Our Business

We continue to uphold our commitment to innovation, quality, reliability and customer support. In the past year, we have worked towards maximising on our efficiencies that will, in turn, serve our customers better.

Our range of pipe systems caters to a broad market segment. These include water supply and distribution, sewer, cable ducting, gas distribution, mining and dredging, internal plumbing in addition to multiple industrial applications. We are the exclusive licensees of Wavin Overseas b.v. of the Netherlands in Pakistan. Wavin, today, stands as the unrivalled European thermoplastic pipes manufacturer in the world.

We continue to aspire towards innovative products and services. We have entered in to a technical collaboration with Netafim Irrigation Pvt. Ltd, which has a presence in 112 countries and is world's leader in irrigation solutions including green houses. As exclusive licensees of Netafim, we offer a range of contemporary solutions for agro-based problems that result in increasing crop yield.

We have included Aluminum Composite Panel (ACP) in our building products portfolio. This is just a glimpse of our commitment to provide our customers with modern solutions that are backed with strong customer support.

People Make It Happen

We rely on every member of the team – field staff, installers, licensors, workers, external customers. It is only when all of us work collectively that we can truly build together!

In October 2005, Dadex was certified as an 'Investor in People' (IIP) company. IIP is an international best HR practices' standard currently operating in 26 countries.

Talent takes a company to the top. Our people are driven to succeed, enthusiastic about how they can contribute to the organization and open to new ideas.

We welcome diversity of knowledge as it helps us offer optimum service to our customers in different market segments. That is why Dadexians are known for their problem solving and empathetic attitude in the industry that has won us loyal customers across the country!

Health, Safety & Environment (HSE)

The Company places tremendous importance towards health of its employees, safety and environment as a whole. The salient features of HSE are:

- Maintaining facilities in a manner that protect the environment
- Training employees and installers to recognize and reduce environmentally harmful practices.
- Waste Recycling, Dust Control and Monitoring Systems operational at all our production facilities.

Environmental Policy

- Strictly comply with local and international environmental laws and regulations.
- Minimize the environmental impacts of our operations and products by continuous innovation.
- Safety and health protection of workers throughout the business operations and the end users.
- Minimize waste and recycle unavoidable rejects.
- Training needs for safety of people and the environment should be identified and imparted at every level.

Achievement:

In acknowledgement of the track record of services in the field of environment, National Forum for Environment and Health honoured Dadex with the 3rd Environment Award (AEEA - 2006) for the third consecutive year.

Corporate Social Responsibility

We successfully completed another financial year contributing towards the community by creating awareness on environmental issues, particularly water conservation, through various activities.

WaterWise Art Contest Goes to Lahore

Dadex conducted the WaterWise Art Contest in Lahore during February and March 2006. World Wide Fund for Nature (WWF-P) was our activity partner. There teams conveyed our message on water conservation among children by visiting over 50 schools in Lahore.

Dadex Sponsors SPELLATHON Contest in Lahore

Dadex sponsored WWF-P's initiative titled SPELLATHON for school children in Lahore. 25,000 school children benefited from the activity as they enthusiastically participated in spelling contests that enhanced their learning abilities and competitive skills.

Realizing the Vision

Dadex also contributed to the President's Relief Fund for Earthquake Victims to help those affected by the devastating earthquake in October 2005 in Pakistan's Northern areas.

We remain committed to serving our people and our community for a better tomorrow.

D. STATEMENT UNDER SECTION 160 OF THE COMPANIES ORDINANCE, 1984

This statement is annexed to the Notice of the forty-seventh Annual General Meeting of Dadex Eternit Limited to be held on 30 October 2006 at which certain Special Business is to be transacted. The purpose of this Statement is to set forth the material facts concerning such Special Business.

The approval of the Members will be sought for the following Special Business mentioned in Section B.

The Company currently holds 50% shares in Berdex Construction Chemicals (Private) Limited ("Berdex"). The Board of Directors of Berdex has decided to increase the capital of the company by the issue of further 51,020 shares at their par value of Rs.10/= . The Company's entitlement in proportion of its existing shares held comes to 25,510 shares. The similar offer has also been made to the only other shareholder in Berdex, Berger Paints Limited ("Berger").

