#### **PLACEMENT OF FINANCIAL STATEMENTS:**

The audited financial statements of the Company for the year ended June 30, 2019 have been placed at the Company's website: <a href="https://www.sitara.pk">www.sitara.pk</a>.

Members are requested to promptly notify any change in their addresses.

It is a fundamental policy of Sitara Energy Limited to conduct its business with honesty, integrity and in accordance with the highest professional, ethical and legal standards. The Company has adopted comprehensive Code of Conduct (Code) for members of the Board of Directors and Employees. The Code defines acceptable and unacceptable behaviors, provides guidance to directors / employees in specific situations that may arise and foster a culture of honesty, accountability and high standards of personal and professional integrity.

#### Salient Features of the Code for the Directors

#### 1. Conflict of Interest

Each director must avoid any conflict of interest between the director and the Company, its associated or subsidiary undertaking. Any situation that involves, or may reasonably be expected to involve, a conflict of interest with the Company, should be disclosed promptly.

## 2. Corporate Opportunities

Directors are prohibited from taking for themselves personally, opportunities related to the Company's business; using the Company's property, information or position for personal gain or competing with the Company for business opportunities.

## 3. Confidentiality

Directors must maintain the confidentiality of information entrusted to them by the Company and any other confidential information about the Company and its associated or subsidiary undertaking that comes to them, except when disclosure is authorized by the Chairman of the Board or legally mandated.

## 4. Honesty, Integrity and Fair Dealing

Directors must act honestly and fairly and exhibit high ethical standards in dealing with all stakeholders of the Company.

## 5. Compliance with Laws, Rules and Regulations

Directors shall comply with laws, rules and regulations applicable to the Company including but not limited to the Companies Ordinance 1984, Listing Regulations of the Stock Exchanges and insider trading laws.

## 6. Encouraging the Reporting of any Possible Illegal or Unethical Behavior

Directors should take steps to ensure that the Company promotes ethical behavior; encourages employees to talk to supervisors, managers and other appropriate personnel when in doubt about the best course of action in a particular situation; encourages employees to report violations of laws, rules, regulations, Company policies and procedures or the Company's Code of Conduct to appropriate personnel; and informs employees that the Company will not allow retaliation for reports made in good faith.

## 7. Trading in Company Shares

Certain restrictions / reporting requirements apply to trading by the Directors in Company shares. Directors shall make sure that they remain compliant with these statutory requirements.

### 8. Compliance Procedures

Directors should disclose any suspected violations of this Code promptly in the immediately subsequent meeting of the board of Directors.

## Salient Features of the Code for Employees

#### 1. Conflict of Interests

Employees / trainees must not engage in activities or transactions which may give rise, or which may be seen to have given rise, to conflict between their personal interests and the interest of the Company.

## **Code of Conduct**

## 2. Confidentiality and Disclosure of Information

Employees / trainees are expected to safeguard confidential information and must not, without authority, disclose such information about Company activities to the press, to any outside source, or to employees/trainees who are not entitled to such information.

#### 3. Political Contribution

No funds or assets of the Company maybe contributed to any political party or organization or to any individual who either holds public office or is a candidate for public office except where such a contribution is permitted by law.

## 4. Bribes and Commercial Payments

An employee / trainee must not give or receive bribes or other payments, which are intended to influence a business decision or compromise independent judgment; nor must any employee / trainee give money in order to obtain business for the Company, nor receive money for having given Company business to an outside agency.

## 5. Proper Recording of Funds, Assets, Receipts and Disbursements

All funds, assets, receipts and disbursements must be properly recorded in the books of the Company.

## 6. Agreements with Agents, Sales Representatives or Consultant

Agreements with agents, sales representatives or consultants should state clearly the services to be performed for the Company, the amount to be paid and all other relevant terms and conditions.

## 7. Relations and Dealings with Suppliers, Consultants, Agents, Intermediaries and Other Third Parties

SEL's relations and dealings with suppliers, consultants, agents, intermediaries and other third parties should at all times be such that SEL's integrity and its reputation should not be damaged if details of the relationship or dealings were to become public knowledge.

### 8. Health, Safety & Environment (HSE) Policy

Every employee / trainee at work must take reasonable care for the health and safety of him / her and others including visitors who may be affected by his / her acts or omissions at work and co-operate in Company's efforts to protect the environment.

## 9. Smoking Policy

Smoking and exposure of workplace to tobacco poses serious health hazard to the employee / trainees besides potential risks of fire and explosions considering this, smoking is permitted only in designated 'Smoking Areas'.

#### 10. Seat Belt Policy

As per policy it is mandatory for all SEL employees / trainees, contractors, visitors and all other persons to fasten seat belts in the front seats of the vehicle while traveling.

#### 11. Other Employment, Outside Interests, Civic Activities

SEL does not allow its employees / trainees to take any part-time and / or full-time second employment during employees' / trainees' engagement with the Company.

## 12. Unsolicited Gifts

Accepting gifts that might place an employee / trainee under obligation is prohibited. Employees / trainees must politely but firmly decline any such offer and explain that in accordance with the Company's instructions, they are unable to accept the offer.

## 13. Family Connections and Employment of Relatives

Any dealings between staff and outside organizations, in which they have a direct, indirect or family connection must be fully disclosed to the Management.

## 14. Company and Personal Property

An employee / trainee must not take or use Company property or the property of another employee / trainee without permission; nor must the employee / trainee use Company property for private purposes without the Management's permission.

## 15. Alcohol and Drugs

Alcohol in any form and the use of drugs, except under medical advice, is prohibited at all locations.

## 16. Gambling

All forms of organized gambling or betting on the Company's premises are forbidden.

## 17. Rumor Mongering & Gossiping

Rumor mongering, persuasive allegations, accusations and exaggerations with the main purpose of negatively influencing and manipulating the minds and emotions of the fellow employees / trainees are strictly prohibited.

#### 18. Harassment

It is the policy of the Company to promote productive work environment and not to tolerate verbal or physical conduct by any employee / trainee that harasses, disrupts, or interferes with another's work performance or that creates an intimidating, humiliating, offensive, or hostile environment.

## 19. Grievance Handling

SEL strives to provide a fair & impartial process to its employees / trainees and ensure timely resolution of their grievance.

## 20. Whistle Blowing

In order to enhance good governance and Transparency, SEL has introduced a Whistle Blowing Policy. The Policy provides an avenue to employees / trainees and vendors to raise concerns and report legal and ethical issues like fraud, corruption or any other unlawful conduct or dangers to the public or the environment.

#### 21. General Discipline

Every employee / trainee must adhere to Company's rules of service and make sure that he / she is familiar with all of them.

## 22. Reporting Violations / Disciplinary Actions

Any violation of this Code shall be promptly reported to the Human Resources department by any employee / trainee having knowledge thereof or having reasonable belief that such violation has occurred.

by order of the Board

JAVED IQBAL
Chief Executive Officer

## **Chairperson's Review**

I am pleased to welcome you on 29th Annual General Meeting of your company and present on behalf of the Board of Directors, the Audited Financial Statements for the year ended 30th June 2019 along with my review on the performance of your company.

The company declared net loss of Rs 191.811 million in year 2018-19 as compared with net loss of Rs. 81.857 million in year 2017-18. Accordingly, loss per share is Rs. 10.05 in year 2018-19 in comparison with loss per share of Rs 4.29 in year 2017-18.

The main reasons for the increase in net loss for the year ended 30.06.2019 are non-availability of system gas for seven (7) month and availability of RFO & RLNG at exorbitantly higher prices during the whole year leading to higher cost of production. Moreover, the price of system gas was increased by more than 60% over the year while there was very nominal increase of Rs 0.78/kwh in January 2019 by NEPRA for tariff relating to bulk power consumers.

Further, the government announced subsidized tariff of gas and electricity to textile sector while our customer base is dominated by this sector. This government action is tantamount to reduction in tariff for bulk power consumers.

However, the management of the company took all austerity measures to minimize other manufacturing overhead as well as operating expenses but all such efforts were offset by increasing trend in kibor during the year and resultant increase in finance cost.

In short, our company's business became non-competitive due to abnormal increase in our cost of production and finance cost, without any corresponding improvement in tariff.

The profitable operation of the company depend upon workable fuel costs, increase in the tariff for bulk power consumers and conducive regulatory framework for power producers.

The focus of company's management will remain on sound business plans for the overall success of the company. I am confident that the company will be successful in meeting the future challenges and targets with its dedicated professional team and work force.

Sitara Energy Limited complies with all the requirements as set out in the Companies Act, 2017 and the Listed Companies (Code of Corporate Governance) Regulations, 2017 with respect to the composition, procedures and meetings of the Board of Directors and its committees. As required under the Code of Corporate Governance, an annual evaluation of the Board of Directors of (the "Board") of Sitara Energy Limited (the "Company") is carried out.

The overall performance of the Board has been assessed as satisfactory under the given circumstances. Improvements are an ongoing process leading to action plans for the achievement of company's objectives, including Vision and Mission Statements.

The board meets frequently to discharge its responsibilities in a timely manner. The non-executive and independent directors are equally involved in important decisions.

On my behalf and on behalf of the Board of Directors of the company, I take this opportunity of acknowledging the devoted and sincere services of employees of all cadres of the company. I am also grateful to our financial institutions who are reposing confidence in such difficult scenario, shareholders, vendors and valued customers and the government organizations.

Faisalabad October 02, 2019 Ms. Noureen Javed Chairperson

Naureex Journal

The Board of Directors of Sitara Energy Limited feel pleasure in submitting Annual Report along with audited Financial Statements together with Auditors' Report thereon for the financial year ended June 30, 2019.

#### **Financial Results**

Net sales revenue for the year decreased to Rs. 1,036.691 million in year 2019 in comparison with Rs 2,412.173 million in 2018 due to non-availability of system gas while RLNG & RFO was available at abnormally higher prices, both leading to reduction in production and sales. Moreover, the price of system gas was increased twice, firstly in October 2018 by 30% and secondly in June 2019 by 31%, making our cost of production abnormally higher and resulting in non-competitive tariff for all types of bulk power consumers. On the contrary, the government is supplying subsidized gas @ USD 6.5/MMBTU since September 2018 and subsidized electricity @ 7.5 Cents/Kwh since January 2019 to the textile sector, which includes our Bulk Power Consumers (BPCs) as well, and such measures badly affected our business. The afore-said increase in fuel costs on the one hand and subsidized gas & electricity to textile sector has decreased gross profit of the company to Rs 1.311 million in 2019 in comparison with Rs 52.708 million in 2018.

