#### **3** BASIS OF PREPARATION

#### 3.1 Statement of Compliance

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan and the requirements of Companies Act, 2017. Approved accounting standards comprise such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017. Wherever, the requirements of the Companies Act, 2017 or directives issued by the Securities and Exchange Commission of Pakistan (SECP) differ with the requirements of these standards, the requirements of Companies Act, 2017 or the requirements of the said directives shall prevail.

#### 3.2 Functional and Presentation Currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

#### 3.3 Basis of Measurement

These financial statements have been prepared under the historical cost convention except as otherwise disclosed in these financial statements. Further accrual basis of accounting has been followed except for cash flow information.

#### 3.4 Use of Estimates And Judgments

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of asset, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as follows:-

#### - Property, plant and Equipment

The Company estimates the rate of depreciation of property and equipment. Further, the Company reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying

amounts of the respective items of property and equipment with a corresponding effect on the depreciation charge and impairment.

#### - Income Taxes

In making the estimates for income taxes currently payable by the Company, the management looks at the current income tax law and the decisions of appellate authorities on certain issues in the past.

#### - Trade receivables

The Company regularly reviews its trade and other receivables in order to estimate the provision required against bad debts.

#### - Employee benefits

The Company, on the basis of actuarial valuation report, recognises actuarial gains and losses immediately in other comprehensive income; immediately recognises all past service cost in profit & loss account and replaces interest cost and expected return on plan assets with a net interest amount that is calculated by applying the discount rate to the net defined benefit liability/asset. (Refer note 4.17)

# 3.5 Initial Application of a Standard, Amendment or an Interpretation to an Existing Standard and Forthcoming Requirements

# a) amendments in the statutory financial reporting framework applicable to the Company:

The third and fourth schedule to the Companies Act, 2017 became applicable to the Company for the first time for the preparation of these financial statements. The Companies Act, 2017 (including its third and fourth schedule) forms an integral part of the statutory financial reporting framework applicable to the Company and amongst others, prescribes the nature and content of disclosures in relation to various elements of the financial statements. Additional disclosures include but are not limited to,

#### 4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 4.01 Property, plant, equipment and depreciation.

These are initially measured at cost. Subsequent to initial recognition these are stated at cost less accumulated depreciation and impairment losses, if any, except for freehold land and capital work-in-progress, which are stated at cost less any identified impairment loss. Depreciation on fixed assets is charged to income by applying reducing balance method except that of plant and machinery which is on straight line basis/Number of units method. Rates of depreciation are specified in the relevant note.

Depreciation is charged on additions during the year from the month in which property, plant and equipment become available for use while no depreciation is charged from the month of deletion / disposal.

Normal repairs and maintenance are charged to income as and when incurred. Major renewals and improvements are capitalized.

Gain/loss on disposal of fixed assets are recognized in the profit and loss account.

The assets' residual values and useful lives are continually reviewed by the Company and adjusted if impact on depreciation is significant. The company's estimate of residual values of property, plant and equipment at the year end has not required any adjustment as its impact is considered insignificant.

#### 4.02 Stores and spares

These are valued at lower of moving average cost and Net Realizable Value (NRV).

#### 4.03 Stock in trade

These are valued at the lower of NRV and cost determined as follows:

- Raw material First in First Out (FIFO)
- Work in process Raw material cost
  - Finished goods Cost of direct materials & other attributable overheads
- Stock in transit Invoice value & other charges paid thereon up to the year end

#### 4.04 Trade debtors and other receivables

Trade debts are recognised and carried at original invoice amount less provision for doubtful debts. An estimated provision is made when collection of the full amount no longer receivable. Bad debts are written-off as and when identified. Other receivable are recognised and carried at cost which is the fair value of the consideration to be received in future for goods or services.

#### 4.05 Cash and Cash Equivalents

Cash in hand and cash at bank, which are held to maturity, are carried at cost. For the purpose of cash flow statements, cash equivalent are short-term highly liquid instrument that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in values.

#### 4.06 Long term loans

These are initially measured at fair value plus directly attributable transaction costs, if any, and subsequently measured at amortized cost using effective interest rate method if applicable, less provision for impairment, if any.

#### 4.07 Trade and Other Payables

Liabilities for trade and other amounts payable are carried at book value, which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company.

#### 4.08 Taxation

#### Current

Provision for taxation is determined in accordance with the provisions of Income Tax Ordinance, 2001.

#### Deferred

Deferred tax is provided in full using the liability method, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the Statement of Financial Position date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. The carrying amount of all deferred tax assets are reviewed at each Statement of Financial Position date and reduced to the extent, if it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilized.

#### 4.09 Provisions

A provision is recognized when the Company has an obligation (legal or constructive), as a result of a past event and it is probable that an outflow of resources embodying economic

benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

#### 4.10 Revenue Recognition

Sales are recognised upon passage of title to the customers which generally coincides with physical delivery. Profits on bank deposits are recognised on time proportion basis. Interest income is recorded on accrual basis using effective interest rate. Other revenues are accounted for on accrual basis.

