

# Directors' Report

The Directors
have pleasure in
presenting review
of the operations
and financial
results of the
Company for the
year ended
June 30, 2016.

In the name of ALLAH, Most Gracious, Most Merciful

#### Assalam-u-Alaikum!

The Directors have pleasure in presenting review of the operations and financial results of the Company for the year ended June 30, 2016.

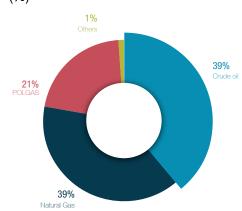

# Financial results

| These are summarized below:  | Rs. (000)   |
|--|-------------|
| Profit for the year after providing for all expenses including depreciation, exploration, amortization and workers' funds. | 8,879,949   |
| Less: provision for taxation   | (1,646,134) |
| Profit after tax   | 7,233,815   |

In this year, the Company made a profit after tax of Rs 7,234 million (2015: Rs 8,459 million), which is lower by 14.5 % as compared to last year. The profit translates into earnings per share of Rs 30.58 (2015: Rs 35.76 per share). Overall net sales are lower by Rs 6,033 million (19.5%), which is mainly because of lower crude oil prices. Average crude oil price decreased by 40.1% in comparison to the corresponding period last year. This decrease was compensated to some extent by increase in gas sales revenue, mainly due to notification of higher gas price applicable from July 1, 2015 due to conversion to the Petroleum Policy 2012 for Mamikhel, Maramzai, and Makori East fields. Production volume of gas and LPG has increased by 5.6% and 10.8% respectively. Increase in gas production is mainly from Makori East and Maramzai fields, which has offset the decline in production from Manzalai Makori and Mamikhel fields. Increase in LPG is mainly from TAL block. Makori Gas Processing Facility was shut down due to technical reasons which effected production of crude oil, gas and LPG for a limited period. Presently it is fully functional and producing LPG of around 500 m. tonnes per day. Cost of sale decreased by 6.9% primarily because of lower amortization of development costs and lower royalty due to lower sales revenues.

The details of the exploration activities are covered in detail by each geographical area later in this report.

# Revenue Mix by product (%)

#### **Cash flows**

Cash and cash equivalents increased by Rs 150 million during the year (2015: decreased by Rs 212 million). Cash flows provided from operating activities were Rs 12,467 million, lower by 4.3% as compared to last year, mainly due to lower cash receipts from customers because of lower sales revenues of crude oil.

#### **Contribution towards the economy**

The Company continues to play a vital role in the oil and gas sector of the Country. During the year, the

Company saved foreign exchange in excess of US\$ 364 million (2015: US\$ 598 million) for the country. The contribution to the national exchange in the shape of royalty and other government levies, was Rs 6,633 million (2015: Rs 9,348 million).

#### **Dividend**

The Directors have recommended a final cash dividend 200% (Rs 20 per share). This is in addition to the interim cash dividend @ 150 % (Rs 15 per share) already declared and paid to the shareholders, thereby making it a total cash dividend of Rs 35 per share for the year 2015-16 (2014-15: cash dividend of Rs 40 per share).

#### **Production**

The following is a comparison of production from the Company's fields including proportionate share from all operated and non-operated joint ventures:

|                      |                      | June 30,<br>2016 | June 30,<br>2015 |
|----------------------|----------------------|------------------|------------------|
| Crude Oil/Condensate | (US Barrels)         | 2,281,950        | 2,299,513        |
| Gas                  | (Million Cubic Feet) | 27,415           | 25,959           |
| LPG                  | (Metric Tonnes)      | 54,310           | 49,020           |
| Sulphur              | (Metric Tonnes)      | 636              | 642              |
| Solvent Oil          | (US Barrels)         | 25,663           | 19,274           |

The Company's share in production, including that from joint ventures, for the period under review averaged 6,235 barrels per day (bpd) of crude, 74.90 million standard cubic feet per day (mmscfd) of gas, 70 bpd of solvent oil, 148.39 metric tonnes per day (MTD) of LPG and 1.74MTD of Sulphur.

# Exploration and development activities

## **Producing Fields**

At Balkassar (100% owned by POL), Balkassar B-7A well was completed during the year, which is currently producing around 50 barrels of oil per day. Workovers at Balkassar-A3 and P-2 wells were completed during the year and are currently producing around 150 and 120 barrels of oil per day.

At Minwal (operated by POL with 82.5% share), after workover, Minwal X-1 is producing around 120 barrels of oil per day.

At Pindori (operated by POL with a 35% share), Seismic data re-interpretation on 3D dataset has been completed and mapping of remaining up dip potential is in progress. Working on different drilling options is under review to target this potential.

At Tal block, (operated by MOL, where POL has a pre-commerciality share of 25%), Makori East-5 well was tested and produced 2,836 barrels of oil per day and 19.26 million cubic feet of gas per day at 40/64" fixed choke size with flowing well head pressure of 2,718 psi. This well has been connected to production facility on August 8, 2016.

Mardankhel-3 was spuded on June 2, 2016 where drilling at 6,483 ft is in progress.

At Adhi field (operated by Pakistan Petroleum Limited, where POL has 11% share),

Adhi-23: The well was tested and is presently producing around 708 barrels of oil per day and 1.46 million cubic feet of gas per day.

Adhi-24: The well was tested and is presently producing around 71 barrels of oil per day and 0.5 million cubic feet of gas per day.

Adhi-25: The well was tested and is presently producing after frac job around 575 barrels of oil per day and 2.4 million cubic feet of gas per day.

Adhi-26: The well was spuded on July 4, 2016 and drilling at 3,511 ft is in progress.

Adhi-27: The well was spuded on April 30, 2016 and drilling at 9,180 ft is in progress.

The new Adhi gas processing Plant-3, having a capacity of 30 mmscfd of gas has been commissioned but due to a mechanical problem it is not running on full potential.

At Jhal Magsi South field (operated by OGDCL, where POL has 24% share), installation of the

Makori East-5 well was tested and produced 2,836 barrels of oil per day and 19.26 million cubic feet of gas per day at 40/64" fixed choke size with flowing well head pressure of 2,718 psi.

Makori Deep-1 was tested and produced 3,811 barrels of oil per day and 10.94 million cubic feet of gas per day at choke size of 32/64" with flowing well head pressure of 3,416 psi.

plant has been stopped as decision regarding laying of pipeline by SSGCL has not been finalised.

At Ratana Field (operated by Ocean Pakistan Limited, where POL has 4.545% share), 3D seismic data acquisition of 377 sq.kms has been planned to explore full potential of the field.

## **Exploration blocks**

At Ikhlas block (operated by POL with a 80% share), an exploratory well, Jandial -1 will be spudded in the third week of August, 2016.

At DG Khan block (operated by POL with a 70% share), the last acquired 2D seismic data identified new leads. Now about 264 line kilometers additional 2D seismic data acquisition has been planned to firm up the identified leads.

At Margala North Block (operated by MOL where POL has a 30% share), due to negative results of exploratory Well (MGN-01). The block has been surrendered to the Government.

2D seismic data acquisition of about 70 line kilometers in Margala block has been planned to evaluate the potential in the exploration license.

At Tal block Makori Deep-1 was tested and produced 3,811 barrels of oil per day and 10.94 million cubic feet of gas per day at choke size of 32/64" with flowing well head pressure of 3,416 psi. The well is expected to be connected to the production facility in the month of May-2017.

Tolanj South-1 exploratory well was plugged and abandoned after it did not produce any hydrocarbons.

Tolanj West-1 exploratory well was drilled down to its target depth and, after clean up, produced 10.18 million cubic feet of gas and 15 barrels of condensate per day at 24/64"fix choke with flowing well head pressure of 2,823 psi.

Mardankhel-1 well connection to the production facility is expected in the month of October- 2016 as work was stopped due to security problems.

Rigs have been moved to spud Maramzai-04, a development well, and Mardankhel 2, an appraisal well. The well location of Makori East-06 (Development Well) has also been approved. In TAL block, 2D/3D seismic data interpretation is in progress to explore possible deeper plays. Acquisition of 870 sq.km of gravity survey over the western part of Manzalai will resume after security clearance.

At Gurgalot Block (operated by OGDCL where POL has a 20% share), Surgamar-1 was spudded on March 7, 2015. After conducting three side tracks due to fishing and mud loss problems, drilling at 14,547 ft is in progress. Revised proposed target depth of the well is  $\pm$  16,847 ft. In Gurgalot block, 3D seismic data acquisition to cover all the mapped leads has been planned.

## **Subsidiary**

### **CAPGAS (Private) Limited (CAPGAS)**

CAPGAS earned a profit after tax of Rs 67.92 million during the year (2014-15: Rs. 100.38 million). It has declared a dividend of 770% for the year 2015-16 (2014-15: 1325%). The Company received an average of 28 metric tonnes per day LPG from the Adhi plants and an average of 4.6 metric tons per day of LPG from PARCO.

## **Crude Oil Transportation**

Khaur Crude Oil Decanting Facility (KCDF) continued to operate satisfactorily. During the year, a total of 5.3 million barrels (2015: 7.6 million barrels) of crude oil from Nashpa, TAL Blocks and others were pumped to Attock Refinery Limited through this facility and pipeline.

Tolanj West-1 was tested and produced 10.18 million cubic feet of gas and 15 barrels of condensate per day at 24/64"fix choke with flowing well head pressure of 2,823 psi.

## **Risk Management**

The Board remains committed to the philosophy of effective business risk management as a core managerial competency. The Board has established a structured approach to risk management through the formulation of a risk management policy and system. The Company is in a continuous process to implement, monitor and improve its risk management policy. The Company's risk management system requires approaching risk identification in a systematic manner by developing an understanding of the Company's strategic and operational objectives, and the opportunities and threats related to the achievement of these objectives as well as analyzing the significant functions undertaken within the Company to identify significant risks which flow from these activities. Risks are required to be formally identified, prioritized and incorporated into a risk management response to effectively address risks.

The following is an outline of some of the material risks being faced by the Company:

- 1. Oil price volatility: The pricing for the Company's oil and gas production is benchmarked with international prices of crude oil and related products. Any unfavorable variance in the international prices is likely to adversely affect the Company's profitability.
- 2. **Exploration risk:** Exploration activity is prone to the risk of not finding commercial quantities of hydrocarbons due to a number of reasons such as incorrect selection of exploration acreage, poor quality of seismic data, error in processing or interpretation of seismic data, incorrect selection of drilling site. The Company is mitigating exploration risks by using latest technologies and hiring experienced professionals. The Company is in a continuous process to explore new opportunities and increasing the chances of success by joining hands with other E & P companies by way of farm-in and farm-out agreements.
- Drilling risk: Oil and gas drilling inherently is a high risk activity. The Company is exposed to a number of hazards during drilling of wells including well blow out, fishing, fire hazards

and personal injury. In addition, the risk of not discovering oil and / or gas as expected would have an adverse affect on earnings. The Company is mitigating these risks by selecting efficient and professional teams and also by having strict criterion for selecting rig and other allied services/equipment. Further, the Company also obtains control of well insurance cover for all drilling wells.

- 4. Underperformance of major oil and gas fields: The Company's future earnings and profitability is dependent upon the production and reserves of its oil and gas fields. The actual production from fields may differ materially from estimates due to possible underperformance of the oil and gas reservoirs or other production related factors.
- 5. Procurement planning related risk: Managing risk in business is not a new phenomenon, but managing it well in a changing global environment is producing some significant challenges, especially for the procurement function. Vulnerability in the procurement process can be seen as a weakness or possible threat to the Company's profitability.

