

J. A. Textile Mills Limited

Financial statements

For the year ended June 30, 2014

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed balance sheet of **J. A. TEXTILE MILLS LIMITED** ("the Company") as at June 30, 2014 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) in our opinion, proper books of accounts have been kept by the Company as required by the Companies Ordinance, 1984;
- (b) in our opinion:
 - (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of accounts and are further in accordance with the accounting policies consistently applied.
 - (ii) the expenditure incurred during the year was for the purpose of the Company's business; and
 - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2014 and of the loss, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980.

Without qualifying our opinion, we draw attention of the members to;

- (a) Note 1.2 to the financial statements, which disclose the appropriateness of going concern assumption used by the Company in the preparation of financial statements, in spite of the fact that the Company incurred net loss of Rs. 43.042 million during the current year and its accumulated loss stands at Rs. 204.758 million against the paid up share capital of Rs.126.012 as at June 30, 2014 along with negative current ratio. These factors indicate the existence of material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern.
- (b) Note 18.1 to the financial statements, which indicate that the Company has filed appeal before the Supreme Court of Pakistan against the decision of the Lahore High Court Lahore for remitting back the case to Banking Court-II, Faisalabad for necessary calculations of mark up, which had originally decided in favour of the Company. Due to litigation the bank has not confirmed the balances as appearing in these financial statements. Although the management of the company is affirmative that the case will be decided in Company's favour, the ultimate outcome of the matter cannot presently be determined with any degree of certainty.
- (c) Note 18.2 to the financial statements, which indicate that the Company has filed a suit against MCB Bank Limited for charging compound mark up on long term financing and that the balances as appearing in these financial statements have also not been confirmed by the Bank. Although the management of the company is affirmative that the case will be decided in Company's favour, the ultimate outcome of the matter cannot presently be determined with any degree of certainty.

**REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH
BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE**

We have reviewed the Statement of Compliance with the best practices ("the Statement") contained in the Code of Corporate Governance ("the Code") prepared by the Board of Directors of **J. A. Textile Mills Limited** ("the Company") to comply with the Listing Regulation No.35 of the Karachi Stock Exchange (Guarantee) Limited and Lahore Stock Exchange (Guarantee) Limited, where the Company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

Further, Sub-Regulation (xiii a) of Listing Regulations 35 notified by the Karachi Stock Exchange (Guarantee) Limited vide circular KSE/N-269 dated 19 January 2009 requires the Company to place before the Board of Directors for their consideration and approval related party transactions, distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price, recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2014.

CHIEF EXECUTIVE

DIRECTOR

J. A . TEXTILE MILLS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

1. THE COMPANY AND ITS OPERATIONS

- 1.1 J.A. Textile Mills Limited (the Company) was incorporated in Pakistan on 25 May, 1987 under the Companies Ordinance, 1984. The shares of the company are listed on the Karachi and Lahore Stock Exchanges in Pakistan. The Mill is situated at Tehsil Jaranwala, District Faisalabad in the province of Punjab and the registered office of the Company is situated at JK House, 32-W Susan Road, Madina Town, Faisalabad. The principal business activity of the Company is manufacturing and sale of yarn.
- 1.2 The Company has accumulated loss of Rs. 204.758 million (2013: Rs. 170.731 million) as against issued, subscribed and paid up capital of Rs. 126.012 million, thereby having a negative equity of Rs. 78.747 million (2013: Rs.44.719 million); and its current assets has decreased from its current liabilities by Rs. 46.179 million as at 30-06-2014 as compared to positive balance of Rs. 44.402 million as at 30-06-2013. These factors indicate the existence of material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern, and therefore the Company may be unable to discharge its liabilities and realize its assets in the normal course of business.

In spite of the huge accumulated losses and negative equity, the management is optimistic that the current balancing and modernization of plant and machinery as well as the proposed change in line of product from cotton yarn to polyster yarn will improve the future financial results. The management is also optimistic that improvement in future industry situation, better production efficiency, continuing financial support from directors and associates will also lead to improved financial results. Based upon these aspects, the financial statements have been prepared on going concern basis.