The net loss increased to Rs 191.811 million in 2019 as compared with Rs. 81.857 million in 2018. This increase in loss is mainly due to very nominal gross profit, decrease in other income and increase in finance cost because of frequent rise in SBP Policy Rate during 2018-19. 3 month Kibor rate increased to 12.97% in June 2019 in comparison with 6.93% in 2018. The management put all efforts to control operating expenses and even laid off a number of employees. The company had to sell land to raise funds to discharge company's liabilities. The management also requested all the banks for rescheduling/restructuring of financing facilities, with deferral of mark-up, to reduce exposure over the next years and to avoid default.

The company generation dropped to 69,721 Mwh in 2019 in comparison with 212,259 Mwh in 2018.

Financial results for the year ended June 30, 2019 are summarized below:

Description	20	19	20	18	
Description	SEL	Consolidated	SEL	Consolidated	
		Rupees in <sup>-</sup>	Thousands		
Sales	1,036,691	1,085,210	2,412,173	2,412,173	
Gross profit	1,311	3,831	52,708	52,708	
(Loss) / Profit before taxation	(189,473)	(187,207)	(81,858)	(83,454)	
Net (Loss) / Profit after taxation	(191,811)	(190,203)	(81,858)	(83,454)	
Unapproriated profit brought forward	568,943	564,102	650,801	647,556

Earning per share - Basic Rs.	(10.05)	(9.81)	(4.29)	(4.36)	

## **Corporate and Financial Reporting Framework**

In compliance of the Code of Corporate Governance, we give below the statement on corporate and financial reporting framework:

a) The financial statements have been drawn up in conformity with the requirements of the Companies Act, 2017 and present fairly its state of affairs, the operating results, cash flow statement and statement of changes in equity.

## **Directors' Report**

- b) Proper books of accounts have been maintained.
- Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgments.
- d) International Financial Reporting Standards, as applicable in Pakistan, have been followed in preparation of financial statements and any departures therefrom has been adequately disclosed and explained.
- e) The internal control system is sound in design and has been effectively implemented and monitored.
- f) There is no significant doubt about the Company's ability to continue as a going concern.
- g) There has been no material departure from the best practices of Code of Corporate Governance, as detailed in listing regulations.
- h) Summary of key operating and financial data for the last ten years is annexed.
- i) Cost of investments of Staff Provident Fund Trust as at June 30, 2019 was Rs. 8.723 million.
- j) During the year, four meetings of the Board of Directors were held. Attendance by each director was as follows:-

Name of Director	Meetings attended
Mr. Javed Iqbal	4
Mrs. Noureen Javed	4
Mr. Abdullah Javed	4
Ms. Haniah Javed	4
Mr. Mubashir Ahmed Zareen	4
Mrs. Naseem Akhtar	1
Mr. Hameed Ahmed Sheikh	1
Mr. Mukhtar A. Sheikh	3
Mr. Rana M. Arshad Iqbal	3

k) During the year, four meetings of the audit committee were held. Attendance by each member was as follows:-

Name of Member	Meeti	ings a	attended / Status
Mr. Rana M. Arshad Iqbal	3	/	Ex-Chairman
*Mr. Hameed Ahmed Sheikh	1	/	Chairman
Mr. Abdullah Javed	4	/	Member
Mr. Mubashir Ahmed Zareen	4	/	Member

<sup>\*</sup>Mr. Hameed Ahmed Sheikh appointed as chairman in place of Mr. Rana M. Arshad Iqbal with effect from April 15, 2019.

I) During the year, four meetings of the Human Resource and Remuneration committee were held. Attendance by each member was as follows:-

Name of Member	Meeti	ings a	attended / Status
Mr. Mubashir Ahmed Zareen	4	/	Chairman
Mr. Javed Iqbal	4	/	Member
Mr. Abdullah Javed	4	/	Member

- m Pattern of Shareholding as at June 30, 2019 is annexed.
- n) Statement of compliance with Code of Corporate Governance is also annexed.
- o) All transactions with related parties and associated undertakings are carried out at arm's length price determined in accordance with comparable uncontrolled price method.

### Web Reference

In compliance with SRO 634 (1)/2014 dated July 10, 2014, the company is maintaining a functional website. Annual, half-yearly and quarterly reports and other notices are regularly posted at the company's website address (http://www.sitara.pk).

## **Related Parties**

Transactions between related parties were carried out at arm's length prices determined in accordance with the comparable uncontrolled prices method. The Company has fully complied with the best practices on transfer pricing as contained in the Listing Regulations of Stock Exchanges in Pakistan.

## **Human Resources Management**

Our commitment to excellence plays a significant role in our ability to be successful. This commitment enables us to continue investing behind talent development of our people across all functional departments. They are provided with a learning environment that encourages and fosters new ideas, initiatives and teamwork.

## **Corporate Social Responsibility**

It is Company's policy to contribute to the uplift and welfare of the community in order to fulfill its social responsibility. During the year 2019, the Company has donated Rs. 775,000/- (2018: Rs. 100,000/-) to Dams Fund of the Supreme Court of Pakistan and welfare institution operating in the fields of education.

## **Future Prospects and Outlook**

The viability of the company during the financial year 2019-20 will largely depends upon availability of RFO, system gas, RLNG at affordable prices vis-à-vis consumer end tariff of DISCOs for BPCs and increase therein.

FESCO had filed Power Acquisition Request (FESCO PAR) with NEPRA in August 2011. Subsequent to termination of PPA by SEL with FESCO in March 2015, NEPRA approved FESCO PAR in April 2017, after a lapse of more than 5 years and 8 months with the direction to reduce fuel cost component with effect from September 2011 and creating a possible recovery from the company. The company filed in time a Review Petition against the aforesaid decision by NEPRA. Review Petition was heard by NEPRA in April 2019 while the decision is still pending. The company will defend the case for its legitimate rights and maintain the sanctity of Power Purchase Agreement (PPA) by FESCO and NEPRA at all relevant forums.

## **Auditors**

The auditors of the company M/S RSM Avais Hyder Liaquat Nauman, Chartered Accountants, retire and being eligible has offered themselves for re-appointment. The Audit Committee has recommended re-appointment of the retiring auditors.

## **Appreciation**

The Board of Directors appreciates all its stakeholders for their trust and continued support to the Company. The Board also recognizes the contribution made by a very dedicated team of professionals and engineers who served the company with enthusiasm, and hope that the same spirit of devotion shall remain intact in the future ahead to the Company.

  - a. Audit Committee: Four meetings during the financial year ended June 30, 2019
  - b. HR and Remuneration Committee: Four quarterly meetings during the financial year ended June 30, 2019
- 15. The board has set up an effective internal audit function who are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the company.
- 16. The statutory auditors of the company have confirmed that they have been given a satisfactory rating under the quality control review program of the ICAP and registered with Audit Oversight Board of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the ICAP.
- 17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 18. We confirm that all other requirements of the Regulations have been complied with.

Faisalabad October 02, 2019 Mrs. Naureen Javed Chairperson

Naureen Jona

## **Independent Auditor's Report**

#### **INDEPENDENT AUDITOR'S REPORT**

#### To the members of Sitara Energy Limited

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the annexed financial statements of Sitara Energy Limited (the Company), which comprise the statement of financial position as at 30 June 2019, and the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2019and of the loss and other comprehensive loss, the changes in equity and its cash flows for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Material Uncertainty relating to Going Concern**

The Company suffered financial and operational difficulties. These conditions as set forth in Note 1.3,indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to matter described in Material uncertainty relating to Going Concern section, we have determined the matters described below as the Key audit matters:

Key	Audit	Matters
-----	-------	---------

#### How our audit addressed the key audit matter

### Gas Infrastructure Development Cess (GIDC)

The company is engaged in litigation with its supplier of gas M/S Sui Northern Gas Pipelines Limited (SNGPL) defending demands of Gas Infrastructure Development Cess (GIDC) and late payment Surcharge, thereon' This area involves the significant and complex judgments by the management. The liability of Rs. 137.952 million up to 2014 before promulgation of new GIDC Act 2015 has not been recognized on the ground that the cess is not validly levied as held by the superior courts.

From September 2014 onwards the liability on account of GIDC amounting to Rs.417.480 million has been recognized, however charging of late payment surcharge (LPS) of Rs.208.501 million till June 30, 2019 has not been recognized. The company has challenged both levy of GIDC and charging of LPS before the court which is pending. Non-Recognition of liability of LPS is highly judgmental and is based on assumption that the LPS cannot be charged by the supplier during the pendency of the petition in which stay against recovery is granted because there is no willful default.

Our audit procedures include the following:

Obtaining understanding of the company's procedures and controls over contingent liabilities.

Examining the case files particularly the correspondence with the legal counsels hired by the company to represent the cases before the courts.

Perusal of the expert opinions obtained by the company and assessing the legal counsels who have issued the opinions.

Circulating the external confirmations to the legal advisors.

Assessing the adequacy and appropriateness of the disclosures made in the financial statements.

## **Independent Auditor's Report**

Key Audit Matters	How our audit addressed the key audit matter
Given the nature and amounts involved in cases pending in the appellate forums. The accounting is subject to significant judgments which can be changed as the new facts emerge. Therefore we consider this as a key audit matter.	
Non-Operating Land	
As stated in the note 10.6 to the financial statements the company had made investment of Rs.463.374 million in acquisition of Land, in current year the company transferred this land to investment property as they change their intention of future expansion to held the land for capital appreciation.	Our audit procedures with respect to this transfer include examination of relevant documents, reading minutes of board meetings and obtaining specific representations from management.
Due to amounts involved i.e.13.56 % of the total assets, we have identified this as a key audit matter.	
Loan to subsidiary	
The Company has made investment in 100% owned subsidiary in shape of interest free loan of Rs. 620.704 million	Our audit procedures include the following
to subsidiary formed with the object to carryout real estate business as detailed in the note 18 to the financial statements the company.	Obtain understanding of Company's plan and business rationale for loan to subsidiary and review of minutes of Board of Directors' meetings.
Given the significance of the amount of loan in the overall context of the financial statements, the area remained in our focus and considered a key audit matter.	Evaluate appropriateness of company's methodology for assessing recoverability of loan.
locus and considered a key addit matter.	Assess whether carrying amount of loan to subsidiary may be impaired by reviewing market value of subsidiary's assets.
	Inspect and verify amount of loan given through supporting documents comprising banking instruments.
	Circulating external confirmation and assessing the reply received.
	Verified that the Disclosure related to loan are in accordance with requirement of applicable accounting and reporting framework.

### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for other information. The other information comprises the information in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

## **Independent Auditor's Report**

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and
  perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a
  basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from
  error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Syed Ali Adnan Tirmizey.

## To the members of Sitara Energy Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2017

We have reviewed the enclosed Statement of Compliance with the listed companies (Code of Corporate Governance) Regulations, 2017 (the Regulations) prepared by the Board of Directors of Sitara Energy Limited for the year ended June 30, 2019 in accordance with the requirements of regulations 40 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non compliance with the requirenments of the Regulations. A review is limited primarily to inquiries of the company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors'statement on internal control covers all risks and control or to form an opinion on effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon the recommendations of the Audit Committee. We have not carried out procedures to asses and determine the company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the company's compliance, in all material respects, with the Regulations as applicable to the Company for the year ended June 30, 2019.

## Notes to the Financial Statements for the Year Ended June 30, 2019

#### 1. STATUS AND ACTIVITIES

- 1.1 Sitara Energy Limited (the Company) is incorporated in Pakistan as a public limited Company under the repealed Companies Ordinance, 1984 (Repealed with the enactment of the Companies Act 2017 on May 30, 2017) and is listed on Pakistan Stock Exchange Limited. The main object of the Company is generation and distribution of electricity. The registered office of the Company is situated at 601-602 Business Centre, Mumtaz Hasan Road, Karachi in the province of Sindh. The generation plant is located at 33-K.M. Sheikhupura Road, Tehsil Jaranwala, District Faisalabad in the province of Punjab.
- **1.2** The financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency.
- 1.3 The Company suffered financial and operational difficulties due to non availability of system gas along with substantial increase in gas tariff and abnormal increase in rate of furnace oil. The Company has suffered loss of Rs. 191.811 million during the year, energy generation decreased by 67% as compared to last year due to adverse market conditions compared to energy cost.

There has been material uncertainty related to events and conditions which may cast significant doubt about the Company's ability to continue as a going concern and, therefore the Company may not be able to realize its assets and discharge its liabilities in the normal course of business.

Company is making efforts to curtail its operational, administrative and other expenses to minimum possible level without affecting the operational efficiency of the Company and has planned to dispose the non-core assets such as properties and gas engines and invest in renewable energy project by installing solar energy unit which is expected to be operational in 2021 and result in drastic reduction in operational cost to make the existing project viable. The management is confident that there will be further improvement in operational efficiency and profitability in future and the Company will continue as going concern.

## 2. SIGNIFICANT ACCOUNTING POLICIES

## 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS's) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS's, the provisions of and directives issued under the Companies Act, 2017 have been followed.

## 2.2 Application of new and revised International Financial Reporting Standards (IFRSs)

#### 2.2.1 Standards, amendments to standards and interpretations becoming effective in current year

The following standards, amendments to standards and interpretations have been effective and are mandatory for financial statements of the Company for the periods beginning on or after July 01, 2017 and therefore, have been applied in preparing these financial statements.

## - IFRS 9 Financial Instruments (2014):

In the current year the company has applied IFRS-9, "Financial Instruments".

IFRS 9 contains accounting requirements for financial instruments in the areas of classification and measurement, impairments, hedge accounting, de-recognition:

All recognized financial assets that are within the scope of IAS 39 Financial Instruments: Recognition and Measurement are required to be subsequently measured at amortized cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortized cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured at Fair Value Through Other Comprehensive Income. All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods.

With regard to the measurement of financial liabilities designated as at fair value through profit or loss, standard requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss.

In relation to the impairment of financial assets, standard requires an expected credit loss model, as opposed to an incurred credit loss model under IAS 39.

The new general hedge accounting requirements retain the three types of hedge accounting mechanisms currently available in IAS 39. Under IFRS 9, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been replaced with the principle of an 'economic relationship'. Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

As per notification by the SECP this standard is effective for annual periods ending on or after June 30, 2019.

#### - IFRS 15 Revenue from Contracts with Customers:

In the current year, the company has applied IFRS-15 "Revenue from Contracts with Customers (as amended in April 2016)".

This standard was notified by the Securities and Exchange Commission of Pakistan ('SECP') to be effective for annual periods beginning on or after July 1, 2018. This standard deals with revenue recognition and establishes principles for reporting useful information to users of the financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. Revenue is recognised when a customer obtains control of a good or service and thus has the ability to direct the use and obtain the benefits from the good or service. The standard replaces IAS 18, 'Revenue', and IAS 11, 'Construction contracts', and related interpretations.

The Company has applied IFRS 15 using the modified retrospective approach for transition. This approach requires entities to recognise the cumulative effect of initially applying IFRS 15 as an adjustment to the opening balance of un-appropriated profit in the period of initial application. Comparative prior year periods would not be adjusted. The application of IFRS 15 does not have any material impact on the revenue recognition policy of the Company and therefore, the cumulative effect of initially applying this standard as an adjustment to the opening balance of un-appropriated profit in the period of initial application is not material. Therefore, the comparative information has not been restated and continues to be reported under the previous accounting policy.

Based on the assessment performed by the management, there is no significant impact of the changes laid down by IFRS 9 and IFRS 15 on these financial statements of the Company. Further, consequent to the adoption of above mentioned standards, changes in accounting policies have been reflected in note 2.20.

## - IFRIC 22 Foreign currency transactions and advance consideration:

This IFRIC addresses foreign currency transactions or parts of transactions where there is consideration that is denominated or priced in a foreign currency. The interpretation provides guidance for when a single payment/receipt is made as well as for situations where multiple payments/receipts are made. The guidance aims to reduce diversity in practice. The Company's accounting treatment is already in line with this interpretation.

# 2.2.2 Standards, amendments to standards and interpretations becoming effective in current year but not relevant

There are certain amendments to standards that became effective during the year and are mandatory for accounting periods of the Company beginning on or after July 01, 2018 but are considered not to be relevant to the Company's operations and are, therefore, not disclosed in these financial statements.

# 2.2.3 Standards, amendments to standards and interpretations becoming effective in future periods

There are certain standards, amendments to the IFRS and interpretations that are mandatory for companies having accounting periods beginning on or after July 1, 2019 but are considered not to be relevant or to have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements, except for the following:

#### - IFRS 16 Leases

This standard replaces the current guidance in IAS 17, 'Leases' and is a far reaching change in accounting by lessees in particular. Under IAS 17, lessees were required to make a distinction between a finance lease (on statement of financial position) and an operating lease (off statement of financial position). IFRS 16 now requires lessees to recognise a lease liability reflecting future lease payments and a 'right-of-use asset' for virtually all lease contracts. The IASB has included an optional exemption for certain short-term leases and leases of low-value assets; however, this exemption can only be applied by lessees. For lessors, the accounting stays almost the same. However, as the IASB has updated the guidance on the definition of a lease (as well as the guidance on the combination and separation of contracts), lessors will also be affected by the new standard. At the very least, the new accounting model for lessees is expected to impact negotiations between lessors and lessees. The Company is yet to assess the full impact of this standard.

The amendments are effective for accounting periods beginning on or after January 01, 2019. The application of standard is not expected to have any material impact on the Company's financial statements.

## - IAS 19 Employee Benefits on plan amendment, curtailment or settlement:

These amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. The Company is yet to assess the full impact of this amendment.

The amendments are effective for accounting periods beginning on or after January 01, 2019. The application of standard is not expected to have any material impact on the Company's financial statements.

## - IFRIC 23 Uncertainty over Income Tax Treatments:

The interpretation is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under IAS 12. The company is yet to assess the full impact of the IFRIC. The Interpretation does not apply to taxes or levies outside the scope of IAS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments.

This IFRIC is effective for accounting period beginning on or after January 01, 2019. The application of IFRIC is not expected to have any material impact on the Company's financial statements.

## - Annual improvements 2014-2016

Annual Improvements to IFRSs through 2014-2016 cycle have been issued by IASB on December 08, 2016, amending the following standards;

IAS 28: Investments in Associates and Joint Ventures.

The amendments are effective for accounting periods beginning on or after January 01, 2019. The application of amendments is not expected to have any material impact on the Company's financial statements.

## - Annual improvements 2015-2017 Cycle

Annual Improvements of IFRSs through 2015-2017 cycle have been issued by IASB on December, 2017, amending the following standards;

IFRS 3: Business Combinations - Re-measurement of previously held interest.

IFRS 11: Joint Venture - Re-measurement of previously held interest.

IAS 12: Income Taxes – Income Tax consequences of dividends.

The amendments are effective for accounting periods beginning on or after January 01, 2019. The application of amendments is not expected to have any material impact on the Company's financial statements.

# 2.2.4 Standards, amendments to standards and interpretations becoming effective in future period but not relevant.

There are certain new standards, amendments to standards and interpretations that are effective from different future periods but are considered not to be relevant to the Company's operations,

therefore, not disclosed in these financial statements.

## 2.3 Basis of preparation

These financial statements have been prepared under the "historical cost convention".

#### 2.4 Leases

Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to statement of profit or loss, unless these are directly attributable to qualifying assets, in which case these are capitalised in accordance with the Company's general policy on borrowing costs (Refer Note 2.13). Contingent rentals are recognised as expenses in the periods in which they are incurred.

#### 2.5 Staff retirement benefits

The Company operates defined contribution plan - approved provident fund scheme for all its employees. Equal monthly contributions are made both by the Company and employees at the rate of 10 percent per annum of the basic salary.

## 2.6 Trade and other payables

Liabilities for trade and other payables are measured at cost which is the fair value of the consideration to be paid in future for goods and services received whether billed to the Company or not.

### 2.7 Provisions

Provisions are recognised when the Company has a present, legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each statement of financial position date and adjusted to reflect the current best estimate.

### 2.8 Provision for taxation

#### Current

Provision for taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credit, rebates and exemption available, if any, under the law.

## **Deferred**

Deferred tax is provided using the liability method for all temporary differences at the statement of financial position date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax asset is recognised for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which suchtemporary differences and tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rate that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the statement of financial position date.

Deferred tax charged or credited in the statement of profit or loss, except in case of items credited or charged to equity in which case it is included in equity.

### 2.9 Dividend and other appropriations

Dividend is recognised as a liability in the period in which it is approved. Appropriations of profits are reflected in the statement of changes in equity in the period in which such appropriations are made.

