The Art of Values

Across countless artists and through the passage of hundreds of years, the art of Calligraphy has been respected and revered, particularly in Muslim cultures. The aesthetic principles of Arabic calligraphy are seen as a reflection of the beauty of the cultural values of the Muslim world.

A closer look at calligraphy reveals that through the representation of words or sentences in an aesthetically appealing manner, the importance of the subject matter is enhanced. This effect that calligraphy has on words is a corollary to the way Meezan Bank holds true to its Core Values. While words such as Professionalism and Integrity may seem commonplace and basic, they hold paramount significance for us because of the ideology behind each word and the manner in which it defines the culture and personality of Meezan Bank. Our focus on our Core Values enhances their importance for us in the same way as calligraphy enhances the importance of its subject matter - and that is why we have chosen to combine the two in a beautiful expression of everything that Meezan Bank stands for.

Beginning with the word 'Meezan', which means 'balance', this Annual Report presents our core values to you in Arabic calligraphy and also defines our understanding of these principles.

Quaid's Concept of Islamic Banking

"I shall watch with keenness the work of your Research Organization in evolving banking practices compatible with Islamic ideas of social and economic life. The economic system of the West has created almost insoluble problems for humanity and to many of us it appears that only a miracle can save it from disaster that is now facing the world. It has failed to do justice between man and man to eradicate friction from the international field. On the contrary, it was largely responsible for the two world wars in the last half century. The Western world, in spite of its advantages of mechanisation and industrial efficiency is today in a worse mess than ever before in history. The adoption of Western economic theory and practice will not help us in achieving our goal of creating a happy and contented people.

We must work our destiny in our own way and present to the world an economic system based on true Islamic concept of equality of manhood and social justice. We will thereby be fulfilling our mission as Muslims and giving to humanity the message of peace which alone can save it and secure the welfare, happiness and prosperity of mankind."

Quaid-e-Azam Mohammad Ali Jinnah
Founder of the Islamic Republic of Pakistan

On the occasion of the Opening Ceremony of The State Bank of Pakistan on July 1, 1948.

الموافقة للشريعة

Shariah Compliance

The root word of الموافقة is وافق (wafq) which means 'according to'. الموافقة للشريعة means conformity and accordance with Shariah.

Shariah-compliance is the core value which defines the very existence of Meezan Bank. Since its very inception, the Bank has had an aim that is unified across all branches, all business units and all services: absolute and unwavering adherence to the principles of Shariah! It is this commitment that has enabled us to achieve the remarkable successes that Meezan Bank is known for, Alhamdulillah. With a team of the most capable and renowned Shariah scholars comprising our Shariah Board, we are able to not just deliver a Riba-free banking experience to our customers, but also develop new and innovative banking products that are designed to delight our customers, whilst addressing their needs - all the while staying within the bounds of Shariah.

الاصناف

Integrity الصدق

الصدق means honesty and truth. It also means integrity and reliability.

The single most important quality one can ever develop is integrity. Having integrity means being totally honest and truthful in every element of your existence.

Integrity is the foundation of one's character and is manifested in one's adherence to the values that one believes in. Only the people or organizations that show integrity can gain the trust of and become role models for others. It is for this reason that at Meezan Bank, integrity is valued so highly - not just in terms of following the dictates of Shariah under all circumstances, but also in all our dealings and transactions with our partners, our customers and our stakeholders. As a core value, integrity ensures unwavering faith in an institution.

فِي

Professionalism الإحتراف

الإحتراف means professionalism or to adopt a profession.

It is our firm belief that as the Premier Islamic bank, it is our absolute professionalism which gives us an edge in our industry. Our stakeholders want to see a bank that supports its customers whilst doing business responsibly. Our customers want to see a bank that looks after their interests while maintaining its integrity. Individuals and businesses look to us for advice, counting on us to guide them in the correct direction. At the center of all of these expectations is the professionalism that augments our competence. The more professional we are, the closer we get to our Vision.

Innovation الإبداع

The original meaning of الإبداع is 'to create from nothing'; it is also used for innovation.

Innovation lies at the heart of all human development. It entails constant nurturing of the commitment to evolve and improve with changing times and ensuring that the products and services being provided by an organization live up to the dynamic expectations of its customers. Innovation comes from not just storing knowledge, but creating it. Being the first Islamic bank of Pakistan, innovation is a key core value for Meezan Bank. Being at the helm of Islamic banking in Pakistan and constantly developing new products and services for its customers, Meezan Bank continuously works towards the preservation of this value.

Service Excellence التحسين

The word التحسين is derived from husn (حسن) which means beauty. التحسين means betterment and enhancement.

Excellence is what differentiates one from his peers. When an organization as a whole aims for excellence, its performance differentiates it from its industry. Being part of a service industry, financial institutions around the world offer similar products, competing with each other on the basis of the experience delivered to their customers. At Meezan Bank, we harbor an unwavering determination to excel in customer satisfaction and with Service Excellence as a core value, we imbibe this determination in every member of the Meezan family.

لا اله الا الله
محمد رسول الله

المسئولية الإجتماعية Social Responsibility

The root word of المسئولية is سئل which means to ask or demand.
المسئولية الإجتماعية means collective and social responsibility, burden and liability.

Perhaps the most important core value in terms of society, social responsibility is an obligation of any entity to the landscape in which it exists. For us at Meezan Bank, social responsibility goes beyond the act of giving back to the society. Adopting social responsibility as a core value means truly developing our business in a manner that is not just compliant with the needs of society but also ensures that no harm comes to society as a result of our business decisions. As an Islamic bank, the very act of our existence aims to benefit the people at large by enabling them to have a Shariah-compliant means of transacting their banking needs. In addition to this, as we move ahead, we continue our contributions towards making the world a better place.

Income from financings, investment and placement has increased by 6% from Rs. 21.8 billion to Rs. 23.2 billion, a growth of 6%. Chairman's Review

“I would also like to thank the people of Pakistan for their support in the establishment of Islamic banking in the country. It is the trust of hundreds of thousands of citizens of Pakistan in the Islamic banking system that has made this industry grow.”

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Alhamdulillah, it gives me great pleasure to present the Annual Report of Meezan Bank for the year 2013.

The Bank maintained its position as the leading Islamic bank of Pakistan and recorded excellent growth during the year in both its deposits and profit. Deposits grew by an impressive 26% and after-tax profit increased by 12%. I would like to congratulate each and every member of the over 6,000 strong Meezan family for their hard work and dedication that made it possible for the Bank to achieve such commendable results in the backdrop of a number of economic challenges.

The Board has reiterated its aggressive growth plans for Meezan Bank and recently approved the opening of 67 new branches in 2014 - the highest target of new branches to be opened during a year. At the same time, key initiatives in various selected areas of the Bank have been planned and we are confident that these will, Insha'Allah, strengthen the Bank's leadership position by taking the quality of its services to the next level. A few of these initiatives include:

- Focus on new technology initiatives
- Maintaining focus on Shariah-compliance across all business and support segments
- Upgrading the Business Continuity Plan of the Bank
- Investment in training and development of staff
- Focus on increasing the foreign remittance business
- Continuous improvement in systems and controls

The Bank won a number of awards by prestigious local and international institutions during the year. These include CFA Society - Pakistan, Asiamoney magazine - Hong Kong, Islamic Finance News - REDmoney Group, Malaysia, Global Finance magazine, New York, Asset AAA - Hong Kong and Global Islamic Finance Awards (GIFA), London. These awards reiterate the fact that Meezan Bank's position as the premiere and leading Islamic bank of Pakistan is recognized not only locally, but also internationally.

We are very encouraged by the keen interest and support of the present Government to promote the cause of Islamic banking. The Government of Pakistan and SBP have significantly intensified their efforts for promotion of Islamic Banking and finance in the country. SBP launched a mass media campaign during 2013 in collaboration with the Islamic banking Industry to enhance awareness and remove doubts and misconceptions about Islamic banking amongst the public. This initiative has yielded very encouraging results in the form of increasing public interest and acceptability of Islamic banking.

Another very important development in this initiative is the appointment of a third Deputy Governor at the State Bank of Pakistan who is steering these efforts in his capacity as Deputy Governor, SBP and the Chairman of 'Steering Committee for Promotion of Islamic Banking', which is a very high level committee constituted to guide the Ministry of Finance, the State Bank of Pakistan and the Islamic banking industry in all matters relating to Islamic banking. The President & CEO and the Shariah Advisor of Meezan Bank have both been appointed as members of this committee. We are confident that this

committee will make significant progress in deepening the roots of Islamic banking in all aspects of the economy, including the important subject of public debt.

I am also very happy to note that the SBP has appointed Justice (R) Muhammad Taqi Usmani, the world's leading authority on Islamic finance, as the Chairman of State Bank's Shariah Board. Justice (R) Muhammad Taqi Usmani is also the Chairman of the Shariah Standards Board of Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI) which is the apex international body which prepares accounting, auditing, governance, ethics and Shariah standards for the Islamic banking and finance industry, worldwide. We congratulate SBP on this important appointment and assure them of our fullest support and cooperation.

The Government of Pakistan has shown its support for establishment of an Islamic financial system in the country since the very early days of the country formation, as is evident from Quaid-e-Azam's speech at the inauguration ceremony of the State Bank of Pakistan. My sincere gratitude to the State Bank of Pakistan, Ministry of Finance and the Securities and Exchange Commission of Pakistan for their continuous commitment to establish a viable Islamic financial system in the country.

I would also like to thank the people of Pakistan for their support in the establishment of Islamic banking in the country. It is the trust of hundreds of thousands of citizens of Pakistan in the Islamic banking system that has made this industry grow.

I would also like to thank our valuable shareholders, members of the Shariah Supervisory Board and my fellow Board Members for their unrelenting efforts in making Meezan Bank the largest and fastest growing Islamic bank in Pakistan.

Directors' Report to the Members

On behalf of the Board of Directors, we are pleased to present the seventeenth Annual Report and audited financial statements, setting out the detailed financial results of the Bank for the financial year ended December 31, 2013.

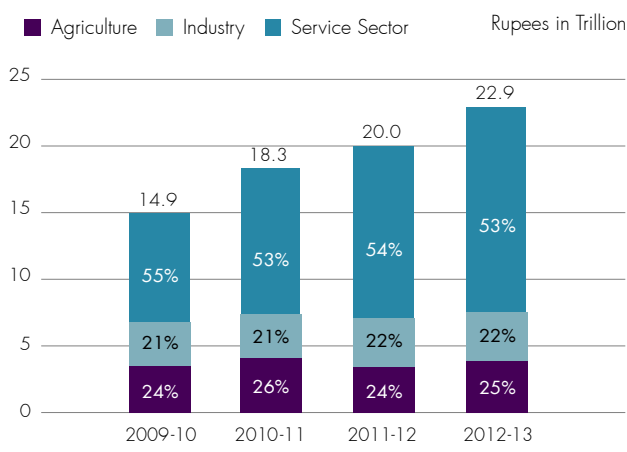

This year Meezan Bank completed eleven years as a full-fledged Islamic commercial bank. We are grateful for the blessing of Allah ﷻ and the commendable team effort that has allowed us to lay a strong foundation for the Bank. From a network of 4 branches and total deposit of Rs. 2 billion, the Bank has established 351 branches in 103 cities with a total deposit of Rs. 289 billion, making it one of the fastest growing banks in the history of Pakistan. Throughout this journey the Bank has remained committed to its Vision of establishing 'Islamic banking as banking of first choice'.

Economic Overview

Six years after the democratic transition began in February 2008, the legislature has developed its institutional identity. The 2013 elections and their aftermath marked the first-ever transition from one elected government to another, which augurs well for the country's stability.

While the GDP has grown at an average rate of 3.6% over the past couple of years, the relative share of the Agriculture, Service and Industrial sectors has largely been constant. It is

GDP Break-up

Home Remittance

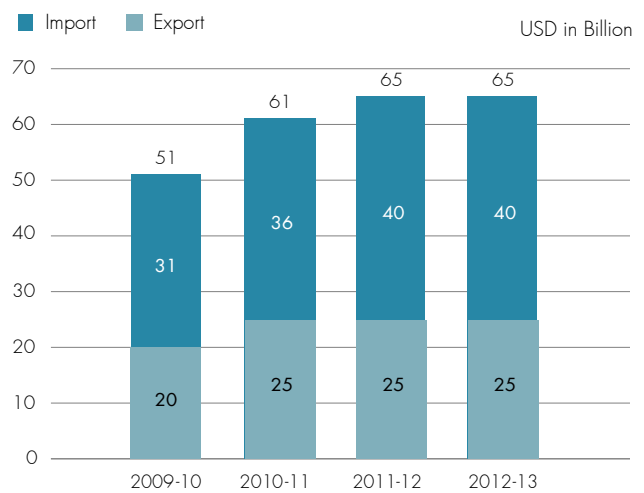

evident from this trend that the Service sector shall continue to hold the largest share of Pakistan's economy in the years to come; this sector primarily includes wholesale & retail trade, finance and insurance, transport, storage and communication, housing services, public administration & defense.

