# Company Profile

Berger was established two centuries ago and now it has grown to become one of the world's largest paints manufacturer. In Pakistan, history of Berger is as old as Pakistan. Berger started its operations in Pakistan in 1950 and was the first organized Paint Company to offer premium products through import from the United Kingdom.

BERGER PAINTS PAKISTAN LTD. became a public limited company in 1974, when 49.38% of its shares were acquired by Pakistani investors, while the remaining 50.62% were held by U.K. parent company, Jenson & Nicholson Limited. In 1991 Slotrapid Limited, a U.K. based company with diversified business interests, acquiring control of Berger Paints Pakistan Limited by gaining 50.62% shares of the company.

Berger established its first local manufacturing facility in Karachi in 1955. As the country's economic and industrial sector expanded the demand for quality paints also grew and Berger continued to make extensions in its product range to meet these requirements.

In 2006, Berger established state of the art manufacturing facility in Lahore. This plant has provided Berger an edge over its competition through enhanced production. It has enabled Berger to meet the growing demands of its valued customers across Pakistan. Berger Paints Head office is located in Lahore

Consistent quality has always been Berger's trait. This has been the driving force in making it the leading brand name backed by premium quality across Pakistan. Berger has the most comprehensive product range for various paint market segments at different price points. Berger has earned the admiration and trust of customers by virtue of its superior technology, product quality and a very high level of customized services.

Berger has entered into a number of technical collaboration arrangements with leading international manufacturers. These include Nippon Paints, Japan, the largest paint company in Japan, which enables Berger to develop Automotive, Vehicle Refinishes and Industrial Paints confirming to international standards; Nippon Bee Chemicals, Japan, for Bumper Paints; PCS Powders, UK for Powder Coatings; DPI Sendirian Berhad, Malaysia for Road & Runway Markings; Cerachem for Construction Chemicals and Asian Paints for Decorative Paints. Recently, Berger acquired distribution rights of Du Pont for Pakistan's vehicle refinish paint segment.

Berger is also operating Resin manufacturing facility at its Lahore factory. The resin plant has high production capacity and has enabled Berger to meet its entire resin needs for the manufacturing of a wide range of quality paints. Berger was the first paint company in Pakistan to set up its own resin production facility.

The company has regional offices in Karachi, Lahore, Islamabad and Territorial Offices in Gujranwala, Multan, Faisalabad, Peshawar and Hyderabad. A large team of sales personnel and a wide network of dealers and distributors serve customers in all urban centers across the country.

# The Mission

Despite many challenges, Berger Paints has succeeded in staying at the forefront of Pakistan's paint industry. Innovation and technological development has enabled the company to achieve corporate success through its commitment to provide products of the highest quality and ensuring the ultimate satisfaction of customers.

The company's employees are constantly encouraged to pursue the Corporate Mission Statement:

- We will stay at the forefront of innovation and technological development in the paint industry.
- We will achieve corporate success through an unwavering commitment to provide our customers high quality products to their ultimate satisfaction.
- We will vigorously promote and safeguard the interests of our employees, our shareholders, our suppliers and all business associates.
- We will play our role as a good corporate citizen and serve community where we do business.

# A Commitment to Excellence

Berger is the most trusted name in quality paints, coatings and allied products for household, commercial and industrial sectors. The company has built this proud reputation by not compromising on quality standards.

As an ISO-9001-2000 certified company, Berger continues to upgrade and improve its range by introducing innovative products in line with consumer needs.

All products are tested at the company's own facilities before leaving the factory so that the

highest quality control standards are maintained at all times. The company also follows a continuous process of investment in new equipments, such as computerized color matching technology, to ensure fast and accurate testing results at all times.

An on-going training system is also in place so that the most rigorous testing methods and procedures can be applied at the finished product stage.

A high standard of paints manufacturing is further ensured by using resin produced at Berger's own plant.

# Customer Service

Berger is not just a Paint company; it offers one window solution across different paint product categories in order to meet the demands of its valued customers.

Berger Color Advisory Service is a free consultancy that can be accessed on UAN: 111-237-437. The service is very popular among customers of decorative paints. It offers professional advice on selection of appropriate color schemes and types of paints that should be used on different surfaces and in different environments.

The Technical Sales Officer make personal visit to address problems that the customers may be facing and have the relevant paint coating modified or adjusted according to the specific requirement.

# People

At Berger, we consider PEOPLE as our most precious resource. This belief is gaining increasing importance leading to a more structured and focused approach in developing Human Resource as a competitive strength.

Our journey for excellence is amply supported by developing a learning organization with continuous capability building and skills enhancement. This is supplemented by wide range of employee engagement activities and programs which are inplace for morale boosting, motivation enhancement and inspiring commitment. Specific skills are being developed through training and coaching in required areas. Across all layers in the organization, Berger is promoting a culture of acknowledging talent, nurturing potential and encouraging initiatives. We are maintaining an enabling environment with fairness and equal opportunity combined with freedom to perform and excel.

Our ambition for sustainable growth is to be materialized with right kind of people possessing best skills and unmatched competencies coupled with unflinching commitment.

## Health, Safety & Environment

Special focus is placed at Berger on protection of the environment as well as health and safety of employees, customers and communities where it operates.

The company utilizes all available resources to pursue its EHS objectives by striving to attain economic prosperity and ecological balance.

Berger manufacturing facility conforms to the international and national environmental standards where company is manufacturing environmental friendly products to minimize the potential effect on the people and the environment.

A clean and pollution-free environment is ensured at the company's manufacturing facilities through a Solvent Recovery Plant that recycles used solvent, a Dust/Vapor extraction system and a Xylene recovery system.

Safety training programs are organized on a regular basis for all personnel and factory workers and vendors to ensure safety of the work environment. Strict safety regulations for PPE's (Personal Protection Equipments) and work procedures are enforced at every step.

In addition, safety officers conduct regular Safety Audits that identify and rectify any non-compliance and enforce proper maintenance of safety procedures with active cooperation of all employees.

# Quality in Diversity

As an innovative and progressive paint company, Berger Paints Pakistan Limited offers a wide range of paints for diverse applications and uses. Berger's proven product quality and relentless focus on meeting customer needs in various specialized categories of paints and allied products continues to drive its success.

# Decorative Paints

Berger decorative Paints caters to interior, exterior wall surfaces & wood surfaces of residential, offices, factories and commercial buildings with diverse range of colors in all product categories.

Continuous endeavor is made to achieve and maintain the high product standards that Berger is renowned for. At the same time, innovative products that meet the needs of a demanding market are also launched on regular basis. Berger's decorative product portfolio consist of flagship products like, Elegance Matt emulsion, All Rounder Matt Enamel, Weather coat, SPD smooth emulsion and Economy emulsion.

Berger's Decorative business has achieved remarkable results in all product segments as it strives to keep in touch with new trends and aligns its product range accordingly. This is complemented by pioneering new marketing initiatives and strong focus on customer care.

Berger's decorative business also offers wide range of colors through its tinting machines. These machines have been set up in different metro cities by name of color Bank.

# Automotive Paints

Despite challenging business environment during 2010-11, Berger's Automotive Division succeeded in maintaining and enhancing its current customer portfolio. Besides winning new customers, it further consolidated command of the automotive segment resulting in valuable business sustenance.

With a healthy share of 90% at Honda Atlas Cars, Berger also enhanced its business share at Indus Motors (Toyota) through the addition of new colors. The Automotive Division further consolidated its leading position in the Japanese and Chinese twowheelers segment by acquiring lost business share from clients like Yamaha, Pak Hero, New Asia and United Autos.

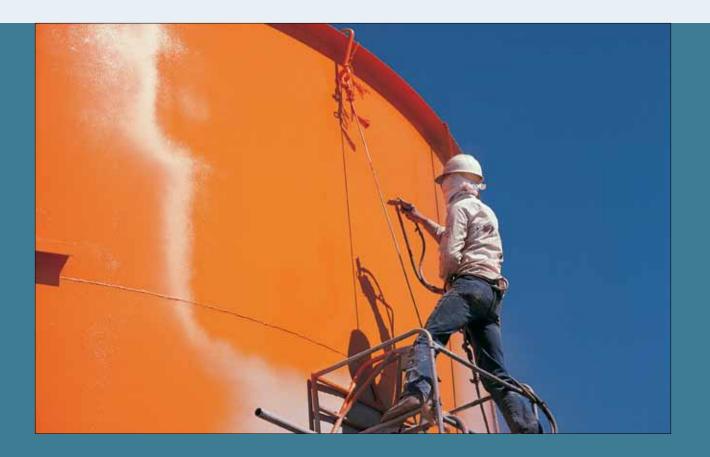

Berger's technical collaboration with Japan's Nippon Paint Company has enabled it to develop automotive paints conforming to international standards. The Automotive business in the year 2011-12 is expected to show considerable improvement in terms of sales growth with enhanced progress in its service level for its current and new customers and consumers.

# Powder Coatings

# Protective Coatings

Berger's Protective coatings business offers special paints for heavy duty coating requirements. The Protection Division works in close collaboration with telecom companies and other customers and provides a range of customized solution for reliable protection of towers, buildings and other installations.

Berger's expertise in Protective Coatings is also in great demand in other important sectors such as Sugar, Cement, Oil, Gas and Chemical industries. Protection/maintenance of plant and machinery, besides value addition, is a key requirement in these sectors. Berger's Protective Coatings fulfills these needs admirably. Major projects handled by the division includes, Descon Engineering, Packages Limited, Nestle Pakistan, Fauji Fertilizer Company, Pakistan Oil Field, National refinery, Unilever Pakistan etc.

# Vehicle Refinishes

The challenge of Berger's technical expertise in the Vehicle Refinish business is to offer touch-up paints that precisely match the original color of vehicles. This is achieved through different refinish systems designed to enable application for high gloss, durable, quick drying and accurate color matching finishes without giving heat treatment.

VITON car paint is the most popular market brand that was primarily introduced by Berger with Nitrocellulose base. It is based on international trends and offers a complete painting solution comprising putty, primer/ surfacer, lacquer and thinners. It has more than 100 shades with the combination of fast drying and polishing properties.

