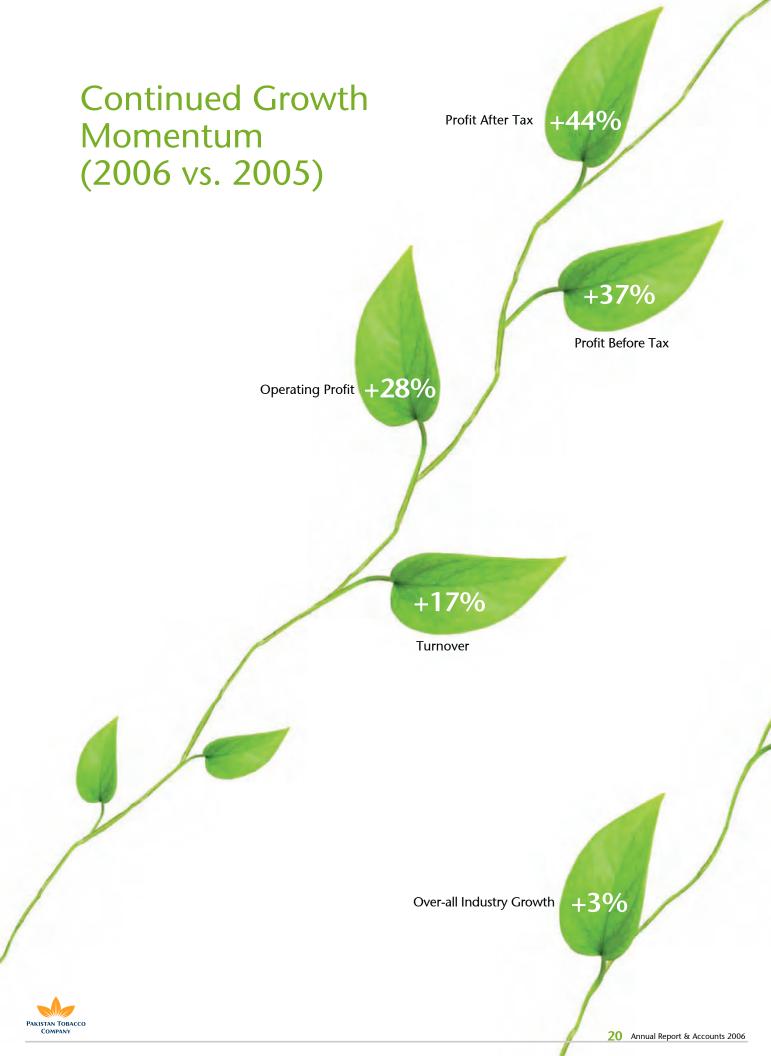

of the business. Excellent strategy backed by the diligence and perseverance of its employees has enabled PTC to stay ahead of the curve and bodes well for the future.

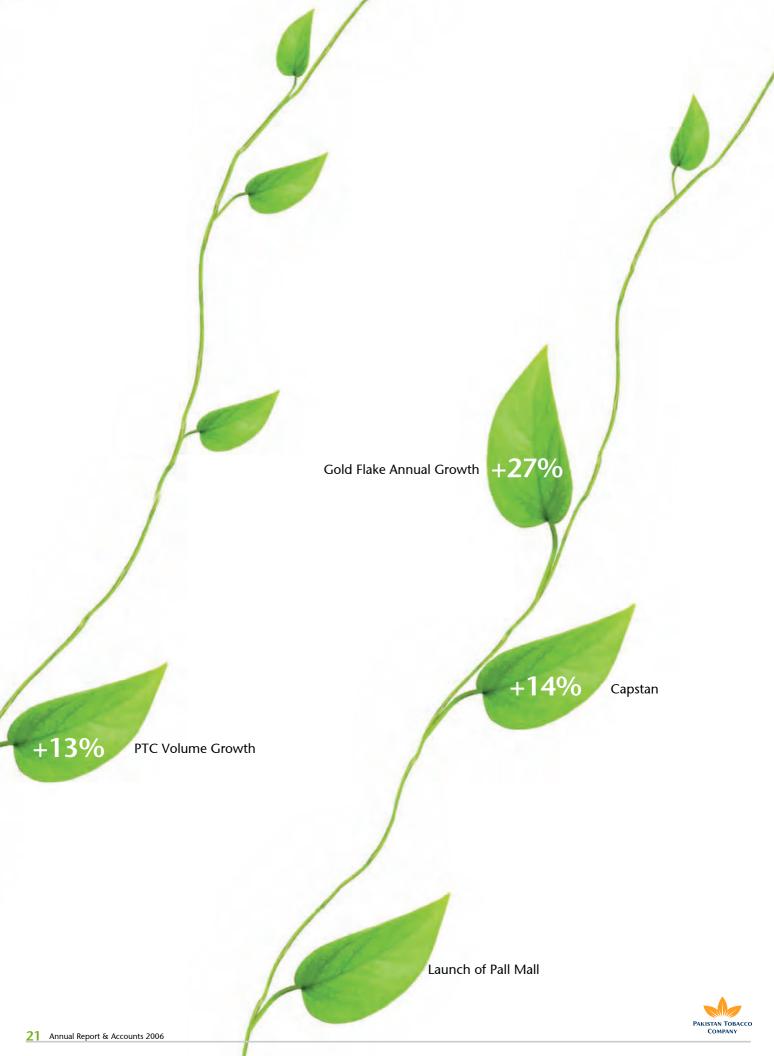

In our 60 years of existence, 40 of which I have personally witnessed, I can proudly claim that we are equal to the best that corporate Pakistan has to offer. This should be a source of tremendous pleasure for you, our shareholders.

On behalf of the Board, I am grateful for all the support and confidence we have received from our employees, consumers and Valued Business Partners. It has been a real honour for all of us to be a part of the PTC family.

Aslam Khaliq Chairman

## Managing Director's Review

2006 was a vintage year for us with significant achievements in all facets of the business from sales to profitability and from productivity to strengthening our credentials as a socially responsible corporate citizen.

It gives me immense pleasure to share with you the performance of Pakistan Tobacco Company (PTC) during 2006. Building on the solid foundations laid down during the last few years, we continued to scale new heights and achieve even greater milestones in 2006.

The market leadership, regained in 2005, was further strengthened during 2006. Our sales volume continued to grow ending the year at a record 34.5 bn sticks resulting in a considerable improvement in our volume share. Operating Profit, at Rs 3,048 mn, is 28% higher than 2005. Similarly, a substantial improvement was achieved in Profit Before Tax and Profit After Tax. We contributed over Rs 23 billion to the national exchequer, an increase of 15% over 2005. This outstanding financial performance was mainly driven by record sales volume, improved margins across the portfolio and effective cost control combined with enhanced level of investment in brands and people.

The level of evasion has registered a slight decline from last year due to strengthening of legislation. We appreciate the Government's actions to control evasion and firmly believe that effective enforcement to control this menace will not only result in higher Government revenues but will also strengthen the legitimate sector.

### **Brand Performances:**

Overall sales volume grew by an impressive 13% vs. the estimated industry growth of 3% during 2006. Our brands attained volume and value growth in all the segments i.e. High, Medium and Low.

#### Dunhill

Dunhill, launched in December 2005, was well received by consumers due to its unique fresh taste and the exceptionally smooth smoke that the Activated Charcoal Filter delivers. Dunhill is our leading premium offer which is being imported with the mandatory English / Urdu health warning. Our efforts in 2006 were focused on creating awareness about the brand and its rich heritage. Our efforts in future will be focused on establishing Dunhill as the brand of choice in the niche premium category.

### Benson & Hedges (B&H)

B & H continues to be the largest franchise in the premium segment of Pakistan. The brand was launched in a new pack in August 2006 which was followed by a consumer promotion in key cities. In future, the brand will continue to capitalise on its strong equity and consistently deliver the superior quality it promises to its consumers.

### John Player Gold Leaf (JPGL)

An aspirational brand for majority of smokers in Pakistan, JPGL is a high value generating brand for us. It continues to be considered the quality benchmark for locally manufactured cigarettes. A new variant of the brand, JPGL Special was launched in February 2006 and was well received by the consumers. A mega image promotion campaign, "Rediscover the Road" was launched towards the end of the year which introduced novel touch-points for increased consumer convenience i.e., participation through web and Short Messaging Service (SMS). Building on its strong consumer loyalty and superior taste, JPGL will provide its consumers exciting offers via extensive consumer contacts.

#### Pall Mall

In June 2006, we launched Pall Mall, an internationally renowned brand, in the Medium segment. The brand is also the first to be offered with a wide range i.e. three variants of Lights, Menthol and Full Flavour. Its launch was supported using attractive display materials, consumer contacts and road shows. All the variants generated reasonable trial levels. In 2007, our efforts will be focused at establishing Pall Mall with an aim of developing it into the leading international mid priced offer in the market.

### Capstan

Capstan re-affirmed its overwhelming domination of the Medium segment during 2006 with sales

growing by 14% over 2005. Despite being priced higher than competition's brand, Capstan has managed to flourish in 2006. We will continue our efforts to strengthen its brand equity and loyalty amongst consumers.

#### Gold Flake

Gold Flake achieved superb volume growth of 27% over 2005 and further solidified its position as the largest selling brand in our portfolio. Targeted and focused consumer promotion activities, aggressive distribution drives and overall business development have been the main drivers of Gold Flake's success. The brand has also been used effectively in line with our portfolio strategy to arrest volume losses in Embassy, with the result that our overall share of the low segment has increased. Gold Flake is poised to add further momentum to its growth in the years ahead and play the leading role for our overall volume growth.

### **Embassy**

Priced slightly below Gold Flake, this brand faces tough competition from cheaper offers in the taxevaded sector as well as some out-switching to Gold Flake. Its volume has declined by 8.5% during 2006; we will continue with the migration strategy (to Gold Flake), while maintaining the product and packaging quality of the brand to keep its loyal consumers satisfied.

## **Business Process Re-engineering** (BPR)

Appreciating the importance to challenge the status quo for continuous improvement and deliver strong business results in a sustainable way, we have always been on the lookout for opportunities to enhance the speed, efficiency and reliability of our processes. Several BPR projects were undertaken during 2006 including the setting up of the Enterprise Programme Office (EPO), Project Slender at Akora Khattak factory and the Supply Chain Operations Reference (SCOR) Model implementation. EPO puts in place a new way of working, which keeps corporate strategy at the forefront and ensures that all the initiatives are aligned to support the strategy through effective programme management and allocates resources to the best fit priority areas. Project Slender entails relocation of the machinery and resources, changing the layout of production floor in a way to boost process efficiencies and achieve higher productivity without employing additional resources. SCOR Model is being implemented all across the supply chain i.e. from seed to smoke, for achieving cost optimization and improved process efficiencies.