2. STATEMENT OF COMPLIANCE

- 2.1 These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

2.2 Standards, interpretations and amendments to approved accounting standards that are issued but not yet effective

Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Company:

		Effective date (annual reporting Periods beginning on or After)
IFRS-2	Shared-based Payments (Amendments)	July 01, 2014
IFRS-3	Business Combinations (Amendments)	July 01, 2014
IFRS-8	Operating Segments (Amendments)	July 01, 2014
IAS-16	Property, Plant and Equipment (Amendments)	July 01, 2014
IAS-24	Related Party Disclosures (Amendments)	July 01, 2014
IAS-32	Financial Instrument: Presentation (Amendments)	January 01, 2014
IAS-36	Impairments of Assets (Amendments)	January 01, 2014
IAS-39	Financial Instrument: Recognition & Measurement (Amendments)	January 01, 2014
IFRIC-21	Levies	January 01, 2014

The management anticipate that the adoption of the above standards, amendments and interpretations in future periods, will have no material impact on the financial statements other than in presentation / disclosures.

Further, the following new standards and interpretations have been issued by the International Accounting Standards Board (IASB), which are yet to be notified by the Securities and Exchange Commission of Pakistan, for the purpose of their applicability in Pakistan:

		IASB Effective date Accounting Periods beginning on or After
IFRS 1	First-time adoption of International Financial Reporting standards	July 01, 2009
IFRS 9	Financial instruments	January 01, 2015
IFRS 10	Consolidated financial statements	January 01, 2013
IFRS 11	Joint arrangements	January 01, 2013
IFRS 12	Disclosure of interests in other entities	January 01, 2013
IFRS 13	Fair value measurement	January 01, 2013

3. BASIS OF PREPARATION

These financial statements have been prepared under the historical cost convention except property, plant and equipment referred in note 4.3 are carried at revalued amounts. The company's significant accounting policies are stated in note 4. In these financial statements, except for cash flow statement, all the transactions have been accounted for on accrual basis.

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of setting up and applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. Revision to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Significant areas requiring the use of the management assumptions, judgment and estimates in these financial statements are as follows:

Useful life of the depreciable assets	(Note : 4.1)
Store and spares	(Note : 4.2)
Provision for doubtful debts and other receivable	(Note : 4.4)
Taxation	(Note : 4.10)
Contingencies	(Note : 4.13)

However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the subsequent years.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Property, plant and equipment

Operating assets

Operating fixed assets except land and capital work in progress are stated at cost / revalue amounts less accumulated depreciation and impairment, if any. Cost in relation to fixed assets signifies historical cost. Historical cost includes expenditure that is directly attributable to the acquisition of the assets. Free hold land is stated at revalued amount and capital work in progress is stated at historical cost.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with them will flow to the entity and its cost can be reliably measured. Cost incurred to replace a component of an item of the property, plant and equipment is capitalized and the asset so replaced is retired from use. Normal repairs and maintenance are charged to profit and loss account during the period in which they are incurred.

Depreciation is charged to income applying the reducing balance method so as to write off the historical cost of the assets over their expected useful life at the rates mentioned in property, plant and equipment note - 5.1.

Depreciation on additions during the year is charged from the month the asset is available for use while no depreciation is charged in the month in which the asset is disposed off. The residual values and useful lives are reviewed by the management at each financial year end and adjusted if impact on depreciation is significant.

Gains and losses on disposal of property, plant and equipment are included in current income.

Capital work in progress is shown at cost less any identified impairment loss and represents expenditure incurred on property, plant and equipment during the construction and installation. Cost also includes applicable borrowing costs. Transfers are made to relevant property, plant and equipment category as and when assets are available for use.

4.2 Stores and spares

These are valued at lower of moving (monthly weighted) average cost and net realizable value except items-in-transit which are valued at cost accumulated to the balance sheet date. Stores, spares and loose tools are regularly reviewed by the management to assess their net realizable value (NRV). Provision is made for slow moving and obsolete store items when so identified.