### 2.10 Property, plant and equipment

Operating assets

Operating assets, except freehold land, are stated at cost less accumulated depreciation and accumulated impairment in value, if any. Freehold land is stated at cost less accumulated impairment in value, if any.

When parts of an item of operating asset have different useful lives, they are recognised as separate items of operating assets.

Depreciation is charged to income applying the reducing balance method at the rates specified in the property, plant and equipment note except plant and machinery on which depreciation is charged by applying unit of production method subject to minimum charge of Rs. 10 million to cover obsolescence.

Depreciation on additions other than additions in plant and machinery during the period is charged from the month in which an asset is acquired or capitalised, while no depreciation is charged for the month in which the asset is disposed off. The assets' residual values and useful lives are reviewed at each financial year end and adjusted, if impact on depreciation is significant.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalised.

Capital work in progress

All expenditure connected with specific assets incurred during installation and construction period are carried under capital work in progress. These are stated at cost less impairment in value, if any and are transferred to specific assets as and when these assets are available for use.

Assets subject to finance lease

In view of certainty of ownership at the end of the lease period, assets subject to finance lease are stated at cost less accumulated depreciation and accumulated impairment in value, if any. These are depreciated over their expected useful lives on the same basis as owned assets.

Gains and losses on disposal of property, plant and equipment are included in current income.

### 2.11 Investment property

Investment property which is property held to earn rentals and / or for capital appreciation, is valued using the cost method i.e. at cost less any accumulated depreciation and impairment in value, if any.

Depreciation on building is charged to income on reducing balance method at the rate of 10% per annum. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalised while no depreciation is charged for the month in which the property is disposed off.

Gains or losses on disposal of investment property, if any, are included in current income.

### 2.12 Impairment

The Company assesses at each statement of financial position date whether there is any indication that assets except deferred tax assets may be impaired. If such indications exist, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognised in statement of profit or loss, unless the relevant assets are carried at revalued amounts, in which case the impairment loss is treated as a revaluation decrease. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use.

Where impairment loss subsequently reverses, the carrying amounts of the assets are increased to the revised recoverable amounts but limited to the carrying amounts that would have been determined had no impairment loss been recognised for the assets in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant assets are carried at revalued amounts, in which case the reversal of the impairment loss is treated as a revaluation increase.

### 2.13 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

### 2.14 Investment in subsidiary

Investment in subsidiary company is measured at cost. Provision for diminution in value is made if considered permanent.

### 2.15 Stores, spares and loose tools

These are valued at cost, determined on moving average method less allowance for slow moving and obsolete items. Items in transit are valued at invoice value plus other charges incurred thereon.

### 2.16 Stock of oil and lubricants

Stock, except wastes, are valued at lower of cost and net realisable value using the moving average method. Items in transit are valued at cost comprising invoice value and other charges incurred thereon.

Wastes are valued at net realisable value. Net realisable value represents the estimated selling price in the ordinary course of business less estimated cost of completion and estimated cost necessary to make the sale.

### 2.17 Trade debts and other receivables

Trade debts are carried at original invoice amount less an estimate made for doubtful receivables based on review of outstanding amounts at the year end. Balances considered bad are written off when identified. Other receivables are recognised at nominal amount which is fair value of the consideration to be received in future.

### 2.18 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks, highly liquid short term investments that are convertible to known amount of cash and are subject to insignificant risk of change in value.

### 2.19 Foreign currency translation

Transactions in currencies other than Pakistani Rupee are recorded at the rates of exchange prevailing on the dates of the transactions. At each statement of financial position date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the statement of financial position date except where forward exchange contracts have been entered into for repayment of liabilities, in that case, the rates contracted for are used.

Gains and losses arising on retranslation are included in net profit or loss for the period.

#### 2.20 Financial instruments

### 2.20.1 Financial assets

The Company classifies its financial assets at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

### a) Financial assets at amortised cost

Financial assets at amortised cost are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in profit or loss.

### b) Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### c) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are those financial assets which are either designated in this category or not classified in any of the other categories. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises.

Financial assets and liabilities are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently remeasured to fair value, amortized cost or cost as the case may be. Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit or loss for the period in which it arises.

Equity instrument financial assets are measured at fair value at and subsequent to initial recognition changes in fair value of these financial assets are normally recognised in profit or

loss. Dividends from such investments continue to be recognised in profit or loss when the Company's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in other comprehensive income there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. Assets or liabilities that are not contractual in nature and that are created as a result of statutory requirements imposed by the Government are not the financial instruments of the Company.

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk. The Company recognises in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

### 2.20.2 Financial liabilities

All financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised costs are initially measured at fair value minus transaction costs. Financial liabilities at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the profit or loss.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the profit or loss.

### 2.21 Offsetting of financial asset and financial liability

A financial asset and a financial liability is offset and the net amount reported in the statement of financial position, if the Company has a legal enforceable right to set off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

### 2.22 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business.

The company recognize revenue when it transfer control of product to a customer.

### 2.23 Transactions with related parties

Transactions with related parties are carried out at arm's length. The prices are determined in accordance with comparable uncontrolled price method. The power is sold to related parties at the rates determined by National Electric Power Regulatory Authority.

### 2.24 Critical accounting estimates and judgments

The preparation of financial statements in conformity with International Accounting Standards / International Financial Reporting Standards requires management to make judgments, estimates and The preparation of financial statements in conformity with International Accounting Standards / International Financial Reporting Standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

Significant areas requiring the use of management estimates in these financial statements relate to the impairment of investments in subsidiary, contingencies, investment property valuation, useful life of depreciable assets, provision for doubtful receivables and slow moving inventory. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

the charges created in respect of short term term finance (Refer Note 8.3) and running finances (Refer Note 8.4) and personal guarantees of directors of the Company.

Effective mark up rate charged during the year ranges from 8.67% to 13.61% per annum (2018: 8.38% to 10.31% per annum).

8.3 It is subject to mark up at the rate of 1 month KIBOR plus 2.5% per annum (2018: 1 month KIBOR plus 2% per annum). It is secured against first joint pari passu charge over current assets of the Company ranking pari passu with the charges created in respect of morabaha finance-I (Refer Note 8.2) and running finances (Refer Note 8.4) and by personal guarantee of directors of the Company.

Effective mark up rate charged during the year ranges from 9.42% to 15.30% per annum (2018: 8.26% to 8.92% per annum).

8.4 These are subject to mark up at the rate of 3 months KIBOR plus 2.00% to 2.75% per annum (2018: 3 months KIBOR plus 2.00% to 2.75% per annum) with a prompt payment rebate of 0.25% per annum. Running finances are secured against first charge over current assets of the Company ranking pari passu with the charges created in respect of morabaha finance-I (Refer Note 8.2) and short term finance (Refer Note 8.3), first charge over fixed assets of the Company ranking pari passu with the charges created in respect of morabaha finance - I (Refer Note 8.2). These are further secured against ranking charge over fixed assets, token registered mortgage of Rs. 4,300,000/- and equitable mortgage of personal properties of directors and land owned by the company. These are also secured by personal guarantee of three directors of the Company.

Effective mark up rate charged during the year ranges from 8.92% to 13.88% per annum (2018: 8.14% to 9.18% per annum).

#### 9. CONTINGENCIES AND COMMITMENTS

### 9.1 Contingencies

- **9.1.1** Bank guarantees issued in favour of Sui Northern Gas Pipelines Limited for supply of gas aggregate Rs. 155,809,000/- (2018: Rs. 188,169,000/-)
- 9.1.2 The order of Commissioner Appeals in favour of the company regarding disputed demand of Income tax for the tax years 2004 to 2006 amounting Rs.1,313,929/- (2018: Rs.1,313,929/-) was vacated by the Appellate Tribunal. The company has filed an appeal on April 14, 2010 before Sindh High Court against the Appellate Tribunal Order. Pending the outcome of the matter, no provision has been made in these financial statements.
- 9.1.3 Demand of gas Infrastructure development cess amounting Rs.137,952,501 (2018: Rs.137,952,501/-) not acknowledged. The Company has challenged the levy on June 22, 2015 from year 2011 to 2014 before the Honourable Lahore High Court Lahore claiming that the Company be treated as part of the industrial sector, Therefore entitled to benefit of non-recovery granted to industrial sector. The matter is pending before the committee constituted by SNGPL.
- 9.1.4 Demand of late payment surcharge charged by SNGPL on non payment of gas Infrastructure development cess amounting Rs.208,501,487/- has not been acknowledged. The charge is challenged before The Sindh High Court on October 13, 2015. The management is of the view that surcharge can only be levied on willful default, non payment of principal amount of GIDC is due to stay order granted by court of competent jurisdiction therefore LPS could not be charged. No provision of late payment surcharge has been made as the appeals against levy of GIDC are pending before the court of law.

31.1 The Chief Executive Officer and director are entitled to free use of Company maintained car and other perquisites. One executive is entitled to conveyance facility. The monetary value of these benefits approximates Rs. 1,038,642/- (2018: Rs. 3,197,412/-). The Directors have waived off their meeting fee.

### 32. TRANSACTIONS WITH RELATED PARTIES

The Company in the normal course of business carries out transactions with various related parties which comprise of subsidiary, associated undertakings, directors, key management personnel and post employment benefit plan. Amounts due from and due to related parties are shown under relevant notes to the financial statements. Remuneration to Chief Executive Officer, Directors and Executives is disclosed in Note 31. Other significant transactions with related parties are as follows:

Name of the related party	Relationship and Percentage	Transactions during the year	2019 Rupees	2018 Rupees
Sitara International (Private) Limited	Subsidiary Company by holding 99.99% shares (2018 : 99.99%)	Loan Given  Land purchased	11,000,000 15,601,160	57,460,000
Sitara Chemtek (Private) Limited	Associated company by virtue of common directorship	Sale of electricity	3,687,920	459,170
Sitara Fabrics Limited	Associated company by virtue of common directorship	Sale of electricity and steam	117,361,940	170,116,336
Sitara Energy Limited Staff Provident Fund Trust	Other related party	Contribution for the year	1,951,579	2,806,240

2019	2018
2019	2010

### 33. PLANT CAPACITY AND ACTUAL PRODUCTION

Number of generators installed	25	25
Number of generators worked	15	18
Installed energy generation capacity (Mega watt hours)	769,303	769,303
Actual energy generation (Mega watt hours)	69,721	212,259
Actual average load (Mega watt)	7.96	24.23

Reasons for low generation:

- Installed generators include four standby generators and closure of six generators due to major overhauling.
- Adjustment in planned optimum capacity utilisation level.
- Extra capacity for future growth.