The vulnerability can give rise to the following risks

- Commercial risks
- Operational not having materials

- Contractual exposure to liquidated damages
   The company is mitigating these risks by
   preparing of detailed well prognosis before the
   spud date and timely placement of procurement
   orders for long lead items.
- 6. Reservoir engineering and process: The over estimation of reserves and production can lead to investment of significant capital in the form of plant design by the engineering function. As far as practical, the Company obtains third party reserve certification to mitigate this risk.
- 7. Environmental regulations: The Company is subject to laws and regulations relating to health, safety and the environment. Changes to these laws and regulations may result in increased costs of compliance as well as penalties for noncompliance.
- 8. **Increased competition:** With increased competition in the oil and gas exploration and production sector, particularly in relation to the application and award of exploration concessions, the Company may be faced with higher competition than before. In addition, the Company's LPG marketing business may be adversely affected due to increased competition, decline in margins or disruption to LPG supply sources. The Company is in a continuous process to explore new opportunities by joining hands with other E & P companies by way of farm-in and farm-out agreements. In LPG marketing business, the Company has established a good storage capacity for continuous supply to keep margins intact and continues exploring for sustainable cost-effective sources of further supplies.
- 9. Information technology failures: The Company's operations may be adversely affected due to information technology failures especially in today's environment of reliance on IT systems, regulation and reporting deadlines. The company has a separate IT wing to control and monitor all related functions especially in relation to back up policy for continuous function.
- 10. **Economic and political risks:** Volatile economic and financial market conditions resulting from economic or political instability.

- 11. Joint Venture Partners: We are also operating in a joint venture environment and many of our projects are operated by other partners. Our ability to influence partners is sometimes limited, due to our small share in non-operated ventures. Non-alignment on various strategic decisions in joint ventures may result in operational and production inefficiencies or delay. We mitigate this risk by continuous and regular engagement of joint venture partners in operated and non-operated projects.
- Terrorist attacks: A terrorist attack could have a material and adverse effect on our business. The company has taken a terrorist insurance cover of all its material installations to mitigate this risk.
- 13. Third party liability: A third party liability could have a material and adverse effect on our business. In order to mitigate the risk, the company is continuously evaluating the areas where insurance cover is required and has also taken a third party liability insurance which covers its drilling areas, pipelines and material installations.
- 14. Lost in hole/damage beyond repair: During drilling costly equipment are run in the hole for several jobs at different depths. In order to mitigate the risk the Company has its strong control and also taking insurance coverage.

# Business Process Re-engineering & Development Activities

The Company believes that quality and an unyielding commitment to continuous improvement are indispensable ingredients to achieve success. All processes are subject to continuous evaluation and improvement. The major business development project undertaken during the year are as follow:

Business Intelligence (BI)

New reporting mechanism using BI tool and technologies has been implemented this is meant to provide better visibility of data across POL.

# **SharePoint Portal for Electronic Collaboration Management**

Processes automation through workflow based document and forms has been achieved:

#### Live Processes:

- o Approval for Expense (AFE)
- o Contracts and Agreements
- o Circulars and Announcements Parallel/ Testing Phase
- Bulk Routine Reporting (Process, Engineering and Drilling replaced bulk emails)
- o JV documents

### **Plant Maintenance System**

Oracle module for Plant Maintenance Enterprise
Asset Management functionality has been evaluated.
Additional data preparation for Engines, Generators
and Turbines is underway.

# Corporate Social Responsibility (CSR)

We, at POL, believe that we are an integral part of a community wherever we work. Investing in the communities in which we operate is not just a demand that must be met; it is a philosophy that we buy into. As part of its core values, the Company places tremendous importance towards contributing to the well being of the communities in which it operates.

Our commitment to being a good corporate citizen includes:

- Protecting our environment.
- Operating in a socially responsible manner.
- Developing the communities in which we
- Maintaining standards of excellence in our work and advocating healthy lifestyles.
- Acting with integrity and adhering to the highest ethical standards.
- Promoting diversity in our work force and partnering with diverse suppliers.
- Ensuring a safe, healthy workplace.

Our CSR initiative covers a wide spectrum of activities from the construction of roads and bridges to building schools, colleges and healthcare centers, conducting sports events and support to humanitarian and social work organizations. We are proud of our progress, but there is still much that we plan to do.

## **Education**

Education is a leading instrument of nation building and economic growth of people. Here, at POL, our key focus lies in education, which we are keenly supporting in number of ways. POL focuses on education at the basic, primary, secondary and higher secondary levels.

Since inception till 2016, POL has spent Rs.77 million to improve the infrastructure of government schools through up gradation of schools & colleges of the vicinity by constructing class rooms, toilets provides computers and science laboratory apparatuses and also providing them furniture and fixtures that caters to about more than 25,000 students.

POL is not only spending on social welfare activities of its areas of operation but we are also running our own Technical Institute, Higher Secondary Schools and Degree College Khaur aided by well equipped lab facilities, modern library, highly qualified teaching staff and promoting extracurricular activities.

#### **Dr. Rashad Institute of Technical Education**

Technical Education plays a vital role in the social and economic development of a nation. Due to their vibrant nature, they are continuously subject to the forces which

drive changes in the schools, industry and society. The challenges and opportunities for Vocational and Technical training centers are unique due to the needs of the changing economy and local community.

Early 2015 registration with TEVTA, Lahore was acquired in the Electrical and Electronics technologies. Affiliation with Punjab Board of Technical Education, Lahore was attained to start the Diploma in Associate Engineering (03 years course) in the above mentioned two fields in September, 2015. Permission for admission for 20 students in each discipline was given by the board.

Under the banner ship of technical college, the college managed to get a "Vocational Training Provision Contract" with the Punjab Skills Development Fund (PSDF), which was signed on December 14, 2015.

Short Courses of Motor Winding & Electrical Wiring were started in January 2016 of three (3) months duration. 50 students (25+25) were admitted in each discipline in two shifts. This batch has successfully completed their course and all the trainees passed in flying colours.

#### Dr. Rashad Degree College

- POL has established Dr. Rashad Degree College at Khaur with an aim to provide quality education to the youngsters of the Khaur and surrounding areas.
- Initially it was an intermediate college but later on it was upgraded to include degree classes as well by affiliating it with the Punjab University, Lahore.
- The college has 240 students in different faculties.
- The teaching faculty consists of highly qualified staff with a drive to deliver quality education among the students.

#### **POL Model Schools**

- The company has also established schools of "Higher Secondary Level" for boys and girls apart from a section of school dedicated for "Montessori" pupil.
- The schools have been established with an objective to offer high quality, academically sound education to students in a supportive and understanding environment.

- There are 688 students in both the school sections.
- The teaching faculty at the school is consists of qualified and experienced teachers who ensure good student behavior, effective study and work habits, and an overall sense of respect for others.

The curriculum is designed to encourage students to have enquiring minds and seek opportunities to become responsible citizens.

### **POL Vocational Training Center**

- POL has established a vocational training center for women.
- The aim of establishing a vocational center is the development of attitudes, knowledge, and skills for entrepreneurship and self-employment among women of the local community.
- Up till now, more than 1000 women & girls have been trained over the period.

### **Sports, Cultural & Religious Activities**

In pursuance of belief that in addition to improved physical health, sport plays a primarily positive role in youth development, including improved academic achievement, higher self-esteem, reduction in behavioral problems and better psychosocial concerns, POL has always promoted sports activities among the community with the provision of facilities e.g. cricket, hockey and football grounds, badminton

and volley ball courts etc. POL also has organized and sponsored many tournaments e.g.

- Cricket Tournament (Hard ball and Tennis ball)
- Hockey Tournament
- Volleyball Tournament
- Badminton Tournament

Apart from these games, POL also organizes and support traditional / folk games for the entertainment of local community and to be part of their culture. These games include:

- Tent Pegging
- **Bull Race**
- Tug of war

The ceremony of 14th August (Independence Day) is also celebrated with great pump & show at Khaur Workers Club. People from all walks of life including company employees and local community participate in the events conducted on the occasion.

Apart from this, POL facilitates the local community in the organization of "Annual Mehfil-e-Mushaira" at its Workers Club with free transportation and food for participants and attendants.

POL also facilitates the local community with the provision of its resources of free transportation, food, electricity and other items in celebration of religious and traditional activities at Khaur.

#### **Infrastructure Development**

Living standards of local inhabitants can only be improved if they have access to the bigger markets.

In order to upgrade living standards of the local community in the areas of operation, POL has not only spent on construction of road network, but we have also extended this facility to their door step through concrete pavement of their streets and construction of cause ways /culverts and drainage systems.

### POL's Pledge "Clean Water for All"

Basic needs of the rural people are met by POL by making the access to safe drinking water easy and less time consuming. Several projects have been undertaken in this regard.

POL has spent money and time on the development of water supply schemes in different villages located around its Pariwali and Meyal fields. These projects range from installation of motor pumps and construction of overhead water tanks to setting up a wide distribution network to supply clean drinking water to more than 6,500 households in several villages. The community has participated well by taking ownership of these projects for maintenance & sustainability through village based water management committees.

In Pariwali field, inhabitant of Ahmadal village were facing major problem of 'Safe Drinking Water

Facility' as the available water supply structure was not enough to fulfill their basic need. In order to facilitate the local community of Ahmadal village, POL management constructed underground water storage tank that estimated cost of Rs. 3.5 million having capacity of 150,000 gallons and size of (60'x30'). More than 17,000 inhabitants of the local community are directly and indirectly enjoying this clean water facility.

Similar efforts have been made at our Khaur & Meyal fields where POL has laid an eight km long water line from Nalla Sawan to Khaur village. Open water connections have been given to households & mosques and maintenance cost is shared by the Company. At Meyal, 42 water connections have provided benefiting more than 500 households. To further our support, two million rupees have been donated to the Union Council of Kharpa for provision of water facility to the locals.

#### **Human Resource**

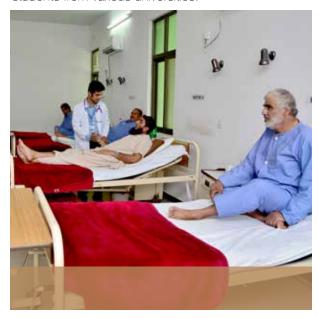

POL believes that adoption of effective Human Resource (HR) management and development policies are vital for achieving organizational goals and objectives as HR polices have a measurable impact on the growth of the organization.

POL considers its employees the most valuable asset. The selection procedures and employment policies are geared to attract and retain capable and qualified employees who are willing to contribute their best efforts to accomplish the objectives of the Company.

Employees are trained on soft and technical skills to narrow the gap between actual and required performance. Trainings are conducted regularly to provide employees with opportunities to acquire knowledge and develop skills through training and self-development to the mutual advantage of the employees and the company.

POL considers it a social responsibility to assist the Universities of the country in improving its human resources pool, and therefore actively participates in any scheme that trains the professional youth of the country. For this purpose internships are offered to students from various universities.

Annual Performance Appraisal offers a valuable opportunity to focus on work activities and goals. to identify and correct existing problems, and to encourage better future performance.

#### **Khaur Hospital**

The Company is maintaining an end-to-end smart hospital with state of the art medical technologies at Khaur with a mission to provide quality patient care, The hospital provides quality medical care, vital health services and free emergency assistance round the

Presently the hospital is manned by specialists in the field of Medicine, Surgery, Gynecology and Obstetrics, Pediatrics, Anesthesiology, Family Medicine aided by visiting specialist in field on ENT. Eye, Gastroenterology, Skin and Ultrasonolgy.

The primary care structure comprise of 6 physicians giving round the clock medical coverage to outdoor and indoor patients.

Modern emergency services are provided free of cost to road accident injured persons which helps to save lives. It is the only hospital in the area providing such facilities to the general public.

Other Healthcare Facilities Other healthcare facilities provided by the Company at fields are:

- Regular free dispensaries have been organized for the local community of the Pindori and Balkassar area.
- Field hospital / dispensaries at Meyal.
- Annual vaccination program launched in collaboration with district health department.
- POL is running a Poor Patient Fund which was established by chairman of the company (Contributed by Chairman and employees) catering for about 250 plus registered persons providing day to day medical care.

### **Community Health Program**

In addition to facilitating the general public through POL Hospital, medical camps in different areas were also arranged where medical check up's and medicines were distributed free of cost at their door steps.

#### Occupational health and safety (OH&S)

Safety Committee oversees safety, health and wellbeing within the workplace. The committee regularly monitors the effectiveness of OH &S systems, policies and programs to reduce workplace risks and promote safe and healthy working environments and key OH &S issues and performance.

