#### **DIRECTORS' REPORT TO THE UNIT HOLDERS**

The Board of Directors of JS Investments Limited, the Management Company of Unit Trust of Pakistan (the Fund), is pleased to present the Annual Report for the year ended June 30, 2011.

#### **Market Review**

The equity market performance remained strong during FY11 with KSE-30 index depicting a 21% YoY appreciation, however, returns were skewed largely towards 1HFY11 with the following half providing near zero growth. Meanwhile market turnover witnessed a sharp contraction of 38% YoY to average 53mn shares during the year as a result of the implementation of Capital Gains Tax (CGT) from July 1, 2010 onwards.

The year started on the worst note with devastating floods hitting Pakistan causing huge damage to its crops and cultivatable lands, exacerbating shortage of food supply. Consequently the headline inflation that came down to 12.3% in July 2010, shot up to record a peak of 15.7% in September 2010. With Pakistan already facing burgeoning deficit, the SBP raised the discount rate cumulatively by 150bps during the first six months to reach 14% in order to control the climbing inflation rate.

On the other hand, the current account of the country benefited substantially from robust remittance inflows and squeezing trade deficit, as international cotton prices touched record highs, boosting exports. This bode well for the local currency which depreciated only slightly by 1% against the USD during 1HFY11 and combined with attractive domestic equity valuations, led to healthy FIPI inflows worth USD 249mn. The current account continued to show impressive performance during 2HFY11 and culminated in an overall FY11 surplus of USD 542mn (as opposed to a deficit of USD 3.9bn last year). With the government putting a lid over its borrowings, inflation slipped down to 13.1% for June 2011 and prompted the SBP to maintain the discount rate at 14% in 3 consecutive monetary policy reviews. The discount rate has since been reduced by 50 basis points on July 30, 2011.

Market sentiments pale post disturbances in the MENA region at the start of the calendar year, which saw international oil prices cross USD 120/bbl and made investors increasingly wary about the weaknesses of the domestic economy. Further, Pak - US relations deteriorated rapidly as a result of a direct military operation by US inside the Pakistani territory in May 2011. Meanwhile, IMF's patience with the local authorities also ran out with regards to the control over the country's fiscal deficit and curbing of the energy crisis. As a result, foreign inflows from Pakistan's largest contributors, US and IMF went into suspension. Consequently FIPI inflows retarded during 2HFY11 to end at USD 30mn, culminating in a full year inflow of USD 279mn, down by 49% YoY.

#### **Review of Fund Performance**

The Fund earned a net profit of Rs. 267.596 million during the year under review. The net assets of the Fund were Rs. 1,735.465 million as on June 30, 2011 compared to net assets of Rs. 2,405.992 million as on June 30, 2010. The net assets value as on June 30, 2011 was Rs. 103.15 per unit compared to beginning ex-distribution net assets value of Rs. 91.1 per unit, showing an increase of 13.22%. The Fund underperformed its benchmark return by 4.85% during the period ended June 30, 2011.

The Board of Directors of the Management Company, on July 6, 2011, has declared a distribution of Rs. 4.5 per unit. An investor holding 100 units as on June 30, 2011 will receive 4.5615 units on ex-bonus price of Rs. 98.65 per unit. As the above distribution is more than 90% of the realized income for the year, the income of the Fund will not be subject to tax under Clause 99 of Part I of the Second Schedule of Income Tax Ordinance, 2001.

The Fund has made a provision of Rs. 117.617 million during the year against non-performing Sukuks in accordance with the Provisioning Policy and the directives of the Securities and Exchange Commission of Pakistan contained in Circular 1 of 2009.

#### **Fund and Asset Manager Rating**

The matter of mutual funds performance ratings continues to be under discussion between Mutual Funds Association of Pakistan, SECP and the country's two rating agencies. Updated Fund rating will be obtained by the Management Company after SECP's final decision on this matter.

JCR-VIS Credit Rating Company Limited has assigned Management Quality Rating of "AM2-"(AM-Two Minus) to JS Investments Limited. The rating denotes high management quality of the Management Company.