2019	2018
------	------

### 34. DISCLOSURE WITH REGARDS TO PROVIDENT FUND

Size of the fund	(Rupees)	28,175,867	34,908,494

	1,726,997,365	1,798,270,510

### 36.2 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The Company's activities expose it to a variety of financial risks (credit risk, liquidity risk and market risk). Risks measured and managed by the Company are explained below:

### 36.2.1 Credit risk and concentration of credit risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counter parties failed completely to perform as contracted. The Company is exposed to concentration of credit risk towards the major customers M/S Sitara Chemical Industries Limited, M/S Sitara Peroxide Limited and M/S Sitara Spinning Mills Limited. The trade debts receivable from these customers constitute 75% (2018: 69%) of total receivables. The maximum exposure to credit risk at the reporting date is as follows:

	2019	2018
	Rupees	Rupees
Deposits	31,525,800	32,361,750
Trade debts	561,032,586	755,557,956
Other receivables	101,647,232	97,850,465
Bank balances	198,383,010	6,184,627
	892,588,628	891,954,798

Due to Company's long standing relations with counterparties and after giving due consideration to their financial standing, the management does not expect non performance by these counter parties on their obligations to the Company.

For trade debts credit quality of the customer is assessed, taking into consideration its financial position and previous dealings, individual credit limits are set. The management regularly monitor and review customers credit exposure.

The Company's most significant customers are M/S Sitara Chemical Industries Limited, M/S Sitara Peroxide Limited and M/S Sitara Spinning Mills Limited. The break-up of amount due from customers is as follows:

	2019	2018
	Rupees	Rupees
Sitara Chemical Industries Limited	107,456,358	180,180,147
Sitara Peroxide Limited	171,786,486	198,117,010
Sitara Spinning Mills Limited	144,184,634	143,532,643
Other industrial users	137,605,108	233,728,156
	561,032,586	755,557,956

The aging of trade debts as at statement of financial position date is as under:

	2019	2018
	Rupees	Rupees
Not past due Past due	122,596,310	501,216,074
4 to 6 months	81,024,393	86,528,528
7 to 12 months	245,308,476	69,097,568
More than 1 year	112,103,407	98,715,786
•	438,436,276	254,341,882
	561,032,586	755,557,956
Not past due		
Related parties	20,105,502	157,092,569
Others	102,490,808	344,123,505
	122,596,310	501,216,074
Past due		
Related parties	65,784,119	109,187,346
Others	372,652,157	145,154,536
	438,436,276	254,341,882
	561,032,586	755,557,956

Based on the past experience and taking into consideration, the financial position, and previous record of recoveries, the Company believes that trade debts past due do not require any impairment. The credit risk exposure is limited in respect of deposits and bank balances as majority of deposits and all bank balances are placed with local banks / leasing company having good credit rating.

### 36.2.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Company's approach to manage liquidity is to maintain sufficient level of liquidity of the Company on the basis of expected cash flows, requirements of holding highly liquid assets and maintaining adequate reserve borrowing facilities to cover liquidity risk. This includes maintenance of statement of financial position liquidity ratios through working capital management. Following are the contractual maturities of financial liabilities including interest payments as at June 30, 2019 and 2018:

			2019		
	Carrying	Contractual	Six months	Six to twelve	Two to five
	amount	cash flows	or less	months	years
		Ru	pees in thou	sand	
Financial liabilities:					
Long term financing Liabilities against assets	41,667	50,801	15,531	11,364	23,906
subject to finance lease	-	-	-	-	-
Trade and other payables	627,141	627,141	627,141	-	-
Short term bank borrowings	982,314	1,144,838	237,884	906,954	_
	1,651,122	1,822,780	880,556	918,319	23,906
			0010		
		0 1 1 1	2018	O're to tree less	T I. C
	Carrying	Contractual	Six months	Six to twelve	Two to five
	amount	cash flows	or less	months	years
		Ru	pees in thous	and	
Financial liabilities:					
Liabilities against assets					
subject to finance lease	2,461	2,525	1,324	1,201	-
Trade and other payables	707,842	707,842	707,842	-	-
Short term bank borrowings	1,058,327	1,173,096	187,307	985,789	-
	1,768,630	1,883,463	896,473	986,990	

The contractual cash flows relating to mark up on short term bank borrowings and leases have been determined on the basis of mark up rates as applicable at the year end. The Company will manage the liquidity risk from its own source through equity and working capital management. The Company has liquid assets of Rs. 959.361 million (2018: 932.177 million) and unavailed short term borrowing facilities of Rs. 591.686 million (2018: Rs. 565.673 million) as at the year end.

### 36.2.3 Market risk management

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing returns.

### i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Interest rate risk arises from long term and short term bank borrowings. The interest rate profile of the Company's interest bearing financial instruments is presented in relevant notes to the financial statements.

### Sensitivity analysis

Sensitivity to interest rate risk arises from mismatches of financial assets and financial liabilities that mature or reprice in a given period.

### Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, therefore a change in interest rates at the reporting date would not effect statement of profit or loss.

### Cash flow sensitivity analysis for variable rate instruments

Had the interest rate been increased / decreased by 1% at the reporting date with all other variables held constant, loss for the year and equity would have been lower / higher by Rs.10.42 million (2018: Rs. 10.51 million).

### ii) Currency risk

Currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings. Currency risk is covered through forward foreign exchange contracts whenever it is considered appropriate to hedge foreign currency exposure. The Company is not exposed to any currency risk.

### iii) Equity price risk

Trading and investing in quoted equity securities give rise to equity price risk. At the statement of financial position date, the Company is not exposed to equity price risk.

### 36.3 Fair value of financial instruments

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

### 36.4 Capital management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to

shareholders, issue new shares or obtain / repay long term financing from / to financial institutions.

The Company manages its capital risk by monitoring its debt levels and liquid assets and keeping in view future investment requirements and expectation of the shareholders. Debt is calculated as total borrowings ('liabilities against assets subject to finance lease' and 'short term bank borrowings' as shown in the statement of financial position). Total capital comprises shareholders' equity as shown in the statement of financial position under 'share capital and reserves' and net debt (Debt less cash and cash equivalents).

The salient information relating to capital risk management of the Company was as follows:

	Note	2019 Rupees	2018 Rupees
Total Debt	4 & 5 & 8	1,023,980,565	1,060,788,256
Less: Cash and cash equivalents	22	214,369,579	20,594,479
Net Debt		809,610,986	1,040,193,777
Total equity		1,681,242,350	1,873,052,932
Total capital		2,490,853,336	2,913,246,709
Gearing ratio		32.50%	35.71%

### 37. DATE OF AUTHORISATION FOR ISSUE

These financial statements have been approved by the Board of Directors of the Company and authorised for issue on October 02, 2019.

### 38. GENERAL

### 38.1 RE-ARRANGEMENTS

Corresponding figures have been rearranged and reclassified, wherever necessary, for the purpose of comparison. There were no significant reclassifications / restatements to these financial statements during the year except as mentioned below:

Sitara Spinning Mills Limited is not the related party of the company this year. So balance of Sitara Spinning Mills limited of Rs, 143,532,643/- previously show separately is under the head "trade debts" is now grouped in others under the same head.

Gain on disposal of operating assets and non operating land" of Rs. 18,148,505/- and 13,458,100/- respectively was separately disclosed under the head other income. This is now disclosed as "Gain on disposal of Property, plant and equipment - net" under the same head.

Advance for purchase of land" of Rs. 24,971,988/- was previously disclosed under the head Non-operating land is now disclosed under the head "Property, plant and equipment" as separate line item.

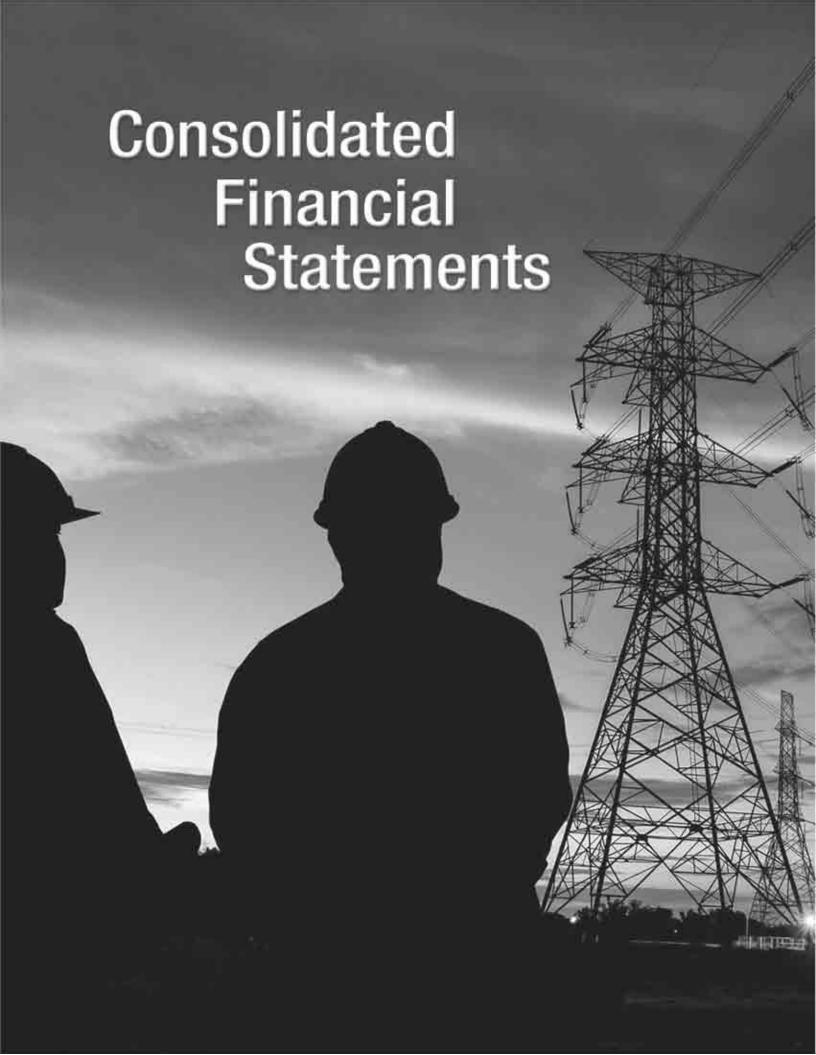

**38.2** Figures have been rounded off to the nearest Rupee except where mentioned rounded off in Rupees in thousands.

### **Independent Auditor's Report**

### INDEPENDENT AUDITOR'S REPORT

### To the members of Sitara Energy Limited

#### Opinion

We have audited the annexed consolidated financial statements of Sitara Energy Limited and its subsidiary (the Group), which comprise the consolidated statement of financial position as at 30 June 2019, and the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 June 2019, and (of) its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Material Uncertainty relating to Going Concern

The Parent Company suffered financial and operational difficulties. These conditions as set forth in Note 1.3 to the consolidated financial statements, indicate the existence of a material uncertainty which may cast significant doubt about the Parent Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to matter described in Material uncertainty relating to Going Concern section, we have determined the matters described below as the Key audit matters:

Key Audit	Matters
-----------	---------

### How our audit addressed the key audit matter

### Gas Infrastructure Development Cess (GIDC)

The Parent company is engaged in litigation with its supplier of gas M/S Sui Northern Gas Pipelines Limited (SNGPL) defending demands of Gas Infrastructure Development Cess (GIDC) and late payment Surcharge, Thereon' this area involves the significant and complex judgments by the management. The liability of Rs. 137.952 million up to 2014 before promulgation of new GIDC Act 2015 has not been recognized on the ground that the cess is not validly levied as held by the superior courts.