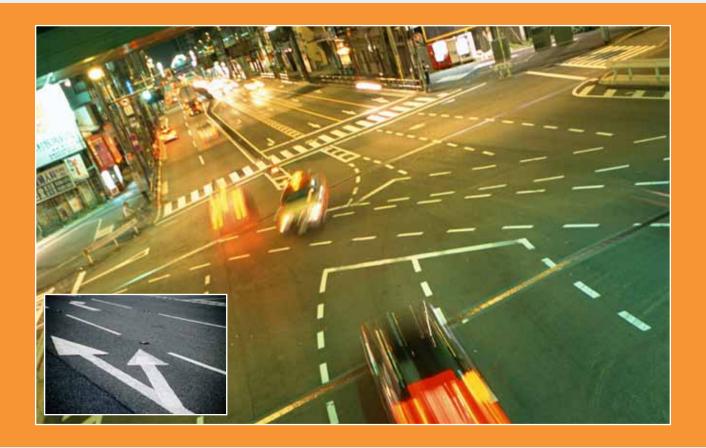

In 2003, alkyd based quick drying enamel range by the name of 'DURA' was successfully launched for economy tier market segment with more than 30 shades and ancillary product range.

With the increase in market potential of wood finishes, new product line has been introduced to cater the needs of Furniture Industry by Refinish department. These products include Sealer, Lacquers (Gloss and Matt finish), Polyurethane base lacquer, colored varnishes and Stains that are available in regular and bulk packs.

In 2011, Berger acquired the distribution rights of DuPont Performance Coatings for Pakistan. DuPont is the leading market brand of premium market segment with complete range of 2-K Finishes such as binders, tinters, primers, top coats, clear coats and hardeners along with all type of thinners. The product range is made available at all leading 3S dealerships, workshops and retail market.

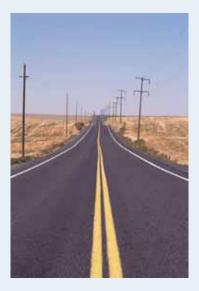

# Road Safety

The motto of Berger Road Safety business is 'Leading the Way to a Safe Journey'.

Berger pioneered the concept of single source manufacturing and application of road marking products in Pakistan.

Berger Road Safety offers a complete range of road marking products for traffic signs, cat studs, delineators, barriers, guardrails etc. that provides high quality application services. The advance Cataphos TP hot-melt Thermoplastic material is manufactured in Pakistan as per BS 3262 specifications. A full range of other road marking products are also manufactured to match various application standards. Application services are provided through trained personnel. Customers include 108 Engineering, Cantonment Board, Taisei Corporation, FWO Construction, Eden Housing Limited, NLC, CDA and Bahria, etc.

### Govt. & Marine

As Pakistan is endowed with a long coastal belt, it needs reliable protection for its sea-bound craft as well as off-shore and on-shore installations.

Berger's Government & Marine business meets this need with a wide range of products comprising specialized coatings for ships, air craft, fuel storage stands, warehouses, arms and ammunition depots, etc.

The paints and coatings are especially in demand by the Defense industry, aviation sector, utility corporations, ports and shipping sector, military engineering services, research and development organizations, educational institutions and health sector.

Some projects include Sui Northern Gas, Pakistan Railway, Civil Aviation, Pakistan Atomic Energy, WAPDA, COD, Habib Rafiq, Army Housing, PPHI Sindh, GHQ, FWO, Pakistan Navy, etc.

# Construction Chemicals

Berger Paints entered in the business of construction chemicals in the year 2000. The purpose is to satisfy the core needs of the customers by improving, repairing and protecting structure and floors through its innovative and seamless epoxy floorings.

Berger product portfolio consists of water proofing products and epoxy floorings. In a short span of time, it has successfully built up its reputation and has become a major player in providing customized solutions to its customers.

# Printing Inks

Berger Paints is a manufacturer of printing inks for packaging industry. The base factory is operational at Lahore plant since 2009, whereas a color mixing house is functional at SITE Karachi. The Company is producing quality products by acquiring technology from SICPA International Switzerland. Most of the Raw Materials are imported from Europe and South Asian countries.

Berger's objective is to provide Flexo, Gravure and Offset inks according to international standards and to keep the products environment friendly.

Water-based Flexo ink is the most growing business. This is part of Berger's continuous efforts to meet growing market demand for quality brands in a wide range of product categories.

More than 100 printers across the country are in business with the company with trust and confidence which reflects that future is promising for this business line.

### Adhesives

The flagship brand at Berger's Adhesives business is Berlith. It is white glue based on a plastic resin that combines high concentration, high bonding strength and excellent application qualities. Both, in the wood furniture and sports goods industries, the high adhesion strength of Berlith makes it ideal for gluing hardboard, chipboard, softwood, ply, formica, etc.

Because of its plastic resin, Berlith is the first choice for use in kitchen cabinets and counters. Berlith also serves as suitable pasting material for labels on plastic, glass, cartons, etc.

Berlith is specially designed for wood furniture industry, where its high adhesive strength makes it ideal for gluing.

# Directors' Report

The Directors are presenting their report alongwith the audited financial statements for the year ended 30 June, 2011.

### The Economy:

In the year under review, among major challenges, which jolted the economy, were unprecedented increases in commodity and oil prices, floods, which caused massive damage, of more than 50,000 Sq.KM. During the year oil prices also shot up from \$70 per barrel to \$125 per barrel causing a surge in input costs. The country witnessed worsened law and order situation in some parts of the country resulting in strikes and business closed down which had adverse effects on the economy.

We witnessed a decline in the growth rate due to the destruction of major crops, particularly rice and cotton. The year 2010-11, manufacturing sector growth was negligible.

### Financial Highlights:

During the year company enhanced sales by 6% over last year and through controlled costs strategy delivered significant reduction in losses.

A summary of financial result is as under:

| (Rupees in thousand)                                    | 2011              | 2010                  |
|---|-------------------|-----------------------|
| Operating profit for the year<br>Other operating income | 80,014<br>69,504  | 46,437<br>126,321     |
|   | 149,518           | 172,758               |
| Other charges<br>Finance Cost                           | 2,592<br>216,330  | 48,323<br>252,734     |
|   | 218,922           | 301,057               |
| Loss before tax<br>Taxation                             | (69,404)<br>(191) | (128,299)<br>(12,078) |
| Loss after tax  | (69,213)          | (116,221)             |

Loss per share decreased from Rs. (8.91) to Rs. (3.81).

# Directors' Report

#### **ENVIORNMENT, HEALTH & SAFETY**

Environment, health and safety (EHS) issues are managed through an integrated approach that aims to ensure core issues and risks are identified, standards are established, training is provided, and audits conducted. In continuation of the company's policy to keeping safety at the top of the priorities, it has further improved the EHS.

#### **BOARD OF DIRECTORS**

During the year, 5 meetings of the Board of Directors were held and attendance of each Director was as follows:

| Dr. Mahmood Ahmad                                     | 5 |
|---|---|
| Mr. Sikandar Dada                                     | 3 |
| Mr. Hamid Masood Sohail                               | 5 |
| Mr. Maqbool H. H. Rahimtoola                          | 4 |
| Mr. Muhammad Naseem                                   | 5 |
| Mr. N.K. Shahani (Alternate Director of C. H. Clover) | 2 |
| Mr. M. Saeed (Alternate Director of Mr. Ilyas Sharif) | 2 |
| Mr. Asim Tufail (Alternate Director of C.H. clover)   | 1 |
| Mr. Shahzad M. Husain                                 | 1 |
| Mr. Zafar A. Osmani                                   | 1 |
|   |   |

Leaves of absence were granted to those Directors who could not attend meetings of the Board.

The election of directors was held in June 2011 and

following directors were elected in Extra-ordinary General meeting of the shareholders:

| Dr. Mahmood Ahmad            |
|------------------------------|

### Statement of Compliance

with the Code of Corporate Governance

This statement is being presented to comply with the code of Corporate Governance contained in the listed Regulations of stock exchanges for the purpose of establishing a framework of good governance whereby a listed Company is managed in compliance with the best practice of corporate governance. The company has applied the principles contained in the Code in the following manners:

- 1. The company encourages representation of independent non-executive directors and directors representing minority interest on its Board of Directors. At present the Board includes six independent non-executives directors and non representing minority interests as no minority share holder offer himself/herself for election.
- The directors of the company have confirmed that none of them is serving as a director in more than ten listed companies, including Berger Paints Pakistan Limited.
- 3. All the directors have given declaration that they are aware of their duties and powers under the relevant laws and the company's Memorandum and Articles of association and the listing regulations of the stock exchange of Pakistan.

All the resident directors of the company are registered as taxpayers and none of them has defaulted in payment of any loan to any banking company, a DFI or an NBFI. None of the director is a member of a stock exchange.

4.

6.

8.

- 5. The shareholders of the company elected new board of directors during the year that comprises seven directors.
  - The company has prepared a 'Statement of Ethics and Business Practices', which has been signed by all the directors, senior management and employees of the company.
- The Board has developed a vision/ mission statement, overall corporate strategy and significant policies of the company.
  - All the powers of the Board have been duly exercised and decisions on material transactions including Appointment and determination of remuneration and terms and conditions of employment of Chief Executive Officer [CEO) have been taken by the Board.
- 9. The meetings of the Board were presided over by the Chairman. The Board met at least once in every quarter during the year ended June 30, 2011. Written notices of the Board meetings along with the agenda and working papers, were circulated before the meetings. The minutes of the meetings were appropriately recorded and circulated in time.
- The directors' report for this year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.
- 11. The financial statements of the company were duly endorsed by CEO and CFO before approval of the Board.

- 12. The directors, CEO and executives do not hold any interest in the share of the company other than that disclosed in the pattern of shareholding.
- The company has complied with all the corporate and financial reporting requirements of the Code.
- 14. The Board has formed an Audit Committee. It comprises of three members, all of them are nonexecutive directors including the chairman of the committee.
- 15. The meeting of the audit committee was held at least once every quarter prior to approval of interim and final results of the company and as required by the Code. The terms of reference of the committee have been formed and approved by the Board and advised to the committee for compliance.
- 16. Due to the net loss of the company for this year, Directors do not recommend any appropriation of profit.
- 17. The Board of directors has outsourced its internal audit function to a leading firm of chartered accountants.

- 18. The statutory auditors of the company have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan (ICAP), that they or any of the partners of the firm, their spouses and minor children do not hold shares of the company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC] guidelines on code of ethics as adopted by ICAP.
- 19. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 20. We confirm that all other material principles contained in the Code have been complied with.

### Review Report to the Members

on statement of compliance with best practices of code of corporate governance

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of Berger Paints Pakistan Limited ("the company") to comply with the Listing Regulations of Karachi and Islamabad Stock Exchanges, where the company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the company personnel and review of various documents prepared by the company to comply with the Code. As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We have not carried out any special review of the internal control system to enable us to express an opinion as to whether the Board's statement on internal control covers all controls and the effectiveness of such internal controls.

