ACKNOWLEDGMENTS

We would like to express thanks to customers for their continued patronage, employees for their hard work and shareholders for their trust in the board.

Karachi

For and on behalf of the
Board of Directors

31st August, 2012

MUHAMMAD AMIN DADABHOY
Chief Executive Officer

STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

This statement is being presented to comply with the Code of Corporate Governance contained in the listing regulations of Karachi and Lahore Stock Exchanges for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the Code in the following manner.

The Board comprises of seven Directors including CEO. The Company encourages representation of independent non-executive directors and directors representing minority interests on its Board of Directors.

The Directors have confirmed that none of them is serving as a Director in more than ten listed companies, including this company.

All the resident Directors of the company are registered as tax payers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFIs or, being a member of Stock Exchange, has been declared as a defaulter by that Stock Exchange.

The company has prepared a Statement of Ethics and Business Practices, which has been signed by all the Directors and employees of the company.

The Board has developed a vision statement, overall corporate strategy and significant policies of the company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.

All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO and other Executive Directors, have been taken by the Board.

The meetings of the Board were presided over by the Chairman. The Board met at least once in every quarter. Written notices of the Board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.

The directors are well experience and conversant with the listing regulations, legal and operational requirements and as such are fully aware of their duties and responsibilities.

The Company Secretary was appointed prior to the implementation of the Code of Corporate Governance. Remuneration, terms and conditions in case of future appointments on this position will be approved by the Board. However, the appointment of CFO and head of internal audit and terms and conditions of their employment have been approved by the Board.

The Directors' report has been prepared in compliance with the requirements of the Code as fully describes the salient matters required to be disclosed.

DADABHOY CEMENT INDUSTRIES LIMITED

The financial statements of the company were duly endorsed by Chief Executive and CFO before approval of the Board.

The Directors, Chief Executives do not hold any interest in the shares of the company other than that disclosed in the pattern of shareholding.

The company has complied with all the corporate and financial reporting requirements of the Code.

The Board has formed an audit committee. It comprises 3 members; of whom 2 are non-executive directors, including the Chairman of the Committee.

The meetings of the audit committee were held at least once every quarter prior to approval of interim and final results of the company as required by the Code. The terms of reference of the committee have been formed and advised to the committee for compliance.

The Board has set up an effective internal audit function and personnel involved are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the company and they are involved in the internal audit function on a full time basis.

The statutory auditors of the Company have confirmed that they are practicing members of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the company and that the firm and all its partners are in compliance with International Federation of Accounts (IFAC) guidelines on code of ethics as adopted by Institute of Chartered Accountants of Pakistan.

The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.

The Company has complied with the requirements of Sub-Regulation (xiii-a) of Regulation 35 (Previously Regulation 37) of the amended Listing Regulations of the Karachi & Lahore Stock Exchange (G) Ltd. For approval of transactions with related parties

We confirm that all other material principles contained in the Code have been complied with.

Karachi : 31st August, 2012

MUHAMMAD AMIN DADABHOY
Chief Executive

**REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH BEST
PRACTICES OF CODE OF CORPORATE GOVERNANCE**

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) for the year ended 30 June 2012, prepared by the Board of Directors of **Dadabhoj Cement Industries Limited** (the Company) to comply with the listing regulation No. 35 of Karachi Stock Exchange (Guarantee) Limited, Listing Regulation No. 35 of the Lahore Stock Exchange (Guarantee) Limited and Listing Regulation No. 35 of Islamabad Stock Exchange (Guarantee) Limited where the Company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code of Corporate Governance and report if it doesn't. A review is limited primarily to inquire of the company's personally and review of various documents prepared by the company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the company's corporate governance procedures and risks.

Further, Sub Regulations (xiii) of Listing Regulations 35 notified by the Karachi Stock Exchange (Guarantee) Ltd vide Circular KSE/N-269 dated January 19, 2009 requires the company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the board of directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transaction were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which cause us to believe that the statement of compliance doesn't appropriately reflect the company's compliance, in all material respect, with the best practices contained in the Code.

AUDITOR’S REPORT TO THE MEMBERS

We have audited the annexed balance sheet of **DADABHOY CEMENT INDUSTRIES LIMITED** as at June 30, 2012 and the related profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof for the year then ended and we state that we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit:

It is the responsibility of the company’s management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, subject to Note # 2 to the accounts, we report that:

- a) in our opinion proper books of account have been kept by the company as required by the Companies Ordinance, 1984:
- b) in our opinion
 - i) the balance sheet and the profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied with which we concur;
 - ii) the expenditure incurred during the year was for the purpose of the company’s business ; and
 - iii) the business conducted, investments made and expenditure incurred during the year were in accordance with the objects of the company;

CHIEF EXECUTIVE

DIRECTOR

DADABHOY CEMENT INDUSTRIES LIMITED
NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED JUNE 30, 2012

1 STATUS AND NATURE OF BUSINESS

Dadabhoj Cement Industries Limited was incorporated on 09 August 1979 as a public limited company with its Registered Office situated at Noor Centre Office No.4, 2nd Floor Plot No. 30-C Ittehad Lane 12 Phase VII D.O.H.A, Karachi and is listed on all the Stock Exchanges in Pakistan. The Company is engaged in the manufacturing and sale of ordinary Portland, slag and sulphate resistant cement.

