NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that the 80th Annual General Meeting of Mitchell's Fruit Farms Limited will be held on January 31, 2013 on Thursday at 11:00 a.m. at the Registered Office of the Company at 39-A, D-1, Gulberg III, Lahore to transact the following business:

Ordinary Business

- 1. To confirm the minutes of last General Meeting held on April 30, 2012.
- 2. To receive, consider and adopt the Annual Audited Accounts of the Company for the year ended September 30, 2012 together with the Directors' and Auditors' reports thereon.
- 3. To approve payment of cash dividend @ 75% as recommended by the Directors.
- 4. To appoint auditors for the year ending September 30, 2013 and to fix their remuneration as suggested by the audit committee to the Board of Directors. The retiring auditors namely Messers A. F. Ferguson & Co. Chartered Accountants, being eligible, offer themselves for re-appointment.

Special Business

5. To approve the issue of Bonus Shares in the ratio of 25 shares for every 100 shares held (i.e. 25%) as declared and recommended by the Board of Directors, and if thought fit, pass the following Resolutions as Ordinary Resolutions:

"Resolved that a sum of PKR 12.600 million out of reserves of the Company available for appropriation as at September 30, 2012 be capitalized and applied for issue of 1,260,000 Ordinary Shares of PKR 10/- each allotted as fully paid bonus shares to the members of the Company whose names appear on the register of members as at close of business on January 22, 2013 in the proportion of 25 shares for every 100 shares held (i.e. 25%) and that such shares shall rank pari passu in every respect with the existing ordinary shares of the Company."

"Further resolved that the bonus shares so allotted shall not be entitled for final cash dividend for the year 2012."

"Also resolved that fractional entitlement of the members shall be consolidated into whole shares and sold on the Stock Exchange and the Company Secretary is authorized to pay the proceeds of sale when realized to any recognized charitable institution."

"Further Resolved that the Company Secretary be and is hereby authorized and empowered to give effect to this ordinary resolution and to do or cause to do all acts, deeds and things that may be necessary or required for issue, allotment and distribution of bonus shares."

6. To increase the Authorized Share Capital of the Company from Rs. 100 million to Rs. 200 million and pass the following Special Resolutions, with or without modification:

"Resolved that the Authorized share capital of the company be increased from Rs. 100 million (Rupees One Hundred Million) divided into 10,000,000 (Ten Million) ordinary shares of Rs. 10/-(Rupees Ten each) to Rs. 200,000,000 (Rupees Two Hundred Million) divided into 20,000,000 (Twenty Million) ordinary shares of Rs. 10/- (Rupees Ten each). The new shares shall rank pari passu in all respect with the existing shares when issued."

"Further resolved that clause "V" of the Memorandum of Association be altered to reflect the above changes and read as under:

The Capital of the Company is Rs. 200,000,000 (Rupees Two Hundred Million) divided into 20,000,000 (Twenty Million) ordinary shares of Rs. 10/- (Rupees Ten each). The Company shall have the power to increase, reduce or re-organize the capital for the time being into several classes in accordance with the provisions of the Companies Ordinance, 1984."

"Also resolved that article 7 of the Articles of Association of the company be altered to reflect the above changes and read as under:

The authorized share capital of the Company is Rs. 200,000,000 (Rupees Two Hundred Million) divided into 20,000,000 (Twenty Million) ordinary shares of Rs 10/- (Rupees 10 each)."

Other Business

7. To transact any other business which may be placed before the meeting with the permission of the chair.

A Statement under Section 160(1) (b) of Companies Ordinance, 1984 setting forth all material facts pertaining to the Special Business referred above is annexed to this Notice.

BY ORDER OF THE BOARD

Atif Fayyaz Company Secretary

Lahore, January 09, 2013

NOTES

- 1. The share transfer book of the Company will remain closed from January 23, 2013 to January 31, 2013 (both days inclusive) for entitlement of final cash dividend and bonus shares for the accounting period ended September 30, 2012. Transfers received in order (including deposit requests under CDS) at our Registrar's office Corplink (Private) Limited, Wings Arcade, 1-K (Commercial) Model Town, Lahore up to 01:00 p.m. on January 22, 2013 will be considered in time.
- 2. A member eligible to attend and vote at this meeting may appoint another member as his/her proxy to attend and vote instead of him/her. Proxies, in order to be effective, must be received by the Company at the Registered Office not later than 48 hours before the time meeting is scheduled for.
- 3. Shareholders are requested to immediately notify the change in their address, if any.
- 4. The Beneficial Owners of Central Depository Company, entitled to attend and vote at this meeting, must bring his/her NIC or Passport to prove his/her identity. In case of Proxy, an attested copy of his/her NIC or Passport must be enclosed. Representatives of corporate numbers should bring the usual documents required for such purpose.

Statement under Section 160 (1) (n) of the Companies Ordinance, 1984 pertaining to Special Business:

This Statement sets out the material facts pertaining to the Special Business to be transacted at the 80th Annual General Meeting of the Company.

