DIRECTORS' REPORT TO THE UNIT HOLDERS

The Board of Directors of JS Investments Limited, the Management Company of Unit Trust of Pakistan (the Fund), is pleased to present the Annual Report for the year ended June 30, 2010.

Market Review

The equity markets recovered considerably during the Fiscal Year 2010, as the KSE-30 Index surged 26.22% to close the FY10 at 9,556 points. The index rebounded sharply on the back of a lower base and continued economic improvements.

Despite a modest yet fragile economic growth, a major confidence boosting indicator has been the active injections due to foreigners' interest in Pakistan's bourse, as the net Foreign Portfolio Investment (FPI) was recorded at US\$ 556mn for FY10. Improved macroeconomic conditions, coupled with extremely attractive valuations, have been the prime drivers of the equity markets. In contrast, there exists a liquidity conundrum due to the absence of a leveraged product to cash-strapped investors, with consequent impact on average daily trading value of US\$ 84mn.

The local investors, however, still remain jittery while seeking clarity on the modalities of Capital Gains Tax (CGT) and viability of Value Added Tax's implementation. The latter's impact on already soaring inflation rates also remain a cause for concern. Nevertheless, astounding equity valuations – a 38% P/E discount to regional peers and 2010E P/E of 6.9x– packaged with possible reemergence of a keenly-awaited leveraged product are imminent key triggers to attract both foreign and local investors' interest in Fiscal Year 2011.

Review of Fund Performance

The Fund posted a return of 14.05% against a benchmark return of 25.07%, underperforming the benchmark by 11.02%.

The Fund earned net income of Rs. 336.537 million during the year ended June 30, 2010, including unrealized gain on investment of Rs. 21.539 million. During the year the Fund made a provision of Rs. 67.049 million against non-performing investment in commercial paper issue of Azgard Nine Limited. The Fund also had to reverse the accrued mark-up of Rs. 7.951 million on the above commercial paper. The net assets of the Fund declined by 17.86% from Rs. 2,929.235 million to Rs. 2,405.992 million during the year under review. The net assets value as on June 30, 2010 was Rs. 103.40 per unit compared to beginning net assets value of Rs. 90.66 per unit showing an increase of 14.05%.

The Board of Directors of the Management Company, on July 7, 2010, has declared a stock dividend of Rs. 12.30 per unit or 13.57% of the beginning net asset value per unit of Rs. 90.66. An investor holding 100 units as on June 30, 2010 will receive 13.50 units on ex-stock dividend price of Rs. 91.10 per unit. As the above distribution is more than 90% of the realized income for the year, the income of the Fund will not be subject to tax under Clause 99 of Part I of the Second Schedule of Income Tax Ordinance, 2001.

Fund and Asset Manager Rating

The matter of mutual funds performance ratings by a rating agency is presently under discussion between MUFAP, SECP and the country's two rating agencies. Updated Fund rating will be announced by the Management Company once a conclusion is reached on the same.

The asset manager rating for JS Investments Limited is in progress and has not yet been announced by JCR – VIS Credit Rating Co. Limited. The asset manager rating for JS Investments Limited last announced by PACRA was "AM2". The said rating was subsequently withdrawn by PACRA on March 16, 2010 pursuant to JS Investments' decision to discontinue its rating relationship with PACRA with immediate effect.

Future Outlook

Mr. Rashid Mansur was appointed as the new Chief Executive Officer of your Management Company w.e.f April 01, 2010. The

incoming CEO carried out a detailed SWOT Analysis of your Management Company and the Funds based on assessment of the prevailing Macroeconomic and Financial Market trends as well as their impact on the mutual fund industry, generally, and on your Management Company, specifically. Based on this, the CEO reviewed and revised the Vision, Mission, and Statement of Broad Policy Objectives of your Management Company to reposition it towards sustainable growth – This initiative has been branded as, "JSIL 2010 Onwards ~".

The CEO also reassessed the Organizational Structure and initiated certain desired changes to enhance the operational efficiency of your Management Company. These include creation of a separate and independent Risk Management, Research and Market Intelligence department; defining and augmenting the role and responsibilities of Investment Committee and Fund Managers.

We believe that a progressive and proactive approach to business will enhance the Brand Visibility of your Management Company and its products, yielding higher returns for all stakeholders. At the same time a strong Prudential Risk Management would play fundamental role in working of your Management Company.

