BABA FARID SUGAR MILLS LIMITED

Director's Report To The Members

On behalf of the Board of Directors, I am pleased to present the 37th Annual Report of your Company together with the audited financial statements for the year ended 30th September 2015.

Operational Performance Review

The comparative results of your Company as compared to last year are given

		<u>2014-15</u>	<u>2013-14</u>
Season started		28-Nov-14	25-Nov-13
Season closed		01-Mar-15	15-Mar-14
Crushing days		94	111
Sugarcane crushed	M.Tons	249,228	407,635
Sugar recovery	%	8.82%	9.60%
Sugar produced	M.Tons	21,845	39,062
Molasses recovery	%	4.52%	4.66%
Molasses produced	M.Tons	11,209	18,960

The mills were operated for 94 days with total crushing of 249,228 M. Tones as against 111 days with total crushing of 407,635 M. Tones. Production of molasses remained 11,209 M. Tons as against 18,960 M. Tones of the last year. Minimum support price has been increased by Government but growers are still demanding higher prices. Currently (season 2014-2015) we are paying around Rs.180/- per 40 Kg of sugarcane. The management has taken healthy measures to control the average price at minimum.

Sucrose recovery has decreased from 9.60% last year to 8.82% this year. Which is 8.13% decrease from the last year. Molasses Recovery has decreased 2.90% i.e. 4.659% to 4.524% this year.

Our shareholders are well aware that there is an excess production of sugar against consumption in the country apart from last year carryover of sugar stocks. Government of Pakistan has allowed the export of sugar but due to non-availability of

incentive for export compared to international prices, reduction in the dollar value, the export of sugar is very limited. Sugar market remained depressed throughout the year.

Financial Results

There is downfall in the financial results of your company as compared to last year. An analysis of the key financial results is given below:

	<u>2014-15</u>	<u>2013-14</u>
	(Million)	(Million)
Sales	1,638.08	1,754.60
Gross Profit	41.87	266.76
(Loss)/profit before Taxation	(204.86)	2.84
(Loss)/profit for the year	(198.71)	8.72
(Loss) /earnings per share- Basic and diluted	(21.03)	0.92

BABA FARID SUGAR MILLS LIMITED

Sugar sector is going through the worst ever crisis & incurred heavy losses due to multiple reasons. Depression in the prices of sugar in international market as well. Currently international sugar market touched its five years low.

The Company Sales decrease to Rs. 1,638.08 million from Rs. 1,754.60 million of last year. Due to higher purchase price and low sale price in the prevailing market has hit the financial health of the company and as the result a net loss of Rs. 198.71 million with the loss per share of Rs. 21.03 during the period. When compared with the last year Rs. 0.92 per share.

Dividend

The Directors of the company has/have not recommended any dividend for the year due to accumulated losses of the company.

Going Concern

The Auditors of the Company have raised doubts on the Company's ability to continue as a going concern on the basis of heavy accumulated losses. The management has no doubts about the Company's ability to continue as a going concern and is justify for the preparation of financial statements on going concern basis. However, the managements has taken various measures to improve the financial position of the Company which include the sponsors' continued assurance for arrangement of funds as and when required, prompt discharging of its liabilities including financial obligations, securing growers' commitments for availability of quality sugar cane and hiring of competent management personnel for managing Company's affairs. As per Special Resolution passed by the Shareholders of the Company, the holding company will acquire 50 M Ordinary Shares of the Company against the long term loan to the extent of Rs.500 M for improving the financial position of the company.

Future Prospects

The government has maintained the minimum support price of sugarcane. The new price is

Rs180/= per 40 kg of sugarcane but the growers are still demanding higher price.

Furthermore we are going for development of variety cane at mill gate in order to bring the mills into profitability due the better yield & reduction in cane cost. We make advances to growers in the shape of fertilizer/seed/Diesel & cash to meet the emergent requirements during the whole year.