Further, Sub- Regulation (xiii a) of Listing Regulation No. 35 (previously Regulation No. 37) notified by The Karachi Stock Exchange (Guarantee) Limited vide circular KSE/N-269 dated 19 January 2009 requires the company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee.

We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were under taken at arm's length price.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the company for the year ended 30 June 2011.

### Auditors' Report to the Members

We have audited the annexed balance sheet of **Berger Paints Pakistan Limited** (the company) as at 30 June 2011 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) in our opinion, proper books of account have been kept by the company as required by the Companies Ordinance, 1984;
- (b) in our opinion:
  - (i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
  - (ii) the expenditure incurred during the year was for the purpose of the company's business; and
  - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the company;
- (c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the company's affairs as at 30 June 2011 and of the loss, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The financial statements of the company for the year ended 30 June 2010 were audited by another firm of auditors; whose report dated 28 September 2010 expressed an unqualified opinion on those financial statements.

For the year ended 30 June, 2011

### 1 The Company and its operations

The company was incorporated in Pakistan on March 25, 1950 as a private limited company under the Companies Act, 1913 and was subsequently converted into a public limited company. The company is listed on the Karachi and Islamabad stock exchanges. The company is engaged in the manufacturing of paints, varnishes and other related items. Slotrapid Limited, based in British Virgin Island is the holding company. The registered office of the company is situated at D-31, South Avenue, S.I.T.E., Karachi.

### 2 Basis of preparation and statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the provisions of the Companies Ordinance, 1984. Wherever, the requirements of the Companies Ordinance, 1984 or directives issued under the Companies Ordinance, 1984 differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

### 3 Summary of significant accounting policies

The significant accounting policies adopted in preparation of financial statements are set out below.

### 3.1 Accounting convention

These financial statements have been prepared under the historical cost convention except for the measurement of certain items of property, plant and equipment as referred to in note 5.2 at revalued amounts and recognition of certain employee retirement benefits as referred to in note 3.16 at present value.

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

### 3.2 Property, plant and equipment

Items of property, plant and equipment are stated at cost less accumulated depreciation, except for freehold and leasehold land, buildings thereon and plant and machinery, which are stated at revalued amounts less any subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is charged to income applying the straight line method whereby the cost less residual value of an asset is written off over its estimated useful life. Residual values are reviewed at each balance sheet date and adjusted if the impact on depreciation is significant.

Useful lives are determined by the management based on expected usage of assets, expected physical wear and tear, technical and commercial obsolescence, legal and similar limits on the use of the assets and other similar factors.

Depreciation on additions is charged from the month in which the asset is put to use while depreciation on assets disposed of is charged up to the month preceding the disposal at the rates stated in note 5 to these financial statements. No depreciation is charged if the asset's residual value exceeds its carrying amount.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses on disposal of property, plant and equipment are included in income currently.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalised.

For the year ended 30 June, 2011

Capital work in progress is stated at cost less impairment in value, if any. It consists of all expenditure and advances connected with specific assets incurred and made during installation and construction period. These are transferred to specific assets as and when assets are available for use.

### 3.3 Intangible assets

Expenditure incurred to acquire computer software are capitalised as intangible assets and stated at cost less accumulated amortisation and any identified impairment loss.

The company assesses at each balance sheet date whether there is any indication that intangible assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying amounts exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognised in income statement. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

#### 3.4 Investments

The management determines the classification of its investments in accordance with the requirements of IAS-39 'Financial Instruments: Recognition and Measurement', at the time of purchase depending on the purpose for which the investments are acquired and re-evaluates this classification at each financial year end. Investments are either classified as financial assets at fair value through profit or loss, held-to-maturity investments, available-forsale investments or investment in subsidiary and associated companies, as appropriate. When investments are recognised initially, they are measured at fair value, plus, in case of investments not at fair value through profit or loss, directly attributable transaction cost.

Investment in subsidiaries and associate are stated at cost less any accumulated impairment losses in separate financial statements, determined on the basis of excess of carrying amount over their recoverable amount. The profit and loss account reflects income from the investments only to the extent that the company receives distributions from accumulated net profit of such companies.

### 3.5 Business Combinations

The purchase method of accounting is used to account for the acquisition of businesses by the company. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed, if any, at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities, if any, assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the cost of acquisition over the fair value of the identifiable net assets acquired is recognised as goodwill.

### 3.6 Long term deposits

Long term deposits are stated at cost.

#### 3.7 Stores

Stores are valued at actual cost and are charged to income over a period of four years commencing from the year of purchase. General stores, spares and loose tools are charged to profit and loss currently. Items in transit are valued at cost comprising invoice value and other charges incurred thereon.

Provision, if any, for obsolete items is based on management's judgments.

### 3.8 Stocks in trade

Stocks of raw materials are valued at moving average cost. Finished goods are valued at the lower of moving average cost and Net Realisable Value (NRV). Semi-processed goods are valued at moving average cost. Average cost in relation to semi-processed and finished goods comprises direct material and appropriate portion of production overheads.

Stock in transit is stated at invoice value plus other charges paid thereon up to the balance sheet date. NRV signifies the estimated selling price in the ordinary course of business less estimated costs of completion and the costs necessary to be incurred to make the sale.

### 3.9 Trade debts and other receivables

Trade debts and other receivables are stated at original invoice amount less an allowance for uncollectible amounts. Provision for doubtful receivables is based on review of outstanding amounts at year end and management's assessment of customers' credit worthiness. Balances considered bad and irrecoverable are written off as and when identified.

### 3.10 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand, current and deposit account balances with banks and outstanding balance of running finance facilities availed by the company.

### 3.11 Borrowings cost

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs are capitalized as part of the cost of that asset up to the date of its commissioning.

### 3.12 Trade and other payables

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the company.

### 3.13 Provisions

Provisions are recognised when, the company has a present obligation (legal or constructive) as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and reliable estimates of the obligations can be made. Provisions are reviewed periodically and adjusted to reflect the current best estimates.

### 3.14 Contingent assets

Contingent assets are disclosed when there is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. Contingent assets are not recognised until their realisation become virtually certain.

### 3.15 Contingent liabilities

A contingent liability is disclosed when:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company; or
- there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

### 3.16 Staff retirement benefits

### 3.16.1 Defined benefit schemes

The company operates the following defined benefit schemes:

a) An approved and funded pension scheme for all executives; and

For the year ended 30 June, 2011

b) An approved and funded gratuity scheme for all its permanent employees. Contribution is made to this scheme on the basis of actuarial valuation.

Actuarial valuation are carried out using the Project Unit Credit Method and actuarial gains and losses are recognised as income or expense in the same accounting period.

### 3.16.2 Defined contribution plan

### Provident fund

The company also operates a recognised provident fund scheme for its employees. Equal monthly contributions are made, both by the company and the employees, to the fund at the rate of 10 percent of basic salary for executive and non-executive staff. During the year Rs 6.792 million (2010: 5.451 million) were charged to expense.

### **Employee compensated absences**

The company also provides for compensated absences for all eligible employees in accordance with the rules of the company. The company accounts for these benefits in the period in which the absences are earned.

### 3.17 Taxation

### Current

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and tax rebates available, if any, and under the final tax regime.

### Deferred

Deferred tax is recognised for using the balance sheet liability method, on all major temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences and carry-forward of unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and / or carry-forward of unused tax losses can be utilised.

The carrying amount of all deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

### 3.18 Foreign currency transactions and translation

Foreign currency transactions are translated into Pak Rupees which is the company's functional and presentation currency using the exchange rates approximating those prevailing at the date of the transaction. Monetary assets and liabilities in foreign currencies are translated into Pak Rupees using the exchange rate at the balance sheet date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at the year end exchange rates of monetary assets and liabilities denominated in foreign currencies are taken to income currently. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

### 3.19 Revenue recognition

- Revenue represents the fair value of the consideration received or receivable for goods sold, net of discounts and sales tax. Revenue is recognized when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of revenue, and the associated cost incurred, or to be incurred, can be measured reliably.

Revenue from sale of goods is recognised when the significant risk and rewards of owner ship of the goods are transferred to the buyer i.e. on the dispatch of goods to the customers.

- Interest / mark-up is accrued on a time proportion basis by reference to the principal outstanding and the applicable rate of return.
- Dividend income is recognised when the company's right to receive payment is established.
- Other revenues are recorded on accrual basis.

### 3.20 Financial Instruments

All financial assets and liabilities are recognised at the time when the company becomes a party to the contractual provisions of the instrument. Financial assets are derecognised at the time when the company loses control of the contractual rights that comprise the financial assets. All financial liabilities are derecognised at the time when they are extinguished that is, when the obligation specified in the contract is discharged, cancelled, or expired. Any gains or losses on derecognition of financial assets and financial liabilities are taken to income currently.

### 3.21 Off setting of financial assets and liabilities

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet if the company has a legally enforceable right to offset the recognised amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

### 3.22 Surplus on revaluation of fixed assets

Surplus on revaluation is credited to the surplus on revaluation of fixed assets account except to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss, if any, in which case surplus is recognised in profit or loss account. A revaluation deficit is recognised in profit or loss, except for a deficit directly offsetting a previous surplus on the same asset, in which case the deficit is taken to surplus on revaluation of fixed assets account. The surplus on revaluation of fixed assets to the extent of the annual incremental depreciation based on the revalued carrying amount of the assets and the depreciation based on the assets' original cost is transferred annually to retained earnings net of related tax. The company recognises deferred tax liability on surplus on revaluation of fixed assets which is adjusted against the related surplus. Additionally, accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the assets and the net amount is restated to the revalued amount of the assets.

Upon disposal, any revaluation reserve relating to the particular assets being sold is transferred to retained earnings.

### 3.23 Dividends and appropriations to general reserve

Dividends and appropriations to general reserves are recognised in the financial statements in the period in which these are approved.

### 3.24 Impairment

The company assesses at each balance sheet date whether there is any indication that the assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to determine whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is charged to income currently except for impairment loss on revalued assets, which is recognised directly against any revaluation surplus for the asset to the extent that the impairment loss does not exceed the amount held in the revaluation surplus for the same asset.

For the year ended 30 June, 2011

### 3.25 Standards, interpretations and amendments to published approved International Financial Reporting Standards that are not yet effective

The following standards, interpretations and amendments of approved accounting standards are effective for accounting periods beginning on or after 1 January 2011.

