DIRECTORS' REPORT TO THE MEMBERS for the year ended 30th June 1996

Dear Shareholders,

Your directors have pleasure in presenting to you the 15th annual report on the working results of the company together with the Audited Accounts for the year ended 30th June, 1996.

PRODUCTION:

Since completing the expansion to our plant in March 1995 there has been substantial increase in the production capacity as is reflected by the following figures.

	1995-96	1994-95	% Change
	Tons	Tons	
Clinker	712,492	423,436	68.26
Cement	715,744	437,561	63.58

As the year 1994-95 did not have the benefit of full year's production of the extended plant capacity, the figure may not be strictly comparable, but the figures for 1995-96 definitely reflect an enhancement in plant capacity even higher than what was guaranteed under the contract i.e. 660,000 tons of Clinker per annum.

SALES AND MARKETING:

During the year under review we booked orders for 713,647 tons. Together with pending orders from the last year, we were able to dispatch 721,055 tons of Cement. In other word the total production of cement for the current year, was utilised to meet the demand.

Since we are aiming for still high production with the expanded capacity vigorous efforts are bain9 made to increase our share of market both in NWFP and Punjab. We are happy to report that these efforts have already started showing positive results.

OPERATING RESULTS:

The sales revenues for the year amounted to Rs. 2,212.612 million. Out of this Rs. 534.132 million was paid for excise duty and Rs. 310.155 million towards sales tax, and accordingly net sales comes to Rs. 1,368.325 million compared to Rs. 952.996 million for the last year. The cost of sales comes to Rs. 977.747 million which leaves us a gross profit of Rs. 390.578 million. Deduction are made from the gross profit on account of administration expenses Rs. 28.817 million, selling and distribution expenses Rs. 27.919 million, financial charges Rs. 85.753 million, WPPF Rs. 14.405 million, WWF Rs. 4.084 million and other charges Rs. 3.159 million. After accounting for other income amounting to Rs. 47.167 million the net deductions from the gross profit comes to Rs. 116.97 million. This gives us a net profit before tax Rs. 273.608 million (20% of net sales) for the year. Provision has been made for the taxation at Rs. 107.626 million, thus leaving us a net profit after tax of Rs. 165.982 million (12.13% of net sales) for the year. The total contribution to the exchequer on account of Excise Duty, Sales Tax and Income Tax comes to Rs. 951.913 million (43.02% of gross sales) compared to Rs. 658.762 million for 1994-95. Other comparative figures are reflected in the Financial Statements.

We wish to explain that marginal increase in profit for the year under review as compared to last year despite increase in sales is mainly due to pressure on selling prices, charge for depreciation for extended plant and financial charges for new loans against plant extension, which upto last year were capitalized.

APPROPRIATION OF PROFIT:

To the current year's profit of Rs. 165.982 million addition has been made of Rs. 32.288 million on account of profit brought forward from last year. The total profit thus available for appropriation amounts to Rs. 198.27 million.

Your Directors propose following appropriation of profit:

	Rupees
	(Million)
Net profit for the year	165.98
Add: unappropriated profit brought forward	32.29
	198.270
	======
Appropriation:	
Appropriation: Proposed cash dividend @30%	144.40
	144.40 25.00
Proposed cash dividend @30%	

=======

DEBT OBLIGATION:

We are happy to report that we continue to meet our financial commitments and debt obligations well in time.

FUTURE OUT LOOK

As reported last year the continued expansion of cement industry, without corresponding increase in economic activities in the country rather its slowing down and at the same time the delay or deferment of development project by the government is having serious repercussion on the industry as a whole. We are however fortunate to have been able to do much better than the industry average and hope to do so in foreseeable future also.

HUMAN RESOURCE DEVELOPMENT:

Following up on the concept of human resources development, a number of staff members including executives were sent to various training courses/programmes and seminars to acquire further knowledge in their respective fields.

AUDITORS:

The present auditors M/s. Sidat Hyder Qamar Maqbool & Co., Chartered Accountants, retire and being eligible offer themselves for reappointment.

ACKNOWLEDGEMENT:

In the end we wish to express our thanks to all the financial institutions including the French Banks who have been associated with the project, for their support and cooperation. We would also like to thank our dealers and customers for their continued association and support. Our special thanks are due to our team of dedicated managers and other executives, supervisors and hard working workers, who continue to put in their best efforts for achieving optimum results year after year.

Thank you,

On behalf of the Board Cherat Cement Company Limited