Corporate Social Responsibility (CSR) and Good Corporate Governance

We have been at the forefront of CSR subsequent to our initiatives on Afforestation, Mobile Free Dispensaries, eye care via Layton Rahmatullah

Benevolent Trust, Learning Resource Centres, Non-Formal Education through the NGO Adult Basic Education Society, supporting Citizen's Foundation to provide educational facilities for the children and installation of water filtration units. We further strengthened our credentials as a socially responsible corporate citizen through our earthquake relief efforts. With the assistance of our employees and sister concerns we have spent over Rs 60 million, contributing in cash and kind on a number of initiatives such as sponsoring "CHAL Centre for Rehabilitation of Earthquake Affectees" in Battagram, inaugurated in September 2006. In November 2006, we undertook a project to combat the spread of Viral Hepatitis in Northern Areas. The project entails seminars and workshops to raise awareness about the disease and its preventive measures, training of doctors, blood screening and treatment. In 2005, we became the first company in Pakistan to publish a duly audited Social Report. Second cycle of the Social Reporting Dialogue, based on issues identified in the Stakeholder Mapping and Classification Exercise, was completed in November 2006 and the second Social Report is planned for publication in early 2007.

Best practices of Good Corporate Governance being adhered to include producing an Annual Report that provides quality information to all stakeholders ensuring compliance with Companies Ordinance, Code of Good Corporate Governance and International Financial Reporting Standards. In recognition of our efforts in this area we were

awarded the top position in miscellaneous category by a joint body of Institute of Cost and Management Accountants and Institute of Chartered Accountants of Pakistan for our 2005 Annual Report.

## Organisational Restructuring:

The Board, to enhance the efficiency and productivity of the Company, reorganised its core committee "The Executive Committee of the Board" (ExCo) in 2006. In this context a subcommittee of the ExCo was created namely "The Operations Committee (OpCo) that comprises of the senior managers from all function of the Company. After this segregation ExCo's primary responsibility shall be to assist the Board in the formulation and driving of the strategy whilst the OpCo under the authority delegated by the ExCo shall operate to run the day to day operations of the Company. This will allow operational issues to be dealt with the focus and sense of urgency that they deserve, releasing the Executives Directors and the Head of the Departments to concentrate on strategy formulation and direction setting. Furthermore the scope of influence of the Board Compensation Committee was expanded to include all the employees of the Company.

We are proud to have a team of well trained professionals who are highly regarded both inside and outside the Company. Our strength in talent is recognized by the British American Tobacco Group internationally and managers have regularly

been selected in the past to work for various British American Tobacco Operating Companies. During 2006, seven of our managers were seconded out to different Operating Companies for long term assignments taking the total number of secondees to 19.

A well motivated and energised workforce is instrumental for the success of any business. To achieve this and reinforce a high performing culture a unique Reward & Recognition (R&R) system was put into place whereby employees are recognised for their efforts and rewarded instantly. Number of other steps like welfare activities, vocational training institutes, local and foreign trainings were also taken in 2006 to enhance workers' morale and commitment. Going forward we aim to continue striving to make PTC an even greater place to work.

# Environment, Health & Safety (EH&S):

Being fully alive to our role as a responsible corporate citizen we have implemented a well structured EH&S program in addition to embedding internationally recognised best practices. We are committed to ensure that we nurture an environment where our employees and surrounding communities are safe from any hazards that may affect their health and minimise the impacts of our operations on biodiversity.

Our commitment to EH&S was further strengthened during 2006 as we achieved significant improvements on the EH&S road map. Both our production facilities were recertified with ISO 14001 earning the 'Evergreen' status. We have consistently sustained our accreditation in last seven surveillance audits with zero major and minor points.

Our efforts have further been substantiated with National Forum for Environment & Health (NFEH) awarding us the annual Environment Excellence Award on 'Health, Safety and Environment' for second consecutive year in 2006. Our efforts also received recognition from BAT in a big way where PTC won three EH&S awards.

2007 & Beyond:

2006 was a vintage year for us with significant achievements in all facets of the business from sales to profitability and from productivity to strengthening our credentials as a socially responsible corporate citizen. We further strengthened our volume and value leadership of the Tobacco Industry attaining new heights in many areas including leaf purchases, production volume, sales volume and profitability.

We remain committed to continue the era of sustained growth in market share and profitability making concerted efforts to achieve our vision to be 'The First Choice For Everyone'. I commend the untiring efforts of my colleagues who worked

throughout the year with absolute commitment and diligence. They are the main drivers behind our success. All of us are proud to be part of the "PTC family" and resolve to take the Company to ever-greater heights in the years to come.

In 2007, we will continue to offer our consumers the best quality, relevant products to fortify our leadership position even further in the domestic market. Our fundamental challenge would be to tackle the tax evaded sector which remains the biggest threat to both Government Revenues and the long term profitability of the legitimate sector. We would urge the Government to continue to work with the legitimate industry to effectively curb this threat.

**Toh Ah Wah** 

Managing Director and CEO

## Directors' Review

The Directors are pleased to present the 60th Annual Report along with the audited financial statements of the Company for the year ended December 31, 2006.

2006 was a momentous year in the history of the Company where it achieved new heights in sales, production and profitability. The strong organic volume growth helped in further strengthening our volume and value leadership of the tobacco industry.

## **Business Performance**

The following summary of key financial results narrates the Company's outstanding performance as compared to the year 2005.

	Rs in 2006	Million 2005	Growth
Turnover Gross profit Operating profit Profit before tax Profit after tax Earnings per share - EPS (Rs)	35,715 5,534 3,048 2,861 1,905 7.46	30,615 4,530 2,378 2,082 1,322 5.17	17% 22% 28% 37% 44%

The strong financial performance is attributable to significantly higher sales volume, improved margins across all brands and continued control over cost; through focus on operational efficiencies and other initiatives.

## Sales Performance

The Company maintained double digit volume growth in 2006 with a record sales volume of 34.5 billion sticks – 13% higher vs. Same Period Last Year (SPLY). This is a remarkable performance keeping in view the overall industry growth which is estimated at 3%.

Our continuous focus on product improvement, greater understanding of consumer behaviour, innovative and effective marketing campaigns has resulted in strong organic growth in our brand portfolio. Gold Flake remained the volume leader in the portfolio and grew at a phenomenal rate of 27% vs. SPLY, whereas Gold Leaf maintained its volume base. Capstan is the consumers' first choice in the medium segment and it enjoyed 14% volume growth over SPLY. The decline in Embassy volume is attributed to in-switching to Gold Flake and stiff competition from the cheap tax evaded offers of the illicit sector.

# Contribution to the National Exchequer

Our improved sales and financial performance has resulted in significant increase in the Government revenues. In 2006, the Company contributed Rs 23.0 billion to the National Exchequer in terms of excise duty, sales tax, custom duties and income tax etc. – 16% higher than SPLY.

### Cost of Sales

The nominal increase in per unit cost of sales (2% higher vs. SPLY) was possible due to the economies of scale (highest ever production) and effective supply chain management. According to an international survey on supply chain done in 2006 by the Performance Measurement Group (PMG Benchmarking Survey), PTC was rated as 'Best in Class' in terms of total supply chain costs among its peer companies across the globe.

## **Operating and Other Costs**

While we have a continued focus on cost, we did not shy to invest behind our brands and people. Our total marketing expenses grew from Rs 1,579 million in 2005 to Rs 1,824 million in 2006 – an increase of 16% vs. SPLY. Our retail loyalty program progressed successfully in 2006 and helped us strengthen the partnership with trade. Dunhill Dimension events were held in three metros to address the demands of cosmocrat smokers of the country. John Player Gold Leaf successfully introduced a new variant to the family called John Player Gold Leaf Special in February 2006 and concluded the year with a consumer promotion 'Rediscover the Road'. One of the most significant activities was the launch of Pall Mall range in July 2006. The smokers of Pakistan VFM segment for the first time got flavour of a truly international offer launched in three variants - Full Flavour, Lights & Menthol. These initiatives coupled with higher salaries and escalation in fuel prices resulted in an overall increase in marketing spend.

In line with our objective to attract and retain high quality talent, the compensation packages were revised above inflation. Additionally the employees earned higher bonuses on account of outstanding performance in 2005. These factors along with normal inflationary rise have resulted in an overall increase of 15% in Administrative Expenses.

Other income was Rs 34 million higher than SPLY mainly due to higher interest income and gain on disposal of fixed assets. Other expenses in 2005 were higher due to employees separation cost,

however it was marginally offset by higher Workers Profit Participation Fund and Workers Welfare Fund charge in 2006 due to higher profit.

### Cash Flows

Despite improved profitability on account of strong financial performance our cash outflow remained higher than inflow mainly due to higher income tax, dividend payment and capital expenditure.

### Plant Modernisation

The Company spent Rs 1.2 billion (Rs 0.5 billion more than last year) for acquiring latest machinery to cater for increased demand and to facilitate up gradation in the technology footprint.

## **Appropriation of Profits**

The profit for the year, along with distributable profit at year end, has been appropriated as follows:

	Rs in	Million
	2006	2005
Operating profit	3,048	2,378
Profit after tax	1,905	1,322
Accumulated profit brought forward	1,084	708
Profit available for appropriation	2,989	2,030
Appropriations:		
Interim dividend 2006 @ 30% (2005: 25%)	766	639
Final dividend 2005 @ 25%	639	
Final dividend 2004 @ 12%		307
Un-appropriated profit carried forward	1,584	1,084

## Dividend

In view of the excellent performance of the Company this year, the Board is pleased to propose a final dividend of Rs 4.40 (2005 : Rs 2.50) per share in respect of the financial year ended December 31, 2006, over and above the interim dividend of Rs 3.00 paid in September 2006. This final dividend will be subject to the approval of shareholders in their meeting scheduled for April 20, 2007.

