## NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that the Twenty Sixth Annual General Meeting of Golden Arrow Selected Stocks Fund Ltd will be held on Thursday, 22 October 2009 at 09:00 a.m. at The Institute of Chartered Accountants of Pakistan Auditorium, Chartered Accountants Avenue, Clifton, Karachi to transact the following business: -

### ORDINARY BUSINESS:

1. To confirm the minutes of the Annual General Meeting held on October 20, 2008.
2. To receive, consider and adopt the Audited Accounts together with the Directors' and Auditors' Report for the year ended June 30, 2009.
3. To appoint Auditors of the Company and to fix their remuneration for the year ending June 30, 2010. The present Auditors, M/s. A.F. Ferguson & Co., Chartered Accountants, retire and being eligible, offer themselves for re-appointment.
4. To transact any other business as may be placed before the meeting with the permission of the Chair.

### SPECIAL BUSINESS :

5. To consider and if thought fit to pass the following Special Resolution with or without modification (s):

#### Investment in Hub Power Company Limited (HUBCO)

**"Resolved** by way of Special Resolution that post-facto consent and approval be and is hereby accorded under Section 208 of the Companies Ordinance, 1984 for equity investment in Hub Power Company Limited (HUBCO) made by the company during the period between July 01, 2008 to June 30, 2009 by acquiring 2,009,500 fully paid up shares of Rs.10/- at an average price of Rs. 19.98 each i.e. for an aggregate amount of Rs. 40,141,990.

**Further Resolved** that the Chief Executive Officer and the Company Secretary be and are hereby jointly and severally authorized to complete all necessary statutory formalities for formalizing the reporting requirements of the above investment in HUBCO.

By Order of the Board

Karachi: August 19, 2009

**Muhammad Amin Hussain**  
Company Secretary

**Notes:**

1. The share transfer books of the Company will remain closed from October 15, 2009 to October 22, 2009 (both days inclusive). Physical scrips transfers / CDS transaction IDs received in order at the office of Share Registrar M/s Gangjees Registrar Services (Pvt) Limited, 516, Clifton Centre, Khayban-e-Roomi, Kehkashan, Block-5, Clifton, Karachi at the close of the business day on October 14, 2009 will be treated in time for the entitlement to attend the Annual General Meeting.
2. A member entitled to attend and vote at the meeting shall be entitled to appoint another member of the company his / her proxy to attend, speak and vote instead of him / her, and a proxy so appointed shall have such rights, as respects attending, speaking and voting at the meeting as are available to a member. Proxy, in order to be effective, must be duly completed and signed and received at the registered office of the Company not less than 48 hours before the meeting.
3. The Shareholders are requested to notify any change in their address immediately to the Share Registrar, M/s Gangjees Registrar Services (Pvt) Limited.

CDC account holders will further have to follow the under mentioned guidelines as laid down in Circular No 1 of 2000 dated 26 January 2000 issued by Securities & Exchange Commission of Pakistan.

**A. For attending the meeting:**

1. In case of individuals, the account holders or sub account holders whose registration details are uploaded as per the Regulations, shall authenticate his / her identity by showing his / her National Identity Card (NIC) or original passport at the time of attending the meeting.
2. In case of corporate entity the Board of Directors' resolution / power of attorney with specimen signature of the nominee shall be produced (unless it has been provided earlier) at the time of the meeting.

**B. For appointing of proxies:**

1. In case of individuals, the account holders or sub account holders whose registration details are uploaded as per the regulations shall submit the proxy form as per requirement.
2. The proxy form will be witnessed by two persons whose names, addresses and NIC numbers shall be mentioned on the forms.
3. Attested copies of NIC or passport of the beneficial owners and the proxy shall be furnished with the proxy form.
4. The proxy shall produce his / her original NIC or original passport at the time of the meeting.
5. In case of corporate entity, the board of directors' resolution / power of attorney with specimen signature shall be submitted (unless it has been provided earlier) along with proxy form of the Company.

**Statement under Section 160(1) (b) of the Companies Ordinance, 1984 is being dispatched separately to the shareholders along with this Notice.**

- (a) The Investment Advisor, namely, AKD Investment Management Limited ("AKDIML") had approved the investment of Rs.40,141,990 in the share capital of HUBCO. The investment was made in good faith by the Company during the period between July 01, 2008 to June 30, 2009.
- (b) It transpired that Mr. Taufique Habib who is a Director of the Company is also a Director of HUBCO and therefore HUBCO is an associated company under the Companies Ordinance, 1984. Due to the amendment in Section 208 of the Companies Ordinance, 1984, effectuated vide Finance Act, 2007 the Company was no longer exempt from the requirement of obtaining Special Resolution of the shareholders for making investment in an associated company.
- (c) The Company's auditors drew the attention of the Company's Management as to the requirement of obtaining approval of shareholders by a Special Resolution before making equity investment in HUBCO due to Mr. Taufique Habib's common directorship in the Company and in HUBCO, when the investment was actually made. The Directors of the Company based on the Auditors' views have decided to voluntarily regularized the Company's investment in HUBCO by seeking post-facto approval of the shareholders.
- (d) The Directors and the Chief Executive Officer had an interest in the proposed investment only in their respective capacities, as Directors/Chief Executive Officer and as Shareholders of the Company.