#### 4.11 Financial Instruments

All the financial assets and liabilities are initially measured at fair value, and subsequently measured at fair value or amortized cost as the case may be. The Company derecognizes the financial assets and financial liabilities when it ceases to be a party to such contractual provisions of the instruments.

#### 4.12 Off-Setting of Financial Assets And Financial Liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Financial Position if the Company has a legally enforceable right to set off the recognized amounts and intends either to settle on net basis or to realize the assets and to settle the liabilities simultaneously.

#### 4.13 Impairment

The carrying amounts of the company's assets are reviewed at each Statement of Financial Position date to determine whether there is any indication of impairment loss. If any such indication exists, the assets recoverable amount is estimated and if the carrying amount of the asset is in excess of its recoverable amount, impairment loss is recognised as an expense to the extent carrying amount exceed the recoverable amount.

#### 4.14 Related Party Transactions

The Company enters into transactions with related parties for sale or purchase of goods and services on an arm's length basis. However, loan from the related parties are unsecured and interest free.

#### 4.15 Foreign Currency Translation

Foreign currency transactions are translated into Pak rupees at the rate of exchange prevailing on the date of each transaction. Assets and liabilities denominated in foreign currencies are translated into Pak rupee at the rate of exchange ruling on the Statement of Financial Position date.

#### 4.16 Borrowing Cost

Borrowing costs related to the capital work-in-progress are capitalized in the cost of the related assets. All other borrowing costs are charged to profit & loss account when incurred.

#### 4.17 Staff retirement benefit

#### **Defined Benefit Plan**

The Company operates a non-funded gratuity scheme for all its permanent employees subject to completion of a prescribed qualifying period of service. Provision is made annually to cover the obligations under the scheme on the basis of actuarial recommendation. Actuarial valuation of the scheme is undertaken at appropriate regular intervals and the latest valuation was carried out on 30 June 2018 using the "Projected Unit Credit Method". The fair value of plan assets are amortized over the expected average working lives of the participating employees. Staff retirement benefits are payable to staff on completion of prescribed qualifying period of service under this scheme.

The Company, on the basis of actuarial valuation report, recognises actuarial gains and losses immediately in other comprehensive income; immediately recognises all past service cost in profit & loss account and replaces interest cost and expected return on plan assets with a net interest amount that is calculated by applying the discount rate to the net defined benefit liability/asset.

18.1

18.1 The Company has arranged Restructured Term Finance facilities of Rs. 931,509,627/from National Bank of Pakistan, Askari Bank Limited, NIB Bank Limited, Bank of Khyber, Pak Kuwait Investment Company (Private) Limited, Saudi Pak Industrial and Agricultural Investment Company Limited and Faysal Bank Limited (former Royal Bank of Scotland Limited) as Syndicated Ioan, whereby Faysal Bank Limited is acting as agent of the syndicate. Due to absence of cash flow and non-commissioning of the project, DSL was and is unable to meet its repayment obligations towards the Financiers. All the syndicate banks have given their in-principle approval to the rescheduling and restructuring of the debts and obligations. All the syndicate banks except Pak Kuwait Investment Company (Private) Limited have signed the rescheduling and restructuring agreement. Pak Kuwait is expected to sign this agreements in due course.

Terms of rescheduled and restructured agreement are as follows:

a) For the repayment of the unpaid markup, mark up has been calculated on the total outstanding amount from the date of last payment till 30 June 2016 - the assumed date of commissioning @ 8% per annum. The total Mark up calculated will be converted into a "Zero Coupon TFC convertible into ordinary shares". All the TFCs issued will be completely converted into equity/ordinary shares by 2027 as per the following schedule:

|                             | Year 9th | Year 10th | Year 11th | Year 12th |

| Percentage of TFC converted | 25%      | 25%       | 25%       | 25%       |

The Conversion shall be held on the 20th Day of December each year at a discount of 5% to the last six months weighted average price of the company shares at Karachi Stock Exchange Limited (Now Pakistan Stock Exchange Limited)

- **b)** The Mark-up rate effective from the date of Commissioning is 3 Month KIBOR payable in quarterly arrears.
- c) The principal repayment is made in 41 quarterly instalments commencing from 31 March 2016 and ending on 31 December 2025 as per repayment schedule.
- d) The loan is secured by a mortgage by deposit of title deeds of the Mortgaged Properties, a charge by way of hypothecation over Hypothecated Assets, pledge of the pledged shares, and personal guarantees of the sponsors.
- 18.1.1 Overdue portion of liability represents the instalments duly deposited by company as per arrangement in a designated bank account maintained with Faysal Bank Limited for the purpose but Pak Kuwait Investment Company (Private) Limited has not accepted the payment. Management of the company as per arrangement can't withdraw amounts once deposited in the designated bank account.