## **Environment, Health and Safety** (EH&S)

Our EH&S programme ensures a safe work place for the employees and contributes in improving environment with a focus on minimizing natural resource depletion through various initiatives like, reduction of energy and water usage, effluent discharge management, solid waste reduction and controlled air emissions. All our discharges are well within the National Environmental Quality Standards (NEQS) limits set by the Government of Pakistan. The Company plays a valuable role in terms of providing healthcare service, learning resource centres, technical education, potable water facilities and reduced usage of harmful pesticides through Integrated Pest Management (IPM) and Non Formal Education Schools (NFES).

It is worth mentioning that PTC was amongst the galaxy of high performers, winning the BAT EH&S Excellence Award 2006 for use of cleaner technologies. The Company was also declared overall winner of BAT Community Award as a result of our projects like, Free Dispensaries, Learning Resource Centres, Non Formal Education and Potable Water.

The milestones achieved during 2006 reflect our strong commitment to EH&S.

## **Good Corporate Governance**

The Directors confirm compliance with the Corporate and Financial Reporting Framework of the SECP's Code of Corporate Governance for the following:

- a) The financial statements, prepared by the management of the Company, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- b) Proper books of account of the Company have been maintained.
- c) Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based

- on reasonable and prudent judgement.
- d) International Accounting Standards, as applicable in Pakistan, have been followed in preparation of all financial statements.
- e) The system of internal control, which is sound in design has been effectively implemented and is being continuously reviewed.
- f) There are no doubts about the Company's ability to continue as a going concern.
- g) There has been no material departure from the best practices of corporate governance, as detailed in the listing regulations.
- h) All major Government levies in the normal

- course of business, payable as at December 31, 2005, have been cleared subsequent to the year end.
- Key operating and financial data for last six years in summarised form is annexed.
   Values of investments in employees retirement funds based on audited accounts for the year ended December 31, 2005 are as follows:

Management Provident Fund	Rs in Million 288
Staff Pension Fund	1,084
Employees' Provident Fund	385
Employees' Gratuity Fund	230

### The Board

The Board comprises 7 non-executive directors and 5 executive directors. The positions of Chairman and CEO are kept separate in line with good governance practice.

## Changes in the Board

The Directors wish to report the following changes in the Board of Directors:

- Mr. Fazal Ghafoor, Marketing Director resigned on October 27, 2006 after completing his 3 years' contract. He successfully led the marketing team in regaining volume leadership in 2005 and further strengthening our position in 2006. We express our sincere appreciation for the valuable contributions made by him during his tenure and wish him every success for the future.
- Mirza Rehan Baig was appointed as Marketing Director with effect from October 27, 2006 to fill the casual vacancy caused by the resignation of Mr. Fazal Ghafoor.

## **Board of Directors Meetings**

During the year 2006, five meetings of the Board of Directors were held. Attendances are detailed below:

	No. of meetings attended
1. Mr. Aslam Khaliq, Chairman and Non-Executive Director	5
2. Mr.Toh Ah Wah, Managing Director and Chief Executive Officer	5
3. Mr. Mobasher Raza, Deputy Managing Director and Finance Director	4
4. Mr. Fazal Ghaffoor, Marketing Director *	2
5. <b>Mirza Rehan Baig,</b> Marketing Director <sup>+</sup>	1
6. Mr. Ahmed Zeb, Supply Chain Director	3
7. Mr. Feroze Ahmed, IT Director	5
8. Lt. Gen. Ali Kuli Khan Khattak, Non-Executive Director	4
9. Mr. Brendan James Brady, Non-Executive Director	0
10. Mr. Fatehali Walimuhammad Vellani, Non-Executive Director	5
11. Mr. Istaqbal Mehdi, Non-Executive Director	3
12. Mr. Kunwar Idrees, Non-Executive Director	4
13. Mr. Mueen Afzal, Non-Executive Director	4

<sup>\*</sup> Mr. Fazal Ghafoor resigned from the board with effect from October 27, 2006.

### **Board Committees**

The Board has a number of committees, which assist the Board in the performance of its functions. A list of committees is annexed.

### **Audit Committee**

The Audit Committee is a committee of the Board of Directors and assists the Board in the manner provided in the Code of Corporate Governance issued by the SECP and forming part of the Listing Regulations of the Stock Exchanges in Pakistan. Its membership comprises the following seven Non-Executive Directors:

Fatehali W. Vellani (Chairman) Lt. Gen. (Retd.) Ali Kuli Khan Khattak Aslam Khaliq Brendan James Brady Istaqbal Mehdi Kunwar Idris Mueen Afzal

The Managing Director and Finance Director attend meetings of the Committee on standing invitation; however, they are not members. The Internal Audit Manager is the secretary of the Committee and reports directly to the Chairman of the Audit Committee and the BAT Asia Pacific Regional Audit Controller, who is based in Hong Kong.

The Committee held five meetings during the year at which the External Auditors were also in attendance to present and discuss specific issues. The quarterly, half-yearly and annual accounts of the Company and public announcements relating to them were reviewed and were recommended by the Committee before approval by the Board. Such reviews extend to major judgemental areas reflected in the accounts, significant adjustments resulting from the audit of accounts, the going concern assumption, changes in accounting policies and practices, compliance with applicable

<sup>&</sup>lt;sup>+</sup>Mirza Rehan Baig was appointed with effect from October 27, 2006.

accounting standards, and compliance with listing regulations and other statutory and regulatory requirements.

The Audit Committee functions within the scope of the Terms of Reference agreed with the Board which determine the roles and responsibilities of the Committee and reflect the requirements of the Code of Corporate Governance. The role and responsibilities of the Audit Committee include determining appropriate measures to safeguard the Company's assets, reviewing quarterly, halfyearly and annual financial statements of the Company and preliminary announcements of results before approval by the Board and publication, reviewing the Company's statement on internal control systems prior to their approval by the Board, reviewing the external auditors letter to the management and its response thereto, ascertaining that the internal control system including financial and operational controls and accounting system and reporting structure are adequate and effective, considering major findings of internal audit and management's responses thereto, monitoring compliance with the best practices of corporate governance and instituting special projects and investigations on any matter deemed appropriate by the Committee or desired by the Board.

The Audit Committee assists the Board of Directors in monitoring and managing risks and internal controls. It also monitors the performance of the Internal Audit Department which adopts a riskbased approach for planning and conducting business process audits consistently with the Company's established work practices. The scope and extent of internal audit including the annual Internal Audit Plan are reviewed and approved by the Committee which regularly monitors the progress. While the External Auditors independently determine their plan of audit, the Committee is informed of their progress and specially in regard to issues stated in their letter to management and responses received. Without interfering with the independence of the External and Internal Auditors, the Committee encourages coordination between them in the discharge of their respective functions. The Committee recommends to the Board the appointment of the External Auditors and their terms based on the Committee's review of their performance and value provided to the Company.

### **Auditors**

Statutory Audit for the Company for the financial year ended December 31, 2006 has been concluded and the Auditors have issued their Audit Reports on the Company financial statements, consolidated financial statements and the "Statement of Compliance with the Code of Corporate Governance".

The Auditors Messrs. A. F. Ferguson & Co. shall retire at the conclusion of annual general meeting, and they have indicated their willingness to continue as Auditors. They have confirmed achieving satisfactory rating by the Institute of Chartered Accountants of Pakistan (ICAP) and compliance with the Guidelines on the Code of Ethics of the International Federation of Accountants (IFAC) as adopted by ICAP. The Board proposes their reappointment as Auditors for the financial year ending December 31, 2007 on the recommendation of the Audit Committee.

### Shareholding

The pattern of shareholding as at 31st December 2006 along with disclosure as required under Code of Corporate Governance is annexed.

The Directors, Chief Executive Officer, Chief Financial Officer, Company Secretary and their spouses and minor children, have reportedly carried out no trading in the shares of the Company.

### **Holding Company**

British American Tobacco (Investments) Limited is the Holding Company and is incorporated in the United Kingdom.

### Consolidated Financial Statements

Consolidated financial statements of the Company and its wholly owned subsidiary, Phoenix (Private) Limited, are submitted herewith.

### **Business Challenges and Future** Outlook

The illicit trade in cigarette industry is a critical issue for the tax paying sector. While we acknowledge the Government's intention to curb this menace, it still remains a major hurdle in providing Level Playing Field to the industry. The illicit trade not only deprives the Government of revenues, it also damages the legit industry business.

The industry is also facing the infringement of Intellectual Property Rights of brand owners which not only deceive consumers but are also not subject to the same regulatory requirements and quality standards as genuine products. The establishment of Intellectual Property Organisation of Pakistan is a right step forward and demonstrates the Government's commitment to a coordinated action against this menace. However, it is vital that the regulations treat illicit trade as a serious offence and adequate resources are dedicated to ensure effective enforcement. Without effective enforcement, strong laws do not form a deterrent.

The Government's continued campaigns in print media on implementation of the stipulated legal framework in terms of Minimum Price, Health Warning on cigarette packs and other statutory amendments have been instrumental in raising awareness amongst trade and consumers. In order to effectively address the issues faced by the industry, the situation warrants stringent and consistent enforcement of the regulatory framework by the Government. We resolve to

extend our outmost support and will continue to work closely with the relevant authorities.

The Directors wish to acknowledge the hard work and commitment demonstrated by all our employees and also expresses their sincere appreciation to the customers, distributors and suppliers for their continued support and loyalty. We are also thankful to the shareholders for their growing confidence in the Company.

We are confident that the Company will maintain the growth momentum achieved in the recent years and will continue to build sustainable shareholders' value by ensuring a continuous focus on our key strategic objectives i.e. growth, enhanced productivity and acting responsibly through our 'Winning organization'.

## **Board Committees**

The Executive Committee of the Board (EXCo) is the central working nucleus of the organization. Comprising on Executive Directors and Head of the Departments of the Company, the EXCo drives to achieve the strategic targets set by the Board of Directors.

In 2006, to deliver its responsibilities more efficiently, the EXCo formulated a Subcommittee and entitled it as Operating Committee (OPCo). This committee has a representation of senior managers from all Functions of the organisations. The objective for the formulation is to assist EXCo in carrying out the day to day operations of the Company. With OPCo focusing on the operational tasks, it becomes more convenient for the EXCo to better focus on the development and delivery of strategies and long term vision of the organisation.

### **Board Compensation Committee (BCC)**

The Committee is responsible to decide the pays and benefits of all employees of the Company.

### **Audit Committee (AC)**

Assists the Board of Directors in management of business risks, internal controls and the conduct of business in an economically sound and ethical manner.