Neighboring mills and middlemen have also started unhealthy competition resulting in price hike and disturbed cane supply to the mills. Your management has taken some positive measures to improve cane supply to mill. It is very important for the industry that sugarcane price is contained at the government support price and the role of middlemen be eliminated by introducing previously practiced zone based procurement system.

Pakistan Sugar Mills Association is persuading the Government of Pakistan to consider adoption of a more reliable sugarcane payment system linking the price of cane with the sugar content as being used in Australia and other countries of the world, based on cane quality, a fair deal to growers and millers as well. At present in Pakistan sugarcane is the only crop that gets paid by weight and not by quality. The system does not provide for any incentive to the grower to improve his crop particularly towers the most crucial aspect, the sugar content. Unless such mechanism is not adopted in Pakistan further expansion in the production will remain in jeopardy while all potentials exist to improve yield and recovery and utilize the already built production capacity.

The management of the company is anticipating a tough and challenging season for the sugar industry and is doing its utmost efforts to improve the profitability of the company by focusing on reduction of production cost especially financial cost and improvement in production efficiencies. We have devised a long term strategy to cope with situation to reduce our dependence on the borrowing in the coming years.

BABA FARID SUGAR MILLS LIMITED

Compliance With Code Of Corporate Governance

The requirements of the Code of Corporate Governance set out by the Karachi, Lahore and Islamabad Stock Exchanges in their Listing Regulations, relevant to the year ended September 30, 2015 have been duly complied with. A statement to this effect is annexed with the review report from the auditors.

BABA FARID SUGAR MILLS LIMITED

REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of **BABA FARID SUGAR MILLS LIMITED** ("the Company") for the year ended September 30, 2015 to comply with the requirements of Listing Regulations No. 35 of the Karachi, Lahore and Islamabad Stock Exchanges where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism.

We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended September 30, 2015.

BABA FARID SUGAR MILLS LIMITED

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed balance sheet of BABA FARID SUGAR MILLS LIMITED ("the Company") as at September 30, 2015 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984;
- (b) in our opinion:
 - (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
 - (ii) the expenditure incurred during the year was for the purpose of the Company's business; and
 - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at September 30, 2015 and of the loss, total comprehensive loss, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Without qualifying our opinion, we draw attention to note 2 to the financial statements. During the current financial year, the Company has suffered / earned loss / profit before tax amounting to Rs. 204,862,324 (2014: Rs. 2,844,558) and at balance sheet date its accumulated losses have stood up to Rs.1,266,087,217 (2014: Rs. 1,101,736,762). Further, the Company's equity is in negative and its current liabilities have exceeded its current assets by Rs.997,691,225 (2014: Rs. 788,953,579). These conditions may cast significant doubt on Company's ability to continue as a going concern.

CHIEF EXECUTIVE

DIRECTOR

BABA FARID SUGAR MILLS LIMITED

NOTES TO THE FINANCIAL STATEMENTS **FOR THE YEAR ENDED SEPTEMBER 30, 2015**

1. STATUS AND NATURE OF BUSINESS

Baba Farid Sugar Mills Limited ("the Company") was incorporated in 1978 under the Companies Ordinance, 1984 as a Public Limited Company and its shares are quoted at Karachi, Lahore and Islamabad Stock Exchanges. It is engaged in manufacturing and sale of sugar including its by-product i.e. molasses and V. Filter cake. The registered office of the Company is situated at Suit - T-09, 3rd Floor, 75-E/1 Main Boulevard, Gulberg III, Lahore and its manufacturing facilities are located in the district Okara, Punjab.

