By order of the Board
Roofi Abdul Razzak
Company Secretary

Karachi : September 19, 2013

Note:

- CLOSURE OF SHARE TRANSFER BOOK**
The Share Transfer Book of the Modaraba will remain closed from Wednesday October 23, 2013 to Thursday November 7, 2013 (both days inclusive) and no transfer will be accepted during this period. The certificate holders whose names appear in the Register of certificate holders as at the close of business on October 22, 2013 will be considered in time for the purpose of determination of their respective entitlement(s), if any and eligibility to attend the Annual Review Meeting.
- SUBMISSION OF CNIC**
The Securities & Exchange Commission of Pakistan (SECP) through its notification SRO 831(1) 2012 of July 5, 2012, has directed all listed companies to issue dividend warrant only crossed as "A/c Payee only" and should bear the valid CNIC Number of the registered certificate holders. Certificate holders who have not yet submitted photocopy of their valid CNIC are requested to send the same at the earliest directly to the Company's Share Registrar, M/s Technology Trade (Private) Limited, Dagia House 241-C, Block 2, P.E.C.H.S., Off: Shahrah-e-Quaideen, Karachi (Tel: 34391316/7/9 ; Fax: 34391318). Certificate holders may also provide by mail or fax, photocopy of their CNIC and in case of foreigner, copy of passport, unless it has already been provided and email address to enable the company to comply with relevant laws.
- DIVIDEND MANDATE OPTION**
As directed by the Securities and Exchange Commission of Pakistan through its circular No.18 of 2012 dated June 5, 2012, we give the certificate holders the opportunity to authorise the company to directly credit the cash dividend in their bank account declared by the company in future. If you wish that the cash dividend if declared by the company be directly credited into your bank account, instead of issuing a dividend warrant, please provide the following details:

Details of Bank Mandate	
Title of Bank Account	
Bank Account #	
Bank's Name	
Branch Name and Address	
Contract of Certificate Holder/Transferee	
Landline number	

- CHANGE IN ADDRESS**
Certificate holders are requested to promptly notify the Modaraba of any change in their address, if applicable.
- In case of individuals the account holder(s) shall authenticate their identity by showing original Computerized National Identity Card (CNIC).
- In case of corporate entity, the board of directors' resolution/power of attorney with specimen signature of the nominee shall be produced (unless it has been provided earlier at the time of meeting).

Dividend

The board is pleased to announce a cash dividend of Rs. 0.50 (5.00%) per certificate {2012: Rs. 0.80 (8.00%)} in its meeting held on September 19, 2013 for the year ended June 30, 2013.

Review of Operations

Although, the financial performance of the modaraba in the last financial year (2012-2013) may not reflect a heartening picture, yet it can still be termed as satisfactory as the modaraba suffered substantial losses due to factors beyond its control. Even then, the modaraba has declared a fairly reasonable dividend of 5%.

Financial and Economic Review

The country's economic woes still continue. The following factors have been largely attributable to constrain the economy's ability to achieve sustainable recovery and growth:

- (a) the slow progress in the prevailing security and economic conditions.
- (b) high and persistent inflation.
- (c) continuing fiscal slippages.
- (d) unresolved power sector issue.
- (e) high level of government borrowings and low landing by banks to private sector.

TWENTY FIRST REPORT OF THE DIRECTORS OF MODARABA COMPANY FOR THE YEAR ENDED JUNE 30, 2013

Future Outlook of the Modaraba

The Modaraba has framed a revised business strategy which covers existing areas of business and how they can be improved with maximum secured investments.

The modaraba intends to enlarge its trading activities substantially, as it has always paid dividends in the past. Further, the modaraba also intends to enhance the scope of its operations in Ijarah by enriching the customers basket with induction of new customers, as this mode of finance has yielded fairly decent results. At the same time, especially keeping in view the highly volatile share market, the modaraba would like to restrict its exposure in stocks at minimal level only in selective sectors with significant capital gains and regular/substantial income. Finally, as all other businesses, the Modaraba also hopes that the present government (which carries a business friendly repute) would be able to tide over the aforementioned inhibiting factors and gradually steer the country out of its economic malaise. Palpably, this could also prove beneficial for the modaraba in the medium to long term.