The break-up value per share of Berdex as stated in its latest audited financial statements for the year ended 30 June, 2006 is Rs.7.33 while earning per share of Berdex for the last three years is Rs.0.44 for 2003-2004, Rs.2.48 for 2004-2005 and Rs. (2.67) for Rs. 2005-2006.

In line with the Company's long-term strategic objectives and its business plan, the Board of Directors of the Company does not consider it desirable to accept the said offer and it is proposed that the offer be declined by not subscribing to the whole of 25,510 shares offered.

With the Company not taking up the shares on offer, its overall shareholding in Berdex will be reduced from the existing 50% to 49%, though the original number of 625,000 shares held by the Company in Berdex will remain unchanged.

No director is personally interested in this business.

The Directors of the Company are pleased to present the forty-seventh Annual Report along with the Audited Financial Statements for the year ended 30 June, 2006.

I. THE ECONOMY

During the year the country registered a GDP growth at 6.6%, as against the target of 7%, in spite of surging oil prices and devastating earthquake in the northern regions in October, 2005. Contribution of the Construction sector in GDP increased over last year and Telecommunication sector also showed a robust growth over last year.

However the sustained growth momentum has led to credit expansion and robust consumer spending leading to inflationary pressures. Therefore, the year under review witnessed tightening of monetary policies, declining foreign exchange reserves and increasing rates of borrowing.

II. THE BUSINESS

New Initiatives

Anticipating the intense competition in the piping business, during the year the Company started providing Agri solutions by focussing application of its products to "Agriculture and Irrigation" sector besides services related to Telecommunication sector referred in note 3.3 to the financial statements and introduction of Aluminium Cladding under its building products portfolio. The Company has become the exclusive distributor of Netafim, a leading irrigation company in the world.

Operations

During the year, a new extrusion line was installed for manufacturing smaller diameter u-PVC pipes being also used as electrical conduits and ducts in the Telecommunication sector.

As informed earlier in our previous review to the shareholders, the Company plans to achieve the geographical diversification of its operations. In pursuance of this objective, the Company, during the year launched the project of setting up the manufacturing facility of over Rs.200 million on the land acquired last year in the province of Punjab. The new facility is planned to be operational before 30 June, 2007.

In view of heavy Capital Expenditure in last few years and the planned further expansion, the Company reassessed the expected pattern of consumption of future economic benefits associated with the Plant and Machinery. Consequently during the year, the Company revised the expected useful economic life of Plant and Machinery and rationalised the rates of depreciation for the same, keeping in view the industry practices and international norms.

Sales and profitability

Competition from low quality manufacturers, cheap imports and substandard substitutes continued to become more intense. Weaker-than-expected growth of the manufacturing sector at 8.6% against a target of 12% and last year's growth of 12.6% is an evidence of the opportunities arising from the economic growth in the country being grabbed away by the traders' community at the cost of the manufacturing sector.

Therefore we strongly feel that Government needs to take measures for lowering the cost of doing business, ensuring adherence to standards by setting specifications for use of quality materials according to the international practices, avoiding allowing concessions in tariff on the locally manufactured products under any FTAs or PTAs with other countries and widening or at least maintaining the gap between the rates of custom duty on raw materials and imports of finished products being locally manufactured from such raw materials to ensure the growth of the local industry.

In the wake of the above background the Company achieved a growth of 3.4% in its turnover. The sales expansion is mainly on account of the volume growth and new initiatives, because selling prices remained under pressure. Inflationary trend, especially sharp increase in prices of cement and petroleum based raw materials, transportation cost, and increased rates and levels of borrowing coupled with technical problems in operations and power fluctuations have led to serious erosion of profitability. Lower contributions during the gestation period of new initiatives and set up expenses of such initiatives have also put pressure on the profitability. All these factors have resulted in reduced earning per share of Rs. 1.35 (Restated for 30 June, 2005: Rs.5.06).