We understand that Pakistan is passing through a challenging time on the economic front, yet we are confident that your Management Company will continue to achieve sustainable growth based on business model that aims to thrive on efficiency, innovation and transparency.

REVIEW REPORT TO THE UNIT HOLDERS ON STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices (the statement) contained in the Code of Corporate Governance (the code) prepared by the Board of Directors of the Management Company of Unit Trust of Pakistan (the Fund) to comply with the Listing Regulations of the Lahore Stock Exchanges where the Fund is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Management Company of the Fund. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement reflects the status of the Management Company's compliance with the provisions of the Code in respect of the Fund and report if it does not. A review is limited primarily to inquiries of the Management Company's personnel and review of various documents prepared by the Management Company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Management Company's corporate governance procedures and risks.

Further, Sub-Regulations (xiii a) of Listing Regulation 35 of the Lahore Stock Exchanges requires the Management Company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length prices recording proper justification for using, such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the Audit Committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were under taken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement does not appropriately reflect the status of the Management Company's compliance, in all material respects, with the best practices contained in the Code in respect of the Fund for the year ended June 30, 2010.

TRUSTEE REPORT TO THE UNIT HOLDERS

Report of the Trustee pursuant to regulation 41(h) and clause 9 of schedule v of the Non-Banking **Finance Companies and Notified Entities Regulations, 2008**

The Unit Trust of Pakistan (the Fund), an open-end fund was established under a trust deed dated April 26, 1997, executed between JS Investments Limited, as the Management Company and Muslim Commercial Financial Services (Private) Limited (MCFSL), as the Trustee.

As per deed of change of trustee and amendment of trust deed dated June 11, 2005 MCFSL retired as the trustee and Central Depository Company of Pakistan Limited was appointed as the Trustee of the Fund.

In our opinion, the Management Company has in all material respects managed the Fund during the year ended June 30, 2010 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

We have audited the accompanying financial statements of Unit Trust of Pakistan (the Fund), which comprise the statement of assets and liabilities as at 30 June 2010, and the related statements of income, comprehensive income, distribution, cash flows and movement in unit holders' fund for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

The Management Company of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and approved accounting standards as applicable in Pakistan. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion the financial statements give a true and fair view of the state of the Fund's affairs as at 30 June 2010 and of its financial performance, cash flows and transactions for the year then ended in accordance with approved accounting standards as applicable in Pakistan.

Other Matters

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Trust Deed, the NBFC Rules and the NBFC Regulations.

NOTES TO THE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 30 JUNE 2010**

LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Unit Trust of Pakistan (the Fund) was established under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) as an open end unit trust scheme. It was constituted under the Trust Deed, dated 26 April 1997 between JS Investments Limited as its Management Company and MCB Financial Services Limited as its Trustee. However, Central Depository Company of Pakistan Limited was appointed as Trustee of the Fund on 11 June 2005 after voluntary resignation of MCB Financial Services Limited.
- 1.2 The Fund offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering them to the Fund. The units are listed on the Lahore Stock Exchange. As per offering document, the Fund shall invest in equity securities as well as debt securities including government securities, commercial papers and various other money market instruments.

STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the NBFC Rules, the Non Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and directives issued by the SECP. Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the requirements of the said directives prevail.

BASIS OF MEASUREMENT

- 3.1 These financial statements have been prepared under the historical cost convention except for investments and derivatives which are valued as stated in notes 4.2 and 4.3 below.
- 3.2 These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year except as follows:

The Fund has adopted the following new and amended IFRS and IFRIC interpretations which became effective during the year:

- IFRS 2 Share Based Payment Amendments regarding Vesting Conditions and Cancellations (Amendment)
- IFRS 3 Business Combinations (Revised)
- IFRS 7 Financial Instruments: Disclosures (Amendments)
- IFRS 8 Operating Segments
- IAS 1 Presentation of Financial Statements (Revised)
- IAS 23 Borrowing Costs (Revised)
- IAS 27 Consolidated and Separate Financial Statement Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate (Amendments)
- IAS 27 Consolidated and Separate Financial Statements (Amendment)
- IAS 32 Financial Instruments: Presentation and IAS 1 Presentation of Financial Statements -Puttable Financial Instruments and Obligations Arising on Liquidation (Amendments)

IAS 39 - Financial Instruments: Recognition and Measurement - Eligible hedged items (Amendments)