While GDP grows steadily, inflation, fueled mainly by food and oil prices, also continues to rise. Although there have been some spikes during the past couple of years, the government has largely managed to control the ominous number - the CPI. Inflation was last recorded at 9.2% in December 2013 and is expected to remain at these levels in the coming years. It is expected that by increasing the discount rate this trend shall be controlled, which augurs well for the Banking industry.

A huge positive for Pakistan has been its rising remittance from overseas nationals which has increased at a phenomenal rate from under US\$ 9 billion in 2009-2010 to nearly US\$ 14 billion in the last fiscal year. A large part of this increase may be attributed to the Pakistan Remittance Initiative (PRI). This factor has yielded positively towards the banking deposits and the trend is expected to continue as more and more remittances continue coming through the official banking channels.

Balance of Trade

Our Performance

Alhamdulillah, notwithstanding these economic challenges, Meezan Bank consolidated its position as a leading commercial bank in Pakistan and recorded good all round results for the year ended December 31, 2013. The Bank's profit after tax increased to Rs. 3.96 billion from Rs. 3.51 billion in the previous year, reflecting an increase of Rs. 448 million while the Bank's total assets reached Rs. 330 billion, up 20% from Rs. 274 billion in 2012.

Deposit of the Bank grew by 26%, closing the year at Rs. 289 billion from Rs. 230 billion a year ago; this is significantly higher than the banking industry that grew by only 13% during 2013. This performance is especially impressive in light of the fact that the average cost of deposits for the year has been contained at 4.52%. Deposit mix also improved with CASA contributing 68% to the mix as against 66% last year. The investment portfolio remained constant at Rs. 152 billion.

The Bank has used its resources aggressively to grow its financing portfolio, which jumped by 44% to Rs. 128 billion from Rs. 89 billion last year. This growth is significantly higher than the banking industry's financing growth of 6%. The Bank has achieved this growth despite challenging economic circumstances and crowding out of private sector financing due to government borrowing. The Bank's focus has been on building a high quality and well diversified portfolio.

The Bank also made substantial recovery efforts during the year on its non-performing financing portfolio. These efforts resulted in cash recoveries of Rs. 358 million, as a result of which, NPL charge for the year was only Rs. 93 million, compared to Rs. 451 million provided in the previous year. The ratio of non-performing financings to total financing (NPL ratio) fell from 5.3% to 3.6% in 2013. The Bank maintains a comfortable level of provisions against its non-performing financings with a coverage ratio of 121%.

The Bank's total revenues increased to Rs. 26.7 billion from Rs. 24.2 billion, a growth of 10%. Funded revenues increased from Rs. 21.8 billion in 2012 to Rs. 23.2 billion in 2013, a growth of 6%. This increase is mainly due to incremental earning assets, although profit rates have been lower than previous years. Non Fund based income increased by 46% from Rs. 2.4 billion to Rs. 3.5 billion, mainly due to higher volume of ancillary

business handled during the year. Fee income increased by 30% to Rs. 1.25 billion as against Rs. 969 million last year. The Trade Finance business volume handled by the Bank also grew by 57% to Rs. 315 billion in 2013. The Trade business is supported by the Bank's growing network of correspondent banking relationships around the world.

The income from core banking business grew to Rs. 14.1 billion from Rs. 12.4 billion, posting an increase of 13%, mainly on account of concerted efforts by the Bank to increase its asset portfolio without compromising on quality.

Administrative and operating expenses increased to Rs. 8.4 billion from Rs. 7.2 billion, a rise of 17%. The rise in expenses is primarily due to higher staff expenses, rent and costs associated with branch expansion - an investment which has borne fruit for the Bank, as is evident from the strong growth in deposits and profits over the years.

The Bank has already met its minimum capital requirement of Rs. 10 billion during the year by issuance of 11% bonus shares. Capital base of the Bank is also very strong with a Capital Adequacy Ratio of 12.48% compared to the minimum 10% prescribed by SBP. The Bank's equity increased to Rs. 17.9 billion from Rs. 15.5 billion a year earlier, notwithstanding the fact that a healthy cash dividend of Rs. 1.5 billion was paid during the year.

The key business results achieved in 2013 are as under:

	2013	2012	Growth
Branch Network	351 Branches	310 Branches	13% ↑
Presence	103 Cities	90 Cities	14% ↑

The Islamic Banking industry continues to grow with five full-fledged Islamic banks and thirteen Islamic windows of conventional banks presently operating in Pakistan. Islamic banks now account for almost 10% (2012: 9%) of the total banking industry. This augurs well for the Islamic Banking sector and we are confident that the existing Islamic banks and new players will further increase their market share in the coming years.

The Board, representing the shareholders of the Bank, reiterates its commitment to Pakistan in general and Meezan Bank in particular, to meet all its present and future capital needs.

Business and Operations Review

Business Review

Alhamdulillah, Meezan Bank made excellent progress during the year. The Bank's focus during the year was on strengthening systems and processes while, at the same time, maintaining growth.

Total assets of the Bank increased from Rs. 274 billion as at December 31, 2012 to Rs. 330 billion (\$ 3.1 billion) as at December 31, 2013 representing a growth of 20%. Despite this substantial increase in the asset base, the Capital Adequacy Ratio of the Bank has been maintained at a very healthy level of 12.5%, compared to the minimum level of 10% prescribed by the Regulator. Total equity of the Bank now stands at Rs. 17.9 billion, up from Rs. 15.5 billion a year earlier, an increase of 15.5%. Deposit base of the Bank also increased by an impressive 26% from Rs. 230 billion to Rs. 289.8 billion. The large branch network, quality of service and excellent brand image of the Bank were the key contributing factors contributing to this growth.

The management takes a cautious approach in its financing decisions and is focused on building a high quality and diversified portfolio. Although the demand for private sector credit has remained low, mainly due to the crowding-out effect of public sector borrowing, the Bank was able to increase its total financing portfolio by Rs. 39 billion to register a growth of 44% over December 2012. The portfolio has a very healthy sector diversity and maturities are also comfortably balanced with 65% in short-term (up to one year) and 35% in long-term. NPL to gross financings ratio has been reduced to 3.6% in 2013 as compared to 5.3% in 2012 which is reflective of quality asset booking by the Bank. The NPL coverage ratio of the Bank for 2013 stood at 121% which is one of the highest in the banking industry. The prudent lending strategy backed by a sound risk infrastructure and rigorous remedial and recovery efforts has enabled the Bank to limit the rise of non-performing financings. Advances to Deposit Ratio (ADR) of the Bank has shown a significant improvement over the year and now stands at 44% as against 38% last year. The Trade Finance business volume handled by the Bank grew by 57% from Rs. 201 billion in 2012 to Rs. 315 billion in 2013. The trade business is supported by the Bank's extensive network of correspondent banking relationships around the world.

Branch Network & Deposits

Meezan Bank offers a wide range of deposit products - current, saving and term deposit accounts - all designed with flexible features to meet the needs of its customers in a Shariah-compliant manner. The Bank's diverse range of Shariah-compliant deposit products has enabled it to develop a well diversified and stable deposit-base.

The Bank further expanded its geographic outreach and added 41 new branches to its network, bringing the total size of the network to 351 branches spread across 103 cities in the country. It now has the 8th largest banking network in Pakistan with presence in more than 100 cities of the country. Continuous expansion of the network has enabled the Bank to serve customers from all walks of life, commensurate with its Vision to 'establish Islamic banking as banking of first choice'.

Deposit growth of the Bank has been impressive. Total deposits of the Bank crossed Rs. 289 billion compared to Rs. 230 billion in 2012, an increase of over 25%. A very focused Retail Banking strategy and a loyal customer base allowed Meezan Bank to surpass the aggressive targets that had been set in early 2013. Total customer base (number of accounts) also increased by 11% from 693,983 to 769,532.

The Bank also enhanced its efforts to mobilize Current Accounts and various special campaigns were run throughout the year, which resulted in increasing the Current Account base of the Bank by over 38% during this period, thus helping in containing the overall cost of deposits.

This market segment represents the backbone of Pakistan's economy and has high growth potential.

The Bank, as part of a focused strategic initiative, grew the Commercial Banking business segment by 85% in 2013, bringing the year-end portfolio to Rs. 13.7 billion. Trade finance business generated by this segment also increased by 38% to Rs. 92.7 billion.

Commercial Banking Assets

Commercial Banking Trade Business

Meezan Bank entered the ship-breaking finance business during the year and successfully financed number of high value transactions including its largest Commercial Banking Letter of credit (L/C) of Rs. 1.5 billion. The unique Islamic product tailored for the ship-breaking industry was innovatively structured with the joint efforts of various functions within the Bank and was implemented in a very successful manner.

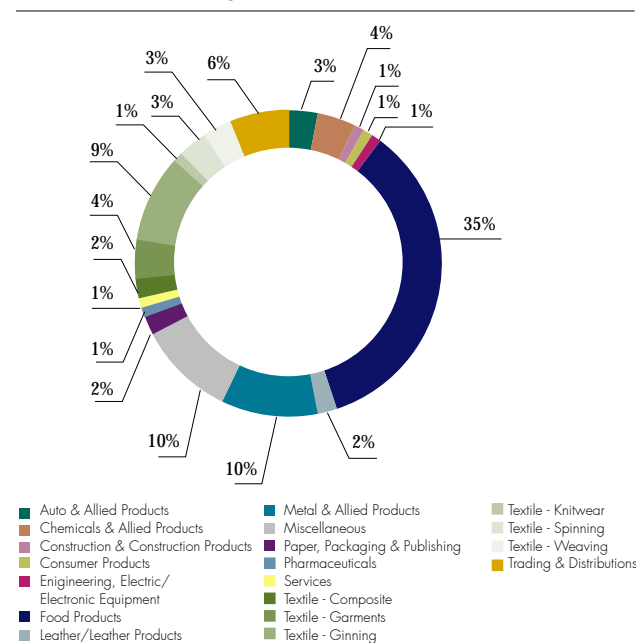

The Bank tapped into key sectors such as wheat, sugar, and edible oil & ghee, which contributed to growth of the Commercial Banking financing portfolio. Financing to the cotton industry was also expanded through forward integration into the industry,

whereby the Bank moved into the cotton spinning sector from its present portfolio of cotton ginning and several well-reputed clients of this sector were included in the Bank's portfolio.

The Bank also entered the Agriculture sector and set up a dedicated Agriculture Unit. The Unit is working on several initiatives in this sector with plans to aggressively increase its penetration in this business.

The above approach has helped Meezan Bank develop a well-diversified Commercial Banking portfolio where not only a number of new relationships were added but the existing relationships were also deepened, which helped improve this segment's utilization ratio to levels significantly better than the industry average.

Commercial Banking Portfolio

To improve the performance of its Commercial Banking business, the Bank focused on various internal initiatives such as improvement in systems and processes, strengthening of the human resource pool, strong monitoring of the turn-around time of financing proposals and improvement of credit control mechanisms.

The under-performing portfolio of Commercial Banking segment also reduced with the Non-Performing financings ratio improving to significantly better numbers than the industry average, indicating a robust recovery and build up of a quality portfolio. The Bank is also improving the organizational structure of its Commercial Banking business through initiating the establishment of SME & Commercial Centers across the country. These Centers provide one-window solutions for the financial needs of customers of this segment and are expected to provide a strong boost to this business through improvement in the quality of customer services and substantial reduction in turnaround time.

The Bank is confident that with the strategy it is adopting for increasing the size of its Commercial Banking portfolio, it will soon be one of the major players in these segments.

Consumer Banking

Meezan Bank is the pioneer in providing Shariah-compliant consumer products in the country and offers four consumer asset products to its customers - Car Ijarah (auto finance), Easy Home (housing finance), Laptop Ease (laptop finance) and Meezan Labbaik (Hajj & Umrah finance).

■ Car Ijarah (auto finance)

The automobile industry witnessed a decline in 2013 with car sales standing at 138,002 units compared to 154,424 units last year; a decrease of 11%.

Over the year, The Bank remained active in devising and implementing a number of changes and improvements in the overall infrastructure as well as management of the Car Ijarah business.