2 GOING CONCERN BASIS

The directors have taken several positive steps to restart the production , this includes positive on going negotiation with the lender of long term finances (see note 13.1.2) and arrangement with other banks for financing.The negotiations with its bankers to secure an amount necessary to cover its working capital and repair and maintenance requirements for the commencement of un-interrupted operations in future.

3 SIGNIFICANT ACCOUNTING POLICIES

3.1 Statement of compliance

These Financial Statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan, the requirements of the Companies Ordinance, 1984 and the directives issued by the Securities and Exchange Commission of Pakistan. Approved accounting standards comprise of such International Accounting Standards as notified under the provisions of the Companies Ordinance, 1984. Wherever, the requirements of the Companies Ordinance, 1984 or directives issued by Securities and Exchange Commission of Pakistan differ with the requirements of these standards, the requirements of the Companies Ordinance, 1984 or the requirements of said directives take precedence.

3.2 Accounting standards, amendments and interpretations effective in 2009

Amendments to IAS 1 Presentations of Financial Statements - Capital Disclosures is mandatory for the company's accounting periods beginning on or after January 1, 2007. It introduces new disclosures relating to Company's objectives, policies and processes for managing capital. Adoption of this amendment only impacts the format and extent of the disclosure presented in note 34.3 to financial statement.

The other new standards, amendments and interpretations are considered neither relevant nor to have any significant effect to the company's financial statements.

Following amendments to approved accounting standards and interpretations have been published that are mandatory for the company's accounting periods beginning on the dates mentioned below:

Standard or Interpretation	Effective date (accounting period beginning on or after)
IAS 1 - Presentation of Financial Statements (Revised)	January 1, 2009
IAS 23 - Borrowing Cost (Revised)	January 1, 2009
IAS 27 - Consolidated and separate Financial Statements (Revised)	January 1, 2009
IFRS 3 - Business Combination (Revised)	January 1, 2009
IFRS 7 - Financial Instruments : Disclosure	July 1, 2008
IFRS 8 - Operating segments	January 1, 2009
IFRIC 12 - Service Concession Arrangements	January 1, 2009
IFRIC 14 - The Limit on Defined Benefit Assets, Minimum Funding Requirements and their Interactions	January 1, 2008

3.3 Accounting Convention

These financial statements have been prepared under the "historical cost convention" except for free hold land, building on free hold land, plant and machinery, quarry equipments and motor vehicles which are stated at revalued amounts and measurement of certain financial instruments at fair value and recognition of certain employee retirement benefits at present value.

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires the management to make the judgment, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the as is of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgments made by management in the application of approved accounting standards, as applicable in Pakistan, that have significant effect on the financial statements and estimates with a significant risk of material judgment in the next year are discussed in Note No.34 to these financial statements.

3.4 Staff retirement benefits (Defined Benefit Plan)

The company operates an approved defined gratuity fund for all of its permanent employees who attain the minimum qualification period for entitlement to gratuity. Contributions to the fund are made based on actuarial recommendations. The most recent actuarial valuation was carried out as at June 30, 2006 using the Projected Unit Credit Method. For details refer to Note No 16.2.

3.5 Taxation

Current:

Provision for current taxation is based on taxable income at the current rates of taxation or based on turnover at the specified rates whichever is higher, after taking into account tax credits and rebates available and effect of tax on income falling under Final Tax Regime.

Deferred:

Deferred income tax is provided using the liability method for all temporary differences at the balance sheet date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilized.

Deferred income tax assets and liabilities are measured at the rate that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date. In this regard, the effects on deferred taxation of the portion of income expected to be subject to final tax regime is adjusted in accordance with the requirement of Accounting Technical Release - 27 of the Institute of Chartered Accountants of Pakistan, if considered material.

3.6 Property, Plant and Equipment Owned

Fixed assets are stated at cost including exchange differences arising on acquisition or revalued amounts less accumulated depreciation and impairment losses if any except for freehold land and capital work-in-progress which are stated at revalued amount and cost respectively. Depreciation on plant and machinery and quarry equipment is charged on the basis of unit of production method. Depreciation on other assets is charged on straight line method at the rates stated in note 4.