Our primary objectives are to ensure the safety of our people in occupational and operational environments and to ensure safe and knowledgeable use of hazardous materials used during operations.

In addition to regulatory requirements, occupational

Comparison of workplace accidents, during last three years given below:

and research activities at POL are guided by internal policies. Department heads and managers all have the responsibility to develop, implement and maintain all elements of the safety program.

The Company has instituted a safety management system built on comprehensive and structured programs designed to reduce accidents and eliminate injuries at all our locations. The structure of "Emergency Response Teams" is well defined and the required contingency plans have been established which regulate emergency organization, responsibilities, list of key personnel, important telephone numbers, communication plans and sequence of activities to mitigate the situation.

# Safety

We are committed to providing a safe and healthy work environment and preventing accidents. Employees are accountable for observing the safety and health rules and practices that apply to their jobs. They are expected to take precautions necessary to protect themselves and their co-workers, including immediate reporting of accidents, injuries and unsafe practices or conditions. Employees are also expected to work free from the influence of any substance that could prevent or impair them from performing their jobs safely and effectively.

Procedures and processes are regularly reviewed to ensure that the standards set are linked to industry best practices. Health and safety training is provided to employees to ensure that they perform their work in accordance with the Company's standards and targets. In this respect, in-house training for fire safety, first aid, safe driving and occupational health and safety is carried out regularly.

The Company ensures that employees and where applicable, contractors are aware of potential hazards and of the Company's requirements for healthy, safe and environment friendly working practices. POL issues a monthly Safety bulletin for all employees. These initiatives have helped in the reduction of workplace injuries.

Safety drills are carried out regularly to ensure that the state of preparedness and emergency response times remain within established limits. Safety planning is carried out for each concession area of the Company separately.

Tool box talks and on Field training sessions are conducted by HSE department in each field on regular basis. Following is the comparison of the trainings given by HSE department in last three years.

| Year 2014           |                        | Year 2015           |                        | Year 2016           |                        |

#### **Codes of practice**

Company maintains a leadership position in the industry, being one of the first Pakistani Exploration and Production company, we have developed effective policies and procedures over the period of time in all areas of our activities. The Company has

codes of practice in place for each of its divisions and where appropriate for businesses within a division.

## **Corporate Governance**

The concept of corporate governance has unquestionably climbed up the corporate agenda. Across the globe we have witnessed a proliferation of regulations, codes, recommendations and principles on the subject. On adopting the current code of corporate governance, the Board determined that the appropriate approach to governance was to adopt a framework that drew on the governance requirements and best practices across the globe.

- a) The financial statements, prepared by the management, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- b) Proper books of account of the Company have been maintained.
- Appropriate accounting policies have been consistently applied in preparation of the financial statements. Accounting estimates are based on reasonable and prudent judgment.
- d) International Financial Reporting Standards, as applicable in Pakistan, have been followed in the preparation of the financial statements.
- e) The system of internal control is sound in design and has been effectively implemented and monitored.
- f) There are no doubts upon the Company's ability to continue as a going concern.
- g) There has been no material departure from the best practices of corporate governance, as detailed in the listing regulations.
- Significant deviations from last year's operating results have been disclosed as appropriate in the Directors' Report / Chairman's review and in the notes to the accounts, annexed to this report.
- i) The Company does not envisage corporate restructuring or discontinuation of its operations in the foreseeable future.
- j) Key operating and financial data of the last six years in summarized form is annexed.
- k) All major Government levies in the normal course of business, payable as at June 30, 2016, have been cleared subsequent to the year-end.

The values of investments in employee retirement funds based on the latest accounts as of June 30, 2016 are as follows:

| Management Staff Pension Fund | Rs 999 million |
|-------------------------------|----------------|

# Review Report to the Members on the Statement of Compliance with the Code of Corporate Governance

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance (the code) prepared by the Board of Directors of Pakistan Oilfields Limited, the company for the year ended June 30, 2016 to comply with the requirements of the clause no. 5.19.23 of Pakistan Stock Exchange Limited regulation.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any noncompliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before, the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended June 30, 2016.

# Statement of Compliance, with the Code of Corporate Governance for the year ended June 30, 2016

This statement is being presented to comply with the Code of Corporate Governance (the code) contained in the Rule Book of the Pakistan Stock Exchange Limited (PSX) for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the Code in the following manner:

 The company encourages representation of independent non-executive directors and directors representing minority interests on its board of directors. At present the board includes:

| Category                | Names                            |
|-------------------------|----------------------------------|
| Independent Directors   | Mr. Tariq Iqbal Khan             |
|                         | Mr. Nihal Cassim                 |
| Executive Directors     | Mr. Shuaib A. Malik              |
| Non-Executive Directors | Dr. Ghaith R. Pharaon*           |
|                         | Mr. Laith G. Pharaon**           |
|                         | Mr. Mofarrih Saeed H<br>Alghamdi |
|                         | Mr. Abdus Sattar                 |

- \* Alternate Director Mr. Bilal A. Khan, G.M-POL
- \*\* Alternate Director Mr. Sajid Nawaz (M.D)
- \*\*\* Alternate Director Mr. Babar Bashir Nawaz

The independent directors meet the criteria of independence under clause 5.19.1(b) of the Code.

- The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this company (excluding the listed subsidiaries of listed holding companies where applicable).
- All the resident directors of the company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or

- an NBFI or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
- 4. A casual vacancy accruing on the board on November 13, 2015 was filled by the directors within three days.
- The company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
- 6. The board has developed a vision/mission statement, overall corporate strategy and significant policies of the company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
- 7. All the powers of the board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO, other executive and non-executive directors, have been taken by the board/shareholders.
- 8. The meetings of the board were presided over by the Chairman and, in his absence, by a director elected by the board for this purpose and the board met at least once in every quarter. Written notices of the board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
- Most of the directors meet the exemption requirement of the directors' training program. The remaining directors have obtained certification under directors' training program upto June 30, 2018.
- The board has approved appointment of CFO, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment.

# Statement of Compliance, with the Code of Corporate Governance for the year ended June 30, 2016

- 11. The directors' report for this year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.
- The financial statements of the company were duly endorsed by CEO and CFO before approval of the board.
- 13. The directors, CEO and executives do not hold any interest in the shares of the company other than that disclosed in the pattern of shareholding.
- 14. The company has complied with all the corporate and financial reporting requirements of the Code.
- 15. The board has formed an Audit Committee. It comprises five members, of whom two are independent, three are non-executive directors. One of the non-executive directors is represented by an alternate director who is an executive of the Company.
- 16. The meetings of the audit committee were held at least once every quarter prior to approval of interim and final results of the company as required by the Code. The terms of reference of the committee have been formed and advised to the committee for compliance.
- 17. The board has formed a Human Resource and Remuneration (HR&R) Committee. It comprises four members, of whom three are non-executive directors. One of the non-executive directors is represented by an alternate director who is an executive of the Company. Chairman of the committee is a non-executive director.
- 18. The board has set up an effective internal audit function.
- 19. The statutory auditors of the company have confirmed that they have been given a satisfactory rating under the quality control review program of the ICAP, that

- they or any of the partners of the firm, their spouses and minor children do not hold shares of the company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the !CAP.
- 20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 21. The 'closed period', prior to the announcement of interim/final results, and business decisions, which may materially affect the market price of company's securities, was determined and intimated to directors, employees and stock exchanges.
- 22. Material/price sensitive information has been disseminated among all market participant at once through stock exchanges.
- 23. We confirm that all other material principles enshrined in the Code have been complied with.

# Auditors' Report to the Members

We have audited the annexed balance sheet of Pakistan Oilfields Limited as at June 30, 2016 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

(a) in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984;

### (b) in our opinion

- (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
- (ii) the expenditure incurred during the year was for the purpose of the Company's business; and
- (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2016 and of the profit, total comprehensive income, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

Shuaib A. Malik Chief Executive

Abdus Sattar Director

For the year ended June 30, 2016

#### 1. **LEGAL STATUS AND OPERATIONS**

The Company is incorporated in Pakistan as a public limited company and its shares are quoted on Pakistan Stock Exchange Limited. The registered office of the Company is situated at Morgah, Rawalpindi. The Company is principally engaged in exploration, drilling and production of crude oil and gas. Its activities also include marketing of liquefied petroleum gas under the brand name POLGAS and transmission of petroleum. The Company is a subsidiary of The Attock Oil Company Limited, UK and its ultimate parent is Bay View International Group S.A.

#### 2. STATEMENT OF COMPLIANCE

These are separate financial statements of the Company. These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

#### **NEW AND AMENDED STANDARDS AND INTERPRETATIONS** 3.

3.1 Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Company:

|         |  | Effective date<br>(annual reporting<br>periods beginning<br>on or after) |
|---------|--|--|
| IFRS 5  | Non-current Assets Held for Sale and Discontinued        | July 1, 2016   |
|         | Operations (Amendments)                                  |  |
| IFRS 7  | Financial Instruments: Disclosures (Amendments)          | July 1, 2016   |
| IFRS 14 | Regulatory Deferral Accounts                             | January 1, 2016  |
| IFRS 15 | Revenue from Contracts with Customers                    | January 1, 2018  |
| IFRS 16 | Leases   | January 1, 2019  |
| IAS 1   | Presentation of Financial Statements (Amendments)        | January 1, 2016  |
| IAS 7   | Statement of Cash Flows (Amendments)                     | January 1, 2017  |
| IAS 12  | Income Taxes (Amendments)                                | January 1, 2017  |
| IAS 16  | Property, Plant and Equipment (Amendments)               | January 1, 2016  |
| IAS 19  | Employee Benefits (Amendments)                           | January 1, 2016  |
| IAS 27  | Separate Financial Statements (Amendments)               | January 1, 2016  |
| IAS 28  | Investment in Associates and Joint ventures (Amendments) | January 1, 2016  |
| IAS 34  | Interim Financial Reporting (Amendments)                 | January 1, 2016  |
| IAS 38  | Intangible Assets (Amendments)                           | January 1, 2016  |
| IAS 41  | Agriculture (Amendments)                                 | January 1, 2016  |

For the year ended June 30, 2016

The management anticipates that adoption of above standards, amendments and interpretations in future periods will have no material impact on the Company's financial statements other than in presentation / disclosures.

**3.3** Further, the following new standards and interpretations have been issued by the International Accounting Standards Board (IASB), which are yet to be notified by the Securities and Exchange Commission of Pakistan (SECP), for the purpose of their applicability in Pakistan:

IFRS 1 First-time Adoption of International Financial Reporting Standards

IFRS 9 Financial Instruments

**3.4** The following interpretations issued by the IASB have been waived off by SECP:

IFRIC 4 Determining whether an arrangement contains lease

IFRIC 12 Service concession arrangements

#### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 4.1 Basis of measurement

These financial statements have been prepared under the historical cost convention except as otherwise disclosed in the respective accounting policy notes.

#### 4.2 Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions. The management has determined that the Company has a single reportable segment as the Board of Directors views the Company's operations as one reportable segment.

#### 4.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pakistan Rupees, which is the Company's functional currency.

#### 4.4 Foreign currency transactions and translation

Transactions in foreign currencies are recorded at the rates of exchange ruling on the date of transaction. All assets and liabilities in foreign currencies are translated into rupees at the rates of exchange ruling on the date of the balance sheet. Exchange differences are dealt with through the profit and loss account.

For the year ended June 30, 2016

#### 4.5 **Taxation**

Provision for current taxation is based on taxable income at applicable tax rates, adjusted for royalty payments to the Government.

Deferred tax is accounted for on all temporary differences using the liability method. Deferred tax liability has been calculated at the estimated effective rate of 30% after taking into account availability of future depletion allowance and set off available in respect of royalty payments to the Government.