S. No.	Description	
1.	Name of Investee Company	Hub Power Company Limited (HUBCO)
2.	Nature, amount and extent of Investment	Long term equity investment by purchase of 2,009,500 ordinary shares of Rs.10/- each from stock market at an average price of Rs.19.98 per share.
3.	Average Market Price of the shares which have been subscribed during the preceding six months.	Rs.21.71 per share (from Jan. 01, 2009 to June 30, 2009)

11.	Interest of directors and their relatives in the investee company	The directors of the Company and their relatives have no interest in the investee company directly or indirectly except to the extent of their shareholding in the investee company.

## DIRECTORS' REPORT

---

**Imran Motiwala**  
Chief Executive Officer

The Board of Directors of Golden Arrow Selected Stocks Fund Limited (GASSFL) is pleased to present its report along with the accounts of the Fund for the financial year ended 30th June 2009.

### **Investment Strategy**

GASSFL is designed to invest in fundamentally strong companies offering deep-value, coupled with a few cherry-picked growth stocks. The fund's main focus is equities, and minor exposures are taken in fixed income and money market if equities lack opportunity.

### **Fund Performance**

The Fund has posted a full year loss (carried to distribution statement) of PkR 394.759mn versus PkR 35.191mn profit last year. This includes capital loss of PkR238.469mn, a dividend income of PkR39.639mn, interest on bank balances of PkR 12.416mn and PkR 207.810mn loss through unrealized diminution on re-measurement of investments.

The NAV of the fund started the year at PkR 8.14 (Ex-NAV June 30, 2008) and declined to PkR 5.47 at the close of the year. The NAV of the fund declined by 32.82% during the year.

### **Market Performance**

Capital markets remained volatile during FY09 owing to political, economic and systemic issues. The KSE-100 Index started the year at 12,289 and ended at 7,162, declining by 41.72% during the period. The market freeze at the end of August remained the key highlight of the year as the deadlock between brokers and CFS financiers aggravated and the market remained virtually closed for more than three months. The year witnessed one of the worst declines as the floor was removed, however, the subsequent rally demonstrated the resilience of the market and confidence of the investors. Despite the strong come back, the index lost 5,127 points in the year and ended in the negative territory.

### **Economy**

The real economy of Pakistan grew by a mere 2.0% in 2008-2009 on the back of strong growth in the agriculture and services sector. The growth remained low due to the dismal performance of the Large Scale Manufacturing sector that resulted from an acute shortage of energy, deteriorating security situation and political disruptions in March 2009.

The sharp rise in international commodity prices combined with global financial meltdown adversely impacted the macroeconomic indicators. Economic vulnerabilities were additionally exacerbated due to expenditure overruns owing to generous subsidies, declining Foreign Direct Investment along with the adverse economic and social impact of the ongoing war on terror that Pakistan has proactively supported.

The economy took the full brunt of these events and as a result the country was pushed into a severe financial crisis. This was reflected by widening current account deficit that led to severe depletion of SBP's dollar reserves and reduction in import cover. This enhanced the default risk on the foreign currency bond by the country. The increasing default risk was reflected by subsequent downgrade of debt to B3/CCC+ and a rise in spread of the foreign currency bond by 1550 bps in international markets.

Eventually the country yet again entered the IMF program and went into economic rehabilitation. The program helped instill some fiscal discipline which is reflected by improving macroeconomic indicators such as current account deficit and inflation.

### **Future Outlook**

We are positive on the future prospects of KSE-100 Index and Pakistan's capital market. The market has succeeded in putting itself on the radar screens of foreign fund managers investing in emerging markets.

Additionally, our main strategy of buying fundamentally strong, under valued stocks remains intact. The strategy has helped us maximize our shareholder's returns and we believe that it will help us continue to perform exceptionally well in the years to come.

**STATEMENTS ON CORPORATE AND FINANCIAL REPORTING FRAME WORK**

- 1) The financial statements, cash flow and changes in equity prepared by the Management of the Company, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- 2) Company has maintained proper books of accounts.
- 3) In preparation of financial statements, appropriate accounting policies have been consistently applied and accounting estimates are based on reasonable and prudent judgment.
- 4) In preparation of financial statements International Accounting Standards, as applicable in Pakistan, have been followed and non-applicability, if any, has been adequately disclosed.
- 5) The existing system of internal control sound and designed and have effectively implemented and control by the Company.
- 6) The existing system of internal and other procedures is being continuously reviewed by Internal Auditor. The process of review will continue and any weakness in controls will have immediate attention of the Management.
- 7) There are no doubts upon the Company's ability to continue as a going concern.
- 8) The Corporate Governance regulations, as detailed in the listing regulations, have been fully complied.
- 9) The Statement showing the Attendance of Directors in BOD meetings is as under:

Name of Director	Total No. of Meetings Held	Meetings Attended
Mr. Ahmed Abdul Sattar	4	4
Mr. Faisal Bengali	4	1
Mr. Muhammad Rafiq Tumbi	4	2
Miss Ayesha Aqeel Dhedhi	4	4
Mr. Imran Motiwala	4	2
Mr. Abdullah Amin	4	1
Mr. Taufique Habib	4	4
Ms. Nausheen Rafiq Tumbi	4	4
Miss Parveen Akhter Malik (Nominee Director of SPIAICL)	4	2

The trades in the shares of the Company carried out by its Directors, CEO, CFO, Company Secretary and their spouses and minor children are as under:

Traded By:	Purchases -----	Bonus & Right (No. of Shares)	Sales -----

### **Rating of Golden Arrow Selected Stocks Fund Limited**

JCR-VIS has assessed the performance ranking of Golden Arrow Selected Stocks Fund Limited (GASFL) for the period March 31, 2009 at 'MFR 5-Star', very good performance' vis-à-vis other closed-end mutual funds based on 2-year period.

### **Pattern of shareholding**

The detailed pattern of shareholding as required by the Companies Ordinance, 1984 and the Code of Corporate Governance is enclosed.

### **Key Financial Data at a Glance**

Key Financial Data for last six years at a glance is enclosed.

### **Investment policy**

General nature of the business transacted and to be transacted by the company will be the investing of its assets in securities. The purpose of the company is to provide a vehicle whereby investors can invest their funds in securities under the directions of AKD Investment Management Limited, subject to the general control and directions of the Board of Directors. The object of the Company is to achieve superior results through a combination of investment strategies, which includes investing in high quality growth stocks, stocks that offer deep value and high dividend paying scripts. Although the Company's fund may be invested primarily in ordinary stocks, it may also take a significant position in other securities listed on a stock exchange (e.g. debentures, participation terms certificate, modaraba certificate etc.) from time to time to protect against capital losses when the stock market appears vulnerable. Selection of securities for the portfolio will be based, as far as possible, on their potential capital appreciation possibilities.

The company's investment policy, with its emphasis on investing in securities for their potential capital appreciation possibilities, may involve a substantially greater portion of the portfolio for capital gains.

### **Acknowledgements**

The Directors would like to take this opportunity to thank the Securities and Exchange Commission of Pakistan, the Ministry of Finance, the State Bank of Pakistan and the managements of the Stock Exchanges for their support to mutual fund community as a whole and our custodian M/s Central Depository Company for their cooperation and support to us. The board also appreciates the devoted work performed by the staff and officers of the company and the shareholders for their confidence in the Company and their continued support and blessings.

For and on behalf of the Board

Karachi: August 19, 2009

**Imran Motiwala**  
Chief Executive Officer

 **mark the aim**

## FUND MANAGER'S REPORT

### Fund Description and Investment Objective

Golden Arrow Selected Stocks Fund Limited (GASSFL) is Pakistan's oldest privately held closed-end mutual fund and it was acquired by AKD Investment Management Limited (AKDIML) in September 2004. Following a conservative philosophy of only investing in under-valued stocks, offering deep value, coupled with a few cherry-picked growth companies, GASSFL has posted one of the industry leading performances, since coming under AKDIML's management control.

Investment in the Fund will provide investors with a means to access the capital markets by utilizing the professional fund management expertise provided by AKD Investment Management Limited (AKDIML).

### Fund Performance

GASSFL posted a negative return of 33.54%, while the benchmark KSE-100 Index declined by 41.72%, thus the fund outperformed the KSE-100 Index by 8.18%. In FY08, GASSFL posted a return of 1.98%, while the benchmark KSE-100 Index posted a negative return of 10.77%.

### Economic Outlook

FY09 was a turbulent year for the economy of Pakistan. The combination of international and domestic issues led to deterioration of economic fundamentals of the country. The combination of spike in international oil prices, deteriorating security situation, political disruptions and adverse impact of the war on terror proved too much for the economy and eventually key indicators collapsed. The burgeoning current account deficit led to depletion of foreign currency reserves that exacerbated currency depreciation, further accelerating the accumulation of deficits. The worsening financial condition forced the government to seek external assistance in the form of aid and loans. As a result, the Government of Pakistan successfully secured commitments worth \$1.6bn from various agencies for the next two years. The budget of FY09 was expected to address the issue of fiscal deficit through the implementation of stringent IMF conditions to increase the tax to GDP ratio substantially. However, the budget failed to address this since the proposed revenue collection was revised downwards later owing to pressure from business community.

Going forward we believe that the IMF will play an increasing role in the determination of economic policies. The achievement of policy targets is essential to the continued disbursement of the scheduled disbursements by the lending agency. In addition to this other donor and lending agencies will be closely watching the actions of the IMF, hence, any delay in the scheduled payments would put at risk the financial assistance from these agencies as well.