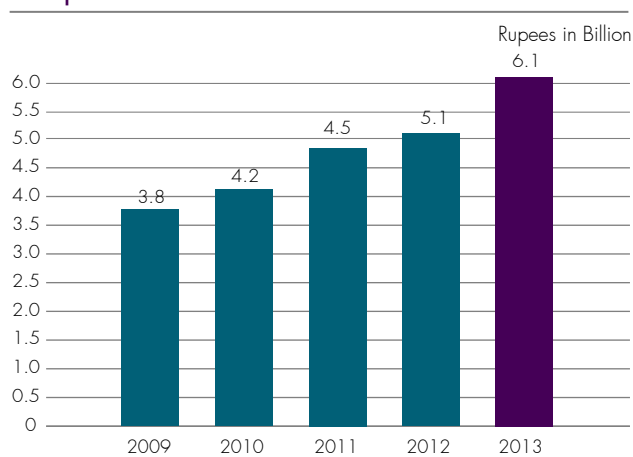

The Bank's auto finance business, 12 years after its launch, stands at Rs. 6.1 billion with over 9,000 active vehicle contracts including both new and used vehicles. Despite challenging economic conditions, Meezan Bank remains among the top two banks in the auto finance market of the country.

The Bank disbursed Rs. 3.7 billion during the year, growing the portfolio by a healthy 24%.

Car Ijarah Disbursements

Car Ijarah Portfolio

The Bank's auto finance portfolio is well diversified among assets having secured secondary market, largely pertaining to major local manufacturers.

Meezan Bank follows the strategy of maintaining stringent credit criteria for the Consumer Banking segment. Healthy portfolio management and risk diversification in this business line is evident as the ratio of non-performing financing for the Car Ijarah portfolio remains at a low level of 0.68%, which is amongst the best in the industry.

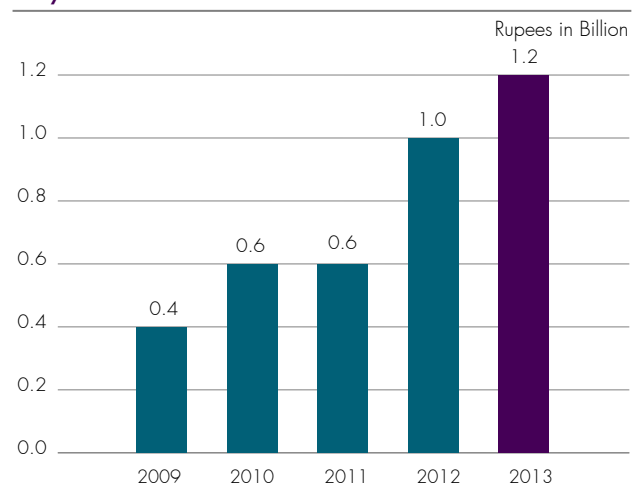

■ Easy Home (housing finance)

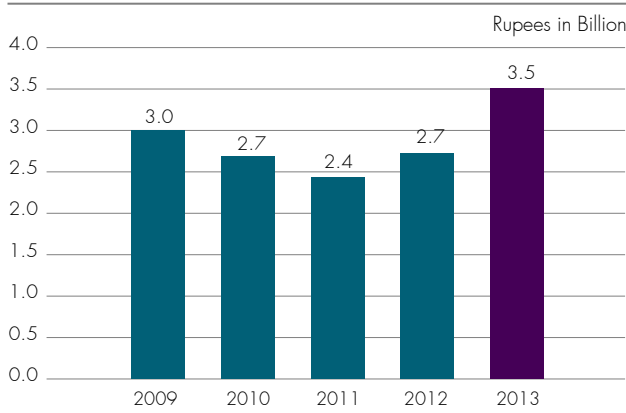

In the year 2013, Meezan Bank completed a decade of its uninterrupted operations in the mortgage finance sector. Since the commencement of this business, the Bank has disbursed an aggregate amount of Rs. 10.5 billion towards housing finance.

The year was very encouraging for the mortgage finance business as the Bank disbursed Rs. 1.56 billion, which is the highest disbursement ever in a single year since the commencement of this business.

Easy Home Disbursements

Easy Home Portfolio

As a result of the Bank's selective approach for fresh financing, its NPL ratio has reduced to 6.9% which is amongst the lowest in the industry.

With its stable and prudent approach towards housing business, Meezan Bank is now ranked among the leading banks in the country's housing finance industry.

Laptop Ease (laptop finance)

Meezan Bank launched its laptop finance product in 2011 and has so far extended financing for more than 2,800 laptops to individual customers. As a result of the Bank's prudent approach and outstanding credit quality, the delinquency ratio of this business is less than 0.7%.

To cater to the increasing demand of this financing product and to make it available to an even wider range of customers, the Bank added the renowned brand 'APPLE' to its product menu, thus letting customers choose from a wide variety of laptops of DELL, HP and APPLE brands.

Going forward, the Bank is planning to add other well-known brands to increase its product range and make it more attractive to individual customers.

Laptop Ease

Meezan Labbaik (Hajj & Umrah financing)

Meezan Labbaik Hajj & Umrah Financing product facilitates customers who wish to perform Hajj or Umrah through a product that allows them to pay the price of their travel package in 12 monthly installments. The Bank's role, in this product, is that of a sales and funds collection agent acting on behalf of selected travel agents while delivery of the travel package selected by the customer is the responsibility of the travel agent.

Meezan Labbaik provides the following two options to the customer:

- To pay the full price of the selected package upfront and travel immediately, after completion of all travel arrangements.
- To pay a down-payment and travel immediately after completion of all travel arrangements. The remaining price can be paid in 12 equal monthly installments with no additional charges. The installment starts after the customer completes his holy visit.

198 customers performed Umrah and 323 customers performed Hajj during the year by availing the benefit of Meezan Labbaik. Due to the splendid credit quality of financing cases, the delinquency ratio is NIL.

Meezan Labbaik Customers

Treasury & Financial Institutions

Meezan Bank's Treasury is one of the active treasuries in the market, offering a wide range of Shariah-compliant products that not only serve the foreign exchange (FX) needs of its clients but also provide well-structured financing solutions, especially to finance trade.

The FX trading desk, which is responsible for managing the FX risk of the Bank, is an active market maker providing FX liquidity and stability to the volatile Inter-bank market. Its activity in the Inter-bank market enables it to facilitate the Treasury Marketing Unit (TMU) with attractive pricing, which in turn generates FX flows, boosting the overall Trade Business of the Bank. In addition to facilitating the TMU desk, the FX Inter-bank desk has also played a great part in supporting other Inter-bank market players to hedge their international trade finance exposures.

Non - funded Forex Income

The TMU performed very well during the year by nurturing relationships with corporate clients and following a very competitive FX pricing strategy. The TMU also negotiated several big tickets items at its counter with clients in the oil marketing industry, fertilizer industry, and exporters of agricultural products. The growth in volumes came not only from plain vanilla spot transactions, but also from Forward bookings and Salam transactions, which have gained great popularity as hedging and financing instruments with the clients. Of noticeable mention to developments in the Salam product, is that the Bank developed a Dollar Bai Salam product which utilizes the FE Dollar Deposits for Salam financing. The product gained immediate acceptance with the corporate clientele and provided the USD depositors with another investment avenue.

The Asset and Liability Management (ALM) desk that manages the Bank's liquidity and asset and liability mismatches continued to perform proactively, enhancing the depositors' yield. One of the main challenges this year was the limited supply of Shariah-compliant investment instruments; however the ALM desk was successful in deploying the excess liquidity in an efficient manner.

Reading the market sentiment and interest rate expectations, the Bank traded actively in GOP Ijara Sukuk, and continued to build on its portfolio of USD denominated Ijarah Sukuk through both the primary and secondary markets. The Bank also launched secured Musharakah transaction during the year.

The Bank's Financial Institutions (FI) and Correspondent Banking unit secured many achievements this year. It was instrumental in the establishment of the Bank's first L/C for import of Crude Oil by Pak Arab Refinery Ltd. This L/C was confirmed by one of the Bank's prime correspondent banks in UAE with risk-partnering by the Asian Development Bank. Such transactions indicate the confidence that the international institutions have reposed in Meezan Bank. Similarly, the FI unit also arranged confirmation by a consortium of European Banks for the largest ever L/C issued by Meezan Bank on behalf of a leading Oil Marketing Company.

On the export side, the Bank developed its first Islamic L/C confirmation product this year, which enables the Bank to add confirmation to incoming export L/Cs by taking international risk exposure. Landmark confirmations in this regard were done for large export L/Cs of a leading oil refinery. The Bank also supported the country's power generation initiative by confirming an international guarantee issued by one of the largest banks in China for the Nandipur hydel power project.

Correspondent Banking Network

New Nostro accounts were opened in 2013 that enabled Meezan Bank to forge new partnerships and payment handling capabilities. This includes a Euro account with Unicredit Bank, Italy, which is the largest bank in Italy with presence all over Europe, and an ACU dollar account with Mashreq Bank in India.

Conservation of Energy and Resources

Energy

An integral part of Meezan Bank's branding is its branch signage which is the most commonly visible image of the Bank. The Bank has designed an elegant and energy-efficient signage in which only a small portion of the signage is lit at night, thereby using less electricity, yet enhancing its aesthetic appeal. After the redesigning, the overall energy consumption has decreased by approximately 35%. Keeping in mind that Meezan Bank has over 350 branches across Pakistan; this contributes significantly in reducing the overall energy consumption by the Bank.

Meezan Bank has also taken energy-saving measures at its Head Office. The Head Office building has been constructed using Glass panels and atriums which allow natural light to come in throughout the day, thereby almost eliminating the need for artificial lighting in large sections of the building during working hours. The energy-conserving centralized cooling chillier also contributes to reduced electricity consumption in the office building.

The Bank is also planning to install **Touchpoint** energy-efficient ATMs in collaboration with TouchPoint, distributor of Diebold energy-efficient ATMs. This initiative is part of the Bank's focus on providing technologically advanced facilities to its customers along with decreasing the consumption of energy by reducing the usage of diesel and electricity.

Shariah Advisor's Report - 2013

الحمد لله رب العالمين، و الصلاة و السلام
على خاتم الأنبياء والمرسلين، محمد المصطفى
الأمين، وعلى آله وأصحابه أجمعين، وبعد:

By the Grace of Allah, the year under review was the twelfth year of Islamic commercial banking for Meezan Bank Limited. During this year, the Bank developed and executed a variety of new as well as established Islamic banking products and transactions after due approval from the Shariah Supervisory Board and/or Shariah Advisor. During the year, the Shariah Supervisory Board (SSB) of Meezan Bank held one meeting to review various products, concepts, transactions, processes and their Shariah-compliance, referred to them by the Shariah Advisor.

As part of the Shariah-compliance framework a full fledged Product Development & Shariah Compliance (PDSC) department is working under my supervision. The role of this function is facilitating new research & product development activities, refining existing products & procedures, providing Islamic banking training, conducting Shariah audit & compliance reviews of branches and departments, coordinating with the Bank's Shariah Supervisory Board and providing Islamic Financial Advisory services to both local and foreign institutions.

Following were the major developments that took place during the year:

Research & New Product Development

Alhamdulillah, during the year, the Bank was able to develop and successfully launch various innovative products and structures, adding value to the Islamic financial products palette of the Bank.

An innovative Shariah compliant product, based on Wakalah for handling Foreign Currency Close out cases was developed. The product enables to provide Shariah compliant solution to a global problem being faced by Islamic financial industry.

As an alternate to the conventional 'repo' transactions, the Bank has developed and executed secured interbank placement transactions as a solution for managing liquidity.

Keeping in view the Bank's increasing focus on 'Shirkatul Aqd' based financing an exclusive short term Musharakah based product was developed for Al Meezan Investment Management Ltd (AMIM). Furthermore, 'Running Musharakah' product saw a continuous rise with several blue chip companies opting for financing through this mode.

In addition to the above, short term Musharakah Sukuk were developed by the Bank for the power producer LALPIR Power in addition to the previously developed Sukuk for the power generation sector for KAPCO and HUBCO.

A unique Wakalah pool based solution for Mudarabah

companies having Shariah-compliant investment was also developed. Apart from this, structured solutions were developed for different blue chip corporate clients.

It is pertinent to mention here that the Bank has also suggested several Shariah-compliant mechanisms for providing funding to deserving candidates under Prime Minister's Youth Financing Scheme. Alongside this, as members of the Steering committee for the promotion of Islamic banking and finance created by the Finance Minister, we are actively contributing the committee with our Vision of establishing Islamic banking as banking of first choice.

Meezan Kafalah is another addition to the innovative deposit products menu of Meezan Bank. The product is an alternative to conventional 'Banca assurance' and has initially been offered to internal customers and the roll out is expected in the first quarter of 2014, Insha'Allah.

Training & Development

During the year 114 Islamic banking training sessions were held in which 4,207 employees participated throughout Pakistan, as compared to 3,314 employees who participated in 109 Islamic banking trainings last year.

Shariah Advisory

Alhamdulillah, on the Islamic financial advisory side the Bank continued its expansion both locally and internationally by sharing its expertise, knowledge, experience and the success story of Meezan Bank Limited with its clientele.