From September 2014 onwards the liability on account of GIDC amounting to Rs.417.480 million has been recognized, however charging of late payment surcharge (LPS) of Rs. 208.501 million till June 30, 2019 has not been recognized. The Parent company has challenged both levy of GIDC and charging of LPS before the court which is pending. Non-Recognition of liability of LPS is highly judgmental and is based on assumption that the LPS cannot be charged by the supplier during the pendency of the petition in which stay against recovery is granted because there is no willful default.

Given the nature and amounts involved in cases pending in the appellate forums. The accounting is subject to significant Our audit procedures include the following:

Obtaining understanding of the Parent company's procedures and controls over contingent liabilities.

Examining the case files particularly the correspondence with the legal counsels hired by the Parent company to represent the cases before the courts.

Perusal of the expert opinions obtained by the Parent company and assessing the legal counsels who have issued the opinions.

Circulating the external confirmations to the legal advisors.

Assessing the adequacy and appropriateness of the disclosures made in the consolidated financial statements.

### **Independent Auditor's Report**

Key Audit Matters	How our audit addressed the key audit matter			
judgments which can be changed as the new facts emerge. Therefore we consider this as a key audit matter.				
Non-Operating Land				
As stated in the note 11.6 to the consolidated financial statements the Parent company has made investment of Rs.463.374 million in acquisition of Land, in current year the Parent Company transferred this land to investment property as they change their intention of future expansion to held the land for capital appreciation.  Due to amounts involved i.e.13.56% of the total assets, we have identified this as a key audit matter.	Our audit procedures with respect to this transfer include examination of relevant documents, reading minutes of board meetings and obtaining specific representations from management.			

### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for other information. The other information comprises information in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

### **Independent Auditor's Report**

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Syed Ali Adnan Tirmizey.

DIRECTOR

CHIEF FINANCIAL OFFICER

# Consolidated Notes to the Financial Statements for the Year Ended June 30, 2019

#### 1. GROUP STATUS AND ACTIVITIES

- **1.1** The Group consists of Sitara Energy Limited (the Parent) and Sitara International (Private) Limited (the Subsidiary).
- 1.2 The Parent is incorporated in Pakistan as a public limited company under the repealed Companies Ordinance, 1984 (Repealed with the enactment of the Companies Act 2017 on May 30, 2017) and is listed on Pakistan Stock Exchange Limited. The main object of the Parent is generation and distribution of electricity. The registered office of the Parent is situated at 601-602 Business centre, Mumtaz Hasan Road, Karachi in the province of Sindh. The generation plant is located at 33-K.M. Sheikhupura Road, Tehsil Jaranwala, District Faisalabad in the province of Punjab.

The Subsidiary is incorporated in Pakistan as a private limited company under the repealed Companies Ordinance, 1984 (Repealed with the enactment of the Companies Act 2017 on May 30, 2017). The principal activities of the Subsidiary are trading in textile goods / machinery and real estate business. The registered office of the Subsidiary is situated at 601-602 Business centre, Mumtaz Hasan Road, Karachi in the province of Sindh.

1.3 The Parent suffered financial and operational difficulties due to non availability of system gas along with substantial increase in gas tariff and abnormal increase in rate of furnace oil. The Parent has suffered loss of Rs. 191.811 million during the year, energy generation decreased by 67% as compared to last year due to adverse market conditions compared to energy cost.

There has been material uncertainty related to events and conditions which may cast significant doubt about the Parent's ability to continue as a going concern and, therefore the Parent may not be able to realize its assets and discharge its liabilities in the normal course of business.

The Parent is making efforts to curtail its operational, administrative and other expenses to minimum possible level without affecting the operational efficiency of the Company and has planned to dispose the non-core assets such as properties and gas engines and invest in renewable energy project by installing solar energy unit which is expected to be operational in 2021 and result in drastic reduction in operational cost to make the existing project viable. The management is confident that there will be further improvement in operational efficiency and profitability in future and the Parent will continue as going concern.

**1.4** The financial statements are presented in Pak Rupee, which is the Group's functional and presentation currency.

#### 2. BASIS OF CONSOLIDATION

The financial statements of the Parent and Subsidiary are combined on a line by line basis. The financial statements of the Subsidiary are consolidated from the date on which more than 50% voting rights are transferred to or power to control the Subsidiary is established and are excluded from consolidation from the date of disposal or reduction of control.

All intra-company balances, transactions and resulting unrealised profits, if any, are eliminated.

Non-controlling interest is that part of the net results of the operations and net assets of the Subsidiary attributable to interest which are not owned by the Parent.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

#### 3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS's) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS's, the provisions of and directives issued under the Companies Act, 2017 have been followed.

#### 3.2 Application of new and revised International Financial Reporting Standards (IFRSs)

# 3.2.1 Standards, amendments to standards and interpretations becoming effective in current year

The following standards, amendments to standards and interpretations have been effective and are mandatory for financial statements of the Group for the periods beginning on or after July 01, 2018 and therefore, have been applied in preparing these financial statements.

#### - IFRS 9 Financial Instruments (2014):

In the current year the Group has applied IFRS-9, "Financial Instruments".

IFRS 9 contains accounting requirements for financial instruments in the areas of classification and measurement, impairments, hedge accounting, de-recognition:

All recognized financial assets that are within the scope of IAS 39 Financial Instruments: Recognition and Measurement are required to be subsequently measured at amortized cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortized cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured at Fair Value Through Other Comprehensive Income. All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods.

With regard to the measurement of financial liabilities designated as at fair value through profit or loss, standard requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss.

In relation to the impairment of financial assets, standard requires an expected credit loss model, as opposed to an incurred credit loss model under IAS 39.

The new general hedge accounting requirements retain the three types of hedge accounting mechanisms currently available in IAS 39. Under IFRS 9, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been replaced with the principle of an 'economic relationship'. Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

As per notification by the SECP this standard is effective for annual periods ending on or after June 30, 2019.

#### - IFRS 15 Revenue from Contracts with Customers:

In the current year, the Group has applied IFRS-15 "Revenue from Contracts with Customers (as amended in April 2016)".

This standard was notified by the Securities and Exchange Commission of Pakistan ('SECP') to be effective for annual periods beginning on or after July 1, 2018. This standard deals with revenue recognition and establishes principles for reporting useful information to users of the financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. Revenue is recognised when a customer obtains control of a good or service and thus has the ability to direct the use and obtain the benefits from the good or service. The standard replaces IAS 18, 'Revenue', and IAS 11, 'Construction contracts', and related interpretations.

The Group has applied IFRS 15 using the modified retrospective approach for transition. This approach requires entities to recognise the cumulative effect of initially applying IFRS 15 as an adjustment to the opening balance of un-appropriated profit in the period of initial application. Comparative prior year periods would not be adjusted. The application of IFRS 15 does not have any material impact on the revenue recognition policy of the Group and therefore, the cumulative effect of initially applying this standard as an adjustment to the opening balance of un-appropriated profit in the period of initial application is not material. Therefore, the comparative information has not been restated and continues to be reported under the previous accounting policy.

Based on the assessment performed by the management, there is no significant impact of the changes laid down by IFRS 9 and IFRS 15 on these financial statements of the Group. Further, consequent to the adoption of above mentioned standards, changes in accounting policies have been reflected in note 3.20.

#### - IFRIC 22 Foreign currency transactions and advance consideration:

This IFRIC addresses foreign currency transactions or parts of transactions where there is consideration that is denominated or priced in a foreign currency. The interpretation provides guidance for when a single payment/receipt is made as well as for situations where multiple payments/receipts are made. The guidance aims to reduce diversity in practice. The Group's accounting treatment is already in line with this interpretation.

# 3.2.2 Standards, amendments to standards and interpretations becoming effective in current year but not relevant

There are certain amendments to standards that became effective during the year and are mandatory for accounting periods of the Group beginning on or after July 01, 2018 but are

considered not to be relevant to the Group's operations and are, therefore, not disclosed in these financial statements.

# 3.2.3 Standards, amendments to standards and interpretations becoming effective in future periods

There are certain standards, amendments to the IFRS and interpretations that are mandatory for companies having accounting periods beginning on or after July 1, 2019 but are considered not to be relevant or to have any significant effect on the Group's operations and are, therefore, not detailed in these financial statements, except for the following:

#### - IFRS 16 Leases:

This standard replaces the current guidance in IAS 17, 'Leases' and is a far reaching change in accounting by lessees in particular. Under IAS 17, lessees were required to make a distinction between a finance lease (on statement of financial position) and an operating lease (off statement of financial position). IFRS 16 now requires lessees to recognise a lease liability reflecting future lease payments and a 'right-of-use asset' for virtually all lease contracts. The IASB has included an optional exemption for certain short-term leases and leases of low-value assets; however, this exemption can only be applied by lessees. For lessors, the accounting stays almost the same. However, as the IASB has updated the guidance on the definition of a lease (as well as the guidance on the combination and separation of contracts), lessors will also be affected by the new standard. At the very least, the new accounting model for lessees is expected to impact negotiations between lessors and lessees. The Group is yet to assess the full impact of this standard.