Shariah Compliant and Shariah Audit Mechanism

It is heartening to note, that the modaraba's Shariah Advisor, while submitting the annual Shariah Compliant report to the registrar of Modarabas, has been highly praise worthy of the modarabas performance with regards to shariah compliance.

Undoubtedly, FAM has played a phenomenal role in thoroughly examining/ scrutinizing the Islamic finance documents and the modus operandi of its financial transactions, and if deemed appropriate, making recommendations to the concerned regulators for a continuous improvement progression.

Moreover, the manner in which FAM committed itself to the stupendous task of divesting its non-Shariah compliant shares within a limited time frame is highly commendable which could not have been achieved without the whole hearted and concerted efforts of its team.

Having said that, there is no room for complacency and FAM should sustain its steady approach backed up by the Shariah rationale for making improvements in the Shariah Compliant mechanism.

Finally, FAM should consider itself exceptionally fortunate for having on board a highly proficient and vibrant Shariah Advisor Honorable Mr. Ebrahim Essa. Aside from performing his contemporary duties as Shariah advisor, he has contributed a great deal towards educating and guiding the staff towards the real concept and spirit of Islamic finance, enriching the knowledge of the staff with his expertise in the manner in which the various Islamic modules should be brought into play.

Simply put, Mr. Essa has guided and facilitated FAM in the profound comprehension of both, customized and conventional Islamic instrumentation best fit for various clientele.

Compliance with Code of Corporate Governance

As required by the Code of Corporate Governance, your Directors are pleased to report that:

- (a) The financial statements prepared by the management of the Modaraba present fairly its true state of affairs, the results of its operations, cash flows and changes in equity.
- (b) Proper books of account of the Modaraba have been maintained.
- (c) Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- (d) International Accounting Standards, as applicable in Pakistan have been followed in preparation of financial statements.

TWENTY FIRST REPORT OF THE DIRECTORS OF MODARABA COMPANY FOR THE YEAR ENDED JUNE 30, 2013

- (e) The system of internal control is sound and has been effectively implemented and monitored.

SHARIAH ADVISOR'S REPORT

I have conducted the Shariah review of First Al Noor Modaraba, managed by Al Noor Modaraba Management (Private) Limited for the financial year ended June 30, 2013 in accordance with the requirements of the **Shariah Compliance and Shariah Audit Mechanism for Modarabas**. Based on my review .I report that in my opinion:

1. SHARIAH COMPLIANCE:

The Modaraba has introduced a mechanism which has strengthened the Shariah Compliance, in letter and spirit and the systems, procedures and policies adopted by the Modaraba are in the with the Shariah principles;

2. REVIEW OF OPERATIONS:

Based on my review, following were the major activites developments in respect of Shariah that took place during the period:

Bank Accounts:

After implementation of circular 8 of 2012, Modaraba has closed all saving accounts being maintained with conventional banks. At present, the Modaraba is maintaining the Bank accounts in Islamic Banks or current accounts in conventional banks for business operational purposes.

Fresh Disbursements:

On asset side, the Modaraba is maintaining Ijarah and Musawamah facilities extended to various clients.

I hereby confirm that the financing agreement(s) entered into by the Modaraba aer Shariah comliant and these agreements have been executed on the formats as approved by the Religious Board and in accordance with all the related shariah conditions as the pre and post disbursement approvals are secured from the undersigned for every transaction.

Investments in Equity Shares:

Modaraba has made its investment in approved equities in accordance with the guidelines of Shariah. In compliance of circular 8 of 2012, Modaraba has disposed off all non Shariah Compliant equity shares, during the period which were not in the prescribed shariah compliant list provided by the NBF and Modaraba Association of Pakistan.

Dividend Purification:

Modaraba performed and completed the process of dividend purification of their dividend inflows in line with Shariah guidelines and the amount so identified as charity, has been properly transfered into charity account for charity purposes.

Takaful:

For risk mitigation, the Modaraba effectively adopted and transferred all their assets insured from conventional insurance to Takaful coverages.

3. COMMODITY TRADING:

Modaraba also engaged in the trading of rice and other commodities confirm that Modaraba follows Shariah principles in its trade of rice and other commodities.