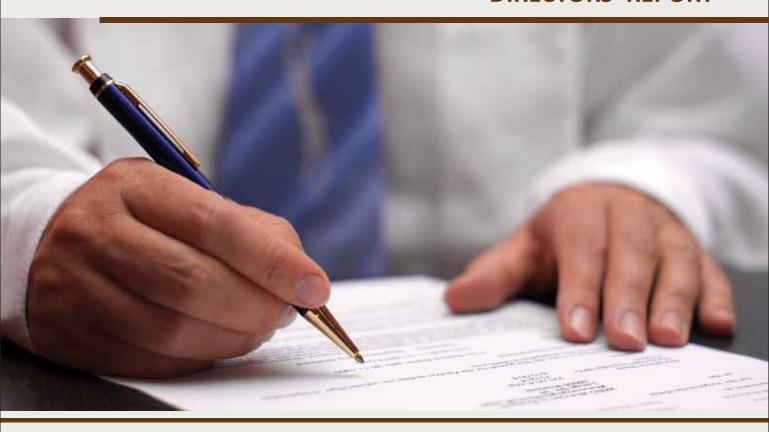

Agenda No.5- Issue of Bonus Shares:

The Directors are of the view that the reserves/profits are adequate for capitalization of a sum of PKR 12.600 million for issue of the proposed 25% bonus shares; and in this regard compliance has been made under Rule 6 of the Companies (Issue of Capital) Rules, 1996. External Auditors' Certificate in respect of adequacy of reserves has also been obtained. The Directors are interested in this business to the extent of their entitlement to the bonus shares as shareholders.

Agenda No.6- Increase of Authorized Share Capital:

It is proposed to increase the Authorized Share Capital of the Company from Rs. 100 million divided into 10,000,000 ordinary shares of Rs. 10/- each to Rs. 200 million divided into 20,000,000 ordinary shares of Rs. 10/- each to facilitate further issue of capital from time to time according to the requirements of the Company.

DIRECTORS' REPORT

In the wake of stagnant macro economic conditions marked by low growth of GDP, high inflation, high fiscal deficit and the rapidly depreciating value of the Rupee your Company's sales increased to Rs. 1885 million during the year ending 30th September, 2012 from Rs. 1794 million in the corresponding period last year.

Despite the uneasy business environment Sales volume of Mitchells' popular brands increased by over 15 % including moderate to high growth across most of the product categories and a double digit evolution in our exports.

Growth of Sales during the year under review was supported by higher Operating Margins in our major product categories that resulted from improved Distribution and Communication of our brands as well as continuing efforts towards rationalizing of our product mix and supply chain efficiencies.

Profit from Operations Rs. 175 millions represents a 20% growth over last year. Judicious management of funds and supply chain efficiencies helped in reducing financial cost by 40% and as a result Profit Before Tax increased 41% to Rs. 152 million compared to last year's Rs. 108 million.

After Tax Profit for the year increased to Rs. 108 million from Rs. 73 million last year representing a growth of 48% in the EPS over the corresponding period.

Modernizing of Plant and Processes

In order to continue improving our productivity and operating efficiencies adequate funds were invested in modernizing and automating some of our equipment and processes that also contributed much to improving our margins and consumer experience.

Human Resource Development

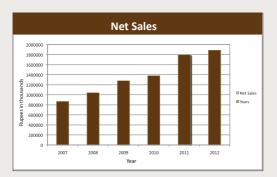

Focused training to our staff in Sales, Supply Chain, Quality Assurance and Productivity played a strong role in enhancing our overall operational performance. Selected functional managers were sent to executive training courses both within the country and abroad.

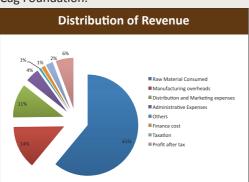

Corporate Social Responsibility

The operations of our Effluent Treatment Plant were optimized during the year to ensure that our factory effluents will remain within the limits allowed by the law.

Business ethics are an integral part of our policies and procedures. We have strict measures in place to avoid any corruption.

While continuing with our efforts towards promotion of high quality education during the year we have contributed Rs. 0.945 million to AKRA and Rs. 0.20 million to Pak Turk International Cag Foundation.

Corporate and financial reporting framework

In compliance with the code of corporate governance, we give below statements on corporate and financial reporting framework

- The financial statements, prepared by the management of the company, present fairly its state of affairs, the results of its operations, cash flows and changes in equity.
- Proper books of account of the company have been maintained.

- Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable prudent judgment.
- International Accounting Standards, as applicable in Pakistan, have been followed in preparation of financial statements and any departure there from has been adequately disclosed.
- The system of internal control is sound in design and has been effectively implemented and monitored.
- There are no significant doubts upon the company's ability to continue as going concern.
- There has no material departure from the best practices of corporate governance, as detailed in the listing regulations.
- A statement regarding key financial data for the last six years is annexed to this report.

The information under this head as on September 30, 2012 is annexed.

Related Parties

The transactions between the related parties were made at arm's length prices, determined in accordance with the comparable uncontrolled prices method. The company has fully complied with the best practices on Transfer Pricing as contained in the Listing Regulations of Stock Exchange in Pakistan.