- Improvements to IFRSs 2010 IFRS 7 Financial Instruments: Disclosures (effective for annual periods beginning on or after 1 January 2011). The amendments add an explicit statement that qualitative disclosure should be made in the contact of the quantitative disclosures to better enable users to evaluate an entity's exposure to risks arising from financial instruments. In addition, the IASB amended and removed existing disclosure requirements.
- IAS 24 Related Party Disclosures (revised 2009) (effective for annual periods beginning on or after 1 January 2011.) The revised IAS 24 amends the definition of a related party and modifies certain related party disclosure requirements for government-related entities.
- Prepayments of a Minimum Funding Requirement (Amendments to IFRIC 14) (effective for annual periods beginning on or after 1 January 2011). These amendments remove unintended consequences arising from the treatment of prepayments where there is a minimum funding requirement. These amendments result in prepayments of contributions in certain circumstances being recognised as an asset rather than an expense.
- Improvements to IFRSs 2010 IAS 1 Presentation of Financial Statements (effective for annual periods beginning on or after 1 January 2011). The amendments clarify that disaggregation of changes in each component of equity arising from transactions recognised in other comprehensive income also is required to be presented, but may be presented either in the statement of changes in equity or in the notes.
- Improvements to IFRSs 2010 IFRIC 13 Customer Loyalty Programmes (effective for annual periods beginning
  on or after 1 January 2011). The amendments clarify that the fair value of award credits takes into account the
  amount of discounts or incentives that otherwise would be offered to customers that have not earned the
  award credits.

Apart from above certain other standards, amendments to published standards and interpretations of accounting standards became effective for accounting periods beginning on or after 1 January 2011, however, they do not affect the Company's financial statements.

### 4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are as follows:

|   |  | Note |
|---|--|------|
| - | Residual values and useful lives of depreciable assets               | 5    |
| - | Provision for deferred taxation                                      | 11   |
| - | Net realizable value of stock in trade to their net realisable value | 13   |
| - | Provision for doubtful debts   | 14   |
| - | Staff retirement benefits  | 37   |

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances.

5.2 During the year ended 30 June 1988, Iqbal A. Nanjee and Co. Valuation Consultants, carried out revaluations of leasehold land, building on leasehold land and plant and machinery as of 31 March 1988, which resulted in an aggregate surplus on revaluation of Rs 45.642 million thereon over cost. A similar exercise was subsequently carried out during the year ended 30 June 2004 by the same valuation consultants to revalue freehold and leasehold land, buildings on freehold land and leasehold land and plant and machinery as of 01 July 2003, which resulted in yet another surplus on revaluation of Rs 182.369 million thereon over their net book value. Revaluation carried out on 30 June 2009 resulted in a surplus of Rs 374.806 million on freehold land and leasehold land and edicit of Rs 25.188 million on buildings on freehold and leasehold land.

During the year ended 30 June 2010, the company revalued all its freehold and leasehold land, buildings on freehold land and plant and machinery. This revaluation resulted in a surplus of Rs 74.635 million on freehold land, buildings on freehold land and plant and machinery and a deficit of Rs 109.574 million on leasehold land, buildings on leasehold land over their respective net book values. The company's leasehold land and building in Karachi were revalued by Anjum Asim Associates and Co., Valuation Consultants while land and buildings at Lahore plant, Kot Lakhpat warehouse and Islamabad warehouse were revalued by Harvester Enterprises and Co., Valuation Consultants. Plant and machinery were revalued by Iqbal A. Nanjee and Co. Valuation Consultants.

**5.3** Had these revaluations not been carried out, the net book value of freehold land and leasehold land, buildings on free hold and leasehold land and plant and machinery would have been as follows:

9.1 These represent interest free loans provided to the employees of the company in accordance with the terms of their employment, under a scheme for the purchase of motor vehicles. These loans are secured by way of retention of title documents of the respective assets in the name of the company. The outstanding amount at the end of the year is recoverable over a period of five to eight years. These loans have not been discounted to their present value as the financial impact thereof is not material.

For the year ended 30 June, 2011

This represents infrastructure cess imposed under the provisions of the Sindh Finance (second amendment) Ordinance, 2001 to meet the cost of additional burden placed on the province's infrastructure by heavy import and export consignments. The company's purchases include heavy imports, which fall under the said provisions, consequently a duty at the rate of 0.85 percent (2010: 0.8 to 0.85 percent) on the cost and freight value of imports is levied. The company, in alliance with other companies, filed an appeal before the High Court of Sindh challenging the competence of provincial government to impose such cess under the constitution. The Court thereafter, issued an interim order on 31 May 2011 and directed the plaintiffs to discharge and return any bank gurantees/ security furnished for consignments cleared upto 27 December 2006 and 50 % of the gurantee amount after 27 December 2006 and the balance amount shall be kept alive till the disposal of penalties. Pending a final decision, no adjustment has been made in respect of this amount.

#### 26.1 Short term financing - secured

The facilities for short-term financing have been arranged from commercial banks amounting to Rs 57.5 million and Rs 20 million. These facilities are secured against joint registered charge over stocks and receivables. The above facilities carry mark-up ranging between 14.8% and 16.12% (2010: 13.48% and 16.40%) per annum, payable quarterly. These facilities are due to expire by June 2012.

### 26.2 Short term running finances - secured

The company has arranged facilities for short-term running finance from various banks on mark-up basis to the extent of Rs 940 million (2010: Rs 950 million). These arrangements are secured against first joint hypothecation charge over the company's stocks and receivables . The above facilities carry mark-up ranging between 15.62 % and 16.28 % (2010: 13.50 % and 16.11 %) per annum, payable quarterly.

### 26.3 Unavailed credit facilities

The facilities for opening of letters of credits and guarantees as at 30 June 2011 amounted to Rs. 985.00 million (2010: Rs 985 million) of which the remaining unutilised amount as of that date was Rs. 240.89 million (2010: Rs. 606.731 million).

### 27 Contingencies and commitments

### 27.1 Contingencies

- In previous years the company filed a suit against an ex-distributor (the distributor) in the High Court of Sindh (the court) for recovery of Rs 8.882 million and damages amounting to Rs 5 million on account of unpaid credit invoices for the products supplied by it to the distributor. However, the distributor in return also filed a counter claim of Rs 78.153 million against the company in the court on account of damages and compensation. As the management of the company, based on the advice of its legal counsel handling the case, is confident that the outcome of this suit will be decided in the favour of the company, therefore no provision has been made in this respect in these financial statements.
- In previous years a case was filed by an insurance company in the court of First Senior Civil Judge, Karachi (the court) against the company for recovery of Rs 1.369 million on account of outstanding premium of the fire policy. The company also filed a counter claim of Rs 3 million along with mark-up at the rate of 18 percent per annum on account of insurance claim lodged by the company with that insurance company for the damage sustained due to fire incident at varnish factory in May 1997. As the management of the company, based on the advice of its legal counsel handling the case, is confident that the outcome of this suit will be decided in the favour of the company, therefore no provision has been made in this respect in these financial statements.
- The company was issued a show cause notice from Competition Commission of Pakistan (CCP) seeking explanation about non-disclosure to the customers about cash redemption coupons included inside the paint drums. The company has made representation to the CCP explaining its legal position on the matter and the Company's legal counsel is of the view that the matter will be settled in favour of the Company. However, subsequent to the year end, as a good corporate citizen the Company has started the practice to affix the sticker outside the paint drums informing the customer about the coupons included inside the paint drums.

### 27.2 Commitments

- Commitments in respect of capital expenditure contracted for, as at 30 June 2011, amounted to Rs Nil (2010: Rs Nil).
- Outstanding letters of credit as at 30 June 2011 amounted to Rs 234.093 million (2010: Rs 378.268 million).
- Outstanding letters of guarantees as at 30 June 2011 amounted to Rs 58.193 million (2010: Rs 43.265 million).

### Defined benefit plan

As mentioned in note 3.16, the company operates an approved funded gratuity and pension schemes for all its permanent employees. Actuarial valuation of the scheme is carried out every year and the latest actuarial valuation was carried out at 30 June 2011. Projected Unit Credit method based on the following assumptions was used for these valuations:

| (Rupees in '000)                          |     | 2010 |
|---|-----|------|
| Valuation discount rate                   | 14% | 12%  |
| Expected rate of increase in salary level | 13% | 11%  |
| Rate of return on plan assets             | 14% | 12%  |

**37.1** The disclosures made in notes 37.2 to 37.6 and 37.8 to 37.11 are based on the information included in the actuarial valuation as of 30 June 2011.

40.1 Seven (2010: Seven) non-executive directors were paid fee aggregating Rs 2.15 million (2010: Rs 1.90 million).

**40.2** The chief executive and certain other executives of the company are provided with free use of company cars while the chief executive is provided boarding and lodging in the company's guest house.

### 41 Transactions with related parties

The related parties of the company comprise subsidiaries, associated undertakings, employees' gratuity fund, employees' pension fund, directors and key management personnel. The company in the normal course of business carries out transactions with various related parties. Amounts due from and to related parties, remuneration of executives and the chief executive are disclosed in the relevant notes.

There have been no guarantees provided or received for any related party receivables or payables. For the year ended 30 June 2011, the company has not made any provision for debts relating to amounts owed by related parties. Other material transactions with related parties are given below:

| Relation with undertaking N                                  | ature of transaction                     | 2011        | 2010   |

The related party status of outstanding balances as at 30 June 2011 are included in trade debts (note 14.1), other receivables (note 17.2) and trade and other payables (note 24.1) respectively.

### 42 Financial risk management

### 42.1 Financial risk factors

The company's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance.

Risk management is carried out by the Board of Directors on specific areas such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity. All treasury related transactions are carried out within such parameters.