TRAINING:

The undersigned conducted two training sessions on different Islami products to all office staff members except administrative support staff during the period under review.

CONCLUSION:

Alhamdulillah, after introduction of Shariah Compliance and Shariah Audit Mechanism for Modarabas by Securities & Exchange Commission of Pakistan (SECP), the Management of First Al-Noor Modaraba has effectively shown its sincerity to comply with Shariah Rulings in its true spirit, therefore, I am of the view that the business operations of First Al Noor Modaraba, for the period under Shariah review, are Shariah compliant up to the best of my knowledge.

REVIEW REPORT TO THE CERTIFICATE HOLDERS ON STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of **Al-Noor Modaraba Management (Private) Limited (Modaraba Management Company)** in respect of **First Al-Noor Modaraba (the Modaraba)**, to comply with the Listing Regulations of the Karachi Stock Exchanges Limited and Lahore Stock Exchange Limited where the Modaraba is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As part of the audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Boards statement on internal control covers all risks and control, or to form an opinion on the effectiveness of such internal controls, the company corporate governance procedures and risks.

Further Listing Regulations of the Karachi Stock Exchange Limited and Lahore Stock Exchange Limited requires the company to place before the Board of Directors for their consideration and approval the related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in the arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the board of directors and placement of such transactions before audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2013.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

1 LEGAL STATUS AND NATURE OF BUSINESS

The First Al Noor Modaraba was formed under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and the rules framed thereunder and is managed by Al Noor Modaraba Management (Private) Limited, a company incorporated in Pakistan. The address of its registered office is 96-A, Sindhi Muslim Housing Society. The Modaraba was floated on October 19, 1992 and commenced its business on November 02, 1992.

The Modaraba is a multipurpose perpetual modaraba and is primarily engaged in ijarah financing, musharikah, murabaha, musawamah, modaraba, equity investment, Ijarah and trading activities. The Modaraba is listed on the Karachi and Lahore Stock Exchanges.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981 and directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981 and directives issued by SECP differ with the requirements of IFRS, the requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981 or the directives issued by SECP prevail.

2.2 Initial application of standards, amendments or an interpretation to existing standards

a) Standards, amendments to published standards and interpretations that are effective in year beginning from July 01, 2012 and are relevant to the Modaraba:

- **Amendments to IAS 1 - Presentation of Financial Statements** - Presentation of Items of Other Comprehensive Income July 1, 2012 The amendments to IAS 1 change the grouping of items presented in other comprehensive income (OCI). Items that could be reclassified (or recycled) to profit or loss at a future point in time (for example, net gain on hedges of net investments, exchange differences on translation of foreign operations, net movements on cash flow hedges and net losses or gains on available-for-sale financial assets) would be presented separately from items that will never be reclassified (for example, actuarial gains and losses on defined benefit plans).
- **Amendments to "IFRS 7 Financial Instruments" ,Applies to annual periods beginning on or after 1 July 2011** The amendments introduced additional disclosures, designed to allow users of financial statements to improve their understanding of transfer transactions of financial assets (for example, securitizations), including understanding the possible effects of any risks that may remain with the entity that transferred the assets. The amendments also require additional disclosures if a disproportionate amount of transfer transactions are undertaken around the end of a reporting period.
- **"Deferred Tax: Recovery of Underlying Assets (Amendments to IAS 12), Applicable to annual periods beginning on or after 1 January 2012** Amends IAS 12 Income Taxes to provide a presumption that recovery of the carrying amount of an asset measured using the fair value model in IAS 40 Investment Property will, normally, be through sale.

As a result of the amendments, SIC-21 Income Taxes — Recovery of Revalued Non-Depreciable Assets would no longer apply to investment properties carried at fair value. The amendments also incorporated into IAS 12 the remaining guidance previously contained in SIC-21, which is accordingly withdrawn."