Earnings Per Share

Basic and diluted earning per share for the year under report is Rs. 21.50 as compared to the last year figure of Rs. 14.57

Auditors

M/s A.F. Ferguson & Company, Chartered Accountants, Lahore, retire, and being eligible have offered themselves for re-appointment. The Audit Committee has also recommended their re-appointment.

Future Outlook

With our continuing efforts towards building and improving both Technical and Managerial Competencies that will drive value, we are very optimistic about our future business evolution in Pakistan's fast growing Food Industry.

While good growth is foreseen in all product categories we plan in the future to focus and concentrate on the higher value added segments in line with the changing consumer habits and lifestyles.

It goes without saying that macro economic and political developments in the coming years will have a strong influence on our prospects.

Acknowledgements

The board of directors would like to express their gratitude to all employees for their strong contribution in successfully overcoming adverse circumstances faced by the company during the year.

For and on behalf of the Board of Directors

STATEMENT OF COMPLIANCE

with the Code of Corporate Governance

The statement is being presented to comply with the Code of Corporate Governance contained in Regulation No.35 of listing regulations of Karachi, Lahore and Islamabad Stock Exchanges for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The company has applied the principles contained in the CCG in the following manner:

1. The company encourages representation of independent non-executive directors and directors representing minority interests on its Board of Directors. At present the Board includes:

| Category | Names |
|-------------------------|--|
| Independent Director | Mr. Moaz Mohiuddin |
| Executive Directors | Mr. Mujeeb Rashid and Mr. Mehdi Mohsin |
| Non-Executive Directors | Syed Mohammad Mohsin, Mrs. Sitwat Mohsin, Syed Faisal Imam, Ms. Umm-e-Kulsum Imam and Mr. Jamal Nasim |

The independent director meets the criteria of independence under clause I (b) of the CCG.

- 2. The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this company.
- 3. All the resident directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFI or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
- 4. No casual vacancy occurred on the Board during the year.
- 5. The Company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.

- The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
- 7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO, other executive and non-executive directors, have been taken by the Board.
- 8. The meetings of the Board were presided over by the Chairman and the Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working papers were circulated at least seven days before the meeting. The minutes of the meetings were appropriately recorded and circulated.
- 9. No training programs for its directors were arranged by the Board during the year.
- 10. No new appointment of Chief Financial Officer, Company Secretary and Head of Internal Audit were made during the year, however remunerations including terms and conditions have been approved by the Board.
- 11. The Directors' report for this year has been prepared in compliance with the requirements of the CCG and fully describes the salient matters required to be disclosed.
- The financial statements of the Company were duly endorsed by Chief Executive Officer and Chief Financial Officer prior to approval by the Board of Directors.
- 13. The Directors, Chief Executive Officer and executives do not hold any interest in the shares of the Company other than that disclosed in the pattern of shareholding.
- The Company has complied with all the corporate and financial reporting requirements of the CCG.
- 15. The Board has formed an audit committee. The committee consists of three members of whom all are non-executive directors and the chairman of the committee is an independent director.
- 16. The meetings of the audit committee were held at least once every quarter prior to approval of

- interim and final results of the Company as required by the CCG. The terms of reference of the committee have been formed and advised to the committee for compliance.
- The Board has formed an HR and Remuneration Committee. It comprises of three members, of whom two are non-executive directors and the chairman of the committee is a non-executive director.
- 18. The Board has set-up an effective internal audit function, members of which are suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the Company.
- 19. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the Quality Control Review program of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan.
- 20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 21. The 'closed period', prior to the announcement of final results and business decisions which may materially affect the market price of company's securities, was determined and intimated to directors, employees and stock exchanges.
- 22. Material/price sensitive information has been disseminated among all the market participants at once through stock exchanges.
- 23. We confirm that all other material principles enshrined in the CCG have been complied with.

Mujeeb Rashid Chief Executive Officer & Managing Director

REVIEW REPORT TO THE MEMBERS

on Statement of Compliance with Best Practices of Code of Corporate Governance

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of Mitchell's Fruit Farms Limited to comply with the Listing Regulation No. 35 of the Karachi, Lahore and Islamabad Stock Exchanges, where the company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the company personnel and review of various documents prepared by the company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We have not carried out any special review of the internal control system to enable us to express an opinion as to whether the Board's statement on internal control covers all controls and the effectiveness of such internal controls.

Further, Sub-Regulation (xiii a) of Listing Regulation 35 notified by the Karachi, Lahore and Islamabad Stock Exchanges requires the company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between

transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price, recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the Audit Committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the Audit Committee.