#### **Corporate Governance and Financial Reporting Framework**

The Board of Directors of the Management Company states that:

# REVIEW REPORT TO THE UNIT HOLDERS ON THE STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices (the statement) contained in the Code of Corporate Governance (the code) prepared by the Board of Directors of the Management Company of **Unit Trust of Pakistan** (the Fund) to comply with the Listing Regulations of the Lahore Stock Exchange where the Fund is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Management Company of the Fund. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement reflects the status of the Management Company's compliance with the provisions of the Code in respect of the Fund and report if it does not. A review is limited primarily to inquiries of the Management Company's personnel and review of various documents prepared by the Management Company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Management Company's corporate governance procedures and risks.

Further, Sub-Regulations (xiii a) of Listing Regulation 35 of the Lahore Stock Exchange require the Management Company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using, such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the Audit Committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were under taken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement does not appropriately reflect the Management Company's compliance, in all material respects, with the best practices contained in the Code in respect of the Fund for the year ended June 30, 2011.

#### INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

We have audited the accompanying financial statements of Unit Trust of Pakistan (the Fund), which comprise the statement of assets and liabilities as at 30 June 2011, and the related statements of income, comprehensive income, distribution, cash flows and movement in unit holders' fund for the year then ended, and a summary of significant accounting policies and other explanatory notes.

#### Management's Responsibility for the Financial Statements

The Management Company of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and approved accounting standards as applicable in Pakistan. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion the financial statements give a true and fair view of the state of the Fund's affairs as at 30 June 2011 and of its financial performance, cash flows and transactions for the year then ended in accordance with approved accounting standards as applicable in Pakistan.

#### **Emphasis of Matter**

Without qualifying our opinion, we draw attention to note 17 to the financial statements which explains the reasons for reversal of provision during the year on account of contribution to the Workers' Welfare Fund (WWF) amounting to Rs.6.86 million. Further, the aggregate unrecognised amount of WWF as at June 30, 2011 amounted to Rs. 12.082 million. In this regard, the Management Company of the Fund expects that the constitutional petition pending in the Honorable High Court of Sindh on the subject will be decided favorably.

#### Other matters

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Trust Deed, the NBFC Rules and the NBFC Regulations.

### NOTES TO THE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 30 JUNE 2011**

#### **LEGAL STATUS AND NATURE OF BUSINESS** 1.

- 1.1 Unit Trust of Pakistan (the Fund) was established under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) as an open end unit trust scheme. It was constituted under the Trust Deed, dated 26 April 1997 between JS Investments Limited as its Management Company and MCB Financial Services Limited as its Trustee. The Central Depository Company of Pakistan Limited was appointed as Trustee of the Fund on 11 June 2005 after voluntary resignation of MCB Financial Services Limited. The registered office of the Management Company is situated at 7th Floor, the Forum, Clifton, Karachi, Pakistan.
- 1.2 The Fund offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering them to the Fund. The units are listed on the Lahore Stock Exchange. As per offering document, the Fund shall invest in equity securities as well as debt securities including government securities, commercial papers and various other money market instruments.

#### STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the NBFC Rules, the Non Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and directives issued by the SECP. Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the requirements of the said directives prevail.

#### **BASIS OF MEASUREMENT**

- 3.1 These financial statements have been prepared under the historical cost convention except for investments and derivatives which are valued as stated in notes 4.2 and 4.3 below.
- 3.2 These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

#### **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year except as described below:

#### New and amended standards and interpretations

The Fund has adopted the following new and amended IFRS and IFRIC interpretations which became effective during the year:

- IFRS 2 Share Based Payment Group Cash-settled Share based Payment Arrangements (Amendment)
- IAS 32 Financial Instruments: Presentation Classification of Rights Issues (Amendment)
- IFRIC 19 Extinguishing Financial Liabilities with Equity Instruments

#### Issued in 2009

- IFRS 5 Non-Current Assets Held for Sale and Discontinued Operations
- **IFRS 8 Operating Segments**
- IAS 1 Presentation of Financial Statements
- IAS 7 Statement of Cash flows Presentation of Financial Statements
- IAS 17 Leases
- IAS 36 Impairment of Assets
- IAS 39 Financial Instruments: Recognition and Measurement

Issued in April 2010

IFRS 3 - Business Combinations

IAS 27 - Consolidated and Separate Financial Statements

The adoption of the above standards, amendments / improvements and interpretations did not have any effect on the financial statements.