#### 4.6 **Provisions**

Provisions are recognized when the Company has a legal or constructive obligation as a result of past events, when it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

#### 4.7 Provision for decommissioning cost

Provision for decommissioning cost is recognized in full for development wells and production facilities. The amount recognized is the present value of the estimated cost to abandon a well and remove production facilities. A corresponding intangible asset of an amount equivalent to the provision is also created and is amortized on unit of production basis over the total proved developed reserves of the field or @ 5% where the life of a field is more than 20 years.

Most of these abandonment and removal events are many years in the future and the precise requirements that will have to be met when the abandonment and removal event actually occurs are uncertain. Abandonment and asset removal technologies and costs are constantly changing, as are political, environmental, safety and public expectations. Consequently, the timing and amount of future cash flows are subject to significant uncertainty.

The timing and amount of future expenditures are reviewed annually, together with the interest rate to be used in discounting the cash flows.

The effect of changes resulting from revisions to the estimate of the liability are incorporated on a prospective basis.

The decommissioning cost has been discounted at a real discount rate of 1.74% p.a. (2015: 2.15% p.a.). The increase in provision due to unwinding of discount is recorded as finance cost.

#### 4.8 **Employee compensated absences**

The Company provides for compensated absences for all eligible employees in accordance with the rules of the Company.

For the year ended June 30, 2016

#### 4.9 Staff retirement benefits

The Company operates the following staff retirement benefits plans:

A pension plan for its management staff and a gratuity plan for its management and non-management staff. The pension and gratuity plans are invested through approved trust funds. Both are defined benefit final salary plans. The pension and gratuity plans are complementary plans for management staff. Pension payable to management staff is reduced by an amount determined by the actuary equivalent to amount paid by the gratuity fund. Management staff hired after January 1, 2012 are only entitled to benefits under gratuity fund. Actuarial valuations are conducted annually using the "Projected Unit Credit Method" and the latest valuation was conducted as at June 30, 2016.

Actuarial gain and losses arising from experience adjustments and change in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Past service costs are recognized immediately in income.

Since both are complementary plans, combined details and valuation for pension plan and gratuity plan are given in note 34.

Separate approved contributory provident funds for management and non-management employees (ii) for which contributions are made by the company and the employee at the rate of 10% of basic salary.

#### 4.10 Trade and other payables

Liabilities for trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received.

#### 4.11 **Contingent liabilities**

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

For the year ended June 30, 2016

#### 4.12 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses except for freehold land and capital work in progress, which are stated at cost.

Depreciation is provided on straight line method at rates specified in note 12 to the financial statements. Depreciation is charged on additions from the month the assets become available for the intended use up to the month in which these are derecognized.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized and the assets so replaced, if any, are retired. Gains and losses on derecognition of assets are included in income currently.

### 4.13 Exploration assets/ costs and development costs

4.13.1 Exploration and development costs are accounted for using the "Successful Efforts Method" of accounting.

## 4.13.2 Exploration costs

All exploration costs, other than those relating to exploratory drilling, are charged to income as incurred. Exploratory drilling costs i.e. costs directly associated with drilling of an exploratory well, are initially capitalized pending determination of proven reserves. These costs are either charged to income if no proved reserves are found or transferred to development costs if proved reserves are found.

All capitalized costs are subject to review for impairment at least once a year and any impairment determined is immediately charged to income.

## 4.13.3 Development costs

Development costs are stated at cost less accumulated amortization and impairment losses. Expenditure on drilling of development wells, including unsuccessful development wells, is capitalized within development costs. Capitalized development costs are amortized on a unit of production basis over the total proved developed reserves of the field or @ 5% per annum where the life of the field is more than 20 years.

### 4.14 Investments in subsidiary and associated companies

These investments are carried at cost less impairment losses. The profits and losses of the subsidiary and associated companies are carried forward in the financial statements of the subsidiary and associated companies and not dealt within or for the purpose of these financial statements except to the extent of dividend declared by the subsidiary and associated companies. Gain and loss on disposal of investment is included in income currently.

For the year ended June 30, 2016

#### 4.15 **Stores and spares**

Stores and spares are valued at cost determined on moving average formula less allowance for obsolete items. Stores in transit are stated at invoice value plus other charges paid thereon.

#### 4.16 Stock in trade

Stocks are valued at the lower of average annual cost (including appropriate production overheads) and net realizable value. Net realizable value is determined on the basis of estimated selling price of the product in the ordinary course of business less costs necessary to be incurred for its sale.

### 4.17 Impairment of non-financial assets

Assets that have an indefinite useful life, for example land, are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each balance sheet date, or wherever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which the asset's carrying amount exceeds its recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each balance sheet date. Reversals of the impairment loss are restricted to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no new impairment loss had been recognized. An impairment loss or reversal of impairment loss is recognized in income for the year.

#### 4.18 **Financial instruments**

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument and de-recognized when the Company loses control of the contractual rights that comprise the financial assets and in case of financial liabilities when the obligation specified in the contract is discharged, cancelled or expired. All financial assets and liabilities other than at fair value through profit or loss assets and liabilities are initially recognized at fair value plus transaction costs. Financial assets and liabilities carried at fair value through profit or loss are initially recognized at fair value, and transaction costs are charged to income for the year. These are subsequently measured at fair value, amortized cost or cost, as the case may be. Any gain or loss on derecognition of financial assets and financial liabilities is included in income for the year.

#### 4.19 **Financial assets**

The Company classifies its financial assets in the following categories: investments at fair value through profit or loss, held-to-maturity investments, loans and receivables, and available for sale investments. The classification depends on the purpose for which the financial assets were acquired. Management determines

For the year ended June 30, 2016

the classification of its financial assets at initial recognition. Regular purchases and sales of financial assets are recognized on the trade-date - the date on which the company commits to purchase or sell the asset.

## Investments at fair value through profit or loss

Investments classified as investments at fair value through profit or loss are initially measured at cost being fair value of consideration given. At subsequent dates these investments are measured at fair value with any resulting gains or losses charged directly to income. The fair value of such investments is determined on the basis of prevailing market prices.

## **Held-to-maturity investments**

Investments with fixed payments and maturity that the Company has the intent and ability to hold to maturity are classified as held-to-maturity investments and are carried at amortized cost less impairment losses.

## (iii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the balance sheet date. These are classified as non-current assets. The Company's loans and receivables comprise 'Long term loans and advances', 'Trade debts', 'Advances, deposits and other receivables', and 'Cash and bank balances' in the balance sheet. Loans and receivables are carried at amortized cost using the effective interest method less allowance for any uncollectible amounts.

An allowance for uncollectible amounts is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms. Significant financial difficulties of the counter party, probability that the counter party will enter bankruptcy or financial reorganization, and default or delinquency in payments (more than the credit period specified in sales agreements) are considered indicators that the amount is uncollectible. When the amount is uncollectible, it is written off against the allowance.

## (iv) Available-for-sale investments

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date.

Available-for-sale investments are initially recognized at cost and carried at fair value at the balance sheet date. Fair value of a quoted investment is determined in relation to its market value (current bid prices) at the balance sheet date. If the market for a financial asset is not active (and for unlisted securities), the Company establishes fair value by using valuation techniques/ Net Asset Values (NAVs) quoted by

For the year ended June 30, 2016

the respective Asset Management Company. Adjustment arising from remeasurement of investment to fair value is recorded in the statement of comprehensive income and taken to income on disposal of the investment or when the investment is determined to be impaired.

#### 4.20 Impairment of financial assets

The Company assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

## 4.21 Offsetting

Financial assets and liabilities are offset and the net amount is reported in the balance sheet if the Company has a legally enforceable right to set off the recognized amounts and the Company intends to settle on a net basis, or realize the asset and settle the liability simultaneously.

## 4.22 Revenue recognition

Revenue from sales is recognized on dispatch of products to customers. Revenue from services is recognized when the related services are rendered. Effect of adjustment, if any, arising from revision in sale price is reflected as and when the prices are finalized with the customers and/or approved by the Government.

Income on held-to-maturity investments and bank deposits is recognized on time proportion basis using the effective yield method.

Dividend income is recognized when the right to receive dividend is established.

### 4.23 Joint arrangements

Investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual right and obligations of the parties to the arrangement. The company has assessed the nature of its joint arrangements and determined them to be joint operations. The company has recognized its share of assets, liabilities, income and expenditure jointly held or incurred under the joint operations on the basis of latest available audited accounts of the joint operations and where applicable, the cost statements received from operators of the joint arrangements for the intervening period upto the balance sheet date.

### 4.24 Cash and cash equivalents

For the purpose of the cash flow statement, cash and cash equivalents comprise cash in hand, demand deposits and other short term highly liquid investments that are readily convertible to known amounts

For the year ended June 30, 2016

of cash and which are subject to an insignificant risk of change in value, and finances under mark up arrangements.

#### 4.25 **Dividend distribution**

Dividend distribution to the shareholders is accounted for in the period in which dividend is declared.

#### CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS 5.

The preparation of financial statements in conformity with approved accounting standards requires the use of certain accounting estimates. It also requires management to exercise judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectation of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

- Estimated crude oil/gas reserves used for amortization of development and decommissioning costs - note 13
- Estimated useful life of property, plant and equipment note 12 ii)
- iii) Estimated costs and discount rate used for provision for decommissioning cost note 4.7
- iv) Estimated value of staff retirement benefits obligations note 34
- Provision for taxation note 4.5 v)
- vi) Price adjustment related to crude oil sales note 4.22

23.1 During the year, the Company has signed the Supplemental Agreements with the Government of Pakistan (the Government) for conversion of Petroleum Concession Agreements (PCA) to Petroleum Exploration & Production Policy 2012 in respect of Ikhlas, DG Khan, Kirthar South, Margala, Margala North, Gurgalot and Tal Block. Price regimes prevailing in Petroleum Policy 2007, Petroleum Policy 2009 and Petroleum Policy 2012 shall be applicable correlated with the spud date of wells in the respective policies starting from November 27, 2007 and for future exploratory efforts under the above mentioned blocks.

In terms of supplemental agreements, draft statements specifying sums aggregating US \$ 34.39 million till June 30, 2015 due to the Company in respect of Mamikhel, Maramzai & Makori East discoveries in TAL block and Domial discovery in Ikhlas block have been submitted to the Government. The Government shall facilitate issuance of necessary gas price notifications and payments to be made to the parties within twelve months of the statements being finalized. Effect of adjustment arising from revision in sale price will be recognised upon finalization of the statements and issuance of gas price notifications by the Government.

## 33.2 Credit quality of financial assets

The credit quality of Company's financial assets have been assessed below by reference to external credit ratings of counterparties determined by The Pakistan Credit Rating Agency Limited (PACRA) and JCR - VIS Credit Rating Company Limited (JCR-VIS). The counterparties for which external credit ratings were not available have been assessed by reference to internal credit ratings determined based on their historical information for any defaults in meeting obligations.

|  | Rating                     | 2016                                       | 2015                                    |

## 33.3 FINANCIAL RISK MANAGEMENT

## 33.3.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including currency risk, interest rates risk and price risk). The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

## (a) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

As of June 30, 2016, trade debts of Rs 432,809 thousand (2015: Rs 758,918 thousand) were past due but not impaired. The ageing analysis of these trade receivables is as follows:

|                          | 2016    | 2015     |
|--------------------------|---------|----------|
|                          | Rupees  | s ('000) |
| Due from related parties |         |          |
| Up to 3 months           | 132,893 | 217,926  |
| 3 to 6 months            | 15,470  | 24,214   |
| 6 to 12 months           | 62,219  | 41,041   |
| Above 12 months          | 50,402  | 55,341   |
|                          | 260,984 | 338,522  |
| Due from others          |         |          |
| Up to 3 months           | 67,524  | 245,898  |
| 3 to 6 months            | 65,492  | 49,106   |
| 6 to 12 months           | 8,539   | 37,028   |
| Above 12 months          | 30,270  | 88,364   |
|                          | 171,825 | 420,396  |
|                          | 432,809 | 758,918  |

## (b) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash and marketable securities. At June 30, 2016, the Company had financial assets of Rs 15,155,119 thousand (2015: Rs 15,435,690 thousand).