In the international arena, the Bank inked an agreement with Ethical Finance Ltd. In the area of Islamic capital markets, the Bank continued to advise all major Islamic mutual funds mainly comprising of those offered by Al-Meezan Investment Management Limited (AMIM) and NBP Fullerton Asset Management Limited (NAFA), regarding establishment & launch of various types of Shariah-compliant Mutual Funds. During the year, the Bank facilitated AMIM and NAFA for the launch of different funds under the category of Capital Preservation & Pension funds. Furthermore, the Bank facilitated AMIM in successful conversion of its Balanced Fund from closed-end to open-end.

During the year, the advisory team conducted a customized workshop on Islamic banking concepts for technical and business consultants of National Data Consultants (Pvt) Ltd., a local partner of Temenos headquarters. The Bank also continued to provide advisory services for Islamic consumer sales product to United Sales (Pvt.) Ltd. (USL), a subsidiary of Dawlance group under the umbrella of Diyanat financing.

As a learning, development and capacity building initiative, the Bank introduced an Islamic banking certification course from the platform of International Institute of Islamic Bankers.

Meezan Bank, being the major player in the establishment of KMI-30 Index (KSE Meezan Islamic Index) which is Pakistan's first ever Shariah-compliant Islamic Index, continued to advise Karachi Stock Exchange (KSE) regarding matters related to re-composition of the KMI-30 Index.

Review of Assets

The Bank primarily used Murabaha, Ijarah, Diminishing Musharakah, Musawammah, Istisna, Tijarah, Musharakah and Salam for its financing activities during the year.

It is encouraging to note that the Bank has moved towards diversification in the usage of various financing products and has reduced the reliance on Murabaha, as is evident from the Bank's financing portfolio. In this context the share of Istisna increased to 20%, share of Musharakah & Running Musharakah has increased significantly to 8%, while the share of Diminishing Musharakah, Murabaha & Ijarah remained at 29%, 28% & 7% of the total financing portfolio. The Bank's total financing portfolio reached Rs. 133.5 billion (gross) as of December 31, 2013. All these transactions were executed using Shariah-compliant financing agreements.

Financing Modes	2012	2013	Growth/(Decline)
Diminishing Musharakah	33%	29%	(4%)
Murabaha	31%	28%	(3%)
Istisna	18%	20%	2%
Musharakah & Running Musharakah	1%	8%	7%
Ijarah	8%	7%	(1%)
Salam	1%	4%	3%
Tijarah	4%	2%	(2%)

Review of Liabilities

On the liability side, the Bank offered different Shariah-compliant deposit products based on the mode of 'Mudarah' & 'Qard'. Total deposits of the Bank increased by 26% and reached a sum of Rs.289.8 billion as at December 31, 2013. During the year, the Bank accepted deposits on the mode of Musharakah for short-term liquidity management from inter-bank market and corporate clients.

Throughout the year, the process of allocation of assets and funds to various deposit pools; announcement of overall profit sharing ratios for Mudarah-based deposits; monthly allocation of weightages and distribution of income to deposit accounts was monitored and reviewed in accordance with Shariah rules and principles.

Shariah Audit & Compliance Reviews

The Shariah Audit function plays a vital role in achieving the objective of ensuring Shariah compliance by evaluating the adherence to Shariah guidelines in each and every activity undertaken by the Bank. The Shariah Audit function keeps a continuous check on all activities starting right from the time of opening of a branch and goes hand in hand at each step of product offering till the stage of final profit distribution to the customers.

Shariah Audit of 287 branches and departments was conducted as a part of the Bank's efforts to strengthen the internal Shariah controls mechanism. These audits not only cover the transactions that the branches/departments undertake but also include an evaluation of the Shariah knowledge of staff.

On the financing side, the Bank's PDSC team makes extra efforts to understand the customer's business model before approving or renewing any facility. Frequent customer meetings, factory visits and reviews of business processes and transactions are undertaken to ensure that the facility being offered to the customer is delivered through a process that ensures compliance with Islamic Shariah. Shariah Audit of the process of profit distribution to depositors is also conducted periodically to ensure adherence to Shariah guidelines.

During the year, credit approvals, restructuring of financing facilities, customer-specific transaction process flows, text of LGs and security documents were reviewed to ensure Shariah compliance while offering financing products to the customers.

As a part of its ongoing activities, the PDSC department approved more than 1000 product structures and process flows for its clients. Moreover, random physical inspections and concrete measures were taken to verify the purchase evidences and invoices of financing transactions, thus further improving the quality of internal controls. In Istisna and Tijarah transactions, existence of goods was ensured by conducting 100% physical inspections at the time of taking delivery of the goods.

It is a matter of concern that during the year 2013, direct payments for Murabaha financing to Corporate and

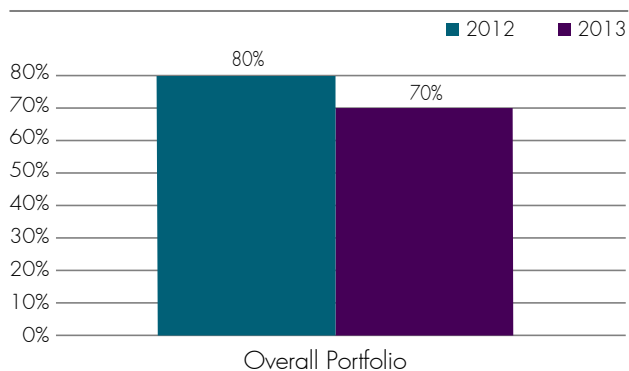

SME/commercial customers dropped from 80% to 70%, a decrease of 10%. It is highly recommended that concrete efforts should be made in order to increase the percentage of direct payment in Murabaha transactions. However, in terms of cases disbursed under Murabaha, the overall number of direct payment Murabaha transactions has increased.

Summary of Direct Payment in Murabaha Financing for Meezan Bank

Murabaha Financing Direct Payment	2012	2013	Growth/Decline
Overall Portfolio	80%	70%	(10%)
Customer Wise Segregation			
Corporate	79%	71%	(8%)
SME/Commercial	84%	70%	(14%)

(The percentages above are rounded off)

Overall Direct Murabahah Financing Year-wise Trends in %

Customer-wise Segregation Year-wise Trends in %

In addition to the above-mentioned compliance measures, Shariah audit & compliance review of 287 branches and departments was conducted during the year to gain firsthand understanding of the activities being carried out at the branches and departments.

An exercise of gauging the basic understanding of the staff about the structures and concepts of Islamic banking & finance was also conducted by way of interviews and on the spot training sessions were conducted to address any shortcomings identified during the course of such reviews.

The audit covered overall Shariah-compliance of the Bank's operations and their alignment with the guidelines given by Shariah Advisor and the SSB. In the process, following areas were looked into:

- Suppliers' existence was confirmed by visiting the suppliers' premises on sample basis
- Cross verification of Murabaha transactions with customers' record was done to ensure that the transactional documents represented actual occurrence of events on ground
- Genuine purchase evidences were obtained to execute Murabaha transactions to ensure that Murabaha disbursements are not availed to set off previous balances with the supplier
- Agreements for Murabaha, Ijarah, Diminishing Musharakah, Istisna, Tijarah and Bai Salam were reviewed
- Declarations, description of assets, relevant purchase invoices, sequence and order of the documents and time difference between purchases and declaration in Murabaha were reviewed to obviate the possibility of fictitious transactions
- Murabaha Monitoring Sheets (MMS) and Delayed Declaration Reports (DDR)
- Purchase deeds, treatment of ownership related cost & recovery of rentals in Ijarah transactions
- Ownership ratio in Diminishing Musharakah for housing and issuance of timely unit sale receipts
- Investment made in stock with reference to the stock screening criteria
- Import finance transactions and related documentation
- Extensive reviews of client payment, purchase cycle and periodic assessment of client's processes
- Other related documents and procedures followed by different functional areas
- Profit-sharing ratio, profit weightages, pool working, asset & deposit allocation for deposit products

Murabaha Monitoring System

A system for continuous monitoring of Murabaha transactions is in place whereby the branches extending Murabaha financing are required to submit a monthly reporting sheet, after thorough review by the branch/departmental management, to PDSC for review and continuous monitoring of Murabaha transactions to avoid any mistakes/errors.

Charity

During the year, an amount of Rs. 57.4 million was transferred to the Charity Payable Account, this includes Rs. 30.08 million to eliminate the non-compliant income portion identified during Shariah audit, Rs 3.38 million to purify the dividend income earned from the investment made in the Shariah-compliant stocks by the Bank and Rs. 23.91 million transferred to charity payable account, in the normal course of business, on account of non-timely payments by customers in various financial transactions. Moreover, an amount of Rs. 98.3 million was disbursed from the Charity Account after approval of the Shariah Advisor. Details of Charity are available in note # 18.4.

Recommendation

Based on the review of various transactions and operations of the Bank, I recommend that:

تجاویز

متعدد و مفود کا جائزہ لینے کی بنیاد پر میں درج ذیل امور تجویز کرتا ہوں:

- The Bank should evaluate the possibility of offering its products, services and network in the international market so as to make other people benefit from Islamic banking.
- The Bank's IT system must be strengthened to facilitate internal as well as external customers. In this regard, asset side product modules should be given immediate priority.
- With the expansion in size and reach, the Bank should explore the possibility of offering unconventional Islamic banking services which may include the development of warehouses and showrooms for trading purpose.
- The Bank should focus on new innovations and explore the possibility of entering into more specialized Shariah-compliant financing modes such as Microfinance, Shariah-compliant private equity and venture capital.
- Due care regarding the mindset and commitment towards the cause of Islamic banking should be taken during the process of hiring of new staff. Moreover, it is recommended to increase the scope of Islamic banking knowledge assessment process already implemented for new Branch and Operations Managers to Area Managers, department heads and new joiners at senior level.
- The Bank should continue its policy of expansion to spread Islamic banking and in this regard continue its focus on employees' training related to Islamic banking products and services offered by the Bank with specific focus on front line staff.

Conclusion

As per the charter of the Bank, it is mandatory on the management and employees to ensure application of Shariah principles and guidelines issued by the Shariah Supervisory Board and Shariah Advisor and to ensure Shariah-compliance in all activities of the Bank. The prime responsibility for ensuring Shariah-compliance of the Bank's operations thus lies with the management.

Based on the extensive reviews of sample cases for each class of transaction, related documentation, processes, profit distribution mechanism for the depositors and management's representation made in this regard, in our opinion, the affairs, activities and transactions, performed by the Bank during the year comply with the rules & principles of Islamic Shariah in light of the guidelines and directives given by the Shariah Supervisory Board, Shariah Advisor of Meezan Bank and SBP guidelines related to Shariah-compliance. The non-compliant income identified during the review is being transferred to the Charity Account.

May Allah bless us with the best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

Wassalam Alaikum Wa Rahmat Allah Wa Barakatuh.