Depreciation on additions is charged from the month the assets is put to use while depreciation on disposals is charged up to the month of disposals.

The surplus on revaluation of fixed assets is reversed to the extent of incremental depreciation and is transferred to accumulated loss.

Gains and losses on sale of fixed assets are included in income currently ,except that is related to surplus on revaluation of fixed assets (net of deferred taxation), is transferred directly to accumulated loss.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized.

Leased

These are stated at lower of present value of minimum lease payments under the lease agreements and the fair value of the assets acquired on lease. The outstanding obligations under the lease less finance charges allocated to future periods are shown as liability. Financial charges are calculated at the interest rate implicit in the lease and are charged to the profit and loss account. Depreciation is charged to income applying the same basis as for owned assets.

Capital work in progress:

Capital work in progress is stated at cost including where relevant, related financial costs less impairment losses, if any. These costs are transferred to fixed assets as and when assets are available for use.

3.7 Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment losses, if any. Intangible assets are amortized on a straight line basis over their estimated useful lives.

3.8 Impairment

The carrying amount of assets is reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of such asset is estimated. Impairment loss is recognized in Profit and Loss account whenever carrying amount of an asset exceeds its recoverable amount.

3.9 Financial Instruments

The particular recognition methods adopted by the company are disclosed in the individual policy statement associated with each item of financial instruments.

Financial assets

Financial assets are initially recognized at their cost which is the fair value of the consideration given for them at the time when the Company becomes a party to the contractual provisions of the instruments and subsequent to initial recognition, financial assets are carried at fair value except any financial asset whose fair value can not be reliably measured.

A 'regular way' purchase or sale of financial asset is recognized using trade date accounting.

Financial liabilities

All financial liabilities are initially recognized at cost which is the fair value of consideration received at the time when the Company becomes a party to the contractual provisions of the instruments. After initial recognition, financial liabilities are carried at fair value, amortized cost or original cost as the case may be.

Off-setting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements when the Company has a legally enforceable right to set off the recognized amounts or intend either to settle on net basis or to realize the assets and settle the liabilities simultaneously.

De- recognition

Financial assets are de-recognized when the Company loses control of the contractual rights that comprise the Financial liabilities are de-recognized when they are extinguished; that is, when the obligation specified in the contract is discharged, cancelled or expires.

Recognition of gains / (losses)

Gains or losses, if any, on realization or settlement/ subsequent measurement and de recognition of financial assets and liabilities are included in net profit and loss in the period in which it arises.

Impairment/ un-collectibility of financial assets

An assessment is made at each balance sheet date to determine whether there is an evidence that the financial asset or the group of financial assets may be impaired. If such evidence exists, the estimated recoverable amount of the assets is determined and impairment loss is recognized for the difference between the recoverable amount and the carrying amount.

3.10 Investments

In Associates

These represents investments in shares of companies that are directly or indirectly controlled by, or are under common control of DCIL or in which a substantive interest in the voting power is owned, directly or indirectly by the directors of DCIL.

Investment in subsidiary company is stated at cost less any impairment in the value of investment.

Investment in associate is accounted for using the equity method whereby investment is carried in the balance sheet at cost as adjusted by the post-acquisition changes in the company's share of net assets of the associate less any impairment in the value of investment.

3.11 Stores, spares and loose tools

These are valued at moving average cost. Items in transit and in bonded warehouse are valued at cost comprising invoice value plus other charges paid thereon up to the date of balance sheet.

3.12 Stock-in-trade

Stock of raw materials, except for those in transit work-in-process and finished goods are value principally at the lower of average cost and net realisable value. Stock of packing material is valued principally at moving average cost. Cost of work in process and finished goods comprises cost of direc materials, labour and appropriate manufacturing overheads.

Material in transit are stated at cost comprising invoice value plus other charges paid thereon.

Net realizable value signifies the estimated selling price in the ordinary course of business less cost of completion and cost necessary to be incurred in order to make the sale.

3.13 Trade debts

Trade debts are carried at original invoice amount less an estimate made for doubtful receivable balances. Bad Debts are written off when identified.

3.14 Trade and other payables

Liabilities for trade and other payables are carried at cost which is the value of the consideration to be paid in future for goods and services.

3.15 Borrowing costs

Borrowing costs are charged to profit and loss account in the year when they are incurred, except to the extent that they are directly attributable to the construction of a qualifying assets in which case they are capitalized as part of the cost of that assets.

3.16 Foreign currency transactions

Transactions in foreign currencies are translated into rupees at the rates of exchange ruling on the date of transaction. Assets and liabilities in foreign currencies are translated at the rates of exchange ruling on the balance sheet date. Exchange differences are included in income currently, except for exchange differences arising on acquisition of fixed assets which are included in the cost of fixed assets for which no practical means of hedging are present.