IFRIC 15 – Agreements for the Construction of Real Estate

IFRIC 16 - Hedges of a Net Investment in a Foreign Operation

IFRIC 17 - Distributions of Non-cash Assets to owners

IFRIC 18 - Transfers of Assets from Customers

The adoption of the above standards, amendments and interpretations did not have any effect on the financial statements except for the following:

IAS - 1 "Presentation of Financial Statements (Revised)"

The Fund has adopted IAS - 1 "Presentation of Financial Statements (Revised)" which became effective during the year. The revised standard separates owner and non-owner changes in equity. The statement of changes in equity / unit holders' fund includes only details of transactions with owners, with non-owner changes in equity presented as a single line item in the statement of changes in equity / unit holders' fund. In addition, the standard introduces the statement of comprehensive income which presents all items of recognised income and expense, either in one single statement, or in two linked statements. The Fund has elected to present two statements.

IFRS 7 - "Financial Instruments: Disclosures (Amendments)"

The amended standard requires additional disclosures about fair value measurement and liquidity risk. Fair value measurements related to items recorded at fair value are to be disclosed by source of inputs using a three level fair value hierarchy, by class, for all financial instruments recognised at fair value. In addition, a reconciliation between the beginning and ending balance for level 3 fair value measurement is now required, as well as significant transfers between levels in the fair value hierarchy. The amendments also clarify the requirements for liquidity management. The fair value measurement disclosures are presented in note 21.6 to the financial statements. The liquidity risk disclosures are not significantly impacted by the amendments and are presented in note 21.3 to the financial statements.

4.2 Investments

The investments of the Fund, upon initial recognition, are classified as investment at fair value through income statement or available-for-sale investment, as appropriate.

All investments, are initially measured at fair value plus, in the case of investments not at fair value through income statement, transaction costs that are directly attributable to acquisition.

All regular way purchases / sales of investments are recognised on the trade date, i.e. the date on which the Fund commits to purchase / sell the investment. Regular way purchases / sales of investments require delivery of securities within two days after transaction date as per the stock exchange regulations.

Investments at fair value through income statement

These include held-for-trading investments and such other investments that, upon initial recognition, are designated under this category. Investments are classified as held-for-trading if they are acquired for the purpose of selling in the near term. After initial measurement, such investments are carried at fair value and gains or losses on revaluation are recognised in the income statement.

Available-for-sale

Investments which are not classified in the above category are classified as available-for-sale investments. After initial measurement, such investments are measured at fair value with unrealised gain or loss recognised directly in the statement of comprehensive income until the investment is derecognised or determined to be impaired at which time the cumulative gain or loss previously recognised in the statement of comprehensive income is taken to the income statement.

4.3 Derivatives

These are initially recognised at cost and are subsequently remeasured at their fair value. Derivatives with positive fair values (unrealised gains) are included in other assets and derivatives with negative fair values (unrealised losses) are included in other liabilities in the statement of assets and liabilities. The resultant gain and loss is included in the income currently.

4.4 Issue and redemption of units

Units are issued at the offer price prevalent on the day in which the units are issued. The offer price represents the net assets value of units at the end of the day plus the allowable sales load. The sales load is payable to the distribution companies and the Management Company as processing fee. Issue of units is recorded on acceptance of application for sale.

Units redeemed are recorded at the redemption price prevalent during the day in which the units are redeemed. The redemption price represents the net asset value per unit at the close of the business day. Redemption of units is recorded on acceptance of application for redemption.

4.5 Revenue recognition

Gain or loss on sale of securities and settlement of derivatives is accounted for in the period in which the sales / settlement occur.

Dividend income is recognised when the right to receive the dividend is established.

Interest on debt and government securities is recognised at the rate of return implicit in the instrument on a time proportionate basis.

Profit on bank balances and term deposits is recognised on accrual basis in accordance with the contractual terms.

4.6 Element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed - net

To prevent the dilution of per unit income and distribution of income already paid out on redemption as dividend, an equalisation account called "element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed" is created.

The "element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed" account is credited with the amount representing net income / (loss) and capital gain / (loss) accounted for in the last announced net asset value and included in the sale proceeds of units. Upon redemption of units, the "element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed" account is debited with the amount representing net income / (loss) and capital gain / (loss) accounted for in the last announced net asset value and included in the redemption price.

The net "element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed" during an accounting period is transferred to the income statement.