مراہجہ مونیٹرنگ سسٹم

عقود مراہجہ کی مسلسل نگرانی کیلئے ایک کمپیوٹرائزڈ نظام قائم کیا گیا ہے جسکے مطابق وہ تمام براہچر جو مراہجہ کی بنیاد پر تمویل فراہم کرتی ہیں، اسکے لئے یہ ضروری ہے کہ ہر ماہ تمام مراہجہ سے متعلق بنیادی معلومات پر مشتمل شیٹ برانچ/ڈیپارٹمنٹ مینیجمنٹ کے جائزے کے شریعہ ڈیپارٹمنٹ (PDSC) کو ارسال کی جائے تاکہ تمام عقود مراہجہ کی تعمید میں غلطی سے محفوظ رہا جاسکے۔

چیریٹی/صدقات و خیرات

رواں سال میں کل 57.4 ملین روپے چیریٹی واجب الاداء اکاؤنٹ میں منتقل کئے گئے۔ اس میں 30.08 ملین روپے کی مشتبہ آمدنی کی شناخت شریعہ آڈٹ کے دوران ہوئی، اور 3.38 ملین روپے کی چیریٹی اشٹاک ایکس چینج میں کی گئی انوسٹمنٹ سے حاصل شدہ آمدنی کو Purify کرنے کیلئے کی گئی اور 23.91 ملین روپے چیریٹی واجب الاداء اکاؤنٹ میں ٹرانسفر کئے گئے جو روزمرہ کے معمولی معاملات میں کسٹمرز کی جانب سے ادائیگی میں تاخیر کی بنیاد پر وصول کیے گئے تھے۔ کل 98.3 ملین روپے شریعہ ایڈوائزر سے منظوری کے بعد چیریٹی سیونگز اکاؤنٹ سے ادا کئے گئے۔ چیریٹی سے متعلق تفصیلات نوٹ نمبر 18.4 میں مذکور ہیں۔

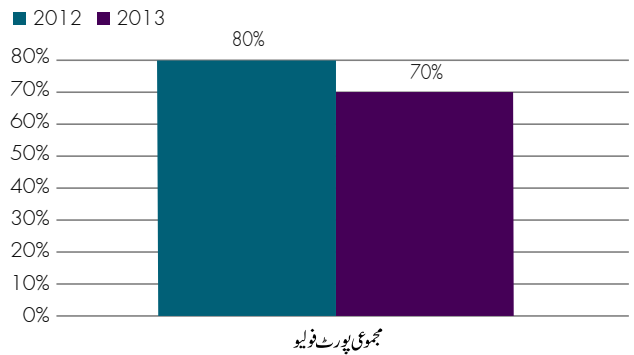

کل 10% کمی ہوئی۔ اس بات کو ملحوظ رکھنا نہایت ضروری ہے کہ مراہجہ کے عقود میں براہ راست ادائیگیوں کے تناسب کو بڑھانے کا نہایت اہتمام کیا جائے۔ البتہ کسٹمر کی تعداد کے اعتبار سے براہ راست ادائیگیوں میں اضافہ ہوا ہے۔

مذکورہ بالا اقدامات کے ساتھ ساتھ اس سال بینک کی 287 برانچوں اور میزبان بینک شعبوں کا شریعہ آڈٹ کیا گیا تاکہ ان برانچز/شعبوں میں ہونے والے عقود کی براہ راست جانچ پڑتال کی جاسکے۔

نیز بینک کے متعلقہ اہلکاروں کی اسلامی بینکاری کے بنیادی ڈھانچوں اور تصورات کے بارے میں معلومات کو بھی ترقیاتی مجالس اور انٹرویوز کے ذریعے جانچا گیا۔ اور مختلف مواقع پر ضرورت محسوس ہونے پر فوری ترقیاتی مجالس منعقد کی گئیں تاکہ ان کمزوریوں دور کیا جاسکے۔

ڈیپازٹس کا جائزہ

بینک نے اپنی ڈیپازٹ سائیز پر کئی ایسی شرعاً جائز ڈیپازٹ پروڈکٹس وضع کی ہیں جو مضاربہ اور قرض پر مبنی ہیں۔ بمطابق 31 دسمبر 2013ء بینک کے ڈیپازٹس میں 26% فیصد اضافہ ہوا ہے اور بینک کا مجموعی ڈیپازٹ 289.8 ارب روپے تک پہنچ چکا ہے۔ اس سال بینک نے دیگر بینگیوں اور کارپوریٹ گاہکوں سے مشارک کی بنیاد پر قلیل المیعاد مدت کیلئے رقم وصول کی ہیں۔

رواں سال میں بینک کی ڈیپازٹ سائیز سے متعلق مختلف امور انجام دیئے گئے، یعنی مختلف اثاثوں اور فنڈز کو مختلف پوز کی طرف منسوب کرنا، مضاربہ کی بنیاد پر جمع شدہ رقم کے مجموعی نفع کے تناسب کا اعلان کرنا، ماہانہ Weightages متعین کرنا، سرمایہ داروں اور ڈیپازٹرز کے درمیان منافع کی تقسیم کرنا، منافع کی صحیح تقسیم کی نگرانی اور اس کا تجزیہ کرنا وغیرہ۔

شرعیہ آڈٹ اور کمپلائنس

بینک کا شرعیہ آڈٹ ڈپارٹمنٹ اس معاملے میں ایک اہم کردار ادا کرتا ہے، اور بینک کے ہر عمل کی شریعت سے مطابقت کی طرف توجہ مرکوز رکھتا ہے۔ کسی نئی برانچ کھلنے سے لے کر، پروڈکٹس اور متعلقہ تمام سہولیات اور انتہاء ڈیپازٹرز کو نفع کی تقسیم تک کے تمام معاملات کی شرعی حیثیت پر شرعیہ آڈٹ فنکشن بدستور نظر رکھتا ہے۔

بینک کے عقود مالیہ اس سال میزان بینک کی کل 287 برانچوں کا آڈٹ کیا گیا۔ اس آڈٹ میں نہ صرف عقود مالیہ کی شرعی حیثیت کو زیر غور لایا جاتا ہے بلکہ برانچ کے ملازمین کی معلومات شرعیہ کو بھی جانچا جاتا ہے۔

اثاثہ جاتی حصے میں بینک کے ڈپارٹمنٹ PDSC کی ٹیم کسٹمرز کے تجارتی ماڈل پر وقت نظر کے ساتھ غور کرنے کے بعد ان کی تمویلی ضروریات پورا کرنے کے لئے طریقہ کار وضع کرتی ہے۔ کسٹمرز کے ساتھ وقتاً فوقتاً ملاقاتیں کی جاتی ہیں، ٹیسٹریوں کے دورے، اور تجارتی طریقہ کار اور عقود کے جائزے کئے جاتے ہیں تاکہ اس بات کی یقین دہانی کی جاتی رہے کہ جو سہولت کسٹمر کو دی جارہی ہے وہ شریعت کے مطابق ہے۔ مزید برآں ڈپازٹ ہولڈرز کے نفع کی تقسیم کے طریقہ کار کا بھی جائزہ لیا جاتا ہے تاکہ اصولی شریعت کی خلاف ورزی نہ ہونے کی یقین دہانی ہو۔

رواں سال میں تمویل کی منظوریاں، تمویلی سہولیات کی از سر نو تجدید، ہر گاہک کیلئے عقود کی تنفیذ کا الگ طریقہ کار، اور ضمانتی دستاویزات کا شرعی اعتبار سے جائزہ لیا گیا تاکہ گاہکوں کو دی جانے والی تمویلی سہولیات شرعی اعتبار سے درست ہوں۔

بینک کے پروڈکٹ ڈیپارٹمنٹ اور شرعیہ کمپلائنس ڈپارٹمنٹ نے 1000 سے زائد عقود کے پروسس فلوز (مالی معاملات کی انجام دہی کا تفصیلی طریقہ کار) منظور کیے۔ بینک کی طرف سے دی جانے والی ہر تمویل کا طریقہ کار یہی شعبہ بنانا اور منظور کرتا ہے۔ نیز مختلف صارفین بینک کے وکیل کے طور پر جو اشیاء خریدتے ہیں ان کی تحقیق کے لئے کئی مقامات پر بینک کی طرف سے باقاعدہ نمائندے نے جا کر معائنہ کیا تاکہ یہ معلوم ہو کہ واقعی اشیاء خریدی گئیں ہیں۔ استحصان اور تجارتہ میں جب تیار شدہ اشیاء کا بینک نے قبضہ کیا تو 100% معاملات میں دورہ کر کے یہ معائنہ کیا گیا۔

یہ ایک لمحہ لگ رہے کہ رواں سال 2013 کے دوران عقود مراہجہ میں براہ راست ادا بینگیوں کے مجموعی تناسب میں سابقہ برس کے مقابلے میں 10 فیصد کمی ہوئی ہے۔ 2012 میں براہ راست ادا بینگیوں کا تناسب 80 فیصد رہا تھا، جبکہ یہ تناسب 2013 میں کم ہو کر 70% ہو گیا۔ اس طرح

(AMIM) کے تمام اسلامی میوچل فنڈز، NBP نیشنل فلٹرن ایسیٹ مینجمنٹ کمپنی لمیٹڈ (NAFA)، کو مختلف انواع کے شرعی کمپلائنس میوچل فنڈز کو چلانے کے لئے مشاورت فراہم کرتا رہا۔ مزید برآں میزان بینک نے اس سال AMIM اور NAFA کو کمپلائنس پر پوزیشن اور پشٹن فنڈ کے لیے نئی پراڈکٹ کی تیاری میں بھی شرعی معاونت فراہم کی۔ ساتھ ساتھ AMIM کو بینکس فنڈ کی شرعی طور پر کامیابی کے ساتھ کلوز اینڈ اور اوپن اینڈ میں معاونت فراہم کی۔

میزان بینک کی اسلامک فنانٹشل ایڈوائزری ٹیم نے نیشنل ڈاٹا کنسلٹنٹ جوٹیموز کے لوکل پارٹنرز ہیں، کے لیے خصوصی تربیتی نشست بھی منعقد کی۔ جس میں اسلامی بینکنگ کے بنیادی تصورات اور عملی تجربات سے ان کو روشناس کرایا گیا۔ نیز بینک نے یونائیٹڈ سیلز لمیٹڈ (USL)، جو کہ ڈاؤ لیننس گروپ کی ذیلی کمپنی ہے، کو دیانت فنانسنگ کے تحت اس کی پروڈکٹس کے سلسلے میں شرعی اعتبار سے مشاورت کو جاری رکھا۔

اسلامک فنانٹشل ایڈوائزری سروسز کا تعلیمی اور تربیتی سطح پر ایک نیا اہم اقدام یہ ہے کہ اسلامی بینکنگ کی تعلیم اور تربیت کے خواہشمند حضرات کیلئے IIB یعنی انٹرنیشنل انسٹیٹیوٹ آف اسلامک بینکرز کے عنوان سے سرٹیفکیٹ کورس کا آغاز کیا ہے۔

میزان بینک نے KMI-30 انڈیکس (KSE Meezan Islamic Index) جو کہ پاکستان کا پہلا شرعیہ کمپلائنس اسلامی انڈیکس ہے، کو متعارف کرانے میں ایک اہم کردار ادا کیا ہے۔ رواں سال بھی میزان بینک بدستور کراچی اسٹاک ایکسچینج کو اس انڈیکس سے متعلق مختلف امور یعنی نئی کمپنیوں کی شمولیت اور شرعی اسکریننگ وغیرہ میں شرعی رہنمائی فراہم کرتا رہا ہے۔

اثاثوں کا جائزہ

موجودہ سال میں میزان بینک نے ابتدائی طور پر مراہجہ، اجارہ، مشارکہ متناقصہ، مساومہ، استحصان، تجارتہ، رنگ مشارکہ اور مسلم کی بنیاد پر تمویلی سہولیات فراہم کیں۔

یہ بات حوصلہ افزا ہے کہ بینک نے کسی ایک طریقہ تمویل پر انحصار کرنے کی بجائے کئی طرق تمویل کو اختیار کیا ہے۔ جیسا کہ تمویلی تناسب سے بھی واضح ہے کیونکہ عقد استحصان کے تناسب میں 20 فیصد کا اضافہ اور مشارکہ اور رنگ مشارکہ 8% کا اضافہ ہوا۔ جبکہ مشارکہ متناقصہ، مراہجہ اور اجارہ کا تناسب کل تمویلی سرگرمیوں کا بالترتیب 29 فیصد، 28 فیصد اور 7 فیصد رہا۔ بینک کا مجموعی تمویلی پورٹ فولیو (بمطابق 31 دسمبر، 2013ء) 133.5 ارب تک پہنچ چکا ہے۔ بینک کے یہ تمام تمویلی عقود ان معاہدات کو استعمال کرتے ہوئے کئے گئے جو شرعی اعتبار سے درست ہیں۔

شرعی طریقہ تمویل	2012	2013	شرح ترقی
مشارکہ متناقصہ	33%	29%	(4%)
مراہجہ	31%	28%	(3%)
استحصان	18%	20%	2%
مشارکہ اور رنگ مشارکہ	1%	8%	7%
اجارہ	8%	7%	(1%)
مسلم	1%	4%	3%
تجارتہ	4%	2%	(2%)

انوسٹمنٹ کا ایک اچھا متبادل ہے۔

یہاں یہ ذکر کرنا بھی بہت مناسب ہے کہ میزان بینک پرائم منسٹر یوتھ لون اسکیم کے شرعی اصولوں کے مطابق اجراء کے لیے مختلف شرعی متبادل کی مشاورت اور تجویز میں پیش پیش رہا ہے۔ اسی طرح Steering Committee کے ممبر ہونے کی حیثیت سے جو وزیر خزانہ صاحب کی ہدایت پر اسلامک بینکنگ اور فائنانس کی ترقی اور ترویج کے لیے قائم کی گئی ہے، ہمارا مکمل تعاون شامل رہا ہے۔ یہی ہمارا vision ہے کہ اسلامی بینکاری کو بینکنگ کے پہلے انتخاب کے طور پر قائم کیا جائے۔

میزان کفالتہ، بینک کی لائسنس کی پروڈکٹ میں ایک جدید اور انوکھا اضافہ ہے۔ میزان کفالتہ مروجہ بینکوں کے "بینک اشورنس" کا شرعی متبادل ہے جو اس وقت پورے پاکستان میں میزان بینک کے ملازمین کے لیے آفر کر دیا گیا ہے۔ اور 2014 کے فرسٹ Quarter میں تمام کسٹمرز کے لیے آفر کر دیا جائے گا۔ انشاء اللہ