2. GOING CONCERN ASSUMPTION

During the current financial year, the Company has suffered / earned loss / profit before tax amounting to Rs.204,862,324 (2014: Rs.2,844,558) and at balance sheet date its accumulated losses have stood up to Rs.1,266,087,217 (2014: Rs. 1,101,736,762). Further, the Company's equity is in negative and its current liabilities have exceeded its current assets by Rs.997,691,225 (2014: Rs. 788,953,579). These conditions may cast significant doubt on Company's ability to continue as a going concern and, therefore, that it may be unable to realize its assets and discharge its liabilities in the normal course of business. However, the management has taken various measures to improve the financial position of the Company which include the sponsors' continued assurance for arrangement of funds as and when required, prompt discharging of its liabilities including financial obligations, securing growers' commitments for availability of quality sugarcane and hiring of competent management personnel for managing Company's affairs.

The management has firm belief that the above stated measures shall mitigate the doubt about the Company's ability to continue as a going concern and also justifies the preparation of these financial statements on going concern basis.

3. BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan and the requirements of Companies Ordinance, 1984. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the provisions of the Companies Ordinance, 1984. Wherever, the requirements of the Companies Ordinance, 1984 or directives issued by the Securities and Exchange Commission of Pakistan differ with the requirements of these standards, the requirements of Companies Ordinance, 1984 or the requirements of the said directives shall prevail.

3.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for freehold land, buildings on freehold land and plant & machinery which are stated at revalued amounts.

3.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees which is also the Company's functional currency. All financial information presented in Pakistan Rupee has been rounded to the nearest rupee.

3.4 Use of estimates and judgments

The preparation of financial statements in conformity with approved accounting standards, as applicable in

BABA FARID SUGAR MILLS LIMITED

Pakistan, requires management to make judgments, estimates and assumptions that affects the application of policies and reported amounts of assets and liabilities, incomes and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The areas where various assumptions and estimates are significant to company's financial statements or where judgments were exercised in application of accounting policies are as follows:

- Staff retirement benefits - gratuity
- Provision for taxation
- Residual values and useful lives of depreciable assets
- Provisions and contingencies

3.5 Standards, interpretations and amendments to published approved accounting standards

3.5.1 New standards, amendments to approved accounting standards and interpretations, which became effective during the year ended September 30, 2015

There are certain new standards, amendments to the approved accounting standards and new interpretations issued by the International Financial Reporting Interpretations Committee, which became effective during the year but are considered not to be relevant or have any significant effect on the Company's operations and are, therefore, not disclosed in these financial statements.

3.5.2 New standards, amendments to approved accounting standards and new interpretations, which are not yet effective

There are certain standards, amendments to the approved accounting standards and interpretations that are mandatory for the Company's accounting periods beginning on or after October 01, 2015 but are considered not to be relevant or to have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set-out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

4.1 Property, plant and equipment and depreciation

Owned assets

Property, plant and equipment except freehold land, buildings on freehold land and plant and machinery are stated at cost less accumulated depreciation and impairment losses, if any. Buildings on freehold land and plant and machinery are stated at revalued amounts less accumulated depreciation and impairment losses, if any. Freehold land is stated at revalued amount and actual cost to date respectively.

BABA FARID SUGAR MILLS LIMITED

Subsequent cost

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The carrying amount of the part so replaced is derecognized. The cost of the day-to-day servicing of property, plant and equipment are recognized in profit and loss account as incurred.

Depreciation

Depreciation is charged to profit and loss account applying the reducing balance method over its estimated useful life at the rates specified in note 16.1 to the financial statements. Depreciation on additions to property, plant and equipment is charged from the month in which property, plant and equipment become available for use while no depreciation is charged for the month in which property, plant and equipment is disposed off.

Assets residual values, if significant and useful lives are reviewed and adjusted, if appropriate at each balance sheet date. Gains or losses on disposal of property, plant and equipment are recognized in profit and loss account.

Surplus on revalued property, plant and equipment

Surplus arising on revaluation is credited to surplus on revaluation of property, plant and equipment. This surplus on revaluation, to the extent of incremental depreciation, is transferred to accumulated profit, net of deferred tax.

Impairment

Where the carrying amount of asset exceeds its estimated recoverable amount it is written down immediately to its recoverable amount.