III. DIVIDENDS AND APROPRIATIONS

Summary of profits available for appropriations is as follows:

	(Rupees '000)
Unappropriated profit as at 01 July, 2005 (restated)	59,649
Final dividend per share of Rs.3.5 (2005: Rs.3.00) for the year ended 30 June, 2005	(37,674)
Transfer to General Reserves for the year ended 30 June, 2005	(15,572)
Profit after taxation for the year ended 30 June, 2006	14,548
Unappropriated profit as at 30 June, 2006	<u>20,951</u>
Subsequent Effects	
Proposed final dividend per share of Rs.1.75	18,837
Unappropriated profit as at 01 July, 2006	2,114
	<u>20,951</u>

Break-up value per share as at 30 June, 2006 is Rs.43.56 (Rs.45.68 - restated)

IV. BOARD OF DIRECTORS AND THEIR COMMITTEES, CHIEF EXECUTIVE AND CHAIRMAN

Since the last report, Mr. Tariq Ali Jafri and Mr. Zahid Zaheer have resigned from the Board. Mr. Maqbool H. H. Rahimtoola relinquished the position of Chairman of the Board with effect from 30 June, 2006 and Mr. Sikander Dada relinquished the position of Chief Executive with effect from 31 August, 2006.

The Board of Directors would like to place on record the valuable contribution of the outgoing Directors, while on the Board of Directors of the Company and outgoing Chief Executive and Chairman while serving in their respective capacities.

We welcome to the Board Mr. Shahzad M. Husain who joined the Board in place of a resigning Director with effect from 27 December, 2005 for the remainder of the term. The Board also welcomed Mr. Sikander Dada as the new Chairman with effect from 01 July 2006 and as the Director of the Company in place of a resigning Director with effect from 01 September 2006 for the remainder of the term. The term of office of the present Directors will expire on 12 July, 2008. We also welcome Mr. Imtiaz Zaidi as the new Chief Executive with effect from 1 September, 2006 for a term of two years, which is extendable for another year.

Consequent to the above changes, new Chief Executive, Mr. Imtiaz Zaidi and Director Mr. Muhammad Najam Ali have been nominated on the Audit Committee of the Board in place of Mr. Sikander Dada and Mr. Zahid Zaheer, with Mr. Qazi Sajid Ali as the Chairman of the Audit Committee.

During the year under review, six meetings of the Board of Directors were held. Attendance by Chief Executive and each Director is annexed with this report.

V. INFORMATION COMMUNICATION TECHNOLOGY

The Company recognises the "Information" as the most important resource in the current era for meeting the business challenges ahead. Therefore in May, 2006 your Company entered into an agreement for acquiring licenses of SAP, which is the state of the art Enterprise Resource Planning (ERP) solution. Further in September, 2006 the Company also entered into the agreement for implementation of SAP. The total project is estimated to cost Rs.22 million. Therefore, in the medium term, the major focus of the Company would be towards the gigantic task of implementing SAP, introducing server centric environment for efficiencies and enhancing the effectiveness of the connectivity.

VI. CONTRIBUTION TO THE NATIONAL ECONOMY

During the year under review, the Company has contributed over Rs.339 million (2005: Rs.316 million) in shape of duties, taxes and levies to the Government exchequer. We believe that such contribution has a room for substantial increase provided the Government initiates further measures to encourage the quality manufacturing activity in the country and help in curbing the influx of cheap imports and substandard manufactured products.

VII. HEALTH, SAFETY, ENVIRONMENT (HSE) AND QUALITY

Your Company is committed to ensure environment friendly operations, products and services for the well being of the community in which it operates by striving hard to keep achieving our Quality, Environment and Safety objectives. In acknowledgement of the track record of achievements and services in the field of environment, "National Forum for Environment and Health" has honoured your Company with Certificate of Appreciation at the 3rd Annual Environment Excellence Awards (AEEA-2006) for the third consecutive year

The process of implementing Environment Management System (EMS) ISO 14001:2004 has commenced and work on implementation of Good Laboratory Practices on the basis of ISO / IEC 17025 for Accreditation of Laboratory is also progressing fast.

VIII. HUMAN RESOURCES

Human Capital is the most valuable intangible asset of the Company which has played its role for the growth of the business. Your company is committed to nurture this capital by investing on appropriate selection of human resource and then retention and training of such resource. Dearth of skilled resource is a challenge of the future.

During the year, the Company was recognised as an Investor in People (IiP) in recognition of meeting the requirements of the IiP Standards as a result of successful assessment process in accordance with the guidelines provided for assessors by IiP UK.