4.3 Stock in trade

These are valued at lower of cost and net realizable value. Cost is determined as follows:

Raw material - At factory	Annual average cost
- In Transit	Invoice value plus direct charges in respect thereof.
Work in process and finished goods	Prime cost including a proportion of production overheads.
Wastes	At net realizable value

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to be incurred in order to make the sale.

4.4 Trade and other receivables

Trade debts are carried at original invoice amount less an estimate made for doubtful receivables based on review of outstanding amounts at the year end. Other receivables are recognized at nominal amount which is fair value of the consideration to be received in future. Balances considered bad are written off when identified.

4.5 Short term investment

Investments which are intended to be held for an undefined period of time but may be sold in response to the need for liquidity or changes in interest rates are classified as available -for -sale.

Subsequent to initial recognition at cost, these are measured at fair value. The Company uses latest stock exchange quotations to determine the fair value of quoted investments. Gain or losses on available for sale investments are recognized directly in other comprehensive income until the investments are sold or disposed off, or until the investments are determined to be impaired, at that time cumulative gain or loss previously recognized in other comprehensive income, is re-classified from equity to profit and loss as re-classification adjustment.

4.6 Foreign currency translation

Transactions in foreign currencies are translated into Pak Rupees (functional and presentation currency) at the rates of exchange approximating those appearing on the dates of transactions. Assets and liabilities in foreign currencies are translated into Pak Rupees at rates of exchange prevalent on the balance sheet date. All exchange differences arising from foreign currency transactions / translations are charged to profit and loss account.

4.7 Cash and cash equivalents

Cash and cash equivalents comprise of cash and cheques in hand and at banks and include short term highly liquid investments. The cash and cash equivalents are readily convertible to known amount of cash and are subject to insignificant risk of change in value.

4.8 Surplus on revaluation of property, plant and equipment

The surplus arising on revaluation of these assets is credited to the "Surplus on revaluation of property, plant and equipment" account shown below equity in the balance sheet in accordance with the requirements of section 235 of the Companies Ordinance 1984. The Company has adopted the following accounting treatment of depreciation on revalued assets in accordance with the provisions of the above said section:

Depreciation on assets which are revalued is determined with reference to the value assigned to such assets on revaluation and depreciation charge for the year is taken to the profit and loss account; and

An amount equal to incremental depreciation for the year net of deferred taxation is transferred from " Surplus on Revaluation of Fixed Assets account" to accumulated profits/losses through Statement of Changes in equity to record realization of surplus to the extent of the incremental depreciation charge for the year.

4.9 Staff retirement benefits

The Company operates an approved funded contributory Provident Fund Scheme for all its employees eligible for benefits. Equal monthly contributions are made, both by the Company, and the employees, to the fund at the rate of 8.33% of the basic salary. The Company's contribution to the fund is charged to profit and loss account for the year.

4.10 Taxation

Current Taxation

Under normal law

The current taxation is computed on the basis of profit for the year adjusted for fiscal purposes, minimum tax u/s 113 or Alternate Corporate Tax (ACT) u/s 113C of the Income Tax Ordinance, 2001 after taking into account the tax credit or rebate, if any.

Under presumptive tax regime

Taxation in relation to export of goods under section 154 read with section 169 is provided on the basis of Presumptive Tax Regime in accordance with the provisions of the Income Tax Ordinance, 2001.

Deferred Taxation

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax basis used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax is charged or credited in the profit and loss account, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case the tax is also recognized in other comprehensive income or directly in equity, respectively.

4.11 Trade and other payables

Liabilities in respect of trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received whether or not billed to the Company.

4.12 Provisions

A provision is recognized when the Company has a present, legal or constructive obligation as a result of a past event when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect current best estimate.

4.13 Contingencies

The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The Company, based on the availability of the latest information, estimates the value of contingent assets and liabilities, which may differ on the occurrence/ non- occurrence of the uncertain future event(s).