Leased assets

Leases in terms of which the company assumes substantially all the risks and rewards of ownership are classified as finance lease. Asset acquired by way of finance lease is stated at an amount equal to the lower of its fair value and the present value of minimum lease payments at the inception of the lease less accumulated depreciation and impairment losses, if any.

Depreciation is charged on the same basis as used for owned asset. Financial charges are allocated to accounting period in a manner so as to provide a constant rate of charge on outstanding liability.

4.2 Stores and spares and loose tools

Stores, spares and loose tools are valued at lower of weighted average cost and net realizable value, less provision for impairment if any. Items in transit are valued at cost comprising invoice value plus other charges incurred thereon.

Provision for obsolete and slow moving stores, spares and loose tools is determined based on management's estimate regarding their future usability.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs necessary to be incurred to make the sale.

Spare parts of capital nature which can be used only in connection with an item of property, plant and equipment are classified as tangible fixed assets under the 'plant and machinery' category and are depreciated over a time period not exceeding the useful life of the related assets.

BABA FARID SUGAR MILLS LIMITED

4.3 Stock-in-trade

These are valued at the lower of cost and net realizable value. Cost is computed applying the following basis:

Raw material	- at weighted averaged cost
Work-in-process	- at manufacturing average cost
Finished goods	- at lower of cost and net realizable value
Molasses	- at net realizable value

Cost in relation to finished goods and work-in-process represents the average manufacturing cost which consists of prime cost and appropriate production overheads.

Net realizable value signifies the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

4.4 Trade debts and other receivables

These are initially stated at fair value and subsequently measured at amortized cost using effective interest rate method less provisions for any uncollectible amounts. An estimate is made for doubtful receivables when collection of the amount is no longer probable. Debts considered irrecoverable are written off.

4.5 Cash and cash equivalents

Cash and cash equivalents are carried at cost in the balance sheet. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks and short term finances.

4.6 Staff retirement benefits (defined benefit plan)

The Company operates an un-funded retirement gratuity scheme for its eligible employees. Provision for gratuity is made annually to cover obligation under the scheme in accordance with the actuarial recommendations. Latest actuarial valuation was conducted on September 30, 2015 on the basis of the projected unit credit method by an independent Actuary.

4.7 Trade and other payables

Liabilities for trade and other payables are carried at cost, which is the fair value of consideration to be paid in the future for goods and services received, whether or not billed to the Company.

4.8 Mark-up bearing borrowings

Mark-up bearing borrowings are recognized initially at fair value, less attributable transaction cost. Subsequent to initial recognition, mark-up bearing borrowings are stated at amortized cost with any difference between cost and redemption value being recognized in the income statement over the period of the borrowings on an effective interest basis.

4.9 Taxation

- Current

Provision for current year's taxation is determined in accordance with the prevailing law of taxation on income enacted or substantively enacted by the end of the reporting period and is based on current rates of taxation being applied on the taxable income for the year, after taking into account tax credits

BABA FARID SUGAR MILLS LIMITED

and rebates available, if any, and taxes paid under the Final Tax Regime.

- Deferred

Deferred tax is provided using the balance sheet liability method providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities using the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted at the balance sheet date.

Deferred tax liabilities are recognized for all taxable temporary differences. A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the assets can be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefits will be realized.

4.10 Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed-out in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

4.11 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Revenue is measured at the fair value of consideration received or receivable on the following basis:

- Local sales are recognized when goods are dispatched to customers.
- Export sales are booked on shipment of goods.
- Return on bank deposits is accounted for on 'accrual basis'.

4.12 Provisions

A provision is recognized in the balance sheet when the Company has a legal or constructive obligation as a result of past events, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

4.13 Impairment

The carrying amount of the Company's assets is reviewed at each balance sheet date to determine whether there is any objective evidence that an asset or group of assets may be impaired. If any such evidence exists, the asset or group of assets' recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in profit and loss account.