The only movement during the year is due to adjustment against one time special grant as per note 29.

#### 24 CONTINGENCIES AND COMMITMENTS

#### 24.1 Contingencies

**24.1.1** The company is not exposed to any contingent liability in respect of syndicated loan at the Statement of Financial Position date, in view of restructuring agreement - Note 18.

In the year ended June 30, 2015, two suits were pending against company in the High Court for the recovery of Rs. 1,299,588,534/- and Rs. 122,197,136/- respectively filed by Faysal bank and others and Pakistan Kuwait Investment Company (Private) Limited.

24.1.2 The company has received advance against issuance of shares from the Crescent Star Insurance Limited (CSIL) as described in note 17. The advance was interest free and the fact was confirmed in the last year's confirmation. The CSIL after the right issue unilaterally started claiming mark up @ 1 year KIBOR + 3% which directors of the company don't accept being against the agreed terms and is apparently illegal demand. The amount of disputed mark up calculates to Rs. 84, 136, 595/-.

#### 30.1 Relationship between tax expense & accounting profit

Tax charge reconciliation is not prepared as the company is charged to minimum tax and the relation between income tax expense and accounting profit is not meaningful.

#### 30.2 Management assessment of sufficiency of tax provision

The provision for current year tax represents tax on turnover under section 113 of the Income Tax Ordinance, 2001 net of tax credits. As per management's assessment, the provision for tax made in the financial statements is sufficient. Due to non-commencement of commercial activity no provision under section 113 of the Income Tax Ordinance has been created for the previous three years.

#### 32.2 Financial risk management

The Board of Directors has overall responsibility for the establishment and oversight of the Company's financial risk management. The responsibility includes developing and monitoring the Company's risk management policies. To assist the Board in discharging its oversight responsibility, management has been made responsible for identifying, monitoring and managing the Company's financial risk exposures. The Company's exposure to the risks associated with the financial instruments and the risk management policies and procedures are summarized as follows:

#### a) Credit risk and concentration of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. The Company does not have any significant exposure to a single customer.

Out of the total financial assets of Rs. 186,620,922/- (2017: Rs.796,462,557/-), the financial assets which are subject to credit risk amounted to Rs.186,548,088/- (2017: Rs.796,300,742).

The carrying amount of financial assets represents the maximum credit exposure before any credit enhancements. The maximum exposure to credit risk at the reporting date is as follows:

#### b) Liquidity Risk

Liquidity / cash flow risk reflects the Company's inability of raising funds to meet commitments. Management closely monitors the Company's liquidity and cash flow position. This includes maintenance of balance sheet liquidity ratios, debtors and creditors concentration both in terms of the overall funding mix. The Company is in process of negotiating with the lenders for rescheduling of long term loans. Further, the Company is working with syndicate consortium to arrange for working capital need to commence commercial production.

The following are the contractual maturities of the financial liabilities, including estimated interest payments:

|                                                                               |                            |                           | 2018                                    |                         |                       |

#### c) Market risk

Market risk means that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, interest rates and equity prices. The objective is to manage and control market risk exposures within acceptable parameters, while optimising the return. Market risk comprises of three types of risk: foreign exchange or currency risk, interest / mark up rate risk and price risk. The market risks associated with the Company's business activities are discussed as under:-

#### Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will

fluctuate because of changes in foreign exchange rates. Foreign Currency risk arises mainly where receivables and payables exist due to transactions entered into foreign currencies.

Currently the Company is not exposed to any currency risk because the company is not dealing in any foreign currency transactions.

#### Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

At the balance sheet date the interest rate profile of the Company's interest-bearing financial instruments are:-

|                                                                   | 2018<br>Rate     | 2017<br>Rate     |

#### Interest rate risk cash flow sensitivity

A change of 100 basis points in interest rates at the reporting date would have decreased / (increased) profit for the year by the amounts shown below. This analysis assumes that all other variables remain constant.

|                                     | 2018             |                             |  |

Since the Company was in phase of construction and errection, therefore all borrowing cost had been capitalized as given under *IAS-23 Borrowing costsin previous year*, therefore, any such change in interest rates at the reporting date was not sensitive to profit and loss account and equity. So, comperative information has not been given in these financial statements.

#### Capital risk management

The Company's objective when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure the Company may issue new shares and take other measures commensurating the circumstances.

Consistently with others in the industry, the company monitors capital on the basis of the net debt-to-equity ratio. This ratio is calculated as net debt ÷ equity. Net debt is calculated as total debt (as shown in the balance sheet) less cash and cash equivalents. Equity comprises of share capital, reserves and retained earnings.

The net debt-to-equity ratios at 30 June 2018 and at 30 June 2017 are as follows:

|                                                                | 2018<br>Rupees                             | 2017<br>Rupees                             |
