NAFA INCOME FUND

FUND MANAGER'S REPORT

NAFA Income Fund

NAFA Income Fund is an open ended Fixed Income Fund.

Investment Objective of the Fund:

The objective of NAFA Income Fund is to earn a competitive rate of return while preserving capital to the extent possible by investing in liquid assets.

Benchmark:

3-Month T-Bills

Fund's performance Review:

This is the first Annual report since the launch of your Fund in March, 2008. NAFA Income Fund was launched on March 29, 2008 with an asset size of Rs.2.6 billion. The Fund's annualized return since inception is 8.43% whereas its annualized monthly return for the month of June is 8.56%, with the Fund size of Rs.1.8 billion. The benchmark (3-Month T-Bill) has yielded an annualized return of 10.86%, since the launch of the Fund.

During May 2008, State Bank of Pakistan, keeping in view rising inflation due to higher aggregate demand in domestic economy and higher government borrowing from the Central Bank, increased the Discount Rate by 1.50% to 12.00%. Another step taken by the central bank to check money supply, as a result of direct government borrowing, was to increase the CRR and SLR rates by 1.00% each to 9.00% and 19.00%, respectively.

Effects of hike in Discount Rate, Cash Reserve Requirement (CRR) and Statutory Liquidity Requirement (SLR) were observed in all investment avenues. Liquidity crunch witnessed due to rise in policy rate, CRR and SLR had its worst effect on liquidity of the banking industry.

Keeping in view the rising interest rate scenario, NAFA Income Fund's asset allocation comprises short term, floating rate instruments. Attached chart shows asset allocation of NAFA Income Fund. As of 30th June 2008 allocation in TFCs, Cash and Equivalent, CFS and money market instruments are 50%, 44%, 3% and 3% of the Fund size respectively.

NAFA INCOME FUND

Liquidity crunch, witnessed after change in policy rate, CRR and SLR limits during the period, ended up in rising KIBOR as well as CFS rates. CFS rates remained volatile during the period and settled at 16.27% at the end of June 2008. Post interim monetary policy by SBP, 6-Month KIBOR increased by 1.93% to 13.33% from 11.40%. The average rate being offered on the TFCs portfolio of NIF was 12.30% as of 30th June, 2008. Coupon rates NAFA Income Fund's TFCs are linked to KIBOR, which have been on rising trend as and when resetting is taking place on higher rates.

NAFA Income Fund is expected to benefit from a rising interest rate scenario as it is a short duration fund with its investments concentrated in floating rate TFCs, CFS, Ready Future Spread and bank deposits. We expect the return on the Fund to improve going forward.

The Board of Directors of the Management Company has approved a final distribution of 2.096% for the period ended on June 30, 2008. After the final distribution, the net asset value per unit was Rs.10.0011 on June 30, 2008.

During the period there has been no significant change in state of affairs of the Fund. NAFA Income Fund does not have any soft commission arrangement with any of the brokers in the industry.

Following is the Unit Holding pattern of NAFA Income Fund by size of unit holding as of 30th June, 2008.

Size of Unit holding (Units)	# of Unit Holders

REVIEW REPORT TO THE UNIT HOLDERS ON THE STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the statement of compliance with the best practices contained in the code of corporate governance prepared by the Board of directors of National Fullerton Asset Management Limited, Management Company of **NAFA Income Fund** to comply with XIII of the Lahore Stock Exchange where the Fund is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Management Company of the Fund .Our responsibility is to review , to the extent where such compliance can be objectively verified , whether the statement of compliance reflects the status of the Fund 's compliance with the provisions of the Code of Corporate Governance and report if it does not .A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Management Company to comply with the Code.

As part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach .We have not carried out any special review of the internal control covers all control and the effectiveness of such internal controls.