For capital market investors, the overall economy is always the major cause of concern for most investors. Here, we would also like to see concrete steps from the government on the following:

- o **Trade** - The trade gap has historically been a problem for Pakistan. However, due to diminished inflows bridging this gap is critical to overall economic survival of the country. The government is expected to develop a comprehensive trade policy to focus on upliftment of the textile sector and diversification of export base to non-traditional sources.
- o **Policy Rate** - High interest rates have made an impact on the aggregate demand and overall import bill. However, this has come at the expense of stagnation of local business activity. The premise for keeping interest rates high has been to counter inflation which has lately been on the declining trend. We expect that the discount rate will be reduced upto 300bps by the end of 2009 to reflect a more realistic value.
- o **PkR/US\$ parity, FDI and FPII** - The weakening currency and high interest rates are having a negative impact on the capital account. We believe the biggest challenge for the government is to maintain and increase the investment inflow. Hence, we expect a greater amount of effort on this front. Going forward, we expect investments in Oil & Gas, Telecommunication, Media and Other sectors will pick-up as time progresses.

### **Market Outlook**

The benchmark KSE-100 Index posted one of the biggest declines in FY09, where on a year on year (YoY) basis it declined by -41.72%. In our view the recent steep correction has made stocks extremely attractive, as most of the blue-chip stocks are trading in the P/E range of 6x to 8x. Additionally, the market has already priced in the economic challenges. In our opinion, stocks still remain an attractive investment choice, although style and sector selections remain critical.

Absence of CFS financing and deliverable futures will lead to reduced volatility in the market. However, the absence of leveraged product will lead to reduced volumes in the local market thus directly affecting the liquidity in the market. Cash-settled futures have already been introduced to substitute the traditional futures product; however, the product has a cold response from the investor community.

We maintain a conservative market outlook for FY10. This is because we believe that Pakistan is still recovering from the aftershocks of the global financial crisis and the commodity spike. For investors knowledge we would like to briefly outline our strategy for the coming year, which is as follows:

- o We reiterate our preference for large caps in sectors that remain insensitive to rupee devaluation. This has worked out well throughout the year and we do not foresee any change in this strategy, going forward.
- o Our preference for stocks with high-dividend yields has increased owing to our expectations of limited capital gains opportunity. We prefer companies with stable payouts in Power and Exploration and Oil Production Sector.
- o We believe small caps will struggle to maintain margins in the face of slowing economic growth. Larger caps should be less affected as they tend to have more pricing power and operate in more defensive sectors; there is a greater proportion of commodity-related stocks in the large-cap group (e.g OGDC, PPL and POL). Hence, our portfolio was and remains skewed towards stocks of Exploration and Production companies, which are likely to benefit from reversal in international oil prices. Furthermore, we also like large banks over small banks, as they are now trading at attractive levels and have the necessary reach to tap into low cost funds relative to small cap banks which are finding it hard to manage the liquidity situation.
- o Large-cap stocks also tend to have a higher dividend yield and stronger balance sheets - both helpful attributes given that the upside risk to interest rates and inflation remains high. Furthermore, we expect higher dividend payout from government owned entities, which bodes well for the overall portfolio.

As on June 30, 2009

Pakistan's capital market is still cheaper than the comparative regional emerging markets. This makes the market very attractive for foreign fund managers looking for value and growth potential.

Regional/Country/Industry	PE	EPS Growth	PBV	ROE	DY	EV/EBITDA
Group	10E	10E	09E	09E	09E	09E

### Fund Activity and Strategy

Golden Arrow Selected Stocks Fund Ltd posted a YoY return of -33.54%, based on a starting Ex-NAV of 8.23 and an ending NAV of Rs.5.47.

Cumulative Performance % (Dividends re-invested)					
	YTD	1 Month	3 Months	6 Months	1 Year
KSE 100	-41.72%	-1.57%	4.40%	22.12%	-41.72%
GASSFL	-33.54%	1.11%	6.84%	20.57%	-33.54%

The portfolio changed from FY08 owing to changing macroeconomic fundamentals. Exposure was increased in defensive sectors that remain protected from foreign currency and interest rate fluctuation. In line with our strategy, exposure in the Oil & Gas Exploration & Production was increased as the companies offered strong earnings and payouts for the year. The sector enjoys dollar denominated returns, hence, the recent depreciation of the Pak rupee were seen to greatly enhance earnings of the sector.

Exposure in Commercial Banks was curtailed to the fundamentally sound banks. This is because of the increased risk of non-performing loans and lagging advances and deposit growth. Hence, positions in weaker banks with increased provisioning were exited. The banks were included in the portfolio as they reached attractive valuations. The regulator increased the FSV requirement, which we believe reduced transparency of risks of the bank.