IX. COMPLIANCE WITH CODE OF CORPORATE GOVERNANCE AND BEST PRACTICES OF TRANSFER PRICING

A) Your Board of Directors is pleased to confirm:

- 1) That your company has applied the principles contained in the Code of Corporate Governance and relevant listing regulations, as narrated in the "Statement of Compliance with Code of Corporate Governance" for the year ended 30 June 2006 annexed with this report.
- 2) That your company while complying with the applicable regulations has applied the principles contained in the Code of Corporate Governance and relevant schedule of the Companies Ordinance, 1984 regarding Transfer Pricing. In pursuance of Securities & Exchange Commission's letter no SMD / SE /2(85)/2003 dated 27 June 2006 implementation / applicability of listing regulation no 38 relating to "Transfer Pricing" has been deferred till 30 September, 2006.
- 3) That the Board has adopted the "Statement of Business Ethics and Practices" and measures have been taken to ensure that all employees within the organisation effectively observe these rules of conduct.
- 4) The following statements which External Auditors have also certified in their report to the members :
 - a. The financial statements, prepared by the management of the company, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
 - b. Proper books of account of the company have been maintained.
 - c. Appropriate accounting policies have been consistently applied in preparation of financial statements, except for the change as stated in note 2.5.1 to the financial statements which has concurrence of external auditors and accounting estimates are based on reasonable and prudent judgment.
 - d. International Accounting Standards, as applicable in Pakistan, have been followed in preparation of financial statements.
- 5) The system of internal control and other such procedures, which are in place, are being continuously reviewed by the Board's Audit Committee assisted by the internal audit staff of the Company and a Chartered Accountant firm appointed for carrying out the Internal Audit. The process of review will continue and any weaknesses in controls identified in the process will be removed.
- 6) There are no significant doubts upon the company's ability to continue as a going concern.
- 7) There has been no material departure from the best practices of corporate governance, as detailed in the applicable listing regulations.

B) Following is the further information in accordance with Corporate and Financial Reporting Framework laid down in Code of Corporate Governance:

- 1) The summary of key operating and financial data of the Company of last eight years is annexed with this report.
- 2) Taxes and levies are as disclosed in the notes to the accounts.
- 3) The following is the value of investments held by Provident Fund based on the latest audited accounts as at June 30:

2006	2005
----- (Rupees in '000)-----	
130,354	114,732

- 4) The statement, showing pattern of shareholding of the Company as at 30 June 2006 is annexed with this report.
- 5) The directors, CFO & Company Secretary and their spouses and minor children did not carry out any trade in the shares of the Company during the year.

X. AUDITORS

The present auditors M/s Ford Rhodes Sidat Hyder & Co., Chartered Accountants retire at the conclusion of the forty-seventh Annual General Meeting. Being eligible, they have offered themselves for reappointment. As required by the Code of Corporate Governance,

Board Audit Committee has recommended their reappointment, by the Company's shareholders, as auditors of the Company for the financial year ending 30 June 2007, and the Board agrees to the recommendation of the Board Audit Committee.

Auditors recommended for appointment hold satisfactory rating under the "Quality Control Review Programme" of the Institute of Chartered Accountants of Pakistan.

XI. MATERIAL CHANGES AND COMMITMENTS

No material changes and commitments affecting the financial position of the Company have occurred between the end of the financial year of the Company to which the balance sheet relates and the date of this Report.

The Directors have proposed not subscribing for the whole of shares offered under section 86(1) of the Companies ordinance, 1984, by its associated company, Berdex Construction Chemicals, subsequent to the Balance Sheet date.

XII. FUTURE PROSPECTS AND CHALLENGES

In view of the allocation of approximately Rs.155 billion for the infrastructure development in the Federal Public Sector Development Programme (PSDP), interest being shown by large international investors in mega projects in the offing in the country and expected continued growth of the Telecommunication sector, we foresee huge business potential for the Company.

However rising costs of petroleum based raw materials, efficiencies of our operations, controlling the financial costs, stability in domestic and global business environment and rising inflation pose the challenges.

Your Company is focussing on setting up of the manufacturing facilities in the North which is the most important aspect of strategy for becoming competitive by proximity to a major market segment and increasing the market share by capturing the opportunities. Appropriate alignment in the business model is also a part of our business plans to increase the turnover as well as profitability. Measures to shorten the gestation period of new activities to become profitable are also planned.

XIII. ACKNOWLEDGEMENTS

Our customers are the key element behind our existence and growth. We wish to offer our sincere thanks and appreciation for their support and patronage.