ٹریڈنگ اور ڈیولپمنٹ

اس سال 114 سے زائد اسلامی بینکاری کی تربیتی مجالس منعقد کی گئیں جن میں پورے پاکستان سے کل 4207 ملازمین نے شرکت کی۔ جبکہ گذشتہ برس کل 910 مجالس منعقد ہوئی تھیں جن میں کل 3314 ملازمین نے شرکت کی تھی۔

دوران سال پاکستان کے 12 شہروں میں اور تین مختلف ممالک میں 39 سیمینار اور ورک شاپس کا انعقاد کیا گیا جس میں لگ بھگ 2500 سامعین شریک ہوئے۔ ان حاضرین میں صارفین، عوام اور پروفیشنلز شامل تھے۔

اس سال بینک میں اسلامی بینکنگ لیول 1 کا ساواواں اور اسلامی بینکنگ لیول 2 کا دوسرا بیج مکمل ہوا۔ یہ میزان بینک کے ملازمین کے لیے تیار کردہ ایک ایسا تفصیلی کورس ہے جس میں انہیں اسلامی بینکاری کی عملی تفصیلات کی تربیت دی جاتی ہے، اس کے علاوہ بینک نے براؤنچ نیچرز، آپریشنز نیچرز، اور سینئر فرنٹ اینڈ ملازمین کے لئے کراچی لاہور اور اسلام آباد میں چھ روزہ کورسز منعقد کرائے۔ ڈپازٹ ریفریشرز اور ڈپازٹ کی نئی پروڈکٹس بشمول میزان کفالتہ کے تربیتی کورسز بھی پورے سال پابندی کے ساتھ ہوتے رہے۔

شرعی ایڈوائزری

الحمد للہ میزان بینک کے اسلامک فائنانشل ایڈوائزری سروسز کے شعبہ نے میزان بینک کے کلائنٹس کے ساتھ قومی اور بین الاقوامی سطح پر اپنے تجربات، معلومات اور تربیت کی فراہمی کو کامیابی کے ساتھ جاری رکھا۔

بین الاقوامی سطح پر میزان بینک نے EFL Ethical Finance Ltd کے ساتھ ایک معاہدہ کیا ہے جو اسلامی بینکاری کی ترقی کے لیے ایک اہم سنگ میل ہے۔ اس معاہدہ کی رو سے EFL کو موریشس میں پہلا اسلامی بینک قائم کرنے کے لیے شرعی اور پروڈکٹ ڈیولپمنٹ میں رہنمائی فراہم کی جائے گی۔ اسی طرح Temenos کے ساتھ ایک معاہدہ کیا گیا جس میں Temenos کو AAOIFI کے اکاؤنٹنگ اسٹینڈرڈ کے مطابق اسلامی مالیاتی اداروں کے لیے سافٹ ویئر کی تیاری میں میزان بینک اپنی پیشہ ورانہ خدمات فراہم کرے گا۔

اسلامی کیمپنل مارکیٹ کے میدان میں میزان بینک بدستور المیر ان انوسٹمنٹ مینجمنٹ لمیٹڈ

الحمد لله رب العالمين، و الصلاة و السلام على خاتم الأنبياء والمرسلين، محمد المصطفى الأمين، وعلى آله وأصحابه أجمعين، وبعد:

الحمد للہ، زیر مطالعہ سال میزان بینک لمیٹڈ کا اسلامی تجارتی بینکاری کا بارہواں سال ہے۔ اس سال بینک نے شریعی ایڈوائزری بورڈ/شریعی ایڈوائزری منظوری کے بعد کئی نئی اور متنوع الاقسام پروڈکٹس متعارف کرائیں۔ رواں سال شریعی ایڈوائزری طرف سے میزان بینک کی مختلف جدید پروڈکٹس، عقود، طریقہ عمل اور ان کے عملی انعقاد کو چیک کرنے کا طریقہ کار، شریعی سپروائزرز اور اس کی ایگزیکٹو کمیٹی کے غور اور جائزے کے لیے پیش کیا گیا، چنانچہ اس سلسلے میں میزان بینک کے شریعی سپروائزرز اور ایگزیکٹو کمیٹی کا ایک اجلاس بھی ہوا ہے۔

عقود کی جانچ پڑتال کے طریقہ کار کو مزید موثر بنانے کے لیے ایک مستقل شعبہ "پروڈکٹ ڈیولپمنٹ اینڈ شریعی کمپلائنس (PDSC)" میری زنگرانی کام کر رہا ہے۔ اس شعبے کی ذمہ داریوں میں نئی پروڈکٹس کے لئے تحقیق و تدقیق، موجودہ پروڈکٹس اور طریقہ عمل میں مزید بہتری، اسلامی بینکاری کی تربیت اور شریعی آڈٹ اور کمپلائنس، بینک کی شاخوں اور شعبوں کا جائزہ، بینک کے شریعی سپروائزرز اور بورڈ کے ساتھ رابطہ، اور مقامی اور بین الاقوامی اداروں کو اسلامی تمویلی سہولیات کی مشاورت کی خدمات شامل ہیں۔

رواں سال میں بینک میں درج ذیل اہم امور انجام پائے۔

نئی پروڈکٹس کی تیاری اور تحقیق

الحمد للہ، اس سال بینک نے کامیابی کے ساتھ متعدد نئی پروڈکٹس وضع کیں، جس کے نتیجے میں اسلامی بینکاری کی مجموعی پروڈکٹس میں خاطر خواہ اضافہ ہوا۔

فارن کرنسی کی ٹرانزیکشن کے لیے Close Out پالیسی کا شرعی متبادل وکالہ کی بنیادوں پر وضع کیا گیا۔ یہ پروڈکٹ بین الاقوامی سطح کے کرنسی کے لین دین کے بہت سے معاملات میں متبادل کے طور پر استعمال کی جاسکتی ہے۔

اسی طرح بینک نے ادارۃ السیولہ (liquidity management) کی ضرورت کو پورا کرنے کے لیے اور Interbank Placement کے متبادل کیلئے شرعی اصولوں کے مطابق اس کی متبادل پروڈکٹ وضع کر لی ہے۔

بینک کی توجہ چونکہ اس وقت مشارکہ کی بنیاد پر کی جانے والی تمویلات کی طرف زیادہ ہے، اس لئے شرکت العقد کی بنیاد پر المیر ان انوسٹمنٹ مینجمنٹ کے لیے قصیر المیعاد سرمایہ کاری کی پروڈکٹ وضع کی گئی۔ گذشتہ سال کی طرح اس سال بھی بلوچپ کمپنیز نے رنگ مشارکہ کی بنیاد پہلے سے زیادہ فائنانسنگ حاصل کی اور اس طرح مشارکہ کی بنیاد پر تمویلی سرگرمیوں میں خاطر خواہ اضافہ ہوا۔

ماقبل میں ذکر کردہ امور کے علاوہ، قصیر المیعاد وکالہ، جو شرکت العقد پر مبنی ہے، لال پیر پاور پڑوسر کے لیے وضع کیا گیا جیسا کہ گزشتہ سالوں میں اسی انرجی سیکٹر میں سے KAPCO اور HUBCO کے لئے ایسے ہی وکالہ تیار کیے گئے تھے۔

وکالہ کی بنیاد پر انوسٹمنٹ پول وضع کیا گیا جو مضارکہ بنیاد پر بلوچپ کمپنیز کیلئے شرعی اصولوں کے مطابق

AUDITORS' REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

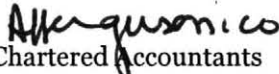

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance ('the Code') prepared by the Board of Directors ('Board') of **Meezan Bank Limited** ('the Bank') for the year ended December 31, 2013 to comply with the requirements of Regulation No. 35 of Chapter XI contained in the Listing Regulations issued by the Karachi Stock Exchange where the Bank is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Code.

As part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Code requires the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using alternative pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the best practices contained in the Code as applicable to the Bank for the year ended December 31, 2013.

Statement of Internal Controls

The statement is presented to comply with the requirement of the State Bank of Pakistan (SBP) circular no. BSD 7 dated May 27, 2004 "Guidelines on Internal Controls" and SBP's OSED Circular No.01 of 2014 dated February 07, 2014 "Instructions on Internal Controls over Financial Reporting (ICFR)".

The management of the Bank is responsible for establishing and maintaining an adequate and effective system of internal controls which has the main objectives of ensuring effectiveness and efficiency of operations, reliability of financial reporting, safeguarding of assets and compliance with applicable laws and regulations.

The control activities are being closely monitored across the Bank through Compliance, Shariah and Internal Audit departments, which covers all banking activities in general and key risk areas in particular. In addition to performing the above responsibility, the Board of Directors has also formed an Audit Committee which has direct oversight responsibility to ensure the independence of the internal and external audit function. The Audit Committee meets at least once every quarter to discuss the scope and results of the work performed by the Compliance, Shariah and Internal Audit departments. The Audit Committee also meets with external auditors prior to approval of half-yearly and annual results of the Bank.

Based on observation and weaknesses found and identified by the auditors both internal and external and the Compliance and Shariah audit teams, improvements are brought about by the management in internal controls to ensure non-recurrence of those exceptions and elimination of such weaknesses to the maximum possible level.

While the Internal Controls System is effectively implemented and monitored, there are inherent limitations in the effectiveness of any system, including the possibility of human error or system failure and circumvention and overriding of controls. Accordingly even an effective internal control system can provide reasonable but not absolute assurance that the system's objective will be achieved.

The Bank has successfully completed the stages of its ICFR program and submitted the Long Form Report to SBP on January 31, 2013. During the year 2013, the Bank also worked on the findings and recommendations of the Long Form Report and implemented them. Post December 31, 2013, SBP has issued OSED Circular No.1 of 2014 dated February 7, 2014. Accordingly the Bank shall also comply with the requirements of the said circular.

Besides this, the Bank is continuing its comprehensive Internal Control Program and shall endeavor to keep updating and improving its system of Internal Controls.

Based on the above, the Board of Directors also endorses the management's evaluation of Internal Controls.

On behalf of the Board.

3.5 Changes in accounting policies

- 3.5.1 IAS 1, 'Financial statement presentation' has been amended effective January 1, 2013. The main change resulting from these amendments is a requirement for entities to group items presented in 'Other Comprehensive Income' (OCI) on the basis of whether they are potentially reclassifiable to the profit or loss subsequently (reclassification adjustments). The specified change has been made in the statement of comprehensive income for the year.
- 3.5.2 IAS 19 (revised) 'Employee benefits' which became effective for annual periods beginning on or after January 1, 2013 amends accounting for employee benefits. The standard requires immediate recognition of past service cost and also replaces the interest cost on the defined benefit obligation and the expected return on plan assets with a net interest cost based on the net defined benefit asset or liability and the discount rate, measured at the beginning of the year.

Further, a new term "remeasurements" has been introduced. This is made up of actuarial gains and losses and the difference between actual investment returns and the return implied by the net interest cost. The standard requires "remeasurements" to be recognised in the Statement of Financial Position immediately, with a charge or credit to Other Comprehensive Income in the periods in which they occur.

During the year the Bank has changed its accounting policy to comply with the changes made in IAS 19. As per the previous policy actuarial gains and losses were recognised in the profit and loss account over the future expected average remaining working lives of the employees to the extent of the greater of 10% of the present value of defined benefit obligation at that date and 10% of the fair value of plan assets at that date.

The change in accounting policy has been accounted for retrospectively in accordance with the requirements of IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors' and comparative figures have been restated.

The Bank's financial statements are affected only by the 'remeasurements' relating to prior years. The effects for the current and prior year have been summarised below:

	December 31, 2013	December 31, 2012	December 31, 2011
	Rupees in '000		
Impact on statement of financial position			
Increase / (decrease) in other liabilities	26,257	(11,900)	4,785
Decrease / (Increase) in unappropriated profit	26,257	(11,900)	4,785
Impact on Statement of Comprehensive Income			
(Decrease) / increase in other comprehensive income	(38,157)	16,685	-
Impact on Statement of Changes in Equity			
Increase / (decrease) in unappropriated profit			
- Impact on reported retained earnings for 2011	-	-	(4,785)
- Impact for the year	(38,157)	16,685	-

The Bank had not recognised any amounts in respect of remeasurements in the profit and loss accounts for the years ended December 31, 2011 and 2012. Therefore, there is no impact of this change on the profit after taxation and earnings per share for those years. The change in policy also did not have any impact on the profit after taxation and earnings per share for the current year. There is no impact of this change on the cash flow statement for the current or prior year.