3.17 Revenue recognition

Sales are recorded on dispatch of goods to customers.

Dividend income is accounted for when the right to receive the dividend is established.

Return on term deposit and saving accounts is accounted for on an accrual basis.

3.18 Provisions

Provisions are recognized when the company has a present obligation as a result of past event, which it is probable will result in an outflow of economic benefits and a reliable estimate can be made of the amount of the obligation.

3.19 Transactions with related parties

Transactions with related parties are based on the policy that all transactions between the Company and the related parties are carried out at arm's length. These prices are determined in accordance with the methods prescribed in the Companies Ordinance, 1984.

3.20 Cash and cash equivalents

Cash and Cash Equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents comprise cash-in-hand, bonds, current and deposit accounts with banks / financial institutions net of running finance under mark-up arrangement, if any.

3.21 Functional and presentation currency

These financial statements are presented in Pakistani Rupees which is the company's functional currency. All financial information is stated in Pak Rupees.

Balance as at June 30		<u><u>600,000</u></u>	<u><u>600,000</u></u>

13.1.1 Security

The loan is secured by way of legal mortgage on the immovable properties of the company. Pledge of sponsor director's shares, equitable mortgage on mining leases of the company, pledge and hypothecation of machinery, and all the movable properties, including book debts and receivables of the company, ranking pari passu with other creditors and with charges already existing and personal guarantees of sponsoring directors.

13.1.2 During the year, the company continued its negotiations with the bank for full and final settlement on softer terms. Finally it was principally agreed between the company and the bank that on payment of Rs 600.00 million by the company in lump sum, the entire liability would stand discharged. It was further agreed that the terms and conditions of the understanding between the parties for the settlement of the entire liability cannot be reduced in black and white due to legal binding. However as soon as the payment of Rs 600.0 million is made by the company to the bank the whole process shall be recorded in the form of settlement agreement for further action. In the meantime the company has also requested the bank for resheduling the loan of Rs:600.0 million.

13.1.3 During the year 2008, having negotiated with the bank the company was successful to get reduced the long term loan by Rs.125,898 and consortium loan by Rs. 12,413 aggregated to Rs.138,311, transferred to deferred income (note:17-Trade and Other Payable).

34.1 Financial risk management objectives

The company finances its operations through equity, borrowings and management of working capital with a view to maintaining a reasonable mix between the various sources of finance to minimize risk. Taken as a whole, risk arising from the company's financial instruments is limited as there is no significant exposure to market risk in respect of such instruments.

34.1.1 Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if the counter party fails completely to perform as contracted without taking into account the fair value of any collateral. To manage exposure of credit risk, the company applies credit limits to its customers and ensures that sale of products are made to customer with appropriate credit history.

Concentration of credit risk arise when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economics, political and other conditions. Concentration or credit risk indicate the relative sensivity of the company's performance to developments affecting a particular industry.

All the financial assets of the company are exposed to credit risk. The company believes that it is not exposed to major concentration of credit risk. The company seeks to minimize the credit risk exposure through having exposure only to customers considered credit worthy, obtaining securities where applicable and make provision against those balances considered doubtful of recovery.

34.1.2 Interest rate risk management

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. Significant interest rate risk exposures are primarily managed by a mix of borrowings at fixed and variable interest rates and contracting floor and cap of interest rates as referred to in note 18.

34.1.3 Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Currency risk arises mainly where receivables and payables exist due to transactions with foreign buyers and suppliers. The company, where considered necessary, uses forward contracts and foreign currency options against payables exposed to foreign currency risks.

34.1.4 Liquidity risk

Liquidity risk reflects an enterprise's inability in raising funds to meet commitments. The company follows an effective cash management and planning policy to ensure availability of funds and to take appropriate measures for new requirements.

34.2 Fair value of financial assets and liabilities

The carrying value of financial assets and liabilities reflected in the financial statements approximates their fair values. Fair value is determined on the basis of objective evidence at each

34.3 Capital risk management

The primary objective of the Company's capital management is to maintain healthy capital ratio, strong credit rating and optimal capital structures in order to ensure ample availability of finance for existing and potential investment projects, to maximise shareholder value and reduce the cost of capital.

The company manages its capital structure and make adjustment to it, in light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return the capital to shareholders or issue new shares. No changes were made in the objectives, policy or processes during the year ended June 30, 2010.

The company monitors capital using a gearing ratio, which is net debt dividend by total capital plus net debt. Net debt is calculated as total loans and borrowings including any finance cost thereon, trade and other payables less cash and bank balances. Capital signifies equity as shown in the balance sheet plus net debts.