There are a number of minor amendments in other IFRS and IAS which are part of annual improvement project published (not addressed above). These amendments are unlikely to have any impact on the company's financial statements and therefore have not been analyzed in detail.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

b) Standards, amendments to published standards and interpretations that are effective in 2011 but not relevant to the Company

The other new standards, amendments and interpretations that are mandatory for accounting periods beginning on or after July 01, 2012 are considered not to be relevant or to have any significant effect on the Company's financial reporting and operations and therefore have not been analyzed in detail.

c) Standards, amendments to published standards and interpretations to existing standards that are not yet effective and have not been early adopted by the Company

Following new standards, amendments and interpretation to existing standards have been issued but are not effective for the financial year beginning July 1, 2012 and have not been early adopted by the Company:

- IAS 19 Employee benefits (Amendment) effective for periods beginning on or after January 1, 2013.
- IFRS 10, 'Consolidated financial statements', effective for periods beginning on or after January 1, 2013.
- IFRS 12, 'Disclosure of interests in other entities', effective for annual periods beginning on or after January 1, 2013.
- IFRS 13, 'Fair value measurement', effective for annual periods beginning on or after January 1, 2013.
- IAS 27 "Separate Financial Statements" , applicable to annual reporting periods beginning on or after 1 January 2013
- IAS 28 "Investments in Associates and Joint Ventures", applicable to annual reporting periods beginning on or after 1 January 2013,
- IFRS 9 "Financial Instruments", Applies on a modified retrospective basis to annual periods beginning on or after 1 January 2015.
- Disclosures — Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7) Applicable to annual periods beginning on or after 1 January 2013 and interim periods within those periods
- Offsetting Financial Assets and Financial Liabilities (Amendments to IAS 32), Applicable to annual periods beginning on or after 1 January 2014:

There are a number of minor amendments in other IFRS and IAS which are part of annual improvement project published in April 2009 and May 2010(not addressed above). These amendments are unlikely to have any impact on the Company's financial statements and therefore have not been analyzed in detail.

- IAS 16 Property, Plant and Equipment is amended to clarify the accounting of spare parts, stand-by equipment and servicing equipment. Applicable to annual periods beginning on or after 1 January 2013
- IAS 32 Financial Instruments: Presentation - Applicable to annual periods beginning on or after 1 January 2013 ,is amended to clarify that IAS 12 Income Taxes applies to the accounting for income taxes relating to distributions to holders of an equity instrument and transaction costs of an equity transaction.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

- IAS 34 Interim Financial Reporting is amended, Applicable to annual periods beginning on or after 1 January 2013, to align the disclosure requirements for segment assets and segment liabilities in interim financial reports with those in IFRS 8 Operating Segments.

2.3 Applicability of International Accounting Standard 17 'Leases'

SECP vide its circular No. 10 of 2004 dated February 13, 2004 has deferred, till further orders, the applicability of International Accounting Standard (IAS) 17 "Leases" on Modarabas with effect from July 1, 2003 and advised the management companies of Modarabas that they may continue to prepare the financial statements of the Modarabas without applying the requirements of the said IAS to the Modarabas. However, the requirements of the above IAS were considered for the purpose of preparation of these financial statements upto June 30, 2008. From July 1, 2008 all new leases are being accounted for in accordance with the requirements of IFAS 2 as explained in note 2.5. As allowed by the SECP, leases which were accounted for as finance lease in accordance with IAS 17 till June 30, 2008 continue to be accounted for as finance leases.

2.4 Islamic Financial Accounting Standard - 1

During the year ended June 30, 2005, the Securities and Exchange Commission of Pakistan notified the Islamic Financial Accounting Standard 1 issued by the Institute of Chartered Accountants of Pakistan relating to accounting for Murabaha transaction undertaken by a bank / financial institution, effective for financial periods beginning on or after January 1, 2006. The Modaraba adopted this standard effective from July 1, 2006.

2.5 Islamic Financial Accounting Standard - 2

During the year ended June 30, 2008, Islamic Financial Accounting Standard 2 'Ijarah' issued by the Institute of Chartered Accountants of Pakistan which was notified by the Securities and Exchange Commission of Pakistan vide an SRO 431(1)/ 2007 dated May 5, 2007 was adopted. Under the above IFAS 2, the 'Ijarah' transactions are accounted for in the following manner:

- Mujir (lessors) shall present the assets subject to Ijarah in their balance sheet according to the nature of the asset, distinguished from the assets in own use.
- Costs, including depreciation on the assets given on Ijarah, incurred in earning the Ijarah income shall be recognized as an expense.
- Ijarah income shall be recognized in income on an accrual basis as and when the rental becomes due, unless another systematic basis is more representative of the time pattern in which the benefit of the use derived from the leased asset is diminished.
- SECP, vide its letter No. SC/ M/ RW/ SCM /2009 dated March 9, 2009, allowed that in case of Modarabas, IFAS-2 shall be applied for Ijarah transactions executed on or after July 1, 2008.