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet to the maturity date. The amounts disclosed in the table are undiscounted cash flows which have been inflated using appropriate inflation rate, where applicable.

For the year ended June 30, 2016

## (c) Market risk

## (i) Currency risk

Foreign exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from currency exposure with respect to the US dollar. Currently foreign exchange risk is restricted to trade debts, bank balances, receivable from/ payable to joint operating partners, payable to suppliers and provision for decommissioning cost.

Financial assets include Rs 9,015,982 thousand (2015: Rs 9,930,685 thousand) and financial liabilities include Rs 11,144,291 thousand (2015: Rs 9,422,605 thousand) which are subject to currency

If exchange rates had been 10% higher/ lower with all other variables held constant, profit after tax for the year would have been Rs 144,725 thousand lower/higher (2015: Rs 34,041 thousand higher/ lower).

## (ii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no significant long term interest bearing financial assets and liabilities whose fair value or future cash flows will fluctuate because of changes in market interest rates.

Financial assets include Rs 10,710,697 thousand (2015: Rs 10,574,104 thousand) and financial liabilities include Rs 9,821,240 thousand (2015: Rs 8,442,955 thousand) which are subject to interest rate risk. Applicable interest rates for financial assets have been indicated in respective notes.

If interest rates had been 1% higher/lower with all other variables held constant, profit after tax for the year would have been Rs 72,368 thousand (2015: Rs 71,212 thousand) higher/lower, mainly as a result of higher/lower interest income from these financial assets.

For the year ended June 30, 2016

## (iii) Price risk

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Company is exposed to equity securities price risk because of investments held by the Company and classified on the balance sheet as available for sale. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the investment policy of the Company.

Available for sale investments include Rs 5,975 thousand (2015: Rs 5,726 thousand) which were subject to price risk.

## 33.3.2 Capital risk management

The Company's objectives when managing capital are to ensure the Company's ability not only to continue as a going concern but also to meet its requirements for expansion and enhancement of its business, maximize return of shareholders and optimize benefits for other stakeholders to maintain an optimal capital structure and to reduce the cost of capital.

In order to achieve the above objectives, the Company may adjust the amount of dividends paid to shareholders, issue new shares through bonus or right issue or sell assets to reduce debts or raise debts, if required.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. The gearing ratio of the Company has always been low and the Company has mostly financed its projects and business expansions through equity financing. Further, the Company is not subject to externally imposed capital requirements.

## 33.3.3 Fair value of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values. The table below analyzes financial assets that are measured at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices in active markets for identical assets and liabilities;
- Level 2: Observable inputs; and
- Level 3: Unobservable inputs

The company held the following financial assets at fair value:

| The company hold the following                               | Level 1 | Level 2 | Level 3  | Total |

34.1 The amounts recognized in the balance sheet are as follows:

| O-1.1 | The amounts recognized in the balance sheet are as follows.  | 2016   | 2015   |
|-------|--|--|--|
|       |  | Rup  | ees ('000)   |
|       | Present value of defined benefit obligations Fair value of plan assets   | 1,381,416<br>(1,413,566)<br>(32,150)                                 | 1,392,170<br>(1,360,238)<br>31,932                                   |
|       | Amounts in the balance sheet: Gratuity Fund-(Asset) Management Staff Pension Fund-Liability Net (Assets)/Liability                     | (55,085)<br>22,935<br>(32,150)                                       | (14,268)<br>46,200<br>31,932   |
| 34.2  | The amounts recognized in the profit and loss account are as follows:  |  |  |
|       | Current service cost<br>Net interest cost  | 32,127<br>(363)<br>31,764  | 31,795<br>(4,640)<br>27,155  |
| 34.3  | Changes in the present value of defined benefit obligation are as follows:   |  |  |
|       | Opening defined benefit obligation Current service cost Interest cost Measurement Benefits paid  | 1,392,170<br>32,127<br>132,443<br>(39,849)<br>(135,475)              | 1,279,064<br>31,795<br>158,498<br>42,517<br>(119,704)                |
|       | Closing defined benefit obligation   | 1,381,416  | 1,392,170  |
| 34.4  | Changes in fair value of plan assets are as follows:   |  |  |
|       | Opening fair value of plan assets Interest income Measurement Contribution by employer Benefits paid Closing fair value of plan assets | 1,360,238<br>132,806<br>(15,136)<br>71,133<br>(135,475)<br>1,413,566 | 1,277,120<br>163,138<br>(35,585)<br>75,269<br>(119,704)<br>1,360,238 |

For the year ended June 30, 2016

34.5 The major categories of plan assets as a percentage of total plan assets of defined pension and gratuity plan are as follows:

|                              | 2016          |     | 2015          |     |
|------------------------------|---------------|-----|---------------|-----|
|                              | Rupees ('000) | %   | Rupees ('000) | %   |
| Government bonds             | 1,073,780     | 76  | 843.915       | 62  |
| National savings deposits    | 24,211        | 2   | 20,726        | 2   |
| Cash and cash equivalents    | 329,591       | 23  | 519,841       | 38  |
| Benefits due                 | (5,320)       | -   | (12,717)      | (1) |
| Allocated to holding company | (8,696)       | (1) | (11,527)      | (1) |
|                              | 1,413,566     | 100 | 1,360,238     | 100 |

Government bonds are valued at quoted market price and are therefore level 1. Cash equivalents and National Savings deposits include level 2 assets.

Both funds covered were invested within limits specified by regulations governing investment of approved retirement funds in Pakistan. The funds have no investment in the company's own securities.

### 34.6 **Principal actuarial assumptions**

The principal assumptions used in the actuarial valuation are as follows:

|  | 2016                 | 2015                  |
|--|----------------------|-----------------------|
|  | %                    | %                     |
| Discount rate Expected rate of salary increase Expected rate of pension increase | 7.50<br>5.45<br>2.40 | 10.00<br>8.00<br>4.75 |

- 34.7 Mortality was assumed to be 70% of the EFU(61-66) Table at valuations on both dates, June 30, 2015 and 2016.
- 34.8 The pension and gratuity plans are defined benefits final salary plans both plans are invested through approved trust funds. The trustees of the funds are responsible for plan administration and investment. The Company appoints the trustees who are employees of the Company.

The plans expose the Company to various actuarial risks: investment risk and salary risk from both plans and longevity risk from the pension plan.

The asset ceiling does not apply. The Company can use the surplus in the pension and gratuity fund to reduce its future contributions or can apply to the Commissioner of Income Tax for a refund.

For the year ended June 30, 2016

### Sensitivity analysis 34.9

The calculation of the defined benefit obligation is sensitive to assumptions set out above. The following table summarizes how the impact on the defined benefit obligation at the end of the reporting period would have increased/ (decreased) as a result of a change in respective assumptions by one percent.

|                  | Defined benefit obligatio |           |
|------------------|---------------------------|-----------|
|                  | 1 percent                 | 1 percent |
|                  | increase                  | decrease  |
| Discount rate    | (112,942)                 | 134,449   |
| Salary increase  | 33,570                    | (30,366)  |
| Pension increase | 101,243                   | (87,868)  |

If life expectancy increases by 1 year, the obligation increases by Rs 37,546 thousand.

The impact of changes in financial assumptions has been determined by revaluation of the obligations on different rates. The impact of increase in longevity has been calculated on the aggregate for each class of employees.

**34.10** The weighted average number of the defined benefit obligation is given below:

| Plan Duration | Pension | Gratuity |
|---------------|---------|----------|
|               | Years   |          |
| June 30, 2016 | 11.6    | 4.6      |
| June 30, 2015 | 11.6    | 4.3      |

34.11 The Company contributes to the pension and gratuity funds on the advice of the fund's actuary. The contributions are equal to the current service cost with adjustment for any deficit.

| Projected payments    | Pension | Gratuity |
|-----------------------|---------|----------|
|                       | Rupees  | s ('000) |
| Contributions FY 2017 | 22,704  | 50,563   |
| Benefit payments:     |         |          |
| FY 2017               | 68,134  | 59,550   |
| FY 2018               | 75,526  | 60,880   |
| FY 2019               | 77,076  | 67,099   |
| FY 2020               | 79,365  | 41,396   |
| FY 2021               | 85,648  | 72,015   |
| FY 2022-26            | 444,818 | 94,724   |

For the year ended June 30, 2016

### 35. **EARNINGS PER SHARE - BASIC AND DILUTED**

|  | 2016      | 2015      |
|--|-----------|-----------|
|  | Rupees    | s ('000)  |
| Profit for the year (in thousand rupees)   | 7,233,815 | 8,458,875 |
| Weighted average number of ordinary shares in issue during the year (in thousand shares) | 236,546   | 236,546   |
| Basic and diluted earnings per share (Rupees)  | 30.58     | 35.76     |

### 36. TRANSACTIONS WITH RELATED PARTIES

The annexed notes 1 to 47 form an integral part of these financial statements.

Shuaib A. Malik Chief Executive

Abdus Sattar Director

For the year ended June 30, 2016

#### 1. **LEGAL STATUS AND OPERATIONS**

The Company is incorporated in Pakistan as a public limited company and its shares are quoted on Pakistan Stock Exchange Limited. The registered office of the Company is situated at Morgah, Rawalpindi. The Company is principally engaged in exploration, drilling and production of crude oil and gas. Its activities also include marketing of liquefied petroleum gas under the brand name POLGAS and transmission of petroleum. The Company is a subsidiary of The Attock Oil Company Limited, UK and its ultimate parent is Bay View International Group S.A.

CAPGAS (Private) Limited (CAPGAS), the subsidiary company is incorporated in Pakistan as a private limited company under the Companies Ordinance, 1984 and is principally engaged in buying, filling, distribution and dealing in Liquefied Petroleum Gas (LPG).

For the purpose of these financial statements, POL and its consolidated subsidiary are referred as the Company.

#### STATEMENT OF COMPLIANCE 2.

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

Effective date

#### **NEW AND AMENDED STANDARDS AND INTERPRETATIONS** 3.

3.1 Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Company:

|         |   | (annual reporting periods beginning on or after) |
|---------|---|--|
| IFRS 5  | Non-current Assets Held for Sale and Discontinued Operations (Amendments) | July 1, 2016                                     |
| IFRS 7  | Financial Instruments: Disclosures (Amendments)                           | July 1, 2016                                     |
| IFRS 14 | Regulatory Deferral Accounts  | January 1, 2016                                  |
| IFRS 15 | Revenue from Contracts with Customers                                     | January 1, 2018                                  |
| IFRS 16 | Leases  | January 1, 2019                                  |
| IAS 1   | Presentation of Financial Statements (Amendments)                         | January 1, 2016                                  |
| IAS 7   | Statement of Cash Flows (Amendments)                                      | January 1, 2017                                  |
| IAS 12  | Income Taxes (Amendments)   | January 1, 2017                                  |

| IAS 19  | Employee Benefits (Amendments)  | January 1, 2016                                  |
| IAS 27  | Separate Financial Statements (Amendments)                                | January 1, 2016                                  |
| IAS 28  | Investment in Associates and Joint ventures (Amendments)                  | January 1, 2016                                  |
| IAS 34  | Interim Financial Reporting (Amendments)                                  | January 1, 2016                                  |
| IAS 38  | Intangible Assets (Amendments)  | January 1, 2016                                  |
| IAS 41  | Agriculture (Amendments)  | January 1, 2016                                  |

For the year ended June 30, 2016

The management anticipates that adoption of above standards, amendments and interpretations in future periods will have no material impact on the Company's financial statements other than in presentation / disclosures.

- 3.2 Further, the following new standards and interpretations have been issued by the International Accounting Standards Board (IASB), which are yet to be notified by the Securities and Exchange Commission of Pakistan (SECP), for the purpose of their applicability in Pakistan:
  - IFRS 1 First-time Adoption of International Financial Reporting Standards
  - IFRS 9 Financial Instruments
- 3.3 The following interpretations issued by the IASB have been waived off by SECP:
  - IFRIC 4 Determining whether an arrangement contains lease
  - IFRIC 12Service concession arrangements

#### **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** 4.

#### 4.1 **Basis of measurement**

These financial statements have been prepared under the historical cost convention except as otherwise disclosed in the respective accounting policies notes.