During the year, the company's strategy was to minimize leveraged gearing. The gearing ratios as at June 30, 2012 and 2011 were as follows:

	2012	2011
	(Rupees in thousand)	
Long term financing	600,000	600,000
Trade and other payables	535,832	529,258
Long term Morahaba	392	392
Liabilities against assets subject to finance lease	2,024	2,024
Short term borrowing-Packing facility	25,000	25,000
Total debt	<u>1,163,248</u>	<u>1,156,674</u>
Cash and bank balances	17	11
Net debt	<u>1,163,231</u>	<u>1,156,663</u>
Share capital	982,366	982,366
Reserves	<u>(631,755)</u>	<u>(611,862)</u>
Equity	<u>350,611</u>	<u>370,504</u>
Capital	<u>1,513,842</u>	<u>1,527,167</u>
Gearing Ratio	77%	76%

The company finances its expansion projects through equity, borrowing and management of its working capital with a view to maintain an appropriate mix between various sources of finance to minimize risk. A significant decline in the gearing ratio during 2008 resulted primarily from the issue of right shares (note 9) with a view to finance the company's long term investment strategy for sustaining competitive advantage.

35 ACCOUNTING ESTIMATES AND JUDGMENTS

35.1 Staff Retirement Benefits

Certain actuarial assumptions have been adopted as disclosed in Note 16.2 to the financial statement for valuation of present value of defined obligations and fair value of plan assets any changes in these assumptions in future years might effect gains and and losses in those years.

35.2 Property, Plant and Equipment

The company's management estimates useful life and related depreciation charge for its plant and equipment. The company reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amount of the respective items of the property, plant and equipment with a corresponding effect on the depreciation charged and impairment.

35.3 Income Taxes

In making the estimates for income taxes currently payable by the company, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past.

36 DATE OF AUTHORIZATION FOR ISSUE

These financial statements have been authorized for issue by the Board of Directors in the meeting held on _____.

37 GENERAL

Figures have been rounded off to the nearest thousand of rupees unless stated otherwise.

38 CORRESPONDING FIGURES

Corresponding figures have been re-arranged, wherever necessary, for the purposes of comparison.

AUDITOR’S REPORT TO THE MEMBERS

We have audited the annexed consolidated financial statements comprising consolidated balance sheet of Dadabhoy Cement Industries Limited (the holding company) and its subsidiary as at June 30, 2012 and the related consolidated profit and loss account, consolidated cash flow statement and consolidated statement of changes in equity together with the notes forming part thereof for the year then ended. We have also expressed our separate opinion on the financial statements of Dadabhoy Cement industries Limited and its subsidiary company, and state that that we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

It is the responsibility of the company’s management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

1. The production had been stopped since August 2008 owing to non -availability of working capital. These financial statements have been prepared on going concern based on management proposal stated in note # 2
2. Except for the matters discussed in Para 1 above, in our opinion the consolidated financial statements examined by us present fairly the financial position of Dadabhoy Cement industries Limited and its subsidiary company as at June 30, 2012 and the results of their operations for the year then ended; and

2 GOING CONCERN BASIS

The directors have taken several positive steps to restart the production , this includes positive on going negotiation with the lender of long term finances (see note 15.2.3) and arrangement with other banks for financing.The negotiations with its bankers to secure an amount necessary to cover its working capital and repair and maintenance requirements for the commencement of un-interrupted operations in future.

3 BASIS OF CONSOLIDATION

The Consolidated Financial Statement conclude the financial statement of Dadabhoy Cement Industries Limited and its Subsidiary Dadabhoy Energy Supply Company Limited. The Financial Statements of the parent and the subsidiary companies are prepared up to the date of year end.

All inter-company balances, transactions and resulting unrealized profits, if any, are eliminated .

Minority interest is calculated on the basis of their proportionate share 27.74 % in the net assets of the subsidiary company.

4 SIGNIFICANT ACCOUNTING POLICIES

4.1 Statement of compliance

These Financial Statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan, the requirements of the Companies Ordinance, 1984 and the directives issued by the Securities and Exchange Commission of Pakistan

4.2 Accounting standards, amendments and interpretations effective in 2009

Amendments to IAS 1 Presentations of Financial Statements - Capital Disclosures is mandatory for the company's accounting periods beginning on or after January 1, 2007. It introduces new disclosures relating to Company's objectives, policies and processes for managing capital.

The other new standards, amendments and interpretations are considered neither relevant nor to have any significant effect to the company's financial statements.