2.6 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments classified as financial assets 'at fair value through profit or loss' or 'available for sale' have been marked to market and certain staff retirement benefits are carried at present value of defined benefit obligation.

2.7 Functional and presentation currency

These financial statements are presented in Pak Rupees, which is Modaraba's functional currency.

2.8 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires management to exercise judgment in application

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

of the Modaraba's accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both the current and future periods.

Significant accounting estimates and areas where judgments were made by management in the application of accounting policies are disclosed in note 3 & 41 to these financial statements.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Cash and cash equivalents

Cash and cash equivalents in the statement of cash flows includes cash in hand, balance with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts / short term borrowings. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

3.2 Financial assets

3.2.1 Classification

The Modaraba classifies its financial assets in accordance with the requirements of International Accounting Standard 39 (IAS 39) Financial Instruments: Recognition and Measurement, except for the assets classified under Islamic Financial Accounting Standards, in the following categories: at fair value through profit or loss, loans and receivables, held to maturity and available for sale. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition and re-evaluates this classification on a regular basis.

a) At fair value through profit or loss

Financial assets that are acquired principally for the purpose of generating profit from short-term fluctuations in prices are classified as 'financial assets at fair value through profit or loss' category. The financial assets classified as at fair value through profit or loss included investments in listed equity securities.

b) Loans and receivables

These are non-derivatives financial assets with fixed or determinable payments that are not quoted in an active market. The financial assets included in loans and receivables classification are cash and bank balances, Musawamah finance, Modaraba finance, net investment in finance lease and advances, deposits, prepayments and other receivables.

c) Held to maturity

These are investments with fixed or determinable payments and fixed maturity with the Modaraba having positive intent and ability to hold to maturity. These are measured at amortized cost.

d) Available for sale financial assets

Financial assets intended to be held for an indefinite period of time, which may be sold in response to needs for liquidity or changes in equity prices, are classified as 'available for sale'. Available for sale financial instruments are those non-derivative financial assets that are designated as

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

available for sale or are not classified as (a) loans and receivables (b) held to maturity (c) financial assets at fair value through profit or loss. The financial assets classified as 'available for sale' include investments in listed equity securities.

e) Investment in associates

The Company considers its associate to be such in which the Company have ownership of not less than twenty percent of the voting power and / or has significant influence through common directorship, but not control.

3.2.2 Initial recognition and measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs associated with these financial assets are taken directly to the profit and loss account.

3.2.3 Subsequent measurement

Subsequent to initial recognition, financial assets are valued as follows:

a) "Financial asset at fair value through profit or loss" & "available for sale"

The investment in listed equity securities are marked to market using the closing market rates and are carried on the balance sheet at fair value.

Gains and losses arising from the difference between the carrying amount and the value determined in accordance with the criteria mentioned above in respect of financial assets at fair value through profit or loss are taken to the income statement.

Net gains and losses arising from the excess of value determined in accordance with the above mentioned criteria over the carrying amount in respect of 'available for sale' financial assets are recognised in other comprehensive income until the 'available for sale' investment is derecognised. At this time, the cumulative gain or loss previously recognised in other comprehensive income is transferred to the profit and loss account.

The Company accounts for its investment in associated undertakings using the equity method. Under this method Company's share of the post acquisition profits and / or losses of the associate is recognised in the profit and loss accounts and its share of post acquisition movements in reserve is recognised in reserves. Where company's share of losses of an associates equal or exceeds its interest in the associates, the company discontinue to recognize its shares of further losses except to the extent that company has incurred legal or constructive obligation or made payment on behalf of the associates. If the associates subsequently reports profits, the company resumes recognizing its share of those profit only after its share of the profit equals the share of losses not recognised.

b) Loans and receivables' & 'held to maturity

Loans and receivables and held to maturity financial assets are carried at amortised cost.