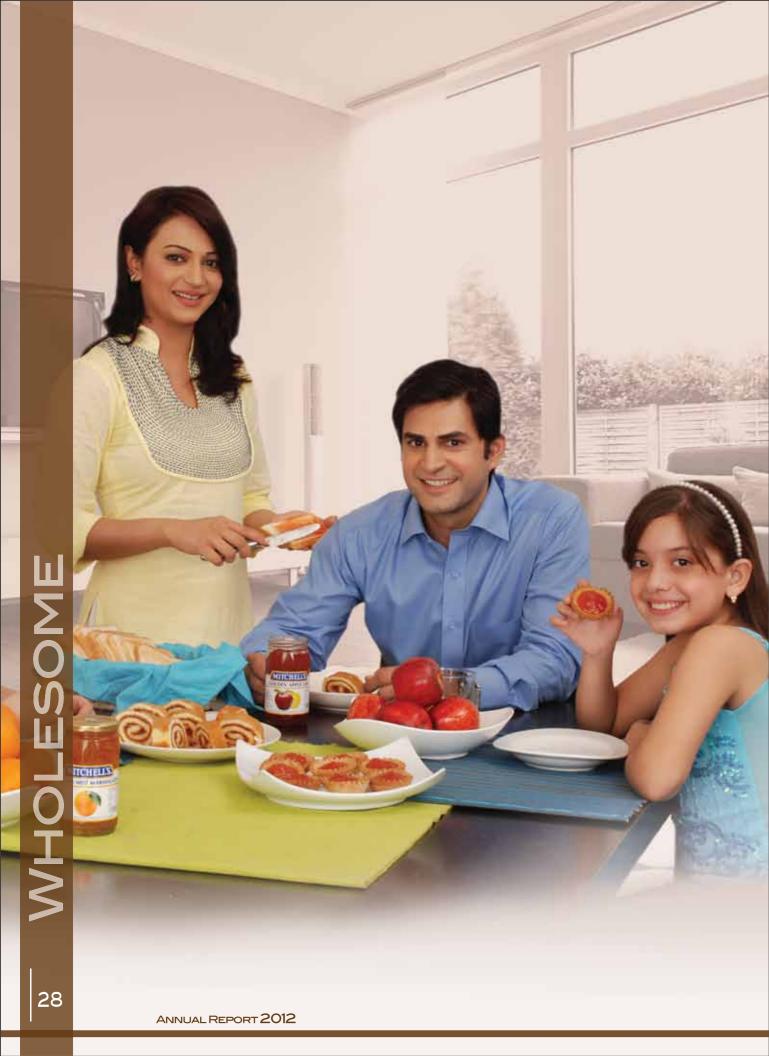

We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the company for the year ended September 30, 2012.

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed balance sheet of Mitchell's Fruit Farms Limited as at September 30, 2012 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conduct our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) In our opinion, proper books of account have been kept by the company as required by the Companies Ordinance, 1984;
- (b) in our opinion:
 - (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
 - (ii) the expenditure incurred during the year was for the purpose of the company's business; and
 - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the company's affairs as at September 30, 2012 and of the profit, total comprehensive income, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion, zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the company and deposited in the Central Zakat Fund established under Section 7 of that Ordinance.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED SEPTEMBER 30, 2012

1. Legal status and nature of business

The Company is incorporated in Pakistan and is listed on Karachi, Lahore and Islamabad Stock Exchanges. It is principally engaged in the manufacture and sale of various farm and confectionery products.

2. Basis of preparation

2.1 These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board and Islamic Financial Accounting Standards (IFAS) issued by Institute of Chartered Accountants of Pakistan as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. Wherever the requirements of the Companies Ordinance, 1984 or directives issued by Securities and Exchange Commission of Pakistan (SECP) differ with the requirements of IFRS or IFAS, the requirements of the Companies Ordinance, 1984 or the requirements of the said directives prevail.

2.2 Standards, interpretations and amendments to published approved accounting standards

2.2.1 Amendments and interpretations to published standards effective in current year

The following amendments to existing standards have been published that are applicable to the Company's financial statements covering annual periods, beginning on or after the following dates:

- IAS 24 (Revised), 'Related Party Disclosures', is effective for annual periods beginning on or after January 1, 2011. The definition of a related party has been clarified to simplify the identification of related party relationships, particularly in relation to significant influence and joint control. This is not expected to have a material impact on the company's financial statements.
- IFRS1 (Amendment) (effective 1 July 2011). These amendments include two changes to IFRS 1, 'First-time adoption of IFRS'. The first replaces references to a fixed date of 1 January 2004 with 'the date of transition to IFRSs', thus eliminating the need for entities adopting IFRSs for the first time to restate derecognition transactions that occurred before the date of transition to IFRSs. The second amendment provides guidance on how an entity should resume presenting financial statements in accordance with IFRSs after a period when the entity was unable to comply with IFRSs because its functional currency was subject to severe hyperinflation. The Company has determined that there is no material impact of the above amendment on the financial information.
- IFRS 7, 'Disclosures on transfers of financial assets' (Amendment), issued in October 2010. The new disclosure requirements apply to transferred financial assets. An entity transfers a financial asset when it transfers the contractual rights to receive cash flows of the asset to another party. These amendments are as part the IASBs comprehensive review of off balance sheet activities. The amendments will promote transparency in the reporting of transfer transactions and improve users' understanding of the risk exposures relating to transfers of financial assets and the effect of those risks on an entity's financial position, particularly those involving securitization of financial asset. The Company has determined that there is no significant transfer of financial assets that require disclosure under the guidance above.