We would also like to thank all other stakeholders including our vendors, bankers and financial institutions, insurers, Government and our shareholders for their cooperation, support and reposing confidence on us.

We would also like to thank all our employees for their zeal, enthusiasm, commitment, dedication, hard work and team spirit without which our journey towards making our vision of becoming the most valued company a reality will remain incomplete.

On behalf of the Board of Directors

(SIKANDER DADA)
Chairman

REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) for the year ended June 30, 2006 prepared by the Board of Directors of Dadex Eternit Limited to comply with the Listing Regulation No. 37 of the Karachi Stock Exchange (Guarantee) Limited where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We have not carried out any special review of the internal control system to enable us to express an opinion as to whether the Board's statement on internal control covers all controls and the effectiveness of such internal controls.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code, effective for the year ended June 30, 2006.

1. NATURE AND STATUS OF BUSINESS

- 1.1 The Company is a limited liability company incorporated in Pakistan on April 13, 1959 as a public limited company under the Companies Ordinance, 1984 (the Ordinance) and is quoted on Karachi Stock Exchange. The registered office of the Company is situated at Dadex House, 34-A/1, Block 6, P.E.C.H.S, Sharah-e-Faisal, Karachi. The principal business of the Company is manufacture and sale of construction material which mainly includes piping system and other allied products manufactured from chrysotile cement, rubber and plastics, and merchandising of imported fittings, accessories and other building products.
- 1.2 During the year the company has started focusing on application of its products to "Agriculture and Irrigation" sector besides attempting to provide services related to telecommunication sector as referred in note 3.3 to the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan and the requirements of the Ordinance. Approved accounting standards comprise of such International Accounting Standards (IASs) as notified under the provisions of the Ordinance. Wherever the requirements of the Ordinance or directives issued by the Securities and Exchange Commission of Pakistan (SECP) differ with the requirements of these standards, the requirements of the Companies Ordinance, 1984 or the requirements of the said directives take precedence.

2.2 Basis of Preparation

These financial statements have been prepared under the historical cost convention except that certain exchange elements referred to in note 2.16 have been incorporated in the cost of the relevant fixed assets and for financial assets and liabilities, if any, in accordance with recognition and measurement criteria as laid down in IAS-39 "Financial Instruments: Recognition and Measurement".

2.3 Significant accounting judgments and estimates

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgments in the process of applying the company's accounting policies. Estimate and judgments are continually evaluated and are based on historic experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the process of applying the company's accounting policies, management has made the following estimates and judgments which are significant to the financial statements:

Property, plant and equipment

Estimates with respect to residual values and depreciable lives and pattern of flow of economic benefits are based on the analysis by the management of the Company. Further, the company reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of property, plant and equipments with a corresponding affect on the depreciation charge and impairment.

Other areas where estimates and judgments involved are disclosed in respective notes to the financial statements.

2.4 Fixed assets and depreciation

2.4.1 Property, plant and equipment

Owned

Operating property, plant and equipment are stated at cost less accumulated depreciation or impairment, if any, except freehold land and capital work-in-progress which are stated at cost. Cost in relation to certain fixed assets signifies historical cost and exchange differences capitalized as referred to in note 2.16.

Depreciation is charged to profit and loss account using the straight-line method, whereby the cost of an asset less residual value is written-off over its estimated useful life. A full month's depreciation is charged for assets purchased and no depreciation is charged in the month of disposal. Previously, a full year's depreciation charged was made for assets purchased during the year and no charge was made in the year of disposal.

The carrying values of property, plant and equipment are reviewed at each reporting date for indication that an asset may be impaired and carrying values may not be recovered. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets or cash generating units are written down to their recoverable amount. The recoverable amount of property, plant and equipment is the greater of net selling price and value in use.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements, if any, are capitalized.

Gains and losses on disposals of property, plant and equipments are determined by comparing proceeds with the carrying amount of the relevant assets. These are included in the profit and loss account.

Changes in accounting estimate

During the current year, as required by International Accounting Standard (IAS) 16 "Property, Plant and Equipment" the management has reassessed the expected pattern of consumption of future economic benefits associated with the fixed assets. As a result of such exercise:

- a) due to the changes in expected useful economic life of plant and machinery to the Company, the rate of depreciation for the same has been revised from 20% to 10% effective from July 01, 2005; and
- b) effective current year, the charge for depreciation is calculated on monthly basis whereby, a full month's charge is made for assets purchased during the year and no charge is made in the month of disposal. Previously, a full year's charge was made for assets purchased during the year and no charge was made in the year of disposal.