3.2.4 Regular way contracts

All purchases and sales of securities that require delivery within the time frame established by regulation or market convention such as 'T+2' purchases and sales are recognised at the trade date. Trade date is the date on which the Modaraba commits to purchase or sell the assets.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

3.2.5 Impairment

The management assesses at each balance sheet date whether there is objective evidence that the financial asset or a group of financial assets is impaired.

i) Financial assets classified as "held to maturity"

For loans and receivables, a provision for impairment is established when there is objective evidence that the Modaraba will not be able to collect all amounts due.

For financial assets carried at amortised cost, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The asset's carrying amount is reduced and the amount of the loss is recognised in the profit and loss account.

If a loan or held-to-maturity investment has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the profit and loss account.

ii) Financial assets classified as 'available for sale'

In case of equity securities classified as 'available for sale', a significant or prolonged decline in the fair value of the security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for 'available for sale' financial assets, the cumulative loss-measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss - is reclassified from equity and recognised in the profit and loss account. Impairment losses recognised on equity instruments are not reversed through profit and loss.

ii) Financial assets classified under Islamic Financial Accounting Standards

In case of assets classified under Islamic Financial Accounting Standards, the assets shall be reviewed and provided for according to the time based criteria mentioned in the Prudential Regulations for Modarabas.

3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial asset have expired or have been transferred and the Modaraba has transferred substantially all the risks and rewards of ownership.

3.2.7 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

3.2.8 Financial liabilities

All financial liabilities are recognised at the time when the Modaraba becomes a party to the contractual provisions of the instrument. They are initially recognised at fair value and subsequently stated at amortised cost. A financial liability is derecognised when the obligation under the liability

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

is discharged or cancelled or expired.

3.2.9 Receivable from terminated / matured contracts

These are stated net of impairment loss. Impairment loss is recognised for doubtful receivables on the basis of Prudential Regulations for Modarabas issued by the SECP or based on the judgment of management, whichever is higher. Bad debts are written off when identified.

3.2.10 Ijarah rentals , Musawamah finance and Modaraba finance

Ijarah rentals, musawamah finance and modaraba finance receivables are stated net of provisions and suspense income, Provision is recognised in accordance with Prudential Regulations for Modaraba. Bad debts are written off as and when identified.

3.3 Fixed assets - Tangible

3.3.1 Owned assets

Assets are stated at cost less accumulated depreciation except free hold land are stated at cost less any identified impairment. Cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the assets' carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Modaraba and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account during the period in which they are incurred.

Depreciation is charged to income applying the straight-line method whereby the cost of an asset is written-off over its estimated useful life. Depreciation is charged on additions from the month the asset is available for use and on disposals up to the month preceding the month of disposal.

Repairs and maintenance are charged to income as and when incurred.

3.3.2 Ijarah assets

Ijarah assets are stated at cost less accumulated depreciation. Depreciation is charged to income applying the straight line method whereby the cost of an asset less salvage value is written off over the Ijarah (lease) period, which is considered to be the estimated useful life of the asset. In respect of additions and disposals during the year, depreciation is charged on monthly basis from the date of commencement of Ijarah. While prorate depreciation is charged in the month of maturity / termination on accrual basis.

3.3.3 Gain or loss on disposal

Gains / losses on disposal of fixed assets / ijarah assets are charged to the profit and loss account currently.

3.3.4 Impairment

The carrying values of assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists and where the carrying values exceeds the estimated recoverable amount, the assets or cash-generating units are written down to their recoverable amount.

3.3.5 Intangible assets

Intangible assets having a finite useful life are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only where it is probable that the

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

future economic benefits associated with the asset will flow to the Modaraba and the cost of item can be measured reliably. Amortisation is charged to income using the straight line method in accordance with the rates specified in note 15.1 to these financial statements after taking into account residual value, if any. The residual values, useful lives and amortisation method are reviewed and adjusted, as appropriate, at each balance sheet date. Amortisation is charged from the month the asset is available for use while in the case of assets disposed of, it is charged till the month preceding the month of disposal.

Intangible assets having an indefinite useful life are stated at cost less accumulated impairment losses, if any. These assets are not amortised as they are expected to have an indefinite life and are marketable.