IFAS 3 shall be followed with effect from the financial periods beginning after January 1, 2014 in respect of accounting for transactions relating to 'Profit and Loss Sharing on Deposits' as defined by the said standard. The standard would result in certain new disclosures in the financial statements of the Bank.
- 3.7.2 IFRS 10, 'Consolidated financial statements', builds on existing principles by identifying the concept of control as the determining factor in whether an entity should be included within the consolidated financial statements of the parent company. The standard provides additional guidance to assist where the determination of control is difficult to assess. The amendments may impact the financial statements of the Bank which has not yet been quantified.

6.15 Provisions and contingent assets and liabilities

Provisions are recognised when the Bank has a present legal or constructive obligation arising as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions are reviewed at each date of Statement of Financial Position and are adjusted to reflect the current best estimate.

Contingent assets are not recognised, and are also not disclosed unless an inflow of economic benefits is probable. Contingent liabilities are not recognised and are disclosed unless the probability of an outflow of resources embodying economic benefits are remote.

6.16 Acceptances

Acceptances comprise undertakings by the Bank to pay bills of exchange drawn on customers. The Bank expects most acceptances to be settled simultaneously with the reimbursement from the customers. Acceptances are accounted for as off-balance sheet transactions and are disclosed as contingent liabilities and commitments.

6.17 Offsetting

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Income and expenses are presented on a net basis only when permitted by the approved accounting standards as applicable in Pakistan.

6.18 Revenue recognition

- i) Profit on Murabaha and Commodity Murabaha is recognised on an accrual basis. Profit on Murabaha transactions for the period from the date of disbursement to the date of culmination of Murabaha is recognised immediately upon the later date.
- ii) The Bank follows the finance method in recognising income on Ijarah contracts written upto December 31, 2008. Under this method the unearned income i.e. the excess of aggregate Ijarah rentals over the cost of the asset and documentation charges under Ijarah facility is deferred and then amortised over the term of the Ijarah, so as to produce a constant rate of return on net investment in the Ijarah. Gains / losses on termination of Ijarah contracts are recognised as income on a receipt basis. Income on Ijarah is recognised from the date of delivery of the respective assets to the mustajir.
- iii) Rental on Ijarah contracts written subsequent to December 31, 2008 under Islamic Financial Accounting Standard - 2 Ijarah (IFAS-2) are recognised as income on accrual basis.
- iv) Profit on Bai Muajjal is recognised on accrual basis.
- v) Profit on Diminishing Musharakah financings is recognised on accrual basis.
- vi) Profit on Running Musharakah financings is booked on accrual basis and is adjusted upon declaration of profit by Musharakah partners.
- vii) Profit on Tijarah and Istisna financings is recognised on accrual basis commencing from time of sale of goods till the realisation of sale proceeds by the Bank.
- viii) Profit on Service Ijarah is recognised on accrual basis.
- ix) Profit on Sukuks is recognised on an accrual basis. Where Sukuks (excluding held for trading securities) are purchased at a premium or discount, those premiums / discounts are amortised through the profit and loss account over the remaining maturity, using the effective yield method.
- x) Commission on letters of credit, acceptances and guarantees is recognised on receipt basis, except for commission on guarantees in excess of Rs. 200,000 which is recognised over the period of the guarantee. Fee and brokerage income are recognised when earned.
- xi) Dividend income is recognised when the Bank's right to receive dividend is established.
- xii) Gain or loss on sale of investments is included in the profit and loss account.
- xiii) Gain or loss on disposal of operating fixed assets, Ijarah assets and Musharaka assets, if any, is taken to the profit and loss account in the period in which they arise.
- xiv) Profit suspended in compliance with the Prudential Regulations issued by the SBP is recorded on receipt basis. Profit on rescheduled / restructured financings and investments are recognised as permitted by the SBP, except where, in the opinion of the management, it would not be prudent to do so.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2013

10.2.1 These include 22,000 certificates of WAPDA I Sukuk (having a face value of Rs. 110 million) purchased by the Bank through a market based transaction for a cash consideration of Rs. 110.346 million. These certificates were available in the seller's CDC account and on completion of the transaction were transferred to the Bank's CDC account. The periodic Ijarah rentals due since October 22, 2009 were not paid to the Bank as there were certain discrepancies in the Central Depository Register. The Bank, through a legal notice, has clarified its position that the Bank had purchased the aforesaid Sukuk Certificates from the market at a consideration when these Sukuks were already entered in the Central Depository Register of the seller's account.

The suit is currently pending in the Sindh High Court. However, the Bank, on a prudent basis, has recognised full provision against these Sukuks.

10.3 Investments in subsidiary and associates, except for Meezan Sovereign Fund, Meezan Capital Protected Fund - II and KSE Meezan Index Fund, form part of strategic investment of the Bank and cannot be sold for five years from the last date of purchase of such securities.

For the year ended December 31, 2013

11.9.1 The Bank maintains general reserve (provision) in accordance with the applicable requirements of the Prudential Regulations for Consumer Financing and Prudential Regulations for Small and Medium Enterprise Financing issued by the SBP.

During the year, SBP has issued Prudential Regulations (PRs) for Small and Medium Enterprises. The PRs require the Bank to maintain a general provision against financings to Small Enterprises. The revised guidelines have also changed the classification criteria whereby all Small Enterprise (SE) financings overdue by 90 days, 180 days, 365 days and 18 months are now required to be classified as Other Assets Especially Mentioned (OAEM), substandard, doubtful and loss respectively. Previously these loans were classified as substandard, doubtful and loss based on different prescribed ageing criteria. The revised guidelines specify that provision should be made in the financial statements equal to 10 percent, 25 percent, 50 percent and 100 percent, in respect of overdue SE financings classified as OAEM, substandard, doubtful and loss respectively.

Had the provision been determined in accordance with the previous guidelines of the SBP, the specific provision would have been higher by Rs. 0.72 million and general provision would have been lower by Rs. 4.34 million and consequently profit before taxation and financing would have been higher by Rs. 3.62 million.

In addition, the Bank has also maintained a general provision of Rs. 1,125 million (2012: Rs. 1,125 million) against financings made on prudent basis, in view of the prevailing economic conditions. This general provision is in addition to the requirements of the Prudential Regulations.

11.9.2 In accordance with BSD Circular No. 2 dated January 27, 2009 issued by the SBP, the Bank has availed the benefit of Forced Sales Value (FSV) of collaterals against the non-performing financings. The accumulated benefit availed as at December 31, 2013 amounts to Rs. 49 million (2012: Rs. 79 million). The additional profit arising from availing the FSV benefit - net of tax as at December 31, 2013 amounts to Rs. 31.85 million (2012: Rs. 51.35 million). The increase in profit, due to availing of the benefit, is not available for distribution of cash and stock dividend to share holders.

33.6 The plan assets and defined benefit obligations are based in Pakistan.

33.7	Principal actuarial assumptions	2013	2012	2011
	Discount rate	13% p.a.	11.5% p.a.	12.5% p.a.
	Expected rate of salary increase	13% p.a.	11.5% p.a.	12.5% p.a.
	Normal retirement age	60 years	60 years	60 years

33.8 Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics and experience in Pakistan. The rates assumed are based on the adjusted SLIC 2001 - 2005 mortality tables with one year age set back.

33.9 The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	Impact on defined benefit obligation - Increase / (Decrease)		
	Change in assumption	Increase in assumption	Decrease in assumption
	Rupees in '000		
Discount rate	1.0%	(40,687)	125,228
Salary growth rate	1.0%	133,381	(32,050)
		Increase by 1 year in assumption	Decrease by 1 year in assumption
Life expectancy / Withdrawal rate		411,435	410,206

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognised within the Statement of Financial Position.

33.10 The weighted average duration of the defined benefit obligation is 13.13 years.

33.11 Expected maturity analysis of undiscounted defined benefit obligation for the gratuity scheme is as follows:

33.13 Funding levels are monitored on an annual basis and are based on actuarial recommendations. Contribution for the next year works out to Rs. 110.422 million as per the actuarial valuation report of the Bank as of December 31, 2013.

33.14 Through its defined benefit gratuity plan, the Fund is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility	The plan liabilities are calculated using a discount rate set with reference to corporate bond yields; if plan assets underperform this yield, this will create a deficit. The Fund believes that due to long-term nature of the plan liabilities and the strength of the Bank's support, current investment strategy manages this risk adequately.
Changes in bond yields	A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' sukuk holdings.
Inflation risk	The majority of the plans' benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities. However plan assets are variable rate instruments and are re-priced at regular intervals to offset inflationary impacts.
Life expectancy/Withdrawal rate	The majority of the plans' obligations are to provide benefits on severance with the Bank on achieving retirement. Any change in life expectancy / withdrawal rate would impact plan liabilities.

33.15 The disclosure made in notes 33.1 to 33.13 are based on the information included in the actuarial valuation report of the Bank as of December 31, 2013.

34. DEFINED CONTRIBUTION PLAN

The Bank also operates a recognised contributory provident fund for all permanent employees. Equal monthly contributions are made, both by the Bank and the employees, to the fund at the rate of 10% of basic salary.

- 35.2 The Chief Executive, the Deputy Chief Executive Officer (the Executive Director) and certain executives have been provided with free use of the Bank's cars.
- 35.3 In addition to above, all Executives, including the President & Chief Executive Officer and Deputy Chief Executive Officer of the Bank are also entitled to bonus which is disclosed in note 27.4 to these financial statements. Previously, this was shown as part of amounts disclosed in compensation above.

36. FAIR VALUE OF FINANCIAL INSTRUMENTS

- 36.1 The fair value of investments in listed securities, except investments categorised as 'held to maturity', investments in subsidiaries and associates is based on quoted market prices. The value of unquoted equity investments is reduced, if required, on the basis of break-up value of those investments based on the latest available audited financial statements.

Fair value of Islamic financing and related assets, other assets, other liabilities and fixed term deposits and other accounts cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of Islamic financing and related assets has been calculated in accordance with the Bank's accounting policy as stated in note 6.3.2.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these assets and liabilities are short term in nature or in the case of financings and deposits are frequently repriced.

39. CAPITAL ASSESSMENT AND ADEQUACY BASEL SPECIFIC

The State Bank of Pakistan (SBP) has introduced new guidelines with respect to disclosure of capital adequacy related information in the financial statements of banks vide its communication dated February 4, 2014. These guidelines are based on the requirements of Basel III which were introduced earlier by the SBP in August 2013 for implementation by banks in Pakistan. The SBP has specified a transitional period till 2018 for implementation of Basel III. The disclosures below have been prepared on the basis of these new guidelines. The comparative information is as per Basel II requirements which were applicable last year.

39.1 Capital structure

Under Basel III framework, Bank's regulatory capital has been analysed into two tiers as follows:

- Tier 1 capital (going concern capital) which is sub divided into:
 - a) Common Equity Tier 1 (CET1), which includes fully paid up capital, reserve for bonus issue, general reserves and un-appropriated profits (net of losses), etc after deductions for investments in the equity of subsidiary companies engaged in banking and financial activities (to the extent of 50%), reciprocal crossholdings and deficit on revaluation of available for sale investments and deduction for book value of intangibles.
 - b) Additional Tier 1 capital (AT1), which includes instruments issued by the Bank which meet the specified criteria after deduction of remaining 50% investment in the equity of subsidiary companies engaged in banking and financial activities and other specified deductions.

Presently the Bank does not have any AT1 capital.
- Tier II capital, which includes general provisions for loan losses (upto a maximum of 1.25% of credit risk weighted assets), reserves on revaluation of fixed assets and available for sale investments after deduction of deficit on available for sale investments (upto a maximum of 45%).

Banking operations are categorized in either the trading book or the banking book and risk weighted assets are determined according to the specified requirements that seek to reflect the varying levels of risk attached to assets and off balance sheet exposures.

The required capital adequacy ratio is achieved by the Bank through:

- (a) Adequate level of paid up capital;
- (b) Adequate risk profile of asset mix;
- (c) Ensuring better recovery management; and
- (d) Maintaining acceptable profit margins.

39.2 Capital adequacy ratio

39.3 Capital Adequacy

The main objective of the capital management is to improve the financial position and strengthen the statement of financial position of the Bank to support the growth in business, provide protection to depositors and enhance shareholders' value.

The Bank's Board and the management is committed to maintaining a sound balance between depositors' liability and shareholders' funds so that optimal capital / debt ratio is maintained. The optimal capital / debt ratio will provide reasonable assurance to depositor's about safety and security of their funds and at the same time provide impetus to the management to invest their depositors' funds into profitable ventures without compromising the risk profile of the Bank. The capital requirement of the Bank has been determined based on the projected growth plan to be achieved in the next 3 to 5 years in all areas of business operations. Further, it also takes into account a road map for capital enhancement as directed by the State Bank of Pakistan vide its various circulars issued from time to time.