4.14 Financial instruments

(i) Financial assets

Significant financial assets include advances, trade debts, trade deposits and prepayments and bank

BABA FARID SUGAR MILLS LIMITED

balances. Loan and advances and receivables are stated at their nominal value as reduced by provision for doubtful finances and receivable, while other financial assets are stated at cost.

(ii) Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into. Significant financial liabilities include long term loans, lease finances, interest and mark up accrued, trade and other payables and short term finances. Markup based financial liabilities are recorded at gross proceeds received. Other liabilities are stated at their nominal value.

(iii) Recognition and derecognition

All the financial assets and financial liabilities are recognized at the time when the Company becomes party to the contractual provisions of the instrument. Financial assets are derecognized when the Company loses control of the contractual rights that comprise of the financial assets. Financial liabilities are derecognized when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to profit and loss account.

4.15 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are set off and only the net amount is reported in the balance sheet when there is a legally enforceable right to set off the recognized amount and the Company intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously.

4.16 Foreign currency translations

Transactions in foreign currencies are accounted for in Pak Rupees at the exchange rates prevailing on the date of transactions. Assets and liabilities in foreign currencies are translated in Pak Rupees at the exchange rates prevailing on the balance sheet date except where forward exchange rates are booked, which are translated at the contracted rates. Exchange differences, if any, are taken to profit and loss account.

BABA FARID SUGAR MILLS LIMITED

15. CONTINGENCIES AND COMMITMENTS

Contingencies

- The LTU-FBR has preferred a reference before Income Tax Appellate (ITAT) for the assessment year 1996- 1997 against the decision of CIT appeals. The department has also filed petition for leave to appeal before the honorable Supreme Court of Pakistan for the assessment year 1999- 2000 and tax year 2006 against the order in the favour of the company by the honorable High Court of Sindh. In the opinion of the tax advisor the ultimate appellate decision is likely to be in Company's favour, hence no provision is made in these accounts as there will be no tax impact of the matter in view of brought forward tax losses.

BABA FARID SUGAR MILLS LIMITED

- The Company has filed reference application before the Honorable High Court of Sindh against the decision of ITAT in respect of assessment year 2000 -2001, the reference application is pending before the honorable High Court Sindh. The Company has also filed the appeal before the Commissioner of income tax appeals against addition made by the assessing officer for the assessment year 2002 - 2003 which is pending for adjudication.
- In view of the favorable decision of the higher appellate forums on the like issue in prior years the management is hopeful about favorable outcome in above matters. Hence no provision is made in these account as there will be no tax impact of the matter in view of brought forward losses.
- The Company has filed an appeal before the Tribunal against the order of Commissioner Inland Revenue disallowing refund of further tax on the ground that the incidence of the tax has been passed on the consumers and the Company is not entitled to claim refund in terms of Section 3 (B) of the sales Tax Act, 1990. The management of the Company is of the view that outcome of the suit would be in favour of the company.
- Please refer to note 10.1 The company has firm belief that matter will be resolved in its favour.

Commitments

- Letters of credit for capital expenditure amounting to Rs. Nil (2014: Rs. Nil).
- Counter guarantee in favour of Trading Corporation of Pakistan amounting to Rs. Nil (2014: Rs. 20.00 million).

BABA FARID SUGAR MILLS LIMITED

36 Financial instruments

36.1 Financial risk factors

The Company's activities expose it to a variety of financial risks, market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

(a) Market risk

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies. The Company is exposed to foreign currency exchange risk in respect of commitments against letters of credit in foreign currency. The management does not view hedging as being financially feasible.

The following significant exchange rate has been applied:

	Average rate		Reporting date rate	
	2015 Rupees	2014 Rupees	2015 Rupees	2014 Rupees
US \$ to PKR	103.55	104.23	104.50	102.60

The weakening of the PKR against US Dollar would have had an equal but opposite impact on the post tax profit / (loss).