The effects of above changes have been accounted for prospectively i.e. with effect from July 01, 2005. Had the estimates not been revised, the depreciation charge for the period would have been higher and the carrying value of fixed assets would have been lower by Rs. 36.771 million and consequently there would have been a loss before taxation for the year of Rs. 19.633 million, whereas stock-in-trade would have been higher by Rs. 5.726 million.

Leased

Finance leases, which transfer to the Company substantially all the risks and benefits incidental to ownership of leased items are capitalised at the inception of lease. Assets subject to finance lease are stated at the lower of the present value of minimum lease payments under the lease agreements and their fair value. Depreciation is charged using the same basis and rates used for similar owned assets whereby the cost of assets less residual value is written off over their estimated useful lives. Income arising from sale and lease back transactions, if any, is deferred and is amortised equally over the lease period.

2.5 Investments

2.5.1 Investment in an associated company

Investment in an associated company is accounted for using equity method of accounting. Investments over which investor has "significant influence" are accounted for under this method i.e., investments to be carried in the balance sheet at cost plus post-acquisition changes in the share of net assets of the associate, less any impairment in value. The profit and loss account reflects the share of the results of operations of the associate.

Change in accounting policy

Effective from current year the revised IAS 28, "Investments in Associates" has become applicable to the Company. This has resulted in the change in accounting policy for investment in associates. The revised standard requires that such investments over which investor has "significant influence" must be accounted for using the equity method i.e., investments to be carried in the balance sheet at cost plus post-acquisition changes in the share of net assets of the associate, less any impairment in value. The profit and loss account reflects the share of the results of operations of the associates. Previously, it was accounted for under the cost method.

The change in accounting policy has been accounted for retrospectively and comparative information has been restated in accordance with benchmark treatment specified in IAS - 8 (Net Profit or Loss for the period and change in accounting policies). Had there been no change in accounting policy, the profit before tax would have been higher by Rs. 3.214 million (June 30, 2005: would have been lower Rs. 1.271 million) and the value of Investment would have been higher by Rs. 0.417 million (June 30, 2005: would have been lower by Rs. 2.789 million). The effect of change in accounting policy is reflected in the Balance sheet, Profit and loss account and Statement of changes in equity.

2.6 Stores and spares

These are valued at moving average cost less provision for obsolete and slow moving items except for items in transit which are stated at invoice values plus other charges incurred thereon.

2.7 Stock-in-trade

2.7.1 Raw materials

Raw materials are valued at the lower of moving average cost and net realisable value.

Items in transit are valued at cost comprising invoice values plus other charges incurred thereon.

2.7.2 Work-in-process

Work-in-process is valued at prime cost and an appropriate portion of manufacturing overheads.

2.7.3 Finished goods

Finished goods are valued at lower of moving average cost and net realisable value. Cost in case of manufactured finished goods includes prime cost and an appropriate portion of manufacturing overheads. Items in transit are valued at cost comprising invoice values plus other charges incurred thereon.

Net realisable value signifies the estimated selling price in the ordinary course of business less estimated cost of completion and estimated costs necessarily to be incurred to make the sale.

2.8 Trade debts and other receivables

Trade debts and other receivables are carried at original invoice amount less an estimate made for doubtful receivables based on review of outstanding amounts at the year end. Balances considered bad and irrecoverable are written off when identified.

2.9 Provisions

Provisions are recognized when:

- a) the Company has a present obligation (legal or constructive) as a result of past events;
- b) it is probable that an outflow of resources will be required to settle the obligation; and
- c) A reliable estimate of the amount can be made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

2.10 Liabilities and finance charge against assets subject to finance lease

Liabilities against assets subject to finance lease are accounted for at net present value of minimum payments under the lease arrangements. Lease payments are apportioned between the finance charges and reduction of lease liability so as to achieve a constant rate of financial cost on the remaining balance of the liability. Financial costs are charged directly against income.

2.11 Revenue recognition

- a) Sales are recorded on dispatch of goods to customers.
- b) Dividend income is recognized when the right to receive the dividend is established.
- c) Rental and interest income is recorded on accrual basis.