The Bank prepares Annual Budget and Three Year Plan for purpose of the growth map and future direction. Bottom up approach is used to prepare annual budget and detailed deliberations are held while preparing Three Year Plan. The growth prospects takes into consideration prevailing economic and political factors in Pakistan and abroad.

In implementing current capital requirements the State Bank of Pakistan requires banks to maintain minimum Capital Adequacy Ratio (CAR) of 10% as of December 31, 2013 whereas CAR stood at 12.48% at the year ended December 31, 2013.

The Bank calculates capital adequacy ratio for credit risk, market risk and operational risk based upon requirements under Basel Accord as per guidelines issued by the State Bank of Pakistan from time to time in this regard.

Major credit risk in respect of on and off-balance sheet exposures are mainly claims on banks, corporates, retail customers, residential mortgages and unquoted associated undertakings and Sukuks. Market risk exposures are mainly in mutual funds, equity and foreign exchange positions. The Bank's potential risk exposures shall remain in these exposure types.

Sensitivity and stress testing of the Bank under different risk factors namely yield rate, non-performing financings and foreign exchange rate are analysed with reference to the capital adequacy so as to determine the resilience of the Bank.

The Bank has taken into account credit risk, market risk and operational risk when planning its assets.

40.1.2 Credit Risk - General Disclosures

The Bank has adopted Standardised Approach for calculation of capital charge against credit risk. Therefore, risk weights for the credit risk related assets (on-balance sheet and off-balance sheet - market and non market related exposures) are assigned on the basis of standardised approach.

The Bank is committed to further strengthen its risk management framework which will enable the Bank to move ahead for adopting Foundation (IRB) approach of Basel II. Meanwhile, none of the Bank's assets class is subject to the Foundation IRB or advanced IRB approaches.

40.1.2.1 Credit Risk: Disclosures for portfolio subject to the Standardised Approach

Under standardised approach the capital requirement is based on the credit rating assigned to the counterparties by the External Credit Assessment Institutions (ECAIs) duly recognised by the SBP for capital adequacy purposes. In this connection, the Bank utilises the credit ratings assigned by ECAIs and has recognised agencies which consists of PACRA (Pakistan Credit Rating Agency) and JCR-VIS (Japan Credit Rating Company - Vital Information System) which are also recognised by the SBP.

In case of foreign currency exposures against banks, ratings assigned by S&P, Fitch and Moody's have been applied. In case of exposure against banks, some banks have multiple ratings but those ratings do not result in mapping with different risk weights.

Types of Exposure and ECAI's used

Exposures	2013				
	JCR-VIS	PACRA	Standard & Poors (S&P)	Fitch	Moody
Corporate	□	□	-	-	-
Banks	□	□	□	□	□
Public Sector Entities	□	□	-	-	-

Use of ECAI Ratings

The Bank prefers solicited ratings over unsolicited ratings at all times, owing to the greater degree of accuracy (in general) associated with solicited ratings. Unsolicited ratings may only be used in cases where a solicited rating is not available.

Mapping to SBP Rating Grades

The alignment of the Alphanumerical scale of each agency used with risk buckets is as per instructions laid down by SBP under Basel II requirements.

40.1.2.3 Credit Risk: Disclosures with respect to Credit risk mitigation for Standardised approach and IRB

The Bank obtains capital relief for both its on-balance and off-balance sheet non-market related exposures by using simple approach for credit risk mitigation (CRM). Off-balance sheet items under the simplified standardised approach are converted into credit exposure equivalents through the use of credit conversion factors. Under the standardised approach the Bank has taken advantage of the cash collaterals available with the Bank in the form of security deposits, cash margins, certificates of islamic investment, monthly modaraba certificate and saving accounts.

Valuation and management of eligible collaterals for CRM is being done in accordance with the conditions laid down by the State Bank of Pakistan. Eligible collaterals for CRM purposes do not expose the Bank to price risk as they are in the form of cash collaterals. Since eligible collaterals for CRM purposes are all in the form of cash collaterals, they generally do not pose risk to the Bank in terms of change in their valuation due to changes in the market condition.

The credit equivalent amount of an off-balance sheet market related foreign exchange contracts are determined by using the current exposure (mark to market) method.

The Bank mainly takes the benefit of CRM against its claims on corporate and retail portfolio. Under the standardised approach for on-balance sheet exposures, the corporate portfolio of Rs. 110,230.55 million is subject to the CRM of Rs. 517.678 million whereas a claim on retail portfolio of Rs. 6,231.03 million is subject to CRM of Rs. 1,485.21 million. The total benefit of Rs. 2,002.89 million was availed through CRM against total on-balance sheet exposure of Rs. 320,928.99 million.

Under off-balance sheet, non-market related exposures; the corporate portfolio of Rs. 71,421.032 million is subject to the CRM of Rs. 1,027.33 million whereas a claim on retail portfolio of Rs. 2,602.66 million is subject to CRM of Rs. 553.37 million. Total benefit of Rs. 1,580.7 million was availed by the Bank through CRM against total off-balance sheet, non-market related exposure of Rs. 80,354.98 million.

Thus in the year 2013 total amount of cash collateral used for CRM purposes (for both on and off balance sheet items) was Rs. 3,583.59 million as against amount of Rs. 4,375 million in year 2012. The difference in the value of cash collateral is due to the changes in the exposure amounts and resultant amount of cash collateral obtained.

40.1.2.4 Credit concentration risk

Credit concentration risk arises mainly due to concentration of exposures under various categories viz., industry, geography, and single / group borrower obligor. Within credit portfolio, as a prudential measure aimed at better risk management and avoidance of concentration of risks, the SBP has prescribed regulatory limits on banks' maximum exposure to single and group obligors. Within the SBP limits, the Bank has further defined limits to avoid excessive concentration of portfolio.

40.2 Equity position in the banking and trading book

The Bank classifies and values its investment portfolio in accordance with the directives of SBP as stated in note 6.4 to these financial statements.

Trading book

Held for trading and available for sale securities with trading intent;

- They are marked to market daily;

- Any valuation difference is charged to the profit and loss account in case of held for trading securities and to equity in case of available for sale securities.

Banking book

Assets outside trading book are part of the banking book. These may include assets classified as available for sale. The Bank does not have any held to maturity investments as at December 31, 2013.

40.3 Market risk

The Bank is exposed to market risk which is the risk that the value of on and off balance sheet exposure of the Bank will be adversely affected by movements in market rates or prices such as benchmark rates, profit rates, foreign exchange rates, equity prices and market conditions resulting in a loss to earnings and capital. The Market risk charge consists of two components. The general risk describes value changes due to general market movements, while the specific risk has issuer related causes. The capital charge for market risk has been calculated by using Standardised Approach.

The Bank applies Stress Testing and Value at Risk (VaR) techniques as risk management tools. Stress testing enables the Bank to estimate changes in the value of the portfolio, if exposed to various risk factors. VaR quantifies the maximum loss that might arise due to change in risk factors, if exposure remains unchanged for a given period of time.

40.3.1 Foreign exchange risk

The foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to the changes in foreign exchange rates.

The objectives of the foreign exchange risk management function is to minimise the adverse impact of foreign exchange assets and liabilities mismatch and maximise the earnings.

The Bank does not take any currency exposure except to the extent of statutory net open position prescribed by the SBP. Foreign exchange open and mismatch positions are controlled through close monitoring and are marked to market on a daily basis to contain the foreign exchange forward exposures.

40.3.2 Equity position risk

Equity position risk in the trading book arises due to taking long positions in the equities and all instruments that exhibit market behavior similar to equities.

Counter parties limits, as also fixed by the SBP, are considered to limit risk concentration. The Bank invests in those equities which are Shariah compliant as advised by the Shariah advisor.

40.3.3 Yield / profit rate risk

Yield risk is the risk of decline in earnings due to adverse movement of the yield curve. Profit rate risk is the risk that the value of the financial instrument will fluctuate due to changes in market profit rates. The Bank is exposed to profit rate risk as a result of mismatches or gaps in the amounts of assets and liabilities and off-balance sheet instruments that mature or re-price in a given period. The Bank reprices its financings as per their respective contracts.

The Bank estimates changes in the market value of equity due to changes in the yield rates on on-balance sheet positions and their impact on capital adequacy ratio by conducting stress tests. It also assesses risk on earnings of the Bank by various shocks.

The Bank takes on exposure to the effects of fluctuations in the prevailing levels of market profit rates on both its fair value and cash flow risks. Profit margins may increase as a result of such changes but may reduce to losses in the event that unexpected movements arise.

40.4 Liquidity risk

Liquidity risk is the potential for loss to the Bank arising from either its inability to meet its obligations or to fund increases in assets as they fall due without incurring an unacceptable cost.

The Bank's Asset and Liability Committee (ALCO) manages the liquidity position on a regular basis and is primarily responsible for the formulation of the overall strategy and oversight of the asset liability function. ALCO monitors the maintenance of liquidity ratios, depositor's concentration both in terms of the overall funding mix and avoidance of undue reliance on large individual deposits. Moreover, as core retail deposits form a considerable part of the Bank's overall funding mix therefore significant importance is being given to the stability and growth of these deposits. The Board of Directors has approved a comprehensive liquidity management policy which stipulates the early warning indicators of liquidity risk and maintenance of various ratios.

To reduce losses arising from operational risk, the Bank has strengthened its risk management framework by developing strategy policies, guidelines and manuals. It also includes risk and control self assessment, key risk indicator, loss data management, set up of fraud and forgery management unit, defining responsibilities of individuals, enhancing security measures, improving efficiency and effectiveness of operations, outsourcing and improving quality of human resources through trainings.

A professional business appearance together with a high standard of personal hygiene is expected from all employees. The Official Dress Code of Meezan Bank is professional corporate attire inline with traditional Islamic modesty. At Meezan Bank every staff member is expected to have a professional business appearance together with a high standard of personal hygiene.

Guidelines on Whistle-blowing

Meezan Bank's branch network, business volume, geographical diversity and HR strength has been steadily increasing. This growth brings with it the risk of internal and external frauds and forgeries. The Bank's management has already communicated a zero-tolerance policy on such instances and has demonstrated its firm commitment to eradicate any dishonest or fraudulent elements from the organization. This is also evident from the various disciplinary actions taken against fraudsters and their aides in the past. The Bank is also continually striving to improve its organization-wide internal controls to ensure that its processes and policies have no room for malafide manipulation.

Purpose and Objectives

The purpose of whistle-blowing guidelines is to create an environment at Meezan Bank where the Bank's staff is encouraged and feels confident to reveal and report, without any fear of retaliation, subsequent discrimination and of being disadvantaged in any way, about any activity or conduct of employees, which in their opinion may cause financial or reputational loss to the Bank. The major objectives of whistle-blowing guidelines can be classified as follows:

- To develop a culture of openness, accountability and integrity.
- To provide an environment whereby employees of the Bank are encouraged to report any immoral, unethical, fraudulent act of any current or former employees, vendors, contractors, service providers and customers which may lead to and/or has caused any financial or non-financial loss to the Bank.
- To create awareness amongst employees and stakeholders regarding the whistle-blowing function.
- To enable management to be informed at an early stage for appropriate actions.

Scope

The scope of this policy includes, without limitation, disclosure for all types of unlawful acts, orders, fraud, corruption, misconduct, collusive practices or any other activity which undermines the

Bank's operations, financial position, reputation and mission as described in detail in Bank's Fraud and Forgery Prevention Policy.

Who must blow the whistle and how?

No system of internal controls can be effective in an organization unless its staff supports and follows the system with ownership and responsibility. Meezan Bank has in place a well-defined and comprehensive set of guidelines on whistle-blowing and prevention of fraud & forgery. These guidelines, inter-alia make it the responsibility of each and every employee of the Bank, in his/her own capacity, instead of limiting it to a particular department or senior management only, that if an employee observes any suspicious, fraudulent or unethical activity, transaction or act that may cause a potential threat to the Bank or could be against the interest of the Bank, he/she must immediately report this to Head of Fraud & Forgery Prevention Unit and/or Group Head - Internal Audit through a user-friendly and easy to access Online Fraud & Forgery Reporting mechanism specifically designed for this purpose. Besides this, regular awareness sessions are also conducted by Internal Audit & BRR Department regarding Fraud and Forgery, its implications, responsibility of employees and the procedure to report the same.

Protection of Whistle-blowers

An online Fraud & Forgery Reporting mechanism has been designed to ensure complete confidentiality of the entire process and also enables the Bank to take immediate corrective measures. Identification of the whistle-blower is kept completely confidential except as required by law or to seats that have legitimate right to know. The Bank stands committed to protect whistle-blowers for whistle-blowing and any subsequent harassment or victimization of the whistle-blower is not tolerated.

Number of Instances reported to Board Audit Committee During the year 2013, 1 fraud and forgery instance was reported through Whistle Blow Function and the same was duly shared with Board Audit Committee.