- Annual improvements to IFRSs 2010 (effective 1 January 2011). This set of amendments includes changes to six standards and one IFRIC: IFRS 1, 'First time adoption'. IFRS 3, 'Business combinations'. IFRS 7, 'Financial instruments; Disclosures'. IAS 1, 'Presentation of financial statements'. IAS 27, 'Separate financial statements'. IAS 34, 'Interim financial reporting'. IFRIC 13, 'Customer loyalty programmes'. The improvements are as follows:

| -IFRS 7 | Financial instruments; Disclosures | Clarification for disclosures (Interaction between qualitative and quantitative disclosures) |
|-----------|--------------------------------------|---|
| -IAS 1 | Presentation of financial statements | Presentation changes to statement of changes in equity. |
| -IAS 27 | Separate financial statements | Transition requirements for amendments arising as a result of IAS 27 Consolidated and Separate Financial Statements |
| -IAS 34 | Interim financial reporting | Disclosures for Significant events and transactions reported in the previous audited financial information |
| -IFRIC 13 | Customer loyalty programmes | Fair value award of credits |

2.2.2 Standards, amendments and interpretations to existing standards effective in current year but not applicable/relevant to the Company's operations

The other new standards amendments and interpretations that are mandatory for accounting period beginning on or after October 01,2011 are considered not to be relevant or to have any significant impact on company's financial reporting and operations.

2.2.3 Standards, amendments and interpretations to existing standards that are not yet effective

| Standards and interpretations | Effective date (accounting periods beginning on or after) |
|--|---|
| IAS 1, 'Financial statement presentation' | January 1, 2012 |
| IAS 19, 'Employee benefits' | January 1, 2012 |

| financial assets and financial liabilities' | January 1, 2014 |
| IFRS 9, 'Financial instruments' | January 1, 2015 |

3. Basis of measurement

3.1 These financial statements have been prepared under the historical cost convention except for revaluation of certain financial instruments, biological assets and agricultural produce at fair values as referred to in notes 4.5 and recognition of certain employee retirement benefits at present value as referred to in note 4.2.

The company's significant accounting policies are stated in note 4. Not all of these significant policies require the management to make difficult, subjective or complex judgments or estimates. The following is intended to provide an understanding of the policies the management considers critical because of their complexity, judgment of estimation involved in their application and their impact on these financial statements. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. These judgments involve assumptions or estimates in respect of future events and the actual results may differ from these estimates. The areas involving a higher degree of judgments or complexity or areas where assumptions and estimates are significant to the financial statements are as follows:

a) Retirement benefits

The Company uses the valuation performed by an independent actuary as the present value of its retirement benefit obligations. The valuation is based on assumptions as mentioned in note 4.2.

b) Provision for taxation

The Company takes into account the current income tax law and the decisions taken by appellate authorities. Instances where the Company's view differs from the view taken by the income tax department at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

c) Useful lives and residual values of property, plant and equipment

The Company reviews the useful lives of property, plant and equipment on regular basis. Any change in estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with the corresponding effect on the depreciation charge and impairment.

d) Biological assets

The Company bases its valuation upon yield assessment performed by an independent agricultural expert and computes fair value less estimated point of sales cost to arrive at its valuation. The fair value less estimated point of sales cost is based on factors mentioned in note 4.5.

4. Significant accounting policies

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

4.1 Taxation

Current

Provision of current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax is charged or credited in the income statement, except in the case of items credited or charged to equity in which case it is included in equity.

4.2 Employee retirement benefits

The main features of the schemes operated by the Company for its employees are as follows:

(a) Defined benefit plans

The Company operates an unfunded gratuity scheme for all employees according to the terms of employment subject to a minimum qualifying period of service. Annual provision is made on the basis of actuarial valuation to cover obligations under the scheme for all employees eligible to gratuity benefits irrespective of the qualifying period.

The latest actuarial valuation for gratuity scheme was carried out as at September 30, 2012. Projected Unit Credit Method, using the following significant assumptions is used for valuation of the scheme:

- Discount rate 11.5 percent per annum (2011: 12.5 percent per annum).
- Expected rate of increase in salary level 10.5 percent per annum (2011: 11.5 percent per annum).
- Average expected remaining working life time of employees 10 years.

The Company's policy with regard to actuarial gains/losses is based on the "minimum 10% corridor" approach mentioned under paragraph 92 of IAS - 19 (Employee Benefits).

(b) Accumulating compensated absences

The Company provides accumulating compensated absences, when the employees render services that increase their entitlement to future compensated absences.

Provisions are made annually to cover the obligation for accumulating compensated absences for executives based on actuarial valuation and are charged to profit.

The latest actuarial valuation was carried out as at September 30, 2012. Projected Unit Credit Method, using the following significant assumptions is used for valuation of accumulating compensated absences.