Based on our review nothing has come to our attention which causes us to believe that the statement of Compliance does not appropriately reflect the Fund's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Fund for the year ended June 30,2008.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

We have audited the accompanying financial statements of NAFA Income Fund which comprise the statement of assets and liabilities as at June 30, 2008, and the related income statement, distribution statement, cash flow statement and statement of movement in unit holders' funds for the period from March 7, 2008 to June 30, 2008 and a summary of significant accounting policies and other explanatory notes.

Management Company's responsibility for the financial statements

The Management Company of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with the approved accounting standards as applicable in Pakistan. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion the financial statements give a true and fair view of the state of the Fund's affairs as at June 30, 2008 and of its financial performance, cash flows and transactions for the period from March 7, 2008 to June 30, 2008 in accordance with approved accounting standards as applicable in Pakistan.

Other matters

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Trust Deed and the Non-Banking Finance Companies and Notified Entities Regulations, 2007.

The Management Company has initiated the process of obtaining the rating of the Fund. Pending completion of this process, the rating of the Fund has not been disclosed in these financial statements.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2007 (the NBFC Regulations) and directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or directives issued by the SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP prevail.

2.2 Amendments to published accounting standards effective in 2008

Amendments to IAS 1 - "Presentation of Financial Statements - Capital Disclosures", introduces certain new disclosures about the level of and the management of an entity's capital. Adoption of this amendment has only resulted in additional disclosures relating to the management of NIF's unit holders' funds which have been set out in note 28 of these financial statements.

Other new standards, amendments and interpretations that are mandatory for accounting periods beginning on or after July 1, 2007 which are not considered relevant nor have any significant effect on the Fund's operations are not detailed in these financial statements.

2.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective.

The following standards, amendments and interpretations of approved accounting standards, effective for accounting periods beginning on or after January 1, 2008 are either not relevant to the Fund's operations or are not expected to have significant

NAFA INCOME FUND

impact on the Fund's financial statements other than increased disclosures in certain cases:

IAS1-Presentation of Financial Statements (Revised September 2007)	effective from January 1,2009
IAS 23 - Borrowing Costs (Revised March 2007)	effective from January 1, 2009
Amendments to IAS 27 (Revised) - Consolidated and Separate Financial Statements	effective from July 1, 2009

IFRIC 15 - Agreements for the Construction of Real Estate	effective from January 1, 2009
IFRIC 16 - Hedges of a Net Investment in a Foreign Operation	effective from October 1, 2008

2.4 Critical accounting estimates and judgements

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgement in the process of applying the Fund's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Fund's financial statements or where judgement was exercised in application of accounting policies are as follows:

- i) Classification and valuation of investments (note 3.2 and note 5)
- ii) Amortisation of preliminary expenses and floatation cost (note 3.7 and note 9)

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that certain investments have been carried at fair value.

2.6 Functional and Presentation Currency

The financial statements are presented in Pak Rupees which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below:

3.1 Cash and cash equivalents

Cash and cash equivalents include demand deposits with banks, other short term highly liquid investments with original maturities of three months or less and bank overdrafts.

3.2 Investments

All purchases and sales of securities that require delivery within the time frame established by regulation or market convention are recognised at the trade date. Trade date is the date on which the Fund commits to purchase or sell the assets. The management determines the appropriate classification of the investments made by the Fund in accordance with the requirements

NAFA INCOME FUND

of International Accounting Standard (IAS) 39: 'Financial Instruments: Recognition and Measurement', at the time of purchase and re-evaluates this classification on a regular basis.

Investments are categorised as follows:

a) Financial assets at fair value through profit or loss

Investments that are acquired principally for the purpose of generating a profit from short-term fluctuations in prices are classified as 'Financial assets at fair value through profit or loss'. Financial assets at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed in the income statement. Subsequent to initial recognition these investments are marked to market using the closing market rates at the end of each day and are carried on the Statement of Assets and Liabilities at fair value. Net gains and losses arising on changes in fair values of these investments are taken to the Income Statement.