Following amendments to approve accounting standards and interpretations have been published that are mandatory for the company's accounting periods beginning on the dates mentioned below:

Standard or Interpretation	Effective date (accounting period beginning on or after)
IAS 1 - Presentation of Financial Statements (Revised)	January 1, 2009
IAS 23 - Borrowing Cost (Revised)	January 1, 2009
IAS 27 - Consolidated and separate Financial Statements (Revised)	January 1, 2009
IFRS 3 - Business Combination (Revised)	January 1, 2009
IFRS 7 - Financial Instruments : Disclosure	July 1, 2008
IFRS 8 - Operating segments	January 1, 2009
IFRIC 12 - Service Concession Arrangements	January 1, 2009
IFRIC 14 - The Limit on Defined Benefit Assets, Minimum Funding Requirements and their Interactions	January 1, 2008

4.3 Accounting Convention

These financial statements have been prepared under the "historical cost convention" except for free hold land, building on free hold land, plant and machinery, quarry equipments and motor vehicles which are stated at revalued amounts and measurement of certain financial instruments at fair value and recognition of certain employee retirement benefit at present value.

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires the management to make the judgment, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the as is of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision effects both current and future periods.

judgments made by management in the application of approved accounting standards, as applicable in Pakistan, that have significant effect on the financial statements and estimates with a significant risk of material judgment in the next year are discussed in note no. 34 to these financial statement.

4.4 Staff retirement benefits (Defined Benefit Plan)

The company operates an approved defined gratuity fund for all of its permanent employees who attain the minimum qualification period for entitlement to gratuity. Contributions to the fund are made based on actuarial recommendations. The most recent actuarial valuation was carried out as at Jun 30, 2006, using the Projected Unit Credit Method.

4.5 Taxation

Current:

Provision for current taxation is based on taxable income at the current rates of taxation or based on turnover at the specified rates whichever is higher, after taking into account tax credits and rebates available and effect of tax on income falling under Final Tax Regime.

Deferred:

Deferred income tax is provided using the liability method for all temporary differences at the balance sheet date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilized.

Deferred income tax assets and liabilities are measured at the rate that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date. In this regard, the effect on deferred taxation of the portion of income expected to be subjected to Final Tax Regime is adjusted in accordance with the requirement of accounting technical relize-27 of the ICAP, if considered material.

4.6 Property, Plant and Equipment

Owned

Fixed assets are stated at cost including exchange differences arising on acquisition or revalued amounts less accumulated depreciation and impairment losses if any except for freehold land and capital work-in-progress which are stated at revalued amount and cost respectively depreciation on plant and machinery and quarry equipment is charge on the basis of unit production method depreciation on other assets is charged on straight line method at the rates stated in note 4.

Depreciation on additions is charged from the month the assets is put to use while depreciation on disposals is charged up to the month of disposals.

The surplus on revaluation of fixed assets is reversed to the extent of incremental depreciation and is transferred to accumulated loss.

Gains and losses on sale of fixed assets are included in income currently ,except that is related to surplus on revaluation of fixed assets (net of deferred taxation), is transferred directly to accumulated loss.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized.

Leased

These are stated at lower of present value of minimum lease payments under the lease agreements and the fair value of the assets acquired on lease. The outstanding obligations under the lease less finance charges allocated to future periods are shown as liability financial charges are calculated at the tax rate implicit in the lease and are charged to the profit and loss account. Depreciation is charged to income applying the same basis as for owned assets.

Capital work in progress:

Capital work in progress is stated at cost including where relevant, related financial costs less impairment losses, if any. These costs are transferred to fixed assets as and when assets are available for use.

4.7 Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment losses, if any. Intangible assets are amortized on a straight line basis over their estimated useful lives.

4.8 Amortization of good will

Goodwill is amortized on a straight line basis over five years.

4.9 Impairment

The carrying amount of assets is reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of such asset is estimated. Impairment loss is recognized in Profit and loss account when ever carrying amount of an assets accessed its recoverable

4.10 Financial Instruments

The particular recognition methods adopted by the company are disclosed in the individual policy statement associated with each item of financial instruments.

Financial assets

Financial assets are initially recognized at their cost which is the fair value of the consideration given for them at the time when the Company becomes a party to the contractual provisions of the instruments and subsequent to initial recognition, financial liability are carried at fair value, amortized cost or original cost as the case may be.

A 'regular way' purchase or sale of financial asset is recognized using trade date accounting.

Financial liabilities

All financial liabilities are initially recognized at cost which is the fair value of consideration received at the time when the Company becomes a party to the contractual provisions of the instruments. After initial recognition, financial liabilities are carried at fair value amortized cost or original cost as the case may be.

Off-setting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements when the Company has a legally enforceable right to set off the recognized amounts or intend either to settle on net basis or to realize the assets and settled the liabilities simultaneously.

De- recognition

Financial assets are de-recognized when the Company loses control of the contractual rights that comprise the Financial liabilities are de-recognized when they are extinguished; that is, when the obligation specified in the contract is discharged, canceled and the carrying amount.

Recognition of gains / (losses)

Gains or losses, if any, on realization or settlement/ subsequent measurement and de recognition of financial assets and liabilities are included in net profit and loss in the period in which it arises.