### (a) Market risk

### (i) Foreign exchange risk

Foreign exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The company is exposed to currency risk arising from various currency exposures, primarily with respect to the Euro, Swiss Franc (SFR), United Kingdom Sterling (UKP), United States Dollar (USD) and Japanese Yen (JPY). Currently, the company's foreign exchange risk exposure is restricted to the amounts receivable / payable from / to foreign entities. The company's exposure to foreign exchange risk is as follows:

For the year ended 30 June, 2011

| (Rupees in '000)                           | 2011         | 2010         |
|--|--------------|--------------|
| Trade and other payables - Euro            | -            | (8)          |
| Net exposure - Euro                        | _            | (8)          |
| Trade and other payables - SFR             | -            | (32)         |
| Net exposure - SFR                         | -            | (32)         |
| Trade and other payables - UKP             | (6)          | -            |
| Net exposure - UKP                         | (6)          | -            |
| Trade and other payables - USD<br>Deposits | (4,350)<br>_ | (2,173)<br>1 |
| Net exposure - USD                         | (4,350)      | (2,172)      |
| Trade and other payables - JPY             | (72,320)     | (57,783)     |
| Net exposure - JPY                         | (72,320)     | (57,783)     |

The following significant exchange rates were applied during the year:

| (Rupees in '000)    | 2011   | 2010   |
|---------------------|--------|--------|
| Rupees per Euro     |        |        |
| Average rate        | 116.01 | 116.32 |
| Reporting date rate | 124.89 | 104.58 |
| Rupees per SFR      |        |        |
| Average rate        | 92.10  | 79.20  |
| Reporting date rate | 103.59 | 79.10  |
| Rupees per UKP      |        |        |
| Average rate        | 134.25 | 132.60 |
| Reporting date rate | 138.62 | 128.96 |
| Rupees per USD      |        |        |
| Average rate        | 85.83  | 84.17  |
| Reporting date rate | 86.05  | 85.60  |
| Rupees per JPY      |        |        |
| Average rate        | 1.02   | 0.92   |
| Reporting date rate | 1.07   | 0.97   |
|                     |        |        |

If the functional currency, at reporting date, had fluctuated by 5% against the Euro, SFR, UKP, USD and JPY with all other variables held constant, the impact on loss after taxation for the year would have been Rs 22.627 million (2010: Rs 12.27 million) higher / lower, mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Foreign exchange risk sensitivity to foreign exchange movements has been calculated on a symmetric basis.

### (ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The company is not exposed to commodity price risk since it has a diverse portfolio of commodity suppliers. The company is not exposed to equity price risk since the investment held by the company in subsidiaries are unquoted and are not subject to fluctuations in market prices. Moreover the equity instrument held by the company does not trade on a regular basis on the stock exchange and historically, it does not have a direct correlation with the equity index of the Karachi Stock Exchange (KSE). Therefore, it is not possible to measure the impact of increase / decrease in the KSE Index on the company's loss after taxation for the year.

### (iii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's interest rate risk arises from long term borrowings, short term borrowings and short term running finances. Borrowings obtained at variable rates expose the company to cash flow interest rate risk. At the balance sheet date, the interest rate profile of the company's interest bearing financial instruments was:

| (Rupees in '000)  |                              | 2010                         |
|---|------------------------------|------------------------------|
| Financial assets  |                              |                              |
| Fixed rate instruments  |                              |                              |
| Bank balances - deposit accounts  | 55,171                       | 43,976                       |
| Total exposure  | 55,171                       | 43,976                       |
| Financial liabilities   |                              |                              |
| Floating rate instruments   |                              |                              |
| Long-term financing<br>Short-term financing<br>Short-term running finance | 325,000<br>77,500<br>897,479 | 50,000<br>330,000<br>923,553 |
|   | 1,299,979                    | 1,303,553                    |

### Fair value sensitivity analysis for fixed rate instruments

The company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the balance sheet date would not affect profit or loss of the company.

### Cash flow sensitivity analysis for variable rate instruments

If interest rates on long term financing, at the year end rate, fluctuate by 1% higher / lower with all the other variables held constant, loss after taxation for the year would have been Rs 3.25 million (2010: Rs 0.50 million) higher / lower, mainly as a result of higher / lower interest expense on floating rate borrowings.

### (b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk of the company arises from deposits with banks, trade debts, investments, loans and advances and other receivables.

For the year ended 30 June, 2011

### (i) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

| (Rupees in '000)       | 2011      | 2010      |
|------------------------|-----------|-----------|
| Long term investments  | 5,567     | 6,962     |
| Loans to employees     | 19,521    | 14,047    |
| Long term deposits     | 20,671    | 17,132    |
| Trade debts            | 722,335   | 665,728   |
| Trade deposits         | 8,933     | 17,111    |
| Other receivables      | 37,487    | 65,928    |
| Cash and bank balances | 257,449   | 282,170   |
|                        | 1,071,963 | 1,069,078 |

Credit risk of the company arises from cash and cash equivalents, deposits with banks and financial institutions and credit exposure to customers. The management assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual credit limits are set based on the credit control procedures implemented by the management.

The age of financial assets and related impairment loss at balance sheet date is as follows:

| Rupees in '000)   |           | 2010      |
|---|-----------|-----------|
| The age of financial assets   |           |           |
| Not past due<br>Past due but not Impaired:                                | 346,682   | 399,798   |
| Not more than three months  | 520,828   | 526,148   |
| More than three months and not more than six months                       | 61,794    | 52,863    |
| More than six months and not more than one year<br>Past due and Impaired: | 60,295    | 20,366    |
| More than one year  | 82,364    | 69,903    |
|   | 1,071,963 | 1,069,078 |

### (ii) Credit quality of major financial assets

The credit quality of major financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

|                                 | Rating Rating |           | Rating            |         |         |
|---------------------------------|---------------|-----------|-------------------|---------|---------|
| Banks                           | Short term    | Long term | Agency            | 2011    | 2010    |
| (Rupees in '000)                |               |           |                   |         |         |
|                                 |               |           |                   |         |         |

### (c) Liquidity risk

Liquidity risk is the risk that the company will encounter difficulty in meeting obligations associated with financial liabilities.

The company manages liquidity risk by maintaining funding through an adequate amount of committed credit facilities. At 30 June 2011, the company had Rs 240.89 million available untilized borrowing limits from financial institutions and Rs 232.441 million cash and bank balances.

The following are the contractual maturities of financial liabilities as at 30 June 2011:

| (Rupees in '000)         | Carrying<br>amount | Less than one<br>year | One to five<br>years | More than five<br>years |
|--------------------------|--------------------|-----------------------|----------------------|-------------------------|
| Long term financing      | 325,000            | 105,000               | 220,000              | -                       |
| Trade and other payables | 1,188,083          | 1,188,083             | -                    | -                       |
| Accrued mark-up          | 48,460             | 48,460                | -                    | -                       |
| Short term borrowings    | 974,979            | 974,979               | -                    | -                       |

|  | 2,536,522 | 2,308,250                     |  |

### 42.4 Capital risk management

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide return for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. To maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders or issue new shares.

The Company monitors capital on the basis of the debt-to-equity ratio - calculated as a ratio of total debt to equity.

The gearing ratios as at 30 June 2011 and 2010 were as follows:

| (Rupees    | in '000)                      | 2011                 | 2010                 |
|------------|-------------------------------|----------------------|----------------------|
|            | Total debt                    | 1,299,979            | 1,303,553            |
|            | Total equity<br>Total capital | 402,590<br>1,702,569 | 459,457<br>1,763,010 |
|            | Gearing ratio                 | 76.35%               | 73.94%               |
| (Litres in | '000)                         | 2011                 | 2010                 |
| 43         | Production capacity           |                      |                      |
|            | Actual production             | 29,554               | 32,192               |

The capacity of the plant is indeterminable because it is a multi product plant involving varying processes of manufacturing. Actual production includes resin production of 6.961 million litres (2010: 7.790 million litres) which is used in the manufacture of the final product.

### 44 Corresponding figures

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison. However, no significant re-arrangements have been made.

### 45 Date of authorisation for issue

These financial statements were authorised for issue on 20 September, 2011 by the Board of Directors of the Company.

### 46 General

Figures have been rounded off to the nearest thousand of rupees unless otherwise stated.

### Auditors' Report to the Members

We have audited the annexed consolidated financial statements of Berger Paints Pakistan Limited (the holding company) and its subsidiary companies, Berger DPI (Private) Limited and Berdex Construction Chemicals (Private) Limited, comprising consolidated balance sheet as at 30 June 2011 and the related consolidated profit and loss account, consolidated statement of comprehensive income, consolidated cash flow statement and consolidated statement of changes in equity together with the notes forming part thereof, for the year then ended. We have also expressed separate opinion on the financial statements of Berger Paints Pakistan Limited. The financial statements of the subsidiary companies, Berger DPI (Private) Limited and Berdex Construction Chemicals (Private) Limited, were audited by another firm of chartered accountants, whose audit report has been furnished to us and our opinion in so far as it relates to the amounts included for such company, is based solely on the report of other auditor.

These consolidated financial statements are the responsibility of the holding company's management. Our responsibility is to express our opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements present fairly the consolidated financial position of Berger Paints Pakistan Limited and its subsidiary companies, Berger DPI (Private) Limited and Berdex Construction Chemicals (Private) Limited, as at 30 June 2011 and the consolidated results of its operations, its consolidated cash flows statement and consolidated statement of changes in equity for the year then ended in accordance with the approved accounting standards as applicable in Pakistan.

Without qualifying our audit report, we draw attention to note 8.1 to the consolidated financial statements which states that the group's share of loss of Rs. 1.995 million from Buxly Paints Limited, an associated company, is based on unaudited financial statements of the associated company.

The consolidated financial statements of the group for the year ended 30 June 2010 were audited by another firm of auditors; whose report dated 28 September 2010 expressed a qualified opinion on those financial statements in respect of the use of unaudited financial statements of the subsidiaries and associated company in preparation of consolidated financial statements.

For the year ended 30 June, 2011

#### 1 Legal status and nature of business

The group comprises of :

#### Holding company

- Berger Paints Pakistan Limited

#### Subsidiary companies

- Berdex Construction Chemicals (Private) Limited
- Berger DPI (Private) Limited
- Berger Road Safety (Private) Limited subsidiary of Berger DPI (Private) Limited

#### Associate company

- Buxly Paints Limited

Berger Paints Pakistan Limited (the holding company) was incorporated in Pakistan on March 25, 1950 as a private limited company under the provisions of the Companies Act, 1913 and was subsequently converted into a public limited company. The company is listed on the Karachi and Islamabad Stock Exchanges. The company and its subsidiary companies (the group) are principally engaged in manufacturing of paints, varnishes and other related items, selling paints, executing contracts for application of road marking paints and merchandising construction chemicals.The registered office of the group is situated at D-31, South Avenue, S.I.T.E., Karachi.

The group owns 51 percent of the share capital of Berger DPI (Private) Limited and 51.96 percent of the share capital of Berdex Construction Chemicals (Private) Limited. Berger DPI (Private) Limited acquired 99 percent share capital of the Berger Road Safety (Private) Limited during the year. The group is a subsidiary of Slotrapid Limited B.V.I.

#### 1.1 Basis of consolidation

These consolidated financial statements comprise the financial statements of the holding company and its subsidiary companies as at 30 June 2011.

#### (a) Subsidiaries

The financial statements of the subsidiary companies have been consolidated on a line-by-line basis and the carrying values of the investments held by the holding company have been eliminated against the shareholders' equity in the subsidiary companies.