- Discount rate 11.5 percent per annum (2011: 12.5 percent per annum).
- Expected rate of increase in salary level 10.5 percent per annum (2011: 11.5 percent per annum).
- Average expected remaining working life time of employees 14 years.

Actuarial gains and losses arising during the year are recognised immediately in accordance with the provisions of IAS 19 "Employee benefits".

Retirement benefits are payable to staff on completion of prescribed qualifying period of service under these schemes.

4.3 Property, plant and equipment

4.3.1 Operating fixed assets

Operating fixed assets except freehold land are stated at cost less accumulated depreciation and any identified impairment loss. Freehold land is stated at cost less any identified impairment loss. Cost in relation to certain property, plant and equipment signifies historical cost and borrowing cost as referred to in note 4.15.

Depreciation on all operating fixed assets is charged to profit on the reducing balance method so as to write off the depreciable amount of an asset over its estimated useful life at the annual rates mentioned in note 11.1, after taking into account the impact of their residual values, if considered significant.

The assets' residual values and useful lives are reviewed, at each financial year end, and adjusted if the impact on depreciation is significant. The Company's estimate of the residual value of its operating fixed assets as at September 30, 2012 has not required any adjustment as its impact is considered insignificant.

Depreciation on additions to operating fixed assets is charged from the month in which an asset is acquired or capitalised while no depreciation is charged for the month in which the asset is disposed off.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount as mentioned in note 4.6.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income during the period in which they are incurred.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognised as an income or expense.

4.3.2 Capital work-in-progress

Capital work-in-progress is stated at cost less any identified impairment loss. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to operating fixed assets as and when these are available for use.

4.4 Intangible assets

Intangible assets represents the cost of computer software acquired and stated at cost less accumulated amortisation and any identified impairment loss. Intangible assets are amortised using the reducing balance method at the rate of 20% so as to write off the cost of an asset over its estimated useful life.

Amortization on additions is charged from the month in which an asset is acquired or capitalized while no amortization is charged for the month in which the asset is disposed off. Amortization is being charged as mentioned in note 12.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount as mentioned in note 4.6.

4.5 Biological assets and agriculture produce

Biological assets comprise of livestock and trees. These are measured at fair value less estimated point-of-sale costs with any resultant gain/loss being recognised in the profit and loss account. Fair value of livestock is determined on the basis of market prices of livestock of similar age, breed and genetic merit. Fair value of trees is determined on the basis of market prices of similar items in local areas. Point-of-sale costs include all costs that are necessary to sell the assets, excluding costs necessary to get the assets to the market.

The Company held 132 animals (2011: 127) including cows, calves, horses and sheep and estimates to beneficially own 836 (2011: 839) trees of various kinds including mango, jamboline, kachnar, ceruse, amla, spikenard, borh and sheesham etc as on September 30, 2012.

4.6 Impairment of non-financial assets

Assets that have an indefinite useful life, for example land, are not subject to depreciation/ amortisation and are tested annually for impairment. Assets that are subject to depreciation/ amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

4.7 Leases

4.7.1 Operating leases

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit on a straight line basis over the lease term.

4.8 Stores, spares and loose tools

Usable stores, spares and loose tools are valued principally at moving average cost, while items considered obsolete are carried at nil value. Items in transit are valued at cost comprising invoice value plus other charges paid thereon.

4.9 Stock-in-trade

Stock of raw materials, except for those in transit, and finished goods are valued principally at the lower of moving average cost and net realizable value.

Cost of raw material signifies average direct material cost.

Finished goods comprise cost of direct materials, labour and appropriate manufacturing overheads.

Materials in transit are stated at cost comprising invoice value plus other charges paid thereon.

Net realisable value signifies the estimated selling price in the ordinary course of business less costs necessarily to be incurred in order to make a sale.

4.10 Financial instruments

4.10.1 Financial assets

The Company classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables, available for sale and held to maturity. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at the time of initial recognition.

a) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets held for trading and financial assets designated upon initial recognition as at fair value through profit or loss. A financial asset is classified as held for trading if acquired principally for the purpose of selling in the short term. Assets in this category are classified as current assets.

b) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than twelve months after the balance sheet date, which are classified as non-current assets. Loans and receivables comprise loans, advances, deposits and other receivables and cash and cash equivalents in the balance sheet.

c) Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investments within twelve months from the balance sheet date.

d) Held to maturity

Financial assets with fixed or determinable payments and fixed maturity, where management has the intention and ability to hold till maturity are classified as held to maturity and are stated at amortised cost.

All financial assets are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Regular purchases and sales of investments are recognised on trade-date – the date on which the Company commits to purchase or sell the asset. Financial assets are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the profit and loss account.

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables and held-to-maturity investments are carried at amortised cost using the effective interest rate method.

Gains or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in the profit and loss account in the period in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the profit and loss account as part of other income when the Company's right to receive payments is established.

Changes in the fair value of securities classified as available-for-sale are recognised in equity. When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the profit and loss account as gains and losses from investment securities. Interest on available-for-sale securities calculated using the effective interest method is recognised in the profit and loss account. Dividends on available-for-sale equity instruments are recognised in the profit and loss account when the Company's right to receive payments is established.