### **Share Transfer Committee (STC)**

Responsible for dealing with the day to day matters relating to the shares of the Company.

### **Corporate Social Responsibility Committee (CSRC)**

The Committee's purpose is to set strategic direction and to act as an advisory body to the management of the company for all CSR initiatives. Its role is to keep under review and make appropriate recommendations to the company regarding the Company's management of Corporate Social Responsibility and the conduct of business in accordance with the Statement of Business Principles.

The Committee seeks to focus on the Company's social and environmental performance and provides a forum which demonstrates that the principles of CSR are effectively embedded throughout the Company.

# Statement of Compliance with the Code of Corporate Governance

This statement is being presented to comply with the Code of Corporate Governance (Code) contained in Regulation No.37 of Listing Regulations of the Stock Exchanges of Karachi, Lahore and Islamabad for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the Code in the following manner:

- The Company encourages representation of independent non-executive directors and directors representing minority interests on its Board of Directors. At present the Board includes six independent non-executive directors and one non-executive director representing minority shareholders.
- 2. The directors have confirmed that none of them is serving as a director in more than ten listed companies, including this Company.
- 3. All the resident directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFC or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
- 4. Casual vacancy occurred in the Board on 27th October, 2006 and filled within 30 days thereof.
- The Company has prepared a 'Standards of Business Conduct', which has been signed by all the directors and employees of the Company.

- The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
- 7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO and other executive directors, have been taken by the Board.
- 8. The meetings of the Board were presided over by the Chairman and the Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
- The Board has approved appointment of CFO, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment, as determined by the CEO.
- The directors' report for this year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.
- 11. The financial statements of the Company were duly endorsed by CEO and CFO before approval of the Board.

- 12. The directors, CEO and executives do not hold any interest in the shares of the Company other than that disclosed in the pattern of shareholding.
- 13. The Company has complied with all the corporate and financial reporting requirements of the Code.
- 14. The Board has formed an audit committee. It comprises of seven members, of whom all are non-executive directors including the chairman of the committee.
- 15. The meetings of the audit committee were held at least once every quarter prior to approval of interim and final results of the Company and as required by the Code. The terms of reference of the committee have been formed and advised to the committee for compliance.
- 16. The Board has set-up an effective internal audit function manned by suitable qualified and experienced personnel who are conversant with the policies and procedures of the Company and are involved in the internal audit function on a full time basis.
- 17. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review programme of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by Institute of Chartered Accountants of Pakistan.

- 18. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Listing Regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 19. We confirm that all other material principles contained in the Code have been complied with.

Toh Ah Wah Managing Director and CEO

# Statement of Compliance with the Best Practices on Transfer Pricing for the year ended December 31, 2006

The Company has fully complied with the best practices on Transfer Pricing as contained in the Listing Regulation No.38 of the Karachi Stock Exchange.

Toh Ah Wah

Managing Director and CEO

# Review Report to the Members on Statement of Compliance with **Best Practices of** Code of Corporate Governance

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) as applicable to Pakistan Tobacco Company Limited (the Company) for the year ended December 31, 2006 prepared by the Board of Directors of the Company, to comply with the Listing Regulations of the Karachi, Lahore and Islamabad Stock Exchanges where the Company is listed. The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We have not carried out any special review of the internal control system to enable

us to express an opinion as to whether the Board's statement on internal control covers all controls and the effectiveness of such internal controls.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended December 31, 2006.

A. F. Ferguson & Co

Chartered Accountants, Islamabad

# **Our Company**

Pakistan Tobacco Company prides itself in being the first multi-national company to begin its operations in Pakistan since 1947. Our parent company, British American Tobacco has been in business for over 100 years now. We have built an international reputation for making and marketing high quality brands for the millions of informed adults who choose to consume tobacco.

From being just a single factory operation to a company which is involved in every aspect of cigarette production, from "seed to smoke", we have evolved into one of the leading corporations in Pakistan. We revel in our instrumental role in the development of the country, and continue to support and contribute to various causes of national interest.

Our strategy reflects our vision - being the champions of growth, productivity, responsibility and the winning organisation.

We work to ensure that we deploy our resources and capabilities in the most efficient way. Insisting on capital effectiveness, and growth we utilise our assets to the maximum. We are determined to become an organisation with a focused, energised, and diverse talent-pool, achieving sustainable high performance thus translating into our 'Winning Culture'.

Our brands encompass our values and we boast a diversified portfolio catering to the different tastes and preferences of the entire tobacco market. By offering products that are superior in quality, driven by global standards, we meet and exceed the expectations of our consumers.

We believe that products that pose risks to health, such as tobacco, require regulation. We seek to engage with governments, regulatory bodies and other tobacco companies on tobacco regulation that can tackle real issues in workable ways. We are committed to working with national governments and relevant multilateral organisations, to reduce the health impact of smoking, and we welcome opportunities to participate, in good faith, to achieve real progress. Following the ratification of the Framework Convention on Tobacco Control by the Government of Pakistan, we are working with the Government and local regulatory bodies to illustrate our dedication towards the responsible marketing of our brands.

Our Environment Health Safety Program is designed to provide a safe workplace for employees, protect the environment, prevent damage to property, enhance employee morale, and assure compliance with applicable laws and regulations worldwide.

Today, society also expects companies to work towards broader goals beyond the benefit of shareholders and to demonstrate support for communities, high standards of ethical behaviour and greater transparency and accountability. As society's expectations of corporate responsibility change, we are also changing some of the ways we address issues of concern. We don't know all the answers, or claim to get everything right every

time, but we are committed to continuous improvement and to keeping an open mind. We have learned that companies can rarely act alone; almost all our contributions to society involve working constructively with others and by engaging with and listening to our stakeholders, and matching our words with our actions, we aim to demonstrate the behaviour of a responsive and responsible tobacco company.

### **Awards**

- Regional Legacy Award
- BAT Global EH&S Award
- BAT Zero Accident Award
- Supply Chain Global Award by Supply Chain Council, USA.
- 2006 Environment Excellence by Ministry of Environment Governtment of Pakistan.
- Best Corporate Report in the miscellaneous category by Joint Committee of ICMAP & ICAP.
- ISO 9001 & 14001 Certification
- SA 8000 Certification
- MRP II Class 'A' Certification

# Strategy for Creating Shareholder Value Vision **First Choice** For Everyone Strategy **Productivity** Responsibility Growth Winning Organisation

# FLAVOUR & FORTUNE

A key activity that followed the launch of our new pack was the "Flavour & Fortune" promotion. The promotion offered consumers a chance to win a range of prizes through participation in two draws. B&H was also the first cigarette brand in Pakistan to launch its website. The website not only made participation in the promotion more convenient, it also opened an avenue for smokers to have a dialogue with us on their brand through e-mail. This generated significant interest among the smokers and provided key insight to us to shape some of the activities for future.

B&H is currently the leading brand in the premium segment. In order to build on its strength and to further modernise the offer, a new contemporary pack design was introduced in August 2006. The new pack embodies the rich golden smoke offered by the brand.

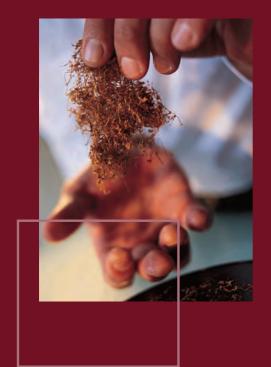

# NEW LOOK OUTSIDE SAME GOLD INSIDE

B&H continues to be the leading premium segment brand in the country. 2006 saw B&H move to a new modern pack with the same traditional golden blend. The new pack was launched in August 2006 and has been very well received by consumers. The new B&H packs aim to bring a stylish and modernistic look to the brand and to ensure that it continues to appeal to premium segment smokers in the future.

Coincidently, a major international premium brand, Marlboro, was also launched by Lakson Tobacco Company in August 2006. The pack change is expected to help B&H to continue its domination of the premium segment in the wake of Marlboro's arrival in Pakistan.

# STORY SOFAR

With its super premium positioning, DUNHILL delivers the ultimate smoking pleasure to consumers of the premium segment. DUNHILL started off 2006 with a consumer promotion offering a return trip to the legendary Alfred Dunhill Tobacco Shop in London. Several meticulously trained Brand Ambassadors carried out consumer engagement, at exclusive locations, introducing the offer to smokers. The Ambassadors also utilised this opportunity to offer the DUNHILL Button Range, comprising Full Flavour and Lights, to adult smokers.

Selected smokers of the segment had the opportunity to experience the 'World of DUNHILL' through its scintillating Dimensions program. This was executed through a series of events in Islamabad, Lahore and Karachi. The Dimensions brought together the ultimate fine dining experience, delivered by an acclaimed French Gastronome, with the Mekaal Hasan Band's revolutionary modern performances in music.

DUNHILL prides itself on its quality as expressed through freshness in its product. This message was brought to the consumers through a 'Fresh and Imported' campaign, capturing the detail and diligence in its manufacture, processing and delivery.

DUNHILL, with its unique assets, shall be central to our strategy for dominating the premium segment. The innovative programmes planned for 2007 aim to put DUNHILL head and shoulders above all competitive offerings in the eyes of discerning smokers.

### A TASTE APART

JPGL continued to be the destination brand for smokers in 2006 and remained the unchallenged leader in its price segment. In addition to contributing significant value growth to our portfolio, the brand maintained its share of the market by again delivering over 6 billion sticks.

The brand also inducted a new member to its range by launching JPGL Special to further fortify its position in the high priced segment. JPGL Special created a new consumer base by offering a smoother taste, thus offering consumers a chance to really experience a differentiated product.

Consumers were able to experience firsthand the blending expertise of JPGL through product demonstration units set up at key locations across the market.

Towards the end of the year, JPGL rewarded its loyal smokers with the popular "Rediscover the Road"

promotion. In addition to the unique prizes, this promotion also introduced to consumers innovative modes of interacting with the brand and the company via both Web and SMS media.

The combination of great prizes and innovative touchpoints made the promotion a huge success, also providing a significant increase in the size of the JPGL consumer database.

JPGL will remain the leading high price brand in Pakistan by bringing innovation and value to its smokers.

Gold Flake bolstered its position as the top volume brand of PTC, gaining further ground against competition in 2006. The Brand performed extraordinarily well, surpassing all expectations. A record 18.8 billion sticks saw Gold Flake's volume growth translate into PTC's clear market leadership.