4.14 Related party transactions and transfer pricing

All transactions with related parties are carried out at arm's length. The prices are determined in accordance with comparable uncontrolled price method.

4.15 Borrowing costs

Borrowing costs to the extent of borrowing costs that are directly attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are charged to profit and loss account in the period of incurrence.

4.16 Dividend and other appropriations

Dividend is recognized as a liability in the period in which it is approved. Appropriations of profits are reflected in the statement of changes in equity in the period in which such appropriations are made.

4.17 Financial Instruments

Financial assets are long term deposits, trade debtors, advances & other receivables and cash and bank balances. These are initially recognized at fair value plus transaction costs except for financial assets at fair value through profit or loss, which are initially recognized at fair value and transaction costs are expensed in the profit and loss account. Financial assets are derecognized when the rights to receive cash flows from the assets have expired or have been transferred; and the company has transferred substantially all the risks and rewards of ownership.

Financial liabilities are recognized according to the substance of the contractual arrangements entered into. Significant financial liabilities are long term borrowings and trade and other payables. A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired.

Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit and loss account for the period in which it arises.

4.18 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set-off and the Company intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

4.19 Impairment

The management assesses at each balance sheet date whether there is any indication that an asset is impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If the recoverable amount of the asset is less than its carrying amount, the carrying amount of the cash generating unit is reduced to its recoverable amount by charging the impairment loss against profit and loss account for the year.

4.20 Revenue recognition

Revenue is recognized to the extent it is probable that economic benefits will flow to the Company and revenue can be measured reliably. Revenue is measured at fair value of consideration received or receivable and is recognized on the following basis;

Revenue from sale of goods is recognized when the significant risks and rewards of ownership of the goods have been passed to the customers usually when goods are delivered/ dispatched and title has passed.

Profit on short term investments and bank deposits is recognized on accrual basis.

Interest income on deposit with Sui Northern Gas Pipelines Limited (SNGPL) is recognized on accrual basis.

Balance as on June 30,		<u>226,187,459</u>	<u>235,178,750</u>

This represents surplus on revaluation of freehold land, building on freehold land, plant and machinery, factory equipments, electric installations and power generators. Revaluation of freehold land on market value, building on freehold land and plant and machinery on depreciated replacement values was carried out by M/S Yousaf Adil Saleem & Co. Chartered Accountants as on September 30, 1998 and by M/S Nizamy Associates as on June 30, 2007 and June 30, 2012.

15. LONG TERM FINANCING

	Note	2014 Rupees	2013 Rupees
From banking companies - secured			
IBRD foreign currency	15.1	164,509	164,509
Demand finance	15.2	14,946,241	14,946,241
		15,110,750	15,110,750
From related parties - unsecured			
Chief executive, Directors and Members	15.3	165,578,177	171,068,299
Less: Current portion shown under current liabilities		(6,578,177)	-
		159,000,000	171,068,299
		<u>174,110,750</u>	<u>186,179,049</u>

15.1 It obtained from MCB Bank Limited and secured against first charge by way of equitable mortgage on fixed assets of the Company, hypothecation of plant and machinery and equipment and floating charge on book debts. It is further secured by a demand promissory note and personal guarantees of the directors of the Company. It is subject to markup @ 14% per annum (provision of markup not accounted for as described in note 18.2). In case of default in payment of any installment of principal and/or markup on due date, additional markup @ 5% per annum will be payable on the amount of default.

However the company has filed a suit against charging the compound mark up by MCB Bank Limited. The bank has also filed a counter suit against the Company. In the opinion of the management, the suits are not likely to be finally decided in the next twelve months from the balance sheet date, hence shown as non current liability.

15.2 These represent credit facilities created against deferral of installments of IBRD foreign currency loan and are covered against securities provided to secure the loan in note 15.1. These are subject to mark up ranging from 14% to 17% per annum (markup provision not accounted for as described in note 18.2).