4.7 Taxation

The Fund is exempt from taxation under clause 99 of the Part I of the 2nd Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90% of its accounting income as reduced by the realised and unrealised capital gain for the year is distributed amongst the Fund's unit holders. The Fund has availed such exemption in the past and intends to continue the same in future periods. Accordingly, no provision is required for current and deferred taxation in these financial statements.

4.8 Financial instruments

All financial assets and financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the contractual right to future cash flows from the asset expires or is transferred along with the risk and reward of ownership of the asset. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income currently.

4.9 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are only offset and the net amount reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amount and the Fund intends to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

4.10 Distribution to unit holders

Distribution to unit holders is recognised upon declaration and approval by the Board of Directors of the Management Company.

4.11 Net asset value per unit

The net asset value per unit disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

4.12 Cash and cash equivalent

Cash and cash equivalent comprise bank balances and short term deposits.

ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis.

Judgements made by management in the application of accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment mainly pertain to classification and valuation of investments as explained in the relevant accounting policies / notes in the financial statements.

STANDARDS, INTERPRETATIONS AND AMENDMENTS TO APPROVED ACCOUNTING STANDARDS THAT ARE NOT YET EFFECTIVE

The following revised standards, interpretations and amendments with respect to approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard, interpretation or amendment:

Standard	, interpretation or amendment	Effective date (accounting periods beginning on or after)
IAS - 24	Related Party Disclosures (Revised)	01 January 2011
IAS - 32	Financial Instruments: Presentation - Classification of Right Issues (Amendment)	01 February 2010
IFRS - 2	Share based payment - Amendments relating to Group Cash-settled Share-based payment transactions	01 January 2010

Standard,	interpretation or amendment	Effective date (accounting periods beginning on or after)
IFRIC - 14	IAS - 19 - The limit on a defined benefit asset, Minimum Funding Requirements and their Interaction (Amendments)	01 January 2011
IFRIC - 19	Extinguishing Financial Liabilities with Equity Instruments	01 July 2010

The Fund expects that the adoption of the above revisions, interpretations and amendments of the standards will not effect the Fund's financial statements in the period of initial application.

In addition to the above, amendments to various accounting standards have also been issued by IASB as a result of its annual improvement project in April 2009. Such improvements are generally effective for accounting periods beginning on or after 1 January 2010. The Fund expects that such improvements to the standards will not have any material impact on the Fund's financial statements in the period of initial application.

PROVISION FOR CONTRIBUTION TO WORKERS' WELFARE FUND 19.

The Finance Act, 2008 introduced an amendment to the Workers Welfare Fund (WWF) Ordinance, 1971, whereby the definition of "industrial establishment" was amended to include therein any establishment to which the West Pakistan Shops and Establishment Ordinance, 1969 applies.

As a result of this amendment, the WWF Ordinance apparently has become applicable to all Collective Investment Schemes (CIS) whose income exceeds Rs. 0.5 million in a tax year, thus rendering them liable to pay contribution to WWF at the rate of 2% of the accounting income or declared income, whichever is higher. The Mutual Fund Association of Pakistan (MUFAP) had filed a constitutional petition in the High Court of Sindh (the

	Court) challenging the applicability of WWF to the CIS, which was dismissed by the Court vide its that the MUFAP (petitioner) cannot be held to be entitled to maintain a petition in respect of its in respect of its members. Subsequently, Central Depository Company of Pakistan Limited (CDC) along with few investors has filed constitution petition in this regard before the Court on the same n without prejudice to the above, the Management Company, as a matter of abundant caution, h statements for the current year amounting to Rs. 6,868,106/	member as MUFAP is not t on behalf of certain CIS u natter which is pending adj	he aggrieved party nder its trusteeship udication. 21. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

21.1 The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, Fund's constitutive documents and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, credit risk and liquidity risk arising from the financial instruments it holds.

21.2 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

(i) Interest rate risk

Interest rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market interest rates. As of 30 June 2010, the Fund is exposed to such risk in respect of bank balances, investment in debt and Government securities. The bank balances are subject to interest rates as declared by the respective bank on periodic basis. Debt securities are subject to floating interest rates other than Government securities which are subject to fixed interest rates. The sensitivity of the income / (loss) for the year is the effect of the assumed changes in interest rates on:

- The net interest income for one year, based on the floating rate financial assets held at the year end; and
- Changes in fair value of investments for the year, based on revaluing fixed rate financial assets at the year end.

The following table demonstrates the sensitivity of Fund's income / (loss) for the year to a reasonably possible change in interest rates, with all other variables held constant.