Regional and national level consumer promotions, distribution enhancement drives and consumer contact activities helped to enhance the brand's performance during 2006. High potential areas such as NWFP and Baluchistan experienced aggressive growth rates. Additionally the distribution expansion resulted into PTC's overall portfolio development in these areas.

Consumer promotions were successful in building product trial which eventually converted into a larger smoker share during the year. This growth was further strengthened by focused engagement activities like 'Gold Flake Movie Ticket' which has certainly achieved a benchmark status.

Innovations took place in the form of increased brand presence at point of purchase and the larger retail universe, bringing in specialized display and visibility solutions.

Going into 2007, Gold Flake is all set to gain incremental volume growth through various brand and product development initiatives, strengthening its position as the most popular choice in its segment.

### **Portfolio: from Local to Global**

In line with our strategy of bringing the best international brands from our global portfolio to Pakistan, Pall Mall was added to the PTC portfolio.

Born in 1899, Pall Mall is one of the oldest and most renowned cigarette brands in the world. The brand has a long history of bringing innovation to the cigarette industry, introducing the first King Sized cigarette in 1933 and the first colour TV advertisement in 1953. Today Pall Mall boasts of being the largest selling GDB in the BAT Portfolio.

Pall Mall was launched in Pakistan on the 15th of June, 2006 and can proudly boast that it was the first to bring to the market a complete range. This choice for consumers took the form of Full Flavor, Lights and Menthol variants. In addition the brand was also given a modern feel by adopting a new look beveled edge pack format.

Historic distribution levels were achieved within 3 weeks of the launch in our top 10 markets. In addition we achieved record visibility at retail in terms of our pack facing share.

Consumers were contacted in a unique and ground-breaking manner. A pre-recorded message was delivered to adult smokers using MP3 players and headphones allowing us to deliver a consistent message at a mass level in an engaging and innovative manner. Selected smokers were also given an opportunity to experience the world of Pall Mall by guiding them through a series of mobile floats.

Today the brand stands as an integral member of the PTC brand portfolio and is central to our commitment to giving value to consumers via our international brands. Pall Mall is destined to be our flagship brand in the mid price segment in Pakistan.

The productivity includes ensuring that we deploy our marketing resources and capabilities in the most efficient way, reducing unnecessary complexity and using our cash and other assets productively. Greater integration across our supply chain is helping us to reduce costs, take economies of scale, increase speed to market and improve effectiveness. We are also reducing our overheads and indirect costs – anything we spend money on other than leaf, wrapping materials, cigarette machinery and permanent labour costs.

2006 was a challenging year for the supply chain team with highest ever production (33.7 billion cigarettes) to cater for the increasing market demand by running the factories 24 hours a day, 7 days a week and 358 days during the year. Moreover, our 10 HL (hinge lid) variants (which, on average, are 25 % costlier than 20s HL variants) showed a 20% increase in demand vs. previous year.

Higher inflation coupled with unprecedented rise in international fuel prices, adversely impacted our prices of imported wrapping materials and leaf. The real impact on Product Cost was curtailed by productivity initiatives and supply chain programmes. During the year several supply chain projects were initiated to reduce cost and optimize processes which included conversion from paper to film wrap, blend changes and favourable leaf source drifts. Price increases passed on to local and imported suppliers were kept to a minimum by effective negotiations and source changes.

One of the other challenges for the team was to secure domestic leaf requirement for the tremendous surge in the market demand. Highest ever leaf volumes were purchased, at optimal cost and improved quality. CPMH (Cigarettes Per Man-Hour), a key productivity indicator, improved to 15,271 in '06 (vs. 13,341 in '05) through new

high speed machines induction, improvement in machine utilization, crew optimization, enhanced skill level of the shop floor employees and improved maintenance systems. Effective Shop floor controls enabled reduced wastages, improved product quality and high standards of EH&S (Environment, Health & Safety).

Once again, working smartly as an effective and integrated supply chain function, PTC maintained its status of one of the lowest product cost manufacturers in the Asia-Pacific Region.

# Responsibility

The Corporate Social Responsibility movement recognises that corporations are an integral part of society. They, therefore, have a clear stake in ensuring that people are treated properly, receive fair and equitable wages, operate under safe working conditions and ensure that the detrimental social, economic and environmental impacts of their actions are limited and monitored.

PTC believes in and practices CSR as described above. In addition to it we also have a large CSI programme where the 'I' is for Investment and not Intentions. We approach Corporate Social Investment as an end in itself rather than as a way to promote ourselves, and our company has always been closely identified with the communities where it operates.

For our company, Corporate Social Responsibility goes beyond writing cheques to various charities. Our initiatives are focused on proactive involvement in our partner communities. We have identified areas within our scope of operations that could benefit the most from our efforts, and these efforts result in concrete on-the-ground projects. Through internal and external monitoring, the Company ensures that our CSI initiatives are effective besides being implemented in a timely and responsible manner.

Another tool we have pioneered in Pakistan is Social Reporting. Our second Social Report will be published in April 2007. Essentially, it is a method by which companies can and do hold dialogue with their key stakeholders with the purpose of building relations, learning from each other with the ultimate goal of providing the company with relevant information on how stakeholders feel about their business practices so

that the Company can, over time, align its business strategy with the reasonable expectations of society. Our CSI activities are focused on health & education sectors.

### Health

We run Mobile Doctor Units (MDUs) in Mansehra, Buner, Yar Hussain, Shergarh and in outskirts of Akora Khattak Factory. The MDUs follow a five day schedule and in total provide health services to about 3,000 beneficiaries of these areas in a month. In addition, we provide eye care through our partner, LRBT. Our latest venture is a partnership with the National Institute of Health under Ministry of Health and the Prime Minister's Programme for the Prevention and Control of **Hepatitis** 

### Water Filtration Units

Four Water Filtration plants are already operational in Buner, Akora Khattak, Isori Payan and Yar Hussain with a capacity of 2,000 gallons/hour. Year 2007 will see us installing a further four units in partnership with the Tehsil Nazims and the Community Citizen Boards of NWFP.

### **Education:**

### Learning Resource Centres (LRCs)

We have one LRC in each of our leaf regions, namely, Buner, Mansehra, Yar Hussain, Shergarh and Akora Khattak Factory. Another is in Akora Khattak town that is especially for women. They are all affiliated with Skill Development Council NWFP. Over 1,200 students have graduated from these centres over the last six years with basic computer literacy.

### Non-Formal Education Schools

This programme was initiated about four years ago through an NGO called Adult Basic Education Society (ABES). We sponsor nine schools in the Yar Hussain area and there are approximately 300 students enrolled presently at various stages of the primary school. Over 80% of the students are girls.

### The Citizen's Foundation (TCF) School in Nowshera

PTC has donated Rs 3.8 million to The Citizen's Foundation for building a primary school in Nowshera to cater to the educational needs of the more disenfranchised children from the locality. The school will start functioning by end of March 2007.

# Earthquake Relief & Rehabilitation

In the immediate aftermath of the October 8, 2005 earthquake, PTC initiated many projects of relief and reconstruction / rehabilitation work. A sum of Rs 20 million was immediately released out of which Rs 10 million went to the President's Relief Fund and Rs 5 million each went to the provincial government of the NWFP and AJK. In addition to this we have initiated rehabilitation programs worth Rs 35 million in the NWFP, with the following activities:

- Funding a rehabilitation centre in Battagram through Pakistan Institute for Prosthetic and Orthotic Sciences. (PIPOS).
- Sponsoring The Citizens Foundation to set up a school in Buffa Mera
- Rebuilding of a BHU in Anwar Sharif, District Muzzafarabad.

### Flood Relief activities

When floods hit Mardan in 2006, PTC responded immediately by arranging, shipping and distributing 35 tonnes (1000 packages) of essential food supplies to the people in need. The whole operation was planned with the idea to spend only on the relief goods in tangible form. Three camps were arranged in a day at three different locations of Districts Mardan & Charsadda;

Location	District	Packages
Umerzai	Charsadda	500
Mumand Abad	Mardan	250
Rajjar	Charsadda	250

# Contribution to National Exchequer

The tobacco industry is a major contributor to the Government revenues. Taxes are paid through following means:

- Indirect taxes levied on tobacco products (Customs, Excise Duty & General Sales Tax)
- II. Direct taxes on income earned in the industry (Income Tax & Local Taxes)

PTC, being the major player in the tobacco industry, enjoys the status of the single largest contributor to the excise in Pakistan. The organic growth in our volumes and effective year on year price increases resulted in significant growth in the Government revenues as reflected in the table below:

	Rs in Million				
	2006	2005	2004	2003	2002
Customs, Excise Duties & Sales Tax	22,069	19,129	16,086	14,322	12,861
Local Taxes and Other Duties	87	87	71	75	76
Income Tax	880	634	137	44	40
Total	23,036	19,850	16,294	14,441	12,977

# Winning Organisation

To achieve our vision (First Choice for Everyone) our strategy is to ensure that we have the right people and the right working environment with a clear line of sight. We are heavily focusing on four key strategies to drive our initiatives; Growth, Productivity, Responsibility and Winning Organisation.

Being a Winning Organisation would require that BAT must be a Great Place to

work in which Outstanding People work together, share their learnings, mistakes and successes. This ensures that their combined performance is greater than the individual contribution. In order to achieve the above, we focus on four vital areas of people development called the 4 People Drivers.

### **Great Place to Work**

- Leadership
- Culture

### **Outstanding People**

- **Talent**
- Learning and Knowledge

These Drivers have evolved and continue to evolve from a highly collaborative process involving BAT people from all levels and around the world. Each Driver is underpinned by a strategy and activities at global and local levels to help embed them into the fabric of the way we work. It is no coincidence that recent and ongoing research confirms that successful embedding of the 4 Driver themes are strongly linked to increased employee satisfaction and business success in other organisations. This is something which business leaders have known for quite some time and our integration of the Drivers into our business puts us at the forefront of this thinking.

These Drivers mean change, and adoption of new and better ways of doing things. We have a clear mandate to and are working collaboratively to achieve it.