2.12 Turnkey projects

Revenue is recognized on the basis of approved quantities of pipes supplied. The value of pipes supplied to date and the related costs incurred in respect thereof are recognized as an expense. Any anticipated losses on these contracts are recognized immediately by transferring the related revenue to contingency account. Revenue arising from work variations and claims is not accounted for unless it is probable that the customer will approve the variation / claim and the amount of revenue arising from variation / claim can be measured reliably.

2.13 Retirement benefits

The Company operates an approved contributory provident fund for all permanent employees for which contributions are charged to income for the year.

2.14 Compensated absences

The Company provides for its estimated liability towards leaves accumulated by employees on an accrual basis using current salary levels.

2.15 Taxation

2.15.1 Current

Provision for current taxation is the higher of the amount computed on taxable income at the current rates of taxation after taking into account tax credits and rebates available, if any, and minimum tax computed at the prescribed rate on sales net of sales tax.

2.15.2 Deferred

Deferred tax is provided in full using the liability method on all temporary differences arising at the Balance Sheet date between the tax basis of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, while deferred tax assets are recognized for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, carry-forward of unused tax assets and unused tax losses can be recognized.

The carrying amount of deferred tax asset is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be recognized. Unrecognized deferred income tax assets are reassessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profit will allow deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the periods when the asset is recognized or the liability is settled based on the tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

2.16 Foreign currency translation

Foreign currency transactions are translated into Pak Rupees using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the year end exchange rates of monetary assets and liabilities (except for foreign currency loans obtained for acquisition of fixed assets) denominated in foreign currencies are recognized in the profit and loss account. Exchange differences in respect of foreign currency loans obtained for acquisition of fixed assets are incorporated in the cost of the relevant assets.

2.17 Financial instruments

Financial instruments carried on the balance sheet include investments, loan, deposits, receivables, cash and bank balances and trade creditors.

All the financial assets and financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument and are derecognised in case of assets, when the contractual rights under the instrument are realised, expire or surrendered and in case of liability, when the obligation is discharged, cancelled or expired.

A financial asset and financial liability is off set and the net amount is reported in the balance sheet if the Company has legally enforceable right to setoff the recognized amount and intend either to settle on a net basis or to realize the asset and settle the liability simultaneously.

2.18 Derivative financial instruments

When considered appropriate, the Company uses forward foreign exchange contracts to hedge its risk associated primarily with foreign currency fluctuations relating to purchases of raw materials and fixed assets from overseas suppliers. These contracts, except those having immaterial financial impact, are included in the balance sheet at fair value and any resulting gain or loss is recognized in the statement of changes in equity. The fair value of forward foreign exchange contracts is included in 'other receivables' in case of favorable contracts and 'other liabilities' in case of unfavorable contracts. The fair values of these contracts are calculated by reference to current forward exchange rates with similar maturity profiles.

2.19 Borrowing costs

Borrowing costs are recognized as an expense in the period in which they are incurred.

2.20 Cash and cash equivalents

Cash and bank balances are carried in the balance sheet at cost. For the purposes of cash flow statement, cash and cash equivalents are cash and bank balances and short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant changes in value.

2.21 Dividend and appropriation to reserves

Dividend and appropriation to reserves are recognised in the financial statements in the period in which these are approved.

2.22 Transaction with related parties

Transactions with related parties are based on the policy that all transactions between the Company and the related parties are carried out at arm's length.

Term finances	20.1	546,998	180,613
		582,711	329,697

20.1 The aggregate facilities for short-term running finances and term finance under mark-up arrangements available from various banks amounting to Rs. 1,080 million (2005: Rs. 645 million) and carries mark-up at the rate 9.6% to 10.54% (2005: 7.05% to 9%) per annum and 9.83% to 10.4% (2005: 4.25 % to 8.86%) per annum respectively at year end. The facilities will be expired on various dates latest by December 31, 2006. These arrangements are secured by pari-passu charge against hypothecation of the Company's stock-in-trade and trade debts.