#### 4.2 Investments

The investments of the Fund, upon initial recognition, are classified as investment at fair value through income statement or available-for-sale investment, as appropriate.

All investments, are initially measured at fair value plus, in the case of investments not at fair value through income statement, transaction costs that are directly attributable to acquisition.

All regular way purchases / sales of investments are recognised on the trade date, i.e. the date on which the Fund commits to purchase / sell the investment. Regular way purchases / sales of investments require delivery of securities within two days after transaction date as per the stock exchange regulations.

#### Investments at fair value through income statement

These include held-for-trading investments and such other investments that, upon initial recognition, are designated under this category. Investments are classified as held-for-trading if they are acquired for the purpose of selling in the near term. After initial measurement, such investments are carried at fair value and gains or losses on revaluation are recognised in the income statement.

#### Available-for-sale

Investments which are not classified in the above category are classified as available-for-sale investments. After initial measurement, such investments are measured at fair value with unrealised gain or loss recognised directly in the statement of comprehensive income until the investment is derecognised or determined to be impaired at which time the cumulative gain or loss previously recognised in the statement of comprehensive income is taken to the income statement.

#### **Impairment**

Impairment loss in respect of investments (other than debt securities) is recognised based on management's assessment of objective evidence of impairment as a result of one or more events that may have an impact on the estimated future cash flows of the investments. A significant or prolonged decline in fair value of an equity investment below its cost is also considered an objective evidence of impairment. Provision for diminution in the value of debt securities is made as per the requirements of Circular 1 of 2009 issued by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company pursuant to the requirements of the SECP's above referred circular. In case of impairment of available for sale investments, the cumulative loss that has been recognised directly in statement of comprehensive income is taken to the income statement. For investments classified as held to maturity investments, the impairment loss is recognised directly in the income statement.

#### 4.3 Provisions

Provisions are recognised when the Fund has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each statement of assets and liabilities date and are adjusted to reflect the current best estimates.

#### 4.4 Derivatives

These are initially recognised at cost and are subsequently remeasured at their fair value. Derivatives with positive fair values (unrealised gains) are included in other assets and derivatives with negative fair values (unrealised losses) are included in other liabilities in the statement of assets and liabilities. The resultant gain and loss is included in the income currently.

#### 4.5 Issue and redemption of units

Units are issued at the offer price prevalent on the day in which the units are issued. The offer price represents the net assets value of units at the end of the day plus the allowable sales load. The sales load is payable to the distribution companies and the Management Company as processing fee. Issue of units is recorded on acceptance of application for sale.

Units redeemed are recorded at the redemption price prevalent during the day in which the units are redeemed. The redemption price represents the net asset value per unit at the close of the business day. Redemption of units is recorded on acceptance of application for redemption.

#### 4.6 Revenue recognition

Gain or loss on sale of securities and settlement of derivatives is accounted for in the period in which the sales / settlement occur.

Dividend income is recognised when the right to receive the dividend is established.

Interest on debt and government securities is recognised at the rate of return implicit in the instrument on a time proportionate basis.

Profit on bank balances and term deposits is recognised on accrual basis in accordance with the contractual terms.

#### 4.7 Element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed - net

To prevent the dilution of per unit income and distribution of income already paid out on redemption as dividend, an equalisation account called "element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed" is created.

The "element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed" account is credited with the amount representing net income / (loss) and capital gain / (loss) accounted for in the last announced net asset value and included in the sale proceeds of units. Upon redemption of units, the "element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed" account is debited with the amount representing net income / (loss) and capital gain / (loss) accounted for in the last announced net asset value and included in the redemption price.

The net "element of income / (loss) and capital gain / (loss) in prices of units issued less those in units redeemed" during an accounting period is reported in the income statement.

#### 4.8 Taxation

The Fund is exempt from taxation under clause 99 of the Part I of the 2nd Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90% of its accounting income as reduced by the realised and unrealised capital gain for the year is distributed amongst the Fund's unit holders. The Fund has availed such exemption in the past and intends to continue the same in future periods. Accordingly, no provision is required for current and deferred taxation in these financial statements.

#### 4.9 Financial instruments

All financial assets and financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the contractual right to future cash flows from the asset expires or is transferred along with the risk and reward of ownership of the asset. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income currently.