### Culture

Our culture consists of values we derive from our 4 guiding principles. We are currently in the process of launching internal campaigns to further inculcate these values into the daily lives of our employees. Our guiding principles in brief are:

**Enterprising Spirit** - We have the confidence to seek out opportunities for success, to strive for innovation and to accept the considered risk taking that comes with it

Freedom through Responsibility - People have the freedom to take decisions and act by accepting personal responsibility, within the parameters of the organisation's strategic goals

Strength from Diversity - We actively utilise our diversity - of people, cultures, viewpoints, brands, markets and ideas - to create opportunities and strengthen performance

Open Minded - We are open minded and encourage everyone to contribute, by actively listening; by being genuinely receptive to new ideas and the ideas of others; by being open to different perspectives and by questioning and challenging the conventional

Our guiding principles not only describe the sort of organisation we strive to be but also shape our Winning Organisation efforts. These guiding principles are an overarching guide to the way we work together, deal with other organisations and business partners. These principles apply to every employee in the Company, across all levels, functions and geographies. They act as a point of reference for every aspect of our working life, from communication to decision-making.

# Reward and Recognition Scheme

Our Reward and Recognition Scheme, 'YOU ROCK' has created a lot of energy and enthusiasm in the organisation. You Rock is both an individual and team recognition platform and its three-tier framework ensures timely and relevant delivery of reward and recognition under tier one of the Scheme "ROCK-N-PERFORM' the performance and contribution in attributes e.g., initiative, innovation, entrepreneurship, leadership, stretch, dedication, commitment, teamwork etc. of 534 employees were instantly recognised and rewarded by the line managers since launch of the scheme in end June 2006. Based on the 2006 contribution, nominations for other tiers of the reward schemes were screened by a committee of the ExCo and winners were selected

Nominations of employees based on contribution towards Leadership behaviour, application of guiding principles, quantitative impact on business were screened and many employees / teams were rewarded under tier two ROCK-N-RISE. As per rules of the scheme, these awards are given on the basis of functional contribution and therefore, the awards were presented at functional events.

One employee was selected for tier three ROCK-N-SHINE, which is aligned to BAT Battlefield Bonus criteria and has been awarded an amount equal to two months gross salary.

The winners have been given wider publicity to acknowledge their contribution and encourage others to excel. In-house magazine will carry out special coverage to showcase these achievements.

### **Bonus Scheme**

To focus and reward managers, encourage greater cohesion, promote above market collaboration and to maintain a strong competitive position, incentive schemes are based on organisation's performance against targets set for the following five dimensions:

- Operating Profit
- Volume Share
- Cash Flow Target for region
- Net Turnover
- Global Drive Brands Volume

Achievement against each of the five performance measures will be assessed on a linear scale ranging across Threshold, Target, Normal Maximum and Extra Maximum and a percentage is paid on achieving each milestone.

### **Exporting Talent**

BAT is a truly global company and considers employees from all Operating Companies (OpCos) as part of the same family. This is evident by BAT's exchange programs whereby employees are given a chance to work in another OpCo. The philosophy behind the initiative is that the individual is taken out of his/her comfort zone, exposed to a different environment, culture and teams. This is a real

leadership test and a tremendous learning experience for all involved. The employees of PTC have proven themselves over the years and consequently PTC has been identified as a talent pool. PTC talent is in great demand and at present 21 managers are working in various OpCos around the world, making PTC a proud company. When they are through their secondments, they either return to their OpCo or are sent to any other OpCo. This way they add a great value by introducing best practices and coaching other managers through their experience.

### **Growth Academy**

We have recently launched Growth Academy in PTC. Growth Academy is an accelerated development of Business Support Officers that aims to develop employees from within and create a future pool of leaders. The investment in people, training and development is enabling PTC to reap rewards in terms of business performance across all of its operations. It will ensure that we have home grown talent and that we provide equal opportunity to employees regardless of their job grade.

### Your Voice

We are committed to creating an environment where employees feel that they can speak honestly about the Company and issues of importance to them. We run annual employee surveys with International Survey Research (ISR) and, in October 2005 and November 2006, we conducted Your Voice Survey. The Your Voice results are enabling us to analyse and address areas of concern among employees both globally and on a local level. Around the world, management teams will be turning the results into tangible change management plans in order to make the Company even more successful.

# Magement Trainee (MT) Program

The MT Programme is one of BAT's key programmes to equip our young managers to succeed in our increasingly competitive business environment and to ensure that we attain world leadership in the tobacco industry. The MT Programme is the Company's two-year global development programme for graduates and is only offered to high potential high performing individuals. The program exposes MT's to all aspects of the business which enhances the learning process and ensures a bright future with the Company. At this point in time, we have a total of 18 Management trainees in our organization from various institutions around the Country and it is considered as a prestigious program to join.

### People Development

PTC prides itself as an Employer of choice for many bright individuals around Pakistan. We take the development of our people extremely seriously by exposing them to above market initiatives and sending them on training programs around the globe. We believe that to be able to compete in such a competitive market, we need to equip our

workforce with the right skill set and knowledge so that they are prepared to face any challenges that come there way. Our recent employee survey confirmed that our workforce has strong faith and trust that the Company is sincerely working on people development.

### **Employer Branding**

### **Campus Campaigns**

In order to attract the best talent, the talent team introduced a unique type of campus campaign. Students of various institutions were invited to a luxurious venue for a wonderful night out which included dinner and entertainment. This gave the students to informally mingle with the PTC managers and ask them questions first hand. This was a huge success and the response rate was unprecedented. We were the first multinational to adopt this approach and hired many capable managers through our campaigns.

### Internships

Our Internship program is extremely popular amongst students as it is well structured and gives real responsibilities to an intern. We receive positive feedback from interns who feel that the internship gave them a practical side of how a business operates and they all highly rated the culture of PTC. We have linked our internship program with our recruitment process whereby successful candidates are given a chance to directly appear

at the Assessment Centre. Hence the chances of the intern being recruited increases greatly. All these activities along with other employer branding initiatives would ensure that we become the employer of choice for everyone and eventually achieve our vision.

### **Diversity**

One of our values and principles is strength from diversity. With diversity we are not only gender specific but also appreciate the diversity in race, beliefs and with the varying working styles of our employees. Women are strongly encouraged to apply and our culture ensures that they are comfortable and well looked after at PTC. We have embarked on several projects globally on diversity and this is one of the key ingredients which would make PTC a great place to work with outstanding people.

We will continue to focus these areas to continue having the right people who have the ability and hunger to drive and deliver competitive advantage through superior performance.

**Financial Statements** 

# Auditors' Report to the Members

We have audited the annexed balance sheet of Pakistan Tobacco Company Limited as at December 31, 2006 and the related profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984;
- (b) in our opinion (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied; (ii) the expenditure incurred during the year was for the purpose of the
  - Company's business: and (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at December 31, 2006 and of the profit, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that ordinance.

## Notes to and Forming Part of the Financial Statements for the year ended December 31, 2006

#### 1. The Company and Its Operations

Pakistan Tobacco Company Limited (the Company) is a public company incorporated in Pakistan under the Companies Act, 1913 (now the Companies Ordinance, 1984) and its shares are quoted on the Karachi, Lahore and Islamabad stock exchanges of Pakistan. The registered office of the Company is situated at Evacuee Trust Complex, Agha Khan Road, Sector F-5/1, Islamabad. The Company is engaged in the manufacture and sale of cigarettes.

#### 2. Summary of Significant Accounting **Policies**

#### 2.1 Basis of preparation

These financial statements have been prepared under the historical cost convention and in accordance with approved accounting standards as applicable in Pakistan and the requirements of Companies Ordinance, 1984. Approved accounting standards comprise such International Accounting Standards (IAS) as notified under the provisions of the Companies Ordinance, 1984. Wherever, the requirements of the Companies Ordinance, 1984 or directives issued by the Securities and Exchange Commission of Pakistan differ with the requirements of these standards, the requirements of the Companies Ordinance, 1984 or the requirements of the said directives take precedence.

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The matters involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are provision for income taxes and provision for post employment benefits. Estimates and judgements are continually evaluated and are based on historical experience and

other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### Interpretation and amendments to published standards effective in 2006. IAS 19 (Amendment), Employee Benefits, is mandatory for the accounting periods beginning on or after January 01, 2006. The amendment introduces the option of an alternative recognition approach for actuarial gains and losses; imposes additional recognition requirements for multi-employer

plans where insufficient information is

available to apply defined benefit accountig;

and also adds new disclosure requirements.

The Company does not intend to change the accounting policy adopted for recognition of actuarial gains and losses and does not participate in any multiemployer plans. Adoption of this amendment only impacts the format and extent of disclosures presented in the financial statements.

International Financial Reporting Interpretations Committee (IFRIC) Interpretation, Determining whether an Arrangement contains a Lease (IFRIC 4), requires the determination of whether an arrangement is, or contains, a lease to be based on the substance of the arrangement. It requires an assessment of whether: (a) fulfilment of the arrangement is dependent on the use of a specific asset or assets (the asset); and (b) the arrangement conveys a right to use the asset. There is no impact of IFRIC 4 on the Company's operations

#### Amendments to published standards and interpretations effective in 2006 but not relevant.

Other new standards, amendments and interpretations that are mandatory for accounting periods beginning on or after January 1, 2006 are considered not to be relevant or do not have any significant effect on the Company operations.

Standard not yet effective and has not been early adopted by the Company International Financial Reporting Standard, Financial Instruments: Disclosures (IFRS 7), and a complementary amendment to IAS 1, Presentation of Financial Statements -Capital Disclosures (effective from January 1, 2007) do not have any impact on the classification and valuation of the Company's financial instruments.

#### 2.2 Taxation

#### Current

Provision for current taxation is based on taxable income on current rates of taxation after taking into account tax rebates and tax credits available or based on 0.5% of turnover less related excise duty and sales tax, whichever is higher.

The Company recognises tax liabilities for pending tax assessments using estimates based on expert opinion obtained from tax/legal advisors. Differences, if any, between the income tax provision and the tax liability finally determined is recorded when such liability is so determined.

#### **Deferred**

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on tax rates that have been enacted.

#### 2.3 Provisions

Provisions are recognised when the Company has a present obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

#### 2.4 Retirement benefits

The Company operates:

i) approved funded pension scheme for management and certain grades of business support officers and gratuity scheme for all employees. Actuarial valuation of these schemes is carried out each year and the latest valuation was carried out as at December 31, 2006. Unrecognised actuarial gains / losses in excess of the 'corridor' (10% of the higher of the fair value of the plan assets or the present value of the defined benefit obligation) at the current reporting date are recognised over the expected average remaining working life of employees participating in the defined benefit schemes.