#### 4.2 Basis of consolidation

The consolidated financial statements include the financial statements of POL and its subsidiary CAPGAS with 51% holding (2015: 51%).

#### a) **Subsidiary**

Subsidiaries are all entities (including structured entities) over which the Company has control. The Company controls an entity when the Company is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Company. They are deconsolidated from the date that control ceases.

The assets and liabilities of subsidiary company have been consolidated on a line by line basis and the carrying value of investments held by the parent company is eliminated against the subsidiary shareholders' equity in the consolidated financial statements.

Material intra-group balances and transactions have been eliminated.

Non - controlling interests are that part of the net results of the operations and of net assets of the subsidiary attributable to interests which are not owned by the parent company. Non - controlling interest are presented as a separate item in the consolidated financial statements.

For the year ended June 30, 2016

#### b) **Associates**

Associates are all entities over which the company has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investment in associates are accounted for using the equity method of accounting. Under this method, the investment is initially recognised at cost, and the carrying amount is increases or decreases to recognise the investor's share of the profit or loss of the investee after the date of acquisition. The Company's investment in associates includes goodwill identified on acquisition.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to profit and loss account where applicable.

The Company's share of post-acquisition profit is recognised in the profit and loss account, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income with the corresponding adjustment to the carrying amount of the investment. When the Company's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Company does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

The Company determines at each reporting date whether there is any objective evidence in the associate is impaired. If this is the case, the Company calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying amount and recognises the amount adjacent to share of profit/ (loss) of associates in the profit and loss account.

#### 4.3 **Operating segments**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions. The management has determined that the Company has a single reportable segment as the Board of Directors views the Company's operations as one reportable segment.

#### 4.4 **Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pakistan Rupees, which is the Company's functional currency.

#### 4.5 Foreign currency transactions and translation

Transactions in foreign currencies are recorded at the rates of exchange ruling on the date of transaction. All assets and liabilities in foreign currencies are translated into rupees at the rates of exchange ruling on the date of the balance sheet. Exchange differences are dealt with through the profit and loss account.

#### 4.6 **Taxation**

Provision for current taxation is based on taxable income at applicable tax rates, adjusted for royalty payments to the Government.

For the year ended June 30, 2016

Deferred tax is accounted for on all temporary differences using the liability method. Deferred tax liability of POL has been calculated at the estimated effective rate of 30% after taking into account availability of future depletion allowance and set off available in respect of royalty payments to the Government where as deferred tax liability of CAPGAS has been calculated at applicable tax rate.

#### 4.7 **Provisions**

Provisions are recognised when the Company has a legal or constructive obligation as a result of past events, when it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

#### 4.8 Provision for decommissioning cost

Provision for decommissioning cost is recognised in full for development wells and production facilities. The amount recognised is the present value of the estimated cost to abandon a well and remove production facilities. A corresponding intangible asset of an amount equivalent to the provision is also created and is amortized on unit of production basis over the total proved developed reserves of the field or @ 5% where the life of a field is more than 20 years.

Most of these abandonment and removal events are many years in the future and the precise requirements that will have to be met when the abandonment and removal event actually occurs are uncertain. Abandonment and asset removal technologies and costs are constantly changing, as are political, environmental, safety and public expectations. Consequently, the timing and amount of future cash flows are subject to significant uncertainty.

The timing and amount of future expenditures are reviewed annually, together with the interest rate to be used in discounting the cash flows.

The effect of changes resulting from revisions to the estimate of the liability are incorporated on a prospective basis.

The decommissioning cost has been discounted at a real discount rate of 1.74% p.a. (2015: 2.15% p.a.). The increase in provision due to unwinding of discount is recorded as finance cost.

#### 4.9 **Employee compensated absences**

The Company provides for compensated absences for all eligible employees in accordance with the rules of the Company.

#### 4.10 Staff retirement benefits

The Company and its subsidiary operates the following staff retirement benefits plans:

### POL

POL operates the following staff retirement benefits plans:

(i) A pension plan for its management staff and a gratuity plan for its management and non-management staff. The pension and gratuity plans are invested through approved trust funds. Both are defined benefit final salary plans. The pension and gratuity plans are complementary plans for management staff. Pension

For the year ended June 30, 2016

payable to management staff is reduced by an amount determined by the actuary equivalent to amount paid by the gratuity fund. Management staff hired after January 1, 2012 are only entitled to benefits under gratuity fund. Actuarial valuations are conducted annually using the ""Projected Unit Credit Method"" and the latest valuation was conducted as at June 30, 2016.

Actuarial gains and losses arising from experience adjustment and change in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Past service costs are recognized in immediately in income.

Since both are complementary plans, combined details and valuation for pension plan and gratuity plan are given in note 38. "

(ii) Separate approved contributory provident funds for management and non-management employees for which contributions are made by the company and the employee at the rate of 10% of basic salary.

### **CAPGAS**

The subsidiary is operating a non funded gratuity plan for management and non-management employees. The liability for gratuity plan is provided on the basis of actuarial valuation conducted as at June 30, 2016 using the "Project Unit Credit Method".

#### Trade and other payables 4.11

Liabilities for trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received.

#### 4.12 **Contingent liabilities**

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

#### 4.13 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses except for freehold land and capital work in progress, which are stated at cost.

Depreciation is provided on straight line method at rates specified in note 13 to the financial statements. Depreciation is charged on additions from the month the asset become available for the intended use upto the month in which these are derecognized.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalised and the assets so replaced, if any, are retired. Gains and losses on derecognition of assets are included in income currently.

For the year ended June 30, 2016

#### 4.14 Intangible assets

These are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is calculated using the straight line method over the period of useful life of the asset at the rates specified in note 16. Costs associated with maintaining intangibles are recognised as expense as and when incurred. Amortisation on additions is charged from the month in which an intangible asset is acquired or capitalised, while no amortisation is charged for the month in which the intangible asset is disposed off.

#### 4.15 Exploration assets / costs and development costs

4.15.1 Exploration and development costs are accounted for using the "Successful Efforts Method" of accounting.

### 4.15.2 Exploration costs

All exploration costs, other than those relating to exploratory drilling, are charged to income as incurred. Exploratory drilling costs i.e. costs directly associated with drilling of an exploratory well, are initially capitalized pending determination of proven reserves. These costs are either charged to income if no proved reserves are found or transferred to development costs if proved reserves are found.

All capitalized costs are subject to review for impairment at least once a year and any impairment determined is immediately charged to income.

### 4.15.3 Development costs

Development costs are stated at cost less accumulated amortization and impairment losses. Expenditure on drilling of development wells, including unsuccessful development wells, is capitalized within development costs. Capitalized development costs are amortized on a unit of production basis over the total proved developed reserves of the field or @ 5% per annum where the life of the field is more than 20 years.

#### 4.16 **Stores and spares**

Stores and spares are valued at cost determined on moving average formula less allowance for obsolete items. Stores in transit are stated at invoice value plus other charges paid thereon.

#### 4.17 Stock in trade

Stocks are valued at the lower of average annual cost (including appropriate production overheads) and net realisable value. Net realisable value is determined on the basis of estimated selling price of the product in the ordinary course of business less costs necessary to be incurred for its sale.

#### 4.18 Impairment of non-financial assets

Assets that have an indefinite useful life, for example land, are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each balance sheet date, or wherever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount for which the asset's carrying amount exceeds its recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non-financial assets that suffered an impairment are reviewed

For the year ended June 30, 2016

for possible reversal of the impairment at each balance sheet date. Reversals of the impairment loss are restricted to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no new impairment loss had been recognised. An impairment loss or reversal of impairment loss is recognised in income for the year.

#### 4.19 **Financial instruments**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument and de-recognised when the Company loses control of the contractual rights that comprise the financial assets and in case of financial liabilities when the obligation specified in the contract is discharged, cancelled or expired. All financial assets and liabilities other than at fair value through profit or loss assets and liabilities are initially recognised at fair value plus transaction costs. Financial assets and liabilities carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are charged to income for the year. These are subsequently measured at fair value, amortised cost or cost, as the case may be. Any gain or loss on derecognition of financial assets and financial liabilities is included in income for the year.

#### 4.20 **Financial assets**

The Company classifies its financial assets in the following categories: investments at fair value through profit or loss, held-to-maturity investments, loans and receivables, and available for sale investments. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. Regular purchases and sales of financial assets are recognized on the trade-date - the date on which the company commits to purchase or sell the asset.

### (i) Investments at fair value through profit or loss

Investments classified as investments at fair value through profit or loss are initially measured at cost being fair value of consideration given. At subsequent dates these investments are measured at fair value with any resulting gains or losses charged directly to income. The fair value of such investments is determined on the basis of prevailing market prices.

### (ii) Held-to-maturity investments

Investments with fixed payments and maturity that the Company has the intent and ability to hold to maturity are classified as held-to-maturity investments and are carried at amortised cost less impairment losses.

### (iii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the balance sheet date. These are classified as non-current assets. The Company's loans and receivables comprise 'Long term loans and advances', 'Trade debts', 'Advances, deposits and other receivables', and 'Cash and bank balances' in the balance sheet. Loans and receivables are carried at amortized cost using the effective interest method less allowance for any uncollectible amounts.

An allowance for uncollectible amounts is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms. Significant financial difficulties of the counter party, probability that the counter party will enter bankruptcy or financial reorganization,

For the year ended June 30, 2016

and default or delinquency in payments (more than the credit period specified in sales agreements) are considered indicators that the amount is uncollectible. When the amount is uncollectible, it is written off against the allowance.

### (iv) Available-for-sale investments

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date.

Available-for-sale investments are initially recognised at cost and carried at fair value at the balance sheet date. Fair value of a quoted investment is determined in relation to its market value (current bid prices) at the balance sheet date. If the market for a financial asset is not active (and for unlisted securities), the Company establishes fair value by using valuation techniques/ Net Asset Values (NAVs) quoted by the respective Asset Management Company. Adjustment arising from remeasurement of investment to fair value is recorded in the statement of comprehensive income and taken to income on disposal of the investment or when the investment is determined to be impaired.

#### 4.21 Impairment of financial assets

The Company assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

#### 4.22 Offsetting

Financial assets and liabilities are offset and the net amount is reported in the balance sheet if the Company has a legally enforceable right to set off the recognised amounts and the Company intends to settle on a net basis, or realise the asset and settle the liability simultaneously.

#### 4.23 Revenue recognition

Revenue from sales is recognised on dispatch of products to customers. Revenue from services is recognised when the related services are rendered. Effect of adjustment, if any, arising from revision in sale price is reflected as and when the prices are finalized with the customers and/or approved by the Government.

Income on held-to-maturity investments and bank deposits is recognised on time proportion basis using the effective yield method.

Dividend income is recognised when the right to receive dividend is established.

#### 4.24 Joint arrangements

Investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual right and obligations of the parties to the arrangement. The company has assessed the nature of its joint arrangements and determined them to be joint operations. The company has recognized its share of assets, liabilities, income and expenditure jointly held or incurred under the joint operations on the basis of

For the year ended June 30, 2016

latest available audited accounts of the joint operations and where applicable, the cost statements received from operators of the joint arrangements for the intervening period upto the balance sheet date.

#### 4.25 Cash and cash equivalents

For the purpose of the cash flow statement, cash and cash equivalents comprise cash in hand, demand deposits and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value, and finances under mark up arrangements.

#### 4.26 **Dividend distribution**

Dividend distribution to the shareholders is accounted for in the period in which dividend is declared.