Exposure in the Auto sector remained confined mainly to tractor manufacturers, which we view, will benefit due to their defensive nature in the current scenario. Following is a graphical representation of sector-wise exposure of the fund's portfolio as it stands on 30th June 09:

## STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF CODE OF THE CORPORATE GOVERNANCE

This statement is being presented to comply with the Code of Corporate Governance as contained in Regulation No.37 and 43 of the listing regulations of the Karachi and Lahore Stock Exchanges, respectively for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The company has applied the principles contained in the Code of Corporate Governance as follows:

- 1) The Company encourages representation of independent non-executive directors. At present the Board has five independent non-executive directors.
- 2) The directors have confirmed that none of them is serving as a director in more than ten listed companies, including this Company.
- 3) All the resident directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or NBFI. or, being member of stock exchange, has been declared as a defaulter by such stock exchange.
- 4) During the year two casual vacancies occurred in the Board which was duly filled within 30 days.
- 5) The Company has complied with the Best Practices contained in the Code of Corporate Governance and the management has initiated necessary steps to ensure its full implementation.
- 6) The Board has developed a vision and mission statement and an overall corporate strategy and significant policies of the Company.
- 7) All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and terms and conditions of employment of the Chief Executive Officer (CEO) have been taken by the Board.
- 8) The Management Company has already appointed Chief Financial Officer / Company Secretary for the Company under its management including their remuneration and terms and conditions of employment as determined by CEO.
- 9) The meetings of the Board were presided over by the Chairman. The Board met once in every quarter during the year ended June 30, 2009. Written notices of the Board Meetings alongwith agenda and working papers were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
- 10) The Directors have been provided with the copies of the NBFC (Establishment and Regulation) Rules, 2003, Non-Banking Finance Companies and Notified Entities Regulations, 2008, Companies Ordinance 1984, Listing Regulations, Code of Corporate Governance, Prudential Regulations, Company's Memorandum and Article of Association and all other relevant rules and regulations and hence are conversant with the relevant laws applicable to the Company and the Funds and are aware of their duties and responsibilities.

- 11) The Directors' Report for the year ended June 30, 2009 has been prepared in compliance with the requirements of the Code of Corporate Governance.
- 12) The financial statements of the Company were duly signed by the CEO and CFO before approval of the Board.
- 13) The Directors, CEO, CFO, Company Secretary and their spouses and minor children neither executed any trade nor hold any interest in the shares of the Company, other than that disclosed in the pattern of shareholding.
- 14) The Company has complied with all the corporate and financial reporting framework requirements of the Code.
- 15) The Board has formed an Audit Committee. It comprises of three members, all of whom are non-executive directors.
- 16) The meetings of the Audit Committee were held prior to approval of interim and final results of the company. The terms of reference of the committee have been framed, approved by the Board and advised to the committee for compliance.
- 17) The Management Company has outsourced the internal audit function of the Company to M/s Ford Rhodes Sidat Hyder & Co. Chartered Accountants, Karachi, who are considered suitably qualified and experienced for the purpose and well conversant with the policy and procedure of the company.
- 18) The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review programme of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan.
- 19) The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 20) The related party transactions have been placed before the audit committee and approved by the Board of Directors with necessary justification for non arm's length transactions and pricing methods for transactions that were made on terms equivalent to those that prevail in the arm's length transactions only if such terms can be substantiated.
- 21) We confirm that all other material principles contained in the Code have been complied with.

For and on behalf of the Board

Karachi: August 19, 2009

**Imran Motiwala**  
Chief Executive Officer

## REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of Golden Arrow Selected Stocks Fund Limited, to comply with the Listing Regulation No. 35 of the Karachi Stock Exchange and (Chapter XI) of the Lahore Stock Exchange where the Company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We have not carried out any special review of the internal control system to enable us to express an opinion as to whether the Board's statement on internal control covers all controls and the effectiveness of such internal controls.

Further, Sub-Regulation (xii) of Listing Regulation 35 notified by The Karachi Stock Exchange (Guarantee) Limited vide circular KSE/N-269 dated January 19, 2009 requires the Company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. All such transactions are also required to be separately placed before the Audit Committee. We are only required and have ensured compliance of this requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length prices or not.

Based on our review nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2009.

Karachi

## AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed statement of assets and liabilities of Golden Arrow Selected Stocks Fund Limited as at June 30, 2009 and the related income statement, distribution statement, cash flow statement, statement of changes in equity and statement of movement in equity and reserves - 'per share' together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the management company to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards, the requirements of the Companies Ordinance, 1984 and the Non-Banking Finance Companies and Notified Entities Regulations, 2008. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- a) in our opinion, proper books of accounts have been kept by the company as required by the Companies Ordinance, 1984;
- b) In our opinion:
  - i) the statement of assets and liabilities and income statement together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984 and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
  - ii) the expenditure incurred during the year was for the purpose of the company's business; and
  - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the company;
- c) in our opinion and to the best of our information and according to the explanations given to us, the statement of assets and liabilities, income statement, distribution statement, cash flow statement, statement of changes in equity and statement of movement in equity and reserves - 'per share' together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Companies Ordinance, 1984 and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 in the manner so required and respectively give a true and fair view of the state of the company's affairs as at June 30, 2009 and of the loss, its distributions, its cash flows, changes in equity and movement in equity and reserves - 'per share' for the year then ended; and
- d) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980.

## NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2009

### 1 STATUS AND NATURE OF BUSINESS

Golden Arrow Selected Stocks Fund Limited (GASSFL) was incorporated on May 09, 1983 in Pakistan as a public limited company under the Companies Act, 1913 (now Companies Ordinance, 1984). The company got registered as an investment company on April 29, 2005 under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC rules). The registered office of the company is situated at 216-217, 2nd Floor, Continental Trade Centre, Block 8, Clifton, Karachi. The company is listed on the Karachi and Lahore Stock Exchanges. The company is a closed-end mutual fund and its principal activity is to make investment in marketable securities.

The company is managed by AKD Investment Management Limited and Central Depository Company of Pakistan Limited is the custodian of the company.

The Securities and Exchange Commission of Pakistan (SECP) notified the Non-Banking Finance Companies and Notified Entities Regulations, 2008 during the year. As per clause 65 of these regulations an asset management company managing an investment company shall, upon the expiry of five years from November 21, 2007, hold within one month of such period a meeting of shareholders to seek the approval of the shareholders (by special resolution) to convert the investment company into an Open End Scheme or wind up the investment company.

### 2 STATEMENT OF COMPLIANCE

**2.1** These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the requirements of the Companies Ordinance, 1984, the requirements of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of the Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations or directives issued by the SECP differ with the requirements of IFRS, the requirements of the Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP prevail.

#### **2.2 Standards, interpretations and amendments to published approved accounting standards that are effective in the current year**

During the year ended June 30, 2009, IFRS 7 'Financial Instruments: Disclosure' became effective. IFRS 7 has superseded IAS 30 and the disclosure requirements of IAS 32. Adoption of this standard has only resulted in additional disclosures which have been set out in notes 11, 21, 22 and 23 to these financial statements.

There are other standards, amendments and interpretations that were mandatory for accounting periods beginning on or after July 1, 2008 but were considered not relevant or did not have any significant effect on the Company's operations.

#### **2.3 Standards, interpretations and amendments to published approved IFRS that are not yet effective**

IAS 1 (Revised), 'Presentation of financial statements' (effective for annual periods beginning on or after January 1, 2009), was issued in September 2007. The revised standard requires an entity to present, in a statement of changes in equity, all owner changes in equity. All non-

owner changes in equity (i.e. comprehensive income) will be required to be presented separately from owner changes in equity, either in one statement of comprehensive income or in two statements (a separate income statement and a statement of comprehensive income). When the entity applies an accounting policy retrospectively or makes retrospective statement or reclassifies items in the financial statements, the entity will be required to present a restated financial position (balance sheet) as at the beginning of the comparative period in addition to the current requirement to present the balance sheet as at the end of the current and the comparative period. The adoption of this standard will only impact the presentation of the financial statements.

IAS 39 (Amendment), 'Financial Instruments: Recognition and Measurement' - Reclassification of Financial Assets (Effective from January 1, 2009). This amendment to the Standard permits an entity to reclassify non-derivative financial assets (other than those designated at fair value through profit or loss by the entity upon initial recognition) out of the fair value through profit or loss category in particular circumstances. The amendment also permits an entity to transfer from the available-for-sale category to the loans and receivables category, a financial asset that would have met the definition of loans and receivables (if the financial asset had not been designated as available-for-sale), if the entity has the intention and ability to hold that financial asset for the foreseeable future. The management is in the process of assessing the impact of its adoption on the Company's financial statements.

IFRS 7 (Amendment), 'Financial Instruments: Disclosure'. There are a number of minor amendments to IFRS 7 in respect of enhanced disclosures about liquidity risk and fair value measurements. These amendments are unlikely to have an impact on the Company's financial statements and have therefore not been analysed in detail.

IAS 38 (Amendment), 'Intangible assets' (effective from January 1, 2009). The amended standard states that a prepayment may only be recognised in the event that payment has been made in advance of obtaining right of access of goods or receipt of services. This amendment is not expected to have a significant effect on the Company's financial statements.

There are other amendments to the approved accounting standards and interpretations that are mandatory for accounting periods beginning on or after January 1, 2009 but are considered not to be relevant or to have any significant effect on the Company's operations and are therefore not detailed in these financial statements.

## **2.4 Critical accounting estimates and judgments**

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the company's financial statements or where judgment was exercised in application of accounting policies are as follows:

- Classification and valuation of investments (note 3.2.1, 3.2.4, 5 and 6 )

## **2.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for certain investments which are carried at fair value.

## **2.6 Functional and Presentation Currency**

The financial statements are presented in Pak Rupees, which is the company's functional and presentation currency.

### 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below:

#### 3.1 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. Cash and cash equivalents comprise of bank balances and short term investments having original maturities of less than three months.

#### 3.2 Financial assets

##### 3.2.1 Classification

The Company classifies its financial assets in the following categories: financial assets at fair value through profit or loss, loans and receivables and available for sale. The classification depends on the purpose for which the financial assets were acquired. Management determines appropriate the classification of its financial assets at initial recognition and re-evaluates this classification on a regular basis.