15.3 These are interest free. Terms of repayment have not been decided so far, however it is confirmed by lenders that they will not demand repayment within twelve months from balance sheet date except the payment of personal expenses in the next twelve months approximately of Rs. 6,578,177/- keeping in view the past transactions.

16. DEFERRED LIABILITIES

	Note	2014 Rupees	2013 Rupees
Deferred taxation	16.1	68,641,285	95,421,362
Deferred custom levies	16.2	5,591,401	5,591,401
		<u>74,232,686</u>	<u>101,012,763</u>

16.1 DEFERRED TAXATION

16.1.1 Balance as on July 01, Provided/(adjusted) during the year Balance as on June 30,	16.1.2	95,421,362 (26,780,077) 68,641,285	79,117,433 16,303,929 95,421,362
16.1.2 This comprise of following: Deferred tax liability: Taxable temporary differences relating to operating assets Taxable temporary differences relating to surplus on revaluation of property, plant and equipment Deferred tax assets: Deductible temporary differences on tax losses Deferred tax asset related to minimum tax		19,486,246 69,665,841 (20,362,934) (147,868) 68,641,285	21,701,568 73,719,794 - - 95,421,362

16.1.3 The liability of deferred tax has been computed by applying the tax rate of 33% as reduced by the Finance Act 2014 from 34%.

16.1.4 Deferred tax debit balance is recognized on tax losses and minimum tax based on the projected taxable profits of the Company for future years.

16.2 DEFERRED CUSTOM LEVIES

5,591,401 5,591,401

It represents 70% of the import duty and surcharge on ring spinning frames levied by the custom authorities, whereas SRO 1076(I)/95 provides that 30% of total import duty and surcharge was leviable which the Company has already paid. However, this long outstanding issue is pending with the custom authorities and is not expected to be settled in near future.

		<u>2,640,750</u>	<u>3,119,695</u>
Less: Payments during the year		<u>(2,449,075)</u>	<u>(670,620)</u>
		<u>191,675</u>	<u>2,449,075</u>

18. CONTINGENCIES AND COMMITMENTS

Contingencies

18.1 The Faysal Bank Limited has filed an appeal before the Lahore High Court, Lahore against the decision of Banking Court # 2 Faisalabad for recovery of Rs.45.616 Million (2013: Rs.45.616 Million) along with costs etc. Consequently on 6th July 2010, the Honorable Lahore High Court has remitted back the case to Banking Court-II, Faisalabad by modifying the decision of Banking Court for necessary calculations and verification of payment to the tune of Rs. 26.890 Million to determine the balance outstanding liability which is not acknowledged by the company on the ground that due relief has been given by the apex courts in identical cases. Therefore, the Company has filed an appeal before the Honorable Supreme Court of Pakistan against the decision of the Honorable Lahore High Court. The management of the company is affirmed that the case will be decided in its favor. Due to litigation, the bank has also not confirmed current accounts balances of Rs. 20,889/- appearing in these financial statements.

18.2 The Company has filed a suit of rendition of accounts against charging excessive mark up by MCB Bank Limited instead of agreed one in all financing facilities availed in 1996. The bank has also filed a counter suit against the Company for recovery of outstanding liabilities. In the opinion of the management and its legal advisor, the case of the Company is based on strong legal grounds as the superior courts have already decided certain cases against charging of compound markup / profit and the case of the Company is also based on similar question of law. Due to litigation, the bank has not confirmed the balances appearing in these financial statements. However the management of the Company has decided that further mark up on long term financing from MCB Bank Limited will not be charged from July 01, 2008 to June 30, 2014 on the plea that as per management's assertion, the provision of Rs. 22.032 million already existed in the books of account is much more than the amount that may be payable by the Company on decision.

18.3 Two ex-employees of the company filed suits against the company of which;

18.3.1 One employee has filed a suit against the company in Labor Court for the claim of outstanding dues against his services. The financial impact of the case is immaterial. The legal advisor has confirmed that the Company is at sound footing and prima facie the case is expected to be decided in its favor.