	Effect on income		Effect on other comprehensive income	
	2010	2009	2010	2009
		Rupe	es	
Change in basis point				
+ 100	3,532,777	11,312,136	(4,641,368)	(734,614)
- 100	(3,532,777)	(11,312,136)	4,712,618	762,127

In practice, the actual results may differ from the sensitivity analysis shown above.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instruments will fluctuate because of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Equity price risk

Equity price risk is the risk of volatility in share prices resulting from their dependence on market sentiments, speculative activities, supply and demand for shares and liquidity in the market. The value of investments may fluctuate due to change in business cycles affecting the business of the company in which the investment is made, change in business circumstances of the company, its business sector, industry and / or the economy in general. Management of the Fund estimates that a 10% increase in the overall equity prices in the market with all other factors remaining constant would increase the Fund's income by Rs.125,860,592/- and a 10% decrease would result in a decrease in the Fund's income by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

The Management Company manages the above market risks through diversification of investment portfolio and placing limits on individual and aggregate exposures in accordance with the internal risk management policies and regulations laid down by the SECP.

21.3 Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its redeemable units on a regular basis. Units are redeemable at the unit holder's option based on the Fund's net asset value per unit at the time of redemption calculated in accordance with the Fund's constitutive documents.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, for equity securities at fair value through income statement, the period in which those assets are assumed to mature is taken as the expected date on which these assets will be realised.

21.4 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Fund by failing to discharge its obligation. The Fund's policy is to enter into financial contracts with reputable counter parties in accordance with the internal guidelines, offering document and regulatory requirements. The table below analyses the Fund's maximum exposure to credit risk:

	2010	2009	
	Rupees		
Bank balances	93,940,087	682,419,371	
Receivable against sale of securities	21,945,271	-	
Investments in debt securities	259,342,566	798,070,437

Deposits, prepayments and other receivable	2,600,000	2,600,000	
	406,957,079	1,533,067,520	

(ii) Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The table below analyses the Fund's concentration of credit risk by industrial distribution:

	% of debt instruments		
	2010	2009	
Chemicals	46	46	
Commercial banks	35	25	
Financial services	-	1	
Transport	19	6	
Personal goods	-	6	
Fixed line communication	-	16	
	100	100	

(iii) Credit quality of financial assets

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty default rates:

Rating	% of debt i	nstruments
	2010	2009
AA	35	39
AA-	-	48
A+	-	1
A	65	6
BBB	-	-
Others	-	6
	100	100

21.5 Fair value of financial instruments

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties. The following methods are used to estimate the fair values of financial assets:

These are valued on the basis of closing market prices quoted on the respective stock exchange.

Debt securities

These are valued at the rates notified by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the SECP's Circular 1 of 2009. The said circular prescribes a valuation methodology which in case of currently traded securities, is based on weighted average prices during the 15 days preceding the valuation date and in case of thinly or non-traded securities, on the basis of discount coupon method which takes into consideration credit risk and maturities of the instruments.

Government securities

These are valued by reference to the quotations obtained from the PKRV rate sheet on the Reuters page.

The fair value of other financial assets and liabilities of the Fund appropriate their carrying amount due to short term maturities of these instruments.

21.6 Fair value hierarchy

The Fund uses the following hierarchy for disclosure of the fair value of financial instruments by valuation technique:

- Level 1: quoted prices in active markets for identical assets.
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

As at 30 June 2010, the Fund held the following financial instruments measured at fair value:

	Level 1	Level 2	Level 3
2010		Rupees	(Note 21.7)
At fair value through income statement	1,258,605,922	10,447,647	-
Available-for-sale	-	1,000,053,439	-
	1,258,605,922	1,010,501,086	-

21.7 The reconciliation from beginning to ending balance for assets measured fair value using level 3 valuation technique is given below:

Opening balance	-
Acquired during the year	67,049,410
Provision against non-performing securities	67,049,410
Closing balance	-

21.8 Capital management

The Fund's objective when managing unit holder's funds is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of capital. The Fund manages its investment portfolio and other assets by monitoring return on net assets and makes adjustments to it in the light of changes in market's conditions. The capital structure depends on the issuance and redemption of units.

22. SUBSEQUENT EVENT-DISTRIBUTION TO THE UNIT HOLDERS

The Board of Directors of the Management Company on 7 July 2010 has approved distribution to unit holders at the rate of Rs. 12.30 (2009: Nil) per unit.