Impairment/ un-collectibility of financial assets

An assessment is made at each balance sheet date to determine whether there is an evidence that the financial asset or the group of financial assets may be impaired. If such evidence exists, the estimated recoverable amount of the assets.

4.11 Investments**In Associates**

These represents investments in shares of companies that are directly or indirectly controlled by, or are under common control of DCIL or in which a substantive interest in the voting power is owned, directly or indirectly by the directors of DCIL.

Investment in associate is accounted for using the equity method whereby investment is carried in the balance sheet at cost as adjusted by the post-acquisition changes in the company's share of net assets of the associate less any impairment in the value of investment.

4.12 Stores, spares and loose tools

These are valued at moving average cost. Items in transit and in bonded warehouse are valued at cost comprising invoice value plus other charges paid thereon up to the date of balance sheet.

4.13 Stock-in-trade

Stock of raw materials, except for those in transit work-in-process and finished goods are valued principally at the lower of average cost and net realizable value. Stock of packing material is valued principally at moving average cost. Cost of work in process and finished goods comprises cost of direct materials, labour and appropriate manufacturing overheads.

Material in transit are stated at cost comprising invoice value plus other charges paid thereon.

Net realizable value signifies the estimated selling price in the ordinary course of business less cost of completion and cost necessary to be incurred in order to make the sale.

4.14 Trade debts

Trade debts are carried at original invoice amount less an estimate made for doubtful receivable balances. Bad Debts are written off when identified.

4.15 Trade and other payables

Liabilities for trade and other payables are carried at cost which is the value of the consideration to be paid in future for goods and services.

4.16 Borrowing costs

Borrowing costs are charged to profit and loss account in the year when they are incurred, except to the extent that they are directly attributable to the construction of a qualifying assets in which case they are capitalized as part of the cost of that assets.

4.17 Foreign currency transactions

Transactions in foreign currencies are translated into rupees at the rates of exchange ruling on the date of transaction. Assets and liabilities in foreign currencies are translated at the rates of exchange ruling on the balance sheet date. Exchange differences are included in income currently, except for exchange differences arising on acquisition of fixed assets which are included in the cost of fixed assets for which no practical means of hedging are present.

4.18 Revenue recognition

Sales are recorded on dispatch of goods to customers.

Dividend income is accounted for when the right to receive the dividend is established.

Return on term deposit and saving accounts is accounted for on an accrual basis.

4.19 Provisions

Provisions are recognized when the company has a present obligation as a result of past event, which it is probable will result in an outflow of economic benefits and a reliable estimate can be made of the amount of the obligation.

4.20 Transactions with related parties

Transactions with related parties are based on the policy that all transactions between the Company and the related parties are carried out at arm's length. These prices are determined in accordance with the methods prescribed in the Companies Ordinance, 1984.

4.21 Cash and cash equivalents

Cash and Cash Equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents comprise cash-in-hand, bonds, current and deposit accounts with banks / financial institutions net of running finance under mark-up arrangement, if any.

4.22 Functional and presentation currency

These financial statements are presented in Pakistani Rupees which is the company's functional currency. All financial information is stated in Pak Rupees.

- 36.3** Outstanding balances with related parties as at year end have been included in their respective notes to the financial statements.

37 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

Interest / mark-up rate risk arises from the possibility that changes in interest / mark-up rates will affect the value of financial instruments. In respect of income earning financial assets and interest / mark-up bearing financial liabilities, the following table indicate their effective interest / mark-up rates at the balance sheet date.

Financial instruments by category	2012	2011
	(Rupees in '000')	
FINANCIAL ASSETS		
Long term investment	2,420	2,420
Long term deposits	2,953	2,953
Loans and advances	21,708	21,713
Cash and bank balances	21	13
	<u>27,102</u>	<u>27,099</u>
FINANCIAL LIABILITIES		
Long term financing	740,704	740,704
Long term morabaha	392	392
Liabilities against assets subject to finance lease	2,024	2,024
Trade and other payables	563,574	560,818
Short term borrowings	25,000	25,000
	<u>1,331,694</u>	<u>1,328,938</u>

37.1 Financial risk management objectives

The Company's activities expose it to a variety of financial risks: capital risk, credit risk, liquidity risk and market risk (including foreign exchange or currency risk, interest/mark-up rate risk and price risk). The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. Overall, risks arising from the Company's financial assets and liabilities are limited. The Company consistently manages its exposure to financial risk without any material change from previous period in the manner described in notes below.

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. All treasury related transactions are carried out within the parameters of these policies.