The financial statements of the subsidiaries are prepared for the same reporting year as the holding company, using consistent accounting policies.

All intragroup balances, transactions, income and expenses and profits and losses resulting from intragroup transactions that are recognised in assets, are eliminated in full.

The subsidiaries are fully consolidated from the date of acquisition, being the date on which the group obtains control, and continue to be consolidated until the date that such control ceases.

The purchase method of accounting is used to account for the acquisition of subsidiaries by the group. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition over the fair value of the group's share of the identifiable net assets acquired is recorded as goodwill.

#### (b) Non-controlling interest

Non-controlling interest is that part of net results of operations and of net assets of the subsidiaries which are not owned by the holding company. Non-controlling interest is presented as a separate item in the consolidated financial statements. The group applies a policy of treating transactions with non-controlling interests as transactions with parties external to the group. Disposals to non-controlling interests result in gains and losses for the group and are recorded in the income statement.

For the year ended 30 June, 2011

#### (c) Associates

Associates are all entities over which the group has significant influence but not control. The group's share of its associate's post-acquisition profit or loss is recognised in the profit and loss account, and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

Unrealised gains on transactions between the group and its associates are eliminated to the extent of the group's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

#### 1.2 Significant matter

"Unaudited financial statements of Berdex Construction Chemicals (Private) Limited and Berger DPI (Private) Limited (subsidiary companies of Berger Paints Pakistan Limited) for the year ended 30 June 2010 were used to prepare the consolidated financial statements of the group as at 30 June 2010. Subsequent to the issue of these consolidated financial statements, the financial statements of Berdex Construction Chemicals (Private) Limited and Berger DPI (Private) Limited for the year ended 30 June 2010 were revised at the time of authorization for their issue on 26 October 2010 by their respective Boards of Directors.

Consequently, the comparative figures in the consolidated financial statements of the group for the year ended 30 June 2011 have been restated in accordance with International Accounting Standard 8 "Accounting Policies, Changes in Accounting Estimates and Errors". The effect of this restatement is as follows:

| (Rupees in '000)   |  |
|--|--|
| Increase in net sales<br>Increase in other operating income<br>Increase in profit from associate<br>Less:  | 705<br>2,163<br>9  |
| Increase in cost of sales<br>Increase in distribution cost<br>Decrease in administrative expenses<br>Increase in other charges<br>Increase in finance cost<br>Decrease in taxation<br>Increase in profit/(loss) after tax<br>Decrease in accumulated losses as at 01 July 2009 | (3,182)<br>(7,510)<br>5,730<br>(278)<br>(3)<br>(3,966)<br>(6,332)<br>3,212 |

| Increase in trade and other payables   | (2,313)  |
| Decrease in equity as at 30 June 2010  | (35)   |

#### 1.3 Acquisition of sub-subsidiary

On 13 June 2011, 99.998% shares of Berger Road Safety (Private) Limited were acquired by Berger DPI (Private) Limited.

#### a) Detail of net acquisition date assets acquired is as follows:

| (Rupees in '000)  |         |
|---|---------|
| Consideration transferred (in cash)                                 | 1,000   |
| Non-controlling interest  | -       |
| Fair value of net assets/(liabilities) acquired                     | (1,694) |
| Gain on bargain purchase  | (694)   |
| The assets and liabilities arising from acquisition are as follows: |         |
| Non-current assets  |         |
| Property, plant and equipment                                       | 572     |
| Current assets  |         |
| Stocks  | 2,670   |
| Trade receivables   | 31,148  |
| Advances, deposits and other receivables                            | 84      |
| Advance tax - net   | 3,263   |
| Cash and bank balances  | 3,557   |
|   |         |
| Current liabilities   |         |
| Trade and other payables  | 39,600  |
| Net assets/liabilities  | 1,694   |

The carrying value of assets and liabilities acquired are approximate to their fair value.

#### b) Impact of acquisition on the results of the group

The result of the group for the year include the results of Berger Road Safety (Private) Limited with effect from 13 June 2011.

#### c) Determination of fair value

Pre-acquisition carrying amounts were determined based on applicable IFRSs immediately before the acquisition. The values of assets, liabilities and contingent liabilities recognized on acquisition are their estimated fair values.

#### 2 Basis of preparation and statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the provisions of the Companies Ordinance, 1984. Wherever, the requirements of the Companies Ordinance, 1984 or directives issued under the Companies Ordinance, 1984 differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

#### 3 Summary of significant accounting policies

The significant accounting policies adopted in preparation of financial statements are set out below.

#### 3.1 Accounting convention

These financial statements have been prepared under the historical cost convention except for the measurement of certain items of property, plant and equipment as referred to in note 5.2 at revalued amounts and recognition of certain employee retirement benefits as referred to in note 3.16 at present value.

For the year ended 30 June, 2011

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

#### 3.2 Property, plant and equipment

Items of property, plant and equipment are stated at cost less accumulated depreciation, except for freehold and leasehold land, buildings thereon and plant and machinery, which are stated at revalued amounts less any subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is charged to income applying the straight line method whereby the cost less residual value of an asset is written off over its estimated useful life. Residual values are reviewed at each balance sheet date and adjusted if the impact on depreciation is significant.

Useful lives are determined by the management based on expected usage of assets, expected physical wear and tear, technical and commercial obsolescence, legal and similar limits on the use of the assets and other similar factors.

Depreciation on additions is charged from the month in which the asset is put to use while depreciation on assets disposed of is charged up to the month preceding the disposal at the rates stated in note 5 to these financial statements. No depreciation is charged if the asset's residual value exceeds its carrying amount.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses on disposal of property, plant and equipment are included in income currently.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized.

Capital work in progress is stated at cost less impairment in value, if any. It consists of all expenditure and advances connected with specific assets incurred and made during installation and construction period. These are transferred to specific assets as and when assets are available for use.

#### 3.3 Intangible assets

Expenditure incurred to acquire computer software are capitalized as intangible assets and stated at cost less accumulated amortization and any identified impairment loss.

The group assesses at each balance sheet date whether there is any indication that intangible assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying amounts exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in income statement. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

#### 3.4 Investments

The management determines the classification of its investments in accordance with the requirements of IAS-39 'Financial Instruments: Recognition and Measurement', at the time of purchase depending on the purpose for which the investments are acquired and re-evaluates this classification at each financial year end. Investments are either classified as financial assets at fair value through profit or loss, held-to-maturity investments, available-forsale investments or investment in subsidiary and associated companies, as appropriate. When investments are recognized initially, they are measured at fair value, plus, in case of investments not at fair value through profit or loss, directly attributable transaction cost. Investment in subsidiaries and associate are stated at cost less any accumulated impairment losses in separate financial statements, determined on the basis of excess of carrying amount over their recoverable amount. The profit and loss account reflects income from the investments only to the extent that the group receives distributions from accumulated net profit of such companies.

#### 3.5 Business Combinations

The purchase method of accounting is used to account for the acquisition of businesses by the group. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed, if any, at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities, if any, assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the cost of acquisition over the fair value of the identifiable net assets acquired is recognized as goodwill.

#### 3.6 Long term deposits

Long term deposits are stated at cost.

#### 3.7 Stores

Stores are valued at actual cost and are charged to income over a period of four years commencing from the year of purchase. General stores, spares and loose tools are charged to profit and loss currently. Items in transit are valued at cost comprising invoice value and other charges incurred thereon.

Provision, if any, for obsolete items is based on management's judgments.

#### 3.8 Stocks in trade

Stocks of raw materials are valued at moving average cost. Finished goods are valued at the lower of moving average cost and Net Realizable Value (NRV). Semi-processed goods are valued at moving average cost.

Average cost in relation to semi-processed and finished goods comprises direct material and appropriate portion of production overheads.

Stock in transit is stated at invoice value plus other charges paid thereon up to the balance sheet date.

NRV signifies the estimated selling price in the ordinary course of business less estimated costs of completion and the costs necessary to be incurred to make the sale.

#### 3.9 Trade debts and other receivables

Trade debts and other receivables are stated at original invoice amount less an allowance for uncollectible amounts. Provision for doubtful receivables is based on review of outstanding amounts at year end and management's assessment of customers' credit worthiness. Balances considered bad and irrecoverable are written off as and when identified.

#### 3.10 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents comprise cash in hand, current and deposit account balances with banks and outstanding balance of running finance facilities availed by the group.

#### 3.11 Borrowings cost

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs are capitalized as part of the cost of that asset up to the date of its commissioning.

For the year ended 30 June, 2011

#### 3.12 Trade and other payables

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the group.

#### 3.13 Provisions

Provisions are recognized when, the group has a present obligation (legal or constructive) as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and reliable estimates of the obligations can be made. Provisions are reviewed periodically and adjusted to reflect the current best estimates.

#### 3.14 Contingent assets

Contingent assets are disclosed when there is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group. Contingent assets are not recognized until their realization become virtually certain.

#### 3.15 Contingent liabilities

A contingent liability is disclosed when:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the
  occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the
  group; or
- there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

#### 3.16 Staff retirement benefits

#### 3.16.1 Defined benefit schemes

The group operates the following defined benefit schemes:

- a) An approved and funded pension scheme for all executives; and
- b) An approved and funded gratuity scheme for all its permanent employees. Contribution is made to this scheme on the basis of actuarial valuation.

Actuarial valuation are carried out using the Project Unit Credit Method and actuarial gains and losses are recognized as income or expense in the same accounting period.

#### 3.16.2 Defined contribution plan

#### **Provident fund**

The group also operates a recognized provident fund scheme for its employees. Equal monthly contributions are made, both by the group and the employees, to the fund at the rate of 10 percent of basic salary for executive and non-executive staff. During the year Rs 6.792 million (2010: 5.451 million) were charged to expense.

#### Employee compensated absences

The group also provides for compensated absences for all eligible employees in accordance with the rules of the group. The group accounts for these benefits in the period in which the absences are earned.

#### 3.17 Taxation

#### Current

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and tax rebates available, if any, and under the final tax regime.

#### Deferred

Deferred tax is recognized for using the balance sheet liability method, on all major temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences and carry-forward of unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and / or carry-forward of unused tax losses can be utilized.

The carrying amount of all deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

#### 3.18 Foreign currency transactions and translation

Foreign currency transactions are translated into Pak Rupees which is the group's functional and presentation currency using the exchange rates approximating those prevailing at the date of the transaction. Monetary assets and liabilities in foreign currencies are translated into Pak Rupees using the exchange rate at the balance sheet date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at the year end exchange rates of monetary assets and liabilities denominated in foreign currencies are taken to income currently. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

#### 3.19 Revenue recognition

 Revenue represents the fair value of the consideration received or receivable for goods sold, net of discounts and sales tax. Revenue is recognized when it is probable that the economic benefits associated with the transaction will flow to the group and the amount of revenue, and the associated cost incurred, or to be incurred, can be measured reliably.