The fair values of quoted investments are based on current prices. If the market for a financial asset is not active (and for unlisted securities), the Company measures the investments at cost less impairment in value, if any.

The Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss is removed from equity and recognised in the profit and loss account. Impairment losses recognised in the profit and loss account on equity instruments are not reversed through the profit and loss account. Impairment testing of trade debts and other receivables is described in note 4.11.

Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

4.10.2 Financial liabilities

All financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the profit and loss account.

4.10.3 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

4.11 Trade debts and other receivables

Trade debts and other receivables are recognised initially at invoice value, which approximates fair value, and subsequently measured at amortised cost using the effective interest method, less provision for doubtful debts. A provision for doubtful debts is established when there is objective evidence that the Company will not be able to collect all the amount due according to the original terms of the receivable. Significant financial difficulties of the debtors, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the trade debt is impaired. The provision is recognised in the profit and loss account. When a trade debt is uncollectible, it is written off against the provision. Subsequent recoveries of amounts previously written off are credited to the profit and loss account.

4.12 Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities as finances under markup arrangement on the balance sheet.

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement cash and cash equivalents comprise cash in hand, demand deposits, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value and finances under mark-up arrangements. In the balance sheet, finances under mark-up arrangements are included in current liabilities.

4.13 Share capital

Ordinary shares are classified as equity and recognised at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax.

4.14 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost, any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the profit and loss account over the period of the borrowings using the effective interest method. Finance costs are accounted for on an accrual basis and are reported under accrued finance costs to the extent of the amount remaining unpaid.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.

4.15 Borrowing costs

Borrowing costs incurred for the construction of any qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use. Other borrowing costs are expensed in the profit and loss account in the period in which they arise.

4.16 Trade and other payables

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method. Exchange gains and losses arising on translation in respect of liabilities in foreign currency are added to the carrying amount of the respective liabilities.

4.17 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

4.18 Derivative financial instruments

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Company does not designate derivatives as cash flow hedges.

4.19 Revenue recognition

Revenue from sales is recognised on dispatch of goods to customers.

Return on deposits is recognised on a time proportion basis taking into account the amounts outstanding and the rates applicable thereon.

4.20 Foreign currency transactions and translation

a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

b) Transactions and balances

Foreign currency transactions are translated into Pak Rupees using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the profit and loss account. All non-monetary items are translated into rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined.

4.21 Dividend

Dividend distribution to the Company's members is recognised as a liability in the period in which the dividends are approved.

8. Short term running finances - secured

Short term running finances, available from commercial banks under mark-up arrangements amount to Rs. 385 million (2011: Rs. 390 million). The rates of mark-up range from 13.44% to 13.49% per annum on the balance outstanding and is payable quarterly.

Of the aggregate facility of Rs. 145 million (2011: Rs. 140 million) for opening letter of credits and Rs. 32 million (2011: Rs. 32 million) for guarantees, the amount utilised at September 30, 2012 was Rs. 35 million (2011: Rs. 7.82 million) and Rs. 17.20 million (2011: Rs. 20 million) respectively. The guarantees of Rs. 32 million are a sub-facility of the running finance facility obtained i.e Rs. 385 million.

The aggregate short term facilities are secured by a hypothecation of stores and spares, stock in trade, trade debts and a charge on the present and future fixed assets of the company.

| | | | | | | | | |
| Number of persons | 1 | 1 | 6 | 1 | 5 | 1 | 15 | 13 |

The Company also provides the Chief Executive, Directors and certain employees with free use of Company maintained cars.

The Chief Executive and employees are entitled to reimbursement of medical expenses upto an amount equal to three basic salaries.

During the year, Mrs. Sitwat Mohsin was appointed as Non-Executive Directors with effect from May 01,2012.

28.2 Remuneration to other directors

Aggregate amount charged in the financial statements for the year for fee to 8 Directors (2011: 7 Directors) is Rs. 160,000 (2011: Rs. 130,000).

29. Capacity and production

The capacity of the plant is not determinable as it is a multi product plant capable of producing several interchangeable products.

| | Actual production in cartons | | |
|------------------------------|------------------------------|----------------------|--|
| | 2012 | 2011 | |

32.2 Diluted earnings per share

There is no dilution effect on the basic earnings per share of the company as the company has no such commitments.

33. Financial risk management

33.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance.

Risk management is carried out by the Board of Directors (the Board). The Board provides principles for overall risk management, as well as policies covering specific areas such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity. All treasury related transactions are carried out within the parameters of these policies.

(a) Market risk

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD). Currently, the Company's foreign exchange risk exposure is restricted to the amounts receivable / payable from / to the foreign entities. The Company's exposure to currency risk at the reporting date is as follows:

| | 2012 | 2011 |
|---|----------------------|---------|
| Trade debts - USD Short term Finance - USD | 178,298 (249,463) | 131,771 |
| Net exposure-USD | (71,165) | 131,771 |

The following significant exchange rates were applied during the year:

| Rupees per USD | | |
|---------------------|-------|-------|
| Average rate | 93.68 | 85.75 |
| Reporting date rate | 94.60 | 87.40 |

If the functional currency, at reporting date, had fluctuated by 5% against the USD with all other variables held constant, the impact on profit before taxation for the year would have been Rs. 336,610 (2011: Rs. 575,839) higher / lower, mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis.

(ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Company is not exposed to equity price risk since there are no investments in equity securities. The Company is also not exposed to commodity price risk since it has a diverse portfolio of commodity suppliers.

(iii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no significant long-term interest-bearing assets. The Company's interest rate risk arises from short term borrowings. Borrowings obtained at variable rates expose the Company to cash flow interest rate risk.

At the balance sheet date, the interest rate profile of the Company's interest bearing financial instruments was:

| | 2012 | 2011 |
|---|---------------|---------------|
| | Rupees | Rupees |
| Floating rate instruments | | |
| Financial liabilities Short term running finances - secured | (140,987,776) | (154,794,581) |
| Net exposure | (140,987,776) | (154,794,581) |

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the balance sheet date would not affect profit or loss of the Company.

Cash flow sensitivity analysis for variable rate instruments

If interest rates on long term finances and short term running finance, at the year end date, fluctuate by 1% higher/lower with all other variables held constant, profit before taxation for the year would have been Rs. 1.41 million (2011: Rs. 1.55 million) higher / lower, mainly as a result of higher / lower interest expense on floating rate borrowings.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk arises from deposits with banks and other receivables.

(i) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

| | 2012 Rupees | 2011 Rupees |
|---|----------------|----------------|
| Trade debts Loans, advances, deposits, prepayments and | 62,259,348 | 67,183,186 |
| other receivables | 5,416,430 | 8,910,940 |
| Cash and bank balances | 11,994,650 | 13,189,654 |
| | 79,670,428 | 89,283,780 |

The age of trade receivables and related impairment loss at balance sheet date is as follows:

The age of trade receivables Past Due but not impaired

| - Not past due - Past due 0 - 180 days - Past due 181 - 365 days | 50,378,417 9,438,012 147,497 | 56,930,405 6,314,475 152,667 |
|--|------------------------------------|------------------------------------|
| - Over 365 days | 2,295,422 | 3,785,639 |
| | 62,259,348 | 67,183,186 |

(ii) Credit quality of major financial assets

The credit quality of major financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

| | Rating | | Rating | | |
|---------------------------|------------|-----------|---------|------------|------------|
| | Short term | Long term | Agency | 2012 | 2011 |
| | | | | (Rupees) | (Rupees) |
| | | | | | |
| National Bank of Pakistan | A-1+ | AAA | JCR-VIS | 2,043,823 | 1,589,126 |
| MCB Bank Limited | A1+ | AA+ | PACRA | 956,345 | 442,425 |
| Allied Bank Limited | A1+ | AA | PACRA | - | - |
| Standard Chartered | A1+ | AA | PACRA | - | 1,212,443 |
| Habib Bank Limited | A-1+ | AA+ | JCR-VIS | 8,994,482 | 9,945,660 |
| | | | | | |
| | | | | 11,994,650 | 13,189,654 |
| | | | | | |

Due to the Company's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Company. Accordingly, the credit risk is minimal.

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. At September 30, 2012, the Company had Rs. 385 million available borrowing limits from financial institutions and Rs. 12.355 million cash and bank balances.

The following are the contractual maturities of financial liabilities as at September 30, 2012:

| | Carrying amount Rupees | Less than one year | One to five years | More than five years |
|--------------------------|------------------------------|-----------------------|----------------------|----------------------|
| Trade and other payables | 132,412,690 | 132,412,690 | - | - |
| Accrued finance cost | 1,197,065 | 1,197,065 | - | - |
| | 133,609,755 | 133,609,755 | | |

The following are the contractual maturities of financial liabilities as at September 30, 2011:

| | Carrying amount Rupees | Less than one year | One to five years | More than five years |
|--------------------------|------------------------------|--------------------|-------------------|----------------------|
| Trade and other payables | 156,402,724 | 156,402,724 | - | - |
| Accrued finance cost | 2,887,660 | 2,887,660 | - | - |
| | 159,290,384 | 159,290,384 | - | - |
| | | | | |

33.2 Fair values of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

Loans and receivables

33.4 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders through repurchase of shares, issue new shares or sell assets to reduce debt. Consistent with others in the industry and the requirements of the lenders, the Company monitors the capital structure on the basis of gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings including current and non-current borrowings, as disclosed in note 8, less cash and cash equivalents as disclosed in note 31.Total capital is calculated as 'equity' as shown in the balance sheet plus net debt. The gearing ratio as at September 30, 2012 and September 30, 2011 is as follows:

| | Note | 2012 Rupees | 2011 Rupees |
|---------------------------|------------|----------------------------|----------------------------|
| Cash and cash equivalents | 31 | (128,632,913) | (141,214,810) |
| Net debt Total equity | | 128,632,913 432,565,126 | 141,214,810 359,494,971 |