The amendments are effective for accounting periods beginning on or after January 01, 2019. The application of standard is not expected to have any material impact on the Group's financial statements.

#### - IAS 19 Employee Benefits on plan amendment, curtailment or settlement:

These amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. The Group is yet to assess the full impact of this amendment.

The amendments are effective for accounting periods beginning on or after January 01, 2019. The application of standard is not expected to have any material impact on the Group's financial statements.

#### - IFRIC 23 Uncertainty over Income Tax Treatments:

The interpretation is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under IAS 12. The Group is yet to assess the full impact of the IFRIC. The Interpretation does not apply to taxes or levies outside the scope of IAS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments.

This IFRIC is effective for accounting period beginning on or after January 01, 2019. The application of IFRIC is not expected to have any material impact on the Group's financial statements.

#### - Annual improvements 2014-2016

Annual Improvements to IFRSs through 2014-2016 cycle have been issued by IASB on December 08, 2016, amending the following standards;

IAS 28: Investments in Associates and Joint Ventures.

The amendments are effective for accounting periods beginning on or after January 01, 2019. The application of amendments is not expected to have any material impact on the Group's financial statements.

#### - Annual improvements 2015-2017 Cycle

Annual Improvements of IFRSs through 2015-2017 cycle have been issued by IASB on December, 2017, amending the following standards;

IFRS 3: Business Combinations - Re-measurement of previously held interest.

IFRS 11: Joint Venture - Re-measurement of previously held interest.

IAS 12: Income Taxes – Income Tax consequences of dividends.

The amendments are effective for accounting periods beginning on or after January 01, 2019. The application of amendments is not expected to have any material impact on the Group's financial statements.

# 3.2.4 Standards, amendments to standards and interpretations becoming effective in future periods but not relevant

There are certain new standards, amendments to standards and interpretations that are effective from different future periods but are considered not to be relevant to the Group's operations, therefore, not disclosed in these financial statements.

#### 3.3 Basis of preparation

These financial statements have been prepared under the "historical cost convention" except short term investment property and investments which are stated at their fair values.

#### 3.4 Leases

Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to statement of profit or loss, unless these are directly attributable to qualifying assets, in which case these are capitalised in accordance with the Group's general policy on borrowing costs (Refer Note 3.12). Contingent rentals are recognised as expenses in the periods in which they are incurred.

#### 3.5 Staff retirement benefits

The Parent operates defined contribution plan - approved provident fund scheme for all its employees. Equal monthly contributions are made both by the Parent and employees at the rate of 10 percent per annum of the basic salary.

#### 3.6 Trade and other payables

Liabilities for trade and other payables are measured at cost which is the fair value of the consideration to be paid in future for goods and services received whether billed to the group or not.

#### 3.7 Provisions

Provisions are recognised when the Group has a present, legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each statement of financial position date and adjusted to reflect the current best estimate.

#### 3.8 Provision for taxation

#### Current

Provision for taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credit, rebates and exemption available, if any, under the law.

#### **Deferred**

Deferred tax is provided using the liability method for all temporary differences at the statement of financial position date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax asset is recognised for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rate that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the statement of financial position date.

Deferred tax charged or credited in the statement of profit or loss, except in case of items credited or charged to equity in which case it is included in equity.

#### 3.9 Dividend and other appropriations

Dividend is recognised as a liability in the period in which it is approved. Appropriations of profits are reflected in the statement of changes in equity in the period in which such appropriations are made.

#### 3.10 Property, plant and equipment

#### Operating assets

Operating assets, except freehold land, are stated at cost less accumulated depreciation and accumulated impairment in value, if any. Freehold land is stated at cost less accumulated impairment in value, if any.

When parts of an item of operating asset have different useful lives, they are recognised as separate items of operating assets.

Depreciation is charged to income applying the reducing balance method at the rates specified in the property, plant and equipment note except plant and machinery on which depreciation is charged by applying unit of production method subject to minimum charge of Rs. 10 million to cover obsolescence.

Depreciation on additions other than additions in plant and machinery during the year is charged from the month in which an asset is acquired or capitalised, while no depreciation is charged for the month in which the asset is disposed off. The assets' residual values and useful lives are reviewed at each financial year end and adjusted, if impact on depreciation is significant.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalised.

Capital work in progress

All expenditure connected with specific assets incurred during installation and construction period are carried under capital work in progress. These are stated at cost less impairment in value, if any and are transferred to specific assets as and when these assets are available for use.

Assets subject to finance lease

In view of certainty of ownership at the end of the lease period, assets subject to finance lease are stated at cost less accumulated depreciation and accumulated impairment in value, if any. These are depreciated over their expected useful lives on the same basis as owned assets.

Non-operating land

Non-operating land is stated at cost.

Gains and losses on disposal of property, plant and equipment are included in current income.

#### 3.11 Impairment

The Group assesses at each statement of financial position date whether there is any indication that assets except deferred tax assets may be impaired. If such indications exist, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognised in statement of profit or loss, unless the relevant assets are carried at revalued amounts, in which case the impairment loss is treated as a revaluation decrease. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use.

Where impairment loss subsequently reverses, the carrying amounts of the assets are increased to the revised recoverable amounts but limited to the carrying amounts that would have been determined had no impairment loss been recognised for the assets in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant assets are carried at revalued amounts, in which case the reversal of the impairment loss is treated as a revaluation increase.

#### 3.12 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their

intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

#### 3.13 Investment property

Long term investment property is property held to earn rentals and / or for capital appreciation, is valued using the cost method i.e. at cost less any accumulated depreciation and impairment in value, if any.

Depreciation on building is charged to income on reducing balance method at the rate of 10% per annum. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalised while no depreciation is charged for the month in which the property is disposed off.

Gains or losses on disposal of investment property, if any, are included in current income.

Short term investment property, is property held to earn rentals or for capital appreciation or both, is stated at its fair value at the balance sheet date. Gains or losses arising from changes in the fair value of investment property are included in statement of profit or loss for the period in which they arise.

#### 3.14 Stores, spares and loose tools

These are valued at cost, determined on moving average method less allowance for slow moving and obsolete items. Items in transit are valued at invoice value plus other charges incurred thereon.

#### 3.15 Stocks

Stock, except wastes, are valued at lower of cost and net realisable value using the moving average method. Items in transit are valued at cost comprising invoice value and other charges incurred thereon.

Wastes are valued at net realisable value. Net realisable value represents the estimated selling price in the ordinary course of business less estimated cost of completion and estimated cost necessary to make the sale.

#### 3.16 Trade debts and other receivables

Trade debts are carried at original invoice amount less an estimate made for doubtful receivables based on review of outstanding amounts at the year end. Balances considered bad are written off when identified. Other receivables are recognised at nominal amount which is fair value of the consideration to be received in future.

#### 3.17 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks, highly liquid short term investments that are convertible to known amount of cash and are subject to insignificant risk of change in value.

#### 3.18 Investments

#### Available for sale investments

Investment securities held by the Group which may be sold in response to needs for liquidity or changes

in interest rates or equity prices are classified as available for sale. These investments are initially recognised at fair value plus transaction cost and subsequently re-measured at fair value. The investments for which quoted market price is not available, are measured at costs as it is not possible to apply any other valuation methodology. Gains and losses arising from re-measurement at fair value is recognised directly in the equity under fair value reserve until sold, collected, or otherwise disposed off at which time, the cumulative gain or loss previously recognised in equity is included in statement of profit or loss.

#### **Derecognition**

All investments are de-recognised when the rights to receive cash flows from the investments have expired or have been transferred and the subsidiary has transferred substantially all risks and rewards of ownership.

#### 3.19 Foreign currency translation

Transactions in currencies other than Pakistani Rupee are recorded at the rates of exchange prevailing on the dates of the transactions. At each statement of financial position date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the statement of financial position date except where forward exchange contracts have been entered into for repayment of liabilities, in that case, the rates contracted for are used.

Gains and losses arising on retranslation are included in net profit or loss for the period.

#### 3.20 Financial instruments

#### 3.20.1 Financial assets

The Group classifies its financial assets at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of the Group's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

#### a) Financial assets at amortised cost

Financial assets at amortised cost are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on derecognition are recognised directly in profit or loss.

#### b) Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### c) Financial assets at fair value through profit or loss

"Financial assets at fair value through profit or loss are those financial assets which are either designated in this category or not classified in any of the other categories. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises.

Financial assets are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently remeasured to fair value, amortized cost or cost as the case may be. Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit or loss for the period in which it arises.

Equity instrument financial assets / mutual funds are measured at fair value at and subsequent to initial recognition changes in fair value of these financial assets are normally recognised in profit or loss. Dividends from such investments continue to be recognised in profit or loss when the Group's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in other comprehensive income there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Chamber has transferred substantially all risks and rewards of ownership. Assets or liabilities that are not contractual in nature and that are created as a result of statutory requirements imposed by the Government are not the financial instruments of the Group.

The Group assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk. The Group recognises in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

#### 3.20.2 Financial liabilities

All financial liabilities are recognised at the time when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised costs are initially measured at fair value minus transaction costs. Financial liabilities at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the profit or loss.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the profit or loss.

The particular recognition methods adopted by the Group are disclosed in the individual policy statements associated with each item of financial instruments.

#### 3.21 Offsetting of financial asset and financial liability

A financial asset and a financial liability is offset and the net amount reported in the statement of financial position, if the Group has a legal enforceable right to set off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

#### 3.22 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents

amounts receivable for goods and services provided in the normal course of business.

The Group recognize revenue when it transfer control of product to a customer.

Sale of land is recognised when legal title passes.

#### 3.23 Transactions with related parties

Transactions with related parties are carried out at arm's length. The prices are determined in accordance with comparable uncontrolled price method, which sets the price by reference to comparable goods and services sold in an economically comparable market to a buyer unrelated to the seller. The power is sold to related parties at the rates determined by National Electric Power Regulatory Authority.

#### 3.24 Critical accounting estimates and judgments

The preparation of financial statements in conformity with International Accounting Standards / International Financial Reporting Standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the profit or loss.