Revenue from sale of goods is recognized when the significant risk and rewards of ownership of the goods are transferred to the buyer i.e. on the dispatch of goods to the customers.

- Interest / mark-up is accrued on a time proportion basis by reference to the principal outstanding and the applicable rate of return.
- Dividend income is recognized when the group's right to receive payment is established.
- Other revenues are recorded on accrual basis.

For the year ended 30 June, 2011

#### 3.20 Financial Instruments

All financial assets and liabilities are recognized at the time when the group becomes a party to the contractual provisions of the instrument. Financial assets are derecognized at the time when the group loses control of the contractual rights that comprise the financial assets. All financial liabilities are derecognized at the time when they are extinguished that is, when the obligation specified in the contract is discharged, cancelled, or expired. Any gains or losses on derecognition of financial assets and financial liabilities are taken to income currently.

#### 3.21 Off setting of financial assets and liabilities

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet if the group has a legally enforceable right to offset the recognised amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

#### 3.22 Surplus on revaluation of fixed assets

Surplus on revaluation is credited to the surplus on revaluation of fixed assets account except to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss, if any, in which case surplus is recognised in profit or loss account. A revaluation deficit is recognised in profit or loss, except for a deficit directly offsetting a previous surplus on the same asset, in which case the deficit is taken to surplus on revaluation of fixed assets account. The surplus on revaluation of fixed assets to the extent of the annual incremental depreciation based on the revalued carrying amount of the assets and the depreciation based on the assets' original cost is transferred annually to retained earnings net of related tax. The group recognises deferred tax liability on surplus on revaluation date is eliminated against the related surplus. Additionally, accumulated depreciation as at the revalued amount of the assets.

Upon disposal, any revaluation reserve relating to the particular assets being sold is transferred to retained earnings.

#### 3.23 Dividends and appropriations to general reserve

Dividends and appropriations to general reserves are recognised in the financial statements in the period in which these are approved.

#### 3.24 Impairment

The group assesses at each balance sheet date whether there is any indication that the assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to determine whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is charged to income currently except for impairment loss on revalued assets, which is recognised directly against any revaluation surplus for the asset to the extent that the impairment loss does not exceed the amount held in the revaluation surplus for the same asset.

### 3.25 Standards, interpretations and amendments to published approved International Financial Reporting Standards that are not yet effective

The following standards, interpretations and amendments of approved accounting standards are effective for accounting periods beginning on or after 1 January 2011.

 Improvements to IFRSs 2010 – IFRS 7 Financial Instruments: Disclosures (effective for annual periods beginning on or after 1 January 2011). The amendments add an explicit statement that qualitative disclosure should be made in the contact of the quantitative disclosures to better enable users to evaluate an entity's exposure to risks arising from financial instruments. In addition, the IASB amended and removed existing disclosure requirements.

- IAS 24 Related Party Disclosures (revised 2009) (effective for annual periods beginning on or after 1 January 2011) The revised IAS 24 amends the definition of a related party and modifies certain related party disclosure requirements for government-related entities.
- Prepayments of a Minimum Funding Requirement (Amendments to IFRIC 14) (effective for annual periods beginning on or after 1 January 2011). These amendments remove unintended consequences arising from the treatment of prepayments where there is a minimum funding requirement. These amendments result in prepayments of contributions in certain circumstances being recognised as an asset rather than an expense.
- Improvements to IFRSs 2010 IAS 1 Presentation of Financial Statements (effective for annual periods beginning on or after 1 January 2011). The amendments clarify that disaggregation of changes in each component of equity arising from transactions recognised in other comprehensive income also is required to be presented, but may be presented either in the statement of changes in equity or in the notes.
- Improvements to IFRSs 2010 IFRIC 13 Customer Loyalty Programmes (effective for annual periods beginning
  on or after 1 January 2011). The amendments clarify that the fair value of award credits takes into account the
  amount of discounts or incentives that otherwise would be offered to customers that have not earned the
  award credits.

Apart from above certain other standards, amendments to published standards and interpretations of accounting standards became effective for accounting periods beginning on or after 1 January 2011, however, they do not affect the group's financial statements.

#### 4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are as follows:

|   |  | Note |
|---|--|------|
| - | Residual values and useful lives of depreciable assets               | 5    |
| - | Provision for deferred taxation                                      | 11   |
| - | Net realizable value of stock in trade to their net realisable value | 13   |
| - | Provision for doubtful debts   | 14   |
| - | Staff retirement benefits  | 37   |
|   |  |      |

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances.

For the year ended 30 June, 2011

5.2 During the year ended 30 June 1988, Iqbal A. Nanjee and Co. Valuation Consultants, carried out revaluations of leasehold land, building on leasehold land and plant and machinery as of 31 March 1988, which resulted in an aggregate surplus on revaluation of Rs 45.642 million thereon over cost. A similar exercise was subsequently carried out during the year ended 30 June 2004 by the same valuation consultants to revalue freehold and leasehold land, buildings on freehold land and leasehold land and plant and machinery as of 01 July 2003, which resulted in yet another surplus on revaluation of Rs 182.369 million thereon over their net book value. Revaluation carried out on 30 June 2009 resulted in a surplus of Rs 374.806 million on freehold land and leasehold land and edicit of Rs 25.188 million on buildings on freehold and leasehold land.

During the year ended 30 June 2010, the group revalued all its freehold and leasehold land, buildings on freehold land and plant and machinery. This revaluation resulted in a surplus of Rs 74.635 million on freehold land, buildings on freehold land and plant and machinery and a deficit of Rs 109.574 million on leasehold land, buildings on leasehold land over their respective net book values. The group's leasehold land and building in Karachi were revalued by Anjum Asim Associates and Co., Valuation Consultants while land and buildings at Lahore plant, Kot Lakhpat warehouse and Islamabad warehouse were revalued by Harvester Enterprises and Co., Valuation Consultants. Plant and machinery were revalued by Iqbal A. Nanjee and Co. Valuation Consultants.

5.3 Had these revaluations not been carried out, the net book value of freehold land and leasehold land, buildings on free hold and leasehold hand and plant and machinery would have been as follows:

9.1 These represent interest free loans provided to the employees of the group in accordance with the terms of their employment, under a scheme for the purchase of motor vehicles. These loans are secured by way of retention of title documents of the respective assets in the name of the group. The outstanding amount at the end of the year is recoverable over a period of five to eight years. These loans have not been discounted to their present value as the financial impact thereof is not material.

|---------|---|-----------------|-----------------|
| 24.1    | The movement in provision for infrastructure cess<br>for the year is as follows:<br>Balance at 01 July<br>Provision during the year | 37,716<br>8,749 | 29,011<br>8,705 |
|         | Balance at 30 June  | 46,465          | 37,716          |

This represents infrastructure cess imposed under the provisions of the Sindh Finance (second amendment) Ordinance, 2001 to meet the cost of additional burden placed on the province's infrastructure by heavy import and export consignments. The group's purchases include heavy imports, which fall under the said provisions, consequently a duty at the rate of 0.85 percent (2010: 0.8 to 0.85 percent) on the cost and freight value of imports is levied. The group, in alliance with other companies, filed an appeal before the High Court of Sindh challenging the competence of provincial government to impose such cess under the constitution. The Court thereafter, issued an interim order on 31 May 2011 and directed the plaintiffs to discharge and return any bank gurantees/ security furnished for consignments cleared upto 27 December 2006 and 50 % of the gurantee amount after 27 December 2006 and the balance amount shall be kept alive till the disposal of penalties. Pending a final decision, no adjustment has been made in respect of this amount.

For the year ended 30 June, 2011

| (Rupees in '000) Note |                             | Note | 2011    | 2010      |
|-----------------------|-----------------------------|------|---------|-----------|
| 26                    | Short term borrowings       |      |         |           |
|                       | Short term financing        | 26.1 | 77,500  | 330,000   |
|                       | Short term running finances | 26.2 | 897,479 | 923,553   |
|                       |                             |      | 974,979 | 1,253,553 |

#### 26.1 Short term financing - secured

The facilities for short-term financing have been arranged from commercial banks amounting to Rs 57.5 million and Rs 20 million. These facilities are secured against joint registered charge over stocks and receivables. The above facilities carry mark-up ranging between 14.8% and 16.12% (2010: 13.48% and 16.40%) per annum, payable quarterly. These facilities are due to expire by June 2012.

#### 26.2 Short term running finances - secured

The group has arranged facilities for short-term running finance from various banks on mark-up basis to the extent of Rs 940 million (2010: Rs 950 million). These arrangements are secured against first joint hypothecation charge over the group's stocks and receivables . The above facilities carry mark-up ranging between 15.62 % and 16.28 % (2010: 13.50 % and 16.11 %) per annum, payable quarterly.

#### 26.3 Unavailed credit facilities

The facilities for opening of letters of credits and guarantees as at 30 June 2011 amounted to Rs. 985.00 million (2010: Rs 985 million) of which the remaining unutilised amount as of that date was Rs. 240.89 million (2010: Rs. 606.731 million).

#### 27 Contingencies and commitments

#### 27.1 Contingencies

- In previous years the group filed a suit against an ex-distributor (the distributor) in the High Court of Sindh (the court) for recovery of Rs 8.882 million and damages amounting to Rs 5 million on account of unpaid credit invoices for the products supplied by it to the distributor. However, the distributor in return also filed a counter claim of Rs 78.153 million against the group in the court on account of damages and compensation. As the management of the group, based on the advice of its legal counsel handling the case, is confident that the outcome of this suit will be decided in the favour of the group, therefore no provision has been made in this respect in these financial statements.
- In previous years a case was filed by an insurance company in the court of First Senior Civil Judge, Karachi (the court) against the group for recovery of Rs 1.369 million on account of outstanding premium of the fire policy. The group also filed a counter claim of Rs 3 million along with mark-up at the rate of 18 percent per annum on account of insurance claim lodged by the group with that insurance company for the damage sustained due to fire incident at varnish factory in May 1997. As the management of the group, based on the advice of its legal counsel handling the case, is confident that the outcome of this suit will be decided in the favour of the group, therefore no provision has been made in this respect in these financial statements.
- The group was issued a show cause notice from Competition Commission of Pakistan (CCP) seeking explanation about non-disclosure to the customers about cash redemption coupons included inside the paint drums. The group has made representation to the CCP explaining its legal position on the matter and the group's legal counsel is of the view that the matter will be settled in favour of the group. However, subsequent to the year end, as a good corporate citizen the group has started the practice to affix the sticker outside the paint drums informing the customer about the coupons included inside the paint drums.