Gain and loss on disposal of intangible assets, if any, are taken to the profit and loss account.

3.4 Loans, advances and other receivables

These are stated at cost less estimates made for doubtful receivables based on a review of all outstanding amounts at the balance sheet date. Balances considered bad and irrecoverable are written off when identified.

3.5 Taxation

3.5.1 Current

For items covered under final tax regime, provision is made according to the final tax rate provided in the Income Tax Ordinance, 2001.

The income of modarabas, not being trading income, is exempt from tax provided that not less than 90% of their profits are distributed to the certificate-holders. The Modaraba has the policy to continue availing the tax exemption and hence no provision has been made in these financial statements for tax liability in the current year.

3.5.2 Deferred

The Modaraba has not recognised any amount in respect of deferred tax in these financial statements as the Modaraba intends to continue availing the tax exemption in future years by distributing at least 90% of its profits to its certificate holders.

3.6 Creditors, accrued and other liabilities

These are carried at cost, which is the fair value of the consideration to be paid in the future for goods and services.

3.6.1 Provisions

Provisions are recognised when the Modaraba has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

3.6.2 Staff retirement benefits

Unfunded gratuity scheme

The Modaraba operates an unfunded gratuity scheme for all eligible employees who have completed the minimum qualifying period of service. Annual contributions are made to the fund on the basis of actuarial recommendations. The actuarial valuations are carried out using The Projected Unit Credit method. Cumulative net unrecognised actuarial gains and losses at the end

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

of the previous year which exceed 10% of the higher of the present value of the Modaraba's gratuity obligation and the fair value of the Modaraba's assets are amortised over the expected average remaining working lives of the employees.

3.7 Stock In trade

Stock of raw material, work in process and finished goods are valued principally at the lower of cost determined on the first in first out basis and net realizable value. Cost of raw materials and trading stock comprises the invoice values and other charges paid thereon. Cost of work in process and finished goods include prime cost and appropriate portion of manufacturing overheads. Items in transit are stated at invoice value plus other incidental charges paid thereon up to the balance sheet date.

Net realizable value signifies the estimated selling price in the ordinary course of business less estimated cost of completion and costs necessarily to be incurred to make the sales.

Packing materials are recorded at average cost.

3.8 Revenue recognition

3.8.1 Ijarah

Income on Ijarah is recognised on an accrual basis.

3.8.2 Non-performing ijarah lease

Unrealised income in respect of non-performing ijarah finance is held in suspense account, where necessary, in accordance with the requirements of Prudential Regulations for Modarabas issued by the SECP.

3.8.3 Modaraba Finance

Profit on modaraba finance is recognised on the basis of pre-agreed profit / loss sharing ratio when actual gain / loss on transaction is computed upon termination / completion of transaction.

3.8.4 Musawammah Finance

Profit on musawammah finance is recognized on an accrual basis, whereas unrealized musawammah income is excluded from profit.

3.8.5 Dividend Income

Dividend income is recognised when the Modaraba's right to receive the dividend is established.

3.8.6 Return on deposit with bank

Return on deposit with bank is recognized on an accrual basis.

3.9 Segment reporting

As per IFRS 8, operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The Chief Executive of the Management Company has been identified as the chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments.

The Chief Executive is responsible for the Modaraba's entire product portfolio and considers the business to have a single operating segment. The Modaraba's asset allocation decisions are based on a single integrated investment strategy and the Modaraba's performance is evaluated on an overall basis.

Based on internal management reporting structure, services provided and products produced and sold, the Modaraba is organised into the following four operating segments:

- Trading
- Financing
- Investments
- Ijarah

21 RESERVES

Statutory reserve

Statutory reserve represents profits set aside to comply with the Prudential Regulations for modarabas issued by the SECP. These regulations require a modaraba to transfer not less than 20% and not more than 50% of its after tax profit till such time that reserves equal 100% of the paid up capital. Thereafter, a sum not less than 5% of the after tax profit is to be transferred.