18.3.2 Another employee has filed a suit for the claim of reinstatement of his services and dues which has been decided by the Labor Court No.4, Faisalabad in appellant's favor. The Company has filed an appeal before Punjab Labor Appellate Tribunal against the decision of Labor Court. In compliance with the order of Punjab Labor Appellate Tribunal Rs.119,774 as 50% of employee's dues have been deposited with Appellate Authority. The legal advisor has confirmed that the Company is at sound footing and prima facie the case is expected to be decided in its favor.

28. REMUNERATION OF CHIEF EXECUTIVE, DIRECTORS AND EXECUTIVES		EXECUTIVES	
		2014	2013
		[R U P E E S]	
Salary		693,333	-
House rent allowance		277,333	-
Utilities allowance		69,333	-
Total		<u>1,039,999</u>	<u>-</u>
Number of persons		<u>1</u>	<u>-</u>

No remuneration is paid to the Chief Executive Officer and directors, however Chief Executive Officer and Executive Directors are entitled to free use of Company maintained cars. The monetary value of these benefits is approximately Rs. 307,195/- (2013: Rs. 318,800/-).

29. TRANSACTIONS WITH RELATED PARTIES

The Company in the normal course of business carries out transactions with various related parties which comprise of associated undertakings and key management personnel. Amounts due from and due to related parties, if any, are shown under relevant notes to financial statements. Remuneration of Chief Executive Officer, Directors and Executives is disclosed in Note 28. Transactions with related parties other than specifically mentioned in related notes were as follows.

	2014 Rupees	2013 Rupees
Company's contribution to provident fund	2,310,009	2,349,883
Repayments to CEO/directors/members	5,490,122	6,130,869

30. PLANT CAPACITY AND PRODUCTION

	2014	2013
Number of spindles installed	21,528	21,528
Number of spindles worked	21,384	21,384
Number of shifts worked per day	3	3
Installed capacity after conversion into 20/s count (Kgs)	6,811,893	6,811,893
Actual production of yarn after conversion into 20/s count (Kgs)	4,501,142	5,260,367

Reasons for shortfall

The short fall in actual production during the year when compared with capacity is mainly on account of:

- Temporary closure of business for maintenance and unfavorable market conditions and economic slow down in the country;
- The actual production is planned to meet the market demand and orders in hand; and
- Shortage of electricity.

31. EMPLOYEES PROVIDENT FUND TRUST

The following information is based on latest un-audited financial statements of the Fund:

	2014	2013
Size of the fund (Rupees)	<u>9,126,304</u>	<u>7,719,117</u>
Cost of investment made (Rupees)	<u>7,695,780</u>	<u>6,147,600</u>
Percentage of investment made (%)	<u>84.33</u>	<u>79.64</u>
Fair value of investment (Rupees)	<u>8,261,953</u>	<u>6,321,795</u>

31.1 The break-up of fair value of investments is:

	2014		2013	
	Rupees	% of full	Rupees	% of full
Bank balances	5,416,245	65.56	6,206,778	98.18
NBP Fullerton Asset Management Ltd	2,845,708	34.44	115,017	1.82
	<u>8,261,953</u>	<u>100.00</u>	<u>6,321,795</u>	<u>100.00</u>

31.2 The investments out of provident fund have been made in accordance with the provisions of Section 227 of the Companies Ordinance, 1984 and the rules formulated for this purpose.

32. NUMBER OF EMPLOYEES

The average number of employees for the year ended June 30, 2014 were 514 (2013: 574) and number of employees as at June 30, 2014 were 239 (2013: 570)

34. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The company finances its operations through equity, borrowings and management of working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. Taken as a whole, the company is exposed to market risk comprising interest rate risk, currency risk and other price / equity risk, credit risk and liquidity risk. The company's principal financial liabilities comprise long term borrowings and trade and other payables. The main purpose of these financial liabilities is to raise finance for company's operations. The company has various financial assets such as deposits, trade debts, prepayments, other receivables and cash and bank balances, which are directly related to its operations. The company's finance department oversees the management of these risks and provide assurance to the company's senior management that the company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with company policies and risk appetite. No changes were made in the objectives, policies, procedures and assumptions during the year ended June 30, 2014. The policies for managing each of these risks are summarized below:

34.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, currency risk, and other price risk, such as equity risk. Financial instruments susceptible to / affected by market risk include loans, borrowings and deposits. The sensitivity analysis in the following sections relate to the position as at June 30, 2013 and 2014.

34.1.1 Yield/Mark-up rate risk:

Interest rate risk represents the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no significant long term interest bearing financial assets. The Company's interest rate risk arises from long term financing. Borrowings obtained at variable rates exposes the Company to cash flow interest rate risk. Borrowings obtained at fixed rate exposes the company to fair value interest rate risk.

	2014 Rupees	2013 Rupees
Fixed rate instruments:		
Financial liabilities		
Long term financing	180,688,927	186,179,049
Financial assets		
Security deposit with SNGPL	14,216,046	14,216,046
Floating rate instruments:		
Financial assets		
Bank balance-deposit accounts	993,517	24,034,421

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss. Therefore, a change in interest rate at the balance sheet date would not affect profit or loss of the Company.

34.1.2 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables or payables that exist due to transactions in foreign currencies.

Financial assets include Rs. 96,224/- (2013: Rs. 95,836/-) which are subject to currency risk.

At June 30, 2014 had the currency been weakened / strengthened by 5% against the foreign currency with all other variables held constant, profit for the year and equity would have been Rs. 4,474/- (2013: Rs.4,408/-) higher / lower, mainly as a result of foreign exchange gains / losses on translation of foreign currency denominated trade debts and foreign currency bank accounts.

34.1.3 Price Risk

Price risk represents risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors effecting all similar financial instruments traded in the market.

The company does not believe to have been materially exposed to price risk as its investment is in NAFA Government Securities Liquid Fund.

34.2 Credit risk and concentration of credit risk:

Credit risk is the risk representing accounting loss that would be recognized at the reporting date if one party to a financial instrument will fail to discharge an obligation or its failure to perform duties under the contract as contracted. Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentration of credit risk indicates the relative sensitivity of the Company's performance to developments affecting a particular industry. The Company is mainly exposed to credit risk on trade debts amounting to Rs. 0.497 million (2013: Rs. 7.962 million). Company seeks to minimize the credit risk exposure through having exposure only to customers and suppliers considered credit worthy and also by obtaining advance against sales from customers. The carrying values of financial assets which are neither past due nor impaired are as under:

34.4. Capital risk management

The Company's objectives when managing capital are to ensure the Company's ability not only to continue as a going concern but also to meet its requirements for expansion and enhancement of its business, maximize return of shareholders and optimize benefits for other stakeholders to maintain an optimal capital structure and to reduce the cost of capital.

In order to achieve the above objectives, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares through bonus or right issue or sell assets to reduce debts or raise debts, if required.

The debt-to-adjusted capital ratios at June 30, 2014 and June 30, 2013 were as follows:

	2014 Rupees	2013 Rupees
Total Debts	180,688,927	186,179,049
Less: Cash and cash and bank balances	(2,215,049)	(24,390,863)
Net debt	178,473,878	161,788,186
Total equity	147,440,600	190,458,949
Total capital employed	325,914,478	352,247,135
Gearing ratio	54.76	45.93

34.5 Fair value of financial assets and liabilities

The carrying value of financial assets and liabilities approximate their fair value.

35. CORRESPONDING FIGURES

35.1 Previous year figures have been rearranged and reclassified wherever necessary for the purpose of comparison. Major reclassification made in the corresponding figures for better presentation are as under:

	2013 Rupees	Reclassification	
		From	To
Cotton cess payable	45,150	Trade creditors	Accrued expenses

36. DATE OF AUTHORIZATION FOR ISSUE

36.1 The financial statements were authorized for issue on 03 OCT 2014 by the Board of Directors of the Company.

36.2 Figures in these financial statements have been rounded off to the nearest Rupee.