#### 5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with approved accounting standards requires the use of certain accounting estimates. It also requires management to exercise judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectation of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

- i) Estimate of recoverable amount of investment in associated companies - note 17
- ii) Estimated crude oil/gas reserves used for amortisation of development and decommissioning costs - note 14
- iii) Estimated useful life of property, plant and equipment - note 13
- Estimated costs and discount rate used for provision for decommissioning cost note 4.8 iv)
- v) Estimated value of staff retirement benefits obligations - note 38
- Provision for taxation note 4.6 vi)
- vii) Price adjustment related to crude oil sales - note 4.23

#### 12. **CONTINGENCIES AND COMMITMENTS**

#### 12.1 **Contingencies**

|  | 2016          | 2015  |  |  |
|--|---------------|-------|--|--|
|  | Rupees ('000) |       |  |  |
| 12.1.1 POL   |               |       |  |  |
| a) Guarantees issued by banks on behalf of the POL | 28,755        | 5,967 |  |  |

b) The Company is currently contesting applicability of super tax @ 3% of taxable profits from oil and gas operations under Petroleum Concession Agreements (PCAs) and has filed a writ petition in Islamabad High Court on the grounds that the Company being an exploration and production company falls under Special Tax Regime as granted under PCAs. Management based on legal advise is confident that the writ petition will be decided in favour of the company, accordingly no provision has been made in this respect in the financial statements for the years ended June 30, 2015 and June 30, 2016.

#### 12.1.2 **CAPGAS**

### a) Contingency in respect of supply of LPG

Out of the total quantity of LPG (i.e. upto 33 M.Tons/day) being received by the company, 28 M.Tons/day are contributed by a single Supplier; of which 10 M.Ton/day is only covered by an agreement between the Company and the Supplier. While for the balance quantity, the Company has no agreement with the Supplier. Further, in the wake of Supplier's decision to auction the quota, the Company on May 24, 2011 has obtained a Stay Order from the honourable court with the direction that the Supplier shall continue the bidding process and proceed further in opening the tender; however, it would be subject to determination by court and the quota already allocated in terms of the contractual price be preserved. The matter is still pending decision by the court. Consequently, any stoppage/decrease in supply of LPG may effect operations of the Company which will result in significant decrease in sales and profit of the Company.

b) Guarantees and letter of credit issued by the bank on behalf of CAPGAS amounted to Rs. 8.70 million in favour of LPG suppliers. (June 2015: Rs. 15.529 million).

For the year ended June 30, 2016

All associated companies are incorporated in Pakistan. All associated companies have share capital consisting solely of ordinary shares, which are held directly by the Company. Although the Company has less than 20 percent shareholding in APL and AITSL, these have been treated as associates since the Company has representation on their Board of Directors.

17.2 The tables below provide summarised financial information for associated companies. The information disclosed reflects the amounts presented in the audited financial statements of the relevant associated companies, for the year ended June 30, 2016 (2015: June 30, 2015) and not the reporting entity's share of those amounts.

For the year ended June 30, 2016

17.3 The carrying value of investment in National Refinery Limited at June 30, 2016 is net of impairment loss of Rs 3,823,681 thousand (2015: Rs 4,894,950 thousand). The carrying value is based on a valuation analysis carried out by an external investment advisor engaged by the Company. The recoverable amount has been estimated based on a value in use calculation. These calculations have been made on discounted cash flow based valuation methodology which assumes a gross profit margin of 5% (2015: 2.5%), a terminal growth rate of 4.0% (2015: 4.0%) and a capital asset pricing model based discount rate of 12.84% (2015: 14.34%).

26.1 During the year, the Company has signed the Supplemental Agreements with the Government of Pakistan (the Government) for conversion of Petroleum Concession Agreements (PCA) to Petroleum Exploration & Production Policy 2012 in respect of Ikhlas, DG Khan, Kirthar South, Margala, Margala North, Gurgalot and Tal Block. Price regimes prevailing in Petroleum Policy 2007, Petroleum Policy 2009 and Petroleum Policy 2012 shall be applicable correlated with the spud date of wells in the respective policies starting from November 27, 2007 and for future exploratory efforts under the above mentioned blocks.

In terms of supplemental agreements, draft statements specifying sums aggregating US \$ 34.39 million till June 30, 2015 due to the Company in respect of Mamikhel, Maramzai & Makori East discoveries in TAL block and Domial discovery in Ikhlas block have been submitted to the Government. The Government shall facilitate issuance of necessary gas price notifications and payments to be made to the parties within twelve months of the statements being finalized. Effect of adjustment arising from revision in sale price will be recognised upon finalization of the statements and issuance of gas price notifications by the Government.

#### 37.2 Credit quality of financial assets

The credit quality of Company's financial assets have been assessed below by reference to external credit ratings of counterparties determined by The Pakistan Credit Rating Agency Limited (PACRA) and JCR - VIS Credit Rating Company Limited (JCR-VIS). The counterparties for which external credit ratings were not available have been assessed by reference to internal credit ratings determined based on their historical information for any defaults in meeting obligations.

#### 37.3 **FINANCIAL RISK MANAGEMENT**

### 37.3.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including currency risk, interest rates risk and price risk). The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

### (a) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

As of June 30, 2016, trade debts of Rs 433,288 (2015: Rs 759,707 thousand) were past due but not impaired. The ageing analysis of these trade receivables is as follows:

|                          | 2016    | 2015     |
|--------------------------|---------|----------|
|                          | Rupee   | s ('000) |
| Due from related parties |         |          |
| Up to 3 months           | 132,893 | 217,926  |
| 3 to 6 months            | 15,470  | 24,214   |
| 6 to 12 months           | 62,219  | 41,041   |
| Above 12 months          | 50,402  | 55,341   |
|                          | 260,984 | 338,522  |
| Due from others          |         |          |
| Up to 3 months           | 68,003  | 246,687  |
| 3 to 6 months            | 65,492  | 49,106   |
| 6 to 12 months           | 8,539   | 37,028   |
| Above 12 months          | 30,270  | 88,364   |
|                          | 172,304 | 421,185  |
|                          | 433,288 | 759,707  |

For the year ended June 30, 2016

#### (b) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash and marketable securities. At June 30, 2016, the Company had financial assets of Rs 15,398,455 thousand (2015: Rs 15,742,634 thousand).

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet to the maturity date. The amounts disclosed in the table are undiscounted cash flows which have been inflated using appropriate inflation rate, where applicable.

#### (c) **Market risk**

### (i) Currency risk

Foreign exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from currency exposure with respect to the US dollar. Currently foreign exchange risk is restricted to trade debts, bank balances, receivable from/ payable to joint operating partners, payable to suppliers and provision for decommissioning cost.

Financial assets include Rs 9,015,982 thousand (2015: Rs 9,930,685 thousand) and financial liabilities include Rs 11,144,291 thousand (2015: Rs 9,422,605 thousand) which were subject to currency risk.

If exchange rates had been 10% higher/lower with all other variables held constant, profit after tax for the year would have been Rs 144,725 thousand (2015: Rs 34,041 thousand) higher/lower.

For the year ended June 30, 2016

### (ii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no significant long term interest bearing financial assets and liabilities whose fair value or future cash flows will fluctuate because of changes in market interest rates.

Financial assets include Rs 10,864,365 thousand (2015: Rs 10,853,774 thousand) and financial liabilities include Rs 9,821,240 thousand (2015: Rs 8,442,955 thousand) which are subject to interest rate risk. Applicable interest rates for financial assets have been indicated in respective notes.

If interest rates had been 1% higher/lower with all other variables held constant, profit after tax for the year would have been Rs 73,878 thousand (2015: Rs 72,720 thousand) higher/lower, mainly as a result of higher/lower interest income from these financial assets.

### (iii) Price risk

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Company is exposed to equity securities price risk because of investments held by the Company and classified on the balance sheet as available for sale. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the investment policy of the Company.

Available for sale investments include Rs 5,975 thousand (2015: Rs 5,726 thousand) which were subject to price risk.

#### 37.3.2 Capital risk management

The Company's objectives when managing capital are to ensure the Company's ability not only to continue as a going concern but also to meet its requirements for expansion and enhancement of its business, maximize return of shareholders and optimize benefits for other stakeholders to maintain an optimal capital structure and to reduce the cost of capital.

In order to achieve the above objectives, the Company may adjust the amount of dividends paid to shareholders, issue new shares through bonus or right issue or sell assets to reduce debts or raise debts, if required.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. The gearing ratio of the Company has always been low and the Company has mostly financed its projects and business expansions through equity financing. Further, the Company is not subject to externally imposed capital requirements.

For the year ended June 30, 2016

### 37.3.3 Fair value of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values. The table below analyzes financial assets that are measured at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices in active markets for identical assets and liabilities;
- Level 2: Observable inputs; and
- Level 3: Unobservable inputs

The company held the following financial assets at fair value;

|   | Level 1 | Level 2 | Level 3  | Total |
|---|---------|---------|----------|-------|
|   |         | Rupees  | s ('000) |       |
| June 30, 2016   |         |         |          |       |
| Other long term investments<br>Available-for-sale investment            | 5,975   | -       | -        | 5,975 |
| June 30, 2015 Other long term investments Available-for-sale investment | 5,726   | -       | -        | 5,726 |

#### 38. STAFF RETIREMENT BENEFITS

The details of actuarial valuation of defined benefit funded plans carried out as at year end are as follows:

#### 38.1 Funded gratuity and pension plan

#### 38.2 The amounts recognized in the balance sheet are as follows:

|  | 2016                                 | 2015                               |

| 38.4 | Changes in the present value of defined benefit obligation are as follows:        |  |  |
|      | Opening defined benefit obligation Current service cost Interest cost Measurement | 1,392,170<br>32,127<br>132,443<br>(39,849) | 1,279,064<br>31,795<br>158,498<br>42,517 |
|      | Benefits paid   | (135,475)                                  | (119,704)                                |
|      | Closing defined benefit obligation  | 1,381,416                                  | 1,392,170                                |
| 38.5 | Changes in fair value of plan assets are as follows:                              |  |  |
|      | Opening fair value of plan assets   | 1,360,238                                  | 1,277,120                                |
|      | Interest income   | 132,806                                    | 163,138                                  |
|      | Measurement   | (15,136)                                   | (35,585)                                 |
|      | Contribution by employer  | 71,133                                     | 75,269                                   |
|      | Benefits paid   | (135,475)                                  | (119,704)                                |
|      | Closing fair value of plan assets   | 1,413,566                                  | 1,360,238                                |

38.5 The major categories of plan assets as a percentage of total plan assets of defined pension are as follows:

|                              | 2016          |      | 2015          | 5    |
|------------------------------|---------------|------|---------------|------|
|                              | Rupees ('000) | %age | Rupees ('000) | %age |
|                              |               |      |               |      |
| Government bonds             | 1,073,780     | 76   | 843,915       | 62   |
| National savings deposits    | 24,211        | 2    | 20,726        | 2    |
| Cash and cash equivalents    | 329,591       | 23   | 519,841       | 38   |
| Benefits due                 | (5,320)       | -    | (12,717)      | (1)  |
| Allocated to holding company | (8,696)       | (1)  | (11,527)      | (1)  |
|                              | 1,413,566     | 100  | 1,360,238     | 100  |

For the year ended June 30, 2016

Government bonds are valued at quoted market price and are therefore level 1. Corporate bonds are level 2 assets. Cash equivalents and National Savings deposits include level 2 assets.

Both funds covered were invested within limits specified by regulations governing investment of approved retirement funds in Pakistan. The funds have no investment in the company's own securities.

#### 38.7 Principal actuarial assumptions

The principal assumptions used in the actuarial valuation are as follows:

|  | 2016<br>%            | 2015<br>%             |
|--|----------------------|-----------------------|
| Discount rate Expected rate of salary increase Expected rate of pension increase | 7.50<br>5.45<br>2.40 | 10.00<br>8.00<br>4.75 |

- 33.8 Mortality was assumed to be 70% of the EFU(61-66) Table at valuations on both dates, June 30, 2016 and
- 38.9 The pension gratuity plans are defined benefits final salary plans both plans are invested through approved trust funds. The trustees of the funds are responsible for plan administration and investment. The Company appoints the trustees who are employees of the Company.

The plans expose the Company to various actuarial risks: investment risk and salary risk from both plans and longevity risk from the pension plan.