##### a) Financial assets at fair value through profit or loss

Financial assets that are acquired principally for the purpose of generating profit from short-term fluctuations in prices are classified as held for trading in the 'Financial assets at fair value through profit or loss' category.

Investments in unquoted debt securities, if any, are carried at fair value.

##### b) Loans and receivables

These are non-derivatives financial assets with fixed or determinable payments that are not quoted in an active market.

##### c) Available for sale

Available for sale financial assets are those non-derivative financial assets that are designated as available for sale or are not classified as (a) loans and receivables, (b) held to maturity investments or (c) financial assets at fair value through profit or loss.

##### d) Held to maturity

These are securities with fixed or determinable payments and fixed maturity that the Company has the positive intent and ability to hold to maturity.

These investments are initially recognised at fair value plus transaction costs that are directly attributable to the acquisition of the financial assets. Subsequent to initial recognition these investments are carried at amortised cost.

##### 3.2.2 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Company commits to purchase or sell the asset.

##### 3.2.3 Initial recognition and measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement.

### 3.2.4 Subsequent measurement

Subsequent to initial recognition, financial assets designated by the management as at fair value through profit or loss and available for sale are valued as follows:

#### a) Basis of valuation of Term Finance Certificates

The SECP vide its circular no. 1/2009 dated January 06, 2009 has changed the methodology for valuation of debt securities. Under the said directive, term finance certificates are valued on the basis of traded, thinly traded and non traded securities. The circular also specifies the criteria for the provisioning of non-performing debt securities. Accordingly, term finance certificates have been valued at the rates determined and announced by MUFAP based on the methodology prescribed in the said circular. Prior to the issuance of the said circular investment in term finance certificates were valued at the rates notified by MUFAP in accordance with the requirements of Regulation 2(1)(xvi) of the Non-Banking Finance Companies and Notified Entities Regulation, 2007.

#### b) Basis of valuation of Government Securities

The investment of the Company in government securities is valued on the basis of rates announced by the Financial Market Association.

#### c) Basis of valuation of Equity Securities

The investment of the Company in equity securities is valued on the basis of closing quoted market prices available at the stock exchange. A security listed on the stock exchange for which no sale is reported on the balance sheet date is valued at its last sale price on the next preceding date on which such exchange is open and if no sale is reported for such date the security is valued at an amount neither higher than the closing asked price nor lower than the closing bid price.

Net gains and losses arising on changes in the fair value of financial assets carried at fair value through profit or loss are taken to the Income Statement.

Net gains and losses arising on changes in fair value of available for sale financial assets are taken to equity until these are derecognised. At this time, the cumulative gain or loss previously recognised directly in equity is transferred to the income statement.

### 3.2.5 Impairment

The Company assesses at each balance sheet date whether there is objective evidence that the financial asset or a group of financial assets is impaired. In the case of equity securities classified as available for sale, a significant or prolonged decline in the fair value of the security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available for sale financial assets, the cumulative loss-measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in income statement - is reclassified from equity to income statement. Impairment losses recognised on equity instruments are not reversed through income statement.

### 3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

### 3.2.7 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously.

### 3.3 Financial liabilities

All financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

### 3.4 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is measured to its fair value and resultant gain or loss is recognised in the income statement.

### 3.5 Proposed dividend and transfer between reserves

Dividends declared and transfers between reserves made subsequent to the balance sheet date are considered as non-adjusting events and are recognised in the financial statements in the year in which such dividends are declared / transfers are made.

### 3.6 Provisions

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

### 3.7 Taxation

#### Current

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and rebates, if any.

#### Deferred

The company provides for deferred taxation using the balance sheet liability method on all major temporary differences between the amounts attributed to assets and liabilities for financial reporting purposes and amounts used for taxation purposes. In addition, the company also records deferred tax asset on unutilised tax losses to the extent that these will be available for set off against future taxable profits. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised. However, the company has not recognised any amount of deferred tax in these financial statements as the company intends to continue availing the tax exemption in future years by distributing at least 90 percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised to its shareholders every year.

### 3.8 Revenue recognition

- Dividend income on equity securities is recognised in the income statement when the right to receive the dividend is established.
- Unrealised gains / losses arising on re-measurement of securities classified as 'financial assets at fair value through profit or loss' are included in the income statement in the period in which they arise.
- Income on term finance certificates is recognised on an accrual basis.
- Profit on bank deposits is recognised on an accrual basis.

## 23 RISK MANAGEMENT

The company primarily invests in listed equity and debt securities. These investments are subject to varying natures of risk. These risks emanate from various factors that include, but are not limited to the following:

### 23.1 Market risk

Market risk is the risk that the value of financial instruments may fluctuate as a result of changes in market price of securities due to change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market.

The company manages market risk by monitoring exposure on marketable securities by following internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

#### 23.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company, at present is not exposed to currency risk as all transactions are carried out in Pak Rupees, which is the functional currency.