#### 4.10 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are only offset and the net amount reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amount and the Fund intends to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

#### 4.11 Distribution to unit holders

Distribution to unit holders is recognised upon declaration and approval by the Board of Directors of the Management Company.

#### 4.12 Net asset value per unit

The net asset value per unit disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

#### 4.13 Cash and cash equivalent

Cash and cash equivalent comprise bank balances and short term deposits.

#### 5. ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis.

The estimates and judgements that have a significant effect on the financial statements are in respect of the following:

# 6. STANDARDS, INTERPRETATIONS AND AMENDMENTS TO APPROVED ACCOUNTING STANDARDS THAT ARE NOT YET EFFECTIVE

The following revised standards, interpretations and amendments with respect to approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard, interpretation or amendment:

Standard	l, interpretation or amendment	Effective date (accounting periods beginning on or after)
IAS 1	Presentation of Financial Statements (Amendments)	01 July 2012
IFRS 7	Financial Instruments : Disclosures (Amendments)	01 February 2010
IAS 12	Income Tax (Amendment)	01 January 2012
IAS 19	Employee Benefits (Amendment)	01 January 2013
IAS 24	Related Party Disclosures (Revised)	01 January 2011
IFRIC 14	Prepayments of a Minimum Funding Requirement (Amendment)	01 January 2011

The Fund expects that the adoption of the above revisions, interpretations and amendments of the standards will not effect the Fund's financial statements in the period of initial application.

**IASB Effective date** 

In addition to the above, amendments to various accounting standards have also been issued by the IASB. Such improvements are generally effective for accounting periods beginning on or after 01 January 2011. The Fund expects that such improvements to the standards will not have any material impact on the Fund's financial statements in the period of initial application.

Further, the following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.

#### 17. REVERSAL OF PROVISION AGAINST CONTRIBUTION TO WORKERS' WELFARE FUND (WWF)

Through the Finance Act, 2008 an amendment was made in section 2(f) of the Workers' Welfare Fund Ordinance, 1971 (the WWF Ordinance) whereby the definition of 'Industrial Establishment' has been made applicable to any establishment to which West Pakistan Shops and Establishment Ordinance, 1969 applies. As a result of this amendment it appears that WWF Ordinance has become applicable to all Collective Investment Schemes (CISs) whose income exceeds Rs. 0.5 million in a tax year. A petition has been filed with the Honourable High Court of Sindh by some of the Collective Investment Schemes through their Trustees on the ground that the CIS (mutual funds) are not establishments and as a result not liable to pay contribution to WWF.

Subsequently, the Ministry of Labour and Manpower (the Ministry) vide its letter dated 15 July 2010 clarified that "Mutual Fund(s) is a product which is being managed / sold by the Asset Management Companies which are liable to contribute towards Workers Welfare Fund under Section-4 of WWF Ordinance 1971. However, the income on Mutual Fund(s), the product being sold, is exempted under the law ibid".

Further, the Secretary (Income Tax Policy) Federal Board of Revenue (FBR) issued a letter dated 6 October 2010 to the Members (Domestic Operation) North and South FBR. In the letter reference was made to the clarification issued by the Ministry of Labour and Manpower stating that mutual funds are a product and their income are exempted under the law ibid. The Secretary (Income Tax Policy) Federal Board of Revenue directed that the Ministry's letter may be circulated amongst field formations for necessary action. Following the issuance of FBR Letter, show cause notice which had been issued by taxation office to certain mutual funds for payment of levy under WWF were withdrawn. However, the Secretary (Income Tax Policy) Federal Board of Revenue vide letter 4 January 2011 has cancelled ab-initio clarificatory letter dated 6 October 2010 on applicability of WWF on mutual funds and issued show cause notices to certain mutual funds for collecting WWF. In respect of such show cause notices, certain mutual funds have been granted stay by Honorable High Court of Sindh on the basis of the pending constitutional petition in the said court as referred above.

In view of the afore mentioned developments during the period, the Management Company now believes that there is no compelling reason to retain provision on account of WWF contribution in the financial statements. Further, the Management Company also expects that the constitutional petition pending in the Honourable High Court of Sindh on the subject as referred above will be decided in favour of the mutual funds. Accordingly, the management has reversed the provision recognised as at June 30, 2010 amounting to Rs.6.86 million during the current year. The aggregate unrecognised amount of WWF as at June 30, 2011 amounted to Rs. 12.082 million.