Actuarial valuation of gratuity and pension contributions requires use of certain assumptions related to future periods including increase in remuneration, expected long-term return on plan assets and the discount rate used to convert future cash flows to current values.

ii) approved contributory provident fund for all employees for which contributions of the Company are charged to the profit and loss account for the year.

#### 2.5 Property, plant and equipment

These are stated at cost less accumulated depreciation except freehold land, capital work in progress and items in transit which are stated at cost. Depreciation is charged to profit and loss account using the straight line method at the following annual rates:

Buildings on free-hold land, buildings on leasehold land and private railway sidings 3% Plant and machinery 7% Air conditioners included in plant 25% and machinery Office and household 20% to 25% equipment 10% to 20% Furniture and fittings Vehicles 25%

Depreciation on additions and deletions during the year is charged on a pro rata basis from the month when asset is put into use or up to the month when asset is disposed / written off.

Repairs and maintenance costs are charged to profit and loss account in the year in which they are incurred. Major renewals and improvements are capitalised.

Gain and loss on disposal of operating fixed assets are taken to profit and loss account.

The Company reviews the useful life and residual value of property, plant and equipment on a regular basis. Any change in estimates may affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge.

### 2.6 Long term investment in subsidiary company

Investment in subsidiary company is carried at cost less impairment losses, if any.

#### 2.7 Impairment

The carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment loss. If any such indication exists, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any. Impairment losses or reversal of impairment losses are recognised in the profit and loss. Reversal of the impairment loss is restricted to the original cost of the asset.

#### 2.8 Operating leases

Rentals payable under operating leases are charged to profit and loss account on a straight line basis over the term of the relevant lease.

#### 2.9 Stocks

These are stated at the lower of moving average cost and net realisable value. Items in transit are valued at cost comprising invoice values plus other related charges incurred upto the balance sheet date.

Net realisable value signifies the estimated selling price in the ordinary course of business less cost of completion and costs necessarily to be incurred to make the sale.

#### 2.10 Stores and spares

These are valued at moving average cost less allowance for obsolete and slow moving items. Items in transit are valued at cost comprising invoice value and other related charges incurred upto the balance sheet date.

#### 2.11 Revenue recognition

Sale is recognised at the time of despatch of goods to customers. Return on bank deposits and investments are accounted for on a time proportion basis using the applicable rate of return. Scrap sales and miscellaneous receipts are recognised on realised amounts.

#### 2.12 Borrowing cost

All borrowing costs are expensed as incurred.

#### 2.13 Foreign currency transactions

Transactions in foreign currencies are recorded in the books of account at the rates of exchange prevailing on the date of the transaction. Assets and liabilities in foreign currencies are stated in rupees at the rates of exchange ruling on the balance sheet date. All exchange differences are charged to the profit and loss account.

#### 2.14 Related party transactions

All transactions with related parties are conducted on an arm's length basis using pricing methods, as admissible.

The prices agreed between holding company and associated companies for sale of materials and manufactured goods are based on normal commercial practices on similar terms and conditions as applicable to transactions with third parties. Intra Group charges for sale and purchase of goods and services and royalties are also based on the principles of normal commercial practice between independent businesses.

#### 2.15 Financial instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognised at cost, which is the fair value of the consideration given or received. These are subsequently measured at fair value, amortised cost or cost, as the case may be.

#### 2.16 Dividend recognition

Dividend is recognised as a liability in the period in which it is declared.

#### 2.17 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks and short term finance under mark-up arrangements with banks.

#### 2.18 Offsetting

Financial assets and liabilities are offset and the net amount is reported in the balance sheet, if the Company has a legally enforceable right to setoff the recognised amounts and the Company intends to settle either on a net basis or realise the asset and settle the liability simultaneously

#### 2.19 Trade debts

Trade debts are carried at original invoice amount less an estimate made for doubtful debts based on a review of all outstanding amounts at the year end. Bad debts are written off when identified.

#### 2.20 Trade and other payables

Trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received.

d) Changes in the fair value of plan assets:					
Fair value of plan assets as at Jan 1	1,036,970	963,846	224,990	213,021	
Expected return	93,448	76,625	20,206	16,553	
Actuarial gains/(losses)	59,017	42,405	6,771	6,781	
Contribution by plan participants	22,314	12,400	2,136	-	
Contributions by employer	64,185	20,153	34,191	14,202	
Benefits paid	(73,320)	(78,459)	(17,297)	(25,567)	
Fair value of plan assets as at Dec 31	1,202,614	1,036,970	270,997	224,990	
Actual return on plan assets	108,746	120,173	25,026	21,138	

During the year 2007 the Company expects to contribute Rs 76 million and Rs 39 million to its Defined Benefit Pension Plan and Defined Benefit Gratuity Plan respectively.

	Defined Benefit Pension Plan		Defined Benefit Gratuity Plan	
	2006	2005	2006	2005
	Rs '000	Rs '000	Rs '000	Rs '000
e) The major categories of plan assets:				
Investment in equities	106,627	84,876	30,094	26,478
Investment in bonds	128,333	172,737	13,977	21,243
Cash and cash equivalents	967,654	779,357	226,926	177,269
•	1,202,614	1,036,970	270,997	224,990
f) Significant actuarial assumptions at the balance sheet date:				
Discount rate	10%	9%	10%	9%
Expected return on plan assets	10%	9%	10%	9%
Future salary increases	15%	16%	15%	16%
Future pension increases	6%	5%		

The discount rate and expected return on plan assets was determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the balance sheet date.

Salary increase assumption is based on the current general practice in the market.

					Rs '000
	2006	2005	2004	2003	2002
g) Amounts for the current and previous four years:

	-	685,458	685,458		718,021	718,021

#### 29.2 Market risk

#### a) Interest rate risk

Financial liabilities include Rs 1,293,141 thousand (2005: Rs 400,662 thousand) which are subject to floating interest ranging between 9.00% to 11.22% (2005: 4.75% to 12.34%) per annum.

#### b) Foreign exchange risk

Financial assets of equivalent Rs 82,368 thousand (2005: Rs 55,362 thousand) and financial liabilities of equivalent Rs 237,966 thousand (2005: Rs 239,642 thousand) were in foreign currency which were exposed to foreign currency risk.

Foreign exchange risk arises mainly from future commercial transactions and where receivables and payables exist due to transactions in foreign currencies. Currently, the Company's foreign exchange risk exposure is restricted to bank balances, the amounts receivables from / payable to the foreign entities and outstanding letters of credit. Most of the Company's risk, emanating from Pak rupee / foreign currency parity, for foreign currency transactions is hedged through entering into forward foreign currency contracts with various banks.

#### 29.3 Credit risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counter party failed completely to perform as contracted. Since major part of sales of the Company is against advance payment, the credit risk is minimal.

#### 30. Transactions with Related Parties

British American Tobacco (Investments) Limited holds 94.34 % (2005: 94.34%) shares of the Company at the year end. Therefore all the subsidiaries and associated undertakings of British American Tobacco (Investments) Limited are related parties of the Company. The related parties include directors, major shareholders, key management personnel and the entities over which the directors are able to exercise the influence. The amounts due from and due to these undertakings are shown under receivables and payables. The remuneration of the chief executive, directors, key management personnel and executives is disclosed in note 12 to the financial statements.

#### 31. General

#### 31.1 Capacity and production

Against an estimated manufacturing capacity of 35,343 million (2005: 33,114 million) cigarettes, actual production was 33,727 million (2005: 31,758 million) cigarettes. Actual production was sufficient to meet market demand. There was no production through any outside manufacturing source.

#### 31.2 Number of employees

Total number of employees as at December 31, 2006 was 1,698 (2005: 1,818).

#### 31.3 Corresponding figures

Certain amounts have been reclassified for more appropriate presentation as shown below:

Reclassification from component	Reclassification to component	Rs '000
Cost of sales - note 3		
Raw material purchases		
and expenses	Royalty	237,686
Trade and other payables - note 23

## **Directors' Review**

The Directors have pleasure in presenting report together with the Audited Accounts of the Company for the year ended December 31, 2006.

Due to restrictions imposed on manufacture of Pakistani brand cigarettes in Azad Kashmir, and non-existence of an opportunity for export, no cigarette production activity took place during the year.

The Company is a wholly owned subsidiary of Pakistan Tobacco Company Limited.

On behalf of the Board,

**Syed Nasir Shams**Chief Executive

Mahboob Ahmad Director

PAKISTAN TOBACCO

## Auditors' Report to the Members

We have audited the annexed balance sheet of Phoenix (Private) Limited as at December 31, 2006 and the related cash flow statement together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984;
- (b) in our opinion
  - (i) the balance sheet together with the notes thereon has been drawn up in conformity with the Companies Ordinance, 1984, and is in agreement with the books of account and is further in accordance with accounting policies consistently applied;
  - (ii) the expenditure incurred during the year was for the purpose of the Company's business; and
  - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet and cash flow statement together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at December 31, 2006 and its cash flows for the year then ended; and
- (d) in our opinion no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

## **Auditors' Report on Consolidated** Financial Statements to the Members

We have audited the annexed consolidated financial statements comprising consolidated balance sheet of Pakistan Tobacco Company Limited (PTC) and its subsidiary company as at December 31, 2006 and the related consolidated profit and loss account, consolidated cash flow statement and consolidated statement of changes in equity together with the notes forming part thereof, for the year then ended. We have also expressed separate opinions on the financial statements of PTC and its subsidiary company. These financial statements are the responsibility of the holding company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements present fairly the financial position of Pakistan Tobacco Company Limited and its subsidiary company as at December 31, 2006 and the results of their operations, their cash flows and changes in equity for the year then ended in accordance with approved accounting standards as applicable in Pakistan.

# Notes to and Forming Part of the Consolidated Financial Statements for the year ended December 31, 2006

#### 1. The Group and Its Operations

The consolidated financial statements include the financial statements of Pakistan Tobacco Company Limited and its wholly owned subsidiary, Phoenix (Private) Limited (the Group).

Pakistan Tobacco Company Limited (the Company) is a public company incorporated in Pakistan under the Companies Act, 1913 (now the Companies Ordinance, 1984) and its shares are quoted on the Karachi, Lahore and Islamabad stock exchanges of Pakistan. The registered office of the Company is situated at Evacuee Trust Complex, Agha Khan Road, Sector F-5/1, Islamabad. The Company is engaged in the manufacture and sale of cigarettes.