Investments in unquoted debt securities are also carried at fair value.

b) Available for sale

Investments intended to be held for an indefinite period of time which may be sold in response to needs for liquidity or changes in prices, are classified as 'available for sale'

Investments categorised as available for sale are initially recognised at fair value plus transaction costs that are directly attributable to the acquisition of the financial assets. Subsequent to initial recognition, 'available for sale' investments are measured at fair value. Net gains and losses arising on changes in fair values of these investments are taken to equity until the available for sale investment is derecognised. At this time, the cumulative gain or loss previously recognised directly in equity is transferred to the income statement.

The Fund assesses at each balance sheet date whether there is objective evidence that a financial asset classified as available for sale is impaired. If evidence of impairment exists, the cumulative loss recognised in equity is removed from equity and recognised in the income statement.

Investment in unquoted debt securities are also carried at fair value.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or where the Fund has transferred substantially all risks and rewards of ownership.

3.3 Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are initially recognised at fair value plus transaction costs. Subsequent to initial recognition these are carried at amortised cost.

3.4 Securities under resale agreements – Continuous Funding System (CFS) transactions

Securities purchased under an agreement to resell (reverse repo) are included as receivable against CFS transactions at the fair value of the consideration given. The CFS transactions are accounted for on the settlement date. The difference between the purchase and sale price is treated as income from CFS transactions in the Income Statement and is recognised over the term of the respective transactions. Transaction costs are included in the initial measurement of all CFS transactions except for transaction costs that may be incurred on disposal.

3.5 Spread transactions (Ready-Future Transactions)

In accordance with the requirements of IAS 39, securities purchased by the Fund in the ready market are carried on the

NAFA INCOME FUND

Statement of Assets and Liabilities till their eventual disposal, and the forward sale of securities in the futures market is accounted for separately as a 'derivative'.

3.6 Impairment

The carrying amount of assets is reviewed at each balance sheet date to determine whether there is any indication of impairment of any asset or group of assets. If any such indication exists, the recoverable amount of such assets is estimated and impairment losses are recognised immediately in the financial statements.

3.7 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of operations of the Fund. These costs are being amortised over a period of five years in accordance with the requirements set out in the Trust Deed of the Fund.

3.8 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.9 Taxation

Provision for current taxation is based on the taxable income at the current rates of taxation after taking into account tax credits, rebates and exemptions, if any, and is made in accordance with the provisions of the Income Tax Ordinance, 2001.

The Fund provides for deferred taxation using the balance sheet liability method on all major temporary differences between the amounts used for financial reporting purposes and amounts used for taxation purposes. In addition, the Fund also records deferred tax asset on unutilised tax losses to the extent that it is probable that the related tax benefit will be realised. However, the Fund has not recognised any amount in respect of deferred tax in these financial statements as the Fund intends to avail the tax exemption under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, in future years by distributing at least ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders every year.

3.10 Proposed distributions

Distributions declared subsequent to the balance sheet date are considered as non-adjusting events and are recognised in the financial statements in the period in which such distributions are declared.

3.11 Financial assets and financial liabilities

Financial assets carried on the Statement of Assets and Liabilities include balances with banks, receivables against sale of investments, receivable against Continuous Funding System (CFS) transactions, investments, loans and receivables, income receivable and certain other receivables.

Financial liabilities carried on the Statement of Assets and Liabilities include payable to National Fullerton Asset Management Limited – Management Company, payable to Central Depository Company of Pakistan Limited – Trustee, payable against redemption of units and accrued expenses and other liabilities.

The particular recognition methods adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with these assets and liabilities.

NAFA INCOME FUND

3.12 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

3.13 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours of that day. The offer price represents the Net Asset Value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the Net Asset Value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

3.14 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

An equalisation account called the 'element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed' is created, in order to prevent the dilution of per unit income and distribution of income already paid out on redemption.