#### 23.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

#### 23.1.3 Price Risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Company is exposed to equity price risk because of investments held by the Company and classified on the Statement of Assets and Liabilities as available for sale and at fair value through profit or loss. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio within the eligible stocks prescribed in the Memorandum and Articles of Association. The Company's constitutive document / NBFC Regulations also limit individual equity securities to no more than 10% of net assets, or issued capital of the investee company and sector exposure limit to 25% of net assets.

In case of 5% increase / decrease in KSE 100 index on June 30, 2009, net loss for the year would decrease / increase by Rs. 3.859 million (2008: Rs. 3.346 million) and net assets of the Company would increase / decrease by the same amount as a result of gains / losses on equity securities at fair value through profit or loss. Other components of equity and net assets of the Company would increase / decrease by Rs. 0.136 million (2008: Rs. 0 .072 million) as a result of gains / losses on equity securities classified as available for sale.

The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Company's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 index, having regard to the historical volatility of the index. The composition of the Company's investment portfolio and the correlation thereof to the KSE index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2009 is not necessarily indicative of the effect on the Company's net assets of future movements in the level of KSE 100 index.

**23.2 Credit risk**

Credit risk arises from the inability of the counter parties to fulfill their obligations in respect of financial instruments contracts. All investing transactions are settled / paid for upon delivery using approved brokers. The company's policy is to enter into financial instruments contract by following internal guidelines such as approving counterparties and carrying out transactions through approved brokers. The credit risk also arises from deposits with banks and financial institutions, and credit exposure arising as a result of dividends receivable on equity securities. For banks and financial institutions, only reputed parties are accepted. Credit risk on dividend receivable is minimal due to statutory protection. All transactions in listed securities are settled / paid for upon delivery using the central clearing company. The risk of default is considered minimal due to inherent systematic measures taken therein.

**Concentration of credit risk**

Concentration of credit risk exists when changes in economic or industry factors similarly affect group of counter parties whose aggregate credit exposure is significant in relation to the company's total credit exposure. The company's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse creditworthy counterparties thereby mitigating any significant concentration of credit risk.

The analysis below summarises the credit quality of the Company's investment in Term Finance Certificates as at June 30, 2009 and June 30, 2008:

Term Finance Certificates by rating category	June 30	June 30
	2009	2008
AA, AA-, AA+	42.57%	21.04%
A, A-, A+	57.43%	78.96%

The maximum exposure to credit risk before any credit enhancement as at June 30, 2009 is the carrying amount of the financial assets. None of these assets are impaired nor past due but not impaired.

### **23.3 Liquidity risk**

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. The company is not materially exposed to liquidity risk as all obligations / commitments of the company are short term in nature and are restricted to the extent of available liquidity and the significant assets of the company are readily disposable in the market.

### **23.4 Sensitivity analysis for variable rate instruments**

Presently, the Company holds KIBOR based interest bearing Term Finance Certificates exposing the Company to cash flow interest rate risk. In case of 100 basis points increase / decrease in KIBOR on June 30, 2009, with all other variables held constant, the net assets of the Company and net income for the year would have been higher / lower by Rs 0.045 million (2008: Rs 0.103 million).

### **23.5 Sensitivity analysis for fixed rate instruments**

As at June 30, 2009, the Company holds Preference shares which are classified as Available for Sale exposing the Company to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by Financial Market Association on June 30, 2009, with all other variables held constant, the net assets would be higher / lower by Rs 0.180 million (2008: Rs 0.135 million).

The composition of the Company's investment portfolio, KIBOR rates and rates announced by Financial Market Association is expected to change over time. Further, in case of variable rate instruments, the sensitivity analysis has been done from last repricing date. Accordingly, the sensitivity analysis prepared as of June 30, 2009 is not necessarily indicative of the impact on the Company's net assets of future movements in interest rates.

## **24 CAPITAL RISK MANAGEMENT**

Golden Arrow Selected Stocks Fund Limited is a closed end fund. The Company has a limited number of shares subscribed at the Company's inception. However, further public offering may be made at the Company's discretion. The Company's shares are not redeemable directly with the Company; instead shares are traded on the stock exchange at a price that is either at a premium or discount to the shares net asset value.

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders and to maintain a strong capital base to meet unexpected losses or opportunities. In accordance with the NBFC Regulations the Company is required to distribute at least ninety percent of its income from sources other than capital gains as reduced by such expenses as are chargeable to the Company.

In order to maintain or adjust the capital structure, the Company may adjust dividends paid to shareholders or issue new shares.

## **25 FAIR VALUE OF FINANCIAL INSTRUMENTS**

Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the balance sheet date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value as the items are short term in nature.

**26 NON-ADJUSTING EVENT AFTER THE BALANCE SHEET DATE**

The Board of Directors of the company in their meeting held on August 19, 2009 have proposed nil dividend for the year ended June 30, 2009 (June 30, 2008: Bonus issue 12.5%).

**27 PARTICULARS OF INVESTMENT COMMITTEE AND FUND MANAGERS**

Details of members of the investment committee of the Company are as follow:

2009			
Designation	Qualification	Experience in years	
1. Mr. Faisal Bengali	Executive Director (AKD Investment Management Limited)	MBA	15