#### 19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

19.1 The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, Fund's constitutive documents and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, credit risk and liquidity risk arising from the financial instruments it holds.

#### 19.2 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

#### (i) Interest rate risk

Interest rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market interest rates. As of 30 June 2011, the Fund is exposed to such risk in respect of bank balances, investment in debt and Government securities. The bank balances are subject to interest rates as declared by the respective bank on periodic basis. Debt securities are subject to floating interest rates other than Government securities which are subject to fixed interest rates. The sensitivity of the income / (loss) for the year is the effect of the assumed changes in interest rates on:

- The net interest income for one year, based on the floating rate financial assets held at the year end; and
- Changes in fair value of investments for the year, based on revaluing fixed rate financial assets at the year end.

The following table demonstrates the sensitivity of Fund's income / (loss) for the year to a reasonably possible change in interest rates, with all other variables held constant.

	Effect on income		Effect on other comprehensive income	
	2011	2010	2011	2010
		Rupe	es	
Change in basis point				
+ 100	5,417,781	3,532,777	4,879,936	(4,641,368)
- 100	(5,417,781)	(3,532,777)	(4,879,936)	4,712,618

In practice, the actual results may differ from the sensitivity analysis shown above.

#### (ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instruments will fluctuate because of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk at the year end.

#### (iii) Equity price risk

Equity price risk is the risk of volatility in share prices resulting from their dependence on market sentiments, speculative activities, supply and demand for shares and liquidity in the market. The value of investments may fluctuate due to change in business cycles affecting the business of the company in which the investment is made, change in business circumstances of the company, its business sector, industry and / or the economy in general. Management of the Fund estimates that a 10% increase in the overall equity prices in the market with all other factors remaining constant would increase the Fund's income by Rs.118,917,636/- (2010: Rs.125,860,592/-) and a 10% decrease would result in a decrease in the Fund's income by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

The Management Company manages the above market risks through diversification of investment portfolio and placing limits on individual and aggregate exposures in accordance with the internal risk management policies and regulations laid down by the SECP.

#### 19.3 Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its redeemable units on a regular basis. Units are redeemable at the unit holder's option based on the Fund's net asset value per unit at the time of redemption calculated in accordance with the Fund's constitutive documents.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date. However, for equity securities at fair value through income statement, the period in which those assets are assumed to mature is taken as the expected date on which these assets will be realised.

# 19.4 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Fund by failing to discharge its obligation. The Fund's policy is to enter into financial contracts with reputable counter parties in accordance with the internal guidelines, offering document and regulatory requirements. The table below analyses the Fund's maximum exposure to credit risk:

	2011	2010
	Rupee	!S
Bank balances *	53,784,468	93,940,087
Receivable against sale of securities	-	21,945,271

Commercial banks	67.24	34.95
Technology and communication	32.21	18.52
Personal goods	0.28	-
	100	100

#### (iii) Credit quality of financial assets

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty default rates:

Rating	% of debt i	nstruments
	2011	2010
AA	67.51	34.95
AA-	0.28	-
A	32.21	64.84
	100	100

#### 19.5 Fair value of financial instruments

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties. The following methods are used to estimate the fair values of financial assets:

#### Listed shares

These are valued on the basis of closing market prices quoted on the respective stock exchange.

#### Debt securities

These are valued at the rates notified by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the SECP's Circular 1 of 2009. The said circular prescribes a valuation methodology which in case of currently traded securities, is based on weighted average prices during the 15 days preceding the valuation date and in case of thinly or non-traded securities, on the basis of discount coupon method which takes into consideration credit risk and maturities of the instruments.

#### Government securities

These are valued by reference to the quotations obtained from the PKRV rate sheet on the Reuters page.

The fair value of other financial assets and liabilities of the Fund appropriate their carrying amount due to short term maturities of these instruments.

#### 19.6 Fair value hierarchy

The Fund uses the following hierarchy for disclosure of the fair value of financial instruments by valuation technique:

Level 1: quoted prices in active markets for identical assets.

- other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either Level 2: directly or indirectly.
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

As at 30 June 2011, the Fund held the following financial instruments measured at fair value:

2011	Level 1	Level 2	Level 3 (Note 19.7)
		Rupees