#### 27.2 Commitments

- Commitments in respect of capital expenditure contracted for, as at 30 June 2011, amounted to Rs Nil (2010: Rs Nil).
- Outstanding letters of credit as at 30 June 2010 amounted to Rs 234.093 million (2010: Rs 378.268 million).
- Outstanding letters of guarantees as at 30 June 2011 amounted to Rs 59.936 million (2010: Rs 45.156 million).

Since the group has tax losses for the year, the current tax provision represents the tax under section 113A of the Income Tax Ordinance, 2001 and as such it is impracticable to prepare a tax charge reconciliation. As at 30 June 2011 the holding company has assessed tax losses available for carry forward amounting to Rs 402.942 million including tax depreciation losses of Rs 169.91 million.

For the year ended 30 June, 2011

#### Defined benefit plan

As mentioned in note 3.16, the group operates an approved funded gratuity and pension schemes for all its permanent employees. Actuarial valuation of the scheme is carried out every year and the latest actuarial valuation was carried out at 30 June 2011. Projected Unit Credit method based on the following assumptions was used for these valuations:

| (Rupees in '000)   | 2011       | 2010       |
|--|------------|------------|
| Valuation discount rate<br>Expected rate of increase in salary level | 14%<br>13% | 12%<br>11% |
| Rate of return on plan assets  | 14%        | 12%        |

**37.1** The disclosures made in notes 37.2 to 37.6 and 37.8 to 37.11 are based on the information included in the actuarial valuation as of 30 June 2011.

The related party status of outstanding balances as at 30 June 2011 are included in trade debts (note 14.1), other receivables (note 17.2) and trade and other payables (note 24.1) respectively.

#### 42 Financial risk management

#### 42.1 Financial risk factors

The group's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance.

Risk management is carried out by the Board of Directors on specific areas such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity. All treasury related transactions are carried out within such parameters.

#### (a) Market risk

#### (i) Foreign exchange risk

Foreign exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The group is exposed to currency risk arising from various currency exposures, primarily with respect to the Euro, Swiss Franc (SFR), United Kingdom Sterling (UKP), United States Dollar (USD) and Japanese Yen (JPY). Currently, the group's foreign exchange risk exposure is restricted to the amounts receivable / payable from / to foreign entities. The group's exposure to foreign exchange risk is as follows:

| (Rupees in '000)                           | 2011         | 2010         |

| Reporting date rate | 1.07   | 0.97   |
|                     | 1.07   | 0.57   |

If the functional currency, at reporting date, had fluctuated by 5% against the Euro, SFR, UKP, USD and JPY with all other variables held constant, the impact on loss after taxation for the year would have been Rs 22.627 million (2010: Rs 12.27 million) higher / lower, mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Foreign exchange risk sensitivity to foreign exchange movements has been calculated on a symmetric basis.

For the year ended 30 June, 2011

#### (ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The group is not exposed to commodity price risk since it has a diverse portfolio of commodity suppliers. The group is not exposed to equity price risk since the investment held by the group in subsidiaries are unquoted and are not subject to fluctuations in market prices. Moreover the equity instrument held by the group does not trade on a regular basis on the stock exchange and historically, it does not have a direct correlation with the equity index of the Karachi Stock Exchange (KSE). Therefore, it is not possible to measure the impact of increase / decrease in the KSE Index on the group's loss after taxation for the year.

#### (iii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group's interest rate risk arises from long term borrowings, short term borrowings and short term running finances. Borrowings obtained at variable rates expose the group to cash flow interest rate risk.

At the balance sheet date, the interest rate profile of the group's interest bearing financial instruments was:

| (Rupees in '000)                 | 2011      | 2010      |
|----------------------------------|-----------|-----------|
|                                  |           | Restated  |
| Financial assets                 |           |           |
| Fixed rate instruments           |           |           |
| Bank balances - deposit accounts | 56,381    | 44,098    |
| Total exposure                   | 56,381    | 44,098    |
| Financial liabilities            |           |           |
| Floating rate instruments        |           |           |
| Long-term financing              | 325,000   | 50,000    |
| Short-term financing             | 77,500    | 330,000   |
| Short-term running finance       | 897,479   | 923,553   |
|                                  | 1,299,979 | 1,303,553 |

#### Fair value sensitivity analysis for fixed rate instruments

The group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the balance sheet date would not affect profit or loss of the group.

#### Cash flow sensitivity analysis for variable rate instruments

If interest rates on long term financing, at the year end rate, fluctuate by 1% higher / lower with all the other variables held constant, loss after taxation for the year would have been Rs 3.25 million (2010: Rs 0.50 million) higher / lower, mainly as a result of higher / lower interest expense on floating rate borrowings.

#### (b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk of the company arises from deposits with banks, trade debts, investments, loans and advances and other receivables.

#### (i) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

|                        | 2011      | 2010      |
|------------------------|-----------|-----------|
| (Rupees in '000)       |           | Restated  |
| Long term investments  | 1,516     | 3,510     |
| Loans to employees     | 19,908    | 14,819    |
| Long term deposits     | 22,436    | 18,397    |
| Trade debts            | 747,872   | 700,845   |
| Trade deposits         | 9,583     | 17,486    |
| Other receivables      | 35,134    | 70,184    |
| Cash and bank balances | 265,672   | 289,244   |
|                        | 1,102,121 | 1,114,485 |

Credit risk of the group arises from cash and cash equivalents, deposits with banks and financial institutions and credit exposure to customers. The management assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual credit limits are set based on the credit control procedures implemented by the management.

The age of financial assets and related impairment loss at balance sheet date is as follows:

|   | 2011              | 2010              |
|---|-------------------|-------------------|
| (Rupees in '000)  |                   | Restated          |
| The age of financial assets   |                   |                   |
| Not past due<br>Past due but not Impaired:  | 361,258           | 421,276           |
| Not more than three months<br>More than three months and not more than six months | 474,501<br>62,468 | 498,634<br>53,279 |
| More than six months and not more than one year<br>Past due and Impaired:         | 77,256            | 35,713            |
| More than one year  | 126,638           | 105,583           |
|   | 1,102,121         | 1,114,485         |

#### (ii) Credit quality of major financial assets

The credit quality of major financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate:

| Banks                           | Short term | Rating<br>Long term | Rating<br>Agency  | 2011    | 2010     |
|---------------------------------|------------|---------------------|-------------------|---------|----------|
| (Rupees in '000))               |            |                     |                   |         | Restated |
| NIB Bank Limited                | A1+        | AA-                 | PACRA             | -       | 89       |

For the year ended 30 June, 2011

#### (c) Liquidity risk

Liquidity risk is the risk that the group will encounter difficulty in meeting obligations associated with financial liabilities.

The group manages liquidity risk by maintaining funding through an adequate amount of committed credit facilities. At 30 June 2011, the group had Rs 240.89 million available untilized borrowing limits from financial institutions and Rs 232.441 million cash and bank balances.

The following are the contractual maturities of financial liabilities as at 30 June 2011:

| (Rupees in '000)         | Carrying<br>amount | Less than one<br>year | One to five<br>years | More than five<br>years |
|--------------------------|--------------------|-----------------------|----------------------|-------------------------|
| Long term financing      | 325,000            | 105,000               | 220,000              | -                       |
| Trade and other payables | 1,198,420          | 1,198,420             | -                    | -                       |
| Accrued mark-up          | 48,460             | 48,460                | -                    | -                       |
| Short term borrowings    | 974,979            | 974,979               | -                    | -                       |
|                          | 2,546,859          | 2,326,859             | 220,000              | -                       |

The following are the contractual maturities of financial liabilities as at 30 June 2010: (Restated)

| (Rupees in '000)         | Carrying<br>amount | Less than one<br>year | One to five<br>years | More than five<br>years |

#### 42.2 Fair values of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

|         |                                       | Loar<br>2011 | ns and receivables<br>2010 |
|---------|---------------------------------------|--------------|----------------------------|
| (Rupees | in '000)                              |              | (Restated)                 |
| 42.3    | Financial instruments by category     |              |                            |
|         | Financial assets as per balance sheet |              |                            |
|         | Loans to employees                    | 19,908       | 14,819                     |
|         | Long term deposits                    | 22,436       | 18,397                     |
|         | Trade debts                           | 747,872      | 700,845                    |
|         | Trade deposits                        | 9,583        | 17,486                     |
|         | Other receivables                     | 35,134       | 70,184                     |
|         | Cash and bank balances                | 265,672      | 289,244                    |
|         |                                       | 1,100,605    | 1,110,975                  |

| Financial liabilities as per balance sheet |  |            |
| Long term financing                        | 325,000                                  | 50,000     |
| Trade and other payables                   | 1,198,420                                | 971,895    |
| Accrued mark-up                            | 48,460                                   | 44,420     |
| Short term borrowings                      | 974,979                                  | 1,253,553  |
|  | 2,546,859                                | 2,319,868  |

#### 42.4 Capital risk management

The Group's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide return for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. To maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders or issue new shares.

The Group monitors capital on the basis of the debt-to-equity ratio - calculated as a ratio of total debt to equity.

The gearing ratios as at 30 June 2011 and 2010 were as follows:

|           |  | 2011                 | 2010                 |
|-----------|--|----------------------|----------------------|
| (Rupees   | s in '000)                               |                      | (Restated)           |
|           | Total debt                               | 1,299,979            | 1,303,553            |
|           | Total equity<br>Total capital            | 413,556<br>1,713,535 | 472,035<br>1,775,588 |
|           | Gearing ratio                            | 75.87%               | 73.42%               |
| (Litres i | n '000)                                  | 2011                 | 2010                 |
| 43        | Production capacity<br>Actual production | 29,554               | 32,192               |
|           | Actual production                        | 40,004               | 52,152               |

The capacity of the plant is indeterminable because it is a multi product plant involving varying processes of manufacturing. Actual production includes resin production of 6.961 million litres (2010: 7.790 million litres) which is used in the manufacture of the final product.

#### 44 Corresponding figures

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison. However, no significant re-arrangements have been made.

#### 45 Date of authorisation for issue

These financial statements were authorised for issue on 20 September, 2011 by the Board of Directors of the group.

#### 46 General

Figures have been rounded off to the nearest thousand of rupees unless otherwise stated.