The sensitivity analysis prepared is not necessarily indicative of the effects on profit / (loss) for the year and assets / liabilities of the Company.

(ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). The company is not exposed to other price risk.

(iii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Borrowings obtained at variable rates expose the Company to cash flow interest rate risk.

At the balance sheet date, the interest rate profile of the Company's interest bearing financial instruments was:

BABA FARID SUGAR MILLS LIMITED

	2015 Rupees	2014 Rupees
Floating rate instruments		
Financial liabilities		
Long term loans	44,444,442	75,000,000
Loan from holding company	525,000,000	525,000,000
Finance lease	20,632,000	20,632,000
Due to related party	718,754,403	683,195,817
Short term finances	247,126,965	527,797,959
	<u>1,555,957,810</u>	<u>1,831,625,776</u>

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the balance sheet date would not affect profit or loss of the Company.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Company's credit risk is primarily attributable to its trade debts and its balances at banks. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

Long term deposits	587,575	587,575
Trade debts	98,574,506	173,434,138
Advances	77,055,602	75,202,185
Bank balances	531,598	3,900,735
	<u>176,749,281</u>	<u>253,124,633</u>

The aging of trade receivable at the reporting date is as under:

Not past due		
Past due 0 - 180 days	90,728,431	168,021,817
Past due 181 - 365 days	7,846,075	5,412,321
	<u>98,574,506</u>	<u>173,434,138</u>

The credit quality of cash and bank balances that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

	Rating			
	Short term	Long term		
Bank Al-Habib Ltd.	A1+	AA+	53,550	239,351
United Bank Ltd.	A-1+	AA+	7,303	363,686

			<u>531,598</u>	<u>3,900,735</u>

BABA FARID SUGAR MILLS LIMITED

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash and bank balances and the availability of funding through an adequate amount of committed credit facilities. At September 30, 2015, the Company had borrowing limits available from financial institutions.

The following are the contractual maturities of financial liabilities as at September 30, 2015:

	Carrying amount	Less than one year	More than one year
	----- Rupees -----		
Long term loans	44,444,442	36,111,108	8,333,334
Loan from holding company	525,000,000	25,000,000	500,000,000
Lease finances	20,632,000	20,632,000	-
Short term finances	247,126,965	247,126,965	-
Due to related party	718,754,403	718,754,403	-
Trade and other payables	467,794,368	467,794,368	-
Interest and mark-up accrued	63,057,318	63,057,318	-
	2,086,809,496	1,578,476,162	508,333,334

The following are the contractual maturities of financial liabilities as at September 30, 2015:

Long term loans	75,000,000	33,333,333	41,666,667
Loan from holding company	525,000,000	25,000,000	500,000,000
Lease finances	20,632,000	20,632,000	-
Short term finances	527,797,959	527,797,959	-
Due to related party	683,195,817	683,195,817	-
Trade and other payables	263,523,925	263,523,925	-
Interest and mark-up accrued	136,474,552	136,474,552	-
	2,231,624,253	1,689,957,586	541,666,667

36.2 Fair values of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

36.3 Capital risk management

The Company's prime objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders, benefits for other stakeholders and to maintain a strong capital base to support the sustained development of its business.

The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders and / or issue new shares.

There was no change to the Company's approach to capital management during the year and the Company is not subject to externally imposed capital requirements except for the maintenance of debt to equity ratio under the financing agreements.

BABA FARID SUGAR MILLS LIMITED

37. REMUNERATION TO THE CHIEF EXECUTIVE, DIRECTORS AND EXECUTIVES

37.1 The aggregate amount charged in the financial statements for the year against remuneration, including certain benefits, to the full time working directors and executives of the Company is as follows:

	Managerial remuneration	Allowances, utilities etc	Number of persons
Chief Executive	----- Rupees -----		
2015	-	-	-
2014	-	-	-
Directors			
2015	-	-	-
2014	-	-	-
Executives			
2015	806,707	403,293	1