- 9.1 The aggregate unavailed short term financing facilities available to the Parent are Rs. 591.686 million (2018: Rs. 565.673 million). Total sanctioned limits are Rs. 1.46 billion out of which Rs. 982.314 million are expired and renewable.
- 9.2 It is subject to mark up at the rate of 6 months KIBOR plus 2.75% per annum (2018: 6 months KIBOR plus 2.25% per annum) payable quarterly in arrears. It is secured against first charge over fixed assets of the Company ranking pari passu with the charges created in respect of running finances (Refer Note 9.4). It is further secured against first charge over current assets of the Company ranking pari passu with the charges created in respect of short term term finance (Refer Note 9.3) and running finances (Refer Note 9.4) and personal guarantees of directors of the Company.

Effective mark up rate charged during the year ranges from 8.67% to 13.61% per annum (2018: 8.38% to 10.31% per annum).

9.3 It is subject to mark up at the rate of 1 month KIBOR plus 2.5% per annum (2018: 1 month KIBOR plus 2% per annum). It is secured against first joint pari passu charge over current assets of the Company ranking pari passu with the charges created in respect of morabaha finance-I (Refer Note 9.2) and running finances (Refer Note 9.4) and by personal guarantee of directors of the Company.

Effective mark up rate charged during the year ranges from 9.42% to 15.30% per annum (2018: 8.26% to 8.92% per annum).

9.4 These are subject to mark up at the rate of 3 months KIBOR plus 2.00% to 2.75% per annum (2018: 3 months KIBOR plus 2.00% to 2.75% per annum) with a prompt payment rebate of 0.25% per annum. Running finances are secured against first charge over current assets of the Company ranking pari passu with the charges created in respect of morabaha finance-I (Refer Note 9.2) and short term finance (Refer Note 9.3), first charge over fixed assets of the Company ranking pari passu with the charges created in respect of morabaha finance - I (Refer Note 9.2). These are further secured against ranking charge over fixed assets, token registered mortgage of Rs. 4,300,000/- and equitable mortgage of personal properties of directors and land owned by the company. These are also secured by personal guarantee of three directors of the Company.

Effective mark up rate charged during the year ranges from 8.92% to 13.88% per annum (2018: 8.14% to 9.18% per annum).

#### 10. CONTINGENCIES AND COMMITMENTS

#### 10.1 Contingencies

- **10.1.1** Bank guarantees issued in favour of Sui Northern Gas Pipelines Limited for supply of gas aggregate Rs. 155,809,000/- (2018: Rs. 188,169,000/-)
- 10.1.2 The order of Commissioner Appeals in favour of the company regarding disputed demand of Income tax for the tax years 2004 to 2006 amounting Rs.1,313,929/- (2018: Rs.1,313,929/-) was vacated by the Appellate Tribunal. The company has filed an appeal on April 14, 2010 before Sindh High Court against the Appellate Tribunal Order. Pending the outcome of the matter, no provision has been made in these financial statements.
- 10.1.3 Demand of gas Infrastructure development cess amounting Rs.137,952,501 (2018: Rs.137,952,501/-) not acknowledged. The Company has challenged the levy on June 22, 2015 from year 2011 to 2014 before the Honourable Lahore High Court Lahore claiming that the Company be treated as part of the industrial sector, Therefore entitled to benefit of non-recovery granted to industrial sector. The matter is pending before the committee constituted by SNGPL.
- 10.1.4 Demand of late payment surcharge charged by SNGPL on non payment of gas Infrastructure development cess amounting Rs.208,501,487/- has not been acknowledged. The charge is challenged before The Sindh High Court on October 13, 2015. The management is of the view that surcharge can only be levied on willful default, non payment of principal amount of GIDC is due to stay order granted by court of competent jurisdiction therefore LPS could not be charged. No provision of late payment surcharge has been made as the appeals against levy of GIDC are pending before the court of law.

#### 37.2 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The Group's activities expose it to a variety of financial risks (credit risk, liquidity risk and market risk). Risks measured and managed by the Group are explained below:

#### 37.2.1 Credit risk and concentration of credit risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counter parties failed completely to perform as contracted. The Group is exposed to concentration of credit risk towards the major customers M/S Sitara Chemical Industries Limited, M/S Sitara Peroxide Limited and M/S Sitara Spinning Mills Limited. The trade debts receivable from these customers constitute 75% (2018: 69%) of total receivables. The maximum exposure to credit risk at the reporting date is as follows:

	2019	2018
	Rupees	Rupees
Deposits	31,525,800	32,361,750
Trade debts	561,032,586	755,557,956
Other receivables	101,647,232	97,850,465
Bank balances	199,499,221	7,319,844
	893,704,839	893,090,015

Due to Group's long standing relations with counterparties and after giving due consideration to their financial standing, the management does not expect non performance by these counter parties on their obligations to the Group.

For trade debts credit quality of the customer is assessed, taking into consideration its financial position and previous dealings, individual credit limits are set. The management regularly monitor and review customers credit exposure.

The Group's most significant customers are M/S Sitara Chemical Industries Limited, M/S Sitara Peroxide Limited and M/S Sitara Spinning Mills Limited. The break-up of amount due from customers is as follows:

	2019	2018
	Rupees	Rupees
Sitara Chemical Industries Limited	107,456,358	180,180,147
Sitara Peroxide Limited	171,786,486	198,117,010
Sitara Spinning Mills Limited	144,184,634	143,532,643
Other industrial users	137,605,108	233,728,156
	561,032,586	755,557,956

The aging of trade debts as at statement of financial position date is as under:

	2019	2018
	Rupees	Rupees
Not past due	122,596,310	501,216,074
Past due		
4 to 6 months	81,024,393	86,528,528
7 to 12 months	245,308,476	69,097,568
More than 1 year	112,103,407	98,715,786
	438,436,276	254,341,882
	561,032,586	755,557,956
Not past due		
Related parties	20,105,502	157,092,569
Others	102,490,808	344,123,505
	122,596,310	501,216,074
Past due		
Related parties	65,784,119	109,187,346
Others	372,652,157	145,154,536
	438,436,276	254,341,882
	561,032,586	755,557,956

Based on the past experience and taking into consideration, the financial position, and previous record of recoveries, the Company believes that trade debts past due do not require any impairment. The credit risk exposure is limited in respect of deposits and bank balances as majority of deposits and all bank balances are placed with local banks / leasing company having good credit rating.

#### 37.2.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Group's approach to manage liquidity is to maintain sufficient level of liquidity of the Group on the basis of expected cash flows, requirements of holding highly liquid assets and maintaining adequate reserve borrowing facilities to cover liquidity risk. This includes maintenance of statement of financial position liquidity ratios through working capital management. Following are the contractual maturities of financial liabilities including interest payments as at June 30, 2019 and 2018:

			2019		
	Carrying	Contractual	Six months	Six to twelve	Two to five
	amount	cash flows	or less	months	years
		Ru	pees in thou	sand	
Financial liabilities:					
Long term financing Liabilities against assets	41,667	50,801	15,531	11,364	23,906
subject to finance lease	633,400	633,400	633,400	<del>-</del>	-
Trade and other payables	,	ŕ	,	006.054	_
Short term bank borrowings	982,314 1,657,381	1,144,838 1,829,039	237,884 886,815	906,954 918,318	23,906
			2018		
	Carrying	Contractual	Six months	Six to twelve	Two to five
	amount	cash flows	or less	months	years
		Ru	pees in thous	and	
Financial liabilities:					
Liabilities against assets					
subject to finance lease	2,461	2,525	1,324	1,201	-
Trade and other payables	715,642	715,642	715,642	-	-
Short term bank borrowings	1,058,327	1,173,096	187,307	985,789	-
	1,776,430	1,891,263	904,273	986,990	-

The contractual cash flows relating to mark up on short term bank borrowings and leases have been determined on the basis of mark up rates as applicable at the year end. The Group will manage the liquidity risk from its own source through equity and working capital management. The Group has liquid assets of Rs. 968.236 million (2018: Rs. 969.053 million) and unavailed short term borrowing facilities of Rs.591.686 million (2018: Rs.565.673 million) as at the year end.

#### 37.2.3 Market risk management

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing returns.

#### i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Interest rate risk arises from long term and short term bank borrowings. The interest rate profile of the Group's interest bearing financial instruments is presented in relevant notes to the financial statements.

#### Sensitivity analysis

Sensitivity to interest rate risk arises from mismatches of financial assets and financial liabilities that mature or reprice in a given period.

#### Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit and loss, therefore a change in interest rates at the reporting date would not effect profit and loss account.

#### Cash flow sensitivity analysis for variable rate instruments

Had the interest rate been increased / decreased by 1% at the reporting date with all other variables held constant, loss for the year and equity would have been lower / higher by Rs.10.42 million (2018: Rs. 10.51 million).

#### ii) Currency risk

Currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings. Currency risk is covered through forward foreign exchange contracts whenever it is considered appropriate to hedge foreign currency exposure. The Group is not exposed to any currency risk.

#### iii) Equity price risk

Trading and investing in quoted equity securities give rise to equity price risk. At the date of statement of financial position, the Group is not exposed to equity price risk.

#### 37.3 Fair value of financial instruments

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### 37.4 Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to

shareholders, issue new shares or obtain / repay long term financing from / to financial institutions.

The Group manages its capital risk by monitoring its debt levels and liquid assets and keeping in view future investment requirements and expectation of the shareholders. Debt is calculated as total borrowings ('liabilities against assets subject to finance lease' and 'short term bank borrowings' as shown in the statement of financial position). Total capital comprises shareholders' equity as shown in the statement of financial position under 'share capital and reserves' and net debt (Debt less cash and cash equivalents).

The salient information relating to capital risk management of the Group was as follows:

	Note	2019 Rupees	2018 Rupees
Total Debt	6 & 9	982,313,899	1,060,788,256
Less: Cash and cash equivalents	23	222,092,282	56,418,278
Net Debt		760,221,617	1,004,369,978
Total equity		1,681,905,237	1,872,108,036
Total capital		2,442,126,854	2,876,478,014
Gearing ratio		31.13%	34.92%

#### 38. DATE OF AUTHORISATION FOR ISSUE

These financial statements have been approved by the Board of Directors of the Group and authorised for issue on October 02, 2019.

#### 39. GENERAL

#### 39.1 RE-ARRANGEMENTS

Corresponding figures have been rearranged and reclassified, wherever necessary, for the purpose of comparison. There were no significant reclassifications / restatements to these financial statements during the year except as mentioned below:

Sitara Spinning Mills Limited is not the related party of the company this year. So balance of Sitara Spinning Mills limited of Rs, 143,532,643/- previously show separately is under the head "trade debts" is now grouped in others under the same head.