The asset ceiling does not apply. The Company can use the surplus in the gratuity fund to reduce its future contributions or can apply to the commissioner of Income Tax for a refund.

### **38.10** Sensitivity analysis

The calculation of the defined benefit obligation is sensitive to assumptions set out above. The following table summarizes how the impact on the defined benefit obligation at the end of the reporting period would have increased (decreased) as a result of a change in respective assumptions by one percent.

|                  | Defined be | nefit obligation |
|------------------|------------|------------------|
|                  | 1 percent  | 1 percent        |
|                  | increase   | decrease         |
| Discount rate    | (112,942)  | 134,449          |
| Salary increase  | 33,570     | (30,366)         |
| Pension increase | 101,243    | (87,868)         |

If life expectancy increases by 1 year, the obligation increases by Rs 37,546 thousand.

The impact of changes in financial assumptions has been determined by revaluation of the obligations on different rates. The impact of increase in longevity has been calculated on the aggregate for each class of employees.

For the year ended June 30, 2016

| 38.11 | The weighted average | number of the defined be | enefit obligation is given below: |
|-------|----------------------|--------------------------|-----------------------------------|
|-------|----------------------|--------------------------|-----------------------------------|

| Plan Duration | Pension | Gratuity |
|---------------|---------|----------|
| Years         |         |          |
| June 30, 2016 | 11.6    | 4.6      |
| June 30, 2015 | 11.6    | 4.3      |

38.12 The Company contributes to the pension and gratuity funds on the advice of the fund's actuary. The contributions are equal to the current service cost with adjustment for any deficit.

| Projected payments    | Pension | Gratuity  |
|-----------------------|---------|-----------|
|                       | Rupe    | es ('000) |
| Contributions FY 2017 | 22,704  | 50,563    |
| Benefit payments:     |         |           |
| FY 2017               | 68,134  | 59,550    |
| FY 2018               | 75,526  | 60,880    |
| FY 2019               | 77,076  | 67,099    |
| FY 2020               | 79,365  | 41,396    |
| FY 2021               | 85,648  | 72,015    |
| FY 22-26              | 444,818 | 94,724    |

#### 39. INTEREST IN SUBSIDIARY

CAPGAS is only subsidiary of POL as at June 30, 2016. CAPGAS has share capital consisting solely of 39.1 ordinary shares that are held directly by POL, and the proportion of ownership interest held equals the voting right held by POL. POL holds 51% (2015: 51%) interest in CAPGAS. There are no significant restrictions on Company's ability to use assets, or settle liabilities of CAPGAS.

For the year ended June 30, 2016

#### 39.2 **Non-controlling interest**

Following is the summarised financial information of CAPGAS that has 49% (2015: 49%) ownership interest held by non-controlling interests. The amounts disclosed are before inter-company eliminations:

|   | 2016     | 2015     |
|---|----------|----------|
|   | Rupees   | ('000)   |
| Summarised balance sheet                              |          |          |
| Current assets  | 250,664  | 326,807  |
| Non-current assets                                    | 167,330  | 106,651  |
| Current liabilities                                   | 43,159   | 72,410   |

### 1. CLOSURE OF SHARE TRANSFER BOOKS

The share transfer books of the Company will remain closed and no transfer of shares will be accepted for registration from September 22, 2016 to September 29, 2016 (both days inclusive). Transfers received in order at the Registered Office of the Company by the close of business on September 21, 2016 will be treated in time for the purpose of payment of the final cash dividend, if approved by the shareholders.

### 2. PARTICIPATION IN THE ANNUAL GENERAL **MEETING**

A member entitled to attend and vote at this meeting is also entitled to appoint another member as his / her proxy to attend and vote. Proxies in order to be effective must be received at the Registered Office of the Company duly stamped and signed not later than 48 hours before the time of the meeting.

## 3. CDC ACCOUNT HOLDERS WILL HAVE TO **FOLLOW FURTHER UNDER MENTIONED GUIDELINES AS LAID DOWN BY THE** SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN.

### For attending the meeting

- (i) In case of individuals, the account holders or sub-account holders whose registration details are uploaded as per regulations shall authenticate their identity by showing their original Computerized National Identity Card (CNIC) or original passport at the time of attending the meeting.
- (ii) In case of corporate entities, the Board of Directors' resolution / power of attorney with specimen signature of the nominees shall be produced (unless it has not been provided earlier) at the time of the meeting.

### b. For appointing proxies

In case of individuals, the account holders or sub account holders whose registration details are uploaded as per regulations, shall submit the proxy form as per the above requirements. The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers shall be mentioned on the form. Copies of CNIC or the passport of the beneficial owners and the proxy shall be furnished with the proxy form. The proxies shall produce their original CNIC or original passport at the time of the meeting.

In case of corporate entities, the Board of Directors' resolution / power of attorney with specimen signature of the person nominated to represent and vote on behalf of the corporate entity, shall be submitted (unless it has not been provided earlier) along with proxy form to company.

## 4. CONFIRMATION FOR FILING STATUS OF INCOME TAX RETURN FOR APPLICATION OF REVISED RATES PURSUANT TO THE PROVISIONS OF FINANCE ACT, 2015.

Pursuant to the provisions of Finance Act, 2016, effective July 01, 2016, reforms have been made with regards to deduction of income tax. For cash dividend, the rates of deduction of income tax, under section 150 of the Income Tax Ordinance, 2001 have been revised as follows:

| (a) | Rate of tax deduction for filer of income tax returns     | 12.50% |
|-----|---|--------|
| (b) | Rate of tax deduction for non filer of income tax returns | 20.00% |

In case of joint account, each holder is to be treated individually as either a filer or non filer and tax will be deducted on the basis of shareholding of each joint holder as may be notified by the shareholder, in writing to the Company by sending

following detail on the registered address of the Company and the members who have deposited their shares into Central Depository Company of Pakistan Limited (CDC) are requested to send a copy of detail regarding tax payment status also to the relevant member stock exchange or to CDC if maintaining CDC investor account. If no notification is received, each joint holder shall be assumed to have an equal number of shares.

| Company<br>Name | Folio/<br>CDS<br>ID/AC# | Total<br>Shares | Principal<br>Shareholder |   |                      | Joint<br>areholder                            |
|-----------------|-------------------------|-----------------|--------------------------|---|----------------------|---|
|                 | ID/AO#                  |                 | Name and<br>CNIC No.     | Shareholding<br>proportion<br>(No. of Shares) | Name and<br>CNIC No. | Shareholding<br>Proportion<br>(No. of Shares) |
|                 |                         |                 |                          |   |                      |   |

The CNIC number / NTN detail is now mandatory and is required for checking the tax status as per the Active Taxpayers List (ATL) issued by the Federal Board of Revenue (FBR) from time to time.

### 5. EXEMPTION FROM DEDUCTION OF INCOME TAX / ZAKAT:

Members seeking exemption from deduction of income tax or are eligible for deduction at a reduce rate are requested to submit a valid tax certificate or necessary documentary evidence as the case may be. Members desiring non-deduction of zakat are also requested to submit a valid declaration for non-deduction of zakat.

## 6. PAYMENT OF CASH DIVIDEND **ELECTRONICALLY (E- DIVIDEND)**

In accordance with the SECP's Circular No. 18 of 2012 dated June 05, 2012, the shareholders have been given an opportunity to authorize the

Company to make payment of cash dividend through direct credit to shareholder's bank account. To opt for the dividend mandate option as stated, the Dividend Mandate Form is available at Company's website i.e. www.pakoil.com.pk needs to be dully filled and submitted to the Company on its registered address.

CDC account holders are requested to submit their mandate instruction to the relevant member stock exchange or to CDC if maintaining CDC investor account.

### 7. SUBMISSION OF COMPUTERIZED NATIONAL IDENTITY CARD (CNIC) FOR **PAYMENT OF FINAL CASH DIVIDEND 2015-**16

Members are requested to provide attested photocopies of their CNIC to the Company on its registered address in order to meet the mandatory requirements of SRO 831 (1) 2012 of 5th July 2012 which provides that the dividend warrant should bear the Computerized National Identity Card (CNIC) number of the registered member.

CDC account holders are requested to submit attested copy of their CNIC to the relevant member stock exchange or to CDC if maintaining CDC investor account.

### 8. CIRCULATION OF ANNUAL AUDITED FINANCIAL STATEMENTS TO SHAREHOLDERS THROUGH EMAIL

As per SRO 787(1) 2014 dated September 8, 2014, whereby Securities and Exchange Commission of Pakistan (SECP) has allowed companies to circulate annual balance sheet, profit and loss account, auditor's report and directors' report etc. (Audited Financial Statements) along with notice of Annual General Meeting to its

members through e-mail. If interested, members are requested to provide their email addresses on registered address of the Company.

CDC account holders are requested to provide their email addresses to the relevant member stock exchange or to CDC if maintaining CDC investor

### 9. CHANGE IN PARTICULARS

The members are requested to promptly notify any change in their particulars i.e. address, contact number etc.

10. Audited accounts of the Company for the year ended June 30, 2016 will be provided on the website www.pakoil.com.pk, at least 21 days before the date of Annual General Meeting.

### 11. STATEMENT UNDER SECTION 160(1) (B) OF THE COMPANIES ORDINANCE, 1984

a. Amendments in the Article of Association

Amendments to the Articles of Association of the Company are being carried out in order to give effect to the requirements of Companies (E-Voting) Regulations, 2016 issued by the Securities and Exchange Commission of Pakistan. This compliance has been mandatory for all listed companies.

The detail of amendments proposed in the Article of Association of the Company is part of the resolution mentioned in the Notice.

b. Transmission of audited financial statements through CD/DVD/USB

The SECP through SRO 470 (1) /2016 dated May 31, 2016 has allowed companies to circulate the annual audited accounts to its member through

CD/DVD/USB at their registered address after approval by members. The Company shall supply the hard copies of the annual audited accounts to the shareholders, on demand, at their registered addresses, free of cost, within one week of such demand. For the convenience of its members, the company shall place on its website www.pakoil. com.pk a Standard Request Form, to communicate their need of hard copies of the annual audited accounts instead of sending the same through CD/ DVD/USB, along with postal and e-mail address of Company Secretary to whom such requests shall be sent.

### c. Statement under SRO 27(1) / 2012 January 16, 2012

### Status of investment in associated companies

In the Fifty Seventh AGM held on October 31, 2008 shareholders had approved investment in following Associated Companies to the extent of maximum 5% of paid up capital of each Investee Company with overall amount not exceeding Rs. 3 billion in addition to the existing investment of 25% in NRL and 7.0175% in APL.

| National Refinery Limited      | (NRL)  |
|--------------------------------|--------|
| Attock Refinery Limited        | (ARL)  |
| Attock Petroleum Limited       | (APL)  |
| Attock Cement Pakistan Limited | (ACPL) |

### Reasons for not having investment made

No investment has been made in Associated Companies due to excessive involvement in exploration and development activities. The investment will be made in future depending upon the quantum of exploration and development expenditure, improved macroeconomic factors, feasible investment and satisfactory rate of return.

### Major change in financial position of investee companies since the date of last resolution

Changes in financial position are as follows:

### (i). Earning per Share

| Name of the | Jun. 07 | Jun. 15 | Jun. 16 |
|-------------|---------|---------|---------|
| Company     |         |         |         |
| NRL         | 63.07   | 46.38   | 96.14   |
| ARL         | 13.17   | 21.27   | 9.57    |
| APL         | 43.22   | 39.62   | 46.16   |
| ACPL        | 11.04   | 19.26   | 25.24   |

### (ii). Breakup Value per share

| Name of the | Jun. 07 | Jun. 15 | Mar. 16 |
|-------------|---------|---------|---------|
| Company     |         |         |         |
| NRL         | 184.02  | 376.83  | 432.33  |
| ARL         | 102.24  | 384.86  | 394.85  |
| APL         | 94.99   | 163.48  | 172.61* |
| ACPL        | 47.39   | 78.02   | 85.80   |

<sup>\*</sup>The above figures are based on latest available financial statements of June 30, 2016.