20.2 As of the balance sheet date, the company has unavailed short-term borrowings under mark-up arrangements aggregating to Rs. 497.289 million (2005: Rs. 315.303 million) from various banks

21. CONTINGENCIES AND COMMITMENTS

	Capital expenditure	Others	Total 2006	Total 2005
----- (Rupees in '000) -----				
Letters of guarantee	-	50,269	50,269	48,548
Letters of credit	920	20,425	21,345	1,968

	91,249	85,932	177,181	68,603

21.1 In addition to above the revenues expected from the remaining work committed to be performed under the turnkey projects in process amounts to Rs. 16 million. The estimated cost of such remaining works to be performed without accounting for the rate escalation, which may be negotiated amounts to Rs. 16.3 million. Thus the difference between the expected revenues and estimated costs amounting to Rs. 0.3 million represents the contingent loss on the projects in process.

21.2 Consideration of Rs.16.126 million has been agreed for assets held for disposal referred to in note 3.3 having carrying value of Rs.16.207 million. Agreed consideration is secured by an advance of Rs.12.8 million from the customer and a commitment to pay the balance before September, 2006. Subsequent to the year end the assets to the extent secured by the advance less Rs.0.5 million held as security deposit have been delivered to the customer. Assets representing the unpaid portion of the agreed consideration having carrying value of Rs.6.68 million are in physical custody of the company. In case of default by the party, the company would have to find alternate customer for the unpaid assets. Therefore the assets held for disposal having carrying value of Rs.7.413 million reduced by the security deposit of Rs.0.5 million and net realizable value of such assets are subject to contingent loss.

35.2 Concentration of credit risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties.

Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

The Company is exposed to credit risk on trade debts, loans and deposits. The Company seeks to minimize the credit risk exposure through having exposures only to customers considered credit worthy and obtaining securities where applicable.

35.3 Foreign exchange risk management

Foreign currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings. Significant exposures to foreign currency risks are covered through forward exchange contracts, where considered appropriate by the Company.

35.4 Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. The management of the Company believes that it is not exposed to significant level of liquidity risk.

35.5 Fair value of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values.

36. RECENT ACCOUNTING DEVELOPMENTS

Following amendments to existing standards have been published that are mandatory for the Company's accounting periods beginning on or after January 01, 2006 or later periods:

IAS-19	(Amendments) - Employee Benefits	Effective from January 01, 2006
IAS-39	Financial Instruments: Recognition and Measurement - Fair Value Option, Accounting for Financial Guarantees and Cash Flow Hedge for Forecast Intra Group Transactions	Effective from January 01, 2006
IAS-1	Presentation of Financial Statements Capital Disclosures	Effective from January 01, 2006

Adoption of the above amendments may only impact the extent of disclosures presented in the financial statements.

In addition to above, a new series of standards called "International Financial Reporting Standards (IFRSs)" have been introduced and seven IFRSs have been issued by IASB. Out of these, following four IFRS have been adopted by Institute of Chartered Accountant of Pakistan (ICAP) however since these have not been adopted by SECP therefore, do not form part of the approved local financial reporting framework:

IFRS-2	(Share based Payments);
IFRS-3	(Business Combinations);
IFRS-5	(Non-current Assets held for Sale and Discontinued Operations); and
IFRS-6	(Exploration for and Evaluation of Mineral Resources).

The Company expects that the adoption of these pronouncements mentioned above will have no significant impact on the Company's financial statements in the period of initial application.

37. DATE OF AUTHORISATION FOR ISSUE

These financial statements have been authorised for issue on 21 September, 2006 by the Board of Directors of the Company.

38. DIVIDEND

Subsequent to the year ended June 30, 2006, the Board of Directors have proposed a final dividend of Rs.1.75 per share, amounting to a total dividend of Rs.18.837 million (2005: Rs. 3.5 per share amounting to a total dividend of Rs. 37.674 million). In addition, directors have also decided to transfer Rs. NIL million (2005: Rs. 15.572 million) from unappropriate profit to general reserve. These appropriations will be approved in the forth coming Annual General Meeting. The financial statements for the year ended June 30, 2006 do not include the effect of these appropriations which will be accounted for subsequent to the year end.

39. CORRESPONDING FIGURES

Due to revision in IAS - 28 "Investment in associates" previous year's figures have been restated wherever necessary for the purposes of comparison. Consequently, corresponding figures in note 4, 15, 30 and 34 have been changed.

40. GENERAL

40.1 Amounts have been rounded off to the nearest rupee unless otherwise stated.

40.2 Corresponding figures have been rearranged / reclassified wherever necessary.