37.1.1 Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations. Due to the company's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the company. To manage exposure to credit risk, Company applies credit limits and deal with credit worthy parties. It makes full provision against those balances considered doubtful and by dealing with variety of major banks and financial institutions. The carrying amounts of financial assets against which the Company did not hold any collateral are represent the maximum credit exposure, as specified below:

Trade debts	-	-
Loans and advances	21,708	21,713
Other receivables	6,078	6,078
Bank balances	21	13

37.1.2 Impairment losses

The aging of trade debts at the reporting date was:

	2012		2011	
	Gross value	Impairment	Gross value	Impairment
	(Rupees '000)		(Rupees '000)	
Not past due	-	-	-	-
Past due 1-60 days	-	-	-	-
Past due 61 days to 1 year	-	-	-	-
More than 1 year	-	-	-	-
Total	-	-	-	-

The company believes that no impairment allowance is necessary in respect of trade debts past due other than amount provided. Trade debts are essentially due from credit worthy parities. The company is actively pursuing for recovery of debts and the company does not expect these parties to fail to meet their obligations.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facility. The Company finances its operations through equity, borrowings and working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. Company treasury aims at maintaining flexibility in funding by keeping committed credit line available.

The following are the contractual maturities of financial liabilities, including estimated interest payments:

	Carrying value	Contractual cash flow	Upto one year	More than one year
	(Rupees '000)			
Long term financing	740,704			
Long term morabaha	392			
Finance lease	2,024			
Trade and other payables		-	-	-
Short term borrowings	25,000			
June 2012	768,120	-	-	-
Long term financing	740,704			
Long term morabaha	392			
Finance lease	2,024			
Trade and other payables		-	-	
Short term borrowings	25,000			
June 2011	768,120	-	-	-

Contractual cash flows include interest related cash flows upto the year end. The future interest related cash flows depends on the interest rates applicable at that time and the extent of utilization of running finance facilities.

Market risk

Market risk means that the future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates and interest rates. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. Company's market risk comprises of two types of risk: foreign exchange or currency risk and interest/mark up rate risk. The market risks associated with the Company's business activities are discussed as under:

Foreign exchange risk management

Foreign currency risk arises mainly where receivables and payables exist due to transactions entered into foreign currencies. The company is not exposed to foreign currency risk.

Interest/mark up rate risk

Interest/mark-up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest/mark-up rates. Sensitivity to interest/mark up rate risk arises from mismatches of financial liabilities that mature or re-price in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted. The long-term financing and short term borrowing arrangements have variable rate pricing that is dependent on the Karachi Inter Bank Offer Rate (KIBOR) as indicated in respective notes. At the balance sheet date, the interest rate profile of the Company's significant interest bearing financial instruments was as follows:

	2012	2011	2012	2011
<u>Fixed rate instruments</u>	Effective interest rate (%)		Carrying amount (in '000)	
Finance lease	-	-		
	-	-	-	-
<u>Variable rate instruments</u>	-	-		
Long term financing	-	-		
Finance lease	-	-		
Short term borrowings	-	-		
			-	-
			-	-

Sensitivity analysis

The Company does not have any fixed rate liabilities at fair value through profit or loss, and any derivatives as hedging instruments recognized under fair value hedge accounting model. Therefore, a change in interest rate at reporting date would not effect fair value of any financial instrument.

Fair value of financial instruments

Fair value is an amount for which an asset could be exchanged or a liability settled between knowledgeable willing parties at arm's length transaction. Consequently, differences may arise between the carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Fair value of all financial assets and financial liabilities are estimated to approximate their respective carrying amount.

CAPITAL RISK MANAGEMENT

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure.

In order to maintain or adjust the capital structure, the company may adjust the amount of dividends

paid to shareholders, return capital to shareholders or issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the company manages its capital risk by monitoring its debt levels and liquid assets and keeping in view future investment requirements and expectation of the shareholders. Debt is calculated as total borrowings ('long term financing' and 'short term borrowings' as shown in the balance sheet). Total capital comprises shareholders' equity and surplus on revaluation of fixed assets as shown in the balance sheet under 'share capital and reserves'.

There were no changes to the Company's approach to capital management during the year and the Company is not subject to externally imposed capital requirements.

38 ACCOUNTING ESTIMATES AND JUDGMENTS

38.1 Staff Retirement Benefits

Certain actuarial assumptions have been adopted as disclosed in Note 18.2 to the financial statement for valuation of present value of defined obligations and fair value of plan assets any changes in these assumptions in future years might effect gains and and losses in those years.

38.2 Property, Plant and Equipment

The company's management estimates useful life and related depreciation charge for its plant and equipment. The company reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amount of the respective items of the property, plant and equipment with a corresponding effect on the depreciation charged and impairment.

38.3 Classification of investments

The management has utilized its judgments in respect of classification of investment as disclosed in note 2.10 of the financial statements. Any change in such judgment might materially affect the accounting policy applied in respect of such investments.

38.4 Income Taxes

In making the estimates for income taxes currently payable by the company, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past.