The Fund records that portion of the net element of income / (loss) and capital gains / (losses) relating to units issued and redeemed during an accounting period which pertains to income / (losses) that form part of the Unit Holders' Funds in a separate reserve account and any amount remaining in this reserve account at the end of an accounting period (whether gain or loss) is included in the amount available for distribution to the unit holders. The remaining portion of the net element of income / (loss) and capital gains / (losses) relating to units issued and redeemed during an accounting period is recognised in the Income Statement.

3.15 Revenue recognition

- Capital gains / (losses) arising on sale of investments are included in the Income Statement on the date at which the transaction takes place.
- Income on reverse repurchase (reverse repo) transactions and Continuous Funding System (CFS) transactions is recognised on an accrual basis.
- Dividend income is recognised when the right to receive the payment is established.
- Income on Term Finance Certificates is recognised on time proportion basis.
- Income from clean placements and Certificates of Investment is recognised on an accrual basis.
- Unrealised gains / losses arising on revaluation of investments classified as 'financial assets at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Profit on bank deposits is recognised on an accrual basis.

3.16 Foreign currency translation

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of

NAFA INCOME FUND

at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in income statement. Translation differences on non-monetary financial assets and liabilities such as equities at fair value through profit or loss are recognised in the Income Statement within the fair value net gain or loss.

21 YIELD / INTEREST RATE RISK

The Fund is mainly exposed to mark-up / interest rate risk on its investment portfolio. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that risk is managed within acceptable limits. Yield / interest rate sensitivity position for on balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off balance sheet instruments is based on settlement date.

27 RISK MANAGEMENT POLICIES

27.1 Market risk

Market risk is the risk that the value of a financial instrument may fluctuate as a result of changes in market interest rates or market price of securities due to change in credit rating of the issuer of the instrument, change in market sentiments, supply and demand of securities and liquidity in the market. There is a possibility of default of participants and of failure of the financial markets / stock exchanges, the depositories, the settlement or the clearing system etc.

The Management Company manages the market risk by monitoring exposure on marketable securities by following internal risk management policies and regulations laid down by the Securities and Exchange Commission of Pakistan.

27.2 Credit risk

Credit risk arising from the inability of the counterparties to fulfill their obligations in respect of financial instrument contracts, is generally limited to the principal amount and accrued income thereon. The Fund's policy is to enter into financial instrument contracts by following internal guidelines such as approving counterparties, approving credit, obtaining adequate collateral and transacting through approved brokers.

NAFA INCOME FUND

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse creditworthy counterparties thereby mitigating any significant concentration of credit risk.

27.3 Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset at close to its fair value. In addition the Fund is exposed to daily cash redemption of units. The Management Company manages liquidity risk by following internal guidelines such as monitoring maturities of financial assets and financial liabilities and investing in highly liquid financial assets.

27.4 Yield / Interest rate risk

Yield risk is the risk of decline in earnings due to adverse movements of the yield curve. Yield / interest rate risk arises from the possibility that changes in market rates of return will affect the value of the financial instruments. A Fund is exposed to yield / interest rate risk as a result of mismatches or gaps in the amounts of financial assets and financial liabilities that mature or reprice in a given period. The Fund manages this risk by matching the repricing of financial assets and liabilities through risk management strategies. The position for financial instruments is based on earlier of contractual repricing date or maturity.

28 UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit holders' fund is represented by redeemable units. These units are entitled to distributions and to payment of a proportionate share, based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund.

The Fund has no restrictions on the subscription and redemption of units. There is no specific capital requirement which is applicable on the Fund.

The Fund's objectives when managing unit holders' fund are to safeguard its ability to continue as a going concern so that it can continue to provide returns to unit holders and to maintain a strong base of assets under management.

In accordance with the risk management policies stated in note 27, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption, such liquidity being augmented by short-term borrowings or disposal of investments where necessary.

29 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradeable in an open market are revalued at the market prices prevailing on the balance sheet date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value as the items are either short term in nature or periodically repriced.

30 NON-ADJUSTING EVENT AFTER THE BALANCE SHEET DATE