Phoenix (Private) Limited (the subsidiary), is incorporated in Azad Jammu and Kashmir to manage and deal in tobacco products and has not yet commenced its commercial production. The registered office of the subsidiary is situated at Bun Khuma, Chichian Road, Mirpur, Azad Jammu and Kashmir.

### 2. Summary of Significant Accounting Policies

#### 2.1 Basis of preparation

These consolidated financial statements have been prepared under the historical cost convention and in accordance with approved accounting standards as applicable in Pakistan and the requirements of the Companies Ordinance, 1984. Approved accounting standards comprise such International Accounting Standards (IAS) as notified under the provisions of the Companies Ordinance, 1984. Wherever, the requirements of the Companies Ordinance, 1984 or directives issued by the Securities and Exchange Commission of Pakistan differ with the requirements of these standards, the requirements of the Companies Ordinance, 1984 or the requirements of the said directives take precedence.

The preparation of consolidated financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the

Group's accounting policies. The matters involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are provision for income taxes and provision for post employment benefits. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The assets and liabilities of the subsidiary have been consolidated on line-by-line basis. Material intra-group balances and transactions have been eliminated.

### Interpretation and amendments to published standards effective in 2006

IAS 19 (Amendment), Employee Benefits, is mandatory for the accounting periods beginning on or after January 01, 2006. The amendment introduces the option of an alternative recognition approach for actuarial gains and losses; imposes additional recognition requirements for multi-employer plans where insufficient information is available to apply defined benefit accounting; and also adds new disclosure requirements.

The Group does not intend to change the accounting policy adopted for recognition of actuarial gains and losses and does not participate in any multi-employer plans. Adoption of this amendment only impacts the format and extent of disclosures presented in the consolidated financial statements.

International Financial Reporting Interpretations Committee (IFRIC) Interpretation, Determining whether an Arrangement contains a Lease (IFRIC 4), requires the determination of whether an arrangement is, or contains, a lease to be based on the substance of the arrangement. It requires an assessment of whether: (a) fulfilment of the arrangement is dependent on the use of a specific asset or assets (the asset); and (b) the arrangement conveys a right to use the asset. There is no impact of IFRIC 4 on the Company's operations.

Amendments to published standards and

### interpretations effective in 2006 but not relevant.

Other new standards, amendments and interpretations that are mandatory for accounting periods beginning on or after January 1, 2006 are considered not to be relevant or do not have any significant effect on the Group's operations.

Standard not yet effective and has not been early adopted by the Group. International Financial Reporting Standard, Financial Instruments: Disclosures (IFRS 7), and a complementary amendment to IAS 1, Presentation of Financial Statements – Capital Disclosures (effective from January 1, 2007) do not have any impact on the classification and valuation of the Group's financial instruments.

#### 2.2 Taxation

#### Current

Provision for current taxation is based on taxable income on current rates of taxation after taking into account tax rebates and tax credits available or based on 0.5% of turnover less related excise duty and sales tax, whichever is higher.

The Group recognises tax liabilities for pending tax assessments using estimates based on expert opinion obtained from tax/legal advisors. Differences, if any, between the income tax provision and the tax liability finally determined is recorded when such liability is so determined.

#### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on tax rates that have been enacted.

#### 2.3 Provisions

Provisions are recognised when the Company has a present obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

#### 2.4 Retirement benefits

The Group operates:

i) approved funded pension scheme for management and certain grades of business support officers and gratuity scheme for all employees. Actuarial valuation of these schemes is carried out each year and the latest valuation was carried out as at December 31, 2006. Unrecognised actuarial gains / losses in excess of the 'corridor' (10% of the higher of the fair value of the plan assets or the present value of the defined benefit obligation) at the current reporting date are recognised over the expected average remaining working life of employees participating in the defined benefit schemes.

Actuarial valuation of gratuity and pension contributions requires use of certain assumptions related to future periods including increase in remuneration, expected long-term return on plan assets and the discount rate used to convert future cash flows to current values.

ii) approved contributory provident fund for all employees for which contributions of the Group are charged to the profit and loss account for the year.

#### 2.5 Property, plant and equipment

These are stated at cost less accumulated depreciation except freehold land, capital work in progress and items in transit which are stated at cost. Depreciation is charged to profit and loss account using the straight line method at the following annual rates:

Buildings on free-hold land, buildings on leasehold land and private 3% railway sidings Plant and machinery 7% Air conditioners included in plant 25% and machinery Office and household 20% to 25% equipment Furniture and fittings 10% to 20% 25% Vehicles

Depreciation on additions and deletions

during the year is charged on a pro rata basis from the month when asset is put into use or up to the month when asset is disposed / written off.

Repairs and maintenance costs are charged to profit and loss account in the year in which they are incurred. Major renewals and improvements are capitalised.

Gain and loss on disposal of operating fixed assets are taken to profit and loss account.

The Group reviews the useful life and residual value of property, plant and equipment on a regular basis. Any change in estimates may affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge.

#### 2.6 Impairment

The carrying amounts of the Group's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment loss. If any such indication exists, the Group's asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any. Impairment losses or reversal of impairment losses are recognised in the profit and loss account. Reversal of the impairment loss is restricted to the original cost of the Group's asset.

#### 2.7 Operating leases

Rentals payable under operating leases are charged to profit and loss account on a straight line basis over the term of the relevant lease.

#### 2.8 Stocks

These are stated at the lower of moving average cost and net realisable value. Items in transit are valued at cost comprising invoice values plus other related charges incurred upto the balance sheet date.

Net realisable value signifies the estimated selling price in the ordinary course of business less cost of completion and costs necessarily to be incurred to make the sale.

#### 2.9 Stores and spares

These are valued at moving average cost less allowance for obsolete and slow moving items. Items in transit are valued at cost comprising invoice value and other related charges incurred upto the balance sheet date.

#### 2.10 Revenue recognition

Sale is recognised at the time of despatch of goods to customers. Return on bank deposits and investments are accounted for on a time proportion basis using the applicable rate of return. Scrap sales and miscellaneous receipts are recognised on realised amounts.

#### 2.11 Borrowing cost

All borrowing costs are expensed as incurred.

#### 2.12 Foreign currency transactions

Transactions in foreign currencies are recorded in the books of account at the rates of exchange prevailing on the date of the transaction. Assets and liabilities in foreign currencies are stated in rupees at the rates of exchange ruling on the balance sheet date. All exchange differences are charged to the profit and loss account.

#### 2.13 Related party transactions

All transactions with related parties are conducted on an arm's length basis using pricing methods, as admissible.

The prices agreed between holding company and associated companies for sale of materials and manufactured goods are based on normal commercial practices on similar terms and conditions as applicable to transactions with third parties. Intra Group charges for sale and purchase of goods and services and royalties are also based on the principles of normal commercial practice between independent businesses.

#### 2.14 Financial instruments

Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognised at cost, which is the fair value of the consideration given or received. These are subsequently measured at fair value, amortised cost or cost, as the case may be.

#### 2.15 Dividend recognition

Dividend is recognised as a liability in the period in which it is declared.

#### 2.16 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks and short term finance under mark-up arrangements with banks.

#### 2.17 Offsetting

Financial assets and liabilities are offset and the net amount is reported in the consolidated balance sheet, if the Group has a legally enforceable right to setoff the recognised amounts and the Group intends to settle either on a net basis or realise the asset and settle the liability simultaneously.

#### 2.18 Trade debts

Trade debts are carried at original invoice amount less an estimate made for doubtful debts based on a review of all outstanding amounts at the year end. Bad debts are written off when identified.

#### 2.19 Trade and other payables

Trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received.

Actual return on plan assets	108,746	120,173	25,026	21,138

During the year 2007 the Company expects to contribute Rs 76 million and Rs 39 million to its Defined Benefit Pension Plan and Defined Benefit Gratuity Plan respectively.

		d Benefit on Plan	Defined Benefit Gratuity Plan	
	2006	2005	2006	2005
	Rs '000	Rs '000	Rs '000	Rs '000
e) The major categories of plan assets:				
Investment in equities	106,627	84,876	30,094	26,478
Investment in bonds	128,333	172,737	13,977	21,243
Cash and cash equivalents	967,654	779,357	226,926	177,269
•	1,202,614	1,036,970	270,997	224,990
f) Significant actuarial assumptions at the balance sheet date:				
Discount rate	10%	9%	10%	9%
Expected return on plan assets	10%	9%	10%	9%
Future salary increases	15%	16%	15%	16%
Future pension increases	6%	5%		

The discount rate and expected return on plan assets was determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the balance sheet date.

Salary increase assumption is based on the current general practice in the market.

	-	685,458	685,458	-	718,021	718,021

#### 28.2 Market risk

# a) Interest rate risk

Financial liabilities include Rs 1,293,141 thousand (2005 : Rs 400,662 thousand) which are subject to floating interest ranging between 9.00% to 11.22% (2005 : 4.75% to 12.34%) per annum.

# b) Foreign exchange risk

Financial assets of equivalent Rs 82,368 thousand (2005: Rs 55,362 thousand) and financial liabilities of equivalent Rs 237,966 thousand (2005: Rs 239,642 thousand) were in foreign currency which were exposed to foreign currency risk.

Foreign exchange risk arises mainly from future commercial transactions and where receivables and payables exist due to transactions in foreign currencies. Currently, the Company's foreign exchange risk exposure is restricted to bank balances, the amounts receivables from / payable to the foreign entities and outstanding letters of credit. Most of the Company's risk, emanating from Pak rupee / foreign currency parity, for foreign currency transactions is hedged through entering into forward foreign currency contracts with various banks.

#### 28.3 Credit risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counter party failed completely to perform as contracted. Since major part of sales of the Company is against advance payment, the credit risk is minimal.

#### 29. Transactions with Related Parties

British American Tobacco (Investments) Limited holds 94.34 % (2005: 94.34%) shares of the Company at the year end. Therefore all the subsidiaries and associated undertakings of British American Tobacco (Investments) Limited are related parties of the Company. The related parties include directors, major shareholders, key management personnel and the entities over which the directors are able to exercise the influence. The amounts due from and due to these undertakings are shown under receivables and payables. The remuneration of the chief executive, directors, key management personnel and executives is disclosed in note 12 to the financial statements.