During the current year the Modaraba has transferred an amount of Rs 2,199,215/- (2012: Rs 3,643,760) which represents 20% (2012: 20%) of the profit after tax.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

37 FINANCIAL RISK MANAGEMENT

The Modaraba financed its operations entirely through equity during the year ended June 30, 2013. The Modaraba utilises funds in ijarah financing, modaraba financing and musawammah financing and equity securities of listed entities. These activities are exposed to a variety of financial risks: market risk, credit risk and liquidity risk.

The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Modaraba's risk management framework.

37.1 Market Risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market interest rates or the market prices of securities due to change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market.

Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

37.2 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Modaraba is not exposed to currency risk at the balance sheet date as there is no receivable balance in foreign currency (2012: Rs. Nil).

Sensitivity analysis for financial instruments

The sensitivity of the net income for the year is the effect of the assumed changes in interest rates on the floating rate financial instruments held at the year end. Since the Modaraba has no floating rate financial instruments held at the year end, therefore it is not exposed to profit risk due to change in market profit rates.

37.4 Price Risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Modaraba is exposed to equity securities price risk because of investments held by the Modaraba and classified as 'available for sale' and "At fair value through profit and loss". To manage its price risk arising from investments in equity securities, the Modaraba diversifies its portfolio.

In case of 5% increase / decrease in KSE 100 index on June 30, 2013, other comprehensive income for the year would be affected by Rs. 1,109,804(2012: Rs 264,089) as a result of gains / losses on equity securities classified as 'available for sale' and profit and loss for the year would be affected by Rs. 5,944,905 (2012:2,496,940/-) as a result of gains / losses on equity securities classified as 'At fair value through profit and loss'.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Modaraba's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 Index, having regard to the historical volatility of the index. The composition of the Modaraba's investment portfolio and the correlation thereof to the KSE 100 index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2013 is not necessarily indicative of the effect on the Modaraba's net assets of future movements in the level of the KSE 100 Index.

37.5 Credit risk

37.5.1 Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Modaraba is exposed to credit risk in respect of musharaka, musawamah, modaraba and term deposit mudarbas.

Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of an entity's performance to developments affecting a particular industry.

The Modaraba attempts to control credit risk by diversification of financing activities to avoid undue concentration of credit risk with individuals or groups of customers in specific locations or businesses, monitoring credit exposures, limiting transactions to specific counterparties and continually assessing the credit worthiness of counterparties. It also obtains securities when appropriate.

The Modaraba follows two sets of guidelines. It has its own operating policy and the management of the Modaraba also adheres to the regulations issued by the SECP. The operating policy defines the extent of fund and non-fund based exposures with reference to a particular sector or group.

Out of the total financial assets of Rs. 344,878,594 (2012: Rs 315,222,071) the financial assets which are subject to credit risk amounted to Rs.80,715,403 (2012: Rs 79,318,200). The management believes that the Modaraba is not exposed to major concentration of credit risk.

37.5.2 The analysis below summarises the credit quality of the Modaraba's financial assets:

37.6 Liquidity risk

Liquidity risk is the risk that the Modaraba will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Modaraba will be required to pay its liabilities earlier than expected or will face difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Modaraba's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stress conditions, without incurring unacceptable losses or risking damage to the Modaraba's reputation.

The table below analyses the Modaraba's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

37.7 Fair value of financial assets and liabilities

The carrying value of all financial assets and liabilities reflected in the financial statements approximate their fair values.

Effective July 1, 2009, the Modaraba adopted the amendments to IFRS 7 for financial instruments that are measured in the balance sheet at fair value. This requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2)
- Inputs for the assets or liability that are not based on observable market data (that is, unobservable input) (level 3).

Presently, the modaraba have equity instruments which are disclosed at level 1 of fair value hierarchy.

38 CAPITAL RISK MANAGEMENT

The Modaraba's prime objective when managing capital is to safeguard its ability to continue as a going concern in order to provide adequate returns for certificate-holders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the industry, the Modaraba monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total Certificate of Musharaka and borrowings less cash and bank balances. Total capital is calculated as equity as shown in the balance sheet plus net debt. The Modaraba has no borrowing at the year end.

39 RELATED PARTIES TRANSACTIONS

The related parties of the Modaraba comprise of its Management Company, associated companies, directors of the Management Company and key management personnel. Transactions with related parties other than remuneration and benefits to key management personnel (which are employed by the Management Company) under the terms of their employment are as follows:
