FOREWORD

The Population Census Organisation issued its Bulletin No. 1 on the 29th July, 1981. That Bulletin contained provisional data on population and sex-ratio upto the level of administrative district. It also contained the population of twelve most populous cities of Pakistan.

In this Bulletin further breakdown of the already published data of the province of the Punjab is given upto Sub-Division/Tehsil level by sex and rural/urban distribution. Moreover, the population of urban areas i.e. Municipal Corporations, Municipal Committees, Town Committees and Cantonments have been shown in the respective Sub-Division/Tehsil.

The total population of the Punjab Province at the time of 1981 Census was 47.116 million. It constituted 56.24% of the population of Pakistan at that time as compared to 57.59% in 1972 Census. The population of this province has increased at an average annual growth rate of 2.70% as compared to the national average of 2.99%.

The population of this province since 1951 is given as under :—

<i>Year</i>	<i>Population</i>
1951	20,542,692
1961	25,462,336
1972	37,610,159
1981	47,116,000

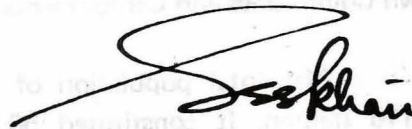

The sex-ratio (males per hundred females) in 1981 was 111 as compared to 116 in 1972.

The population density has increased to 229 persons per kilometre in 1981 from 183 persons per kilometre in 1972.

The urban population has increased from 24.42% in 1972 to 27.59% in 1981. The average annual growth rate of urban population during 1972–81 was 4.19% as compared to 4.56% during 1961–72. Lahore is the biggest city in the province where the

population was 29.2 lakh in March, 1981 as compared to 21.7 lakh in September, 1972. The other cities with population of more than five lakh are Faisalabad, Rawalpindi, Multan and Gujranwala. We have followed the administrative criterion of determining urban areas, i.e. treating those areas as urban which have been declared to be Municipal Corporations, Municipal Committees, Town Committees by the Provincial Government, and Cantonments.

However some areas, like Daud Khel having population more than 30,000, Manawala Jodh Singh, Lilla, Musa Khel and Vehoa with population more than 10,000 and Bhaun, Dogri Kalan, Dajal, Mangowal, Qaidabad, etc. with population more than 5,000 having urban features have, therefore, been left out from the count of urban areas because they have not been declared as Town Committees. If the population of these areas were to be added then the percentage of the urban population would be higher.

(Dr. Akhtar Hasan Khan)
Census Commissioner

Dated: 12th December, 1981.
